1. By notice published in the FEDERAL REGISTER of July 10, 1952 (17 F. R. 6205), the Federal Maritime Board advised interested parties that in accordance with section 3 (e) (1) of Public Law 591, 81st Congress, an annual review had been made of Government-owned, war-built, dry-cargo vessels employed by American-flag operators as of June 30, 1952; that on the basis of the foregoing review the Federal Maritime Board has tentatively found that conditions exist justifying the continuance of the various charters listed in the aforementioned notice, as previously certified by the Federal Maritime Board; and that any interested party might request a hearing with respect to the tentative finding of the Federal Maritime Board made with respect to any charter listed in said notice by filing written objections thereto or for other good cause shown within fifteen (15) days from the date of publication of said notice.

2. The Committee for the Promotion of Tramp Shipping, through their attorneys, timely filed with the Federal Maritime Board a letter dated July 11, 1952, which sets forth objections to the continuance of various charters and requests a hearing on charters made pursuant to recommendations of the Federal Maritime Board in Docket Nos. M-14, M-20, M-21, M-24, M-26, M-30, M-31, M-33, M-34, M-35, M-37, M-42, M-43, M-45, M-50, M-51, M-52.

3. Accordingly, notice is hereby given that a prehearing conference will be held at Washington, D. C., on August 7, 1952, at 10:00 o'clock, a. m., e. d. s. t., in Room 4821, Department of Commerce Building, before Chief Examiner G. O. Basham, preliminary to the hearing with respect to the charters referenced above.

The prehearing conference will be conducted in accordance with § 201.59 of the Board's rules of procedure, for the purpose of considering:

(1) Simplification of the issues;

(2) The necessity or desirability of amendments to the pleadings;

(3) The possibility of obtaining admission of fact and of documents which will avoid unnecessary proof;

(4) Limitations on the number of witnesses;

(5) The procedure at the hearing;

(6) The distribution to the parties prior to the hearing of written testimony and exhibits;

(7) Consolidation of the examination of witnesses by counsel; and

(8) Such other matters as may aid in the disposition of the proceeding.

Also at the prehearing conference a date will be set for the hearing in this proceeding.

The purpose of such hearing will be to receive evidence with respect to whether conditions exist justifying continuance of the charters included within the scope of the hearing.

All persons having an interest in this proceeding will be given an opportunity to be heard if present.

Dated: July 29, 1952.

By order of the Federal Maritime Board.

[SEAL] R. L. McDONALD,
Acting Secretary.

[F. R. Doc. 52-8440; Filed, July 31, 1952; 8:56 a. m.]

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special indus-

try regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended December 31, 1951; 16 F. R. 12043, and June 2, 1952; 17 F. R. 3818).

Barry Sportswear, Inc., 455 Shrewsbury Street, Worcester, Mass., effective 7-20-52 to 7-19-53; 10 percent of the productive factory force (women's dresses).

Bastian Sportswear, Inc., Bastian, Va., effective 7-18-52 to 1-17-53; 40 learners for expansion purposes (polo shirts, boxer pants, children's overalls and sunsuits).

Bessemer Manufacturing Co., 1601 Carolina Avenue, Bessemer, Ala., effective 7-16-52 to 7-15-53; 10 learners (men's and boys' pajamas and niteshirts).

Coronet Manufacturing Co., Inc., Granby, Mo., effective 7-14-52 to 1-13-53; 15 learners for expansion purposes (army shirts, sport shirts, and robes).

Coronet Manufacturing Co., Inc., Granby, Mo., effective 7-14-52 to 7-13-53; 10 learners (army shirts, sport shirts and robes).

Delmarva Manufacturing Co., Fifth and Gay Streets, Denton, Md., effective 7-16-52 to 1-15-53; 30 learners for expansion purposes (children's and ladies' blouses).

Eugenia Sportswear, 801 James Street, Hazelton, Pa., effective 7-14-52 to 7-2-53; four learners (supplemental certificate) (children's jackets).

Hollywood Corset Co., North Faulk Street, Athens, Tex., effective 7-16-52 to 7-15-53; 10 percent of the productive factory force (brassieres).

Hollywood Corset Co., North Faulk Street, Athens, Tex., effective 7-16-52 to 1-15-53; 60 learners for expansion purposes (brassieres).

Hollywood Corset Co., 109 East Commerce Street, Eastland, Tex., effective 7-25-52 to 7-24-53; 10 percent of the productive factory force or 10 learners whichever is greater (brassieres).

Koppel Fashions, Inc., 401 South Main Street, Taylor, Pa., effective 7-16-52 to 7-15-53; 10 learners (women's blouses).

Lyons Textile Mill, Inc., Greensboro, Ga., effective 7-16-52 to 7-15-53; five learners (coveralls).

Madison Manufacturing Co., Inc., Route 29, Lynchburg, Va., effective 7-21-52 to 7-20-53; 10 learners; learners not to be engaged at subminimum wage rates in the production of women's and children's skirts (maids', waitresses' and nurses' uniforms).

Nelly Ann Dress Co., Inc., 546 Edgar Street, York, Pa., effective 7-15-52 to 7-14-53; 10 percent of the productive factory force or 10 learners, whichever is greater (ladies' dresses).

Rock Hall Manufacturing Co., Rock Hall, Md., effective 7-16-52 to 7-15-53; 10 percent of the productive factory force or 10 learners, whichever is greater (dress shirts).

Florence Stevens, Petersburg, N. Y., effective 7-18-52 to 7-17-53; five learners (children's dresses).

Streamline Garment Corp., 216 South Thirty-second St., Mattoon, Ill., effective 7-18-52 to 7-17-53; 10 percent of the productive factory force or 10 learners, whichever is greater (women's dresses, brunchcoats, and housecoats).

Texas Manufacturing Co., Inc., 222 West Overland Street, El Paso, Tex., effective 7-17-52 to 7-16-53; 10 learners (denim work pants).

Well Made Novelty Co., South Murray Street, Bangor, Pa., effective 7-16-52 to 7-15-53; 10 percent of the productive factory force or 10 learners, whichever is greater (ladies' blouses).

Glove Industry Learner Regulations (29 CFR 522.220 to 522.231, as amended October 26, 1950; 15 F. R. 6888).

St. Johnsbury Glovers, Inc., St. Johnsbury, Vt., effective 7-30-52 to 7-29-53; 10 percent of the productive factory force engaged in the learner occupations (knitted fabric gloves).

St. Johnsbury Glovers, Inc., St. Johnsbury, Vt., effective 7-22-52 to 1-21-53; 15 learners for expansion purposes (knitted fabric gloves).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised November 19, 1951; 16 F. R. 10733).

Athens Hosiery Mills, Inc., Tellico Avenue, Athens, Tenn., effective 7-18-52 to 1-24-53; 20 additional learners for expansion purposes.

Berkshire Knitting Mills, Andrews, N. C., effective 7-16-52 to 11-2-52; 40 additional learners for expansion purposes (supplemental certificate).

Fayetteville Knitting Mills, Inc., Fayetteville, N. C., effective 7-17-52 to 3-16-53; seven additional learners for expansion purposes.

Fayetteville Knitting Mills, Inc., Fayetteville, N. C., effective 7-17-52 to 7-16-53; five learners.

Trumpet Hosiery Co., Inc., Trumbauersville, Pa., effective 7-18-52 to 7-17-53; five learners.

Independent Telephone Industry Learner Regulations (29 CFR 522.82 to 522.93, as amended January 25, 1950; 15 F. R. 398).

Aitkin Deerwood Telephone Co., Crosby, Minn., effective 7-19-52 to 7-18-53.

Aitkin Deerwood Telephone Co., Aitkin, Minn., effective 7-19-52 to 7-18-53.

Knitted Wear Industry Learner Regulations (29 CFR 522.68 to 522.79, as amended January 21, 1952; 16 F. R. 12866).

Dutchess Underwear Corp., Old Forge, Pa., effective 7-18-52 to 1-17-53; 35 learners for expansion purposes (ladies' knitted underwear and sleeping garments).

Dutchess Underwear Corp., Old Forge, Pa., effective 7-14-52 to 7-13-53; 5 percent of the productive factory force (ladies' knitted underwear and sleeping garments).

McComb Manufacturing Co., McComb, Miss., effective 7-16-52 to 7-15-53; 5 percent of the productive factory force (knitted nylon and rayon lingerie).

McComb Manufacturing Co., McComb, Miss., effective 7-16-52 to 1-15-53; 50 learners for expansion purposes (knitted nylon and rayon lingerie).

Shoe Industry Learner Regulations (29 CFR 522.250 to 522.260, as amended March 17, 1952; 17 F. R. 1500).

Faith Shoe Co., Inc., 25-43 Beekman, Wilkes-Barre, Pa., effective 7-22-52 to 7-21-53; 10 percent of the productive factory force.

Regulations Applicable to the Employment of Learners (29 CFR 522.1 to 522.14).

Ames Safety Envelope Co., 21 Vine Street, Somerville, Mass., effective 8-2-52 to 2-1-53; five learners; hand and machine operations in making envelopes; 320 hours at 65 cents per hour (specialty and expanding envelopes).

Jack Land, 1 South Eutaw Street, Baltimore 1, Md., effective 7-16-52 to 7-15-53; five learners; machine operators (except cutting), handsewers; 240 hours each at 65 cents per hour (ladies' hats).

The following special learner certificates were issued in Puerto Rico to the companies hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Alto Knitting Corp., Aguas Buenas, P. R., effective 7-14-52 to 10-17-52; 12 learners; loopers, examining, latching, mending; each 160 hours at 25 cents per hour (knitted sweaters).

Atlas Products Corp., Toa Alta, P. R., effective 7-15-52 to 1-14-53; 36 learners; Hand cutting leather gloves; 480 hours at 39 cents per hour (leather gloves).

Senorita Hosiery Mills, Inc., Gurabo, P. R., effective 7-15-52 to 7-14-53; 14 learners; knitters and seamers, 160 hours at 25 cents per hour, 320 hours at 30 cents per hour, 460 hours at 32 cents per hour; examiners, 120 hours at 25 cents per hour, 120 hours at 35 cents per hour; menders, 160 hours at 25 cents per hour, 160 hours at 30 cents per hour, 160 hours at 35 cents per hour (full fashioned hosiery).

The following special learner certificate was issued in the Virgin Islands to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Virgin Islands Buttons Co., Inc., Charlotte Amalie, St. Thomas, V. I., effective 7-9-52 to 1-8-53; five learners; cutters; 480 hours at 35 cents per hour (button blanks).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be canceled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 21st day of July 1952.

MILTON BROOKE,
Authorized Representative of the Administrator.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Delegation of Authority No. 7, Rev. 2]

DIRECTOR OF REGION XIV

DELEGATION OF AUTHORITY TO ESTABLISH OR ADJUST CEILING PRICES IN THE TERRITORIES AND POSSESSIONS

By virtue of the authority vested in me as Director of Price Stabilization, pursuant to the Defense Production Act of 1950, as amended (64 Stat. 798, 803; 65 Stat. 131), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2, as amended (16 F. R. 738, 11626), this Revision 2 of Delegation of Authority No. 7 is hereby issued.

1. Authority is hereby delegated to the Director of Region XIV, Office of Price Stabilization, to establish, approve, disapprove, revise or adjust ceiling prices, to approve, disapprove, or require modification of reports, or otherwise act to administer individual reporting or adjustment provisions of price regulations applying to sales in the territories and possessions by any individual seller of commodities, seller of services, or restaurateur, in accordance with the specific provisions of any regulation or order providing for any such action by the Director of Price Stabilization issued by the Office of Price Stabilization pursuant to the Defense Production Act of 1950, as amended.

2. *Redelegation of authority.* The authority conferred by this delegation may be redelegated by the Director of Region XIV in whole or in part to the Territorial Directors of the Office of Price Stabilization.

This delegation of authority shall take effect on August 1, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

JULY 31, 1952.

FEDERAL POWER COMMISSION

[Docket Nos. G-1445, G-1680]

MIDSOUTH GAS CO.

ORDER REOPENING HEARING AND FIXING DATE OF HEARING

JULY 24, 1952.

On July 19, 1950, MidSouth Gas Company (MidSouth) filed an application in Docket No. G-1445, and amendments thereto on June 14, August 1, and August 27, 1951 for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural gas pipeline facilities designed to provide natural gas service to new markets in 25 communities in the State of Arkansas.

On May 1, 1951, MidSouth filed an application in Docket No. G-1680 for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the acquisition and operation of an existing transmission pipeline from the Arkansas Power & Light Company (Arkansas Power), which pipeline will be used to transport gas purchased by Arkansas Power from the Texas Gas Transmission Corporation (Texas Gas) and to supply MidSouth's proposed distribution systems in certain communities, as outlined in its application in Docket No. G-1445.

The Commission, by its order of July 25, 1951, consolidated the above-entitled proceedings and fixed the date of hearing in connection therewith. Pursuant to due notice, a public hearing was held in Washington, D. C., commencing on August 27, 1951, and concluding August 29, 1951.

The evidence presented at such hearing discloses that:

(i) The proposed projects of MidSouth are predicated upon obtaining a fifth year natural-gas supply from Texas Eastern and Texas Gas in the volumes of 6,665 Mcf. of natural gas and 26,300 Mcf. respectively, which volumes of gas are necessary to meet what MidSouth has referred to as its fifth year estimated maximum daily market requirements.

(ii) If MidSouth obtains less than its fifth year maximum daily gas requirements from Texas Gas, the company proposes to submit a revised plan with respect to the towns in which it proposes to distribute natural gas.

(iii) MidSouth has entered into a Bond Purchase Agreement with the Northwestern Mutual Life Insurance Company whereby the latter has agreed to purchase up to $6,900,000 of first mortgage 3⅝ percent bonds due in 1970. As of August 29, 1951, Northwestern has purchased $2,100,000 principal amount of such bonds and is obligated under the terms of this agreement to purchase $4,800,000 more if tendered before July 1, 1952. The aforementioned agreement provides that The Northwestern Mutual Life Insurance Company's obligation under said agreement to purchase bonds shall cease to be in force and in effect as of the close of business on July 1, 1952.

(iv) The financing of such projects is also based upon receiving the above indicated volumes of gas.

(v) The transportation agreement which MidSouth proposes as a rate schedule, pursuant to which it proposes to transport natural gas for Arkansas Power, in effect provides for a charge by Arkansas Power to MidSouth representing a portion of a lateral charge made to Arkansas Power by Texas Gas. This credit is proposed to be based upon the relative amount of gas delivered at Helena, Arkansas, by Texas Gas for sale to Arkansas Power & MidSouth. It appears, however, that Texas Gas' rate schedule and service agreement with MidSouth for deliveries at Helena includes all charges for delivery of gas at that point and the additional charge that Arkansas Power seeks to impose upon MidSouth, in addition to the Texas Gas rate may not be proper. Further, the agreement herein referred to is not consistent with the Commission's rules in certain other respects.

By the Commission's Opinion Nos. 231 and 232 and accompanying orders in Dockets No. G-1693 [1] and No. G-1487,[2] respectively, there has been reserved temporarily for future allocation volumes of gas less than the amount required to meet the fifth year peak day demands of the towns in which MidSouth proposes to distribute natural gas by means of the projects which are the subject matter of the applications filed in the above entitled matters.

The Commission finds:

(1) The record does not include a proposed alternative project or revised project as suggested by MidSouth based upon the temporary reservation of natural gas under the conditions set forth in Dockets No. G-1693 and G-1847.

(2) The record does not show ability to finance an alternative project.

(3) MidSouth should be afforded an opportunity to submit further evidence with regard to its transportation agreement above referred to.

(4) Good cause exists and it is appropriate to carrying out the provisions of the Natural Gas Act to reopen the record herein for the limited purpose of receiving additional evidence on the matters and issues mentioned above.

(5) It is reasonable and in the public interest that this matter be set for further hearing commencing on August 20, 1952.

The Commission orders:

(A) The record in Docket Nos. G-1445 and G-1680 be and it is hereby reopened for the specific purpose of receiving additional evidence:

(i) Showing a revised application and plan, if any, of MidSouth's proposed distribution of natural gas temporarily reserved for future allocation under the conditions set forth in Dockets Nos. G-1693 and G-1847.

(ii) Showing the feasibility of financing under such plan predicated upon the

[1] In the Matter of Texas Eastern Transmission Corporation, Docket No. G-1693.
[2] In the Matter of Texas Gas Transmission Corporation, Docket No. G-1847.

volumes of gas reserved for MidSouth under the conditions set forth in Dockets Nos. G–1693 and G–1847.

(iii) Such as MidSouth may desire to submit in connection with its proposed transportation agreement with Arkansas Power.

(B) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a public hearing be held commencing on August 20, 1952 at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the issues as outlined in paragraph (A) above.

Date of issuance: July 25, 1952.

By the Commission.

[Docket Nos. G–1857, G–1970]

KANSAS-NEBRASKA NATURAL GAS CO. INC.

ORDER DENYING REQUESTS THAT APPLICATIONS BE HEARD UNDER THE SHORTENED PROCEDURE, CONSOLIDATING PROCEEDINGS, AND FIXING DATE OF HEARING

JULY 24, 1952.

On December 18, 1951, Kansas-Nebraska Natural Gas Company, Inc. (Kansas-Nebraska), a Kansas corporation having its principal place of business at Phillipsburg, Kansas, filed an application in Docket No. G–1857, as amended on March 14, 1952, and as supplemented on June 10, 1952, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural-gas transmission facilities subject to the jurisdiction of the Commission, and for modification and amendment of the Commission's orders heretofore issued in Docket Nos. G–683, G–1532, and G–1683, all as described in the application, as amended and supplemented, on file with the Commission and open to public inspection. Notice of the filing of the amended application has been given, including publication in the FEDERAL REGISTER on April 9, 1952 (17 F. R. 3126).

On June 2, 1952, Kansas-Nebraska filed an application in Docket No. G–1970 pursuant to section 7 of the Natural Gas Act, for authority to abandon and remove certain natural gas transmission facilities and for a certificate of public convenience and necessity authorizing the construction and operation of certain natural-gas transmission facilities subject to the jurisdiction of the Commission, as described in the application on file with the Commission and open to public inspection. Notice of filing of the application has been given, including publication in the FEDERAL REGISTER on June 19, 1952 (17 F. R. 5531).

Central Electric & Gas Company, by order of the Commission issued July 2, 1952, was permitted to become an intervener in the proceedings in Docket No. G–1857.

Kansas-Nebraska has requested that both said applications be heard under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure (18 CFR 1.32 (b)) for noncontested proceedings.

The Commission finds:

(1) Good cause has not been shown for granting Kansas-Nebraska's requests that its applications in Docket Nos. G–1857 and G–1970 be heard under the shortened procedure as provided by the Commission's rules of practice and procedure and said requests should be denied as hereinafter ordered.

(2) Said applications appear to be so related that it is appropriate and in the public interest that they be consolidated for the purpose of hearing.

The Commission orders:

(A) The requests made by Kansas-Nebraska Natural Gas Company, Inc. that its applications in Docket Nos. G–1857 and G–1970 be heard under the shortened procedure provided by § 1.32 (b) of the Commission's rules of practice and procedure be and the same are hereby denied.

(B) The proceedings on the application in Docket Nos. G–1857 and G–1970 be and the same are hereby consolidated for the purpose of hearing.

(C) Pursuant to the authority contained in and by virtue of the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's Rules of Practice and Procedure, a public hearing be held in the consolidated proceedings, commencing on August 19, 1952, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by said applications, as amended and supplemented.

(D) Interested State Commissions may participate as provided by § 1.8 and § 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 28, 1952.

By the Commission.

[Docket No. G–2006]

CONSOLIDATED GAS UTILITIES CORP.

NOTICE OF APPLICATION

JULY 28, 1952.

Take notice that Consolidated Gas Utilities Corporation (Consolidated), a Delaware corporation having its principal place of business in the Braniff Building, Oklahoma City, Oklahoma, filed on July 17, 1952, an application under section 7 (b) of the Natural Gas Act for authority to abandon certain of its natural-gas facilities in Wheeler County, Texas, or for a declaratory order by the Commission that said facilities are used solely in the production or gathering of natural gas, and therefore, not within the jurisdiction of the Commission as prescribed by section 1 (b) of the Natural Gas Act, and, further, made application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the installation and operation of certain of said natural-gas facilities in certain of its existing "field booster stations."

Consolidated states that it proposes to discontinue operation of said facilities because the natural-gas wells which supplied the natural gas conveyed through said facilities have reached such a low pressure as to cause them to be abandoned. Consolidated proposes to sell certain of the facilities set forth in its application, and to utilize others in its existing Pitsch and Twitty compressor stations.

A full description of the facilities, and their respective locations is contained in the application which is on file with the Commission for public inspection.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 15th day of August 1952.

[SEAL] LEON M. FUQUAY, *Secretary.*

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54–168, 54–203, 59–12]

AMERICAN POWER & LIGHT CO. AND ELECTRIC BOND & SHARE CO.

NOTICE OF FILING WITH RESPECT TO COMPOSITION OF BOARD OF DIRECTORS OF WASHINGTON WATER POWER COMPANY

JULY 28, 1952.

In the matter of American Power & Light Company, File No. 54–203; Electric Bond and Share Company, American Power & Light Company, File Nos. 54–168, 59–12.

Notice is hereby given that American Power & Light Company ("American"), a registered holding company, has filed with the Commission a list of persons which it proposes as the initial board of directors of The Washington Water Power Company to hold office from the date of the distribution by American of The Washington Water Power Company common stock until their successors are elected at the first annual meeting of stockholders to be held following such distribution date and such successors qualify.

All interested persons are referred to said list of prospective directors of The Washington Water Power Company, which is on file with this Commission, whose names are as follows:

Kinsey M. Robinson, President, The Washington Water Power Co.
J. E. E. Royer, Vice President and General Manager, The Washington Water Power Co.
John J. Burke, President, The Metals Bank & Trust Co., Butte, Mont.
James A. Poore, Jr., Attorney, Butte, Mont.
Howard C. Paulsen, Secretary, Paulsen Estate, Inc., Spokane, Wash.
Rodney G. Aller, Attorney, Lakeville, Conn.
Albert Y. Bingham, Vice President, Chicago Title & Trust Co., Chicago, Ill.
J. Nell Smith, Vice President, United Funds, Inc., Kansas City, Mo.
Raymond Enloe, President, Idaho Portland Cement Co., Spokane, Wash.

On June 5, 1952, the Commission issued its findings and opinion with respect to American's plan, finding that the plan was necessary and fair and equitable provided that American make certain modifications (Holding Company Act Release No. 11301), and on June 6, 1952, the Commission issued its order approving said plan, as modified, in accordance with the Commission's opinion, reserving jurisdication, among other things, over the composition of the initial board of directors of The Washington Water Power Company.

Notice is further given that any interested person may request the Commission in writing that a hearing or argument be held with respect to such proposed directors, or may request that he be notified if the Commission should order a hearing thereon. Any person so objecting shall file such objections by letter filed with the Secretary of the Commission on or before August 11, 1952, at 11:30 a. m., e. d. s. t. Should there be no such objection by that time the Commission may, at any time thereafter, issue an appropriate order with respect to the prospective directors. Any request for hearing or argument shall set forth the nature of the interest asserted, the reasons for such request and the issues, if any, of fact or law to be controverted or argued. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

By the Commission.

[File No. 70–2902]

DUQUESNE LIGHT CO.

ORDER PERMITTING ISSUANCE OF EIGHTY-DAY BANK LOAN NOTE

JULY 28, 1952.

Duquesne Light Company ("Duquesne"), a public utility subsidiary of Philadelphia Company, a registered holding company, has filed a declaration and an amendment thereto pursuant to the act, particularly sections 6 (a) and 7 thereof, with regard to the transaction therein set forth which is summarized as follows:

Duquesne presently has a short-term bank loan indebtedness aggregating $14,810,000 represented by three notes, each bearing interest at 3 percent per annum. The company proposes in the instant declaration to issue a $1,000,000 note bearing interest at 3 percent per annum and maturing approximately 80 days after the date thereof, such note to be issued to Mellon National Bank and Trust Company, of Pittsburgh, Pennsylvania. Duquesne will have the right to prepay such note at any time prior to maturity, without premium. The company proposes to use the proceeds from such note to defray part of the cost of its current construction program involving an estimated total cost of about $30,000,000 for the year 1952. The company has expressed its intention to pay off all outstanding short-term notes with the proceeds expected to be derived from a permanent financing program now being formulated. It is stated that no fees or expenses will be incurred in connection with the proposed $1,000,000 borrowing, other than miscellaneous expense estimated at not more than $100. Declarant states that no State Commission has jurisdiction over the proposed transaction.

Said declaration and amendment thereto having been filed and notice of said filing having been duly given in the form and manner prescribed by Rule U–23 promulgated pursuant to the act, and the Commission not having received a request for hearing with respect to said declaration, as amended, within the

rence Room

period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration, as amended, that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration, as amended, be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration, as amended, be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[File No. 811-152]

WEBB & KNAPP, INC.

NOTICE OF APPLICATION FOR ORDER DECLARING THAT COMPANY HAS CEASED TO BE INVESTMENT COMPANY

JULY 28, 1952.

Notice is hereby given that Webb & Knapp, Inc., 270 Park Avenue, New York, New York, a Delaware corporation formerly known as The American Superpower Corporation and a closed-end, non-diversified management investment company registered under the Investment Company Act of 1940, has filed an application pursuant to section 8 (f) of the act requesting an order declaring that the Applicant has ceased to be an investment company within the meaning of the act.

In December 1951 the Applicant entered into an agreement with Mr. William Zeckendorf whereby Zeckendorf, who then owned 333 shares (being all of the outstanding stock) of Webb & Knapp, Inc., a New York corporation engaged in the real estate business, agreed to sell such shares to the Applicant in consideration of the issuance and delivery to him of 1,000,000 shares of the Applicant's Second Preferred Stock, $1.50 Series, and 11,707,004.7 shares of its common stock. At a special meeting of stockholders of the Applicant held on June 30, 1952, stockholders approved the changes in capitalization necessary to effect the plan; a change in the corporate purpose from an investment company to a business primarily engaged in investing and dealing in real estate and in securities incidental to such business; and a change in the corporate name and board of directors.

Subsequently the plan was consummated, and Webb & Knapp, Inc. (New York) became a wholly-owned subsidiary of Webb & Knapp, Inc. (Delaware). As a result, the real estate holdings of the subsidiary became the principal assets of the Applicant. The Applicant is now managed and controlled by persons primarily intereseted in real estate operations and it is contemplated that the portfolio of securities unrelated to the real estate business, which now forms a minor part of the corporate assets, will be converted into cash for general corporate purposes. The application states that the corporation is primarily engaged directly or through its wholly owned subsidiary in the real estate business and that it is not, and does not propose to be, and does not hold itself out as being, engaged primarily in the business of investing, reinvesting or trading in securities.

Section 8 (f) of the act provides, in part, that wherever the Commission, on its own motion or upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order and upon the taking effect of such order, the registration of such company shall cease to be in effect.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application, upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission at any time on or after August 15, 1952, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than August 13, 1952, at 5:30 p. m., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[Rev. S. O. 562, Taylor's I. C. C. Order 5]

TENNESSEE CENTRAL RAILWAY CO.

REROUTING OR DIVERSION OF TRAFFIC

In the opinion of Charles W. Taylor, Agent, the Tennessee Central Railway Company, because of fire-damaged bridge trestle, is unable to transport traffic over its line between Clarksville, Tennessee, and Hopkinsville, Kentucky:

It is ordered, That:

(a) Rerouting traffic: The Tennessee Central Railway Company, being unable to transport traffic routed over its line between Clarksville, Tennessee and Hopkinsville, Kentucky, because of fire-damaged bridge trestle, is hereby authorized to divert or reroute such traffic over any available route to expedite the movement, regardless of routing shown on the waybill. The billing covering all such cars rerouted shall carry a reference to this order as authority for the rerouting.

(b) Concurrence of receiving roads to be obtained: The railroads desiring to divert or reroute traffic under this order shall confer with the proper transportation officer, of the railroad or railroads to which such traffic is to be diverted or rerouted, and shall receive the concurrence of such other railroads before the rerouting or diversion is ordered.

(c) Notification to shippers: The carriers rerouting cars in accordance with this order shall notify each shipper at the time each car is rerouted or diverted and shall furnish to such shipper the new routing provided under this order.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) Effective date: This order shall become effective at 9:00 a. m., July 25, 1952.

(g) Expiration date: This order shall expire at 11:59 p. m., August 24, 1952, unless otherwise modified, changed, suspended or annulled.

It is further ordered, That this order shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement and by filing it with the Director, Division of the Federal Register.

Issued at Washington, D. C., July 25, 1952.

INTERSTATE COMMERCE COMMISSION, CHARLES W. TAYLOR, *Agent.*

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 950—PEACHES GROWN IN UTAH

EXEMPTION FROM INSPECTION, CERTIFICATION, AND ASSESSMENTS

Pursuant to the provisions of §§ 950.41 and 950.53 of Marketing Agreement No. 91 and Order No. 50 (5 F. R. 2631; 16 F. R. 8426, 8973; 7 CFR Part 950), regulating the handling of peaches grown in Utah, which marketing agreement and order are effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.), the Administrative Committee (established under the aforesaid marketing agreement and order) may, with the approval of the Secretary, exempt from the assessment and inspection and certification requirements thereof shipments of peaches not in excess of 1,000 pounds, net weight. Section 950.130, *Peaches exempt from inspection*, of this subpart became effective August 1, 1951, and provides that peaches included in a shipment of peaches which does not aggregate more than 1,000 pounds, net weight, are exempt from the inspection and certification requirements of said marketing agreement and order.

The Administrative Committee has submitted its recommendation that the maximum weight of an exempt shipment be reduced from the present net weight of 1,000 pounds to 500 pounds. The Administrative Committee has also recommended that each of such newly exempted shipments also be exempt from the assessment requirements of said marketing agreement and order.

Upon the basis of the recommendations of the Administrative Committee and other available information, it is hereby found and determined that the provisions of § 950.130 should be amended, and made effective, as hereinafter set forth.

It is hereby further found that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become operative in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective upon publication in the FEDERAL REGISTER. A reasonable determination as to the supply of, and demand for, Utah peaches must await the development of the crop thereof, and

adequate information thereon was not available to the Administrative Committee until the second week in July; recommendations as to the need for, and extent of, exempted shipments of such peaches were made at the meeting of such committee at that time, after consideration of all available information relative to the supply and demand conditions for such peaches, and the recommendation and supporting information were thereafter submitted to this Department: shipments of the current crop of such peaches are expected to begin on or about August 4, 1952, and will be subject to grade and size regulations under the marketing agreement and order, and the provisions of this amendment should be applicable to all such shipments in order to effectuate the declared policy of the act; compliance with the provisions hereof will not require of handlers any preparation therefor which cannot be completed by the effective time hereof; the provisions hereof relieve handlers from the payment of assessments on exempted shipments; and it is essential that the provisions of this amendment become effective as soon as possible to afford adequate notice to all handlers and growers to enable them to arrange their operations accordingly.

It is, therefore, ordered, That the headnote and provisions of § 950.130, *Peaches exempt from inspection*, are hereby amended to read as follows:

§ 950.130 *Peaches exempt from inspection and certification, and assessments.* (a) Peaches included in a shipment of peaches which does not aggregate more than 500 pounds, net weight, shall be exempt from the inspection and certification provisions of the marketing agreement and order.

(b) Peaches that are exempt in accordance with paragraph (a) of this section shall also be exempt from the assessment provisions of the marketing agreement and order.

Terms used herein shall have the same meaning as when used in the marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 30th day of July 1952, to become effective upon publication in the FEDERAL REGISTER.

[SEAL] K. T. HUTCHINSON,
Acting Secretary of Agriculture.

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.553 *Lemon Regulation 446*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified in this section was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on July 30, 1952; such meeting was held, after giving due notice thereof to consider recommen-

dations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 3, 1952, and ending at 12:01 a. m., P. s. t., August 10, 1952, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 500 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 445 (17 F. R. 6838) and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2," and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 31st day of July 1952.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 52-8532; Filed, Aug. 1, 1952; 8:57 a. m.]

[Lemon Reg. 445, Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

Findings. 1. Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

2. It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and this amendment relieves restriction on the handling of lemons grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in paragraph (b) (1) (ii) of § 953.552 (Lemon Regulation 445, 17 F. R. 6838) are hereby amended to read as follows:

(ii) District 2: 650 carlods.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 31st day of July 1952.

[SEAL] S. R. SMITH
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Bureau of Animal Industry, Department of Agriculture

Subchapter C—Interstate Transportation of Animals and Poultry

[B. A. I. Order 309, Amdt. 8]

PART 76—HOG CHOLERA, SWINE PLAGUE, AND OTHER COMMUNICABLE SWINE DISEASES

QUARANTINE AND REGULATIONS RESTRICTING INTERSTATE TRANSPORTATION OF SWINE AND CERTAIN SWINE PRODUCTS BECAUSE OF VESICULAR EXANTHEMA

Pursuant to the authority conferred by sections 1 and 3 of the act of March 3, 1905, as amended (21 U. S. C. 123 and 125), sections 1 and 2 of the act of February 2, 1903, as amended (21 U. S. C. 111 and 120), and section 7 of the act of May 29, 1884, as amended (21 U. S. C. 117), the notice of the existence of the swine disease of vesicular exanthema in certain localities and the quarantine and regulations restricting the movement of swine and certain swine products because of vesicular exanthema, contained in Subpart B in Part 76 of Title 9, Code of Federal Regulations, are hereby amended to read as follows:

SUBPART B—VESICULAR EXANTHEMA

Sec.
76.9 Definitions.
76.10 Notice and quarantine.
76.11 General restriction.
76.12 Movement of swine and swine products.
76.13 Disinfection of facilities.

AUTHORITY: §§ 76.9 to 76.13 issued under secs. 1, 2, 32 Stat. 791, 792, as amended, sec. 3, 33 Stat. 1265, as amended; 21 U. S. C. 111, 120, 125. Interpret or apply sec. 7, 23 Stat. 32, as amended, sec. 1, 33 Stat. 1264, as amended; 21 U. S. C. 117, 123.

SUBPART B—VESICULAR EXANTHEMA

§ 76.9 *Definitions.* As used in this subpart, the following terms shall have the meanings set forth in this section.

(a) *Bureau.* The term "Bureau" means the Bureau of Animal Industry of the United States Department of Agriculture.

(b) *Chief of the Bureau.* The term "Chief of the Bureau" means the Chief of the Bureau or any other official of the Bureau to whom authority has heretofore been delegated or may hereafter be delegated to act in his stead.

(c) *Person.* The term "person" means any person, company or corporation.

(d) *Moved.* As applied to swine, the term "moved" means transported, shipped, delivered or received for transportation, driven on foot or caused to be driven on foot, by any person, and as applied to swine products, the term "moved" means transported, shipped or delivered or received for transportation, by any person.

(e) *Swine product.* The term "swine product" means any carcass, part or offal of swine.

(f) *Interstate.* The term "interstate" means from one State, Territory, or the District of Columbia, into or through any other State, Territory, or the District of Columbia.

(g) *Clean stockyard.* The term "clean stockyard" means a public stockyard at which Bureau inspection service is maintained and which is found by the Chief of the Bureau to be free from the infection of vesicular exanthema.

§ 76.10 *Notice and quarantine.* (a) Notice is hereby given that the contagious, infectious and communicable disease of swine known as vesicular exanthema exists in the following areas:

Jefferson and Mobile Counties in Alabama;
Gila County in Arizona;
the State of California;
Fulton County in Georgia;
Orland Township in Cook County and Lake County in Illinois;
Pocahontas and Woodbury Counties in Iowa;
Geary, Sedgwick and Wyandotte Counties in Kansas;
Buchanan, Clinton, Green, Howell, and Jackson Counties in Missouri;
Box Butte, Dodge, Douglas, Hall, Saunders, and Washington Counties in Nebraska;
Burlington, Gloucester, Hudson, and Ocean Counties in New Jersey;
New York County in New York;
Franklin County in Ohio;
Marion and Multnomah Counties in Oregon;
Minnehaha County in South Dakota;
King and Spokane Counties in Washington; and
Laramie County in Wyoming.

(b) The Secretary of Agriculture, having determined that swine in the States names in paragraph (a) of this section are affected with the contagious, infectious and communicable disease known as vesicular exanthema and that it is necessary to quarantine the areas specified in paragraph (a) of this section and the following additional areas in such States, in order to prevent the spread of said disease from such States, hereby quarantines the areas specified in paragraph (a) of this section and in addition Atchinson, Doniphan, Johnson and Leavenworth counties in Kansas; Clay and Platte counties in Missouri; and Bergen, Essex, Hunterdon, and Union counties in New Jersey.

§ 76.11 *General restriction.* No swine or swine products shall be moved interstate from or through any quarantined area specified in § 76.10 except as provided in the regulations in this subpart.

§ 76.12 *Movement of swine and swine products.*—(a) *From a quarantined area.* (1) No swine shall be moved interstate from any quarantined area specified in § 76.10 except to an establishment specifically approved for the purpose by the Chief of the Bureau, for immediate slaughter and further processing at such establishment in a manner approved by said Chief as adequate to prevent the spread of vesicular exanthema: *Provided, however,* That notwithstanding the foregoing restriction, swine which are moved into a quarantined area from a point outside the quarantined areas specified in § 76.10 directly to a clean stockyard in such quarantined area may be moved interstate from such stockyard under conditions prescribed by said Chief, directly to an establishment specifically approved for the purpose by said Chief for immediate slaughter in a manner approved by said Chief, as adequate to prevent the spread of vesicular exanthema, but said Chief may also require the processing of such swine in a manner approved by him if he finds such processing is necessary to prevent the spread of said disease.

(2) No swine products shall be moved interstate from any quarantined area specified in § 76.10 except to an establishment specifically approved for the purpose by the Chief of the Bureau, for processing in a manner approved by said Chief as adequate to prevent the spread of said disease: *Provided, however,* That the following may be moved interstate from a quarantined area without regard to the foregoing restrictions, but under such conditions as may be prescribed by the Chief of the Bureau to prevent the spread of vesicular exanthema: (i) Swine products identified by warehouse receipts or other information satisfactory to said Chief, as having been derived from swine that were slaughtered prior to July 25, 1952; (ii) swine products which have been processed in the course of normal establishment procedures in a manner approved by said Chief as adequate to prevent the spread of vesicular exanthema; (iii) swine products derived from swine which (*a*) were moved into the quarantined area from a point outside the quarantined areas specified in § 76.10 directly to a clean stockyard and (*b*) were slaughtered, immediately upon their removal from such stockyard, at an establishment specifically approved for the purpose by said Chief; (iv) swine products derived from swine which were moved into the quarantined area from a point outside the quarantined areas specified in § 76.10 directly to a slaughtering establishment and there slaughtered immediately upon arrival, under conditions approved by said Chief. The Chief of the Bureau may authorize the movement of swine and swine products not otherwise authorized by this section under such conditions as he may prescribe to prevent the spread of vesicular exanthema. The Chief of the Bureau may require that swine and swine products which have been exposed to or have been affected with vesicular exanthema, and which are moved interstate under this section from any quarantined area to an approved establishment for slaughter and processing or for processing, as the case may be, shall be moved under Bureau seal or accompanied by a representative of the Bureau. Swine and swine products in transit between points outside the quarantined areas specified in § 76.10 through any such quarantined area shall not be deemed to be moved from the quarantined area under this section.

(b) *Through a quarantined area.* No swine or swine products which are moved interstate in transit between points outside the quarantined areas specified in § 76.10 through any such quarantined area shall be unloaded in any such quarantined area unless all facilities to be used therein in connection with the unloading have been approved for such purpose by the Bureau and have been cleaned and disinfected before such use in a manner approved by the Bureau and under the supervision of a person authorized for the purpose by the Bureau.

§ 76.13 *Disinfection of facilities.* Railroad cars, trucks, boats, and all other facilities, including facilities for feeding, watering, and resting swine, which are used in connection with the interstate movement of swine or swine products from a quarantined area specified in § 76.10 shall be thoroughly cleaned and disinfected immediately after each such use. Two percent sodium hydroxide (lye) at the rate of one 13-ounce can to five gallons of water or four percent sodium carbonate (soda ash-sal soda) at the rate of one pound to three gallons of water shall be used in such disinfection.

Effective date. This amendment shall become effective upon issuance.

The foregoing amendment in part relieves restrictions presently imposed and must be made effective immediately to be of maximum benefit to persons subject to such restrictions. In part the amendment imposes further restrictions necessary to prevent the spread of vesicular exanthema, a communicable disease of swine, and to this extent it must be made effective immediately to accomplish its purpose in the public interest. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003) it is found upon good cause that notice and other public procedure with respect to the foregoing amendment are impracticable and contrary to the public interest and good cause is found for making the amendment effective less than 30 days after publication hereof in the FEDERAL REGISTER.

Done at Washington, D. C., this 29th day of July 1952.

[SEAL] K. T. HUTCHINSON,
Acting Secretary of Agriculture.

[F. R. Doc. 52-8450; Filed, Aug. 1, 1952; 8:47 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 42-14]

PART 42—IRREGULAR AIR CARRIER AND OFF-ROUTE RULES

AIRCRAFT LIMITATIONS FOR IFR OPERATIONS; FULLY FUNCTIONING DUAL CONTROLS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 29th day of July 1952.

The present Civil Air Regulations do not specifically provide that aircraft used for IFR passenger operations in accordance with Part 42 must be equipped with fully functioning dual controls. However, there can be no doubt that such is the intent of the regulations when reference is made to other sections of the part. For example, for such operations a copilot with a currently effective instrument rating is required to be at the controls at all times while taking off and landing. Similarly, aircraft requirements for flight tests and simulated instrument flight require fully functioning dual controls.

Although multiengine aircraft with a "throw-over" yoke have been unknown in the past in passenger air carrier operations, there are now available aircraft of 12,500 pounds or less maximum certificated take-off weight with such a control arrangement. Therefore, in order to clarify the existing regulations, the Board considers it advisable to amend the rules to eliminate any ambiguity and specifically to require fully functioning dual controls for IFR passenger-carrying operations under Part 42.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 42 of the Civil Air Regulations (14 CFR Part 42, as amended) as follows, effective September 2, 1952.

By amending § 42.16 (a) to read as follows:

§ 42.16 *Aircraft limitations for IFR and land aircraft overwater operations.*
• • •

(a) *IFR operations.* Aircraft shall be multiengine with fully functioning dual controls and shall meet the appropriate en route operating limitations of § 42.74 or § 42.82.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply secs. 601, 604, 52 Stat. 1007, 1010; 49 U. S. C. 551, 554)

By the Civil Aeronautics Board.

[SEAL] FRED A. TOOMBS,
Acting Secretary.

[F. R. Doc. 52-8486; Filed, Aug. 1, 1952; 8:53 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 84]

PART 608—DANGER AREAS

ALTERATIONS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act is not required. Part 608 is amended as follows:

1. In § 608.14, the Knoxville, California, area, published on July 16, 1952 in 17 F. R. 6428, is amended by changing the "Description by Geographical Coordinates" column to read: "A circular area having a radius of 5 statute miles centered at lat. 38°47'00" N., long. 122°23'00" W."

2. In § 608.61, the Chiniak Bay, Alaska, area, published on July 16, 1949 in 14 F. R. 4298, is deleted.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on August 3, 1952.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 52-8493; Filed, Aug. 1, 1952; 8:55 a. m.]

[Amdt. 63]

PART 608—DANGER AREAS

ALTERATION

Correction

In F. R. Document 52-8262, appearing in the issue for Tuesday, July 29, 1952, on page 6897, make the following change:

In the table, column 2, designated as "Description by geographical coordinates", line 4, the reference to "lat. 42°30'00" " should read "lat. 42°04'00" ".

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 1—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

IMPORTS AND EXPORTS

The regulations for the enforcement of the import and export provisions of the Federal Food, Drug, and Cosmetic Act (21 CFR 1.315 to 1.322) are hereby amended as follows:

Section 1.321, *Bonds*, is amended by designating the present paragraph as (a) and adding a new paragraph (b) as follows:

(b) The collector of customs may cancel the liability for liquidated damages incurred under the above-mentioned provisions of such a bond, if he receives an application for relief therefrom, upon the payment of a lesser amount or upon such other terms and conditions as shall be deemed appropriate under the law and in view of the circumstances, but the collector shall not act under this regulation in any case unless the chief of district is in full agreement with the action.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371. Interprets or applies sec. 801, 52 Stat. 1058; 21 U. S. C. 381)

The foregoing amendment shall be effective on the date of publication in the FEDERAL REGISTER.

[SEAL] E. H. FOLEY,
Acting Secretary of the Treasury.
OSCAR R. EWING,
Federal Security Administrator.

JULY 29, 1952.

[F. R. Doc. 52-8474; Filed, Aug. 1, 1952; 8:55 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter XIV—The Renegotiation Board

Subchapter B—Renegotiation Board Regulations Under the 1951 Act

PART 1453—MANDATORY EXEMPTIONS FROM RENEGOTIATION

Corrected Reprint

The Renegotiation Board hereby adopts the proposed amendment of § 1453.2 (d) which was published on April 5, 1952 (17 F. R. 3000 to 3001), with the following changes:

1. In subparagraph (3) (ii), the word "purchases" appearing in the third sentence is changed to read "purchase".

2. In subparagraph (7), the word "contents" appearing in the second sentence is changed to read "contract".

3. In subparagraph (7), delete the word "Since" in the next to the last sentence and insert the words "Assuming that".

4. Add a new subparagraph (8).

Paragraph (d) of § 1453.2 as amended reads as follows:

(d) *Profits from increment in value of excess inventory*—(1) *Statutory provision.* Section 106 (b) of the act provides in part as follows:

> Notwithstanding any other provisions of this title, there shall be excluded from consideration in determining whether or not a contractor or subcontractor has received or accrued excessive profits that portion of the profits, derived from receipts and accruals subject to the provisions of this title, attributable to the increment in value of the excess inventory. For the purposes of this subsection the term "excess inventory" means inventory of products, hereinbefore described in this subsection, acquired by the contractor or subcontractor in the form or at the state in which contracts for such products on hand or on contract would be exempted from this title by subsection (a) (2) or (3) of this section, which is in excess of the inventory reasonably necessary to fulfill existing contracts or orders. That portion of the profits, derived from receipts and accruals subject to the provisions of this title, attributable to the increment in value of the excess inventory, and the method of excluding such portion of profits from consideration in determining whether or not the contractor or subcontractor has received or accrued excessive profits, shall be determined in accordance with regulations prescribed by the Board.

(2) *Interpretation.* The basic principles of this exclusion are set forth in the following excerpt from the report of the Senate Committee on Finance:

> Since contracts with the acquirer of a product at its last exempted form or state are entitled to the same exemption as contracts with the producer of such product under your committee bill, there has been added to section 106 (b) a provision similar to that contained in the renegotiation statute in effect during World War II, whereby, to the extent that the profits realized by a contractor or subcontractor by reason of the increment in value of his excess inventory of the products described in section 106 (a) (2) and (3) in the form or state in which contracts therefor are exempted under such paragraphs are applicable to receipts and accruals subject to the provisions of the act, they shall be excluded from consideration in determining excessive profits. The test as to whether or not any contractor or subcontractor has an excess inventory of such materials turns upon whether or not the contractor or subcontractor has in inventory quantities of such materials in excess of the amount reasonably necessary to fulfill existing contracts or orders. The method of determining the portion of the profits applicable to receipts and accruals subject to this act realized by reason of the increment in value of an excess inventory and the method of excluding such portion of such profits from renegotiation will be set out in regulations prescribed by the Board. (Senate Report No. 92, 82d Cong., 1st Sess.)

(3) *Definitions.* For the purposes of this paragraph the following definitions will apply.

(i) *Products.* Products are those materials described in paragraphs (a) and (b) of this section (of the grade, class and type to be used by the contractor in fulfilling contracts for processed or finished goods under which amounts received or accrued are subject to renegotiation under the act) acquired by the contractor in the last form or state in which contracts therefor are exempt under the provisions set forth in paragraphs (a) and (b) of this section.

(ii) *Inventory.* Inventory is the quantity of products on hand or under contract for purchase (including the quantity of such products adjusted for waste, contained in the work in process inventory and the inventory of uninvoiced finished goods) reduced by the quantity of products under contract for sale. Profits or losses from the sale of products are excluded from renegotiation under the raw material and agricultural commodity exemptions, and such transactions must be considered separately in the application of this paragraph. A contract for purchase or contract for sale is a contract under the terms of which (*a*) the quantity, the delivery of which the buyer is committed to accept, is certain, (*b*) the time limits in which such fixed quantity is to be delivered are certain, and (*c*) the price is certain or is to be made certain solely

by factors existing at a time specified in the contract. Special or unusual contractual arrangements with respect to the acquisition or disposition of products or finished or processed goods will be given special consideration in accordance with the facts in the individual case.

(iii) *Existing contracts or orders.* Existing contracts or orders, at any time, are the uninvoiced portions of those contracts or orders for processed or finished goods, the fulfillment of which requires the use of the products in inventory.

(iv) *Excess inventory.* Excess inventory is the inventory of products which is in excess of the quantity reasonably necessary to fulfill existing contracts or orders.

(v) *Replacement value.* Replacement value of excess inventory is the value of such excess inventory calculated by determining the market value of the products of the grade, of the quality, and in the quantities to be used by the contractor in fulfilling the contract. Such market value is determined as of the date on which the contractor enters into a contract under which any amount received or accrued is subject to the provisions of the act. Any factors tending to establish a fair market value will be taken into consideration. If purchase prices or quotations for the particular grade, class and type are used, it will be required that the source of the information be satisfactory, and that the date of the quotation or sale be within a reasonable time of the date of the contract. Inasmuch as the calculation of excess inventory is generally made on a monthly basis, an average of the market prices existing during each month may be used.

(vi) *Renegotiable performance; nonrenegotiable performance.* Renegotiable performance is performance required under contracts to the extent that such performance results in receipts or accruals which are subject to the act. Nonrenegotiable performance includes all other performance of the contractor.

(vii) *Increment in value for the fiscal year.* Increment in value for the fiscal year is the amount by which the replacement value of the portion of the excess inventory allocated to renegotiable performance resulting in receipts or accruals during the fiscal year exceeds the cost of such portion of the excess inventory, as determined by the method of accounting being used in renegotiation.

(viii) *Loss in value for the fiscal year.* Loss in value for the fiscal year is the amount by which the cost, under the method of accounting being used in renegotiation, of the portion of excess inventory allocated to renegotiable performance resulting in receipts or accruals during the fiscal year, exceeds the replacement value of such portion of excess inventory.

(4) *Time for determining excess inventory.* Excess inventory will be determined as of the beginning of the inventory accounting period (month, four weeks' period, or other similar period of inventory accounting employed by the contractor, hereinafter referred to as the "inventory period") in which the contractor enters into contracts under which any amounts received or accrued are subject to renegotiation. If no excess inventory is found to exist at the beginning of the inventory period, it will be deemed that none existed throughout the inventory period. If excess inventory is found to exist at the beginning of the inventory period, transactions within that inventory period will not be deemed to increase the amount of such excess inventory as computed at the beginning of the inventory period until new computations at the beginning of the succeeding inventory period are made. It will not be necessary to take actual physical inventories at the beginning of each inventory period; a cumulative calculation may be made by applying the purchases made and orders taken in each inventory period to the position at the beginning thereof, until the date of the succeeding physical inventory. The Board may, in its discretion, allow a contractor to deviate in individual cases from the inventory accounting basis described above, if available records are considered to be such that some other basis (daily, weekly, etc.) will more accurately bring out the facts in the case. Whatever basis is approved shall be used consistently throughout the period to which the renegotiation relates.

(5) *Treatment of excess inventory.* Upon the establishment of the existence of excess inventory, such inventory is deemed to be the inventory first used by the contractor thereafter, and shall be allocated pro-rata between renegotiable performance and non-renegotiable performance under contracts taken during the inventory period to the extent that such renegotiable performance and nonrenegotiable performance require the use of the products, up to the end of the inventory period in which the excess inventory is exhausted.

(6) *Exclusion of profits attributable to increment in value of excess inventory.* In any case in which it appears that profits attributable to the increment in value of the excess inventory may exist, a tentative determination of excessive profits will be made without regard to the provisions of this paragraph. The tentative excessive profits, so determined, will then be reduced by the portion of the profits attributable to the increment in value of excess inventory. The portion of the profits attributable to the increment in value of excess inventory is an amount equal to the excess of the increment in value for the fiscal year over the loss in value for the fiscal year.

(7) *Example of computation of exclusion.*

A, whose fiscal year ended June 30, 1951, contracted on January 1, 1950, to sell 1,000,000 units of item X to the Army for $1,000,000. Performance of the contract was as follows:

Units	Manufactured	Invoiced
500,000	Jan. 1, 1950–Oct. 31, 1950.	Before Dec. 31, 1950.
300,000	Nov. 1, 1950–Dec. 31, 1950.	Jan. 1, 1951–Apr. 1, 1951.
100,000	Jan. 1, 1951–May 31, 1951.	Before June 30, 1951.
100,000	June 1, 1951–June 30, 1951.	July 1, 1951–Aug. 1, 1951.

In producing one unit of item X, 4 pounds of grade Z raw products are required.

In the renegotiation, it is tentatively determined that A received excessive profits of $50,000 from all of his renegotiable business. At the beginning of the inventory period during which January 1, 1950, fell, A had in inventory 5,000,000 pounds of grade Z raw products. Under his accounting methods this was valued at the lower cost or market and allocated to production on the first in, first out basis. This inventory was acquired as follows:

April 1, 1949, 2,000,000 pounds @ $0.24 per pound.

June 1, 1949, 2,000,000 pounds @ $0.25 per pound.

October 1, 1949, 1,000,000 pounds @ $0.255 per pound.

On January 1, 1950, A had unfilled contracts or commitments requiring the use of 500,000 pounds of grade Z raw products. The quantity of his excess inventory is computed as follows:

	Pounds
Inventory (at beginning of inventory period)	5,000,000
Less raw products required for unfilled contracts	500,000
Excess inventory (long position)	4,500,000

The market price of grade Z raw products on January 1, 1950, was $0.26 per pound. This is the replacement value of the excess inventory.

The 1,000,000 units of item X require 4,000,000 pounds of grade Z raw products. Therefore, of the 4,500,000 pounds of excess inventory, 4,000,000 pounds are allocable to the contract in question. It is now necessary to consider the invoice dates set forth at the beginning of the example. Of the 4,000,000 pounds, 2,000,000 pounds are allocable to performance resulting in receipts or accruals before the effective date of the act and 400,000 pounds to performance resulting in receipts or accruals after the end of the fiscal year. The remaining 1,600,000 pounds are allocable to renegotiable performance resulting in receipts or accruals during the fiscal year. It is the excess of the replacement value over the cost of such 1,600,000 pounds of excess inventory which constitutes the increment in value for the fiscal year. This is computed as follows:

Replacement value		
1,600,000 pounds @ $0.26		$416,000.00
Less cost:		
1,500,000 pounds @ $0.25	$375,000	
100,000 pounds @ $0.255	25,500	
		400,500.00
Increment in value for the fiscal year		15,500.00

Assuming that there was no loss in value for the fiscal year, the portion of profits attributable to increment in value of excess inventory is equal to $15,500. The tentative determination of excessive profits, $50,000, will therefore be reduced by $15,500 to arrive at the excessive profits to be eliminated.

(8) *Procedure.* A contractor who claims that a portion of its profits attributable to the increment in value of excess inventory should be excluded from consideration in determining whether or not it has received excessive profits shall give notice to the Board of such claim at the time of or before such contractor completes the filing of the Standard Form of Contractor's Report (RB Form 1B). The Regional Board to which the contractor is assigned for renegotiation will request the contractor to substantiate its claim before conclusion of the renegotiation if it appears

that, without regard to the provisions of this paragraph, excessive profits exist.

[Sec. 109, Pub. Law 9, 82d Cong.)

Dated: July 10, 1952.

JOHN H. JOSS,
Acting Chairman,
The Renegotiation Board.

PART 1453—MANDATORY EXEMPTIONS FROM RENEGOTIATION

MISCELLANEOUS AMENDMENTS

Correction

In F. R. Document 52-7302, appearing in the issue for Tuesday, July 8, 1952, at page 6083, make the following change:

In the second paragraph the reference to "Section 1452.5 (b)" should read "Section 1453.5 (b)".

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 22, Amdt. 53]

CPR 22—MANUFACTURER'S GENERAL CEILING PRICE REGULATION

CLARIFICATION AS TO EXCLUSION OF IMPORTED SPICES, SEEDS AND HERBS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to Ceiling Price Regulation 22 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation (CPR) 22 adds imported spices, seeds and herbs, such as black pepper, cloves, etc., to the commodities excluded by Appendix A from the technical coverage of that regulation.

Although processors of imported spices, seeds and herbs, might technically be considered "manufacturers" under the definition of that term in CPR 22, the language of CPR 31 has always been broad enough so that such processors may properly have considered their operations as falling within the coverage of that regulation. On full consideration of all the factors involved it appears that the commodities better meet the standards and conditions applicable to products governed by CPR 31 (the import regulation) than the commodities subject to CPR 22. For instance, the major cost to those processors is the cost of the raw material in the foreign market, and the processing may be considered as only incidental to the sale of the imported commodity. Under these circumstances, the Director has determined that processors of these imported commodities should unequivocally be covered by CPR 31 and accordingly this amendment adds imported and mixed domestic and imported spices, seeds and herbs to the list of excluded commodities contained in Appendix A of CPR 22. Domestically produced spices, seeds and herbs which are not mixed with imported spices, seeds and herbs are exempt under GOR 7, Revision 1, Amendment 5, and are excluded from CPR 22 as provided in section (a) (3) of Appendix A to that regulation.

FINDINGS OF THE DIRECTOR

In formulating this amendment the Director of Price Stabilization has consulted extensively with industry representatives, including trade association representatives, and has given consideration to their recommendations. In his judgment the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

Ceiling Price Regulation 22 is amended so that subparagraph 27 is added to paragraph (c) of Appendix A, to read as follows:

(27) Imported spices, seeds and herbs, and mixed domestic and imported spices, seeds and herbs, processed as defined in Ceiling Price Regulation 31.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment will become effective on August 1, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

[F. R. Doc. 52-8550; Filed, Aug. 1, 1952; 10:55 a. m.]

[Ceiling Price Regulation 31, Amdt. 12]

CPR 31—IMPORTS

DEFINITION OF PROCESSING

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 12 to Ceiling Price Regulation 31 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation (CPR) 31 amends section 18 (c) (9) which defines processing as used in section 8, by adding to the present definition a new sentence of clarification. To clarify the scope of coverage concerning the grinding of imported spices, seeds and herbs, such as black pepper, cloves, etc., CPR 22 has been amended to make it clear that these commodities are not covered by CPR 22, and at the same time, this amendment will unequivocally place grinders of imported or mixed domestic and imported spices, seeds or herbs under CPR 31. Since the grinding of imported and mixed domestic and imported spices, seeds and herbs is considered to be processing within the meaning of section 18 (c) (9) of CPR 31, those persons affected by this amendment clearly may avail themselves of the provision contained in section 8 of CPR 31 in determining their ceiling prices.

A clarification is also made by this amendment in respect to the shelling, roasting or salting of imported nuts.

FINDINGS OF THE DIRECTOR

In formulating this amendment the Director of Price Stabilization has consulted extensively with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

Section 18 (c) (9) is amended to read as follows:

(9) *Processing.* This term means the sorting, grading, cleaning, repacking, assembling, or otherwise manipulating of a commodity but not to the extent that there results therefrom a new and different article having a distinctive character. The term "processing" includes, among other things, the grinding of imported or mixed domestic and imported spices, seeds or herbs, and the shelling, roasting or salting of imported nuts. If you process imported or mixed domestic and imported spices, seeds or herbs, or if you process imported nuts, you may continue to use your ceiling prices in effect on July 31, 1952 for such commodities, but if you have not previously filed for any such commodity under this regulation, you must comply with the provisions of section 7 (b) of this regulation before September 15, 1952 or before making any sales of the commodity, whichever occurs later.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective on August 1, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

[F. R. Doc. 52-8548; Filed, Aug. 1, 1952; 10:54 a. m.]

[Ceiling Price Regulation 117, Amdt. 1 to Revision 1]

CPR 117—MALT BEVERAGES

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Revision 1 of Ceiling Price Regulation 117 is hereby issued.

STATEMENT OF CONSIDERATIONS

Sections 50 and 54 of Ceiling Price Regulation (CPR) 117, Revision 1, provide for recalculation of ceiling prices by retailers of malt beverages whenever there is a change in the costs upon which their previously calculated ceiling prices were based. This amendment adds, to each of those sections, a provision stating the day upon which such recalculated ceiling prices must be put into effect.

This amendment also requires a brewer who determines ceiling prices to a sole distributor or a wholly owned distributor, under section 26, pursuant to a contract or other customary method (rather than under the other sections of the regulation) to notify the distributor that his ceiling prices were determined under section 26. It is provided, in turn, that a distributor who receives such a notice applying to a new item and who cannot determine his ceiling price under section 31, 32 or 33, must apply for a ceiling price under section 36 rather than calculate it under section 34. Section 34 directs a distributor to determine his ceiling price for a new item by applying, to the brewer's ceiling price to him, the markup he realizes on a comparable item. If, however, that markup is applied to a brewer's ceiling price which is determined under section 26 and which may be higher than the ceiling price which the brewer could calculate under the other sections of the regulation, the resulting ceiling price of the distributor would be higher than is warranted. Consequently, this safeguard is necessary.

Finally, this amendment makes some clarifying changes in language and corrects various clerical errors and misprints which appear in the regulation.

In the formulation of this amendment the Director of Price Stabilization has, to the extent practicable, consulted with industry representatives, including trade association representatives, and has given consideration to their recommendations. In the judgment of the Director this amendment is generally fair and equitable, is necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and complies with all the applicable standards of the Act.

AMENDATORY PROVISIONS

Ceiling Price Regulation 117, Revision 1, is amended in the following respects:

1. The following sentence is added at the end of section 1: "In addition, this CPR 117, Revision 1, supersedes the original CPR 117."

2. Paragraphs (ii) and (iii) of sections 22 (d) (1) and 32 (d) (1) are changed to read as follows:

(ii) You have determined a ceiling price under this regulation for sale to that class of purchaser of an item of the same container size, container type and (if the item you are pricing is sold in bottles or cans) case size as the item you are pricing but of a different brand or type or both (which will be called the "comparable brand") from that of the item you are pricing; and

(iii) You have determined a ceiling price under this regulation for sale to that class of purchaser of your largest selling item of the same brand and type as that of the item you are pricing, and that ceiling price is identical with the ceiling price (to the same class of purchaser) of the "comparable brand" item of the same container size, container type and (if your largest selling item is sold in bottles or cans) case size as that largest selling item.

(The last unnumbered paragraphs of sections 22 (d) (1) and 32 (d) (1) are unchanged.)

3. Section 25 is changed to read as follows:

SEC. 25. *How a brewer is to determine his ceiling price for sales of items when the ceiling price for those sales cannot be determined under any other section of this regulation.* This section applies to you if you are a brewer who wishes to sell to a class of purchaser an item for which you cannot determine a ceiling price to that class of purchaser under sections 21, 22, 23, or 24 of this regulation, and for which you cannot or do not wish to determine your ceiling price to that class of purchaser as permitted under section 22 (e), 26 or 27. In that case if a ceiling price was not established for sales by you of the item to the particular class of purchaser under section 23 of the original CPR 117, you may apply to the Office of Price Stabilization, Alcoholic Beverage Section, Washington 25, D. C., for a ceiling price. However, if a ceiling price for sale of the item to that class of purchaser was established for you by letter-order under section 23 of the original CPR 117 you may either retain that ceiling price (unless otherwise notified by the OPS) or you may request the OPS to re-examine that ceiling price.

If you are requesting re-examination of a ceiling price established under section 23 of the original CPR 117, your request must be in writing, signed by you or a duly authorized officer, shall state that it is filed under this section, must give the number of the letter-order issued to you under section 23 of the original CPR 117, and may contain any facts bearing on your request which have arisen since the date of that letter-order. If a ceiling price for sales of the item by you to the particular class of purchaser was not established under section 23 of the original CPR 117, your application for a ceiling price under this section 25 must be in writing, signed by you or a duly authorized officer, shall state that it is filed under this section and must contain the following information:

(a) A description of the item for which you wish a ceiling price (that is, the item's brand, type, container size, container type and, if sold in returnable bottles, non-returnable bottles or cans, its case size).

(b) The class of purchaser to whom you wish to sell the item.

(c) An explanation of why you are unable to determine your ceiling price under sections 21, 22 (b), (c) or (d), 23 or 24 for sales of the item to the particular class of purchaser.

(d) The names and addresses (if available) of the two brewers who you think are selling the items that are (or will be) the most closely competitive items to the one for which you wish a ceiling price, and a description of those items (that is, the brand, type, container size, container type and, if sold in returnable bottles, non-returnable bottles or cans, the case size of each of the items). In addition, also state (if you can obtain the information) the ceiling prices in effect for sales of those two most closely competitive items to the same class of purchaser as that to whom you wish to sell the item for which you are making application under this section.

After your application or request for re-examination is filed, the Office of Price Stabilization may, by amendment or order, establish a ceiling price for sales of the item to the particular class of purchaser which is in line with the level of ceiling prices otherwise established under this regulation. You may not sell the item to the particular class of purchaser until after such amendment or order is issued and becomes effective. However, if you have established a ceiling price under the General Ceiling Price Regulation (GCPR) or CPR 117 for sale of the item to that class of purchaser, you may continue to make such sales at or below such ceiling price until the amendment or order applied for under this section is issued and takes effect. In any event, if a ceiling price for sale of the item to the particular class of purchaser was not established for you under section 23 of the original CPR 117, you may not sell the item to the particular class of purchaser after July 21, 1952, unless and until you first place in the mail, properly addressed and completed, your application for a ceiling price under this section 25.

4. Section 26 is changed to read as follows:

SEC. 26. *Optional method of determination of brewers' ceiling prices to sole distributors and wholly owned distributors.* This section applies to you if you are a brewer who sells or delivers malt beverages to a sole distributor (as defined in section 90 (a) (16)) of your malt beverages or to a corporation or other outlet engaged in the distribution of your malt beverages and wholly owned by you. In that case you may determine your ceiling prices to any one of those types of purchasers either (a) under the other provisions of this regulation which apply to you, or (b) pursuant to a contract, formula or other method customarily used by you to determine selling prices to that type of purchaser before the issuance of this regulation. If, however, you choose to determine your ceiling price for sale of an item to any one of those types of purchasers pursuant to such a contract, formula or other customary method (as explained in (b) above) you must, on or before the date you first sell that item to the particular purchaser at a price in excess of the ceiling price that could be calculated for it under the other sections of this regulation, send that purchaser a written notice identifying the item (by brand, type, container size, container type and case size) and stating that you have determined your ceiling price for sale of that item pursuant to section 26 of CPR 117, Revision 1.

5. A closing parenthesis is added following the last word in section 27 (a).

6. The last sentence in section 27 (b), following the notice, is omitted and the notice in that section is changed to read as follows:

OPS CEILING PRICES FOR ITEM WITH NEW LABEL

The Office of Price Stabilization has authorized us to inform you that, for purposes of calculating your ceiling prices under CPR 117, Revision 1, you must regard (list brand and type of the newly labeled malt beverage) and (list brand and type of the "comparable malt beverage") as the same item. Therefore, you must determine your ceiling prices for each container size, container type and case size of (list brand and type of the newly labeled malt beverage) under the applicable sections of CPR 117, Revision 1, just as if it were the same item as the particular container size, container type and case size of (list brand and type of the "comparable malt beverage").

The Office of Price Stabilization requires you to keep a copy of this notice for examination.

7. Section 28 (b) is changed to read as follows:

(b) You need only give the above notice to a purchaser once and, of course, you need not give a second notice to a purchaser to whom you gave a notice under section 24 of the original CPR 117. However, if you establish a ceiling price for sale to a purchaser of an item not listed in any previous notice you gave to him (under this section or section 24 of the original CPR 117) you must give the purchaser an additional notice, listing the ceiling price for that item, at or before the time you first deliver the item to him. In addition, if there is a change in the ceiling price which was listed for sale of an item to a purchaser in the last notice you gave to him (under this section or section 24 of the original CPR 117) covering that item, then (1) if the change is an increase you must give the purchaser an additional notice, listing the increased ceiling price, at or before the time you first deliver the item to him at a price higher than the ceiling price listed in that last notice; (2) if the change is a decrease you must give the purchaser an additional notice, listing the decreased ceiling price, at or before the time you first deliver the item to him after that decreased ceiling price becomes effective. You must also, before the time you first deliver to any purchaser an item for which this paragraph (b) requires you to supply an additional notice, send to the Office of Price Stabilization, Alcoholic Beverage Section, Washington 25, D. C., a copy of the notice listing the new ceiling price to purchasers in that particular class, and (if the information is not already included in that notice), a statement indicating: (i) The class of purchaser to whom the notice applies, and (ii) whether the ceiling prices listed in the notice are f. o. b. or delivered prices.

8. Section 34 (a) is changed to read as follows:

SEC. 34. *How a wholesaler is to determine his ceiling prices for sales of items when the ceiling prices for those sales cannot be determined under either section 31, 32 or 33*—(a) *How to use this section.* This section applies to you if you are a wholesaler who wishes to sell to a class of purchaser an item of imported or domestic malt beverages for which you cannot determine your ceiling price to that class of purchaser under either section 31, 32, or 33. In that case, you must determine your ceiling price for such sales (except for delivered sales to consumers, to which section 35 applies) under paragraph (c) of this section and, in determining that ceiling price, you must use the definition of "cost of acquisition" contained in paragraph (b) of this section. If, however, (1) you are a sole distributor of an item or a corporation or other outlet engaged in the distribution of an item and wholly owned by the brewer of that item, and (2) you have received a written notice from the brewer of that item stating that he determined his ceiling price for sale to you under section 26 of CPR 117, Revision 1, then (3) you must not determine your ceiling price for sales of that item under this section; if you cannot determine your ceiling price under section 31, 32 or 33, you must apply for your ceiling price under section 36.

9. Section 36 is changed to read as follows:

SEC. 36. *How a wholesaler is to determine his ceiling prices for sales of items when the ceiling price for those sales cannot be determined under any other section of this regulation.* This section applies to you if you are, or intend to start in business as, a wholesaler of imported or domestic malt beverages and, for any reason, cannot determine your ceiling price for sales of an item to a particular class of purchaser under any other section. In that case if a ceiling price was not established for sales by you of the item to that class of purchaser under section 33 of the original CPR 117, you may apply to your OPS District Office for a ceiling price. However, if a ceiling price for sale of the item to that class of purchaser was established for you by letter-order under section 33 of the original CPR 117 you may either retain that ceiling price (unless otherwise notified by the OPS) or you may request the OPS to re-examine that ceiling price.

If you are requesting re-examination of a ceiling price establishment under section 33 of the original CPR 117, your request must be in writing, signed by you or a duly authorized officer, shall state that it is filed under this section, must give the number of the letter-order issued to you under section 33 of the original CPR 117, must contain the information required in paragraph (b) below, and may contain any facts bearing on your request which have arisen since the date of that letter-order. If a ceiling price for sales of the item by you to the particular class of purchaser was not established under section 33 of the original CPR 117, your application for a ceiling price under this section 36 must be in writing, signed by you or a duly authorized officer, shall state that it is filed under this section and must contain the following information:

(a) A description of the item for which you wish a ceiling price (that is, the item's brand, type, container size, container type and, if sold in returnable bottles, non-returnable bottles or cans, its case size).

(b) What your "cost of acquisition" (defined in section 34 (b)) for a current customary purchase of that item would be.

(c) The class of purchaser to whom you wish to sell the item.

(d) An explanation of why you are unable to determine your ceiling price under any other section for sales of the item to the particular class of purchaser.

(e) The names and addresses (if available) of the two wholesalers who you think are selling the items that are (or will be) the most closely competitive items to the one for which you wish a ceiling price, and a description of those items (that is, the brand, type, container size, container type and, if sold in returnable bottles, non-returnable bottles or cans, the case size of each of the items). In addition, also state (if you can obtain the information) the ceiling prices in effect for sales of those two most closely competitive items to the same class of purchaser as that to whom you wish to sell the item for which you are making application under this section.

NOTE: If, before June 9, 1952, you filed an application for ceiling prices under section 33 of the original CPR 117, but did not supply information as to what your "cost of acquisition" for a current customary purchase would be for each item covered by that application, you need not file a second application for those items under this section 36 and need only supply information as to your "costs of acquisition" for current customary purchases of those items if OPS sends you a letter requesting you to do so.

After your application or request for re-examination is filed, the Office of Price Stabilization may, by amendment or order, establish a ceiling price for sales of the item to the particular class of purchaser which is in line with the level of ceiling prices otherwise established under this regulation. You may not sell the item to the particular class of purchaser until after such amendment or order is issued and becomes effective. However, if you have established a ceiling price under the General Ceiling Price Regulation (GCPR), CPR 31 or CPR 117 for sale of the item to that class of purchaser, you may continue to make such sales at or below such ceiling price until the amendment or order applied for under this section is issued and takes effect. In any event, if a ceiling price for sale of the item to the particular class of purchaser was not established for you under section 33 of the original CPR 117, you may not sell the item to the particular class of purchaser after August 4, 1952, unless and until you first place in the mail, properly addressed and completed, your application for a ceiling price under this section 36. Finally, you must comply with the notification provisions of section 37 (b) of this regulation, if that section applies to you, and of section 38.

10. The first sentence following the notice in section 37 (a) is omitted, and the notice itself is changed to read as follows:

OPS CEILING PRICES FOR ITEM WITH NEW LABEL

The Office of Price Stabilization has authorized us to inform you that, for purposes of calculating your ceiling prices under CPR 117, Revision 1, you must regard (brand and type of newly labeled malt beverage) and (brand and type of the "comparable malt beverage") as the same item. Therefore, you must determine your ceiling prices for each container size, container type and case size of (brand and type of newly labeled malt beverage) under the applicable sections of CPR 117, Revision 1, just as if it were the same item as the particular container size, container type and case size of (brand and type of the "comparable malt beverage").

The Office of Price Stabilization requires you to keep a copy of this notice for examination.

11. Section 38 (b) is changed to read as follows:

(b) You need only give the above notice to a purchaser once and, of course, you need not give a second notice to a purchaser to whom you gave a notice under section 34 of the original CPR 117. However, if you establish a ceiling price for sale to a purchaser of an item not listed in any previous notice you gave to him (under this section or section 34 of the original CPR 117) you must give the purchaser an additional notice, listing the ceiling price for that item, at or before the time you first deliver the item to him. In addition, if there is a change in the ceiling price which was listed for sale of an item to a purchaser in the last notice you gave to him (under this section or section 34 of the original CPR 117) covering that item, then (1) if the change is an increase you must give the purchaser an additional notice, listing the increased ceiling price, at or before the time you first deliver the item at a price higher than the ceiling price listed in that last notice; (2) if the change is a decrease you must give the purchaser an additional notice, listing the decreased ceiling price, at or before the time you first deliver the item to him after that decreased ceiling price becomes effective.

12. Section 50 (b) (4) is changed to read as follows:

(4) (i) Add your "adjustment factor per case" to the price determined in subparagraph (1), if your current "cost of acquisition" is greater than your base "cost of acquisition"; but (ii) subtract your "adjustment factor per case" from the price determined in subparagraph (1), if your current "cost of acquisition" is less than your base "cost of acquisition." The resulting figure is your ceiling price for sales of a case of the particular item to consumers. That ceiling price, however, may be adjusted or modified under the provisions of sections 70, 71, 76, 77, and 78 of this regulation, if applicable. In addition, you may recalculate your ceiling price for the item (under the provisions of this section) whenever the "cost of acquisition" incurred for it increases above that upon which the last calculation (or recalculation) of your ceiling price was based, but must recalculate your ceiling price for the item (under the provisions of this section) whenever the "cost of acquisition" incurred for it decreases below that upon which the last calculation (or recalculation) of your ceiling price was based. Such a recalculated ceiling price must be put into effect on the day set out in paragraph (d) of this section. Finally, you must comply with the provisions of section 73 of this regulation, which require you to post your ceiling prices to consumers.

13. Section 50 (c) (5) is changed to read as follows:

(5) Your ceiling price for sale of one individual container of the particular item is the figure arrived at in subparagraph (4), except that if that figure ends in one-half cent you may increase it to the next higher full cent. Your ceiling price for sale of more than one individual container of the item (but less than a full case of the item) is determined by multiplying the figure arrived at in subparagraph (4) by the number of containers being sold and, if the resulting price ends in one-half cent, rounding it to the next higher full cent. The ceiling price you determine (either for sales of one individual container or of more than one individual container) may be adjusted or modified under the provisions of sections 70, 71, 76, 77 and 78 of this regulation, if applicable. In addition, you may recalculate your ceiling price for the item (under the provisions of this section) whenever the "cost of acquisition" incurred for it increases above that upon which the last calculation (or recalculation) of your ceiling price was based but must recalculate your ceiling price for the item (under the provisions of this section) whenever the "cost of acquisition" incurred for it decreases below that upon which the last calculation (or recalculation) of your ceiling price was based. Such a recalculated ceiling price must be put into effect on the day set out in paragraph (d) of this section. Finally, you must comply with the provisions of section 73 of this regulation, which require you to post your ceiling prices to consumers.

14. The following paragraph (d) is added to section 50:

(d) *When recalculated ceiling prices go into effect.* A ceiling price which is recalculated under this section is to go into effect, except as provided in section 72, on and after the fourth day (not counting Sundays and holidays) following receipt by you of the item whose increased or decreased "cost of acquisition" resulted in the recalculation of your ceiling price. It shall apply (1) to the stock of the item, wherever located, to which you hold title as of that date, (2) to all sales or deliveries made after that date (even if made under a contract entered into before that date), and (3) to offers to sell and contracts to sell made after that date.

15. Section 53 is changed to read as follows:

SEC. 53. *How a retailer is to determine his initial ceiling prices for sales of items when the ceiling prices for those sales cannot be determined under any other section of this regulation.* This section applies to you if you are, or intend to be, a retailer of imported or domestic malt beverages and, for any reason, cannot determine your ceiling prices for sales to consumers of an item under any other section. In that case, if a ceiling price was not established for sales by you of the item to consumers under section 53 of the original CPR 117, you may apply to your OPS District Office for a ceiling price for sale of the item to consumers was established for you by letter-order under section 53 of the original CPR 117 you may either retain that ceiling price (unless otherwise notified by the OPS) or you may request the OPS to re-examine that ceiling price.

If you are requesting re-examination of a ceiling price established under section 53 of the original CPR 117, your request must be in writing, signed by you or a duly authorized officer, shall state that it is filed under this section; must give the number of the letter-order issued to you under section 53 of the original CPR 117, must contain the information required in paragraph (b) (below), and may contain any facts bearing on your request which have arisen since the date of that letter-order. If a ceiling price for sales by you of the item to consumers was not established under section 53 of the original CPR 117, your application for a ceiling price under this section must be in writing, signed by you or a duly authorized officer, shall state that it is filed under this section and must contain the following information:

(a) A description of the item for which you wish a ceiling price (that is, the item's brand, type, container size, container type and, if sold in returnable bottles, non-returnable bottles or cans, its case size).

(b) What your "cost of acquisition" (defined in section 90 (c) (1)) for a current customary purchase of that item would be.

(c) An explanation of why you are unable to determine your initial ceiling price under either section 50, 51 or 52 for sales of the item to consumers.

NOTE: If, before June 9, 1952, you filed an application for ceiling prices under section 53 of the original CPR 117, but did not supply information as to what your "cost of acquisition" for a current customary purchase would be for each item covered by that application, you need not file a second application for those items under this section 53 and need only supply information as to your "costs of acquisition" for current customary purchases of those items if OPS sends you a letter requesting you to do so.

After your application or request for re-examination is filed, the Office of Price Stabilization may, by amendment or order, establish initial ceiling prices for case sales and individual container sales of the item to consumers which are in line with the level of ceiling prices otherwise established under this regulation. You may not sell the item to consumers until after such amendment or order is issued and becomes effective. However, if you have established a ceiling price under the General Ceiling Price Regulation (GCPR), CPR 31, or CPR 117 for sales of the item to consumers, you may continue to make such sales at or below such ceiling price until the amendment or order applied for under this section is issued and takes effect. In any event, if a ceiling price for sale of the item to consumers was not established for you under section 53 of the original CPR 117, you may not sell the

item to consumers after August 18, 1952, unless and until you first place in the mail, properly addressed and completed, your application for a ceiling price under this section. Finally, you must comply with the price posting provisions of section 73 and the initial ceiling prices established for you under this section may subsequently be recalculated under the provisions of section 54.

16. The third sentence in section 54 (a) (2) is changed to read as follows:

If you determined your initial ceiling price under section 53 your base "cost of acquisition" is (i) the "cost of acquisition" defined in section 90 (c) (1) incurred for your most recent customary purchase prior to the date upon which you mailed the application required under that section, or (ii) if you made no customary purchase prior to the date you mailed the required application, the "cost of acquisition" (defined in section 90 (c) (1)) incurred for your first customary purchase between that mailing date and the date you first offered the item for sale.

17. The following paragraph (d) is added to Section 54:

(d) *When recalculated ceiling prices go into effect.* A ceiling price which is recalculated under this section is to go into effect, except as provided in section 72, on and after the fourth day (not counting Sundays and holidays) following receipt by you of the item whose increased or decreased "cost of acquisition" resulted in the recalculation of your ceiling price. It shall apply (1) to the stock of the item, wherever located, to which you hold title as of that date, (2) to all sales or deliveries made after that date (even if made under a contract entered into before that date), and (3) to offers to sell and contracts to sell made after that date.

18. Section 70 (b) (1) is changed to read as follows:

(b) (1) If you are a brewer or a wholesaler, or if you are a seller who determines your ceiling prices under the provisions of this regulation which apply to brewers or wholesalers, and the ceiling price you calculate for an item and adjust under sections 76, 77, and 78 includes a fractional part of a cent, you may increase that ceiling price to the next higher full cent if the fraction is one-half cent or more, but must reduce that ceiling price to the next lower full cent if the fraction is less than one-half cent. However, the ceiling price for sale of an item to the United States or any of its agencies must in all cases be carried to four decimal places, and any further fraction is to be disregarded.

19. Section 90 (a) (13) is changed to read as follows:

(13) *Home distributor.* A "home distributor" means a person who obtains his entire supply of one or more items of domestic malt beverages from brewers and wholesalers and sells those items in case lots primarily to consumers (from vehicles owned or operated by him or his employees), New York State "E" licensees, or both.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Ceiling Price Regulation 117, Revision 1, is effective August 6, 1952.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

[F. R. Doc. 52-8547; Filed, Aug. 1, 1952; 10:54 a. m.]

[General Ceiling Price Regulation, Supplementary Regulation 39, Revision 1]

GCPR, SR 39—RATE ADJUSTMENTS FOR CERTAIN CONTRACT MOTOR CARRIERS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this revision of Supplementary Regulation 39 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This revision of Supplementary Regulation 39 to the General Ceiling Price Regulation contains a number of changes in, and certain additions to, the original regulation which became effective July 30, 1951. The statement of considerations accompanying Supplementary Regulation 39 discussed the need and justification for that regulation, and the same reasons apply equally in justification of this revision.

Section 1 (a) has been revised to clarify the applicability of the regulation. In many instances a particular carrier may be engaged in conducting an operation to which the adjustment provisions of this regulation apply and, at the same time, may be performing a service which is either exempt from price regulation or is covered by another regulation issued by the Office of Price Stabilization. The significance of the new wording is that the applicability of the regulation is determined by the nature of the service performed. In addition, subparagraph (5) has been added to section 1 (a) making the provisions of the regulation inapplicable to private carrier service.

The original version of SR 39 was limited in its geographic applicability to the 48 States of the United States and the District of Columbia. Section 1 (b) of the regulation has been revised to extend its applicability to meet the needs of a number of contract motor carriers operating in Alaska, Hawaii, Puerto Rico, and the Virgin Islands.

The original version of SR 39 provided for the filing of applications for rate adjustment by a user of a service covered by the regulation. Because this provision has in practice proved to be undesirable, it has been omitted in this revision.

This revision clarifies, and to some extent modifies, the regulation with respect to the eligibility, extent of adjustment, and filing provisions relating to group adjustments. This has been accomplished by providing specifically for the handling of group adjustments in sections 2, 3, 4 and 5.

Significant changes have been made in sections 2 and 3 of the regulation by this revision. Section 2 (a) and section 3 have been changed by deleting reference to available substitute service because by the nature of contract carriage each service is usually tailored to meet the special need of the shipper so that it is impracticable to attempt to determine the rate at which an equivalent service could be obtained from another carrier. The representative period referred to in section 3 has been changed from a period prior to June 24, 1950, to the year 1949 or another appropriate period as defined in section 7. Finally, the extent of adjustment provisions are revised for clarification, without substantially changing the original intent of the regulation.

This revision provides for the filing of all applications at the appropriate Regional or District Office of the Office of Price Stabilization, and eliminates the original distinction between interstate and intrastate filings. It also provides for the processing of applications in the Regional or District Offices. This change is consistent with agency policy to delegate as much price adjustment authority to the field force as practicable. Sections 4 and 5 have been revised accordingly. Section 5 (c) provides for the retroactive collection of adjusted rates which have been charged on open billing pending consideration of an application.

On June 21, 1951, Amendment 3 to Supplementary Regulation 15 to the General Ceiling Price Regulation was issued which, in effect, permitted certain contract motor carriers and their shippers to enter into "long-term contracts" for the furnishing of future transportation service at rates no higher than their existing ceiling rates, but containing a condition that service rendered thereunder subsequent to June 21, 1951, would be subject to any adjusted rates which might later be approved by the Office of Price Stabilization. By formal interpretation the provisions of that amendment are deemed to have become inoperative on July 30, 1951, with respect to carriers covered by Supplementary Regulation 39, so that the adjustable pricing authority did not apply to contracts entered into after that date. Until now, however, recognition has been given to adjustable pricing conditions in appropriate contracts executed prior to July 30, 1951. Amendment 3 to SR 15 was issued as an emergency measure for the benefit of those affected thereby pending the issuance of regulations enabling rate adjustments to be made. It is felt that by now ample opportunity has been afforded for the obtaining of the relief intended. Accordingly, section 5 (c) of this revision provides that on and after the effective date hereof the adjustable pricing authority contained in Amendment 3 to SR 15 shall become entirely inoperative with respect to the services covered by this supplementary regulation.

Section 6 is concerned with the establishing of ceiling rates for contract

motor carriers operating under so-called temporary authority. The Interstate Commerce Commission and several of the State regulatory commissions issue to contract motor carriers temporary authority authorizing such carriers to perform contract carrier operations for a temporary period only. The issuance of such authority is based upon a showing that other transportation services are not available and the authority is limited in duration. The various Commissions issuing temporary authorities usually require the carrier to institute the service covered by the temporary authority within 4 to 5 days after the issuance of the order granting the authority. Because of the nature of a temporary authority operation, it is apparent that the motor carrier receiving the temporary authority does not have ceiling rates covering the service to be performed nor may he use the rates of a closest competitor for the purpose of establishing his ceiling rates. Under the General Ceiling Price Regulation, there is no provision pursuant to which a carrier receiving temporary authority may establish ceiling rates without first obtaining the approval of OPS. The delay incurred by proceeding in this manner imposes a hardship on the carrier and, quite often, the public. Accordingly, Section 6 of this regulation provides that carriers granted temporary authority may establish their ceiling rates and charges for new services by filing with OPS copies of the schedules of minimum rates and charges which have been filed with another appropriate regulatory body. After making such filing, the rates so filed become the lawful ceiling rates for those operations for a period of 60 days from the date of issuance of the temporary operating authority or until the termination of that authority, whichever is earlier. If the temporary authority is issued for a period in excess of 60 days, ceiling rates established under this Special Order shall apply only to service performed during the first 60 days of such authority. Ceiling rates for service performed after such 60-day period must be established in accordance with the provisions of the General Ceiling Price Regulation.

In the formulation of this revised regulation, there have been consultations with the formal Contract Carrier Industry Advisory Committee and with other industry representatives, and consideration has been given to their recommendations. In the judgment of the Director of Price Stabilization, the provisions of this revised supplementary regulation are generally fair and equitable and will effectuate the purposes of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. What this revised supplementary regulation does.
2. Eligibility for adjustment.
3. Extent of adjustment.
4. Where and how to apply for adjustment.
5. Disposition of applications.
6. Establishing ceiling rates for temporary authority operations.
7. Definitions.

AUTHORITY: Sections 1 to 7 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup., 2101-2110; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

Section 1. *What this revised supplementary regulation does.* (a) This revised supplementary regulation provides for the adjustment on an individual basis and, in specific circumstances, on a group basis, of the ceiling rates applicable to the services of the motor carriers affected. It also provides for the establishment of ceiling rates for services initiated under temporary authority granted by Federal or State regulatory bodies. It applies to all transportation by motor carrier except the following:

(1) Common carrier service;
(2) Pick-up and delivery service;
(3) Local transfer service;
(4) The service performed by motor carriers engaged in the transportation of liquid commodities, other than milk, in bulk, in tank vehicles; and
(5) Private carrier service.

(b) The provisions of this regulation are applicable to the 48 States of the United States, the District of Columbia, Alaska, Hawaii, Puerto Rico and the Virgin Islands.

(c) Except as modified in this regulation, the provisions of the General Ceiling Price Regulation shall remain applicable to the carriers covered by this regulation.

SEC. 2. *Eligibility for adjustment*—(a) *Individual adjustments.* An individual motor carrier affected by this revised supplementary regulation shall be eligible for an adjustment of his ceiling rates if the adjustment is necessary to permit the continuance of an essential service; and if either of the following is true:

(1) That the carrier will suffer substantial financial hardship on his overall operation unless the adjustment is granted; or

(2) That the ceiling rates for a particular segment of the carrier's total operation which are the subject of the application do not permit the service to be performed at rates which will yield revenue sufficient to cover the direct costs thereof.

(b) *Group adjustments.* A group of contract motor carriers comprised of all those engaged in the same general class of service transporting fruit, vegetables, or milk for one consignee to a single destination, and all of whose rates are normally established on a uniform basis, shall be eligible for a uniform adjustment of ceiling rates (1) if the adjustment is necessary to permit the continuance of an essential service and (2) if a representative portion of the group will suffer substantial financial hardship unless the adjustment is granted.

SEC. 3. *Extent of adjustment*—(a) *Individual adjustments.* With respect to applications filed under section 2 (a), the Office of Price Stabilization may grant an increase in ceiling rates up to but not higher than:

(1) A level which will result in a ratio of net operating revenue to total operating revenue equal to that enjoyed by the applicant during a representative period (as defined in section 7 (f)), or equal to the ratio of net operating revenue to total operating revenue prevailing in the motor carrier industry generally during such period, whichever of these ratios results in a lower level of rates.

(2) In the case of an applicant who seeks an adjustment for a segment of his total operation, a rate which will yield revenue sufficient to cover the direct costs thereof.

(b) *Group adjustments.* With respect to applications filed under section 2 (b), the Office of Price Stabilization may grant an increase in ceiling rates uniformly to each individual carrier of the group based upon the average need of a representative portion of the group, which average shall be determined by applying the adjustment criteria set forth in subparagraph (1) of paragraph (a) of this section to the individual applications filed by a representative portion of the group.

SEC. 4. *Where and how to apply for adjustment*—(a) *Individual adjustments.* Applications for individual relief under this revised supplementary regulation shall be made by filing properly executed OPS Public Form No. 147, if the applicant's gross transportation revenues in the most recent twelve-month period were less than $15,000, or by filing properly executed OPS Public Form No. 148, if the applicant's gross transportation revenues in the most recent twelve-month period were $15,000 or more. Copies of these forms may be obtained from the Office of Price Stabilization, Washington 25, D. C., or from any Regional or District Office thereof. All such applications shall be filed in duplicate, and shall be sent to the District Office of the Office of Price Stabilization for the district in which the home office of the applicant is located.

(b) *Group adjustment.* An application for a group adjustment under section 2 (b) of this revised supplementary regulation shall be made in the form of a letter submitted by the consignee for whom the transportation services are furnished. In the letter the consignee shall list the name and address of each carrier of the entire group furnishing the same service to the destination for which adjustment is sought, and show the approximate volume transported by each such carrier during the most recent twelve-month period; the present and proposed rate or rates; the commodity or commodities to be transported; and the point or points to be served. Such letter shall be filed, in duplicate, in the District Office of the Office of Price Stabilization, for the district in which the destination served by the group is located. After receipt of such letter the appropriate Regional or District Office will require a filing, in duplicate, either on OPS Pub. Form No. 147 or OPS Pub. Form No. 148, whichever is appropriate, of individual adjustment applications by a representative portion of the carriers composing the group.

(c) *Filing.* Applications under paragraph (a) or (b) of this section, if mailed, must be sent by registered mail, return receipt requested. The date on the return receipt will indicate the effective date of filing. If the application is delivered in person, a receipt showing the date of filing shall be obtained from the Office of Price Stabilization District Office receiving the application.

SEC. 5. *Disposition of applications—(a) OPS officials authorized to act.* The respective Regional Directors of the Office of Price Stabilization are hereby delegated authority to act upon and to handle to final conclusion all applications for rate adjustment filed under the provisions of this revised supplementary regulation, and the authority hereby delegated may be redelegated by the Regional Directors in whole or in part to the appropriate District Directors of the Office of Price Stabilization.

(b) *Action by OPS—(1) Individual adjustments.* Upon consideration of the application, the OPS will issue an order granting or denying, in whole or in part, the requested adjustment, or may require such additional information as may be deemed necessary. Thirty days after the filing of the required forms under section 4 (a), the applicant may charge the proposed rate or rates unless advised by the OPS that the application has been denied in whole or in part, or unless additional information has been requested. Any written request for additional information shall have the effect of suspending, without the issuance of any specific order thereon, the authority of the applicant to charge the proposed rate or rates until the date of an order issued by the OPS approving the application or until 30 days after the date of filing such additional information, whichever date is earlier. Such additional information must be submitted in writing and in duplicate to the Regional or District Office requesting the information. The additional information, if mailed, must be sent by registered mail, return receipt requested. The date on the return receipt will indicate the effective date of filing. If delivered in person, a receipt showing the date of filing shall be obtained from the appropriate OPS Regional or District Office receiving the additional information. Notwithstanding any other provisions of this section, all rate adjustments, whether obtained by affirmative action or by operation of the 30-day provision, are subject to revocation or modification at any time.

(2) *Group adjustments.* Upon consideration of all the information and forms filed under section 4 (b), an order granting or denying, in whole or in part, the requested adjustment shall be issued by the OPS. This order shall be issued to the consignee submitting the application. No group adjustment applied for under this supplementary regulation shall become effective except by the issuance of an order by the OPS.

(c) *Effectiveness of adjustments.* Any increased rate requested under this revised supplementary regulation may be charged on open billing pending consideration of the application. Collection of any amount in excess of established ceiling rates may not be made until an order has been issued (and then only to the extent permitted thereby), or in the case of individual adjustments until the appropriate 30-day waiting period has expired. To the extent that the carrier has charged the proposed rate or rates on open billing pending consideration of his application, he may, upon approval in whole or in part, or in the case of individual adjustments upon the lapse of the appropriate 30-day waiting period, collect the adjusted rate or rates retroactive to the date of filing of the application, or to the date on which he began charging on open billing, whichever date is later. On and after the effective date of this revision the adjustable pricing authority contained in Amendment 3 to Supplementary Regulation 15 to the General Ceiling Price Regulation shall become entirely inoperative with respect to the services covered by this supplementary regulation.

SEC. 6. *Establishing ceiling rates for temporary authority operations.* A motor carrier who, after the effective date of this revised supplementary regulation, obtains temporary operating authority from the Interstate Commerce Commission or from an appropriate State regulatory body to perform a transportation service covered by this revised supplementary regulation within a specified territory for a limited period of time, may establish ceiling rates for the operation covered by such temporary authority by filing with the District Office of the Office of Price Stabilization for the district in which the home office of the carrier is located, simultaneously with the filing made with the appropriate regulatory body, a copy of the schedule of minimum rates and charges filed with such regulatory body. After making such filing, the rates so filed become the lawful ceiling rates for those operations for a period of 60 days from the date of issuance of the temporary operating authority or until the termination of that authority, whichever is earlier. If the temporary authority is issued for a period in excess of 60 days, the ceiling rates established under this section shall apply only to service performed during the first 60 days of such temporary authority. Ceiling rates for service performed after the 60-day period must be established in accordance with the provisions of the General Ceiling Price Regulation.

SEC. 7. *Definitions.* (a) "Pick-up and delivery" service means the local transportation of property between a terminal of a "line-haul carrier", on the one hand, and the premises of the consignee or consignor, on the other.

(b) "Local transfer" service means the local transportation of property which is moving through under "line-haul carriers' " published rates from one terminal of a "line-haul carrier" to another terminal of the same carrier or to that of another "line-haul carrier".

(c) "Line-haul carrier" means any carrier, including rail carriers, motor carriers, water carriers, air carriers, freight forwarders, and express companies, which performs a non-local transportation service between any two terminal points over its lines or routes.

(d) "Private carrier" service means the transportation service performed by one who is primarily engaged in a non-carrier business, whose motor carrier operations are conducted as a bona fide incident to and in furtherance of such primary business and the transportation performed is not performed with a purpose to profit from the transportation as such.

(e) "Segment operation" means a distinctly separable part of a carrier's operations which can be segregated for operational and accounting purposes from the other parts of the carrier's entire business. For example, an application seeking adjustment of rates applicable to service performed under one contract, without requesting adjustment of rates for services performed under other existing contracts, will be considered a segment adjustment application.

(f) "Representative period" means the calendar year 1949, except as follows:

(1) If the applicant experienced a strike, natural disaster, or other event which resulted in a substantial distortion of the data for 1949, the 12-month period immediately preceding such event shall be the representative period, or

(2) If the applicant commenced his contract motor carrier operations after January 1, 1948, the representative period shall be the first two complete calendar or fiscal years following the inauguration of such operations. If the carrier has not been in operation for two complete years, the representative period shall be the entire period of operation.

Effective date. This Revision 1 of Supplementary Regulation 39 to the General Ceiling Price Regulation shall become effective August 6, 1952.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

[F. R. Doc. 52-8546; Filed, Aug. 1, 1952; 10:54 a. m.]

[General Overriding Regulation 7, Revision 1, Amdt. 5]

GOR 7—EXEMPTION OF CERTAIN FOOD AND RESTAURANT COMMODITIES

SPICES, SEEDS AND HERBS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Amendment 5 to General Overriding Regulation 7, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 7, Revision 1, exempts certain enumerated domestically produced spices, seeds and herbs from price control. This exemption does not apply to domestic spices, seeds and herbs which are mixed or combined with imported spices, seeds and herbs.

Spices, seeds and herbs consumed in the United States are processed by spice grinders, most of whom import or buy imported commodities which they process. The bulk of the output of domestic spices, seeds and herbs in this country is sold to food manufacturing industries. When compared to the total materials cost of food manufacturing, the cost of domestic spices, seeds and herbs used in these industries is negligible. At the present time, practically all domestic spices, seeds and herbs are being sold substantially below ceiling prices, all indications being that they will continue to be sold at these low levels. Even if an unexpected rise in price were to occur the effect on the manufactured food commodities would be so small as to have no effect on control of those commodities. On the basis of the most recent information available, it is estimated that 95 percent of the total annual dollar value of spices, seeds and herbs consumed in the United States is imported from abroad. Thus, these domestic spices, seeds and herbs which are being exempted have little or no effect on the cost of living, or the cost of the defense effort. Furthermore, any ceiling price restrictions imposed on the enumerated domestic spices, seeds and herbs would involve an administrative burden out of all proportion to the importance of keeping them under price control. In order to assure equal treatment to all producers of domestic spices, seeds and herbs, there are included in the list of exemptions many spices, seeds and herbs which are generally imported, but which may to some extent also be produced in this country. Earlier exemptions by OPS of certain seeds (such as sunflower seed, sesame seed, etc.) are not modified by the present OPS action, although in some instances there may be repetition of an item already exempt under an earlier price action.

In formulating this amendment the Director of Price Stabilization has consulted extensively with industry representatives including trade association representatives and has given full consideration to their recommendations. In his opinion the exemptions provided by this amendment will not defeat or impair the objectives of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

Section 2 of Article II of General Overriding Regulation 7, Revision 1, is amended by the addition of a new paragraph (h) to read as follows:

(h) *Spices, seeds and herbs.* (1) To the extent that they are produced in the United States and are not mixed or combined with imported spices, seeds and herbs, no ceiling price regulation heretofore issued or which may hereafter be issued by the Office of Price Stabilization shall apply to the following spices, seeds and herbs.

(1) Allspice (Pimento).
(2) Anise seed.
(3) Basil.
(4) Bay leaves.
(5) Canary seed.
(6) Capsicum peppers.
(7) Caraway seed.
(8) Cardamon seed.
(9) Cassia.
(10) Cassia buds.
(11) Celery seed.
(12) Chillies.
(13) Chili powder.
(14) Cinnamon and chips.
(15) Cloves.
(16) Coriander seed.
(17) Cumin seed.
(18) Curry powder.
(19) Dill seed.
(20) Fennel seed.
(21) Foenugreek seed.
(22) Ginger root.
(23) Laurel leaves.
(24) Mace.
(25) Marjoram.
(26) Millet seed.
(27) Mint.
(28) Mustard seed.
(29) Nutmegs.
(30) Oregano.
(31) Paprika.
(32) Parsley flakes.
(33) Pepper, white.
(34) Pepper, black.
(35) Pepper, red.
(36) Pimento (Allspice).
(37) Poppy seed.
(38) Rape seed.
(39) Rosemary.
(40) Saffron.
(41) Sage.
(42) Savory.
(43) Sesame seed.
(44) Sunflower seed.
(45) Tarragon.
(46) Thyme.
(47) Turmeric.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective August 1, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

[General Ceiling Price Regulation, Supplementary Regulation 63, Amdt. 3 to Area Milk Price Regulation 12]

GCPR, SR 63—AREA MILK PRICE ADJUSTMENTS

AMPR 12—SAN FRANCISCO DISTRICT, CALIFORNIA

ELIMINATION OF CONFLICT WITH STATE MINIMUM PRICES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), the Economic Stabilization Agency General Order No. 2 (16 F. R. 738), Delegation of Authority No. 41 of the Director of Price Stabilization (16 F. R. 12679) and Redelegation of Authority No. 23 of the Regional Director, Region XII, Office of Price Stabilization (17 F. R. 674), this Amendment 3 to Area Milk Price Regulation 12 pursuant to Supplementary Regulation 63 to the General Ceiling Price Regulation (16 F. R. 9559) is hereby issued.

STATEMENT OF CONSIDERATIONS

Section 106 (b) of the Defense Production Act Amendments of 1952 amends paragraph 3 of subsection (d) of section 402 of the Defense Production Act of 1950, as amended, so as to provide that "Where a State regulatory body is authorized to establish minimum and/or maximum prices for sales of fluid milk, ceiling prices established for such sales under this title shall (1) not be less than the minimum prices, or (2) be equal to the maximum prices, established by such regulatory body, as the case may be." Section 111 of the Defense Production Act Amendments of 1952 adds to section 402 of the Defense Production Act of 1950, as amended, a new subsection providing "(1) No rule, regulation, order, or amendment thereto issued under this title shall fix a ceiling on the price paid or received on the sale or delivery of any material in any State below the minimum sales price of such material fixed by the State law (other than any so-called 'fair trade law') now in effect, or by regulation issued pursuant to such law." This Amendment 3 to AMPR 12 is issued to eliminate any conflict between OPS ceiling prices established by AMPR 12 and minimum prices established by the State of California Bureau of Milk Control.

In the judgment of the District Director the provisions of this amendment to Area Milk Price Regulation No. 12 in Region XII are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended by the Defense Production Act Amendments of 1951, and the Defense Production Act Amendments of 1952.

The District Director of the Office of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950 to June 24, 1950, inclusive; and to all relevant factors of general applicability. The director consulted the industry involved to the fullest extent practicable prior to the issuance of this amendment to Area Milk Price Regulation No. 12.

AMENDATORY PROVISIONS

Section 1 of Area Milk Price Regulation No. 12 is amended by adding thereto paragraph (c) as follows:

(c) If a ceiling price otherwise established by this regulation is lower than an applicable corresponding minimum price established by the State of California Bureau of Milk Control, then the ceiling price shall be the minimum price established by the State of California Bureau of Milk Control.

Effective date. This Amendment 3 to Area Milk Price Regulation No. 12 under Supplementary Regulation 63 to the General Ceiling Price Regulation is effective as of July 10, 1952.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

HOMER F. POTTER,
District Director,
San Francisco District Office.

AUGUST 1, 1952.

[F. R. Doc. 52-8541; Filed, Aug. 1, 1952; 10:52 a. m.]

[General Ceiling Price Regulation, Supplementary Regulation 63, Area Milk Price Regulation 27]

GCPR, SR 63—Area Milk Price Adjustments

AMPR 27—Certain Eastern Pennsylvania Milk Marketing Areas

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this area milk price regulation pursuant to Supplementary Regulation 63 to the General Ceiling Price Regulation (16 F. R. 9559) is hereby issued.

STATEMENT OF CONSIDERATIONS

Supplementary Regulation 63 to the General Ceiling Price Regulation, issued September 19, 1951, authorizes district directors of the Office of Price Stabilization to issue area milk price regulations fixing ceiling prices for milk products for particular milk marketing areas within their districts. Such orders may be issued in response to petitions or upon a district director's own initiative whenever in his judgment, after verification if deemed desirable, he has accurate and adequate information from a representative portion of the processors and distributors in the area, and where this information indicates that an area regulation would be appropriate.

This area milk price regulation establishes ceiling prices for sales by processors, distributors and retail stores of certain milk products for fluid consumption affecting the areas designated as follows, all located in the Eastern portion of the State of Pennsylvania:

Schuylkill Milk Marketing Area, Area No. 4.
Scranton, Wilkes-Barre Milk Marketing Area, Area No. 5.
Lehigh Milk Marketing Area, Area No. 6.
Harrisburg Milk Marketing Area, Area No. 8.
York Milk Marketing Area, Area No. 12.
Williamsport, Sayre-Athens Milk Marketing Area, Area No. 13.
Lancaster Milk Marketing Area, Area No. 14.
Reading-Berks Milk Marketing Area, Area No. 15.

In general, sales are covered by this regulation if the purchaser is located in one of these areas, but it does not cover sales of milk products to be delivered from a plant located in one of these areas to a purchaser located outside of any of the areas listed. Products covered by this regulation are "milk products for fluid consumption", as this term is defined herein. Ceiling prices for products not covered by this regulation remain subject to the GCPR.

In determining whether an area milk price regulation should be issued the Office of Price Stabilization is required to consider the historical marketing pattern determining the precise marketing area involved, cost increases or decreases sustained by processors and distributors serving the area and a fair and equitable margin for such sellers in accordance with the Defense Production Act of 1950, as amended on June 30, 1952, by the addition of the following language:

Where a State regulatory body is authorized to establish minimum and/or maximum prices for sales of fluid milk, ceiling prices established for such sales under this title shall (1) not be less than the minimum prices, or (2) be equal to the maximum prices, established by such regulatory body, as the case may be: (A) *And provided further*, That in the case of prices of milk established under any State regulatory body, with respect to which prices, parties may be deemed to contract, no ceiling price may be maintained under this title which is less than the price so established.

In conformity with section 402 (d) (3) this area milk price regulation establishes ceiling prices for sales by processors and distributors at the precise levels established by the Pennsylvania Milk Control Commission for the eight marketing areas involved. While the Commission's schedules customarily set forth minimum prices only, it has been found by the District Director that the prices actually charged by these sellers historically have coincided with the prices specified in such schedules. Operators of retail stores, however, have in some instances established ceiling prices at levels above the minima prescribed by the Commission. In order to avoid unwarranted rollbacks for these stores, therefore, this regulation permits them to establish their fluid milk ceilings at one of two levels, namely, (1) the minimum prices for retail stores established by the Pennsylvania Milk Control Commission, or (2) those ceilings determined under the GCPR as modified by the upward or downward parity adjustments described in Supplementary Regulation 63.

It is intended that this regulation remain flexible, and it is probable that it will be subject to amendment and modification from time to time to adjust for changing conditions within the dairy industry in the areas involved. Such modification may result from petitions filed by persons described in Supplementary Regulation 63 and in accordance with procedures described therein, or by the Office of Price Stabilization upon its own initiative.

The Office of Price Stabilization has examined the cost and pricing structures of a representative number of resellers of fluid milk within the Philadelphia area on the basis of information available to it. Computations relating to cost of direct labor, containers and raw materials were based upon the latest data available, and the District Director is satisfied that there has been no significant change in such data between the period represented thereby and the present. Every effort has been made to conform this regulation to existing business practices, cost practices or methods, or means or aids to distribution. Insofar as any provision of this regulation may operate to compel changes in the business practices, cost practices or methods, or means or aids to distribution, such provisions are found by the District Director of the Office of Price Stabilization to be necessary to prevent circumvention or evasion of this regulation.

In the judgment of the District Director of the Philadelphia District Office of the Office of Price Stabilization, the provisions of this area milk pricing regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

The District Director has given due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended, to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive, and to all relevant factors of general applicability.

The Director has consulted the industry to the extent practicable and has given due consideration to its recommendations.

REGULATORY PROVISIONS

1. What this area milk price regulation does.
2. Where this area milk price regulation applies.
3. Sellers and sales covered by this regulation.
4. Ceiling prices.
5. Rounding of fractions.
6. Applicability of other ceiling price regulations.
7. Prohibitions.
8. Violation.
9. Definitions.

AUTHORITY: Sections 1 to 9 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101-2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this area milk price regulation does.* This area milk price regulation, issued pursuant to Supplementary Regulation 63 to the General Ceiling Price Regulation, establishes ceiling prices for fluid milk products in certain Eastern Pennsylvania milk marketing areas for sales by processors, distributors, and operators of retail stores. It provides, as to processors and distributors, that ceiling prices shall be the same as the minimum prices established by order of the Pennsylvania Milk Control Commission for the respective milk marketing areas covered. Ceiling prices for operators of retail stores also will coincide with minimum prices prescribed for such sellers by the Pennsylvania Milk Control Commission, but any operator of a retail store shows ceiling determined under the GCPR exceeds that prescribed by the Commission may elect to use such GCPR ceiling price. In using the GCPR ceiling price the operator of a retail store may adjust his ceiling upward, and must adjust it downward, in accordance with variations in the price of milk paid to his suppliers.

SEC. 2. *Where this area milk price regulation applies.* The areas to which this regulation applies are those defined as follows by the Official General Orders issued by the Pennsylvania Milk Control Commission:

Schuylkill Milk Marketing Area, Area No. 4.
Scranton, Wilkes-Barre Milk Marketing Area, Area No. 5.
Lehigh Milk Marketing Area, Area No. 6.
Harrisburg Milk Marketing Area, Area No. 8.
York Milk Marketing Area, Area No. 12.
Williamsport, Sayre-Athens Milk Marketing Area, Area No. 13.
Lancaster Milk Marketing Area, Area No. 14.
Reading-Berks Milk Marketing Area, Area No. 15.

The said areas embrace certain portions of counties located in the Eastern section of the State of Pennsylvania.

SEC. 3. *Sellers and sales covered by this regulation.* This area milk price regulation covers sales in this marketing area of milk products for fluid consumption by processors, distributors and operators of retail stores. A processor is any person who pasteurizes, blends, treats, compounds, manufactures, or packages milk products for fluid consumption. A distributor is a person other than the operator of a retail store who buys packaged milk products and resells them in the same form, through a retail outlet, to ultimate consumers primarily for consumption off the premises. For purposes of this regulation a person may be a processor of some items or some quantities of an item of milk product and a distributor or operator of a retail store as to other items or quantities of an item of milk product.

SEC. 4. *Ceiling prices*—(a) *Processors and distributors.* If you are a processor or distributor of a milk product for fluid consumption your ceiling price shall be the minimum price established for the sale of that item by the Official General Order of the Pennsylvania Milk Control Commission covering the applicable milk marketing area listed in section 2 of this regulation.

(b) *Operators of retail stores.* (1) If you are the operator of a retail store you may elect to use as your ceiling price for the sale of a milk product to ultimate consumers either (i) the minimum price established for such sale by Official General Order of the Pennsylvania Milk Control Commission, or (ii) your ceiling price for such sale determined under the GCPR.

(2) This subparagraph applies to you if you have elected to use your GCPR ceiling price and if the cost to you of a current customary purchase of a milk product differs from the ceiling price, as determined under this regulation, applicable to sales to you from a customary source of supply. In such case, on the first day following the effective change in your cost you may increase, and you must decrease, your ceiling price established by this regulation by the dollars-and-cents difference per item in the cost.

Example: You operate a retail store and have elected to continue to price a milk item under the GCPR. After the effective date of this regulation you make a customary purchase of a milk item which has been increased by your supplier one cent per quart by operation of this regulation. On the first day following the effective increase in your cost you may increase your ceiling price for the item by the dollars-and-cents amount of such increase to you, namely, one cent per quart.

If, under like circumstances, your supplier's price has been decreased one cent per quart you must decrease your ceiling price by one cent per quart.

SEC. 5. *Rounding of fractions.* Fractions of a cent remaining after you have computed your ceiling price for the total number of units of any milk product (and after giving effect to section 8 (b) of

Supplementary Regulation 63) shall be dropped if less than one-half cent or more. If, however, you have customarily billed any particular purchaser or any class or purchasers for milk products for fluid consumption purchased during a month or other billing period, any fraction remaining after the computation of the ceiling price for the total number of units of all milk products for fluid consumption so sold during the preceding month or other billing period shall be dropped if less than one-half cent and may be increased to the next higher cent if one-half cent or more.

SEC. 6. *Applicability of other ceiling price regulations.* Except as provided in this area milk price regulation you shall remain in all respects subject to the provisions of Supplementary Regulation 63 and to the provisions of the General Ceiling Price Regulation. The recordkeeping and reporting requirements of those regulations are specifically incorporated in this area milk price regulation by reference and shall remain in full force and effect.

SEC. 7. *Prohibitions.* After the effective date of this regulation, regardless of any contract or obligation, you shall not sell, and you shall not buy in the regular course of business or trade, any milk product at a price in excess of the ceiling price established by this regulation. The term "sell" includes sell, supply, dispose, barter, exchange, transfer, deliver, and contracts and offers to do any of the foregoing. The term "buy" shall be construed accordingly.

SEC. 8. *Violation*—(a) *Civil and criminal action.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Defense Production Act of 1950, as amended.

(b) *Violation of reporting requirements.* If any person subject to this regulation fails to file the reports required by this regulation, or if any person subject to this regulation fails to establish a ceiling price, or apply to the Office of Price Stabilization for an adjustment of a ceiling price, if he is required to do so, the District Director may issue an order fixing ceiling prices for the milk products such person sells. Any ceiling prices fixed in this manner will be in line with ceiling prices established by this regulation. The issuance of such an order will not relieve the seller of his obligation to comply with the requirements of this regulation or of the various penalties for failure to do so.

SEC. 9. *Definitions*—(a) *Milk products for fluid consumption.* This term means standard milk, homogenized, vitamin and mineral fortified milk, high fat milks, milks of special curd tensions and other milks with special dietary qualities and properties; buttermilk, chocolate milk; skim milk, plain; skim milk, vitamin or mineral fortified; skim milk drinks such as chocolate drinks; and any other milk variation of the foregoing sold whether such products are to be sold at retail or wholesale, and regardless of whether such products are to be sold in glass, paper, or other type of containers, or in bulk. Also included are half and half, cream of various percentages of butterfat, including sour cream. For purposes of this regulation, however, this term does not include cottage, pot and bakers cheese, butter cream, filled cream, cream mixed with other ingredients or gases used as a whipping cream, and other specialized fluid cream products. This definition also is not intended to include milk, cream, skim milk or whey when such products are exempt from the General Ceiling Price Regulation or to include ice cream or ice cream mix, canned, evaporated or condensed milk, milk powder, butter or other manufactured products not used for fluid consumption. Neither is it intended to include sales of concentrated frozen fresh milk sold by wholesalers, such sales being governed by Ceiling Price Regulation 14. This regulation applies only to milk, and products therefrom, produced by cows.

(b) *You.* The pronoun "you" as used in this area milk price regulation indicates the person subject thereto.

Effective date. This area milk price regulation is effective August 1, 1952.

NOTE. The reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

CLARENCE A. MCGOWAN,
District Director,
Philadelphia District.

AUGUST 1, 1952.

[General Ceiling Price Regulation, Supplementary Regulation 63, Area Milk Price Regulation 28]

GCPR, SR 63—Area Milk Price Adjustments

AMPR 28—Johnstown-Altoona Milk Marketing Area, Area No. 9, Commonwealth of Pennsylvania

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738) and Supplementary Regulation 63 to the General Ceiling Price Regulation (16 F. R. 9559), Delegation of Authority No. 41 (16 F. R. 12679) and Region III Redelegation of Authority No. 21 (17 F. R. 171), this Area Milk Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

Supplementary Regulation 63 to the General Ceiling Price Regulation, issued September 19, 1951, authorizes district directors of the Office of Price Stabilization to issue area milk price regulations fixing ceiling prices for milk products for particular milk marketing areas within their districts. Such orders may be issued in response to petitions or upon a district director's own initiative wherever in his judgment, after verification if deemed desirable, he has accurate and adequate information from a representative portion of the processors and distributors in the area, and where this

information indicates that an area regulation would be appropriate.

This area milk price regulation establishes ceiling prices for sales by processors, distributors, and retail stores of certain milk products for fluid consumption affecting the area designated as the Johnstown-Altoona Milk Marketing Area, Area No. 9, Pennsylvania. In general, sales are covered by this regulation if the purchaser is located in this area, but it does not cover sales of milk products to be delivered from a plant located in this area to a purchaser located outside of the area. Products covered by this regulation are "milk products for fluid consumption" as this term is defined herein. Ceiling prices for products not covered by this regulation remain subject to the General Ceiling Price Regulation.

In determining whether an area milk price regulation should be issued OPS is required to consider the historical marketing pattern determining the precise marketing area involved, cost increases or decreases sustained by processors and distributors serving the area and a fair and equitable margin for such processors and distributors in accordance with the Defense Production Act of 1950, as amended.

On June 24, 1952, the Commonwealth of Pennsylvania Milk Control Commission held a hearing in Hollidaysburg, Pennsylvania, for the purpose of considering amendments to the official General Order of the Milk Control Commission for fluid milk products for the Johnstown-Altoona Marketing Area. On the basis of testimony presented by milk producers, processors and distributors at this hearing with respect to increased costs of production, it was determined that a further increase in the State minimum prices would be necessary.

The ceiling prices of fluid milk products in this area have been determined under the General Ceiling Price Regulation. In its most recent amending order, official General Order No. A-444, effective August 1, 1952, the Commonwealth of Pennsylvania Milk Control Commission increased the minimum price for Class I milk to be paid to farm producers from $5.92 per cwt. to $6.20 per cwt. This increase, together with previous increases, allowed since the issuance of the General Ceiling Price Regulation would, under the operation of Section 11 thereof, result in ceiling prices for these fluid milk products lower than those established by the Commission order.

Under the provisions of Supplementary Regulation 63, marketing areas as established by any state milk control agency may be adopted by the OPS as areas to be treated separately under area milk price regulations. Pursuant to such authority, this area milk price regulation is being issued establishing ceiling prices for the Johnstown-Altoona Milk Marketing Area, Area No. 9.

Amendment 1 to Supplementary Regulation 63 authorizes the establishment of ceiling prices for sales by retail stores. The standard employed in the regulation is to preserve for the operators of retail stores the same dollar-and-cent margin which existed immediately prior to the date of the issuance of the area milk price regulation or amendment thereof fixing ceiling prices for retail stores.

Accordingly, to carry out the provisions of section 402 (d) of the Defense Production Act of 1950, as amended, and in order to make required adjustments in OPS prices effective coincident with the State's new minimum prices, the District Director has elected, upon his own initiative, to issue this order to bring the ceiling price of fluid milk products covered herein up to the minimum required by Pennsylvania State law.

In formulation of this regulation special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable. However, the District Director has made every effort to conform this regulation to existing business practices, cost practices or methods, or means or aids to distribution. Insofar as any provision of this regulation may operate to compel changes, cost practices or methods or means or aids to distribution, such provisions are found by the District Director to be necessary to prevent circumvention or evasion of this regulation.

In the judgment of the District Director of the Pittsburgh District Office of the Office of Price Stabilization, the provisions of this area milk pricing regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

The District Director gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to all relevant factors of general applicability.

AUTHORITY: Sections 1 to 8 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; SR 63 to GCPR, Sept. 19, 1951, 16 F. R. 9559.

SECTION 1. *What this area milk price regulation does.* This area milk price regulation establishes ceiling prices of milk products for fluid consumption for sales by processors, distributors and operators of retail stores in the Johnstown-Altoona Milk Marketing Area, Area No. 9, as defined by the Commonwealth of Pennsylvania Milk Control Commission.

SEC. 2. *Where this area milk price regulation applies.* The provisions of this area milk price regulation are applicable to the Johnstown-Altoona Milk Marketing Area, Area No. 9, as defined by the Commonwealth of Pennsylvania Milk Control Commission in section 2 (a) of its official General Order No. A-346 dated February 22, 1950, as amended.

SEC. 3. *Sellers and sales covered by this area milk price regulation.* This area milk price regulation covers all sales by processors, distributors and operators of retail stores in this marketing area of milk products for fluid consumption whose minimum selling prices have been established by the Commonwealth of Pennsylvania Milk Control Commission. A processor is any person who pasteurizes, blends, treats, compounds, manufactures, or packages milk products for fluid consumption. A distributor is a person other than the operator of a retail store who buys packaged milk products in the same form in which he sells them. A subdealer for the purpose of this regulation is the same as a distributor. The operator of a retail store is any person, other than a distributor, who buys packaged milk products and resells them in the same form, through a retail outlet, to ultimate consumers primarily for consumption off the premises. For purposes of this regulation a person may be a processor of some items or some quantities of an item of milk product and a distributor or operator of a retail store as to other items or quantities of an item of milk product.

SEC. 4. *Ceiling prices*—(a) *Processors and distributors.* The ceiling prices for processors and distributors are the minimum prices established by the Commonwealth of Pennsylvania Milk Control Commission.

(b) *Operators of retail stores.* The ceiling prices for operators of retail stores are the minimum prices to operators of retail stores as fixed by the Commonwealth of Pennsylvania Milk Control Commission plus the retail store operator's established dollar-and-cent margin. Dollar-and-cent margin is the dollar-and-cent difference between the retail store operator's ceiling price and his net cost of acquisition immediately prior to the effective date of this area milk price regulation.

SEC. 5. *Applicability of other ceiling price regulations.* Except as provided in this area milk price regulation you shall remain in all respects subject to the provisions of Supplementary Regulation 63 and to the provisions of the General Ceiling Price Regulation. The recordkeeping and reporting requirements of those regulations are specifically incorporated in this area milk price regulation by reference and shall remain in full force and effect.

SEC. 6. *Prohibitions.* After the effective date of this regulation, regardless of any contract or obligation, you shall not sell, and you shall not buy in the regular course of business or trade, any milk product at a price in excess of the ceiling price established by this regulation. The term "sell" includes sell, supply, dispose, barter, exchange, transfer, deliver and contracts and offers to do any of the foregoing. The term "buy" shall be construed accordingly.

SEC. 7. *Violations*—(a) *Civil and criminal action.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Defense Production Act of 1950, as amended.

(b) *Violation of reporting requirements.* If any person subject to this regulation fails to file the reports required by this regulation, or if any person subject to this regulation fails to establish a ceiling price, or apply to the Office of Price Stabilization for the establishment of a ceiling price, if he is required to do so, the District Director may issue an order fixing ceiling prices for the milk products such person sells. Any ceiling prices fixed in this manner will be in line with ceiling prices established by this regulation. The order fixing the ceiling price may apply to all deliveries, or transfers for which a ceiling price was not established in accordance with the provisions of this regulation, including deliveries or transfers completed prior to the date of issuance of the order. The issuance of such an order will not relieve the seller of his obligation to comply with the requirements of this regulation or of the various penalties for failure to do so.

SEC. 8. *Definitions*—(a) *Milk products for fluid consumption.* This term means milk products for which the Commonwealth of Pennsylvania Milk Control Commission has established minimum prices. This definition is not intended to include milk, cream, skim milk or whey when such products are exempt from the General Ceiling Price Regulation or to include ice cream or ice cream mix, canned, evaporated or condensed milk, milk powder, butter, or other manufactured products not used for fluid consumption. Neither is it intended to include sales of concentrated frozen fresh milk sold by wholesalers, such sales being governed by Ceiling Price Regulation 14. This regulation applies only to milk, and products therefrom, produced by cows.

(b) *You.* The pronoun "you" as used in this area milk price regulation indicates the person subject thereto.

Effective date. This area milk price regulation is effective August 1, 1952.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JAMES H. WALLACE, JR.,
District Director,
Pittsburgh District.

[General Ceiling Price Regulation, Supplementary Regulation 63, Area Milk Price Regulation 29]

GCPR, SR 63—AREA MILK PRICE ADJUSTMENTS

AMPR 29—PITTSBURGH MILK MARKETING AREA, AREA NO. 2, COMMONWEALTH OF PENNSYLVANIA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), Economic Stabilization Agency General Order No. 2 (16 F. R. 738) and Supplementary Regulation 63 to the General Ceiling Price Regulation (16 F. R. 9559), Delegation of Authority No. 41 (16 F. R. 12679) and Region III Redelegation of Authority No. 21 (17 F. R. 171), this Area Milk Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

Supplementary Regulation 63 to the General Ceiling Price Regulation, issued September 19, 1951, authorizes district directors of the Office of Price Stabilization to issue area milk price regulations fixing ceiling prices for milk products for particular milk marketing areas within their districts. Such orders may be issued in response to petitions or upon a district director's own initiative wherever in his judgment, after verification if deemed desirable, he has accurate and adequate information from a representative portion of the processors and distributors in the area, and where this information indicates that an area regulation would be appropriate.

This area milk price regulation establishes ceiling prices for sales by processors, distributors, and retail stores of certain milk products for fluid consumption affecting the area designated as the Pittsburgh Milk Marketing Area, Area No. 2, Pennsylvania. In general, sales are covered by this regulation if the purchaser is located in this area, but it does not cover sales of milk products to be delivered from a plant located outside of the area. Products covered by this regulation are "milk products for fluid consumption" as this term is defined herein. Ceiling prices for products not covered by this regulation remain subject to the General Ceiling Price Regulation.

In determining whether an area milk price regulation should be issued OPS is required to consider the historical marketing pattern determining the precise marketing area involved, cost increases or decreases sustained by processors and distributors serving the area and a fair and equitable margin for such processors and distributors in accordance with the Defense Production Act of 1950, as amended.

On June 30 and July 1, 1952, the Commonwealth of Pennsylvania Milk Control Commission held a hearing in Pittsburgh, Pennsylvania, for the purpose of considering amendments to the official General Order of the Milk Control Commission for fluid milk products for the Pittsburgh Marketing Area. On the basis of testimony presented by milk producers, processors and distributors at this hearing with respect to increased costs of production, it was determined that a further increase in the State minimum prices would be necessary.

The ceiling prices of fluid milk products in this area have been determined under the General Ceiling Price Regulation. In its most recent amending order, official General Order No. A-445, effective August 1, 1952, the Commonwealth of Pennsylvania Milk Control Commission increased the minimum price for Class I milk to be paid to farm producers from $6.05 per hundredweight to $6.30 per hundredweight. This increase, together with previous increases, allowed since the issuance of the General Ceiling Price Regulation would, under the operation of section 11 thereof, result in ceiling prices for these fluid milk products lower than those established by the Commission order.

Under the provisions of Supplementary Regulation 63, marketing areas as established by any state milk control agency may be adopted by the OPS as areas to be treated separately under area milk price regulations. Pursuant to such authority, this area milk price regulation is being issued establishing ceiling prices for the Pittsburgh Milk Marketing Area, Area No. 2.

Amendment 1 to Supplementary Regulation 63 authorizes the establishment of ceiling prices for sales by retail stores. The standard employed in the regulation is to preserve for the operators of retail stores the same dollar-and-cent margin which existed immediately prior to the date of the issuance of the area milk price regulation or amendment thereof fixing ceiling prices for retail stores.

Accordingly, to carry out the provisions of section 402 (d) of the Defense Production Act of 1950, as amended, and in order to make required adjustments in OPS prices effective coincident with the State's new minimum prices, the District Director has elected, upon his own initiative, to issue this order to bring the ceiling price of fluid milk products covered herein up to the minimum required by Pennsylvania State law.

In formulation of this regulation special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable. However, the District Director has made every effort to conform this regulation to existing business practices, cost practices or methods, or means or aids to distribution. Insofar as any provision of this regulation may operate to compel changes, cost practices or methods or means or aids to distribution, such provisions are found by the District Director to be necessary to prevent circumvention or evasion of this regulation.

In the judgment of the District Director of the Pittsburgh District Office of the Office of Price Stabilization, the provisions of this area milk pricing regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

The District Director gave due consideration to the national effort to

achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to all relevant factors of general applicability.

Sec. REGULATORY PROVISIONS

1. What this area milk price regulation does.
2. Where this area milk price regulation applies.
3. Sellers and sales covered by this area milk price regulation.
4. Ceiling prices.
5. Applicability of other ceiling price regulations.
6. Prohibitions.
7. Violations.
8. Definitions.

AUTHORITY: Sections 1 to 8 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.; SR 63 to GCPR, Sept. 19, 1951, 16 F. R. 9559.

SECTION 1. *What this area milk price regulation does.* This area milk price regulation establishes ceiling prices of milk products for fluid consumption for sales by processors, distributors and operators of retail stores in the Pittsburgh Milk Marketing Area, Area No. 2, as defined by the Commonwealth of Pennsylvania Milk Control Commission.

SEC. 2. *Where this area milk price regulation applies.* The provisions of this area milk price regulation are applicable to the Pittsburgh Milk Marketing Area, Area No. 2, as defined by the Commonwealth of Pennsylvania Milk Control Commission in section 2 (a) of its official General Order No. A–344 dated February 8, 1950, as amended.

SEC. 3. *Sellers and sales covered by this area milk price regulation.* This area milk price regulation covers all sales by processors, distributors and operators of retail stores in this marketing area of milk products for fluid consumption whose minimum selling prices have been established by the Commonwealth of Pennsylvania Milk Control Commission. A processor is any person who pasteurizes, blends, treats, compounds, manufactures, or packages milk products for fluid consumption. A distributor is a person other than the operator of a retail store who buys packaged milk products in the same form in which he sells them. A subdealer for the purpose of this regulation is the same as a distributor. The operator of a retail store is any person, other than a distributor, who buys packaged milk products and resells them in the same form, through a retail outlet, to ultimate consumers primarily for consumption off the premises. For purposes of this regulation a person may be a processor of some items or some quantities of an item of milk product and a distributor or operator of a retail store as to other items or quantities of an item of milk product.

SEC. 4. *Ceiling prices*—(a) *Processors and distributors.* The ceiling prices for processors and distributors are the minimum prices established by the Commonwealth of Pennsylvania Milk Control Commission.

(b) *Operators of retail stores.* The ceiling prices for operators of retail stores are the minimum prices to operators of retail stores as fixed by the Commonwealth of Pennsylvania Milk Control Commission plus the retail store operator's established dollar-and-cent margin. Dollar-and-cent margin is the dollar-and-cent difference between the retail store operator's ceiling price and his net cost of acquisition immediately prior to the effective date of this area milk price regulation.

SEC. 5. *Applicability of other ceiling price regulations.* Except as provided in this area milk price regulation you shall remain in all respects subject to the provisions of Supplementary Regulation 63 and to the provisions of the General Ceiling Price Regulation. The record-keeping and reporting requirements of those regulations are specifically incorporated in this area milk price regulation by reference and shall remain in full force and effect.

SEC. 6. *Prohibitions.* After the effective date of this regulation, regardless of any contract or obligation, you shall not sell, and you shall not buy in the regular course of business or trade, any milk product at a price in excess of the ceiling price established by this regulation. The term "sell" includes sell, supply, dispose, barter, exchange, transfer, deliver and contracts and offers to do any of the foregoing. The term "buy" shall be construed accordingly.

SEC. 7. *Violations*—(a) *Civil and criminal action.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Defense Production Act of 1950, as amended.

(b) *Violation of reporting requirements.* If any person subject to this regulation fails to file the reports required by this regulation, or if any person subject to this regulation fails to establish a ceiling price, or apply to the Office of Price Stabilization for the establishment of a ceiling price, if he is required to do so, the District Director may issue an order fixing ceiling prices for the milk products such person sells. Any ceiling prices fixed in this manner will be in line with ceiling prices established by this regulation. The order fixing the ceiling price may apply to all deliveries, or transfers for which a ceiling price was not established in accordance with the provisions of this regulation, including deliveries or transfers completed prior to the date of issuance of the order. The issuance of such an order will not relieve the seller of his obligation to comply with the requirements of this regulation or of the various penalties for failure to do so.

SEC. 8. *Definitions*—(a) *Milk products for fluid consumption.* This term means milk products for which the Commonwealth of Pennsylvania Milk Control Commission has established minimum prices. This definition is not intended to include milk, cream, skim milk or whey when such products are exempt from the General Ceiling Price Regulation or to include ice cream or ice cream mix, canned, evaporated or condensed milk, milk powder, butter or other manufactured products not used for fluid consumption. Neither is it intended to include sales of concentrated frozen fresh milk sold by wholesalers, such sales being governed by Ceiling Price Regulation 14. This regulation applies only to milk, and products therefrom, produced by cows.

(b) *You.* The pronoun "you" as used in this area milk price regulation indicates the person subject thereto.

Effective date. This area milk price regulation is effective August 1, 1952.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

JAMES H. WALLACE, JR.,
District Director,
Pittsburgh District.

AUGUST 1, 1952.

Chapter IV—Salary and Wage Stabilization, Economic Stabilization Agency

Subchapter D—National Enforcement Commission

INTERIM PROCEDURAL ORDER

Sec.
1. Purpose.
2. Regional Enforcement Commissions.
3. Pending cases.
4. Effect on other orders.
5. Effective date.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101–2110; E. O. 10161, Sept. 9, 1950 (15 F. R. 6105); 3 CFR, 1950 Supp., as amended; ESA General Order 18, July 29, 1952 (17 F. R. 6925); General Procedural Order *infra*.

SECTION 1. Purpose. This order is promulgated under the authority vested in the National Enforcement Commission by ESA General Order 18. It is issued to apply the General Procedural Regulation of the National Enforcement Commission (*infra*) to the processing of pending cases.

SEC. 2. *Regional Enforcement Commissions.* The Regional Enforcement Commissions, hereinafter called Regional Commissions, established pursuant to section 5 of General Wage Procedural Regulation No. 1, as amended, shall have, for the limited purposes described herein below, the same authority, functions, duties, organization and procedures as described in said section 5, except that in conformity with ESA General Order 18 they shall operate under the authority of the National Enforcement Commission (hereinafter called the Commission).

SEC. 3. *Pending cases.* (a) There is hereby transferred to each Regional Commission all cases and proceedings which had been heard or considered by it on or before July 29, 1952, and which now await final disposition by it.

(b) Said Regional Commissions are hereby directed to proceed to consider and process only such pending cases and proceedings until further order.

SEC. 4. *Effect on other orders.* Any orders or parts of orders the provisions of which are inconsistent with the provisions of this regulation are hereby superseded or amended accordingly.

SEC. 5. *Effective date.* This regulation is effective July 30, 1952.

Adopted by the National Enforcement Commission July 30, 1952.

HELEN F. HUMPHREY,
Chairman.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-1, Amendment 1 of August 1, 1952]

M–1—IRON AND STEEL

MISCELLANEOUS AMENDMENTS

This amendment to NPA Order M–1 as amended July 3, 1952, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950 as amended. In the formulation of this amendment, there was consultation with industry representatives, including trade association representatives, and consideration was given to their recommendations.

This amendment affects NPA Order M–1, as last amended July 3, 1952, by amending section 3 (a); by deleting the proviso in the last sentence of paragraph (a) of section 8; by adding a sentence to subparagraph (1) of paragraph (a) of section 8; by adding new paragraphs (e) and (f) to section 8; by making a clarifying amendment to section 10; and by adding a new Table II setting forth required acceptance percentages. Reference is made to Direction 6 to NPA Order M–1 issued concurrently with this amendment.

NPA Order M–1, as amended July 3, 1952, is hereby amended in the following respects:

1. Section 3 (a) of NPA Order M–1 is changed to read as follows:

(a) Producers (except producers of steel mill products derived from rerolling of rails and axles) shall produce controlled steel mill products for shipment only in accordance with (1) an NPA production directive, or (2) an authorized production schedule on an approved Form CMP–4B application.

2. Paragraph (a) of section 8 is changed to read as follows:

(a) Each producer shall accept only the following classes of purchase orders for controlled steel mill products (including steel mill products for rerolling or redrawing purposes) and steel castings:

1. Orders pursuant to NPA directives;
2. Steel distributor orders under or in accordance with the provisions of NPA Order M–6A;
3. Further converter orders in accordance with the provisions of this order; and
4. Authorized controlled material orders.

Each producer shall accept the purchase orders mentioned in the preceding sentence for each product until his order books are filled for that product for a particular month, and pursuant to and in accordance with appropriate NPA orders or regulations. However, with respect to authorized controlled material orders, each producer shall have the option (subject to the provisions of subparagraph (1) of this paragraph and of paragraph (e) of this section) of determining which authorized controlled material orders or portions thereof he will accept and schedule for shipment without regard to dates of receipt of such orders.

(1) Within the 15-day period immediately preceding the commencement of lead times, a producer shall accept and schedule for production all authorized controlled material orders offered to him until his order books for a particular product are filled for that product. During such 15-day period such orders shall be scheduled for production with precedence given to the orders received first. Nothing contained in paragraph (e) of this section 8 shall be deemed to alter or affect the provisions of this subparagraph.

(2) Each producer shall, within applicable lead times, accept orders for shipment of each controlled steel mill product in any month until such orders, together with all authorized controlled material orders already on hand for shipment during such month and all orders carried over from preceding months, plus (i) such orders as he has been directed by the NPA to ship, (ii) tonnages set aside for shipment to warehouses, and (iii) tonnages set aside for shipment to further converters, total not less than 110 percent nor more than 115 percent of the tonnage of such product to be produced pursuant to his production directive. When a producer has complied with the provisions of this paragraph, his books shall be deemed filled for a particular month for the product involved. Each producer shall promptly notify NPA, Iron and Steel Division, by telegram if, at the commencement of lead times, he has not received and accepted orders for at least 110 percent of his authorized production of any controlled steel mill product. Such notification shall include the amount of tonnage open for each such product.

3. A new paragraph (e), reading as follows, is added to section 8:

(e) From the date of opening his books for the acceptance of orders for shipment in any month (commencing with the month of October 1952) of each product produced by him and listed in Part A of Table II until the commencement of the 15-day period immediately preceding the commencement of lead time for the particular product involved, each producer shall reserve an amount of space on his books for the acceptance of authorized controlled material orders bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, computed as provided in the following sentence. The amount of space to be so reserved for any such product for a particular month shall be a tonnage computed by applying the percentage set forth in Part A of Table II listed opposite that product, against the indicated tonnage of that product to be produced in that month by the producer pursuant to his production directives: *Provided, however,* That in case of shipments to further converters there shall be deducted from the indicated tonnage, any tonnage of that product to be shipped by him to further converters during that month. Each producer shall accept authorized controlled material orders bearing the above-mentioned symbols and no other orders in the reserved space during such period, and he may reject any such orders during such period after he has so filled the entire space reserved for that product for that month. Any such orders calling for delivery in any month of the fourth quarter 1952 and identified by the quarterly designation "4Q52" accepted prior to the effective date of this amendment for delivery in a particular month shall be included

within the reserved space for that month. Any authorized controlled material order bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, carried over from any calendar quarter prior to the fourth quarter 1952 shall not be included within the reserved space, even though any such order bears the quarterly designation "3Q52" and calls for delivery in October or November 1952. Nothing in this paragraph shall be deemed to prohibit a producer from shipping or accepting such orders for more than the reserved tonnage in any month.

4. A new paragraph (f), reading as follows, is added to section 8:

(f) From the date of opening his books for the acceptance of orders for shipment in any month (commencing with the month of October 1952) of each product produced by him and listed in Part B of Table II until the commencement of a 10-day period immediately preceding the commencement of the lead time for the particular product involved, each producer shall reserve an amount of space on his books for the acceptance of DO-rated orders bearing the program identification A, B, C, or E, followed by one digit (including the program identification B-5 where it appears as a suffix), or the program identification Z-2, for the products listed in Part B of Table II, computed as provided in the following sentence. The amount of space to be so reserved for any such product for a particular month shall be a tonnage computed by applying the percentage set forth in Part B of Table II, listed opposite that product, against the tonnage of that product which the producers plan to produce for that particular month. Each producer shall accept the abovementioned DO-rated orders, and no other orders, in the reserved space during such period, and he may, notwithstanding any other NPA order or regulation, reject any such orders during such period after he has so filled the entire space reserved for that product for that month. Any such orders calling for delivery in any month of the fourth quarter 1952 and accepted prior to the effective date of this amendment for delivery in a particular month shall be included within the reserved space for that month. Any such order calling for delivery in the second or third quarter of 1952 shall not be included within the reserved space. Nothing in this paragraph shall be deemed to prohibit a producer from shipping or accepting such orders for more than the reserved tonnage in any month.

5. Section 10 is amended to read as follows:

SEC. 10. *Lead times.* A producer of products as defined in section 2 (b) of this order shall not be required to accept an authorized controlled material order for controlled steel mill products or steel castings or a DO-rated order for forgings or iron products which is not received by him prior to the commencement of the lead time set out under column B of Table I of this order opposite each such product. The lead time for any product is the number of days in advance of the first day of the month of shipment prior to which such purchase order must be placed with a producer.

6. A new table designated as Table II is added to the order and appears below the signature.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect August 1, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

TABLE II OF NPA ORDER M-1

Column A	Column B (Percentage [1] (for products rerolled from rails or axle steel, percentage applies against planned monthly production)	
Product	Carbon	Alloy
Part A		
Ingots	[2] 25	35
Billets—projectile and shell quality	100	(3)
Blooms, slabs, billets	[2] 25	[4] 35
Wire rods	17	25
Structural shapes, (heavy) standard sheet piling	18	XXX
Structural shapes, wide-flange and H bearing piling	17	XXX
Plates—rolled armor	XXX	100
Plates—sheared and Universal Mill	25	60
Plates—strip mill	20	40
Rails—standard over 60 pounds	6	XXX
Rails—all other	2	XXX
Joint bars	5	XXX
Tie plates	6	XXX
Track spikes	5	XXX
Wheels (rolled and forged) and axles	5	XXX
Bars—hot-rolled, projectile and shell quality	(5)	(5)
Bars—hot-rolled, other (including light shapes)	[4] 27	[4] 30
Bars—reinforcing straight lengths as rolled	20	XXX
Bars—cold-finished	40	35
Tool steel	23	25
Die blocks	10	60

[NPA Order M-1, Direction 6 of August 1, 1952]

M-1—IRON AND STEEL

DIR. 6—ACCEPTANCE OF DEFENSE ORDERS IN RESERVED SPACE DURING FOURTH QUARTER

This direction to NPA Order M-1 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this direction, consultation with industry representatives has been rendered impracticable due to the need for immediate action.

This direction is issued concurrently with Amendment 1 dated August 1, 1952, to NPA Order M-1, and implements the provisions of said NPA Order M-1 as amended.

Sec.
1. What this direction does.
2. Lead time changes.
3. Reserve space change.
4. Acceptance of orders in reserve space for fourth quarter delivery.
5. Effect on other orders and regulations.

AUTHORITY: Sections 1 to 5 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR 1951 Supp.

SECTION 1. *What this direction does.* This direction makes several changes in the present NPA orders and regulations (including Amendment 1 to NPA Order M–1 of August 1, 1952), concerning the acceptance and delivery of purchase orders by producers, particularly the defense order reserve tonnage for the fourth quarter of 1952. These changes are occassioned by the recent work stoppage in the steel industry. This direction also makes changes in certain lead times and periods preceding commencement of lead times.

SEC. 2. *Lead time changes.* Persons placing authorized controlled material orders, with fourth quarter allotments bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, for delivery of steel controlled materials in the month of October 1952, may place any such orders through the close of business August 30, 1952, for any product with a normal lead time of 45 days. No producer shall reject such an order placed by a person pursuant to the foregoing sentence solely because it is placed between August 15, 1952, and August 30, 1952.

SEC. 3. *Reserve space change.* Subparagraph (1) of paragraph (a) of section 8 of NPA Order M–1 and paragraph (e) of section 8 of NPA Order M–1 (contained in said Amendment 1), among other things, require each producer to reserve an amount of space on his books until the commencement of the 15-day period immediately preceding the commencement of lead time for the particular product invoived and during such 15-day period to accept orders with precedence given to the order first received. With respect to authorized controlled material orders (placed with fourth quarter allotments) bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, for controlled steel mill products having a normal lead time of 45 days, said 15-day period is eliminated for October 1952 deliveries and is changed to a 7-day period for November 1952 deliveries. Accordingly, such orders for October 1952 deliveries may be placed in the reserved space up to August 31, 1952, and for November 1952 deliveries up to September 8, 1952.

SEC. 4. *Acceptance of orders in reserve space for fourth quarter delivery.* Whenever a producer finds that acceptance of orders in the reserved space provided by paragraph (e) of section 8 of NPA Order M–1 (contained in said Amendment 1) will require him to accept orders in excess of the maximum percentage provided in paragraph (a) (2) of section 8 of NPA Order M–1, such producer shall, nevertheless, accept orders calling for a sufficient tonnage to fill the reserved space. In any such case, such producer shall postpone delivery dates of other orders to the extent of the excess of the maximum percentage of the orders so accepted, except that such producer shall not so defer any further converter orders, authorized controlled material orders bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, or orders from steel distributors. Whenever a producer accepts orders in the reserved space, he shall schedule the same for shipment during the month for which the orders call for delivery and shall ship on the scheduled delivery dates or as close to the scheduled delivery dates as possible, but in no event later than December 31, 1952. This section is applicable to the months of October, November, and December, 1952.

SEC. 5. *Effect on other orders and regulations.* The provisions of NPA Order M-1 (including said Amendment 1), NPA Order M-6A, and CMP Regulation No. 1, including the directions and amendments thereto (except Direction 3 to NPA Order M-6A, and Direction 15 to CMP Regulation No. 1), and of any other NPA regulation and order heretofore issued, are superseded to the extent to which they are inconsistent with the provisions of this direction, but in all other respects the provisions of such regulations and orders shall remain in full force and effect. The provisions of section 2 (b) of Direction 16 to CMP Regulation No. 1 are superseded to the extent necessary to permit the application of the second sentence of section 4 of this direction so that orders in the reserved space may if necessary defer third quarter 1952 authorized controlled material orders which do not bear a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B-5 where it appears as a suffix), or the program identification Z-2.

This direction shall take effect August 1, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

[F. R. Doc. 52-8570; Filed, Aug. 1, 1952; 12:17 p. m.]

[NPA Order M-8, Amendment 1 of August 1, 1952]

M-8—TIN

TERMINATION OF IMPORT RESTRICTIONS

This amendment to NPA Order M-8 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this amendment has been rendered impracticable by the fact that the amendment affects a large number of different trades and industries.

AMENDATORY PROVISIONS

NPA Order M–8, as amended July 21, 1952, is hereby further amended in the following respects:

1. Section 1 is amended, by deleting the reference to the prohibition against the private importation of pig tin, to read as follows:

SECTION 1. *What this order does.* The purpose of this order is to describe how tin remaining after allowing for the requirements of national defense may be distributed and used in the civilian economy. It restricts the use of pig tin in manufacture, processing, and construction. It prohibits all uses of pig tin, secondary tin, and certain tin-bearing products not expressly set forth in the attached Schedules I through VIII. The order also sets forth limitations on inventories of pig tin and alloys and other materials containing tin, and explains the conditions under which reports are required in connection with the production, distribution, importation, use, and inventories of pig tin. In addition, it covers the conditions under which reporting is required in connection with the customs entry of tin importation. It places pig tin under allocation by prohibiting, subject to limited exceptions, any receipts not covered by allocation authorizations issued by the National Production Authority. It is the intent of this order that other materials which are not in short supply will be substituted for tin and alloys and other materials containing tin wherever possible.

2. Paragraphs (a), (b), (c), and (d) of section 7 are amended to provide for the allocation of tin on either a quarterly or a monthly basis, and to eliminate the requirement that pig tin must be purchased from a supplier designated by the National Production Authority, so that section 7 (exclusive of footnote 1 thereto, which remains unchanged) will read as follows:

SEC. 7. *Allocation of pig tin.* (a) Except in the case of importation of pig tin for resale, no person shall accept delivery of pig tin for any purpose except in accordance with the terms of an allocation authorization issued by the National Production Authority. The National Production Authority may specifically direct the purposes for which a person may use pig tin in the manufacture, processing, installation, treating, or construction of any item or product, whether or not such pig tin has been directly allocated to such person. A person who has received pig tin pursuant to an allocation for the purpose of resale must not use the pig tin so allocated, but may only dispose of such pig tin by resale. The issuance of an allocation authorization by the National Production Authority shall not dispense with the necessity of compliance by the purchaser with the requirements of section 8 of this order with regard to certification.

(b) An application for an allocation authorization must be filed with the National Production Authority by the proposed purchaser on Form NPAF–7 not later than the twentieth day of the month preceding the month or quarter in which delivery is sought, and such ap-

plication shall separately indicate the quantity of pig tin requested for use and the quantity requested for resale.

(c) No person shall deliver any pig tin if he knows or has reason to believe that (1) receipt of the tin delivered will cause the purchaser's receipts of tin to exceed his authorized tin allocation, or (2) the person requesting delivery is not permitted to receive it under the inventory limitations of section 11 of this order, or (3) such tin will be used for purposes not permitted by this order, or (4) such tin will be used in excess of the quantity limitations on use contained in section 5 (or as modified under Schedule IV or VIII) of this order.

(d) The provisions of paragraph (a) of this section shall not apply to any: (1) Receipt of pig tin by the Reconstruction Finance Corporation, the General Services Administration, or the Defense Materials Procurement Agency for the stockpile of strategic materials; (2) receipt of pig tin pursuant to specific directives of the National Production Authority; (3) receipt of pig tin by any person whose total receipts during the month in which such receipt occurs are and by such receipt will remain less than 6,000 pounds, and who has not received an allocation authorization for pig tin for that month, and who furnishes to the supplier a signed certification in substantially the following form:

The undersigned certifies, subject to the penalties of Title 18, U. S. Code (Crimes), section 1001, that receipt of this shipment of pig tin in the month requested will not be in violation of the inventory provisions of section 11 of NPA Order M-8; that no allocation authorization for pig tin for that month has been issued to the undersigned by the National Production Authority; that his total receipt of pig tin in that month, including that covered by this order, will not exceed 6,000 pounds; that his total use of pig tin in that month will not exceed his permitted use of pig tin pursuant to section 5 of NPA Order M-8; and that the pig tin herein ordered will be used only for the purposes permitted by NPA Order M-8 (Schedule ____, item ____,) as follows: [1]

(Specify end use)

Any person who furnishes the foregoing certification shall not be required to furnish, with respect to pig tin, the certification required by section 8 of this order.

3. Paragraph (a) of section 8 is amended to require a purchaser of tin to certify that receipt of the tin purchased will not cause his receipts of tin to exceed his authorized tin allocation, so that paragraph (a) of section 8 will read as follows (footnote 1 remaining unchanged):

SEC. 8. *Certification.* (a) No person shall sell or deliver any pig tin, secondary tin, solder, babbitt, or any other alloys or materials containing 1.5 percent or more tin (excluding ores and concentrates) until the purchaser has furnished a signed certification in substantially the following form:

The undersigned certifies, subject to the penalties of Title 18, U. S. Code (Crimes), section 1001, that the tin or tin product herein ordered will be used only for the purposes permitted by NPA Order M-8 (Schedule ____, item ____,) or as permitted by special authorization from the National Production Authority as follows: [1]

(Specify end use or authorization case number)

and that the tin herein ordered will not bring the receipts of tin by the undersigned to an amount in excess of his authorized tin allocation.

This certification constitutes a representation by the purchaser to the seller and to the National Production Authority that the tin or tin-bearing products or materials delivered will be used either for the purpose or purposes set forth in the attached schedules or for "implements of war," or for resale without change in form (other than packaging), that such use is not prohibited by other applicable orders or regulations of the National Production Authority, and that receipt of the tin delivered will not cause the purchaser's receipts of tin to exceed his authorized tin allocation.

4. Section 13 is deleted, thereby terminating the requirement that the Reconstruction Finance Corporation, acting for the General Services Administration, shall be the sole importer of tin, and sections 14 to 17, inclusive, are redesignated sections 13 to 16, inclusive.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect August 1, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

[F. R. Doc. 52-8571; Filed, Aug. 1, 1952; 12:17 p. m.]

[NPA Order M-36, as Amended Aug. 1, 1952]

M-36—GOVERNMENT ORDERS FOR PAPER

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the authority of the Defense Production Act of 1950, as amended. In the formulation of this amended order there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

EXPLANATORY

NPA Order M-36, as amended October 15, 1951, is hereby amended to delete the reference to paperboard grades in paragraph (a) of section 2, to change paragraph (b) of section 6 to conform reporting requirements of this paragraph to revised List B, to amend the provisions respecting adjustments or exceptions, reports, and violations to conform to comparable provisions of other current orders, and to revise List B by changing percentages applicable to certain items and deleting tissue papers (except sanitary and crepe wadding for packing), special food boards, and cardboard.

REGULATORY PROVISIONS

Sec.
1. What this order does.
2. Definitions.
3. Reserve production.
4. Directives.
5. Release of reserve production.
6. Reports.
7. Rated orders.
8. Government orders.
9. Relation to other NPA orders and regulations.
10. Request for adjustment or exception.
11. Records and reports.
12. Communications.
13. Violations.

AUTHORITY: Sections 1 to 13 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 3 CFR, 1951 Supp.

SECTION 1. *What this order does.* This order provides rules for placing, accepting, and scheduling Government and rated orders for paper. It applies to paper manufacturers, distributors, and any person placing a Government or rated order for paper. Its purpose is to facilitate the procurement of paper by Government agencies and by private contractors to fill Government and rated orders without unnecessarily disrupting the normal distribution of paper or interfering with maximum production.

SEC. 2. *Definitions.* As used in this order:

(a) "Paper" means any kind of primary paper, including, but not limited to, the grades listed on Census Form M-14A.

(b) "Grade", as hereinafter used, means any category of paper as listed in Census Form M-14A, or any subtype of such category although not specifically mentioned in such form.

(c) "Produce" and "manufacture" mean and include all making and finishing operations necessary to the production of primary paper prior to packing or packaging.

(d) "Schedule" means the completion of all steps ordinarily taken by the manufacturer preliminary to actual manufacture, including acknowledgment to buyer, establishment of detailed specifications, and determination of the time when the order will be manufactured and shipment made.

(e) "Government order" means (1) any DO rated order and (2) any order, whether rated or not, for direct or indirect delivery to any activity on List A except those orders for paper intended for resale at retail, such as civilian type items for resale in military exchanges.

SEC. 3. *Reserve production.* (a) Each manufacturer shall reserve for the month of February 1951, and for each calendar month thereafter, machine time, material, and supplies, sufficient to produce and deliver within such month a total amount of paper to be calculated by applying the percentage specified for each grade in List B of this order to his average monthly production of such grade during the most recent calendar quarter, as reported on Form M-14A as revised.

(b) The National Production Authority may from time to time increase or decrease manufacturers' reserve production by changing the percentages in List B of this order or applying the same or different percentages to other types, grades, or combinations of grades.

SEC. 4. *Directives.* On or before the tenth day of any month, the National Production Authority may direct any manufacturer to produce during such month any grade of paper which such manufacturer is qualified to produce, in total tonnage not exceeding the amount of his reserve production for such month less the Government orders he has already scheduled for that month. The National Production Authority may direct a manufacturer to sell and deliver such tonnage to fill any Government order or orders that it may designate.

SEC. 5. *Release of reserve production.* If, on or before the tenth day of any month, a manufacturer has not received from the National Production Authority directives as to the disposition of all production reserved for such month, in excess of the Government orders he has already scheduled for such month, he may, after the tenth day of such month, apply that production for which no directives have been received as he may desire, subject to the provisions of this order and other orders and regulations of the National Production Authority.

SEC. 6. *Reports.* (a) Each manufacturer of paper and paperboard shall report each month his production of paper and paperboard on Census Form M-14A, Part II.

(b) Each manufacturer of a grade of paper specified in List B of this order shall file in Washington by the last day of each month two reports on Form NPAF-27 (using instructions below which supersede instructions printed on Form NPAF-27, dated July 13, 1951) showing Government orders he has scheduled for production, as follows:

(1) One such report shall include all his Government orders scheduled for the next following month.

(2) The other such report shall include all such orders scheduled for the second succeeding month.

In addition, any paper manufacturer may report, on Form NPAF-27, a revised schedule of Government orders at any time during the month preceding that in which they are scheduled, but not oftener than once a week. Having once reported a qualified order as scheduled for production, the manufacturer shall produce such order as reported. He may report the same order as scheduled for a different month only if requested by the buyer to reschedule such order, and the change is indicated on Form NPAF-27.

Example: Manufacturer X shall file by October 31 a preliminary report of his Government orders scheduled for production in December and a revised report of his November schedule. His revised November production report will replace the preliminary report filed on September 30. He may file revisions of his December schedule weekly during November.

(c) The paper manufacturer's reserve tonnage position as shown on his NPAF-27 forms will be taken into consideration by the National Production Authority in issuing such directives as may be found necessary under this order.

SEC. 7. *Rated orders.* (a) No manufacturer shall be required to accept DO rated orders for paper for shipment in any one month in excess of his reserve production for that month less his tonnage of Government orders already scheduled for that month.

(b) Unless specifically directed by the National Production Authority, no manufacturer need accept a DO rated order which is received less than 40 days prior to the first day of the month in which shipment is requested.

SEC. 8. *Government orders.* No person shall knowingly represent to a paper manufacturer that such person's order for paper is a "Government order", which such manufacturer may credit against his reserve production, unless such order actually qualifies as such and he is entitled to do so. No person shall apply or extend a rating, or claim the benefits of this order, for paper after he has received the paper to fill such Government order, nor shall he order any greater amount of paper than actually required to fill a rated order, or to fill a direct or indirect order of any activity on List A of this order. This does not prohibit a person from using a rating or claiming the benefits of this order to replace in his inventory paper used to fill a Government order, subject to the restrictions of paragraph (b) of section 5 of NPA Reg. 2.

SEC. 9. *Relation to other NPA orders and regulations.* This order supplements NPA Reg. 2, as amended, which sets forth the basic rules of the priorities system, and only those provisions of that regulation which are contradictory to this order are superseded. All other provisions of NPA Reg. 2 and all other NPA orders and regulations not in conflict with this order continue to apply to the paper industry.

SEC. 10. *Request for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, that any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment or exception claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, by letter in triplicate, and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 11. *Records and reports.* (a) Each person participating in any transaction covered by this order shall make and preserve, for at least 3 years thereafter, accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available for inspection and audit by duly authorized representatives of the National Production Authority, at the usual place of business where maintained.

(c) Persons subject to this order shall make such records and submit such other reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139–139F).

SEC. 12. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-36.

SEC. 13. *Violations.* Any person who willfully violates any provision of this order, or any other order or regulation of NPA, or who willfully furnishes false information or conceals any material fact in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order as amended shall take effect August 1, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

LIST A OF NPA ORDER M-36

1. United States Department of Defense; including all groups and subgroups.
2. Atomic Energy Commission.
3. United States Coast Guard.
4. National Advisory Committee for Aeronautics.
5. Civil Aeronautics Administration.
6. Tennessee Valley Authority.
7. U. S. Department of Justice, Bureau of Prisons.
8. United States Government Printing Office.
9. United States Bureau of Engraving and Printing.
10. General Services Administration.
11. United States Post Office.
12. Reconstruction Finance Corporation, Office of Rubber Reserve.

13. The Secretary of the Senate and the Clerk of the House of Representatives.
14. Producers of products or parts thereof for any of the activities listed above to the extent that the primary paper is to be used exclusively as a component part of the product to be delivered on a contract or purchase order issued by such activity.
15. Any activity of the United States Government not listed above normally required to obtain paper and printed matter through or from the United States Government Printing Office if and when the GPO grants a waiver of such requirement, and manufacturers of products using paper for any such activity, to the extent that the primary paper is to be used exclusively as a component part of the product to be delivered, on a contract or purchase order issued by such activity if and when such a waiver is granted. Any such waiver must have been granted for the specific contract or purchase order concerned and an adequate identification of the waiver number and date of issuance thereof must be endorsed upon the contract or purchase order.

LIST B OF NPA ORDER M-36

Grade	M-14 A (part II) code Nos.	Percent
Newsprint	10000-10200	5
Groundwood paper, uncoated	11000-11900	5
Paper-machine coated papers and book papers	12000-13990	5
Fine papers (except rag writing papers)	14201-14690	10
Rag writing papers	14101-14119	10
Coarse papers (unbleached kraft grades only)	15111, 15112, 15211, 15212, 15311, 15319, 15911-15919	5
Coarse papers (other than unbleached kraft grades only)	15120, 15191-15194, 15220, 15290, 15320, 15330, 15920, 15991-15999	5
Special industrial papers	16000-16990	15
Sanitary tissue stock	17000-17900	5
Crepe wadding for packing	18700	25
Absorbent papers	19000-19900	5

[F. R. Doc. 52-8572; Filed, Aug. 1, 1952; 12:17 p. m.]

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 10191]

PART 18—INDUSTRIAL, SCIENTIFIC AND MEDICAL SERVICE

MISCELLANEOUS AMENDMENTS

In the matter of amendment of Part 18, rules and regulations relating to Industrial, Scientific and Medical Service, Docket No. 10191.

On May 7, 1952, the Commission issued a notice of proposed rule making in the above-entitled matter. The proposed amendment would provide for group certification of industrial heating equipment and miscellaneous equipment.

Interested persons were given until June 16, 1952, to file comments thereon. Comments were received from three parties. Motorola, Inc., in their comments stated that the suppression of radiated energy to 10 microvolts per meter at a distance of one mile from industrial heating equipment is totally inadequate. Since that matter was resolved at the time Part 18 of the rules was adopted, and no new evidence was introduced, the comments of Motorola were not considered as being relevant to this proceeding.

Radio Corporation of America commented favorably upon the adoption of the proposed amendment without change.

The comments filed by General Electric Company were generally in favor of the adoption of the proposed amendment. General Electric suggested that the figure 20 db proposed in § 18.23 (c) be changed to 6 db. It is the belief of the Commission that the suggested change would not be adequate to assure that the actual lobe of maximum radiation was selected for the purpose of making measurements to a distance of one mile. The figure was changed, however, to 15 db, which is believed to be adequate for the desired purpose.

All comments received have been given careful consideration and it appears that no new issues or facts which would require oral argument or hearing are raised, and it is not believed that oral argument or hearing would contribute to a decision in this matter. Accordingly, it is ordered this 23d day of July 1952, that the amendment to Part 18 of the Commission's rules and regulations relating to Industrial, Scientific and Medical Service as set forth below shall become effective immediately.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154)

Released: July 24, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. Amend § 18.22 to read as follows:

§ 18.22 *Operation outside of assigned frequency bands.* A station license is not required for the operation of industrial heating equipment outside of the frequency bands specified in § 18.21 (a), provided such operation is in accordance with the general conditions of operation set out in the guarantee or certificate required in paragraph (b) of this section, and meets the following conditions:

(a) The equipment used in such operation shall be operated within a room or space with sufficient shielding and power line filtering so that the emissions of radiofrequency energy generated by such operation, including spurious and harmonic emissions will not exceed a strength of 10 microvolts per meter at a distance of one mile from the location of the industrial heating equipment as defined in § 18.22 (d) on frequencies other than those specified in § 18.21 (a): *Provided, however,* That if the certification includes more than one machine, the distance of one mile shall be decreased by an amount equivalent to the radius of the circle encompassing the several units. The radiofrequency field from power lines due to radiofrequency energy originating with such equipment at distances beyond one mile must be less than 10 microvolts per meter when measured at one mile from the location of such equipment and 50 feet from the power line.

(b) There shall be affixed to each unit of equipment so operated or posted in the room or location in which such operation occurs, a dated certificate of a duly qualified engineer, or a dated certificate or name plate of the manufacturer of such equipment, setting forth the general conditions under which such equipment should be operated and certifying that the equipment involved may reasonably be expected to meet the requirements of this section under the described conditions of operation for at least three years. The certification required by this section shall describe with certainty the apparatus covered thereby, and shall include a brief statement of the engineering tests upon which the certification is based and the results thereof. Field intensity measurements in such tests shall be made in accordance with the provisions of § 18.23. It shall be the responsibility of the operator to have the equipment recertified when changes have been made that might increase the radiation beyond the specified limits.

(c) The certification required in paragraph (b) of this section shall be renewed for particular equipment by such date as the Commission may specify if the Commission has reason to believe that the operation of such equipment may be inconsistent with the provisions of this part or source of interference to radio communication.

(d) The location of the industrial heating equipment may be considered to be the actual physical location of such equipment or, where several such units are grouped within a circle of 500 feet radius or less, these several units may, at the election of the certifying engineer be considered as a single unit, the location of which will be the center of the smallest enclosing circle.

2. Amend § 18.23 to read as follows:

§ 18.23 *Measurement of field intensity.* Measurements to determine the field intensity of radiofrequency energy generated by industrial heating equipment shall be made in accordance with standard engineering procedures and shall include the following:

(a) An approved type of field intensity meter employing loop pickup shall be used for measurements on the frequencies of 18 Mc. and below, and such a meter with a doublet antenna shall be used for measurements on frequencies above 18 Mc. Appropriate techniques shall be resorted to for measurements in the micro-wave region of the spectrum.

(b) Prior to the determination of the maximum field intensity at 1 mile, a sufficient number of measurements shall be made in the vicinity of the industrial heating equipment to enable plotting of the polar radiation pattern and to assure the correct determination of the major lobes. Where conditions permit, these measurements shall be made at intervals of not more than 20 degrees in azimuth directions and at distances not exceeding 1,000 feet from the location of the equipment. The measurements so obtained shall be reduced to the equivalent field intensities at 1,000 feet.

(c) The field intensity measurements for the maximum field intensity at one mile shall be made along the radial corresponding to the lobe of maximum radiation as determined from the polar radiation pattern. Sufficient measurements shall be made along radials extending through all lobes which are within 15 db of the apparent maximum lobe, as determined in paragraph (b) of this section to assure that the assumed lobe of greatest field intensity is in fact the maximum lobe. If two or more lobes of radiation of approximately the same intensity are present, measurements to determine field intensity shall be made along the several radials for such lobes. Where possible, field intensity measurements shall be made along each radial at intervals of not greater than 500 feet and an average curve drawn for measured field intensity in microvolts per meter versus distance in feet. Where necessary, the average curve shall be extended to show the extrapolated field intensity at one mile. In those cases where it is impractical to conduct measurements along the radial of maximum radiation a sufficient number of field intensity measurements will be made to clearly indicate the magnitude of the radiation field in the sector containing the lobe of maximum radiation.

(d) Where there is evidence of radiation from power lines, field intensity measurements shall be made at not less than three points along the power line located approximately 1 mile from the location of the industrial heating equipment causing such radiation and to include a length of power line not less than 500 feet. One point of measurement shall lie within the 1-mile distance and the other beyond. At each of these points at least three measurements of field intensity shall be made along a line normal to the power line and out to a distance from the power line not exceeding 50 feet.

(e) The field intensities specified herein refer to the maximum field intensity, regardless of polarization, measured at a height of 12 feet above the immediate terrain or at such lower height at which the field intensity may exceed that at 12 feet.

3. Amend § 18.31 to read as follows:

§ 18.31 *Miscellaneous equipment.* (a) The operation without a license of miscellaneous equipment, as defined in § 18.2 (d), generating radio frequency power of 500 watts or less, shall be in compliance with the provisions of this part for medical diathermy apparatus.

(b) Operation of such equipment generating radiofrequency power in excess of 500 watts shall be in compliance with the requirements for medical diathermy apparatus except that the maximum radiated field permitted shall be increased as the square root of the ratio of the generated power to 500 watts: *Provided,* That the radiated field shall in no case exceed the fields permitted industrial heating apparatus: *And provided further,* That equipment used in predominantly residential areas and operating on frequencies below 1,000 Mc. shall not be permitted the increase in field with power as indicated in this paragraph, but shall be subject to the restrictions contained in this paragraph for diathermy equipment.

(c) Miscellaneous equipment, as defined in § 18.2 (d), may be type approved under procedures similar to that for diathermy equipment with such changes in the above procedure as may be required because of the nature of the particular equipment involved.

(d) For the purpose of field intensity measurements, the location of the miscellaneous equipment may be considered to be the actual physical location of such equipment or, where several such units are grouped within a circle of 200 feet radius or less, the several units may, at the election of the certifying engineer, be considered as a single unit, the location of which will be the center of the smallest enclosing circle: *Provided, however,* That if the certification includes more than one unit, the distance of 1,000 feet at which the maximum permissible radiation is determined shall be decreased by an amount equivalent to the radius of the circle encompassing the several units.

(e) It shall be the responsibility of the operator to have the equipment recertified when changes have been made that might increase the radiation beyond the specified limits.

[F. R. Doc. 52-8481; Filed, Aug. 1, 1952; 8:52 a. m.]

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

PART 57—RECORDATION OF DOCUMENTS

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 28th day of July A. D. 1952.

There being under consideration the provisions of section 20c of the Interstate Commerce Act, as amended, providing for the recordation of any mortgage, lease, equipment trust agreement, conditional sale agreement, or other instrument evidencing the mortgage, lease, conditional sale, or bailment of railroad rolling stock, as described in said section:

It is ordered, That the following rules and regulations be, and they are hereby, approved and prescribed, and that all carriers filing such documents for the recordation thereof under the provisions of section 20c of the act, observe and comply with these rules and regulations:

Sec.
57.1 Definitions.
57.2 Submission of documents for recording.
57.3 Eligibility of documents.
57.4 Form and contents of letter of transmittal.
57.5 Administrative procedure.

AUTHORITY: §§ 57.1 to 57.5 issued under 66 Stat. 724; 49 U. S. C. 20c.

§ 57.1 *Definitions.* As used in this part, "document" means:

(a) A mortgage, lease, equipment trust agreement, conditional sale agreement, or other instrument evidencing the mortgage, lease, conditional sale or bailment of, railroad cars, locomotives, or other rolling stock used or intended for use in connection with interstate commerce; and

(b) Any assignment of rights or interest under any such instrument, or any supplement or amendment to any such instrument or assignment (including any release, discharge or satisfaction thereof, in whole or in part).

§ 57.2 *Submission of documents for recording.* Documents to be recorded shall be submitted in person or by registered mail addressed to the Secretary of the Interstate Commerce Commission, Washington 25, D. C.

§ 57.3 *Eligibility of documents.* A document shall be eligible for recordation only if:

(a) The document is in writing (handwriting, typewriting, or print), executed by the parties thereto, and acknowledged or verified as provided in paragraph (c) of this section.

(b) The original document and, for retention in the files of the Commission, two counterparts thereof, or, if counterparts have not been executed and acknowledged by the parties, two certified true copies thereof, are submitted. A certified true copy of an original document is one which is a complete copy of the original in all respects, including the dates, signatures, and acknowledgments and to which is attached a certificate of a notary public, stating that such officer has compared the copy with the original document and that it is a true and correct copy in all respects.

(c) Documents submitted for recordation shall be acknowledged or verified:

(1) In a form authorized by the law of the state, territory, district, or possession where executed for the acknowledgment or verification of deeds of land, or

(2) In a form substantially as follows:

INDIVIDUAL FORM OF ACKNOWLEDGMENT

STATE OF ----------
County of ----------, *ss:*

On this ------ day of ----------, 19----, before me personally appeared (name of signer), to me known to be the person described in and who executed the foregoing instrument and he acknowledged that he executed the same as his free act and deed.

[SEAL] ----------

(d) The document is accompanied by the required recordation fee, which, (1) for each document of the type named in § 57.1 (a), shall consist of $50 for each million dollars, or part thereof, of the indebtedness evidenced by such document, and (2) for each document of the type named in § 57.1 (b) shall be $10. A lease and agreement (Philadelphia Plan) shall be counted as one document.

§ 57.4 *Form and contents of letter of transmittal.* (a) The letter of transmittal requesting the recording of documents as described in § 57.1 (a) and (b) shall be typewritten or printed on paper approximately 8½ x 11 inches with 1½ inch margin on the left side.

(b) The letter shall set forth the names and addresses of the parties to the transaction as follows:

Conditional sale—vendor, purchaser, guarantor.
Mortgage—mortgagor, mortgagee, guarantor.
Equipment trust — vendor, trustee-lessor, lessee, guarantor of lease.
Lease—lessee, lessor, guarantor.
Bailment—bailor, bailee, guarantor.
Other transactions—principal debtors, trustee, guarantor and other parties to the transaction.

(c) A general description of the equipment covered by the document, whether locomotives, car or other rolling stock, the type of such equipment, with A. A. R. mechanical designation, if any, the number of each type, and identifying marks such as the name or initials of the lessee or vendee railroad, the road or serial number, or if more than one number of each type, the first and last inclusive numbers.

(d) In connection with the documents listed in § 57.1 (b) the application shall refer to the prior recording of the document by the recordation number, and the date and hour of such recordation.

(e) The letter of transmittal shall be signed by an executive officer of the transmitting carrier having knowledge of the matters set forth therein and shall show the name and address of the person to whom the original document should be returned.

§ 57.5 *Administrative procedure.* (a) At the time of filing of a document with the Commission pursuant to the provisions of section 20c of the act, there will be stamped upon the original document and also upon the copies of same a consecutive recordation number and the date and hour of recordation with a notation to the effect that it has been filed pursuant to the provisions of section 20c of the act. The original will then be returned and the counterparts or copies retained in the Commission's files.

(b) The Commission will establish, maintain and keep open to public inspection under appropriate rules, an index showing the recordation number, together with other pertinent information of each document recorded under the provisions of section 20c of the act. When the document is one named in § 57.1 (b) a notation to that effect will be made also on the index showing the original recordation.

(c) There will also be established and maintained and kept open to public inspection under appropriate rules, an index showing for each railroad, the recordation number of all documents to which it is a party which have been filed under section 20c of the act.

(d) The Commission cannot undertake to answer inquiries concerning the title to any unit or units of rolling stock, or any document recorded under the provisions of section 20c. Individuals interested in such information, however, may make a personal search of the records or may avail themselves of the service of an agent or attorney.

And it is further ordered, That notice of these regulations will be given to the general public by posting copies in the office of the Secretary, Interstate Commerce Commission, Washington, D. C., and by filing with the Director of the Federal Register, Washington, D. C.

By the Commission, Division 1.

[SEAL] W. P. BARTEL, *Secretary.*

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 921]

[Docket No. AO-222 A-2]

HANDLING OF MILK IN SPRINGFIELD, MISSOURI, MILK MARKETING AREA

PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Greene County Courthouse, Springfield, Missouri, beginning at 9:30 a. m., c. s. t., August 7, 1952, for the purpose of receiving evidence with respect to emergency and other economic conditions which relate to the handling of milk in the Springfield, Missouri marketing area, and to proposed amendments hereinafter set forth, or appropriate modifications thereof to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Springfield, Missouri, milk marketing area (7 CFR Part 921 et seq.). These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the order, as amended, regulating the handling of milk in the Springfield, Missouri, milk marketing area were proposed, as follows:

By the Greene County Milk Producers Association:

1. Delete the last three words of paragraph (a) of § 921.51, namely: "minus 27 cents"; and add the following: "*Provided further*, That for the delivery periods of September 1952 through March 1953 the price for Class I milk shall be the basic formula price for the preceding delivery period plus two dollars ($2.00)."

2. Change the present paragraph (b) of § 921.51 to paragraph (c) and insert the following:

(b) Class I milk moved in bulk to any place more than 125 miles from the City Hall in Springfield, Missouri, during any of the delivery periods of July through March shall be classified separately and its price shall be seventy cents (70¢) per hundredweight, higher than the price otherwise computed pursuant to paragraph (a) of this section.

3. In the first sentence of § 921.51, delete "§ 921.52" and substitute therefor: "§§ 921.52 and 921.53", and add a new section after § 921.52 as follows:

§ 921.53 *Location adjustment credit to handlers.* For that portion of milk which (a) is received directly from producers at an approved plant described in § 921.10 or at a receiving platform, either of which is located more than 35 miles from the City Hall in Springfield and (b) is moved to an approved plant in the marketing area in the form of milk, skim milk or cream, the prices specified in § 921.51 shall be subject to a location adjustment credit to the handler, computed as follows:

Distance from the City Hall in Springfield:	*Cents per hundredweight*
35 to 50 miles	15
50.1 to 65 miles	17
65.1 to 80 miles	19

4. Change the numbers of the present §§ 921.81 to 921.88 so these sections will be numbered from §§ 921.82 to 921.89, respectively, and add a new § 921.81 as follows:

§ 921.81 *Location adjustments to producers.* In making payments to producers pursuant to § 921.80, each handler may deduct per hundredweight of milk purchased or received from producers at an approved plant described in § 921.10 or at a receiving platform either of which is located 35 or more miles from the City Hall in Springfield, the applicable amounts set forth below:

Distance from the City Hall in Springfield:	*Cents per hundredweight*
35 to 50 miles	15
50.1 to 65 miles	17
65.1 to 80 miles	19

By The Patton Creamery Company:

5. Delete the last eight words of the last sentence of § 921.87. This section would then read as follows:

§ 921.87 *Expense of administration.* As his pro rata share of the expense of administration of this subpart each handler shall pay to the market administrator, on or before the 15th day after the end of the delivery period, 5 cents per hundredweight, or such lesser amount as the Secretary may prescribe, with respect to all receipts within the delivery period of producer milk, (including such handler's own production).

By Dairy Branch, Production and Marketing Administration:

6. Make such changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the order now in effect may be procured from the Market Administrator, 4030 Chouteau Avenue, St. Louis 10, Missouri, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: July 30, 1952.

[SEAL] ROY W. LENNARTSON, *Assistant Administrator.*

[7 CFR Part 931]

[Docket No. AO-229-A-1]

HANDLING OF MILK IN CEDAR RAPIDS-IOWA CITY MARKETING AREA

PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Assembly Room, Chamber of Commerce Building, May's Island, Cedar Rapids, Iowa, beginning at 10:00 a. m., August 7, 1952, for the purpose of receiving evidence with respect to emergency and other economic conditions which relate to the proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order regulating the handling of milk in the Cedar Rapids-Iowa City marketing area. These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the order for the Cedar Rapids-Iowa City marketing area have been proposed as follows:

By Johnson County Cooperative Milk Producers Association, Cedar Rapids Cooperative Dairy Company, and Eastern Iowa Cooperative Milk Producers Association:

1. Delete § 931.50 (a) and substitute therefor the following:

(a) *Class I milk.* The price established per hundredweight of Class I milk under Order No. 44, as amended, regulating the handling of milk in the Quad Cities marketing area.

2. Revise the list of plants contained in § 931.50 (b) (1) to include the Carnation Company, Waverly, Iowa.

Copies of this notice of hearing, the said order, as amended, and the said tentative marketing agreement may be procured from the Market Administrator, 715 American Building, Cedar Rapids, Iowa, or from the Hearing Clerk, United States Department of Agriculture, Room 1353, South Building, Washington 25, D. C., or may be there inspected.

Dated: July 28, 1952.

[SEAL] GEORGE A. DICE, *Acting Assistant Administrator.*

[7 CFR Part 950]

PEACHES GROWN IN UTAH

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1952-53 FISCAL YEAR

Consideration is being given to the following proposals which were submitted by the Administrative Committee, established under the marketing agreement and Order No. 50 (7 CFR Part 950), regulating the handling of peaches grown in Utah, as the agency to administer the terms and provisions thereof:

(a) That the Secretary of Agriculture find that expenses not to exceed $6,000.00 are likely to be incurred by said committee during the fiscal year beginning May 1, 1952, and ending April 30, 1953, both dates inclusive, for its maintenance and functioning under the aforesaid marketing agreement and order; and

(b) That the Secretary of Agriculture fix, as the share of such expenses which each handler who first ships peaches shall pay in accordance with the provisions of the aforesaid marketing agreement and order during the aforesaid fiscal year, the rate of assessment at $0.015 per bushel basket of peaches, or an equivalent quantity of peaches in other containers or in bulk, shipped by such handler during said fiscal year.

All persons who desire to submit written data, views, or arguments for consideration in connection with the aforesaid proposals may do so by mailing the same to the Director, Fruit and Vegetable Branch, Production and Marketing Administration, Room 2077, South Building, Washington 25, D. C., not later than the 10th day after the publication of this notice in the FEDERAL REGISTER.

Terms used in the marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued this 29th day of July 1952.

[SEAL] S. R. SMITH, *Director, Fruit and Vegetable Branch.*

[7 CFR Part 958]

IRISH POTATOES GROWN IN COLORADO

NOTICE OF PROPOSED BUDGET AND RATE OF ASSESSMENT

Notice is hereby given that the Secretary of Agriculture is considering the approval of the budget and rate of assessment hereinafter set forth, which were recommended by the administrative committee for Area 1, established pursuant to Marketing Agreement No. 97 and Order No. 58 (7 CFR 958), regulating the handling of Irish potatoes grown in the State of Colorado, issued under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.).

Consideration will be given to any data, views, or arguments pertaining thereto, which are filed in triplicate with the Director, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 15 days following publication in the FEDERAL REGISTER. The proposals are as follows:

§ 958.210 *Budget of expenses and rate of assessment.* (a) The expenses necessary to be incurred by the administrative committee for Area No. 1, established pursuant to Marketing Agreement No. 97 and Order No. 58, to enable such committee to carry out its functions pursuant to the provisions of the aforesaid marketing agreement and order, during the fiscal year ending May 31, 1953, will amount to $900.00.

(b) The rate of assessment to be paid by each handler who first ships potatoes shall be one cent ($0.01) per hundredweight of potatoes handled by him as the first handler thereof during said fiscal year; and

(c) The terms used in this section shall have the same meaning as when used in Marketing Agreement No. 97 and Order No. 58 (7 CFR Part 958).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 29th day of July 1952.

[SEAL] S. R. SMITH, *Director, Fruit and Vegetable Branch, Production and Marketing Administration.*

CIVIL AERONAUTICS BOARD

[14 CFR Part 42]

LIMITATIONS FOR DEADHEAD TRANSPORTATION

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board amendments to Part 42 of the Civil Air Regulations as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rule, communications must be received by September 2, 1952. Copies of such communications will be available after September 4, 1952, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

Section 42.48 of Part 42 of the Civil Air Regulations presently provides that time spent in deadhead transportation to or from a duty assignment shall not be considered part of a rest period. It further provides limitations on the time a pilot may be on duty during a 24-hour period. However, there is no limitation on the time which may be spent in deadhead transportation to a flight duty assignment immediately prior to such duty. From testimony offered at recent hearings held as a result of accidents in irregular air carrier operations and from information acquired from other sources it is now apparent that the deadheading of pilots to a point where they are to begin a tour of duty on the flight deck has been carried to undesirable lengths and beyond that contemplated when the flight time limitations were established. There is a record of many cases where a pilot has been required to ride as a passenger for several hours and then take over the duties of pilot in command. In several instances this has resulted in a pilot being on duty in excess of 30 consecutive hours. Under such conditions it is probable that the safety of the flight is jeopardized when a pilot, already fatigued, begins a tour of duty as pilot in command or as copilot.

The Bureau, therefore, proposes to add a new subparagraph to § 42.48 (a) of Part 42 which will provide that time spent in deadhead transportation shall be considered on-duty time though not as time aloft. It is also proposed that the definition of "crew member" as defined in § 42.1 (a) (8) be corrected in order to remove the ambiguity created in § 42.48.

It is therefore proposed to amend Part 42 of the Civil Air Regulations (14 CFR Part 42, as amended), as follows:

1. By amending § 42.1 (a) (8) to read as follows:

§ 42.1 *Definitions.* (a) • • •

(8) *Crew member.* Crew member means any individual assigned for the performance of duty on the aircraft.

2. By amending § 42.48 (a) (2) by striking the second sentence thereof.

3. By adding a new subparagraph (7) to § 42.48 (a) to read as follows:

§ 42.48 *Flight time limitations for pilots on large aircraft.* • • •

(a) *Individual pilot limitations.* • • •

(7) Time involved in transportation of a pilot required and provided by an air carrier to an airport at which he commences service as a flight crew member shall be computed as "on-duty" time but need not be computed as "time aloft". Time spent in any deadhead transportation shall in no case be considered as part of a required rest period.

These amendments are proposed under authority of Title VI of the Civil Aeronautics Act of 1938, as amended. The proposals may be changed in the light of comments received in response to this notice of proposed rule making.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a). Interpret or apply secs. 601–610, 52 Stat. 1007–1012; 49 U. S. C. 551–560)

Dated July 29, 1952, at Washington, D. C.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN, *Director.*

[F. R. Doc. 52-8485; Filed, Aug. 1, 1952; 8:53 a. m.]

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 2]

[Docket No. 10239]

FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

MARITIME MOBILE SERVICE

In the matter of amendment of Part 2 of the Commission's rules and regulations concerning the allocation of certain frequencies to stations in the maritime mobile service, Docket No. 10239.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Atlantic City Table of Frequency Allocations (1947) allocates certain bands of frequencies for use by the maritime mobile service. In addition, the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951), to which the United States is a signatory, sets forth the coast telegraph assignments for the United States. As an initial step looking toward the licensing of coast telegraph stations in accordance with the Geneva Agreement, the Commission proposes to amend § 2.104 (a) of the Commission's rules and regulations to provide that, as of October 1, 1952, frequencies in the following maritime mobile bands will be available for use only in accordance with the Atlantic City Table of Frequency Allocations:

Kc
4238– 4368
6357– 6525
8476– 8745
12714–13130
16952–17290

3. The proposed amendment to the rules is issued under the authority of sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended, the Final Acts of the International Telecommunication and Radio Conferences, Atlantic City (1947) and the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951). Existing assignments in the foregoing coast telegraph bands may continue in force until such time as formal proceedings are instituted and consummated for their deletion.

4. Any interested person who is of the opinion that the proposed amendment should not be adopted may file with the Commission on or before August 29, 1952, a written statement or brief setting forth his comments. Persons desiring to support the amendment may also file comments by the same date. Replies to such comments may be filed within ten days from the last day for filing original comments. The Commission will consider all comments and briefs presented before taking final action with respect to the proposed amendment.

5. Fifteen copies of each brief or written statement should be filed as required by § 1.764 of the Commission's rules and regulations.

Adopted: July 23, 1952.

Released: July 24, 1952.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE, *Secretary.*

[47 CFR Part 2]

[Docket No. 10241]

FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of Part 2 of the Commission's rules and regulations concerning the Allocation of Frequencies in the Bands 4177–4187 kc, 6265.5–6280.5 kc, 8354–8374 kc, 12531–12561 kc and 16708–16748 kc, Docket No. 10241.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. In accordance with the Agreement concluded at the Extraordinary Administrative Radio Conference, Geneva, 1951, the Commission has instituted proceedings to modify the authorizations of certain stations operating in the 4177–4187 kc, 6265.5–6280.5 kc, 8354–8374 kc, 12531–12561 kc and 16708–16748 kc bands of frequencies so as to bring all

authorizations in those bands into conformity with the Atlantic City (1947) Table of Frequency Allocations as of June 3, 1953. It is therefore proposed to amend the Commission's Table of Frequency Allocations in § 2.104 (a) of the Commission's rules to provide that, as of June 3, 1953, frequencies in the above mentioned bands will be available for use only as ship telegraph calling frequencies in accordance with the Atlantic City Table of Frequency Allocations.

3. The proposed amendment is issued under authority of section 301, 303 (c) and 303 (r) of the Communications Act of 1934, as amended.

4. Any interested party who is of the opinion that the proposed rule should not be adopted or should not be adopted in the form set forth herein may file with the Commission, on or before August 29, 1952, a written statement or brief setting forth his comments. Replies to such comments may be filed within ten days from the last day for filing original comments. The Commission will consider all comments that are received before taking final action in the matter.

5. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: July 23, 1952.

Released: July 24, 1952.

[47 CFR Part 12]

[Docket No. 10237]

AMATEUR RADIO SERVICE

SPECIFIC CALLING, ANSWERING AND EMERGENCY BANDS

In the matter of amendment of Part 12 of the Commission's rules and regulations to designate specific amateur calling, answering and emergency communications frequency bands, Docket No. 10237.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Commission proposes to amend Part 12, Amateur Radio Service, to provide:

(a) Specific frequency bands, within the regularly allocated amateur frequency bands, to be used only for calling and answering by amateur stations, except in the case of a communications emergency when they may be used for actual emergency traffic.

(b) Specific frequency bands, within the regularly allocated amateur frequency bands, to be cleared of all normal amateur operation in any given area whenever the Commission determines that a state of communications emergency exists in that area.

(c) Procedure for the expeditious declaration of a state of communications emergency in any area, whenever the Commission has determined that a state of communications emergency actually exists in that area, and the clearing of normal amateur operation in that area from the designated amateur emergency communications bands as well as any other amateur frequency bands or segments of such bands which appear to be essential for emergency communications purposes.

3. The proposed amendments, which are set forth in full below, are issued under the authority of sections 4 (i) and 303 (c) and (r) of the Communications Act of 1934, as amended.

4. Any interested party who is of the opinion that the proposed amendments should not be adopted or should not be adopted in the manner proposed herein may file with the Commission on or before September 19, 1952, a statement or brief setting forth his comments. At the same time persons favoring the amendment as proposed may file statements in support thereof. Comments or briefs in reply to the original comments or briefs may be filed within fifteen days from the last day for filing the said original comments or briefs. The Commission will consider all such comments, briefs, and statements before taking final action. If any comments are received which appear to warrant the Commission in holding an oral argument before final action is taken, notice of the time and place of such oral argument will be given such interested parties.

5. In accordance with the provisions of § 1.764 of the Commission's rules, an original and fourteen copies of all statements, briefs or comments shall be furnished the Commission.

Adopted: July 23, 1952.

Released: July 29, 1952.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE, *Secretary.*

1. Add new § 12.112 to read as follows:

§ 12.112 *Exclusive calling and answering frequencies.* (a) Subject to the limitations and restrictions set forth in this section and in §§ 12.111 and 12.114, the following segments of the authorized amateur frequency bands shall be reserved for initial calling and answering for the purpose of establishing communications, or for actual emergency message traffic only, and shall not be available for use by amateur stations when transmitting for other authorized purposes except as may be specifically authorized under the provisions of § 12.156:

Authorized amateur frequency bands:	*Calling and answering band segments*
1800–2000 kc	1800–1807 kc 1993–2000 kc
3500–4000 kc	3500–3510 kc 3990–4000 kc
7000–7300 kc	7095–7105 kc 7290–7300 kc
14000–14350 kc	14040–14050 kc 14220–14230 kc
28.0–29.7 mc	29.63–29.65 mc
50.0–54.0 mc	50.35–50.37 mc
144–148 mc	145.17–145.19 mc
220–225 mc	220.0–220.5 mc

(b) The following restrictions shall be observed by all stations operating in the segments of the amateur frequency bands specified in paragraph (a) of this section, when making initial calls or answering such calls for the purpose of establishing communications:

(1) An initial call, or an answer to an initial call, shall consist of the call sign of the station being called, transmitted not more than four times, the necessary operating procedure signals or words, and the call sign of the station calling transmitted not more than four times. Such initial call or answer to an initial call shall not be repeated for a period of at least five minutes. An initial call may include a general call, including directional, geographical or special indicators if desired, in lieu of the call sign of a specific station being called. When transmitted by telephony, an initial call or an answer to an initial call may include the use of phonetic spelling of the call sign(s) of the station(s) involved.

(2) When communication is established by means of an initial call and an answer to an initial call, further transmissions by the stations involved, in the specified calling and answering band segments, shall be limited to those necessary to determine the frequency or frequencies on which further communication is to be carried on outside those band segments.

(c) The calling and answering frequency band segments specified in paragraph (a) of this section shall not be utilized for the purpose of establishing communication by means other than telegraphy using the International Morse Code, or radiotelephony where authorized, nor shall they be utilized for communications consisting solely of an exchange of signal strength reports or similar information when further communication on other frequencies between the stations involved is not contemplated.

2. Amend § 12.156 to read as follows:

§ 12.156 *Operation in emergencies.* In the event of an emergency disrupting normally available communication facilities in any wide-spread area or areas, the Commission, in its discretion, may declare that a general state of communications emergency exists, designate the area or areas concerned, and specify the amateur frequency bands, or segments of such bands, in addition to those provided by this section for use only by amateurs participating in emergency communication within or with such affected area or areas. Amateurs desiring to request the declaration of such a state of emergency should communicate with the Commission's Regional Manager of the area concerned. Whenever such declaration has been made, operation of and with amateur stations in the area concerned, using frequencies in the emergency communications bands, shall be only in accordance with the requirements set forth in this section, but such requirements shall in no wise affect other normal amateur communication in the affected area when conducted on frequencies not designated for emergency operation.

(a) The following segments of authorized amateur frequency bands, together with such authorized amateur frequency bands or segments of such bands as may be additionally specified by the Commission in its declaration of a general state of communications emergency, shall become amateur emergency communications bands and shall be available only for use by amateur stations actually engaged in communications essential to the protection of life and property, or the alleviation of human suffering and need:

Authorized amateur frequency bands:	*Amateur emergency communications bands*
1800–2000 kc	1800–1825 kc 1875–1900 kc 1900–1925 kc 1975–2000 kc
3500–4000 kc	3500–3550 kc 3950–4000 kc
7000–7300 kc	7075–7125 kc 7275–7300 kc
14000–14350 kc	14000–14050 kc 14200–14250 kc
28.0–29.7 mc	28. 5–28. 8 mc 29. 4–29. 7 mc
50.0–54.0 mc	50. 0–50. 8 mc 53. 2–54. 0 mc
144–148 mc	145. 0–146. 0 mc 146. 5–147. 5 mc
220–225 mc	220. 0–225. 0 mc

(b) All transmissions within all specified amateur emergency communication bands other than communications relating directly to relief work, emergency service, or the establishment and maintenance of efficient amateur radio networks for the handling of such communications, shall be suspended. Incidental calling, answering, testing or working (including casual conversation, remarks or messages) not pertinent to constructive handling of the emergency situation shall be prohibited within those bands.

(c) A 5-minute listening period for the first five minutes of each hour shall be observed, insofar as practicable, by all stations for the purpose of listening for initial calls of major importance or calls from isolated stations in the frequency band segments reserved in § 12.112 for initial calling and answering. During such listening period no transmissions shall be made on the designated calling and answering frequencies other than for initial calls and replies in connection with the emergency situation or for the handling of emergency communications of extreme importance.

(d) The Commission may designate certain amateur stations to assist in the promulgation of information relating to the declaration of a general state of communications emergency, to monitor the amateur emergency communications bands, and to warn noncomplying stations observed to be operating in those bands. Such station, when so designated, may transmit for that purpose on any frequency or frequencies authorized to be used by that station, provided such transmissions do not interfere with essential emergency communications in progress; however, such transmissions shall preferably be made on authorized frequencies immediately adjacent to those segments of the amateur bands being cleared for the emergency. Individual transmissions for the purpose of advising other stations of the existence of the communications emergency shall refer to this section by number and shall specify, briefly and concisely, the date of the Commission's declaration, the area and nature of the emergency, and the amateur frequency bands or segments of such bands (other than those specified in this section) which constitute the amateur emergency communications bands at the time. The designated stations shall not enter into discussions with other stations beyond furnishing essential facts relative to the emergency, or acting as advisors to stations desiring to assist in the emergency, and the operators of such designated stations shall report fully to the Commission the identity of any stations failing to comply, after notice, with any of the pertinent provisions of this section.

(e) The special conditions imposed under the provisions of this section shall cease to apply only after the Commission, or its authorized representative, shall have declared such general state of communications emergency to be terminated; however, nothing in this paragraph shall be deemed to prevent the Commission from modifying the terms of its declaration from time to time as may be necessary during the period of a communications emergency, or from removing those conditions with respect to any amateur frequency band or segment of such band which no longer appears essential to the conduct of the emergency communications.

NOTICES

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 154, Special Order No. 1]

ISLAND OF ST. CROIX, VIRGIN ISLANDS

DETERMINATION OF END OF HARVESTING SEASON

Ceiling Price Regulation 154 establishes retail dollar and cent ceiling prices for charcoal sold in the Virgin Islands of the United States.

For the Island of St. Croix, the regulation provides special ceiling prices for the "harvesting season" and further provides, in section 3, that for the purpose of the regulation, the beginning and end of the "harvesting season" shall be determined by order of the Director of Region XIV of the Office of Price Stabilization by publication in the FEDERAL REGISTER.

The Director of Region XIV has been advised that the "harvesting season" for sugar cane on the Island of St. Croix will end on July 31, 1952. Accordingly, in accordance with the provisions of section 3 of Ceiling Price Regulation 154,

It is ordered, That, for the purposes of Ceiling Price Regulation 154, the "harvesting season" for sugar cane on the Island of St. Croix of the Virgin Islands of the United States shall end at 11:59 post meridian on July 31, 1952.

This order shall become effective July 31, 1952.

WILLIAM T. CARROLL,
Director of Region XIV.

JULY 31, 1952.

[Delegation of Authority No. 25, Amdt. 1]

DIRECTORS OF THE REGIONAL OFFICES

DELEGATION OF AUTHORITY TO MAKE ADJUSTMENTS UNDER SUPPLEMENTARY REGULATION 39, REVISION 1 TO THE GENERAL CEILING PRICE REGULATION

By virtue of the authority vested in me as the Director of Price Stabilization, pursuant to the Defense Production Act of 1950, as amended (64 Stat. 798, 803; 65 Stat. 131), Executive Order No. 10161 (15 F. R. 6105), and Economic Stabilization General Order No. 2, as amended (16 F. R. 738, 11626), this Amendment 1 to Delegation of Authority No. 25 is hereby issued.

Section 1 of Delegation of Authority No. 25 (16 F. R. 11406) is amended to read as follows:

1. Authority is hereby delegated to the Directors of the respective Regional Offices of the Office of Price Stabilization:

(a) To deny applications for adjustments of ceiling rates or charges made in accordance with the provisions of Supplementary Regulation 39, Revision 1 to the General Ceiling Price Regulation relating to interstate and intrastate operations;

(b) To make adjustments of ceiling rates or charges in accordance with the provisions of Supplementary Regulation 39, Revision 1 to the General Ceiling Price Regulation relating to interstate and intrastate operations.

This amendment shall take effect August 6, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

[F. R. Doc. 52–8545; Filed, Aug. 1, 1952; 10:53 a. m.]

[Ceiling Price Regulation 83, Section 2, Special Order 13, Amdt. 5]

FORD MOTOR CO.

BASIC PRICES AND CHARGES FOR NEW PASSENGER AUTOMOBILES

Statement of considerations. Special Order 13 established a schedule of prices and charges pursuant to section 2 of Ceiling Price Regulation 83 for sellers of new passenger automobiles and factory installed extra equipment manufactured by the Ford Motor Company. Subsequent to the issuance of Special Order 13 the Ford Motor Company has introduced new items of factory installed extra, special or optional equipment on its Ford automobiles. Special Order 13 is, therefore, amended to include charges for the new items of factory installed extra, special or optional equipment.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 2 of Ceiling Price Regulation 83, this amendment to Special Order 13 is hereby issued.

1. The following charges for factory installed extra, special or optional equipment are added to the list of extra, special or optional equipment contained in paragraph 2 of Special Order 13.

FORD AUTOMOBILES

Tinted glass (all lines and series)	$21.43

Effective date. This Amendment 5 to Special Order 13 shall become effective August 1, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 1, 1952.

DEPARTMENT OF AGRICULTURE

Forest Service

CIBOLA NATIONAL FOREST

REMOVAL OF TRESPASSING HORSES, MULES, AND BURROS

Whereas a number of horses, mules, and burros are trespassing and grazing on the Cibola National Forest in the State of New Mexico; and

Whereas these horses, mules, and burros are consuming forage needed for permitted livestock, are causing extra expense to established permitees, and are injuring national-forest lands;

Now, therefore, by virtue of the authority vested in the Secretary of Agriculture by the act of June 4, 1897 (30 Stat. 35; 16 U. S. C. 551), and the act of February 1, 1905 (33 Stat. 628; 16 U. S. C. 472), the following order is issued for the occupancy, use, protection, and administration of land in the Cibola National Forest:

Temporary closure from livestock grazing. (a) The following-described area within the Cibola National Forest is hereby closed for the period November 15, 1952 to April 30, 1953, to the grazing of horses, mules, and burros, excepting those that are lawfully grazing on or crossing such land pursuant to the regulations of the Secretary of Agriculture, or that are used in connection with operations authorized by such regulations, or that are used as riding, pack, or draft animals by persons traveling over such land:

All of the Little Rosa Allotment, San Mateo District. Bounded on the north and east by the Forest boundary, on the south by the Big Rosa Allotment fence, on the west by impassable cliffs interspersed with stretches of fence which constitute the east boundary of the Bear Trap Allotment, and by the Monica Allotment fence.

All of the Madera and Ryan Hill Allotment and the Southeast Corner of the Baldy Allotment, San Augustine District. Bounded on the east and south by the Forest boundary, on the west by the Sawmill Allotment boundary fence, the Baldy Allotment fence from the northeast corner of the Sawmill Allotment across Ryan Hill Canyon to the cliffs of Buck Ridge, and Buck Ridge (an impassable natural barrier), and on the north by an eastward extension of Buck Ridge and the Water Canyon Allotment fence.

All of the La Madera, Placitas and Del Agua Allotments and the North Half of the Rincon Allotment, Sandia District. All of the lands in Township 12 North, Ranges 4 and 5 East, lying within the boundaries of the Cibola National Forest.

All of the Mt. Sedgwick, Agua Fria, Oso Ridge, and Bluewater Allotments, Zuni Ranger District. Beginning at the northeast corner of Township 11 North, Range 12 West, running south 12 miles along a fence on the township line to the southeast corner of Township 10 North, Range 12 West; thence 9 miles west along a fence to the southwest corner of Section 34, Township 10 North, Range 13 West; thence 3 miles north along the allotment boundary to the corner common to Sections 15, 16, 21 and 22, Township 10 North, Range 13 West; thence 3 miles west along the allotment boundary to the range line on the forest boundary; thence along the forest boundary one mile north, 6 miles west, and 4 miles north to the southwest corner of Section 19, Township 11 North, Range 14 West; thence one mile north along a fence line to the northwest corner of Section 19, Township 11 North, Range 14 West; thence 6 miles east along the Oso Ridge-Wells Spring Allotment boundary fence; thence north 3 miles along allotment boundary fence to the township corner common to Townships 11 and 12 North, Ranges 13 and 14 West; thence 2 miles east and 3 miles north along the Cottonwood-Bluewater Allotment boundary fence; thence 3 miles east, one mile south and one mile east to the northeast corner of Section 25, Township 12 North, Range 13 West; thence one mile south, one mile east, one mile south and 5 miles east along the fences and impassable natural barriers making up the Salitre Mesa-Mt. Sedgwick Allotment boundary to the point of beginning.

All of the Guadalupe Allotment, Mt. Taylor Ranger District. On the northeast end of the Mt. Taylor District, bounded on the north and east by the Forest boundary and on the south and west by the L-Bar Allotment.

(b) Officers of the United States Forest Service are hereby authorized to dispose of, in the most humane manner, all horses, mules, and burros found trespassing or grazing in violation of this order.

(c) Public notice of intention to dispose of such horses, mules, and burros shall be given by posting notices in public places or advertising in a newspaper of general circulation in the locality in which the Cibola National Forest is located.

Done at Washington, D. C., this 29th day of July 1952. Witness my hand and the seal of the Department of Agriculture.

[SEAL] K. T. HUTCHINSON,
Acting Secretary of Agriculture.

Soil Conservation Service

CHIEF, SOIL CONSERVATION SERVICE

DELEGATION OF AUTHORITY TO EXECUTE CERTAIN CONTRACTS RELATING TO TRANSPORTATION, COMMUNICATION, AND FIRE PROTECTIVE MEASURES

Pursuant to the provisions of the Bankhead-Jones Farm Tenant Act, as amended (50 Stat. 522, 56 Stat. 725; 7 U. S. C. 1000–1029), and by virtue of the authority vested in the Secretary of Agriculture, I, K. T. Hutchinson, Acting Secretary of Agriculture, do hereby amend subsection (a) (7) of the delegation of authority to the Chief, Soil Conservation Service, dated November 11, 1944 (9 F. R. 13547; formerly 7 CFR 1944 Supp. 601.11), to read as follows:

(7) Execute easements, leases, licenses, permits, and other forms of contracts granting privileges to use Title III lands in connection with the construction and maintenance of telephone lines, transmission lines, pipe lines, roads, irrigation and drainage ditches, dams, fire towers, radio towers, television towers, and for other purposes related to transportation, communication, and fire protective measures (but not those power lines or dams, licenses for which are required by law to be granted by the Federal Power Commission).

(50 Stat. 522, 56 Stat. 725; 7 U. S. C. 1000–1029; 5 U. S. C. 22)

Done at Washington, D. C., this 29th day of July 1952. Witness my hand and the seal of the Department of Agriculture.

[SEAL] K. T. HUTCHINSON,
Acting Secretary of Agriculture.

FEDERAL COMMUNICATIONS COMMISSION

REGIONAL MANAGERS, CHIEF OF FIELD ENGINEERING AND MONITORING BUREAU, AND CHIEF OF FIELD OPERATING DIVISION

DELEGATION OF AUTHORITY TO DECLARE STATE OF GENERAL COMMUNICATIONS EMERGENCY

In the matter of amendment of Part 0 of the Commission's rules to delegate authority to Regional Managers and other officials of the Field Engineering and Monitoring Bureau with respect to declaring a state of general communications emergency under § 12.156 of the Commission's rules.

At a session of the Federal Communications Commission held in its office in Washington, D. C., on the 23d day of July 1952.

The Commission having under consideration a proposal to amend Part 0 of its rules to delegate authority to its Re-

gional Managers and the Chief, Field Engineering and Monitoring Bureau and the Chief, Field Operating Division to declare that a state of general communications emergency exists in accordance with the provisions of § 12.156 of the Commission's rules; and

It appearing, that a Commission representative in an area affected by an emergency may be in a position to determine more readily the extent and degree of such an emergency and to act more expeditiously in view thereof; and

It further appearing, that it would be in the public interest to delegate authority to Commission field representatives, the Chief, Field Engineering and Monitoring Bureau and the Chief, Field Operating Division to make such determination; and

It further appearing, that such delegation would relate to the Commission's organization and is not substantive in nature, compliance with the public notice and procedure provided for in section 4 of the Administrative Procedure Act is unnecessary and for the same reason this order may be made effective immediately; and

It further appearing, that authority for the amendment of Part 0 of the Commission's rules is contained in section 4 (i) and 5 (e) of the Communications Act of 1934 as amended;

It is ordered, That effective immediately Part 0 of the Commission's rules is hereby amended as set forth below.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interprets or applies sec. 5 (e), 48 Stat. 1068, 47 U. S. C. 155 (e))

Released: July 24, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

0.153 *Authority delegated to Regional Managers, Chief, Field Engineering and Monitoring Bureau and Chief, Field Operating Division of Field Engineering and Monitoring Bureau.* The Commission's Regional Managers, the Chief, Field Operating Division and the Chief, Field Engineering and Monitoring Bureau are authorized to declare that a state of general communications emergency exists and to act on behalf of the Commission pursuant to the provisions of § 12.156 of the Commission's rules and regulations with respect to the operation of amateur stations during a state of general communications emergency.

FEDERAL POWER COMMISSION

[Docket No. G-1618]

NORTHERN NATURAL GAS CO.

ORDER DENYING IN PART APPLICATION FOR MODIFICATION AND REHEARING AND PROVIDING FOR FURTHER HEARING

JULY 28, 1952.

On July 7, 1952, Northern Natural Gas Company (Northern) filed an application for modification and rehearing of the Commission's Opinion No. 230 and order issued June 24, 1952, that conditionally issued in the above-entitled matter a certificate of public convenience and necessity, subject to Northern's acceptance, authorizing the construction and operation of additional natural gas pipeline facilities designed to increase Northern's delivery capacity north of Kansas from approximately 600,000 Mcf to 825,000 Mcf of natural gas per day.[1]

Upon consideration of the aforesaid application for modification and rehearing, Opinion No. 230 and accompanying order issued June 24, 1952, and the entire record in this proceeding, the Commission finds:

(1) It is appropriate and in the public interest in carrying out the provisions of the Natural Gas Act that Northern's aforesaid application for modification and rehearing be denied in part, and that further public hearings be held, as hereinafter ordered and provided.

(2) No new facts have been presented or alleged, and no new principles of law have been set forth, with respect to those matters and issues raised by Northern's aforesaid application for modification and rehearing, and as to which Northern's application is denied as hereinafter ordered, which were not fully considered by the Commission before it entered its opinion and order issued June 24, 1952, or, having now been considered, warrant modification or rehearing.

The Commission orders:

(A) Northern's aforesaid application for modification and rehearing be and the same is hereby denied in all respects except so far as the said application requests modification and rehearing concerning subparagraphs (B) (1), (B) (2), (B) (3) and (C) (1) of the Commission's order issued June 24, 1952.

(B) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Comission by sections 7, 15, 16 and 19 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held commencing on September 10, 1952, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the aforesaid application for modification and rehearing so far as it relates to subparagraphs (B) (1), (B) (2), (B) (3) and (C) (1) of the Commission's aforesaid order issued June 24, 1952, as amended.

(C) This order shall not be construed to limit the right of Northern to accept the certificate issued by order of June 24, 1952, as therein conditioned, if Northern during the pendency of the rehearing herein granted and before final determination thereof by the Commission, accepts the certificate issued by said order upon the terms and conditions set forth in subparagraphs (B) (1), (B) (2), (B) (3) and (C) (1).

(D) This order is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceedings now pending or hereafter instituted by or against Northern.

Date of issuance: July 29, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 52-8441; Filed, Aug. 1, 1952; 8:45 a. m.]

[1] Subparagraphs (B) (1) and (B) (2) of the order issued on June 24, 1952, were amended by the Commission's order adopted July 24, 1952, to extend the time for compliance with certain conditions attached to the issuance of the certificate.

[Docket Nos. G-1921, G-1922, G-1969]

TENNESSEE GAS TRANSMISSION CO. ET AL.

ORDER POSTPONING HEARING

JULY 28, 1952.

In the matters of Tennessee Gas Transmission Company, Docket No. G-1921; and Niagara Gas Transmission Limited, Tennessee Gas Transmission Company, Docket Nos. G-1922, G-1969.

On July 16, 1952, the Commission fixed the date of hearing for August 6, 1952, in the above consolidated proceedings.

The Commission finds: Good cause exists to postpone the above hearing date as hereinafter ordered.

The Commission orders: The hearing in the above consolidated proceedings now set to commence on August 6, 1952, be and the same hereby is postponed to commence on September 15, 1952, at 10:00 a. m., in the hearing room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the aforesaid applications.

Date of issuance: July 29, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-1456]

HOMESTAKE MINING CO.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 29th day of July, A. D. 1952.

The Spokane Stock Exchange pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 thereunder, has made application for unlisted trading privileges in the Common Stock, $12.50 Par Value, of Homestake Mining Company, a security listed and registered on the New York Stock Exchange. Rule X-12F-1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to August 19, 1952, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[File No. 31-598]

COMBINED LOCKS PAPER CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

JULY 29, 1952.

Notice is hereby given that Combined Locks Paper Co. ("Combined Locks"), has filed an application with this Commission requesting exemption on behalf of itself and its subsidiaries, The D. M. Bare Paper Company ("Bare Paper"), a non-utility company, and South Shore Utility Company ("South Shore"), a public-utility company, from the provisions of the Public Utility Holding Company Act of 1935 ("act") pursuant to section 3 (a) (3) (A) thereof.

Notice is further given that any interested person may, not later than August 8, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by such application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Said application may be granted at any time after August 8, 1952.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the facts contained therein, which are summarized as follows:

Combined Locks and its wholly owned subsidiary, Bare Paper, are engaged in the manufacture and sale of paper of various kinds. For the year 1951, the two companies reported combined net sales in the amount of $12,500,351 and combined net income, after Federal and State income taxes, in the amount of $583,867.

Combined Locks owns all of the outstanding securities, except director's qualifying shares of capital stock, of South Shore which purchases electric energy from Combined Locks and distributes such energy to the employees and former employees of Combined Locks who reside in the Village of Combined Locks, Wisconsin. For the year 1951, South Shore reported gross operating revenues of $2,575 from the sale of electric energy and net income, after Federal and State income taxes, in the amount of $360.

By the Commission.

[File No. 70-1371]

FEDERAL LIGHT & TRACTION CO. ET AL.

NOTICE OF FILING OF APPLICATIONS FOR ALLOWANCES OF FEES AND EXPENSES AND NOTICE FIXING DATE FOR FILING OF ALL OTHER APPLICATIONS FOR FEES AND EXPENSES

JULY 28, 1952.

In the matter of Federal Light & Traction Company, Cities Service Company, Public Service Company of New Mexico, Federal Liquidating Corporation, File No. 70-1371.

The Commission on September 11, 1947 and June 19, 1950 having issued its orders approving a plan filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act") by Cities Service Company ("Cities"), a registered holding company, Federal Light & Traction Company ("Federal"), formerly a registered holding company subsidiary of Cities and its former subsidiary, Public Service Company of New Mexico, proposing the dissolution and liquidation of Federal; and Federal Liquidating Corporation ("Liquidating Corporation"), organized to facilitate the consummation of the plan, having joined in said filing; and

The Commission in said order of September 11, 1947, having reserved jurisdiction with respect to all fees and expenses to be paid in connection with the plan, the transactions and proceedings relating thereto, and the consummation thereof:

Notice is hereby given that Liquidating Corporation has filed an application requesting the Commission to (a) approve payment of fees and expenses for services rendered in connection with the plan and related transactions and proceedings incurred directly by Federal and Liquidating Corporation, (b) fix a date for the submission of all other claims for fees and expenses for services rendered in connection therewith, and (c) determine any additional amounts to be paid by Liquidating Corporation as fees and expenses for services rendered in connection with this proceeding.

All interested persons are referred to said application, which is on file in the office of the Commission for a full statement of the claims for fees and reimbursement of expenditures, which are summarized as follows:

Frueauff, Burns, Ruch & Ferrell, counsel for Federal and Liquidating Corp	$45,155.35
Niles & Niles, accountants	5,436.50
The New York Trust Co., for services as liquidating and escrow agent	[1] 5,447.31
White & Case, counsel for New York Trust Co., as escrow agent	250.00
Printing, transcripts and photostats	5,593.52
Filing fees and other expenses re: Dissolution of Federal, organization and dissolution of liquidating corporation	376.62
Total	62,259.30

[1] Includes an estimated $250 for final charges for services to be rendered.

Notice is further given that any interested person may, not later than August 18, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after August 18, 1952, said application, as filed or as amended, may be granted or the jurisdiction heretofore reserved over fees and expenses may be released as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

It is further ordered, That any person desiring to assert any claims for compensation or reimbursement for fees and expenses in connection with the section 11 (e) plan of Federal and related transactions and proceedings shall, on or before August 18, 1952, file such claim or notification of intention to assert such claim, and, in the event such claims are filed, no notice of such filing will be given unless specifically ordered by the Commission. Any person desiring to receive notice of the filing of such additional claims should specifically request such notice.

It is further ordered, That the Secretary of the Commission shall serve notice of the said hearing by mailing a copy of this notice and order by registered mail to Federal Liquidating Corporation, to all persons granted participation in the proceedings, and that notice of said hearing shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases issued under the act, and by publication of this notice and order in the FEDERAL REGISTER.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2898]

AMERICAN & FOREIGN POWER CO., INC.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE REGARDING LOAN AGREEMENT

JULY 28, 1952.

American & Foreign Power Company, Inc. ("Foreign Power"), a registered holding company and a subsidiary of Electric Bond and Share Company, also a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (a), 7, and 12 (c) thereof and Rule U-42 of the rules and regulations promulgated thereunder with respect to the following proposed transactions:

Foreign Power previously entered into a loan agreement with certain banks under which Foreign Power had authority to borrow $15,000,000. Pursuant to that agreement, Foreign Power borrowed the amount of $10,000,000 prior to the year 1952 and on June 30, 1952 exercised its right to borrow the remaining $5,000,000. These loans have been evidenced by promissory notes bearing interest at the rate of 3½ percent per annum, and maturing serially up to 1954. By reason of repayments, there is now outstanding $12,500,000 due by Foreign Power to the banks under that agreement.

Foreign Power proposes to enter into a new agreement with the banks to refund the $12,500,000 principal amount of loans presently outstanding into a new loan, and to have the right to borrow an additional $5,000,000 prior to July 1, 1953. The promissory notes evidencing the principal amount of $12,500,000 will be dated as of June 30, 1952, will bear interest at the rate of 3¾ percent per annum payable quarterly and are to be repaid in ten equal installments payable semi-annually on December 31 and June 30 of each year commencing on December 31, 1952 and ending on June 30, 1957.

Loans made pursuant to the right to borrow the additional $5,000,000 will be evidenced by promissory notes, dated as of the date of such issuance, maturing at the same time as the refunding loan, and bearing interest at the rate which will be ¾ of 1 percent above the prime rate of Bankers Trust Company to commercial borrowers for ninety days maturities in effect at the time of the borrowing, but not less than 3¾ percent nor more than 4 percent per annum. Loans made pursuant to this agreement may be utilized solely for advances by Foreign Power to its subsidiaries for construction purposes or may be used for the purpose of property additions of Foreign Power's subsidiaries. With respect to the unused balance under the loan agreement, a commitment fee of ½ of 1 percent will be payable while the commitment is in effect.

The proposed new agreement would eliminate the present restriction on the payment of dividends by Foreign Power which provides that if Foreign Power pays any dividend on its capital stocks it must apply an amount equal to at least 50 percent of such dividends to prepayment of installments of principal on the loans then outstanding. The new agreement provides that if Foreign Power pays a dividend on its capital stock aggregating in excess of $5,722,168.80 in any one twelve-month period ending on June 30, it will apply an amount equal to at least 50 percent of the amount of such excess to prepayments of installments of principal of the promissory notes then outstanding, such prepayments to be in inverse order of their maturities. This provision will terminate when the total amount outstanding under the loan agreement is not in excess of $5,000,000.

The promissory notes in the amount of $12,500,000 are to be secured by $18,750,000 aggregate principal amount of First and Refunding Mortgage Bonds 4¼ percent Dollar Series, due 1980, of Cuban Electric Company, a subsidiary of Foreign Power. Prior to each additional borrowing by Foreign Power, it will deposit as additional security an aggregate principal amount of mortgage bonds of Cuban Electric Company equal to 150 percent of the aggregate principal amount of such additional borrowing. The agreement also contains certain provisions for substitution of this collateral.

Said declaration having been filed on July 7, 1952, notice of said filing having been given in the form and manner required by Rule U-23 promulgated pursuant to said act, the Commission not having received a request for a hearing within the time specified in said notice, or otherwise, and the Commission not having ordered a hearing thereon; and

The Commission finding that the proposed transactions are in accordance with the applicable standards of the act and that no adverse findings are necessary thereunder, and the Commission deeming it appropriate to permit such declaration to become effective without the imposition of terms and conditions:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act that said declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions contained in Rule U-24.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 52-8449; Filed, Aug. 1, 1952; 8:47 a. m.]

[File No. 70-2903]

SOUTHWESTERN DEVELOPMENT CO. ET AL.

NOTICE OF FILING

JULY 29, 1952.

In the matter of Southwestern Development Company, Amarillo Gas Company, West Texas Gas Company, File No. 70-2903.

Notice is hereby given that Southwestern Development Company ("Southwestern"), a registered holding company, and two of its wholly-owned subsidiary public-utility companies, Amarillo Gas Company ("Amarillo Gas") and West Texas Gas Company ("West Texas"), have filed with this Commission a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"). Applicants-declarants designate sections 7, 10 and 12 (b) of the act as applicable to the proposed transactions.

Notice is hereby further given that any interested person may, not later than August 14, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held with respect to said application-declaration, stating the nature of his interest, the reasons for such request, and issues, if any, of fact or law raised by the application-declaration which he desires to controvert, or he may request that he be notified if the Commission shall order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

At any time after August 14, 1952 said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to the joint application-declaration on file in the office of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Pursuant to a supplemental loan agreement dated July 15, 1952, Southwestern proposes to borrow from Guaranty Trust Company of New York ("Bank") $2,700,000, and to issue and sell to the Bank, as evidence of said loan, a two year 3¼ percent unsecured note, in the same principal amount.

Southwestern proposes to advance the total proceeds of said loan ($2,700,000) to Amarillo Gas and West Texas in the principal amounts of $300,000 and $2,400,000, respectively. The two subsidiary companies propose to issue and sell, and Southwestern proposes to acquire from them, their separate two year 3¼ percent unsecured notes in the foregoing respective amounts.

Applicants-declarants state that the proceeds of the proposed loans will be used by the subsidiary companies to provide necessary additional funds for extension of their natural gas facilities, to provide working capital, and for other proper corporate purposes. It is also stated that no State commission approval of the proposed transaction is required. No finders fee or commission is to be paid, and the legal fees and other expenses to be incurred in connection with the proposed transactions are estimated at not to exceed $1,000.

Applicants-declarants request that an order, to become effective upon its issuance, be issued not later than August 15, 1952, granting the application and permitting the declaration to become effective, forthwith.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 52-8444; Filed, Aug. 1, 1952; 8:46 a. m.]

[File No. 70-2907]

UNITED GAS CORP. ET AL.

NOTICE OF FILING REGARDING PURCHASE OF DEBT SECURITIES OF SUBSIDIARY COMPANIES

JULY 29, 1952.

In the matter of United Gas Corporation, United Gas Pipe Line Company, Union Producing Company, File No. 70-2907.

Notice is hereby given that United Gas Corporation ("United"), a gas utility subsidiary of Electric Bond and Share Company, a registered holding company, and United's two wholly owned subsidiaries, United Gas Pipe Line Company ("Pipe Line") and Union Producing Company ("Union"), have filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935, and have designated sections 6 (a), 7, 9 (a) (1), 10, and 12 thereof as applicable to the proposed transactions, which are summarized as follows:

United proposes to purchase from Pipe Line and Pipe Line proposes to issue and sell to United for cash at par $12,000,000 principal amount of Pipe Line's 4½ percent Sinking Fund Debentures due 1971. The proceeds from said sale will be used by Pipe Line for its general corporate purposes, including construction, completion, extension or improvement of its facilities and for reimbursing its treasury for expenditures actually made for said purposes.

United proposes to lend to Union and the latter proposes to borrow from United the sum of $1,000,000. The proposed loan will be evidenced by an unsecured promissory note issued by Union to United or order, payable on or before six years from the date of issuance, and bearing interest at the rate of 4 percent per annum. The proceeds from the loan will be used by Union to increase its working capital.

Under the terms of United's Mortgage and Deed of Trust, as supplemented, securing United's outstanding First Mortgage and Collateral Trust Bonds, the note evidencing the proposed loan to Union is required to be pledged with the Corporate Trustee, and the Debentures which Pipe Line proposes to sell to United must include a statement that they are nonnegotiable and cannot be transferred, assigned or pledged except to a successor of United.

United will obtain the funds necessary to acquire the above-mentioned debt securities of Pipe Line and Union from aggregate borrowings of $15,000,000 from commercial banks, such borrowings to be evidenced by United's 3 Percent Promissory Notes payable on or before December 31, 1952.

The application-declaration states that the proposed transactions have been adopted by the companies for the purpose of securing needed capital funds on an interim basis. The borrowings which will be made by United in the aggregate amount of $15,000,000 from commercial banks will be refinanced on a permanent basis by the latter issuance and sale of securities. The nature and amounts of said securities will be the subject of an application to be filed at a later date with this Commission.

The application-declaration also states that the proposed transactions are initial steps in an over-all financing program designed to provide the companies with funds to finance on a permanent basis their estimated construction requirements for the years 1952 and 1953, including the repayment by United of the bank borrowings described above and the presently outstanding bank loans of United maturing on July 1, 1953, in the aggregate amount of $35,000,000. United's management anticipates that, in order to finance the 1952 and 1953 construction requirements and to repay the above-described bank loans, United will be required to raise, on a permanent basis, approximately $100,000,000.

Notice is further given that any interested person may, not later than August 13, 1952 at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application-declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after August 13, 1952, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. All interested persons are referred to said application-declaration which is on file in the office of this Commission for a statement of the transactions therein proposed.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27259]

GLASS CONTAINERS FROM POINTS IN ILLINOIS TO POINTS IN WISCONSIN

APPLICATION FOR RELIEF

JULY 29, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. E. Kipp, Agent, for The Ahnapee and Western Railway Company and other carriers.

Commodities involved: Glass containers, carloads.

From: Alton, East St. Louis, and Streator, Ill.

To: Algoma, Green Bay, Kewaunee, and Sturgeon Bay, Wis.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: L. E. Kipp, Agent, I. C. C. No. A-3910, Supp. 22.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found

to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[4th Sec. Application 27260]

CAUSTIC POTASH FROM POINTS IN WEST VIRGINIA AND NEW YORK TO KANSAS CITY, MO.-KANS.

APPLICATION FOR RELIEF

JULY 29, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Alternate Agent H. R. Hinsch and Agent C. W. Boin, for carriers parties to Agent L. C. Schuldt's tariff I. C. C. No. 4238 and Agent Boin's tariff I. C. C. No. A-850.

Commodities involved: Caustic potash, in carloads and tank-car loads.

From: Charleston Industrial District, W. Va., Niagara Falls, Suspension Bridge, Syracuse, and Solvay, N. Y.

To: Kansas City, Mo.-Kans.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: L. C. Schuldt, Agent, I. C. C. No. 4238, Supp. 64; C. W. Boin, Agent, I. C. C. No. A-850, Supp. 115.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

PAPER AND PAPER ARTICLES FROM COLBY, WIS., TO ILLINOIS AND WESTERN TRUNK-LINE TERRITORIES

APPLICATION FOR RELIEF

JULY 30, 1952.

The Commission is in receipt of the above-entitled and numbered applica-

rence room

tion for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. E. Kipp, Agent, for carriers parties to his tariff I. C. C. No. A-3432.

Commodities involved: Paper and paper articles, carloads.

From: Colby, Wis.

To: Illinois and western trunk-line territories.

Grounds for relief: Rail competition, circuity, grouping, and market competition.

Schedules filed containing proposed rates: L. E. Kipp, Agent, I. C. C. No. A-3432, Supp. 164.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

RUBBER TIRES AND TUBES FROM PACIFIC COAST TERRITORY TO NEW ORLEANS, LA., JACKSON, MISS., AND MEMPHIS, TENN.

APPLICATION FOR RELIEF

JULY 30, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. E. Kipp, Agent, for carriers parties to his tariff I. C. C. No. 1547.

Commodities involved: Rubber tires and tubes, carloads.

From: Pacific coast territory.

To: New Orleans, La., Jackson, Miss., and Memphis, Tenn.

Grounds for relief: Competition with rail carriers, circuitous routes, and to maintain grouping.

Schedules filed containing proposed rates: L. E. Kipp, Agent, I. C. C. No. 1547, Supp. 63.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 27272]

AMMUNITION BOXES FROM JACKSON AND VICKSBURG, MISS., TO EDGEWOOD, MD., AND PICATINNY, N. J.

APPLICATION FOR RELIEF

JULY 30, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to Agent C. A. Spaninger's tariff I. C. C. No. 1193, pursuant to fourth-section order No. 16101.

Commodities involved: Boxes, ammunition, shell shipping or smokeless powder, carloads.

From: Jackson and Vicksburg, Miss.

To: Edgewood, Md., and Picatinny, N. J.

Grounds for relief: Circuitous routes and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[No. 9200]

RAILWAY MAIL PAY

At a general session of the Interstate Commerce Commission held at its office in Washington, D. C., on the 21st day of July A. D. 1952.

Upon consideration of the record in the above-entitled proceeding and of a joint petition filed July 1, 1952, by the Postmaster General and the railroads, applicants at the time the Commission entered its order therein dated November 13, 1951, in 283 I. C. C. 503, for re-examination of the methods prescribed in that order for ascertaining rates and compensation for terminal service in connection with transportation of mail under certain authorizations for storage mail service, and for modification of the order with respect to such mail service on and after July 1, 1952, as more fully stated in the said petition; and for good cause appearing:

It is ordered, That the proceeding be, and it is hereby, reopened for further hearing with respect to the matters included in the said petition, at a time and place to be hereafter fixed;

It is further ordered, That a copy of this order be served upon the Postmaster General, and all carriers by railroad subject to the Railway Mail Pay Act of July 28, 1916, 39 Stat. 412, United States Code, Title 39, sections 524-568; and that notice be given to the public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing a copy thereof with the Director, Division of the Federal Register, the National Archives.

By the Commission.

[SEAL] W. P. BARTEL. *Secretary.*

VOLUME 17 NUMBER 152

Washington, Tuesday, August 5, 1952

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10378

RESTORING CERTAIN LAND AT HILO, HAWAII, TO THE JURISDICTION OF THE TERRITORY OF HAWAII

WHEREAS certain land at Hilo, Hawaii, Territory of Hawaii, which forms a part of the public lands ceded and transferred to the United States by the Republic of Hawaii under the joint resolution of annexation of July 7, 1898, 30 Stat. 750, was set aside for aeronautical purposes of the United States by Executive Order No. 884 of the Governor of Hawaii, dated June 18, 1940; and

WHEREAS the said land is no longer needed for the purposes for which it was set aside, and it is deemed desirable and in the public interest that it be restored to the possession, use, and control of the Territory of Hawaii:

NOW, THEREFORE, by virtue of the authority vested in me by section 91 of the act of April 30, 1900, 31 Stat. 159, as amended by section 7 of the act of May 27, 1910, 36 Stat. 447, it is ordered that the land situated at Hilo, Hawaii, Territory of Hawaii, which was set aside for aeronautical purposes of the United States by Executive Order No. 884 of the Governor of Hawaii, dated June 18, 1940, be, and it is hereby, restored to the possession, use, and control of the Territory of Hawaii.

HARRY S. TRUMAN

EXECUTIVE ORDER 10379

SUSPENSION OF THE OPERATION OF CERTAIN PROVISIONS OF THE OFFICER PERSONNEL ACT OF 1947 APPLICABLE TO THE RETIREMENT OF COLONELS OF THE REGULAR ARMY AND THE REGULAR AIR FORCE

By virtue of the authority vested in me by subsection (f) of section 514 of the Officer Personnel Act of 1947 (61 Stat. 906), and as President of the United States, it is ordered that the operation of the provisions of paragraph 3, subsection (d), section 514 of the said Officer Personnel Act of 1947, applicable to the mandatory retirement of colonels of the Regular Army and the Regular Air Force be, and it is hereby, suspended for the duration of the emergency proclaimed by Proclamation No. 2914 of December 16, 1950, or until June 30, 1957, whichever is earlier, but only with respect to such colonels of the Regular Army and the Regular Air Force as the appropriate Secretary shall, in his discretion, select for retention on the active list from among those who but for the suspension made by this order would be eliminated from the active list and retired pursuant to the provisions of the said paragraph 3, subsection (d), section 514: *Provided*, that in no event shall the total number of officers so selected by the appropriate Secretary for retention exceed sixty per cent of the total number of officers in the respective service who but for the suspension made by this order would be eliminated from the active list and retired, after the date hereof, pursuant to the provisions of the said paragraph 3, subsection (d), section 514: *And provided further*, that such selection shall be based upon military needs, the qualifications of the officers selected, and such other factors as the appropriate Secretary may deem appropriate, and shall be effected in accordance with rules and regulations prescribed by the said Secretary, with the approval of the Secretary of Defense.

SECTION 1. The United States High Commissioner for Germany (provided for by Executive Order No. 10062 of June 6, 1949, as amended by Executive Order No. 10144 of July 21, 1950), under the immediate supervision of the Director for Mutual Security and the coordination of the Special Representative for Europe (subject, however, to consultation with and ultimate direction by the President), shall be the representative of the said Director and the said Special Representative in all their relations and actions with respect to Germany.

SEC. 2. In performing his duties under section 1 hereof, the said High Commissioner shall be assisted by a Chief of Special Mission who shall be appointed by the Director for Mutual Security and who shall be acceptable to the High Commissioner. The Chief of Special Mission shall have the rank of Minister and shall act under the immediate supervision of the High Commissioner. (This section shall not be deemed to require reappointment of the Chief of Special Mission in office on the effective date of this order.)

SEC. 3. This order supersedes Executive Order No. 10063 of June 13, 1949, entitled "Defining Certain Functions of the United States High Commissioner for Germany".

SEC. 4. This order shall be effective as of August 1, 1952.

HARRY S. TRUMAN

THE WHITE HOUSE,
August 2, 1952.

RULES AND REGULATIONS

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 25—FEDERAL EMPLOYEES' PAY REGULATIONS

SUBPART B—GENERAL COMPENSATION RULES

GENERAL PROVISIONS

Paragraphs (b) and (c) of § 25.103 are amended to read as follows:

§ 25.103 *General provisions.* • • •

(b) (1) Subject to the mandatory requirements of paragraph (d) of this section and § 25.104, an employee who is reemployed, transferred, reassigned, promoted, repromoted, or demoted may be paid at any scheduled rate for his grade which does not exceed the employee's highest previous rate. If the employee's highest previous rate falls between two scheduled rates of the new grade, he may be given the higher rate. If the employee's existing rate of basic compensation is less than the minimum scheduled rate of the new grade, his compensation shall be increased to the minimum rate.

(2) When the grade of a position is reduced on post audit by the Commission, no rate paid as a result of the agency's classification of the position shall be used as the incumbent's highest previous rate if such agency classification was made, without fundamental change in the nature of the position or in position-classification standards of the Commission for such positions, after the Commission (under the Classification Act of 1923, as amended, or the Classification Act of 1949, as amended) had placed the position in a lower grade or had officially informed the agency that the position belonged in a lower grade (see 30 Comp. Gen. 319). The agency may fix the incumbent's rate of pay at any rate of the grade to which his position is reduced not higher than the rate he would have been receiving if the agency had classified the position in that grade, and may credit him with the service that he would then have had creditable toward his next step increase.

(c) An employee who had earned a rate above the maximum scheduled rate of his grade as the result of one or more longevity step increases in the same or higher grade, may, at the discretion of the department, be given any scheduled rate of his grade, or a comparable step above the maximum rate for his grade, when he is reemployed or transferred in the same or a lower grade or reassigned or demoted.

(Sec. 1101, 63 Stat. 971; 5 U. S. C. 1072)

PART 617—FRUITS AND BERRIES, FRESH

SUBPART—FRESH GRAVENSTEIN APPLE PURCHASE PROGRAM TMP 96a3

§ 617.3 *Fresh Gravenstein apples, program TMP 96a3.* In order to encourage the domestic consumption of fresh Gravenstein apples by diverting them from the normal channels of trade and commerce in accordance with section 32, Public Law 320, 74th Congress, approved August 24, 1935, as amended, fresh Gravenstein apples will be purchased during the period July 31, 1952, to and including September 15, 1952, in instances where surpluses have created serious marketing problems, and subject to limitations imposed by the capacity of available outlets to utilize supplies without waste and by the amount of funds available for such purchases. Grades and other specifications, and purchase prices will be contained in purchase announcements which will be issued by the State PMA Office in the State of purchase. Information as to this purchase program may be obtained from the California State PMA Office or the Fruit and Vegetable Branch, Production and Marketing Administration, Department of Agriculture, Washington 25, D. C.

(Sec. 32, 49 Stat. 774, as amended; 7 U. S. C. and Sup. 612c)

Nevada	281,000
New Hampshire	477,000
New Jersey	711,000
New Mexico	1,775,000
New York	4,635,000
North Carolina	6,042,000
North Dakota	4,460,000
Ohio	5,280,000
Oklahoma	7,203,000
Oregon	2,103,000
Pennsylvania	4,923,000
Puerto Rico	820,000
Rhode Island	82,000
South Carolina	3,184,000
South Dakota	4,645,000
Tennessee	5,166,000
Texas	18,455,000
Utah	1,259,000
Vermont	1,021,000
Virgin Islands	12,000
Virginia	4,091,000
Washington	2,322,000
West Virginia	1,549,000
Wisconsin	5,167,000
Wyoming	1,949,000

(b) The apportionment shown above does not include the amount set aside for administrative expenses, the amount required for size-of-payment adjustments in § 701.479, and the amount set aside for the Naval Stores Conservation Program.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interpret or apply secs. 7-17, 49 Stat. 1148, as amended; 16 U. S. C. 590g-590q)

Done at Washington, D. C., this 28th day of July 1952.

[SEAL] C. J. MCCORMICK,
Acting Secretary of Agriculture.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

Subchapter B—Immigration Regulations

PART 105—HEAD TAX

EXEMPTION OF CERTAIN ALIENS CONNECTED WITH INTERNATIONAL ORGANIZATIONS

JULY 18, 1952.

Reference is made to the notice of proposed rule making which was published in the FEDERAL REGISTER of May 20, 1952 (17 F. R. 4950), pursuant to section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) and in which there were stated in full the terms of proposed amendments to the rules relating to the classes of aliens who are exempt from payment of head tax. No representations have been received concerning the proposed amendments. The rules, as stated below, are hereby adopted. The provisions of the adopted rules are the same as those stated in the notice of proposed rule making.

Paragraph (p) of § 105.3, Chapter I, Title 8 of the Code of Federal Regulations, is amended so that, when taken with the introductory material, it will read as follows:

§ 105.3 *Aliens not subject to head tax.* The head tax shall not be levied upon the following classes of aliens:

* * * * *

(p) *Aliens connected with certain international organizations.* (1) Representatives of foreign governments in or to international organizations designated by the President by Executive order as entitled to enjoy privileges, exemptions, and immunities as international organizations under the International Organizations Immunities Act (59 Stat. 672; 22 U. S. C. 288d), or officers or employees of such international organizations, and the families, attendants, servants, and employees of such representatives, officers, or employees.

(2) Representatives of foreign governments in or to, or officials of, specialized agencies as defined in Article 57, paragraph 2, of the United Nations Charter (59 Stat. 1031), proceeding to the headquarters district of the United Nations, or the families of such representatives or officials, proceeding to the headquarters district.

(3) Aliens proceeding to the headquarters district of the United Nations who have any of the following relationships to the United Nations or to a specialized agency as defined in Article 57, paragraph 2, of the United Nations Charter:

(i) Experts performing missions for the United Nations or for such specialized agency;

(ii) Representatives of the press, or of radio, film, or other information agencies, who have been accredited by the United Nations or by such specialized agency;

(iii) Other persons invited to the headquarters district by the United Nations or by such specialized agency on official business.

(4) Representatives of nongovernmental organizations recognized by the United Nations for the purpose of consultation under Article 71 of the United Nations Charter.

(Sec. 23, 39 Stat. 892, sec. 24, 43 Stat. 166, sec. 37, 54 Stat. 675; 8 U. S. C. 102, 222, 458)

The rules stated above shall become effective on the thirty-first day following their publication with this order in the FEDERAL REGISTER.

The basis and purpose of the rules prescribed above are to include in the classes of aliens not subject to head tax all the classes enumerated in section 11 of the United Nations Headquarters Agreement (61 Stat. 761).

[SEAL] ARGYLE R. MACKEY,
Commissioner of Immigration and Naturalization.

Approved: July 28, 1952.

JAMES P. MCGRANERY,
Attorney General.

[F. R. Doc. 52-8518; Filed, Aug. 4, 1952; 8:49 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regulations, Amdt. 62-1]

PART 62—NOTICE AND REPORTS OF AIRCRAFT ACCIDENTS AND MISSING AIRCRAFT

NON-AIR CARRIER ACCIDENT REPORTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 30th day of July 1952.

The attention of the Board has been called to the fact that many owners and operators of non-air carrier aircraft fail to report accidents in which no injury results to personnel although the aircraft suffers substantial damage. It appears that many persons are unable to evaluate "substantial damage" as that term is used in Part 62 in the definition of aircraft accident, and would prefer a reporting requirement modeled after State automotive reporting statutes where a dollar amount based upon cost of repair is the established criteria.

Various dollar amounts have been suggested to be consistent with those established for particular States for the reporting of automobile accidents. However, the Board considers that a figure of $100 is sufficiently low to insure that the Board will obtain reports of all incidents where an aircraft suffers substantial damage, and at the same time will not unduly burden it with reports of minor and trivial incidents which would serve no useful purpose.

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 62 of the Civil Air Regulations (14 CFR Part 62, as amended), effective September 28, 1952:

1. By amending § 62.36 to read as follows:

§ 62.36 *Report of aircraft accident.* A written report shall be made of every aircraft accident incident to flight, involving aircraft of United States registry, wherever it may occur. Upon request to the pilot, owner, or operator by an authorized representative of the Civil Aeronautics Board or the Civil Aeronautics Administration, a written report will also be required on any aircraft accident not incident to flight, or on any occurrence involving minor injury or minor damage. For the purpose of this section only, "substantial damage", as used in the definition of aircraft accident, is damage where the reasonably estimated cost of repair is $100 or more.

(Sec. 205, 52 Stat. 984; 49 U. S. C. 425. Interpret or apply sections 601, 702, 52 Stat. 1007, 1013; 49 U. S. C. 551, 582)

By the Civil Aeronautics Board.

[SEAL] FRED A. TOOMBS,
Acting Secretary.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 53059]

PART 16—LIQUIDATION OF DUTIES

PROCEDURE; NOTICE OF LIQUIDATION

In the computation of duties in the liquidation of all formal entries, ad valorem rates are applied to the values in even dollars, in accordance with the customs regulations. It is believed that it would be good administrative practice and in the over-all public interest to authorize the extension of the practice to all other kinds of entries. Accordingly, § 16.2 (a), Customs Regulations of 1943 (19 CFR 16.2 (a)), as amended, is hereby amended by deleting the last sentence.

This amendment shall be effective as to entries liquidated on and after 30 days after publication of this amendment in the weekly Treasury Decisions. Compliance with the provisions of section 4 of the Administrative Procedure Act (5 U. S. C. 1003) is considered unnecessary and contrary to the public interest inasmuch as the changes prescribed will facilitate the computation of duties and will result in only slight increases or decreases in the amounts of duties as now computed.

(Secs. 505, 624, 46 Stat. 732, 759; 19 U. S. C. 1505, 1624)

[SEAL] FRANK DOW,
Commissioner of Customs.

Approved: July 29, 1952.

JOHN S. GRAHAM,
Acting Secretary of the Treasury.

[F. R. Doc. 52-8490; Filed, Aug. 4, 1952; 8:45 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 120, Amdt. 3]

CPR 120—CEILING PRICES FOR TERRITORIAL RESTAURANTS AND EATING AND DRINKING ESTABLISHMENTS

ADJUSTMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 3 to Ceiling Price Regulation 120 is hereby issued.

STATEMENT OF CONSIDERATIONS

The restaurant prices in the territories and possessions were frozen by the GCPR, which was effective January 26, 1951, at the highest prices in effect during the base period, December 19, 1950 to January 25, 1951. On March 13, 1951, CPR 11, an interim regulation, was issued which established ceiling prices on the basis of a fixed markup over cost of food.

Since the issuance of CPR 11, however, food costs have become relatively stable

and accordingly, after a thorough study of industry practices in the Territories, on January 17, 1952, CPR 120, freezing restaurant prices at the level prevailing in the period January 2 through January 15, 1952, was issued by the OPS.

Because it was felt desirable, prior to permitting adjustments, to have a period of operating experience under CPR 120, no adjustment provision was set forth in that regulation. Based on operational experience of more than 5 months, the OPS is now ready to provide an adjustment section for the regulation.

Some restaurant operators during the period January 2 to January 15, 1952, were using as their selling prices, prices which were lower than the ceiling prices permitted them under CPR 11. These sellers were absorbing at least a part of the increased cost of food. This amendment, therefore, permits sellers whose food cost ratio per dollar of sales for the three-month period, January–March, 1952, was higher than their food cost ratio per dollar of sales in the base period of CPR 11, to redetermine their ceiling prices, prior to October 1, 1952, to reflect the increased costs. Similarly, a seasonal operator is permitted by this amendment to redetermine his ceiling prices to reflect any increased food costs he experienced in his 1951 or 1952 season over his corresponding seasonal period of operation during the CPR 11 base period.

This adjustment is a one-time action. Food costs in the territories will be constantly observed by the OPS and if it appears that there are subsequent disproportionate increases in costs of certain foods the OPS will consider issuing a further adjustment provision.

There are areas in the territories where the Wage Stabilization Board has permitted one or more wage increases for the employees of the restaurant industry. Historically, the industry has varied prices of meals, food items, and beverages with variations in food cost only. The steady increase in certain areas in the territories, however, has made it necessary under the Industry Earnings Standard of the OPS to permit an adjustment for operators whose labor cost per dollar of sales ratio for the month immediately preceding the month in which his application is filed has increased over the corresponding month of 1951, provided his food cost ratio per dollar of sales for the preceding three-month period has not decreased more than 5% from his food cost ratio per dollar of sales in the corresponding three-month period of 1951. These restaurateurs are permitted by this amendment to apply to the OPS for an increase in ceiling prices which will reflect the increase in the labor cost per dollar of sales ratio. In formulating this amendment, the Director of OPS has consulted with industry representatives in each of the territories, including industry advisory committees and trade association representatives, and has given consideration to their recommendations. In his judgment, the provisions of this regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

1. Ceiling Price Regulation 120 is amended by inserting section 13 as follows:

SEC. 13. *Adjustments*—(a) *Food costs.* If the food cost per dollar of sales ratio actually experienced by you during the three month period January–March, 1952, was higher than the food cost per dollar of sales ratio during the adjustment base period (defined in section 20 (a)), you may, not later than October 1, 1952, recalculate your ceiling prices in the following manner:

Divide the food cost per dollar of sales ratio for the three month period January–March, 1952, by the food cost per dollar of sales ratio in the adjustment base period. Multiply your present ceiling price for each meal, food item, or beverage by the result of this division. Example: Your food cost per dollar of sales ratio for the adjustment base period is 40%. Your food cost per dollar of sales ratio for the three month period January–March, 1952, is 42%. .42÷.40=1.05. You sell a dinner with a ceiling price of $1.00 otherwise established under this regulation. $1.00×1.05=$1.05, your new ceiling price for that dinner. The price thus determined is your new ceiling price for that meal, food item, or beverage only when you have made the necessary reports and posted the required posters under the provisions of paragraph (d) of this section.

(b) *Seasonal operators.* If you are a seasonal operator, as indicated in section 5 of this regulation, and the food cost per dollar of sales ratio actually experienced by you during your 1951 or 1952 seasonal period was higher than the food cost per dollar of sales ratio during the corresponding period in the adjustment base period, you may recalculate your ceiling price in the following manner:

Divide the food cost per dollar of sales ratio for the seasonal period of 1951 or 1952 by the food cost per dollar of sales ratio of the corresponding period of the adjustment base period. Multiply your present ceiling price for each meal, food item, or beverage by the result of this division. The price thus computed becomes your ceiling price for that meal, food item, or beverage, only when you have complied with the reporting and posting requirements of paragraph (d) of this regulation.

(c) *Labor or wage increase adjustments.* You may apply by registered mail for an increase in your ceiling price to reflect the increase in your labor cost if your labor cost per dollar of sales ratio for the calendar month preceding the date of your application is more than your labor cost per dollar of sales ratio for the corresponding month of 1951, and if your food cost ratio for the three calendar month period immediately preceding the date of your application has not decreased more than five per cent from your food cost ratio per dollar of sales for the corresponding three month period of 1951. The application, which must be signed, must be addressed to your Territorial Office of the Office of Price Stabilization and must contain the following information:

(1) Name and address of business.

(2) Labor cost per dollar of sales ratio for the calendar month preceding the date of your application (indicating what month is used).

(3) Labor cost per dollar of sales ratio for the corresponding month of 1951 (indicating what month is used).

(4) Food cost per dollar of sales ratio for the three month period immediately preceding the date of your application.

(5) Food cost per dollar of sales ratio for the corresponding three month period of 1951.

(6) Proposed percentage increase in ceiling prices. (Subtract subparagraph (3) from (2).)

The Director of Price Stabilization may, by order, approve, disapprove, or revise downward the percentage markup proposed in your application. You may not use your new ceiling prices based on this markup until the Director has notified you, in writing, of his approval of your markup and until you have inserted your new ceiling prices on a new poster provided by the OPS, and posted it in your restaurant.

(d) *Notification and posting.* (1) You must notify your OPS Territorial Office in writing of the factor you used in recomputing your ceiling prices under paragraph (a) or (b) of this section. You must also in this statement include your business name and address and a statement of the food cost per dollar of sales ratios used by you to determine the factor by which you increased your ceiling prices.

(2) Before you may use the ceiling prices computed under paragraphs (a), (b), and (c) of this regulation, you must obtain a new OPS official poster from your OPS Territorial Office and list on the poster the items required under the regulation. The new poster will take the place of your present poster and must be displayed as required in section 8 of this regulation.

(e) *Rounding of fractions.* You may elect which of the two following methods of rounding you wish to use, but having made that election, you must use that method of rounding for all ceiling prices recomputed under paragraphs (a), (b), or (c) of this section.

(1) You must round ceiling prices to the nearest multiple of 5¢. Prices which are 2½¢ or more higher than the next lowest multiple of 5¢ may be rounded upward, or prices which result in a fraction of less than 2½¢ above the next highest multiple 5¢ figure must be rounded downward; or

(2) Fractions of a cent must be dropped if less than ½¢ and may be increased to the next highest cent if ½¢ or more.

2. Section 20 of CPR 120 is amended by adding at the end of the section the following definitions:

(l) "Food cost per dollar of sales ratio" means the ratio between the total cost of "food" and the total sales. In computing this ratio for periods other than the base period, you must use the same methods as those used in the base period of CPR 11, treating taxes in the same way as you did then, and including only items of expense in food cost that you included then. However, if it was your custom to include in your food cost some nominal non-food items such as ice, straws, and napkins, you may continue to do so. "Food" includes beverages, both alcoholic and non-alcoholic unless you kept separate records showing the cost and gross sales of alcoholic beverages in which case you may maintain a separate "food cost per dollar of sales ratio" for alcoholic beverages.

(m) "Labor cost per dollar of sales ratio" means the ratio between your total expenditures for labor in connection with your restaurant business in a specified period and your total sales in that period. If you maintain a separate food cost ratio for alcoholic beverages, you must compute two separate labor cost ratios, apportioning your labor costs accordingly.

(n) "Adjustment base period" means the calendar year 1950, or the twelve month period ending June 30, 1950.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This ceiling price regulation 120, Amendment 3 is effective August 9, 1952.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 4, 1952.

[F. R. Doc. 52-8709; Filed, Aug. 4, 1952; 4:00 p. m.]

[Ceiling Price Regulation 120, Supplementary Regulation 1]

CPR 120—CEILING PRICES FOR TERRITORIAL RESTAURANTS AND EATING AND DRINKING ESTABLISHMENTS

SR 1—ADJUSTMENTS FOR INCREASES IN FOOD COSTS IN ALASKA, GUAM, AND HAWAII, DUE TO WEST COAST MARITIME STRIKE

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Supplementary Regulation 1 to Ceiling Price Regulation 120 is hereby issued.

STATEMENT OF CONSIDERATIONS

The strike on the west coast of the United States, and the exemption of fresh fruits and vegetables from price control by the Defense Production Act Amendments of 1952, particularly at a time when, because of the strike they are in short supply, has caused an increase in costs to operators of restaurants in Alaska, Guam, and Hawaii, and in some instances a severe squeeze on their margins. Consultation with members of the industry indicates that the continued operation of Ceiling Price Regulation 120 through this strike period might result in restaurant operators receiving less than the margin required by section 402 (k) of the Defense Production Act.

This supplementary regulation, therefore, permits restaurant operators in these three territories to increase their ceiling prices otherwise established under Ceiling Price Regulation 120, by the percentage increase in their food costs during a current 30 day period, as compared with their food costs during the month of May 1952.

The Office of Price Stabilization will revoke this Supplementary Regulation when it deems the strike emergency has ended.

The Office of Price Stabilization has consulted informally with many members of the restaurant industry in these territories, and has given consideration to their recommendations in the formulation of this supplementary regulation. In the judgment of the Director of Price Stabilization, this supplementary regulation is fair and equitable and is necessary to effectuate the purposes of the Defense Production Act of 1950, as amended.

REGULATORY PROVISIONS

Sec.
1. What this supplementary regulation does.
2. Adjustments.
3. Posting.
4. Records.
5. Applicability of Ceiling Price Regulation 120.
6. Definitions.

AUTHORITY: Sections 1 to 6 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup., 2101–2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this supplementary regulation does.* This supplementary regulation establishes a method whereby operators of restaurants and eating and drinking establishments in the Territories of Alaska and Hawaii and in Guam may recompute their ceiling prices to reflect recent increases in certain food costs.

SEC. 2. *Adjustments.* If you operate a restaurant or eating and drinking establishment in the Territory of Alaska, the Territory of Hawaii, or in Guam, and your ceiling prices are established by Ceiling Price Regulation 120, your ceiling prices otherwise established under CPR 120 may be increased by a percentage markup to be calculated as follows:

(a) *First calculation.* (1) Determine your total food costs for the month of May, 1952. This figure is hereafter referred to as your "base adjustment cost."

(2) Determine your total food cost for the 30 day period immediately preceding the date of your calculation.

(3) Divide subparagraph (2) by subparagraph (1) and subtract 1.00 from the result, which when multiplied by 100 to clear the decimal, is the percentage markup by which your ceiling prices otherwise established under CPR 120 may be increased.

(b) *Second and succeeding calculations.* (1) If you have elected to take advantage of the supplementary regulation you must, at the end of each 30 day period following your original calculation, calculate your total food cost for that 30 day period.

(2) Divide this figure by your base adjustment cost.

(3) If the percentage markup resulting from this division is lower than your percentage markup calculated under paragraph (a) of this section, you must use this lower percentage markup instead of the percentage markup calculated under paragraph (a). You need not, however, decrease your selling prices below the ceiling prices otherwise established under CPR 120. If your percentage markup is higher than that computed under paragraph (a), you may use the higher figure in computing your ceiling prices.

SEC. 3. *Posting.* In the immediate vicinity of the poster which you are required to post in your establishment under section 8 of CPR 120, you must post a statement which is to read as follows: "For the duration of the strike emergency, the OPS has authorized us to increase our prices by ——— percent."

SEC. 4. *Records.* In addition to the records you are required to keep under CPR 120, you must keep, for two years, records showing your food cost for the 30 day periods used in determining your markup. You must also keep your worksheets showing the calculation of the percentage markup.

SEC. 5. *Applicability of Ceiling Price Regulation 120.* Except as modified by the provisions of this supplementary regulation, all of the provisions of CPR 120 remain in full force and effect.

SEC. 6. *Definitions.* The terms "food cost" or "cost of food" as they are used in this supplementary regulation include only customary purchases of customary quantities from your customary type of supplier. Food costs may not exceed your supplier's ceiling prices in any case, nor may food costs include extraordinary shipping charges such as air freight, unless you customarily, prior to January 26, 1951, purchased the same commodity shipped by air freight and passed those freight charges on to your customers, or unless the Office of Price Stabilization by regulation, specifically authorizes the passing through of air freight or other extraordinary freight charges on a specific commodity.

Effective date. This Supplementary Regulation 1 to Ceiling Price Regulation 120 is effective August 4, 1952.

NOTE: The record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 4, 1952.

[F. R. Doc. 52-8710; Filed, Aug. 4, 1952; 4:00 p. m.]

[General Overriding Regulation 7, Revision 1, Amdt. 6]

GOR 7—EXEMPTIONS AND SUSPENSIONS OF CERTAIN FOOD AND RESTAURANT COMMODITIES

CIGARS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 6 to General Overriding Regulation 7, Revision 1, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 7, Revision 1, suspends the provisions of the General Ceiling

Price Regulation (GCPR) and Ceiling Price Regulation (CPR) 31 on and after August 4, 1952, insofar as these regulations are applicable to cigars. This action is taken in line with the agency's general policy relating to the suspension or relaxation of price controls.

Ceiling prices for cigars were set by the GCPR at the start of the present stabilization program. These ceilings have never been changed, except that imported cigars, like other imported commodities, have been placed under CPR 31.

Market prices, thus far, have generally remained at the GCPR ceilings, according to all available evidence. It has been indicated for some time, however, that cigar manufacturers might be entitled to a price increase because of increased costs of labor and leaf tobacco. A survey of the industry's position, therefore, was undertaken by OPS. Upon its completion it became clear that under the industry earnings standard a small increase was in order. In putting such an increase into effect, however, several difficulties would be encountered.

In the first place, a price increase of a few percent would amount to a small fraction of a cent per cigar. Since cigars are sold by the piece, or in units of a few, the minimum increase which would be practical would have to exceed the amount required under the industry earnings standard.

A further increase would be necessary because of special features of the excise tax. This tax is graduated by retail price classes, with a uniform tax rate set for all cigars in each price class. For instance, a tax of $4.00 per thousand applies to cigars sold at retail for over 4 cents and not over 6 cents; a tax of $7.00 per thousand applies to those sold over 6 cents and not over 8 cents; a tax of $10.00 per thousand to those sold over 8 cents and not over 15 cents; and so forth. These price classes, and those below and above them, are set so as to fit the customary price schedules of the industry. If present prices were increased by the minimum practical amounts, some price categories would move from one tax bracket to the next higher and the tax increase would be greater than the price increase. Therefore, a still greater price increase would have to be made so as to allow the industry to raise its revenue by the amount indicated under the industry earnings standard.

On the other hand, there is evidence indicating that the industry would not, and perhaps could not, raise its selling prices as much as ceiling prices would have to be increased. Sales of cigars have tended to decline for a number of years. While the decline in the total number of cigars sold was arrested or reversed in a few of the more recent years, this was due only to the substitution of smaller and low-priced cigars for larger cigars. In spite of this shift in production, the industry has not been able to retain its share of the market for tobacco products. For instance, it is estimated according to the Department of Agriculture figures that last year 15 cigars were sold for each thousand cigarettes while five years earlier the ratio was 19 to a thousand; and, for each dollar spent on cigarettes last year, consumers spent only about 13 cents on cigars, as against 21 cents five years earlier. Thus the amount spent has declined relatively much more sharply than the number of units sold.

There is at present no evidence of inflationary pressure sufficient to modify significantly this long range trend. It, therefore, is safe to conclude that in the absence of control, market prices would be materially below ceiling prices if these were raised not only by the small amount justified under the industry earnings standard but by the substantially larger amount necessitated by the conditions discussed above, especially the excise tax schedule. The available evidence further indicates no prospect that price increases, if any, would be large enough to approach the higher ceilings and would thus require the reimposition of ceilings in the foreseeable future. Thus cigars are found to conform at present to the requirements of the agency's suspension standards. While this finding would technically be more obvious after the otherwise required increase in ceiling prices, the purpose of price stabilization clearly is better served by permitting suspension immediately rather than first issuing ceiling prices inflated to meet the unusual technical difficulties here involved.

It is, therefore, the judgment of the Director of Price Stabilization that price ceilings on cigars at this time are not needed for the achievement of the purposes of the Defense Production Act of 1950, as amended, and therefore should be suspended. The Director may at any time terminate or modify this suspension if he determines that such action is necessary in the interest of the stabilization program, and the suspension will be terminated, in any event, if the prices of cigars generally, or of types of cigars accounting for a substantial proportion of total sales, approach and threaten to exceed the ceiling prices required under the act and the standards of the agency.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations. In the judgment of the Director of Office of Price Stabilization the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

General Overriding Regulation 7, Revision 1, is amended by the addition of section 11 to Article III to read as follows:

SEC. 11. *Suspension of controls applicable to cigars.* On and after August 4, 1952, the application of all ceiling price regulations, heretofore or hereafter issued by the OPS, relating to the sales of imported or domestic cigars is suspended. If, however, you are a seller of such cigars and were required by any regulation heretofore issued to keep, prepare, or preserve any record concerning these commodities, you shall continue to preserve and make available for examination by the Office of Price Stabilization in the manner and for the period set forth in that regulation, all such records which you were required to have on August 3, 1952. In addition, the Director of Price Stabilization or his authorized representative may, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942, request, or require you to submit data pertaining to prices charged for those commodities and to changes made in the prices of these commodities after August 3, 1952. This suspension will continue unless and until the Director of Price Stabilization terminates or modifies it.

Effective date. This Amendment 6 to GOR 7, Revision 1, is effective August 4, 1952.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

NOTE: The record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 4, 1952.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-6A, Direction 3 as Amended Aug. 1, 1952]

M-6A—STEEL DISTRIBUTORS

DIR. 3—SUPPLEMENTAL SHIPMENTS BY PRODUCERS; LIMITATIONS ON DISTRIBUTORS' DELIVERIES

This direction, as amended, to NPA Order M-6A is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the issuance of this amended direction, consultation with industry representatives has been rendered impracticable due to the need for immediate action.

Direction 3, dated July 28, 1952, to NPA Order M-6A is hereby amended as follows:

Section 2 is amended to exclude material in process on July 28, 1952, and to clarify the provisions of said section with respect to its application to each item of steel, section 3 is amended for purposes of clarification and to add a paragraph excluding oil country goods from the provisions of said section.

Sec.
1. What this direction does.
2. Limitations on deliveries by distributors.
3. Shipments to distributors.
4. Item limitation.

AUTHORITY: Sections 1 to 4 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61, 3 CFR 1951 Supp.; secs. 402, 405, E. O. 10261, Aug. 28, 1951, 16 F. R. 8789; 3 CFR 1951 Supp.

SECTION 1. *What this direction does.* This direction makes a number of changes in the present orders and regulations concerning steel distributors. These changes are occasioned by the recent work stoppage in the steel industry. It requires certain forms and shapes in stock or acquired by distributors to be shipped or delivered by them only on defense orders for a limited period. It increases the quantities of steel required to be shipped by producers to distributors subject to certain limitations. It makes provision with respect to the recent production losses. It temporarily modifies section 5 of NPA Order M-6A by permitting steel distributors to accept and fill orders for smaller quantities than heretofore required.

SEC. 2. *Limitations on deliveries by distributors.* From the effective date of this direction through the close of business August 7, 1952, no steel distributor shall ship or deliver any item of any steel product in the shapes and forms listed in List A of this direction from his inventory of such steel on hand on July 28, 1952, except on authorized controlled material orders bearing a program identification consisting of the letter A, B, C, or E and one digit (including the program identification B-5 where it appears as a suffix), or the program identification Z-2: *Provided*, That this limitation shall not apply to any item of any steel product which, as of July 28, 1952, had been processed, or was in process, to meet a customer's particular specifications. No steel distributor, who receives steel in the shapes and forms listed in List A of this direction during the period from the effective date of this direction through the close of business December 31, 1952, shall ship or deliver more than 50 percent of the tonnage of any item of any steel product listed in List A, received in any one shipment during such period for a period of 15 days after receipt of any such shipment, except on authorized controlled material orders bearing a program identification consisting of the letter A, B, C or E and one digit (including the program identification B-5 where it appears as a suffix), or the program identification Z-2. Accurate records of each transaction covered by this section shall be set up and maintained by each steel distributor in accordance with and pursuant to the provisions of section 10 of NPA Order M-6A.

SEC. 3. *Shipments to distributors.* (a) Subject to the limitations in this paragraph, each producer shall be obligated to accept purchase orders from steel distributor customers which call for shipments during the months of September, October, and November, 1952, or to ship on unfilled orders calling for earlier delivery, up to a minimum of not less than 120 percent of the base tonnage of each steel distributor customer instead of the 100 percent presently provided in section 3 of NPA Order M-6A. A producer may cancel orders (to the extent hereafter provided) for any product received from any steel distributor customer in excess of such distributor's base tonnage of that product, if the total tonnage of orders for that product scheduled for delivery in that month from steel distributors, from further converters as defined in NPA Order M-1, and from persons placing authorized controlled material orders bearing a program identification consisting of the letter A, B, C or E and one digit (including the program identification B-5 where it appears as a suffix), or the program identification Z-2, exceeds 50 percent of the producer's planned production for that month. The amount by which such orders mentioned in the preceding sentence exceed 50 percent of such producer's planned production is herein referred to as the "supplemental tonnage." If the supplemental tonnage amounts to 20 percent or more of the base tonnage of all steel distributor customers, then all steel distributor orders for that product in excess of the base tonnage shall be cancelled. If the supplemental tonnage is less than 20 percent of the base tonnage of all steel distributor customers then a percentage of the orders for that product from any steel distributor customer in excess of such distributor's base tonnage of that product shall be cancelled. Such percentage shall be determined by dividing the supplemental tonnage by 20 percent of the base tonnage of all steel distributor customers. If any such order is cancelled there shall be no obligation upon the producer cancelling the order to fill the same in a subsequent month.

(b) To the extent practicable and within the limitations of paragraph (a) of this section, producers shall ship during August 1952 to their steel distributor customers up to a minimum of 120 percent of their base tonnage on orders calling for delivery during the month of August or in prior months.

(c) Under section 3 to NPA Order M-6A producers are required to accept purchase orders from steel distributor customers up to a minimum of 100 percent of such distributor's base tonnage. To the extent that shipments of such orders were or are stopped for reasons occasioned by the work stoppage, producers are not required to accept orders pursuant to section 3 of NPA Order M-6A, provided tonnage is shipped to distributors in the quantities provided in section 3 (a) of this direction, it being the intent hereof that the flow of steel to distributors commence immediately pursuant to this section 3, but that producers be relieved of any obligation to make up lost tonnages.

(d) The provisions of this section shall not be applicable to oil country casing, tubing, drill pipe, or couplings.

SEC. 4. *Item limitation.* During the period from the effective date of this direction through the close of business November 29, 1952, no steel distributor shall be required to make delivery on an authorized controlled material order from inventory to any one customer to any one destination during any calendar week of any item of a steel product in quantities in excess of the following:

Any item of carbon steel more than 4,000 pounds.

Any item of alloy steel more than 2,500 pounds.

Any item of stainless steel sheet more than 1,000 pounds.

Any item of stainless bars and plates more than 500 pounds.

Any item of stainless tubing or pipe more than 500 pounds or feet, whichever is less.

In no case shall a steel distributor be required to make deliveries to any one customer aggregating 20,000 pounds or more during any calendar week unless the deliveries include 10 or more different items, subject to the limitations of the preceding sentence as to each item.

This direction, as amended, shall take effect August 1, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

LIST A

Bar, hot-rolled.
Bar, cold-finished.
Electrical sheet and strip (high-grade).[1]
Structural shapes (wide-flanged sections).[2]
Pressure tubing—seamless and welded.
Mechanical tubing—seamless.
Plate, sheared.
Sheet and strip—hot-rolled.
Sheet and strip—cold-rolled.

[F. R. Doc. 52-8610; Filed, Aug. 1, 1952; 5:12 p. m.]

[Revised CMP Regulation No. 6, Amendment 3 of August 4, 1952]

CMP REG. 6—CONSTRUCTION

AMENDMENT OF SECTION 24 AND TABLE II

This amendment to Revised CMP Regulation No. 6 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the amendment affects many different industries.

EXPLANATORY

This amendment affects section 24, and Table II of Revised CMP Regulation No. 6, as last amended by Amendment 2 of July 23, 1952. It completely revokes the present section 24 of the regulation, and substitutes a new section 24 in its place. It changes some of the quantities of copper and aluminum specified in Table II of the regulation for which self-authorization orders may be placed.

AMENDATORY PROVISIONS

Revised CMP Regulation No. 6 is amended in the following respects:

1. Section 24 is amended to read as follows:

[1] AISI—M17, M15, M14, end oriented.

[2] Wide-flanged sections are steel beams or columns having parallel face flanges rolled on a universal structural mill or Gray mill, in sizes ranging in depth from 4 to 36 inches.

SEC. 24. *Limitations on the use of controlled materials.* (a) Except as permitted in paragraph (c) of this section, no person shall use aluminum controlled material (as defined in Table III of this regulation) in, or in connection with, the construction of any building, structure, or project of a type specified in Table I of this regulation (Recreational, entertainment, and amusement construction).

(b) Aluminum controlled material may be used for any purpose in all construction other than the categories specified in Table I of this regulation (Recreational, entertainment, and amusement construction).

(c) In any construction project of the type specified in Table I of this regulation (Recreational, entertainment, and amusement construction), aluminum may be used, but only as a conductor of electric current.

2. Table II is amended to read as follows:

TABLE II—CATEGORIES OF CONSTRUCTION AND QUANTITIES OF CONTROLLED MATERIALS FOR WHICH PURCHASE ORDERS MAY BE SELF-AUTHORIZED

1. *Construction of industrial plants, factories, or facilities:*

NOTE: These quantities are per project, per quarter.

25 tons of carbon steel and alloy steel, including all types of structural shapes (not to include more than 2½ tons of alloy steel and no stainless steel).
5,000 pounds of copper and copper-base alloys.
4,000 pounds of aluminum.

2. *Construction and maintenance of all rural and urban highways, etc., under the jurisdiction of the Bureau of Public Roads (see Table IV of this regulation):*

NOTE: These quantities are per project, and not per quarter.

25 tons of carbon steel (not to include more than 2 tons of all types of structural shapes).
500 pounds of copper and copper-base alloys.
500 pounds of aluminum.
No stainless steel or alloy steel.

3. *Categories of construction specified in Table I of this regulation (Recreational, entertainment, and amusement construction), and housing on military reservations and all military housing under P. L. 211, 81st Congress (Wherry Act) and federally owned housing on federally owned property under the control of the Atomic Energy Commission:*

No self-authorization is permitted.

4. *All other construction (see section 28 of this regulation for exemptions from this regulation):*

NOTE: These quantities are per project, per quarter.

5 tons of carbon steel (not to include more than 2 tons of structural shapes but no wide-flange beam sections or columns).
1,000 pounds of copper and copper-base alloys.
2,000 pounds of aluminum.
No stainless steel or alloy steel.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect August 4, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

[F. R. Doc. 52-8692; Filed, Aug. 4, 1952; 11:39 a. m.]

[NPA Order M-47A, Amendment 1 of August 4, 1952]

M-47A—USE OF COPPER AND ALUMINUM IN CERTAIN CONSUMER DURABLE GOODS AND RELATED PRODUCTS

AMENDMENT OF SECTION 3 (a)

This amendment is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the amendment affects many different trades and industries.

AMENDATORY PROVISIONS

NPA Order M-47A, as amended October 11, 1951, is hereby further amended by revising paragraph (a) of section 3 to read as follows:

SEC. 3. *Prohibited use of copper and aluminum.* (a) Prior to August 4, 1952, no person who produces any product included in List A or List B of this order or who produces any part specifically designed for use in any such product shall:

(1) Use copper or aluminum, or any part containing either such material, for any ornamental or decorative purpose, except in an end-product which is primarily ornamental or decorative and is not ordinarily permanently attached to or used as a part of another end-product; or

(2) Subject to the same exception as is stated in the preceding subparagraph, use a greater quantity of copper or aluminum, or any part containing a greater quantity of either such material, than is necessary for functional or operational purposes; or

(3) Use a better grade of copper or aluminum, or any part containing a better grade of either such material, than is necessary for functional or operational purposes.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154).

This amendment shall take effect August 4, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

[F. R. Doc. 52-8693; Filed, Aug. 4, 1952; 11:39 a. m.]

[NPA Order M-47B, as Amended August 4, 1952]

M-47B—USE OF CONTROLLED MATERIALS IN CERTAIN CONSUMER DURABLE GOODS

This order as amended is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amended order, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the order affects many different trades and industries.

EXPLANATORY

NPA Order M-47B, as amended April 15, 1952, and as further amended by Amendment 1 of July 14, 1952, is hereby amended by deleting section 5 of the order, which has heretofore prohibited the use of copper and aluminum for certain purposes, and by deleting or amending certain definitions and other provisions of the order to the extent they relate to the prohibited use of such materials. This amendment amends section 1, deletes paragraphs (b) and (c) of section 2, amends section 3, amends paragraphs (a) and (b) of section 4, deletes paragraph (d) of section 4, deletes section 5, redesignates sections 6 through 9 as sections 5 through 8 respectively, and amends Schedule I of the order.

REGULATORY PROVISIONS

Sec.
1. Purpose.
2. Definitions.
3. Application of this order.
4. Authority to use allotments of controlled materials to produce other products.
5. Request for adjustment or exception.
6. Records and reports.
7. Communications.
8. Violations.

AUTHORITY: Sections 1 to 8 issued under sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2071; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; 3 CFR, 1951 Supp.; secs. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789; 8 CFR, 1951 Supp.

SECTION 1. *Purpose.* The purpose of this order is to provide for a degree of flexibility in the production of certain consumer durable goods, by permitting a CMP allotment received for the production of one product to be used, subject to certain limitations, in the production of a different product.

SEC. 2. *Definitions.* The following terms shall have the same meanings as given for such terms in section 2 of CMP Regulation No. 1.

(1) Person.
(2) Controlled material.
(3) Industry division.
(4) Prime consumer.
(5) Allotment.
(6) Class A product.
(7) Class B product.

SEC. 3. *Application of this order.* This order applies to any producer of any Class B product in Schedule I of this order. This order does not apply to the production of controlled materials.

SEC. 4. *Authority to use allotments of controlled materials to produce other products.* (a) Notwithstanding the provisions of any CMP regulation, any prime consumer, who has received from an industry division an allotment of any iron and steel, copper, or aluminum in the controlled material forms and shapes listed in Schedule I to CMP Regulation No. 1 for the production, during any calendar quarter, of any Class B product in Schedule I of this order, may, during such quarter, use all or part of such allotment, and the rating authorized for use in connection therewith, for the production of any other Class B product or products included in Schedule I if each of the other Class B products which the allotment is used to produce is either (1) one for which he also received an allotment for such quarter from an industry division, or (2) one which he has produced, for purpose of sale, on or after July 1, 1949. In all other respects, the provisions of CMP regulations shall apply to such production.

(b) Nothing in this section shall be deemed to increase or to serve as a basis for increasing the amount of any controlled material allotted to any person for production of all products in Schedule I of this order, or for all production.

(c) Paragraph (a) of this section shall not apply to any allotment specifically made for the production of repair or replacement parts.

SEC. 5. *Request for adjustment or exception.* Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment or exception claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, by letter in triplicate, and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 6. *Records and reports.* (a) Each person participating in any transaction covered by this order, or who relies on section 4 of this order, shall make and preserve, for at least 3 years thereafter, accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available for inspection and audit by duly authorized representatives of the National Production Authority, at the usual place of business where maintained.

(c) Any person who receives from the Washington office of NPA allotments under two or more product class codes listed in Schedule I of this order shall file NPA Form CMP 60 on or before the first day of the third month of each calendar quarter with the National Production Authority, Washington 25, D. C., Ref: M-47B.

(d) Persons subject to this order shall make such records and submit such reports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

SEC. 7. *Communications.* All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref: M-47B.

SEC. 8. *Violations.* Any person who wilfully violates any provision of this order, or any other order or regulation of NPA, or who wilfully furnishes false information or conceals any material fact in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

NPA Order M-47B as so amended shall take effect August 4, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

SCHEDULE I OF NPA ORDER M-47B

(Note: Listings are in accordance with the official CMP Class B Product List of February 1, 1952)

Product class code	*Products*
2342091	Corset and allied garment accessories.
2392	Housefurnishings, fabric (containing controlled materials).
23940	Canvas products.
24930	Frames for mirrors and pictures.
2511	Wood household furniture, except upholstered.
2512091	Dual-purpose sleeping equipment.
2512092	Wood household furniture, upholstered, n. e. c.
25130	Reed and rattan furniture (including bassinets).
2514	Metal household furniture.
2531092	Public building furniture, n. e. c.
25412	Cases, cabinets, counters, and other fixtures.
25620	Window shades and accessories.
2563	Venetian blind parts and accessories.
25910	Restaurant furniture.
2599092	Furniture and fixtures, n. e. c.
34211	Cutlery, scissors, shears, and trimmers.
34292	Furniture hardware.
3429391 3429392	Vacuum bottles and jugs, 1-quart and over.
3429691	Specialized hardware, fireplace equipment only.
3429699	Harness and saddlery hardware.
34396	Domestic cooking stoves, ranges, and cooking appliances, except electric.
34611	Vitreous-enameled cooking and kitchen utensils, except hospital utensils.
3463794	Ice cube trays and lunch boxes, metal; aluminum ice cube trays only.
3463795	Stamped or pressed metal end products, n. e. c.
34639	Stamped and spun cooking and kitchen utensils, except commercial cooking, kitchen, and hospital utensils, and commercial baking pans.
34712	Incandescent portable lamps.
3471591	Fluorescent portable lamps.
3489695	Wire products, n. e. c.
3499292	Fabricated metal products, n. e. c.
3499294	Bed rails, metal.
35227	Lawn mowers and lawn sweepers.
35811	Household mechanical washing machines.
3581291	Household ironers.
3581292	Household laundry equipment, n. e. c.
3583091	Sewing machines, household.
35841	Vacuum cleaners, household.
35851	Household mechanical refrigerators.
35852	Home and farm freezers.
3589292	Household machines, n. e. c.
36211	Electric fans, except industrial-type.
3621303	Electric razors and dry shavers.
3621394	Small household electric appliances, except fans.
36214	Household ranges, electric.
3699392	Electrical products, n. e. c., Christmas tree lighting outfits only.
37511	Motorcycles, bicycles, and motorcycle and bicycle parts, except repair parts.
39120	Jewelers' findings and materials.
3914091	Flatware, commercial and domestic.
3914092	Silverware, hollow ware and plated ware.
39310	Pianos.
39320	Organs.
39410	Games and toys, except dolls and children's vehicles.
39420	Dolls and stuffed toy animals.
3943092	Children's vehicles and parts.

M–74—Use of Copper and Copper-Base Alloy in Construction Materials

DIR. 1—USE OF COPPER AND COPPER-BASE ALLOY IN INVENTORY AS OF JULY 1, 1951

REVOCATION

NPA Order M–74 (16 F. R. 7708) and Direction 1 of April 17, 1952 (17 F. R. 3457) are hereby revoked.

This revocation does not relieve any person of any obligation or liability incurred under NPA Order M–74 or under Direction 1 as originally issued or as thereafter amended, nor deprive any person of any rights received or accrued under said order or direction prior to the effective date of this revocation.

(Sec. 704, 64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This revocation is effective August 4, 1952.

[NPA Order M–77, Amendment 1 of August 4, 1952]

M–77—Communications

AMENDMENT OF SECTIONS 2 (i) AND 5

This amendment is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment consultation with industry representatives has been impracticable because of the need for immediate action.

AMENDATORY PROVISIONS

NPA Order M–77 as last amended May 6, 1952, is further amended in the following respects:

1. Paragraph (i) of section 2 is amended by striking out all matter following the colon and by substituting the following:

5 tons of carbon steel (not to include more than 2 tons of structural shapes, but no wide-flange beam sections or columns).
1,000 pounds of copper and copper-base alloys.
2,000 pounds of aluminum.
No alloy steel or stainless steel.

2. The present section 5 is deleted, the subsequent sections are renumbered accordingly, and corresponding changes are made in the table of contents.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup 2154).

This amendment shall take effect August 4, 1952.

NATIONAL PRODUCTION AUTHORITY,

[NPA Order M–100, Amendment 2 of August 4, 1952]

M–100—Residential Construction

MISCELLANEOUS AMENDMENTS

This amendment to NPA Order M–100 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amendment, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the amendment affects many different industries.

EXPLANATORY

This amendment affects sections 1, 4, 5, and 6, and Schedules I and II of NPA Order M–100 as last amended by Amendment 1 of June 18, 1952. The references to Schedule II in subparagraphs (1), (2), and (4) of paragraph (b) of section 4, and in paragraphs (b) and (d) of section 6 are amended to read: Schedule I. The provisions of section 5 are deleted, and the cross reference to section 5 in subparagraph (5) of paragraph (a) of section 1 is deleted. The quantities of copper and aluminum specified in Schedule I are amended, and Schedule II is deleted.

AMENDATORY PROVISIONS

NPA Order M–100 is amended in the following respects:

1. Subparagraph (5) of paragraph (a) of section 1 is amended to read:

(5) Deleted August 4, 1952.

2. The references to Schedule II in subparagraphs (1), (2), and (4) of paragraph (b) of section 4, and in paragraphs (b) and (d) of section 6 are amended to read: "Schedule I."

3. Section 5 is amended to read as follows:

SEC. 5. *Limitations on use of controlled materials for certain purposes in residential construction.* Deleted August 4, 1952.

4. Schedule I is amended to read as follows:

SCHEDULE I OF NPA ORDER M–100

Types and quantities of controlled materials which may be obtained under the self-authorization procedure, and which are the only types and the maximum quantities which may be used in 1- through 4-family residential structures

Residential structure using steel pipe water distribution system, per dwelling unit

New construction:	Pounds
Carbon steel (excluding structural shapes)	2,300
Carbon steel (structural shapes)	None
Alloy steel and stainless steel	None
Aluminum	275
Copper and copper-base alloys	200

Residential structure using copper pipe water distribution system, per dwelling unit

New construction:	Pounds
Carbon steel (excluding structural shapes)	1,950
Carbon steel (structural shapes)	None
Alloy steel and stainless steel	None
Aluminum	275
Copper and copper-base alloys	400

NOTES

(1) If a forced hot water heating system is installed, the owner may use and self-authorize purchase orders for an additional 200 pounds of copper and copper-base alloys; and if a radiant heating system is installed, he may use and self-authorize purchase orders for an additional 500 pounds of copper and copper-base alloys.

(2) For alterations, additions, or extensions, not more than 50 percent of the quantities specified above.

5. Schedule II is deleted.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect August 4, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

Chapter XVII—Housing and Home Finance Agency

[CR 5]

CR 5—PRIVATE DEFENSE HOUSING IN TERRITORIES AND POSSESSIONS OF THE UNITED STATES: REGULATION GOVERNING AVAILABILITY OF SPECIAL ASSISTANCE FOR CONSTRUCTION OF DEFENSE HOUSING IN CERTAIN CRITICAL DEFENSE HOUSING AREAS

The following regulation of the Housing and Home Finance Agency is issued pursuant to Title I of the Defense Housing and Community Facilities and Services Act of 1951 (Pub. Law 139, 82d Cong., 65 Stat. 293), Titles III and IX of the National Housing Act, as amended (12 U. S. C. 1701), Title V of the Housing Act of 1948 (62 Stat. 1268) as amended, Reorganization Plan No. 3 of 1947 (61 Stat. 954), and Executive Order 10296 (16 F. R. 10103).

SALES HOUSING AND OTHER HOUSING TO BE BUILT FOR OWNER-OCCUPANCY

13. Who may apply for construction of programmed sales housing.
14. Where and how applications should be made.
15. Standards for approving applications.
16. Rules and conditions applicable.
17. Eligibility for purchase.

AUTHORITY: Sections 1 to 17 issued under sec. 704, 64 Stat. 816, as amended, Pub. Law 139, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply Title VI, 64 Stat. 812, as

amended, Pub. Law 139, 82d Cong.; 50 U. S. C. App. Sup. 2131–2135, E. O. 10296, Oct. 2, 1951, 16 F. R. 10103; 3 CFR 1951 Supp.

GENERAL

SECTION 1. *Statement of purpose.* (a) Title I of the Defense Housing and Community Facilities and Services Act of 1951 and Executive Order 10296, approved October 2, 1951, authorize the Director of Defense Mobilization to designate areas specified by him as critical defense housing areas for purposes of that act. Under that title the Housing and Home Finance Administrator is authorized to determine and announce for any area so designated the number of permanent dwelling units (including information as to types, rentals, and general locations) needed for defense workers and military personnel in the area.

(b) Title II of the Defense Housing and Community Facilities and Services Act of 1951 amends the National Housing Act by adding a new Title IX, "National Defense Housing Insurance", pursuant to which a fund is established and conditions are set forth for the insurance by the Federal Housing Administration (a constituent agency of the Housing and Home Finance Agency) of mortgages covering defense housing in critical defense housing areas. The number of dwelling units in properties covered by mortgages insured under Title IX may not exceed the number authorized by the Housing and Home Finance Administrator from time to time as being needed in any defense area for defense purposes, and provision is also made in Title IX for prescribing procedures necessary to secure to persons engaged in national defense activities preference or priority of opportunity to purchase or rent housing covered by mortgages insured under that title.

(c) Title III of the National Housing Act (as amended by the Defense Housing and Community Facilities and Services Act of 1951 and other acts) provides that the Federal National Mortgage Association (which under the law is administered subject to the direction and control of the Housing and Home Finance Administrator) may give certain preferences, in its program of purchasing mortgages insured by the Federal Housing Administration or guaranteed by the Veterans Administration, to defense housing programmed by the Housing and Home Finance Administrator in critical defense housing areas.

(d) The major purposes of this regulation, issued by the Housing and Home Finance Administrator, are (1) to provide for the programming, pursuant to the laws referred to above, of defense housing needed for in-migrant defense workers or military personnel employed or stationed in critical defense housing areas (listed in the appendix to this regulation) in any Territory or possession of the United States where the failure to provide such housing in the areas would impede national defense activities; and (2) to prescribe uniform conditions and procedures under which housing in such areas in any Territory or possession will be approved as programmed defense housing. Such approval under this regulation is required in order for the housing to be eligible for FHA mortgage insurance under Title IX of the National Housing Act or for the special benefits provided in Title III of that act in connection with FNMA purchases of mortgages covering defense housing programmed by the Housing and Home Finance Administrator. The conditions, procedures, requirements and restrictions set out in this regulation are for the purpose of insuring that the programmed defense housing approved under this regulation will meet the needs of the in-migrant defense workers or military personnel and their families. In addition to the applicable conditions, requirements and restrictions imposed by or pursuant to this regulation, to be eligible for insurance under Title IX of the National Housing Act, applicants will be required to comply with all applicable provisions of regulations issued by the Federal Housing Administration pursuant to that title. Similarly, in addition to the applicable conditions, requirements and restrictions imposed by or pursuant to this regulation, the availability of special preferences in the purchase by the Federal National Mortgage Association of mortgages covering defense housing in the Territories and possessions of the United States will be governed by the regulations of that Association.

SEC. 2. *What this regulation does.* This regulation lists critical defense housing areas in the Territories and possessions of the United States in which this regulation will be applicable and prescribes, among other things, who may apply for the special assistance authorized in such areas under the several laws referred to above; the type of housing eligible; where and how to apply; the basis on which applications will be approved; the rules which applicants and their successors in interest must abide by with respect to holding and offering certain housing for rent or sale to persons engaged in national defense activities and with respect to rents or sales prices which may be charged; and the manner in which eligibility will be determined for the occupancy or purchase of housing programmed under this regulation.

SEC. 3. *Geographical areas affected.* This regulation will be applicable only to property located in "critical defense housing areas" as that term is defined in section 7 of this regulation. A critical defense housing area will be designated as such by the Housing and Home Finance Administrator for purposes of this regulation only where such area has been determined by proper authority to be a "critical defense housing area" within the meaning of the Defense Housing and Community Facilities and Services Act of 1951.

SEC. 4. *Type of housing eligible.* The housing eligible for approval under this regulation as programmed defense housing is limited to family dwellings which are suitable and intended for year-round occupancy. Only single-family dwellings are eligible for approval under sections 13 through 17 of this regulation which concerns sales housing and other housing to be built for owner-occupancy. Housing to be held for rent pursuant to the provisions governing rental housing set out in sections 8 through 12 of this regulation may be of any type which meets the requirements of the first sentence of this section. Thus, it may consist of a single-family home or single-family homes (whether detached, semi-detached, or row houses), two-family structures, or structures containing three or more family dwelling units.

SEC. 5. *Programming by HHFA.* Defense housing will be programmed for each critical defense housing area by the Housing and Home Finance Agency on the basis of housing market field surveys, and applications will be approved under this regulation in accordance with area program schedules of housing needed from time to time to serve in-migrant defense workers or military personnel employed or stationed at defense plants or installations in the area. Detailed area programs will be announced for each critical defense housing area. Such programs will relate to the location of the housing within such critical defense housing area, the number and types of rental or sales units required, the size (by number of bedrooms) of such units, the levels of rentals or sales prices which must be achieved if the housing is to meet the needs of the persons for whom it is intended and similar factors. Applications will be approved pursuant to the detailed procedures, standards, and conditions set out below.

SEC. 6. *Beginning of construction; time limit.* When an application is approved under this regulation, construction of the housing described in the application should be begun not later than sixty calendar days after the date of the approval, and should be continued with reasonable diligence thereafter. This approval automatically expires unless construction is begun either (a) within such sixty-day period or (b) within any extension of that period which shall have been approved by the local office of the Federal Housing Administration, and is continued with reasonable diligence. Applicants are required to furnish, with respect to units for which an application is approved under this regulation, such information concerning the beginning, progress, and completion of construction as may be requested by the Government.

SEC. 7. *Definitions.* As used in this regulation, the following words, terms, and phrases shall have the meaning set out in this section:

(a) *Beginning of construction.* For the purposes of this regulation, construction shall be deemed to be begun when any essential materials which are to be an integral part of the structure have been incorporated into the site in a permanent form (for example, when footings or other foundations have been poured or placed).

(b) *Completion of construction.* For the purposes of this regulation a dwelling unit shall be deemed to be completed when, in conformity with general prac-

tice in the community, it is ready for occupancy.

(c) *Family dwelling.* A "family dwelling" means a house or apartment designed for residential occupancy by two or more persons and which contains kitchen facilities or space designed for kitchen facilities. It does not include hotels, motels, rooming houses, club houses, fraternity or sorority houses, dormitories, or any other structure designed or used either for transient accommodations or for occupancy by single persons or by non-family groups.

(d) *Critical defense housing area.* A "critical defense housing area" (for purposes of this regulation) means an area designated as such by the Housing and Home Finance Administrator in the appendix to this regulation. This designation does not necessarily determine where housing which will be approved under this regulation may be located within the critical defense housing area. More specific information with respect to the location of such housing may be found in the area programs referred to in section 5 of this regulation. Thus, these area programs may specify geographical places (such as a city, county or township) within the critical defense housing area where such housing may be located or may set out a minimum standard for determining where such housing may be located, based on reasonable daily commuting distance from the defense plants or installations appearing in the "defense activity list" for the area.

(e) *Defense activity list.* The "defense activity list" means the list of defense plants or installations or defense-supporting service activities for each critical defense housing area appearing in the area program published in the FEDERAL REGISTER or on file in the FHA office for the district in which the area is located.

(f) *Eligible defense worker.* An "eligible defense worker" means (1) a civilian or a member of the Armed Forces employed or stationed at a defense plant or installation listed on the defense activity list for the particular critical defense housing area who is an in-migrant as defined herein and who requires and is without adequate family housing; or (2) a person engaged in a defense-supporting service activity (as defined in paragraph (k) of this section), which defense-supporting service activity appears on the defense activity list for the particular critical defense housing area and who is an in-migrant as defined herein and who requires and is without adequate family housing. However, a member of the Armed Forces otherwise eligible is an eligible defense worker notwithstanding the date when he brought or moved his family from beyond practicable commuting distance. Nothwithstanding the foregoing requirement that an eligible defense worker be an in-migrant, a person otherwise eligible who is not an in-migrant but who has since December 19, 1950, been evicted from the family dwelling unit occupied by him or his family or is in receipt of a bona fide notice to remove and surrender possession of such family dwelling unit within a period of 90 days or less, is an eligible defense worker hereunder. Such eviction or notice to surrender possession must be for reasons other than the breach of any of the conditions of tenancy by such defense worker. Exceeding a maximum income limitation in any tenancy agreement, however, shall not be deemed for this purpose a breach of a condition of the tenancy by such defense worker. An "eligible defense worker" employed or stationed in one critical defense housing area shall be deemed an "eligible defense worker" within any contiguous critical defense housing area if the area programs (referred to in section 5 of this regulation) for the respective contiguous critical defense housing areas so prescribe.

(g) *In-migrant.* An "in-migrant" is a person (1) whose residence is beyond maximum practicable commuting distance from his place of work or military station or (2) who has since December 19, 1950 (or such other date as may be announced for the critical defense housing area), brought or moved his family from beyond the maximum practicable commuting distance from his place of work.

(h) *Maximum practicable commuting distance.* "Maximum practicable commuting distance" means a distance within which it is possible to commute daily to the place of employment by established common carrier or by private transportation at a cost per person of not more than $1.00 per round trip and with normal traveling time of not more than three hours per round trip, unless another cost or time shall have been announced for the critical defenmse housing area.

(i) *Sales price.* "Sales price" means the total consideration paid (including any charge made a condition to the sale) by the buyer for the dwelling accommodations with accompanying land and improvements. The only items which are excluded are those incidental charges, such as closing costs and brokerage fees or commissions or charges, which buyers of such dwelling accommodations customarily assume in the community where such accommodations are located, and which actually have been incurred for services rendered at the buyer's or seller's request in connection with the sale.

(j) *Public offer.* To "publicly offer" dwellings for rent or sale means that the owner will (1) for the period of offer required by this regulation take such affirmative steps as are customary in the community for making a public offering of family dwellings which will give reasonable notice to eligible defense workers, including members of the Armed Forces, that such dwellings are available for rent or sale, and (2) during construction and until the dwelling units are initially occupied or sold (or, where 4 or more units are involved, until at least 75 percent of the units are initially occupied or sold), maintain in a conspicuous location at the site a sign not less than 2½ feet by 4 feet specifying in words legible at a reasonable distance, the rents or range or rents, or the sales price or range of sales prices, as the case may be, and containing the following language:

Privately Built
Defense Housing
HHFA No. ——

(k) *Defense-supporting service activity.* A defense-supporting service activity as used in this regulation, means any activity (other than activities of defense plants or installations referred to in numbered subparagraph (1) of paragraph (f) of this section) which is directly or indirectly concerned with the activities of defense plants or installations appearing on the defense activity list and which is essential to the efficient operation of such listed defense plants or installations. Defense-supporting service activities may include such activities as police and fire protection, health and educational activities, and the furnishing of transportation and communication services and other public utility services, including installation, operation, and maintenance necessary for such services.

HOUSING TO BE HELD FOR RENT

SEC. 8. *Who may apply for construction of programmed rental housing.* With respect to defense housing programmed by the Housing and Home Finance Administrator for rental occupancy in Territories and possessions of the United States an application for approval of such housing under this regulation may be made only by a person (including a corporation, partnership, trust, or other legal entity) who is the owner of, or otherwise has effective control over, the land on which there is proposed to be erected a new family dwelling or dwellings which will be held for rental to eligible occupants as prescribed below. Effective control over the land, for the purposes of this section, includes control through ownership, a firm contract to purchase, a written option to purchase which may be exercised at the will of the applicant, or a long-term lease for a term of not less than 50 years.

SEC. 9. *Where and how builders should apply.* Application under this regulation to construct housing to be held for rent should be made to the appropriate local office of the Federal Housing Administration on HHFA Form No. H–2052. (Local offices of the Federal Housing Administration, which is a constituent agency of the Housing and Home Finance Agency, will receive and process such applications on behalf of the Housing and Home Finance Administrator whether the housing in question is to be financed with the aid of a mortgage loan insured by the Federal Housing Administration or guaranteed by the Veterans' Administration.) An original and three signed copies of the application form must be submitted for each application. Each application must contain a statement that the applicant has a commitment or other assurance in writing from a lending institution or other lender that such lender intends, if the application is approved, to provide the financing for the residential property, including the proposed improvements, described in the application. If the application is approved, two copies of the application form will be returned to the applicant endorsed to indicate such approval. One of these copies must be submitted to the lending institution or other lender making the loan. Such lender need not be the lending institution or proposed lender referred to in the application. The applicant will also be notified if the application is rejected. Unless otherwise specifically approved in writing by the local office of the FHA, the approved application (HHFA Form No. H–2052) is not transferable or assignable.

SEC. 10. *Standards for approving applications.* As among applications otherwise eligible for approval under the terms of this regulation, applications made under sections 8 through 12 of this regulation will be approved for dwelling units within a total number consistent with area programs adopted from time to time by the Housing and Home Finance Administrator pursuant to the surveys referred to in section 5 of this regulation. Applications will be approved on the basis of achieving a maximum contribution toward filling the needs for rental housing of eligible defense workers and military personnel in the designated areas which the proposed housing is intended to serve. For this purpose the local office of the Federal Housing Administration may consider, in approving applications, any or all of the following factors and circumstances:

(a) The proximity of the site of the proposed housing to the defense plants and installations on the defense activity list, and the desirability of the site with respect to transportation, commercial and community facilities and services, utilities, street improvements and similar relevant factors;

(b) The rentals proposed to be charged, the size of units in terms of the number of rooms and bedrooms proposed to be provided, and the relationship between the accommodations proposed and the proposed rentals;

(c) The capacity of the applicant to perform the undertaking for which he applies; and

(d) The order in which applications are filed.

SEC. 11. *Rules and conditions applicable.* (a) In the event that an application under this regulation is approved pursuant to sections 8 through 12 of this regulation, the applicant is hereby required to notify the appropriate local office of the Federal Housing Administration in writing when the construction of the dwelling units described in the application is begun and when such dwelling units are completed. In such event, the applicant is also hereby required for a period of two years after their completion in the case of structures containing one or two family dwelling units and a period of four years after their completion in the case of structures containing three or more family dwelling units, (unless the applicable period is sooner terminated by the Housing and Home Finance Administrator) to:

(1) Publicly offer any such dwelling unit for rent, for a period of at least thirty calendar days after the dwelling unit described in the application has been completed and for a period of at least thirty calendar days after such unit subsequently becomes vacant, to eligible defense workers unless the unit is sooner rented to such a worker;

(2) Require, upon the renting of any such dwelling unit to an eligible defense worker, that such worker fill out in duplicate and submit to the applicant an occupancy eligibility certificate on HHFA Form No. H–2054 (which shall be further executed by the applicant, as indicated therein, who shall forward one copy to the local office of FHA and retain one copy);

(3) Fill out in duplicate a landlord's certificate on HHFA Form No. H–2056 in case such dwelling unit has been publicly offered in good faith for rent to eligible defense workers, as required by subparagraph (1) of this paragraph, but subsequently rented to a person other than an eligible defense worker (one copy of such certificate shall be forwarded to the local office of FHA and one copy shall be retained by the applicant or any subsequent owner making such certificate);

(4) Charge not more than the rent or rents and utility and service charges specified in the approved application or not more than such higher rents and utility and service charges as the local office of the Federal Housing Administration shall have approved on the basis of hardship to the applicant or subsequent owner;

(5) Hold the dwelling unit or units for rent unless (i) the property is being sold to a purchaser for investment purposes rather than for his own occupancy, or (ii) prior permission to sell is granted in writing by the Housing and Home Finance Agency, or (iii) a period of at least sixty calendar days has elapsed after the dwelling unit or units described in the application has been completed or after the unit has subsequently become vacant, and the public offer of such unit for rent at the approved rental during said sixty days has not produced a tenant;

(6) Comply with any agreements or conditions made a part of the application HHFA Form No. H–2052, as approved; and

(7) Require that the purchaser, if the property is sold pursuant to subdivision (i) of subparagraph (5) of this paragraph, agree in writing to abide by all the provisions and conditions set forth in this regulation, including this paragraph, which shall be applicable to all successive sales pursuant to said subdivision (i) of subparagraph (5) of this paragraph, made within the period referred to above during which this paragraph is applicable by the first and all successive purchasers for investment purposes.

(b) No purchaser of property for investment purposes (pursuant to paragraph (a) (5) (i) of this section) shall occupy a dwelling unit in such property unless it contains two or more family dwelling units and such purchaser is himself eligible for occupancy of a dwelling pursuant to section 12 of this regulation or unless such occupancy is pursuant to paragraph (c) of this section.

(c) Notwithstanding any provision of this section, if a parcel of real property contains five or more family dwelling units required to be held for rent under sections 8 through 12 of this regulation, the owner of said parcel, or a person actually employed as a resident manager or janitor of said dwelling units, may occupy one of such units. Two such units may be occupied by such owners, resident managers, or janitors if the property required to be held for rent pursuant to said sections contains not less than 20 family dwelling units, and an additional unit may be so occupied for every additional 30 family dwelling units above 20.

(d) Sales in the course of judicial or statutory proceedings are not subject to the provisions of this section.

(e) Written notifications required by this section to be given to the Federal Housing Administration shall be deemed to be given as of the date they are received by the FHA or, if mailed, as of the date they are postmarked.

(f) All requirements, conditions and restrictions with respect to holding for rent, rental charges and utility charges imposed by or pursuant to this regulation are in addition to any applicable requirements, conditions and restrictions which may, under certain circumstances, be imposed with respect to the same housing by or pursuant to the Housing and Rent Act of 1947, as amended, or the National Housing Act, as amended. (Note that rental ceilings approved under this regulation are based primarily on market surveys of needs of eligible defense workers for housing classified by number of rooms and approximate rental rather than on detailed plan and specifications of the housing to be constructed. Rental limitations which may be imposed under certain circumstances by the Office of Rent Stabilization or the Federal Housing Administration are based primarily on the actual accommodations provided or to be provided. Therefore rental limitations imposed under this regulation may, in individual cases, be higher or lower than rental limitations imposed under other legal authority. In such event, persons affected by more than one rental limitation or requirement governing the same dwelling unit must comply with whichever one is more restrictive.)

SEC. 12. *Eligibility for tenancy.* Except as otherwise provided in section 11 of this regulation, during the period in which a dwelling unit is required to be held for rent under sections 8 through 12 of this regulation, no person other than an "eligible defense worker", as defined in paragraph (f) of section 7 of this regulation, or his family shall be eligible for tenancy or occupancy of such dwelling unit.

SALES HOUSING AND OTHER HOUSING TO BE BUILT FOR OWNER-OCCUPANCY

SEC. 13. *Who may apply for construction of programmed sales housing.* With respect to housing in a critical de-

fense housing area listed in the appendix to this regulation which may be programmed by the Housing and Home Finance Administrator for sale to, or construction by, prospective owner-occupants, application for approval under this regulation may be made only by (a) an "eligible defense worker" (as defined in paragraph (f) of section 7 of this regulation) who is the owner of, or otherwise has effective control over, the land on which he proposes to erect a new family dwelling for his own occupancy or (b) a person (including a corporation, partnership, trust, or other legal entity) who is the owner of, or otherwise has effective control over, the land on which he proposes to erect a new family dwelling or dwellings for sale to eligible defense workers. Effective control over the land, for the purposes of this section, includes control through ownership, a firm contract to purchase, a written option to purchase which may be exercised at the will of the applicant, or a long-term lease for a term of not less than 50 years.

SEC. 14. *Where and how applications should be made.* Application under this regulation by a builder desiring special financing aid for a single-family dwelling or single-family dwellings to be erected for sale to eligible defense workers should be made to the appropriate local office of the Federal Housing Administration on HHFA Form No. H–2053. Application under this regulation by an "eligible defense worker" desiring such special aid with respect to a single-family dwelling to be erected and occupied by the applicant should be made to the appropriate local office of the Federal Housing Administration on HHFA Form No. H–2053–A. Procedures for the submission, processing and subsequent disposition of such applications will be the same as those set forth in section 9 of this regulation with respect to housing to be held for rent. Unless otherwise specifically approved in writing by the local office of the FHA, the approved application (either HHFA Form No. H–2053 or H–2053–A, as the case may be) is not transferable or assignable.

SEC. 15. *Standards for approving applications.* As among applications otherwise eligible for approval under the terms of this regulation, applications made under sections 13 through 17 of this regulation will be approved for dwelling units within a total number consistent with area programs adopted from time to time by the Housing and Home Finance Administrator pursuant to the surveys referred to in section 5 of this regulation. Applications will be approved on the basis of achieving a maximum contribution toward filling the needs for sales-type housing of eligible defense workers and military personnel in the designated areas which the proposed housing is intended to serve. For this purpose the local office of the Federal Housing Administration may consider, in approving applications, any or all of the following factors and circumstances:

(a) The proximity of the site of the proposed housing to the defense plants and installations on the defense activity list, and the desirability of the site with respect to transportation, commercial and community facilities and services, utilities, street improvements and similar relevant factors;

(b) The sales prices proposed to be charged, the size of units in terms of the number of rooms and bedrooms proposed to be provided, and the relationship between the proposed type of construction and special features and the proposed sales prices;

(c) The capacity of the applicant to perform the undertaking for which he applies; and

(d) The order in which applications are filed.

SEC. 16. *Rules and conditions applicable*—(a) *Sales housing.* In any case where an application under this regulation is approved pursuant to sections 13 through 17, with respect to the erection of a dwelling or dwellings for sale, the applicant is hereby required to notify the appropriate local office of the Federal Housing Administration in writing when the construction of the dwellings described in the application is begun and when such dwellings are completed, and to:

(1) Publicly offer each dwelling for sale, for a period of at least sixty calendar days after the dwelling described in the application has been completed, to eligible defense workers unless the dwelling is sooner purchased by such a worker;

(2) Require, upon the sale of any such dwelling to an eligible defense worker, that such worker fill out in duplicate and submit to the applicant an occupancy eligibility certificate on HHFA Form No. H–2054 (which shall be further executed by the applicant, as indicated therein, who shall forward one copy to the local office of FHA and retain one copy);

(3) Fill out in duplicate a seller's certificate on HHFA Form No. H–2057 in case any such dwelling has been publicly offered in good faith for sale to eligible defense workers, as required by subparagraph (1) of this paragraph, but subsequently sold to a person other than an eligible defense worker (one copy of such certificate shall be forwarded to the local office of FHA and one copy retained by the applicant);

(4) Charge not more than the sales price or prices specified in the approved application for such dwelling or dwellings or such higher price or prices as the local office of the Federal Housing Administration shall have approved on the basis of hardship to the applicant;

(5) Comply with any agreements or conditions made a part of the application, HHFA Form No. H–2053, as approved; and

(6) Require the purchaser to agree in writing that, if such purchaser or his family does not reside in the completed dwelling for a period of at least ninety days and he proposes to sell such dwelling (whether prior to or after completion), (i) he will give advance notification in writing to the local office of the FHA that he proposes to sell such dwelling and (ii) he will abide by all the provisions and conditions set forth in this regulation (including this subparagraph) which shall be applicable to all successive sales of said dwelling until it has been occupied for ninety consecutive days after completion by any purchaser or his family. For the purpose of this subparagraph references elsewhere in the regulation to an "applicant" shall be deemed to include subsequent owners and reference to a sixty-day period of public offer after completion of a dwelling shall be deemed to include any subsequent sixty-day period of public offer.

(b) *Other housing to be built for owner-occupancy.* In any case where an application under this regulation is approved pursuant to sections 13 through 17 with respect to a single-family dwelling to be erected and occupied by an "eligible defense worker", the applicant is hereby required to notify the appropriate local office of the Federal Housing Administration in writing when the construction of the dwelling is begun and when it is completed and to comply with any agreements or conditions made a part of the application, HHFA Form No. H–2053–A, as approved. If the "eligible defense worker" or his family does not reside in the completed dwelling for a period of at least ninety days and he proposes to sell such dwelling (whether prior to or after completion), he is hereby further required to give advance notification in writing to such local office of the FHA that he proposes to sell such dwelling, to certify to such office in writing the actual cost of the dwelling, and thereafter to comply with all requirements of paragraph (a) of this section except that for the purposes of this paragraph the reference in paragraph (a) (5) of this section to HHFA Form No. H–2053 shall be deemed to be a reference to HHFA Form No. H–2053–A and the reference in paragraph (a) (4) of this section to the sales price specified in the approved application shall be deemed to be a reference to the actual cost of the dwelling. If the "eligible defense worker" or his family does not reside in the completed dwelling for a period of at least ninety days and he proposes to rent such dwelling, he is hereby further required to give advance notification in writing to such local office of the FHA that he proposes to rent such dwelling, and thereafter, for a period of two years after such notification or after the completion of the dwelling, whichever is later, to publicly offer such dwelling for rent, for a period of at least thirty calendar days after its completion and for a period of at least thirty calendar days after it subsequently becomes vacant, to eligible defense workers (and only to eligible defense workers) unless the dwelling is sooner rented to such a worker.

(c) Sales in the course of judicial or statutory proceedings are not subject to the provisions of this section.

(d) Written notifications required by this section to be given to the FHA shall be deemed to be given as of the date they are received by the Federal Housing Administration or, if mailed, as of the date they are postmarked.

SEC. 17. *Eligibility for purchase.* Except as otherwise provided in section 16 of this regulation, no person other than an "eligible defense worker" as defined in paragraph (f) of section 7 of this regulation shall be eligible for purchase of a dwelling for which an approval has been granted under the provisions of sections 13 through 17 of this regulation.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This regulation is effective as of the 5th day of August 1952.

RAYMOND M. FOLEY,
Housing and Home Finance Administrator.

APPENDIX TO CR 5

CRITICAL DEFENSE HOUSING AREAS

Area, Including Geographical Description and Date Designated

1. Island of Oahu, Territory of Hawaii, August 5, 1952.

2. Ramey Air Force Base, Aguadilla, Puerto Rico, Area (the municipalities of Aguadilla and Isabela in the northwest corner of the Island of Puerto Rico), August 5, 1952.

[F. R. Doc. 52–8519; Filed, Aug. 4, 1952; 8:50 a. m.]

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 3—VETERANS CLAIMS

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

MISCELLANEOUS AMENDMENTS

1. In § 3.228 of Part 3, the headnote and paragraphs (a), (c) (5) and (6), (d) (1) and (2), (i), and (j) are amended and paragraph (d) (3) is added as follows:

§ 3.228 *Computation of annual income for the purposes of Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), or section 1 (c) of Public No. 198, 76th Congress (act of July 19, 1939), as amended by section 11, Public Law 144, 78th Congress and Public Law 357, 82d Congress*—(a) *Application of annual income limitation*—(1). *Annual income limitation.* For periods prior to July 1, 1952, pension shall not be payable to any veteran without a wife or child, or to a widow without a child, or to a child, whose annual income exceeds $1,000, or to a married veteran, or to a veteran with a child or children, or to a widow with a child or children whose annual income exceeds $2,500. For periods on and after July 1, 1952, the increased annual income limitations of $1,400 and $2,700, respectively, shall be applicable. Where the claimant's income for the calendar year 1952 exceeds $1,000 (or $2,500) but is not in excess of $1,400 (or $2,700), pension shall not be payable for any period prior to July 1, 1952.

(2) *Basic rule.* Annual income will be computed on the basis of the total income for the entire calendar year. Where the equities indicate, however, such annual income may be computed monthly or proportionately on the basis of the rate of income. Under any method of calculation, the question is whether the actual income exceeds the statutory income limitation.

• • • • •

(c) *Income included in computation.* • • •

(5) Compensation paid by the Bureau of Employees Compensation, Department of Labor (of the United States), or pursuant to any workmen's compensation or employer's liability statute, or damages collected because of personal injury or death, less medical, legal, or other expenses incident to the injury or death or the collection or recovery of such moneys.

(6) Civil Service retirement benefits, Federal Old Age and Survivor's Insurance, railroad retirement benefits, or retirement benefits paid under a State, municipal, or private business or industrial plan: *Provided*, That where the benefit is received by a former worker based on his own employment, no part of such payments will be considered "annual income" until the full amount of his personal contribution (as distinguished from amounts contributed by the employer and not by the worker) has been received by him: *And provided further*, That such benefits received by a widow on the basis of her husband's employment will be considered as annual income as received. This subparagraph contemplates that the entire amount of the worker's annuity following retirement will be applied each year to amortize the cost of such annuity, after which the entire annuity will be considered as income.

• • • • •

(d) *Proportionate computations.* Income will be computed on a proportionate basis where:

(1) The income of the claimant exceeds the statutory limitation.

• • • • •

(2) The income of the veteran or widow exceeds the statutory limitation applicable to a person without dependents but is not in excess of the statutory limitation applicable to a person with dependents.

• • • • •

(3) Where income for the calendar year 1952 exceeds $1,000 (or $2,500, whichever is applicable), income will be computed proportionately from the date of change in status, as described in subparagraphs (1) and (2) of this paragraph, on the basis of the $1,000 (or $2,500) limitation for periods prior to July 1, 1952, and on the basis of the $1,400 (or $2,700) limitation for periods on or after July 1, 1952.

• • • • •

(i) *Reduction of income.* Where, because the claimant's annual income is in excess of the statutory limitation, a claim has been disallowed or payments discontinued for a particular calendar year or part thereof, pension may be payable from the first of the immediately succeeding calendar year if notice (constituting an informal claim) is received during that year that the claimant's actual or anticipated income will not exceed the statutory limitation and the necessary evidence is furnished within 1 year after the date of request. Otherwise, pension may not be paid for any period prior to the date of receipt of a new claim (formal or informal).

(j) *Failure to return annual income questionnaire.* See § 3.229 (b) (2).

• • • • •

(Sec. 1, 48 Stat. 1281, as amended, Part III, Vet. Reg. 1 (a), as amended, Pub. Law 357, 82d Cong.; 38 U. S. C. 503, ch. 12 note)

2. New §§ 3.229 and 3.230 are added as follows:

§ 3.229 *Annual income questionnaires*—(a) *Dispatch of questionnaire.* Where the continuance of pension is subject to the limitation on annual income as provided in Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), or section 1 (c), Public No. 198, 76th Congress (act of July 19, 1939), as amended by section 11, Public Law 144, 78th Congress, and as further amended by Public Law 357, 82d Congress, a questionnaire, VA Form 8–59 or VA Form 8–685, whichever is appropriate, will be sent to each payee at the beginning of each calendar year to obtain information concerning the beneficiary's anticipated annual income.

(b) *Failure to return questionnaire.* (1) A follow-up will be maintained as follows: If at the expiration of 30 days, the questionnaire has not been received, another will be forwarded; if the questionnaire has not been received at the expiration of the second 30 days, the award will be discontinued effective the date of last payment: *Provided however*, That if the payee resides outside the continental limits of the United States, the follow-up will be maintained at such period as in the light of the location of the payee, experience has demonstrated to be expedient. The payee need not be notified of the fact or reason for discontinuance. Where payments are being made to a fiduciary a copy of the second questionnaire will be forwarded to the appropriate chief attorney.

(2) When payments have been discontinued because of failure to return the annual income questionnaire, pension may be payable, if otherwise in order, from the date of last payment, provided the questionnaire or other evidence that the claimant's income is not in excess of the statutory limitation is received within 1 year from the date of issuance of the questionnaire. Otherwise, pension may not be paid for any period prior to the date of receipt of the questionnaire or a new claim (formal or informal).

(c) *Determinations of entitlement.* (1) If the completed questionnaire shows that the anticipated annual income of a beneficiary is not in excess of the applicable statutory limitation, payments will be continued.

(2) (i) If it is shown that the anticipated annual income of the payee is in excess of the statutory limitation, the award will be discontinued effective the date of last payment. (See § 4.86 (g) of this chapter.)

(ii) Payments otherwise proper will be resumed effective the day following the date of last payment, if it is determined after the close of the calendar year that the actual income did not exceed the statutory limitation, and an application for resumption of payments

is received in the Veterans' Administration not later than the end of the succeeding calendar year; if the income for the year in which discontinuance of payments became effective actually exceeds the statutory limitation, pension will be payable from the first of the immediately succeeding calendar year if notice is received in the Veterans' Administration within that year that the income anticipated will not exceed the statutory limitation. The payee will be notified of the provisions of this section.

(Sec. 1, 48 Stat. 1281, as amended, Part III, Vet. Reg. 1 (a), as amended, Pub. Law 357, 82d Cong.; 38 U. S. C. 503, ch. 12 note)

§ 3.230 *Readjustment of awards of death pension where annual income is a factor.* (a) When an award of death pension to a widow with a child or children has been discontinued for the reason that her annual income is in excess of the statutory limitation, payments to the child or children whose annual income, determined separately, does not exceed the statutory limitation will commence effective the day following the date of last payment to the widow.

(b) When payments are being made to a child or children and evidence is received showing that the annual income of the widow, which was in excess of the statutory limitation, has been reduced to an amount not in excess of the statutory limitation, payments to the child or children will be discontinued effective date of last payment. For the period commencing the date from which the widow is shown to be entitled to the date of last payment to the child or children, the rate for the widow will be the difference between the amount paid to the child or children and the amount which would have been payable for the widow and child or children. The full rate will be payable thereafter.

(Sec. 1, 48 Stat. 1281, as amended, Part III, Vet. Reg. 1 (a), as amended, Pub. Law 357, 82d Cong.; 38 U. S. C. 503, ch. 12 note)

3. Section 3.292 is revoked.

§ 3.292 *Award action upon failure to return questionnaire as to income under Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12).* [Revoked.]

4. In Part 4, § 4.34 (b) is amended to read as follows:

§ 4.34 *Death of veteran not due to service; Public No. 2, 73d Congress, paragraph III, Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12).* • • •

(b) For periods prior to July 1, 1952, pension shall not be paid to any unmarried person whose annual income exceeds $1,000, or to any widow with minor children whose annual income exceeds $2,500 (paragraph II (a), Part III, Veterans Regulation 1 (a)); for periods on and after July 1, 1952, the increased annual income limitations of $1,400 and $2,700, respectively, shall be applicable (Public Law 357, 82d Congress). (See also, § 3.228 of this chapter.)

• • • • • •

(Sec. 1, 48 Stat. 8, Pars. I, II, (a), III, Part III, Vet. Reg. 1 (a), as amended, sec. 5, Pub. Law 109, 82d Cong., Pub. Law 357, 82d Cong.; 38 U. S. C. 701, ch. 12 note)

5. In § 4.48, paragraph (b) is amended to read as follows:

§ 4.48 *Death of World War I veteran from disease or injury not the result of military service (Public No. 484, 73d Congress, act of June 28, 1934, as amended).* • • •

(b) *Income limitation; for periods on and after July 19, 1939.* For periods on and after July 19, 1939, and prior to July 1, 1952, no payment of pension shall be made under the provisions of Public No. 484, 73d Congress, as amended, to any widow without a child, or any child, whose annual income exceeds $1,000, or to a widow with a child or children whose annual income exceeds $2,500; for periods on and after July 1, 1952, the increased annual income limitations of $1,400 and $2,700, respectively, shall be applicable (Public Law 357, 82d Congress): *Provided*, That on and after July 13, 1943, where payments to a widow are disallowed or discontinued by reason of annual income, payment to a child or children of the deceased veteran may be made as though there is no widow. The provisions of § 3.228 of this chapter will govern determinations under this paragraph, but in no event will any payments by the United States Government because of disability or death under laws administered by the Veterans Administration be considered (sec. 11, Public Law 144, 78th Congress).

• • • • • •

(Sec. 1, 48 Stat. 1281, as amended, Pub. Law 357, 82d Cong.; 38 U. S. C. 503)

6. In § 4.51, paragraph (d) (1) is amended to read as follows:

§ 4.51 *Concurrent payment of two benefits to the same person.* • • •

(d) *Employees compensation.* (1) Where a person is entitled to compensation from the Bureau of Employees' Compensation based upon death due to service in the Armed Forces and is also entitled based upon the same death to compensation or pension under the laws administered by the Veterans' Administration, he shall elect which benefit he shall receive. Compensation or pension may not be paid in such instances by the Veterans' Administration concurrently with compensation from the Bureau of Employees' Compensation. Election by a widow controls the rights of any of the veteran's children regardless of whether they are in the widow's custody and regardless of the fact that such children may not be eligible to receive benefits under the laws administered by the Bureau of Employees' Compensation, Department of Labor. The provisions of this paragraph are not applicable where the benefit paid by the Bureau of Employees' Compensation is for death resulting from civilian employment; however, where the death cause, held by the Bureau of Employees' Compensation to have been incurred in civilian employment, is also the basis of an award of death compensation by the Veterans' Administration predicated on death due to military service, the Bureau of Employees' Compensation will be notified of the award of death compensation and they will discontinue payment of their benefit, as they hold the two findings to be incompatible.

• • • • • •

7. In § 4.76, a new paragraph (d) is added as follows:

§ 4.76 *Public No. 484, 73d Congress, as amended, non-service-connected death.* • • •

(d) *Public Law 357, 82d Congress.* Pension payable solely by reason of the increase in annual income limitations contained in Public Law 357, 82d Congress, shall commence the day following the date of death of the veteran or July 1, 1952, whichever is the later, if application is filed within 1 year after the date of death, otherwise the date of filing application, but in no event prior to July 1, 1952. A claim pending on May 23, 1952, the date of enactment of the act, shall be considered a claim under this act.

(Sec. 6, 50 Stat. 661, sec. 1, 48 Stat. 1281, as amended, sec. 3, 52 Stat. 353, as amended, sec. 5, 48 Stat. 1282, sec. 4, 58 Stat. 230, as amended, Pub. Laws 28 and 357, 82d Cong.; 38 U. S. C. 472d, 503, 505a, 507, 507b, 735)

8. In § 4.86, paragraphs (g) and (j) are amended and a new paragraph (k) is added as follows:

§ 4.86 *Public No. 2, 73d Congress (act of March 20, 1933), as amended; sections 28 and 31, Title III, Public No. 141, 73d Congress (act of March 28, 1934), as amended; Public No. 484, 73d Congress (act of June 28, 1934), as amended; and Public Law 301, 79th Congress (act of February 18, 1946).* Where death pension or compensation has been awarded under the provisions of Public No. 2, 73d Congress, or section 28 or 31, title III, Public No. 141, 73d Congress, or Public No. 484, 73d Congress, as amended, the effective date of reduction or discontinuance of such death pension or compensation shall be in accordance with the facts found, except that:

• • • • • •

(g) *Income limitations under Part III, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), and Public No. 484, 73d Congress (act of June 28, 1934), as amended.* Whenever the annual income of any person in receipt of death pension under Part III, Veterans Regulation 1 (a), or Public No. 484, 73d Congress, as amended, exceeds the statutory limitation (for a widow without a child, or a child, $1,000 for periods prior to July 1, 1952, and $1,400 for periods on and after July 1, 1952, and for a widow with a child or children, $2,500 for periods prior to July 1, 1952, and $2,700 for periods on and after July 1, 1952), the award of pension shall be discontinued from the date of last payment. See § 3.229 of this chapter.

• • • • • •

(j) *Commonwealth Army of the Philippines.* (1) In those cases in which an award was approved prior to February 18, 1946, predicated upon service in the organized military forces of the Government of the Commonwealth of the Philippines while such forces were in the service of the Armed Forces of the United States pursuant to the military order of the President of the United States dated July 26, 1941, awards of death benefits predicated upon non-service-connected death shall be discontinued effective February 17, 1946, and awards of death benefits predicated upon service-connected death at a dollar rate shall be reduced to authorize payment effective February 18, 1946, at the rate of one Philippine peso for each United States dollar authorized under the law (Pub. Law 301, 79th Cong.).

(2) In those cases in which, subsequent to approval of an award of death compensation, recognition of alleged service is withdrawn, payments will be discontinued effective date of last payment.

(k) *Election to receive Bureau of Employees' Compensation benefits.* Payment of death compensation or pension to any payee under any law administered by the Veterans' Administration shall be discontinued effective date of last payment upon receipt from the Bureau of Employees' Compensation, Department of Labor, of copy of an election showing that such payee has elected to receive benefits from that agency based upon service in the Armed Forces, in lieu of death compensation or pension from the Veterans' Administration: *Provided*, That where payments of death compensation or pension to a widow are discontinued because of her election to receive benefits from the Bureau of Employees' Compensation, Department of Labor, payments to any child or children of the veteran, regardless of whether they are in the widow's custody, will be discontinued effective date of last payment.

9. In § 4.88, paragraph (d) is amended and a new paragraph (f) is added as follows:

§ 4.88 *Recommencement of death pension or compensation.* Death pension or compensation previously discontinued will be recommenced as follows:

• • • • • •

(d) *Recommencement after discontinuance because of failure to file annual income questionnaire.* See § 3.229 of this chapter.

• • • • • •

(f) *Recommencement after discontinuance because payee had elected Bureau of Employees' Compensation benefits.* Where payments on an award of death compensation or pension have been discontinued under § 4.86 (k) because of the receipt from the Bureau of Employees' Compensation, Department of Labor, of a copy of an election to receive benefits from that agency, and there is subsequently received from that agency a statement that the election is not considered valid, the effective date of recommencement of death compensation or pension shall be the day following the date of last payment: *Provided*, That payments shall be recommended only upon receipt of a subsequent election to receive Veterans' Administration death compensation or pension: *Provided further*, That the award of Veterans' Administration death compensation or pension shall be subject to any payments made by the Bureau of Employees' Compensation to that payee based on service in the Armed Forces. The provisions of this paragraph are not applicable to an attempted revocation of a valid election. (See Veterans' Administration claims procedures.)

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707)

This regulation is effective August 5, 1952.

[SEAL] H. V. STIRLING,
Deputy Administrator.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 859]

NEW MEXICO

WITHDRAWING PUBLIC LAND FOR THE USE OF THE DEPARTMENT OF THE AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

Subject to valid existing rights, the following-described public land in New Mexico is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral-leasing laws, and reserved for the use of the Department of the Air Force for military purposes:

NEW MEXICO PRINCIPAL MERIDIAN

T. 21 S., R. 27 E.,
Sec. 33, SW¼NE¼, that portion lying south of the right-of-way of the Atchison, Topeka and Santa Fe Railroad, and east of the right-of-way of the county road.

The area described contains 31.5 acres.

This order shall take precedence over but not otherwise affect the order of April 8, 1935, of the Secretary of the Interior establishing New Mexico Grazing District No. 6, so far as such order affects the above-described land.

It is intended that the land described shall be returned to the administration of the Department of the Interior when it is no longer needed for the purpose for which it is reserved.

R. D. SEARLES,
Acting Secretary of the Interior.

JULY 29, 1952.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations

[S. O. 884, Amdt. 4]

PART 95—CAR SERVICE

MOVEMENT OF IRON ORE RESTRICTED; APPOINTMENT OF AGENT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 30th day of July A. D. 1952.

Upon further consideration of Service Order No. 884 (17 F. R. 5193, 5466, 5953, 6559), and good cause appearing therefor: It is ordered, that:

Section 95.884 *Movement of iron ore restricted; appointment of agent*, of Service Order No. 884 be, and it is hereby further amended by substituting the following paragraph (i) for paragraph (i) thereof:

(i) *Expiration date.* This section shall expire at 7:00 a. m., August 11, 1952, unless otherwise modified, changed, suspended or annulled by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p. m., July 31, 1952.

It is further ordered, that a copy of this amendment and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

[1] 16 F. R. 8680.

[2] The Defense Materials Procurement Agency, Washington 25, D. C., will consider negotiation of purchase or development contracts with producers capable of producing chrome ore or concentrates in excess of five thousand (5,000) tons per year from any one source.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies secs. 1, 15, 24 Stat. 379, as amended, 384, as amended; 49 U. S. C. 1, 15)

By the Commission, Division 3.

[SEAL] W. P. BARTEL, *Secretary.*

[F. R. Doc. 52-8495; Filed, Aug. 4, 1952; 8:46 a. m.]

[S. O. 885, Amdt. 4]

PART 95—CAR SERVICE

MOVEMENT OF IMPORT ORES RESTRICTED; APPOINTMENT OF AGENT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 30th day of July A. D. 1952.

Upon further consideration of Service Order No. 885 (17 F. R. 5194, 5466, 5954, 6559), and good cause appearing therefor: It is ordered, that:

Section 95.885 *Movement of import ores restricted; appointment of agent,* of Service Order No. 885 be, and it is hereby further amended by substituting the following paragraph (i) for paragraph (i) thereof:

(i) *Expiration date.* This section shall expire at 7:00 a. m., August 11, 1952, unless otherwise modified, changed, suspended or annulled by order of this Commission.

Effective date. This amendment shall become effective at 11:59 p. m., July 31, 1952.

It is further ordered, that a copy of this amendment and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies secs. 1, 15, 24 Stat. 379, as amended, 384, as amended; 49 U. S. C. 1, 15)

By the Commission, Division 3.

[SEAL] W. P. BARTEL, *Secretary.*

PART 193—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

QUALIFICATIONS AND MAXIMUM HOURS OF SERVICE OF EMPLOYEES OF MOTOR CARRIERS AND SAFETY OF OPERATION AND EQUIPMENT; FUEL CONTAINER LOCATION

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 30th day of July A. D., 1952.

The matter of parts and accessories necessary for safe operation under the motor carrier safety regulations prescribed by order dated April 14, 1952, and effective July 1, 1952, being under consideration; and

It appearing, that further investigation has established facts which warrant the modification of § 193.65 (a) of said regulation involving the location of fuel containers; and good cause appearing therefor: *It is ordered,* That § 193.65 (a) be amended to read as follows:

(a) *Fuel container location.* No part of any fuel tank or container or intake pipe shall project beyond the overall width of any motor vehicle upon which it is mounted. No part of any fuel tank shall be located forward of the front axle of the power unit upon which it is located, except that this requirement shall not apply to trucks manufactured prior to January 1, 1953, which have a total fuel capacity of less than 20 gallons, nor shall fuel be supplied to the engine of a bus, truck, or truck-tractor from a fuel tank or container located on a semi-trailer or full trailer.

It is further ordered, That this order shall be effective on the date hereof and shall continue in effect until the further order of the Commission.

Notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission, Washington, D. C., and by filing a copy thereof with the Director, Division of the Federal Register.

(49 Stat. 546, as amended; 49 U. S. C. 304)

By the Commission.

[SEAL] W. P. BARTEL, *Secretary.*

[Ex Parte MC-40]

PART 193—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

QUALIFICATIONS AND MAXIMUM HOURS OF SERVICE OF EMPLOYEES OF MOTOR CARRIERS AND SAFETY OF OPERATION AND EQUIPMENT; TIRES

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 30th day of July A. D. 1952.

The matter of parts and accessories necessary for safe operation under the motor carrier safety regulations prescribed by order dated April 14, 1952, effective July 1, 1952, but with § 193.75 thereof, in part, postponed by order of July 1, 1952 until August 1, 1952, being under consideration; and

Upon consideration of the record in the above-entitled proceeding, and of petition of National Automobile Transporters Association, for postponement of the effective date, reconsideration, modification and revision and further hearing of § 193.75, dated June 26, 1952; and good cause appearing therefor: *It is ordered,* That § 193.75 be amended to read as follows:

§ 193.75 *Tires.* (a) Every motor vehicle shall be equipped with tires of adequate capacity to support its gross weight. The tires supporting every motor vehicle intended to be operated in excess of 25 miles per hour shall be of such size that the sum of their capacity as shown by the following table shall at least equal the gross weight of such vehicle:

Tire size and ply rating:	*Capacity in pounds*
7:00 x 20—8 ply rating	2,500
7:50 x 20—8 ply rating	2,970
7:50 x 20—10 ply rating	3,375
8:25 x 20—10 ply rating	3,625
8:25 x 20—12 ply rating	3,938
9:00 x 20—10 ply rating	4,315
9:00 x 20—12 ply rating	4,813
10:00 x 20—12 ply rating	5,000
10:00 x 22—12 ply rating	5,345
10:00 x 24—12 ply rating	5,690
11:00 x 20—12 ply rating	5,625
11:00 x 22—12 ply rating	5,940
11:00 x 24—12 ply rating	6,250
12:00 x 20—14 ply rating	6,565
12:00 x 22—14 ply rating	7,000
12:00 x 24—14 ply rating	7,405

(b) For tire sizes and ply ratings not shown in the table of paragraph (a) of this section, the capacity rating in pounds shall be decided by the Commission upon request.

(c) No motor vehicle shall be operated on tires which have been worn so smooth as to expose any tread fabric or which have any other defect likely to cause failure. No bus shall be operated on any tire which does not have tread configurations on that part of the tire which is in contact with the road surface. No buses shall be operated with regrooved, recapped, or retreaded tires on the front wheels.

It is further ordered, That said petition be, and it is hereby, denied in all other respects;

It is further ordered, That this order shall be effective on the date hereof and shall continue in effect until the further order of the Commission.

Notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission, Washington, D. C., and by filing a copy thereof with the Director, Division of the Federal Register.

(49 Stat. 546, as amended; 49 U. S. C. 304)

By the Commission.

[SEAL] W. P. BARTEL, *Secretary.*

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 946]

[Docket No. AO-123 A-15]

HANDLING OF MILK IN LOUISVILLE, KENTUCKY, MILK MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Seelbach Hotel, Louisville, Kentucky, beginning at 9:30 a. m., c. d. t., August 13, 1952, for the purpose of receiving evidence with respect to emergency, and other economic conditions which relate to the handling of milk in the Louisville, Kentucky, marketing area and to the proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Louisville, Kentucky, marketing area (7 CFR Part 946 et seq.). These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the order, as amended, regulating the handling of milk in the Louisville, Kentucky, milk marketing area were proposed, as follows:

By the Falls Cities Cooperative Milk Producers' Association, Inc.:

1. Increase the price for Class I milk 44 cents per hundredweight, to become effective at the earliest possible date and to continue through March, 1953.

2. Consider any other changes in the pricing provisions of the order for the purpose of fixing minimum prices at a level which will reflect the economic and emergency conditions existing in the market.

By Dairy Branch, Production and Marketing Administration:

3. Make such changes as may be required to make the entire marketing agreement and order conform with any amendment thereto that may result from this hearing.

Copies of this notice of hearing and of the order now in effect may be procured from the Market Administrator, 565 Starks Building, Louisville 2, Kentucky, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: July 30, 1952.

[SEAL] F. R. BURKE, *Acting Assisting Administrator.*

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 2]

[Docket No. 10242]

FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

SHIP RADIOTELEPHONE STATIONS

In the matter of amendment of Part 2 of the Commission's rules and regulations concerning the allocation of frequencies in the bands 4115-4133 kc, 8230-8265 kc, 12340-12400 kc and 16460-16530 kc; Docket No. 10242.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951) sets forth a plan for the introduction of the frequency bands allocated for ship use under the Atlantic City Table of Frequency Allocations. In order to facilitate the introduction of the ship bands as set forth in the Geneva Agreement, the Commission proposes to amend Part 2 of its rules so that, as of June 3, 1953, frequencies in the bands 4115-4133 kc, 8230-8265 kc, 12340-12400 kc and 16460-16530 kc will be available for the use of ship radiotelephone stations only in accordance with the Atlantic City Table of Frequency Allocations.

3. The proposed amendment is issued under authority of sections 301, 303 (c) and 303 (r) of the Communications Act of 1934, as amended.

4. Any interested party who is of the opinion that the proposed rule should not be adopted or should not be adopted in the form set forth herein may file with the Commission, on or before August 22, 1952, a written statement or brief setting forth his comments. Replies to such comments may be filed within ten days from the last date for filing the original comments. The Commission will consider all comments that are received before taking final action in the matter.

5. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: July 23, 1952.

Released: July 24, 1952.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] T. J. SLOWIE, *Secretary.*

[F. R. Doc. 52-8491; Filed, Aug. 4, 1952; 8:45 a. m.]

[47 CFR Part 2]

[Docket No. 10267]

FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

TABLE OF FREQUENCY ALLOCATIONS; AERONAUTICAL MOBILE (OR) SERVICE

In the matter of amendment of Part 2 of the Commission's rules and regulations concerning the allocation of certain frequency bands to the aeronautical mobile (OR) service; Docket No. 10267.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Atlantic City (1947) Table of Frequency Allocations allocates the following bands of frequencies for the use of the aeronautical mobile (OR) service:

Kc	*Kc*
3025-3155	11275-11275
4700-4750	13200-13260
5680-5730	15010-15100
6685-6767	17970-18030
8965-9040	

3. The Commission is in receipt of information which indicates that the users of the aeronautical mobile (OR) frequency assignments require the clearance of these bands at an early date in order to establish their air-ground communications on frequencies which are in accordance with the Geneva Agreement. One of the factors involved in the clearance of these bands is the necessity for discontinuing use of those non-Government fixed stations assignments which are on frequencies within the aforementioned OR bands.

4. As an initial step looking toward the clearance of the OR bands the Commission proposes to amend § 2.104 (a) of the Commission's rules and regulations to provide that, as of August 15, 1952, frequencies in the above specified OR bands will be available for use only in accordance with the Atlantic City Table of Frequency Allocations. Existing assignments in the foregoing OR bands may continue in force until such time as formal proceedings are instituted and consummated for their deletion.

5. The proposed amendment to the Rules is issued under the authority of sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended, the Final Acts of the International Telecommunication and Radio Conferences, Atlantic City (1947) and the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951).

6. Any interested person who is of the opinion that the proposed amendment

should not be adopted may file with the Commission on or before August 29, 1952 a written statement or brief setting forth his comments. Persons desiring to support the amendment may also file comments by the same date. The Commission will consider all comments and briefs presented before taking final action with respect to the proposed amendment.

7. Fifteen copies of each brief or written statement should be filed as required by § 1.764 of the Commission's rules and regulations.

Adopted: July 24, 1952.

Released: July 28, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of the Public Debt

[1952 Dept. Circ. 912]

2 PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES C-1953

OFFERING OF CERTIFICATES

AUGUST 4, 1952.

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions from the people of the United States for certificates of indebtedness of the United States, designated 2 percent Treasury Certificates of Indebtedness of Series C-1953, in exchange for 1⅞ percent Treasury Certificates of Indebtedness of Series C-1952, maturing August 15, 1952, or 1⅞ percent Treasury Certificates of Indebtedness of Series D-1952, maturing September 1, 1952. Exchanges will be made par for par in the case of the certificates of indebtedness of Series C-1952, and at par with an adjustment of interest as of August 15, 1952, in the case of the certificates of indebtedness of Series D-1952.

II. *Description of certificates.* 1. The certificates will be dated August 15, 1952, and will bear interest from that date at the rate of 2 percent per annum, payable with the principal at maturity on August 15, 1953. They will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all taxes, now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of certificates applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment for certificates allotted hereunder must be made on or before August 15, 1952, or on later allotment. Payment of the principal amount may be made only in Treasury Certificates of Indebtedness of Series C-1952, maturing August 15, 1952, or in Treasury Certificates of Indebtedness of Series D-1952, maturing September 1, 1952, which will be accepted at par and should accompany the subscription. The full amount of interest due on the certificates of Series C-1952 surrendered will be paid to the subscriber following acceptance of the certificates. In the case of the certificates of Series D-1952, accrued interest from October 1, 1951, to August 15, 1952 ($16.34221 per $1,000) will be paid to the subscriber following acceptance of the certificates.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

[F. R. Doc. 52-8520; Filed, Aug. 4, 1952; 8:50 a. m.]

CIVIL AERONAUTICS BOARD

[Docket No. 5628]

AEROVIAS INTERAMERICANAS DE PANAMA, S. A.; SERVICE FROM TOCUMEN, PANAMA, TO MIAMI, FLA.

NOTICE OF HEARING

In the matter of the application of Aerovias Interamericanas De Panama, S. A., for a foreign air carrier permit under section 402 of the Civil Aeronautics Act of 1938, as amended, authorizing it to engage in scheduled or nonscheduled foreign air transportation between the terminal point Tocumen, Panama, and the terminal point Miami, Florida, with or without intermediate traffic stops in Havana, Cuba, and/or Kingston, Jamaica, and/or Nassau, Bahamas.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 402 and 1001 of said act, that a hearing in the above-entitled proceeding is assigned to be held on August 19, 1952, at 10:00 a. m. (e. d. s. t.), in Room E-210, Temporary Building No. 5, Sixteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner Curtis C. Henderson.

Without limiting the scope of the issues presented by the applicant particular attention will be directed to the following questions:

1. Whether the proposed air transportation will be in the public interest.

2. Whether the applicant is fit, willing, and able to perform the proposed air transportation and to conform to the provisions of the act and the rules, regulations and requirements of the Board thereunder.

3. Whether the authorization of the proposed air transportation will be consistent with the obligations assumed by the United States in any treaty, convention, or agreement that may be in force between the United States and the Republic of Panama.

For further details as to the service proposed and authorization requested, interested parties are referred to the application on file with the Civil Aeronautics Board.

Notice is further given that any person, other than a party of record, desiring to be heard in this proceeding must file with the Board on or before August 19, 1952, a statement setting forth the pertinent issues of fact or law which he desires to controvert.

Dated at Washington, D. C., July 31, 1952.

By the Civil Aeronautics Board.

[SEAL] FRANCIS W. BROWN,
Chief Examiner.

[F. R. Doc. 52-8521; Filed, Aug. 4, 1952; 8:51 a. m.]

FEDERAL POWER COMMISSION

[Docket Nos. G-1382, G-1533, G-1607]

NORTHERN NATURAL GAS CO.

ORDER DENYING MODIFICATION AND STAY OF ORDER AND GRANTING REHEARING IN PART AND DENYING IN PART AND FIXING DATE FOR REHEARING

JULY 28, 1952.

On June 30, 1952, Northern Natural Gas Company (Northern) filed a motion requesting the Commission to modify the order issued June 11, 1952, in the above-entitled proceeding, by deleting the effective date of June 11, 1952, and substituting therefor, either the date of June 12, 1952, or June 27, 1952, and to stay the effectiveness of that order pending filing and determination of Northern's application for rehearing.

On July 7, 1952, the State Corporation Commission of the State of Kansas filed an application for rehearing and on July 9, Northern filed its application for rehearing. On July 11, 1952, Interstate Power Company, intervener, filed an application for rehearing.

Northern states in support of its motion that the order was issued after 8:00 a. m., c. s. t., on June 11, 1952, whereas the "Billing Day" in the tariff prescribed by the Commission's order is "from 8:00 a. m., of one day to 8:00 a. m. of the next day." Northern asserts that the Commission has, thereby, in violation of section 5 (a), attempted to fix rates retroactively. There is no merit to this contention. The Commission's order, as a matter of law, was effective all day June 11.

Northern next states that its "Billing Month" under the tariff prescribed by the Commission is "from 8:00 a. m. of the 27th day of a calendar month to 8:00 a. m. of the 27th day of the succeeding calendar month"; and contends that complications and confusions will result from the necessity of billing at two different rates during the "Billing Month."

The Commission was not unmindful of the fact that split billing would be required for one month when it made the order effective on June 11, but the Commission found no reason then, and Northern's motion contains none, which warrants the exaction of excessive rates from Northern's customers for the 16-day period.

In its application for rehearing, Northern alleges that the Commission erred in its findings and order with regard to the IND-1 and IND-2 rate schedules, attribution under the Kansas order, the volume of sales during the test period, interest during construction, rate of return, Northern's liability for state property taxes and federal income tax, cost allocation, billing demand, BTU content of gas delivered by Northern, rate for overrun gas service, and other detailed findings with regard to the form and amount of the rate and tariff provisions. The Kansas Commission asserts that the Commission's rejection of Northern's claim for an "attribution" price and the cost allocation with regard to the Hugoton area sales are in error.

Northern also asserts that the Commission erred in making an adjustment to its working capital requirements because Northern was not advised that such matter was in issue, and was not given an opportunity to rebut the contentions on which the Commission's opinion was based. Although, as pointed out in the opinion, facts which require the adjustment are in the record, and the propriety of making such an adjustment is hardly open to question, we believe that Northern should have the opportunity of presenting such evidence as it may deem appropriate to establish that the adjustment made by the Commission is in error. Therefore, we shall grant rehearing confined to the following issue, and order that a hearing be held thereon: "Whether the reduction of working capital requirements by an amount of 75 percent of Northern's Federal income tax liability, as discussed on pages 13 and 14 of Opinion No. 228 (mimeographed) is in error."

In all other respects the Commission finds: No new facts have been presented or alleged, and no new principles of law have been set forth in the applications for rehearing of Northern, the Kansas Commission and Interstate Power Company, which either were not fully considered by the Commission before it entered its order issued June 11, 1952, or having now been considered, warrant rehearing, modification or recision of the aforesaid order. Accordingly, it is necessary and appropriate for carrying out the provisions of the Natural Gas Act that the aforesaid applications for rehearing be denied as hereinafter ordered.

The Commission orders:

(A) Northern's motion for modification and stay of the Commission order be, and the same is hereby, denied.

(B) The applications for rehearing by the State Corporation Commission of the State of Kansas and Interstate Power Company be, and the same are hereby, denied.

(C) The application for rehearing by Northern be, and the same is hereby, granted, on the single issue respecting working capital as set out above and in all other respects, denied.

(D) A public hearing be held convening on August 21, 1952, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., on the issue set out above.

Date of issuance: July 30, 1952.

By the Commission. Commissioner Wimberly concurring in part and dissenting in part.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 52-8513; Filed, Aug. 4, 1952; 8:48 a. m.]

[Docket No. G-1964]

TEXAS EASTERN TRANSMISSION CORP.

ORDER FIXING DATE OF HEARING AND SPECIFYING PROCEDURE

JULY 28, 1952.

The Commission, by order issued May 29, 1952, suspended the operation of Texas Eastern Transmission Corporation's (Texas Eastern) proposed FPC Gas Tariff, first Revised Volume No. 1, and proposed First Revised Sheets 77 and 78 to its FPC Gas Tariff, Original Volume No. 2; and directed that a hearing be held at a date and place to be fixed thereafter concerning the lawfulness of the rates, charges, classifications or services, subject to the jurisdiction of the Commission, as set forth in said tariff and revised sheets.

On July 28, 1952, oral argument was had before the Commission upon the motion filed by Staff Counsel on July 7, 1952, for an order disallowing Texas Eastern's proposed increase in rates and charges for the sales of natural gas in interstate commerce for resale of $41,576,961 annually, based on estimated sales for the estimated calendar year 1953; and for an order dismissing the proceeding herein. Staff Counsel, Public Service Commission of New York, and Texas Eastern participated in the oral argument. Briefs upon the motion were filed by Staff Counsel and Texas Eastern. The motion is presently under advisement.

The Commission finds:

(1) The public hearing in this proceeding should be held at the time and place hereinafter designated.

(2) It is necessary and appropriate to carry out the provisions of the Natural Gas Act, and it is in the public interest, that the procedure hereinafter prescribed shall be followed at the hearing in order to conduct this proceeding with reasonable dispatch.

The Commission orders:

(A) A public hearing be held commencing on August 25, 1952, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates, charges, classifications or services, subject to the jurisdiction of the Commission, as set forth in Texas Eastern's proposed FPC Gas Tariff, First Revised Volume No. 1, and proposed First Revised Sheets 77 and 78 to its FPC Gas Tariff, Original Volume No. 2.

(B) At the hearing the burden of proof to justify the proposed increase and changes in tariff provisions, as provided by section 4 (e) of the Natural Gas Act, shall be upon Texas Eastern.

(C) At the hearing Texas Eastern shall go forward first and shall present its complete case-in-chief before cross-examination is undertaken. Upon completion of Texas Eastern's case-in-chief, other parties to the proceeding may proceed with such cross-examination as they may wish to conduct at that time and, upon completion of such cross-examination, upon request of any of the parties thereto, the hearing shall be recessed by the Presiding Examiner subject to further order of the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

Date of issuance: July 30, 1952.

By the Commission. Chairman Buchanan dissented.

[SEAL] LEON M. FUQUAY, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27266]

SALT FROM POINTS IN TEXAS AND LOUISIANA TO POINTS IN NEW HAMPSHIRE, NEW YORK, PENNSYLVANIA, AND VERMONT

APPLICATION FOR RELIEF

JULY 30, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariff I. C. C. No. 3668.

Commodities involved: Salt, in carloads.

From: Points in Texas and Louisiana.

To: Manchester, N. H., Medina and Silver Springs, N. Y., Spring City, Pa., Brattleboro and Rutland, Vt.

Grounds for relief: Competition with rail carriers, circuitous routes, and to maintain grouping.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3668, Supp. 51.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL, *Secretary.*

[F. R. Doc. 52-8466; Filed, Aug. 1, 1952; 8:49 a. m.]

[4th Sec. Application 27271]

CRUDE RUBBER FROM POINTS IN TEXAS AND LOUISIANA TO BROOKHAVEN, MISS.

APPLICATION FOR RELIEF

JULY 30, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to his tariffs I. C. C. Nos. 3906 and 3967.

Commodities involved: Rubber, artificial, synthetic or neoprene, crude, in carloads.

From: Baytown, Borger, Houston, and Port Neches, Tex., Lake Charles and West Lake Charles, La.

To: Brookhaven, Miss.

Grounds for relief: Rail competition, circuity, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: F. C. Kratzmeir, Agent, I. C. C. No. 3906, Supp. 135; F. C. Kratzmeir, Agent, I. C. C. No. 3967, Supp. 144.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL, *Secretary.*

OFFICE OF DEFENSE MOBILIZATION

[CDHA 65]

FINDING AND DETERMINATION OF CRITICAL DEFENSE HOUSING AREAS UNDER DEFENSE HOUSING AND COMMUNITY FACILITIES AND SERVICES ACT OF 1951

AUGUST 1, 1952.

Upon a review of the construction of new defense plants and installations, and the reactivation or expansion of operations of existing defense plants and installations, and the in-migration of defense workers or military personnel to carry out activties at such plants or installations, and the availability of housing and community facilities and services for such defense workers and military personnel in each of the areas set forth below, I find that all the conditions set forth in section 101 (b) of the Defense Housing and Community Facilities and Services Act of 1951 (Pub. Law 139, 82d Cong., 1st Sess.) exist.

Accordingly, pursuant to section 101 of the Defense Housing and Community Facilities and Services Act of 1951 and by virtue of the authority vested in me by paragraph number 1 of Executive Order 10296 of October 2, 1951, I hereby determine that each of said areas is a critical defense housing area.

Battle Creek, Michigan, Area. (The area consists of the City of Battle Creek and the Townships of Bedford, Battle Creek, Emmett and Pennfield in Calhoun County, the Fort Custer Military Reservation, also the City of Galesburg and the Townships of Charleston and Ross in Kalamazoo County; all in Michigan.)

JOHN R. STEELMAN, *Acting Director of Defense Mobilization.*

SECURITIES AND EXCHANGE COMMISSION

[File No. 31-588]

EBENSBURG COAL CO.

ORDER GRANTING APPLICATION FOR EXEMPTION

JULY 30, 1952.

Ebensburg Coal Co. ("Ebensburg") having filed an application pursuant to section 3 (a) (3) (A) of the Public Utility Holding Company Act of 1935 ("act") requesting on behalf of itself and its subsidiaries exemption from the provisions of the act applicable to them by reason of the ownership by Ebensburg of all the outstanding common stock of Colver Electric Co., a public-utility company; and

Due notice having been given of the filing of said application and a hearing not having been requested of, or ordered by, the Commission; and

The Commission having examined the application and the statements contained therein and having found that Ebensburg is primarily engaged or interested in one or more businesses other than the business of a public-utility company and does not derive, directly or indirectly, any material part of its income from one or more companies the principal business of which is that of a public-utility company, and further finding that the granting of the requested exemption will not be detrimental to the public interest or the interests of investors or consumers;

It is ordered, Pursuant to the provisions of section 3 (a) (3) (A) of the act and subject to the provisions of section 3 (c) thereof, that Ebensburg and its subsidiaries be, and the same hereby are, exempted from all provisions of the act except section 9 (a) (2) thereof.

By the Commission.

WASHINGTON OIL CO.

ORDER GRANTING APPLICATION FOR EXEMPTION

JULY 29, 1952.

Washington Oil Company ("Washington") having filed an application pursuant to section 3 (a) (1) of the Public Utility Holding Company Act of 1935

("act") requesting on behalf of itself and its sole subsidiary, Taylorstown Natural Gas Company ("Taylorstown"), a public utility company, exemption from the provisions of the act applicable to them; and

Due notice having been given of the filing of said application and a hearing thereon not having been requested of, or ordered by, the Commission; and

The Commission having examined the application and the statements contained therein and having found that Washington and Taylorstown are predominantly intrastate in character and carry on their businesses substantially in the State of Pennsylvania in which each of such companies is organized; and further finding that the granting of the requested exemption will not be detrimental to the public interest or the interests of investors and consumers;

It is ordered, Pursuant to section 3 (a) (1) of the act and subject to the provisions of section 3 (c) thereof, that Washington and its subsidiary be, and the same hereby are, exempted from all of the provisions of the act except section 9 (a) (2) thereof.

By the Commission.

LAWRENCE INVESTING CO., INC.

ORDER GRANTING APPLICATION FOR EXEMPTION

JULY 30, 1952.

Lawrence Investing Company, Inc. ("Lawrence"), having filed an application pursuant to section 3 (a) (3) (A) of the Public Utility Holding Company Act of 1935 ("act") requesting on behalf of itself and its subsidiaries exemption from the provisions of the act applicable to them by reason of the ownership by Lawrence of all of the outstanding common stock of The Lawrence-Park Heat, Light and Power Company, a public-utility company; and

Due notice having been given of the filing of said application and a hearing thereon not having been requested of, or ordered by, the Commission; and

The Commission having examined said application and the statements contained therein and having found that Lawrence is only incidentally a holding company, being primarily engaged in a business or businesses other than that of a public-utility company and not deriving, directly or indirectly, any material part of its income from one or more companies the principal business of which is that of a public-utility company, and further finding that the granting of the requested exemption will not be detrimental to the public interest or the interests of investors or consumers;

It is ordered, Pursuant to section 3 (a) (3) (A) of the act and subject to the provisions of section 3 (c) thereof, that Lawrence and its subsidiaries be, and the same hereby are, exempted from all of the provisions of the act except section 9 (a) (2) thereof.

By the Commission.

[File No. 54-136]

LONG ISLAND LIGHTING CO. ET AL.

MEMORANDUM OPINION AND ORDER RELEASING JURISDICTION OVER CERTAIN FEES AND EXPENSES

JULY 30, 1952.

In the matter of Long Island Lighting Company, Queens Borough Gas and Electric Company, Nassau & Suffolk Lighting Company; File No. 54-136.

The Commission by order dated November 16, 1949, approved a plan filed under section 11 (e) of the act proposing the consolidation of Long Island Lighting Company, a then registered holding company, and two of its public-utility subsidiary companies, Queens Borough Gas and Electric Company and Nassau & Suffolk Lighting Company and the recapitalization of the resultant consolidated corporation, which was to be known as Long Island Lighting Company ("Consolidated Corporation").

That order reserved jurisdiction over the payment of all fees and expenses incurred in connection with the plan. Subsequently, applications for payment of fees and expenses were filed by participants in the proceedings relating to the plan.

Public hearings were held on these applications and the staff of the Division of Public Utilities of the Commission issued a recommended findings and opinion thereon. Following the issuance of such recommended findings and opinion the Consolidated Corporation filed a petition stating that certain of the applicants who had requested amounts in excess of those recommended by the Division of Public Utilities have agreed to waive objections to the recommended findings and opinion and to accept the amounts recommended therein. The Consolidated Corporation has requested that it be authorized to pay those applicants who have agreed to reduce their requested amounts as well as those applicants whose requested amounts were not challenged by the staff's recommendations.

Upon careful consideration of the entire record we find that those amounts hereinafter set forth for fees and expenses and which have been recommended by the Division of Public Utilities and agreed to by the applicants concerned and the Consolidated Corporation are reasonable and that we may, therefore, at this time direct their immediate payment. We make no determination at this time, as to any of the other applications for fees and expenses.

It is ordered, That the reservation of jurisdiction in this matter with respect to the following fees and expenses be, and the same hereby is, released, and the Consolidated Corporation be, and hereby is, directed to pay the following applicants the amounts indicated:

	Fee	Expenses	Total
Preferred stockholder—Long Island Lighting Co.: Benjamin F. Gray, chairman; Albert Ullmann, deceased, member; Albert E. Olson, member; Edward Gray, secretary	$7,500.00	$4,034.94	$11,534.94
Unger & Pollack, Milton Pollack, and Jeffrey S. Granger	75,000.00	1,566.31	76,566.31
Percival E. Jackson	40,000.00	.....	40,000.00
Edward de Rivera	2,500.00	.....	2,500.00
Townsend, Elliott & Munson	8,500.00	102.84	8,602.84
John M. Chapman	1,500.00	.....	1,500.00
William A. Cluff	2,000.00	277.22	2,277.22
Bernard D. Fischman	40,000.00	4,100.30	44,100.30
C. Ross Holmes	1,000.00	.....	1,000.00
Paul E. Moses	750.00	.....	750.00
Warren & McGreddy	20,000.00	644.08	20,644.08
McLaughlin & Stern	50,000.00	4,882.43	54,882.43
Gilbert Associates, Inc.	2,000.00	172.05	2,172.05
Howie & Robertson	1,750.00	.....	1,750.00
New York Trust Co.	100.00	.....	100.00
Humes, Smith and Andrews	175.00	2.96	177.96
Guaranty Trust Co. of New York	6,000.00	.....	6,000.00
Davis, Polk, Wardwell, Sunderland & Kiendl	3,000.00	.....	3,000.00

It is further ordered, That the allowance to McLaughlin & Stern is conditioned upon the payment by it to its clients of $7,769.25 received by it from its clients.

It is further ordered, That the reservation of jurisdiction over fees and expenses contained in our order of November 16, 1949, hereby is expressly continued except insofar as specifically released herein.

By the Commission,

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[Vesting Order 18965]

PAUL KLEHM

In re: Estate of Paul Klehm, deceased. File D-28-13113; E. T. sec. 17227.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Cong., 65 Stat. 451; Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Luise Wirth, whose last known address is Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of Luise Wirth in and to the Estate of Paul Klehm, deceased, is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

3. That such property is in the process of administration by Florence Oskins, administratrix, acting under the judicial supervision of the District Court of Park County, Wyoming.

and it is hereby determined:

4. That the national interest of the United States requires that the person identified in subparagraph 1 hereof be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 30, 1952.

For the Attorney General.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Bureau of Animal Industry, Department of Agriculture

Subchapter A—Meat Inspection Regulations

PART 9—ANTE-MORTEM INSPECTION

PART 11—DISPOSAL OF DISEASED CARCASSES AND PARTS

MISCELLANEOUS AMENDMENTS

On July 3, 1952, there was published in the FEDERAL REGISTER (17 F. R. 5995) a notice of proposed amendments of the regulations governing the meat inspection of the United States Department of Agriculture (9 CFR, Chapter 1, Subchapter A, as amended). After due consideration of all relevant matters presented and pursuant to the authority conferred upon me by the Meat Inspection Act, as amended (21 U. S. C. 71-91), the aforesaid regulations are hereby amended as follows:

1. Section 9.6 is amended to read as follows:

§ 9.6 *Animals showing symptoms of anaplasmosis, leptospirosis, listerellosis, parturient paresis, rabies, railroad sickness, or tetanus.* (a) All animals showing on ante-mortem inspection symptoms of anaplasmosis, leptospirosis, listerellosis, parturient paresis, rabies, railroad sickness, or tetanus shall be marked "U. S. condemned" and disposed of in accordance with § 9.16, except that cattle showing symptoms of anaplasmosis, leptospirosis, listerellosis, parturient paresis, or railroad sickness may be set apart and held for treatment under division or other responsible official supervision. If, at the expiration of the treatment period, animals upon examination are found to be free from disease, they may be released for any purpose in accordance with § 9.16, except that when released for slaughter at the official establishment, animals which have been previously affected with listerellosis shall be marked "U. S. suspect."

(b) Animals which have reacted to a test for leptospirosis, but which show no symptoms of the disease, shall be marked "U. S. suspect."

2. Section 9.16 is amended to read as follows:

§ 9.16 *Disposition of condemned animals.* Except as otherwise provided in this part, animals marked "U. S. condemned" shall be killed by the official establishment, if not already dead. Such animals shall not be taken into an establishment to be slaughtered or dressed; nor shall they be conveyed into any department of the establishment used for edible products; but they shall be disposed of and tanked in the manner provided for condemned carcasses in Part 14 of this subchapter. The "U. S. condemned" tag shall not be removed from, but shall remain on, the carcass until it goes into the tank at which time, the tag may be removed by a division employee only. The number of such tag shall be reported to the inspector in charge by the inspector who affixed it, and also by the inspector who supervised the tanking of the carcass. Any animal condemned on account of hog cholera, swine erysipelas, vesicular exanthema, vesicular stomatitis, railroad sickness, parturient paresis, anasarca, anaplasmosis, leptospirosis, listerellosis, or inflammatory condition including pneumonia, enteritis, and peritonitis, may be set apart and held for treatment under division or other responsible official supervision. The "U. S.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

REVISED BOOKS

TITLE 32
of the
Code of Federal Regulations

Title 32, containing the regulations of the Department of Defense and other related agencies, has been completely revised. Originally a single book, Title 32 is being reissued as two books as follows:

Parts 1–699 ($5.00)
Part 700 to end ($5.25)

These books contain the full text of regulations in effect on December 31, 1951

Order from
Superintendent of Documents, Government Printing Office, Washington 25, D. C.

condemned" tag will be removed by a division employee either when the animal is released to a responsible official for treatment, or following treatment under division supervision if the animal is found to be free from disease. When an animal under the provisions of these regulations is to be released for a purpose other than slaughter, the official establishment or the owner of the animal shall first obtain permisison for the movement of such animal from the local State or Federal livestock sanitary official having jurisdiction.

3. Section 11.11 is amended to read as follows:

§ 11.11 *Anthrax, bacillary hemoglobinuria in cattle, blackleg, hemorrhagic septicemia, icterohematuria in sheep, malignant epizootic catarrh, piroplasmosis, pyemia, septicemia, unhealed vaccine lesions; carcasses affected with, to be condemned.* Carcasses of animals affected with or showing lesions of any of the following-named diseases or conditions shall be condemned:

(a) Anthrax.
(b) Bacillary hemoglobinuria in cattle.
(c) Blackleg.
(d) Hemorrhagic septicemia.
(e) Icterohematuria in sheep.
(f) Malignant epizootic catarrh.
(g) Piroplasmosis.
(h) Pyemia.
(i) Septicemia.
(j) Unhealed vaccine lesions (vaccinia).

4. Part 11 is amended by the addition of new §§ 11.35, 11.36 and 11.37 reading as follows:

§ 11.35 *Anaplasmosis.* (a) Carcasses of cattle and calves found on post-mortem inspection to be affected with anaplasmosis shall be condemned.

(b) Carcasses of cattle and calves which are classed as recovered cases of anaplasmosis evidenced by the absence of abnormal symptoms on ante-mortem inspection but which show slight yellow coloration of tissues on post-mortem examination shall be passed for food provided the yellow coloration disappears on chilling. Those carcasses which do not lose such yellow coloration on chilling shall be condemned.

§ 11.36 *Listerellosis.* Carcasses of animals marked "U. S. suspect" because of a history of listerellosis shall be passed for food after condemnation of the head if the carcass is otherwise in good condition.

§ 11.37 *Leptospirosis.* (a) Carcasses of animals affected with leptospirosis shall be condemned.

(b) Carcasses of animals which have reacted to a test for leptospirosis and have been marked "U. S. suspect" on ante-mortem inspection shall be passed for food when no evidence of the disease is found on post-mortem examination provided the carcasses are otherwise in good condition.

The purpose of the foregoing amendments is to outline the requirements for inspection and disposition of animals and carcasses found to be affected with certain disease conditions.

The foregoing amendments shall become effective September 5, 1952.

(Ch. 2907, 34 Stat. 1264; 21 U. S. C. 89)

Done at Washington, D. C., this 31st day of July 1952.

[SEAL] K. T. HUTCHINSON,
Acting Secretary of Agriculture.

[F. R. Doc. 52-8565; Filed, Aug. 5, 1952; 8:48 a. m.]

PART 17—LABELING

MISCELLANEOUS AMENDMENTS

On June 10, 1952, there was published in the FEDERAL REGISTER (17 F. R. 5243) a notice of proposed amendment of Part 17 of the regulations governing the meat inspection of the United States Department of Agriculture (9 CFR, Chapter I, Subchapter A, Part 17). After due consideration of all relevant matters presented and pursuant to the authority conferred upon me by the Meat Inspection Act (21 U. S. C. 71–91) the aforesaid Part 17 is hereby amended by adding to § 17.8 (c) the following subparagraph:

(52) The application of curing solution to beef briskets shall not result in an increase in the weight of the finished cured product of more than 20 percent over the weight of the fresh uncured briskets. The application of curing solution to other beef cuts, such as navels, clods, middle ribs, rumps and the like, which are intended for bulk corned beef shall not result in an increase in the weight of the finished cured product of more than 10 percent over the weight of the fresh uncured meat.

The purpose of the foregoing amendment is to control the composition of certain meat food products along lines which have been thoroughly investigated by the Meat Inspection Division of the Department of Agriculture and to bring into the regulations, orders and instructions that have been given to the field operating forces of the Meat Inspection Division and inspected establishments during the past year. The foregoing amendment shall become effective September 5, 1952.

(Ch. 2907, 34 Stat. 1264; 21 U. S. C. 89)

Done at Washington, D. C., this 31st day of July 1952.

[SEAL] K. T. HUTCHINSON,
Acting Secretary of Agriculture.

[F. R. Doc. 52-8564; Filed, Aug. 5, 1952; 8:48 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter B—Economic Regulations

[Regs. Serial No. 175]

PART 290—OPERATIONS UNDER SECTION 9 (b) OF THE ADMINISTRATIVE PROCEDURE ACT

OPERATIONS PURSUANT TO EXEMPTION AUTHORITY

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 29th day of July 1952.

On April 28, 1952, with the coming into effect of a new revision of the Board's

Rules of Practice in Economic Proceedings, Part 290 of the Economic Regulations as it had theretofore existed, was rescinded, and all the material formerly contained therein was transferred to such new Rules of Practice.

Under the third sentence of section 9 (b) of the Administrative Procedure Act "in any case in which the licensee has, in accordance with agency rules, made timely and sufficient application for a renewal or a new license, no license with reference to any activity of a continuing nature shall expire until such application shall have been finally determined by the agency."

At the present time, the Board does not have any agency rules relating to the timeliness of the filing or the sufficiency of any such application; nor does it have any published interpretation concerning which of the activities it may authorize by way of exemption are activities of a continuing nature. Accordingly, a proposal for a substitute Part 290 to deal in general with this matter was published as a notice of proposed rule making on April 3, 1952.

A number of air carriers and individuals responded to this invitation for submission of written comments. The comments and suggestions of the carriers have been carefully considered and the proposed rule revised in response to the comments.

Some of the comments objected to the issuance of the proposed rule on the ground that it involved an interpretation by the Board of the Administrative Procedure Act and that the Board had no authority to determine by regulation the scope of such act. The terminology in the third sentence of section 9 (b) of the Administrative Procedure Act is general in scope and it does not contain any specific definitions. The application of this sentence to licenses granted by a particular agency is clearly dependent upon definitions made by the agency in the light of the nature of the license involved. In the proposed regulation the Board is making an effort to acquaint all carriers and other persons who may receive exemptions from the Board of its views on the application of section 9 (b) in the light of the nature of Board exemptions and Board procedures. The Board not only has authority but also a duty to clarify what has become a vague and uncertain area of regulation. A further objection has been raised that the rule provides for the termination of licenses without a hearing. This evidences a misunderstanding of the purposes of the rule. It contemplates no Board action whatsoever except where a carrier asks for advice as to the nature of its exemption and the applicability of section 9 (b) thereto. A particular license comes to an end through its own terms and not through any action by the Board under this regulation.

In consideration of the foregoing and the reasons set forth in the notice of proposed rule-making of April 3, 1952, the Civil Aeronautics Board hereby amends the Economic Regulations by adding thereto a new part 290, effective September 1, 1952, to read as follows:

Sec.
290.0 Applicability of part.
290.1 Definitions and interpretations.
290.2 Procedure to obtain Board interpretation.
290.3 Effect of part.

AUTHORITY: §§ 290.0 to 290.3 issued under sec. 205, 52 Stat. 984, 49 U. S. C. 425. Interpret or apply section 1001, 52 Stat. 1017, 49 U. S. C. 641)

§ 290.0 *Applicability of part.* This part is applicable to all exemptions granted by the Board pursuant to section 416 (b) of the Civil Aeronautics Act, outstanding on the date this part takes effect, and to all such exemptions thereafter granted; provided that it shall not apply to exemptions which will expire within 60 days of such effective date.

§ 290.1 *Definitions and interpretations.* (a) The Board deems that the following exemption authorizations granted pursuant to section 416 (b) of the Civil Aeronautics Act are not licenses of a continuing nature within the meaning of section 9 (b) of the Administrative Procedure Act and that the authority contained therein terminates upon the date of the expiration of the exemption regardless of whether or not a timely application has been filed for renewal thereof:

(1) Exemptions granted for a specified period of less than 180 days.

(2) Exemptions which terminate upon the happening of an event, completion of a condition, or the occurrence of a contingency.

(b) A "timely" application for a renewal of an exemption authority or a new exemption granting the same authority is one filed not later than 60 days prior to the expiration of said exemption authority, or such other period of time prior to the expiration of said exemption authority as may be specified in the order granting the exemption.

(c) A "sufficient" application for a renewal of an exemption authority or a new exemption granting the same authority is one which contains the information required by the applicable law and regulations, meets the requirements thereof as to form, and which does not seek substantially greater or different authority than that in the existing exemption.

(d) An application for a renewal of an exemption authority or a new exemption granting the same authority shall be considered to be "finally determined" upon the effective date of the Board order denying or approving the application, and such final determination shall not be affected by a petition for reconsideration unless specifically so ordered.

§ 290.2 *Procedure to obtain Board interpretation.* In any case not clearly settled by these rules, the Board will determine, upon written request by an air carrier to which an exemption has been issued pursuant to section 416 (b) of the Civil Aeronautics Act, whether under section 9 (b) of the Administrative Procedure Act any authority granted by such exemption is continued in force beyond the expiration date specified in such exemption and until final determination of a timely application filed by the air carrier to which such exemption was granted for a renewal thereof or for a new exemption granting the same authority. In order to afford sufficient time for consideration and action thereon, a written request for such a determination shall be filed not later than 15 days prior to the expiration date of the exemption authority: *Provided*, That filing of such written request, and Board action thereon, shall not be deemed to affect the timeliness of applications for renewal of an exemption authority or a new exemption granting the same authority as set forth in § 290.1 (b) or other applicable Board regulation or order.

§ 290.3 *Effect of part.* Nothing in this part shall be construed as preventing the Board from terminating at any time, in accordance with law, any exemption authority or any extension thereof; and nothing in this part shall be construed as a determination that any given exemption authorization is a license within the meaning of the Administrative Procedure Act.

By the Civil Aeronautics Board.

[SEAL] FRED A. TOOMBS,
Acting Secretary.

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter I—Bureau of the Census, Department of Commerce

[Foreign Commerce Statistical Decision 71]

PART 30—FOREIGN TRADE STATISTICS

WEEKLY REPORTS OF VESSEL ENTRANCES AND CLEARANCES

Pursuant to section 4 of the Administrative Procedure Act, approved June 11, 1946 (Pub. Law 404, 79th Cong., 2d Sess.), the Foreign Commerce Statistical Decision indicated below is of such a nature that preliminary notice and hearing are deemed unnecessary. This decision is therefore made effective immediately:

Section 30.48 is amended to read as follows:

§ 30.48 *Weekly reports of vessel entrances and clearances.* (a) Weekly, not later than noon on Monday of each week, or on the first business day thereafter if Monday is a holiday, Collectors and Deputy Collectors of Customs, with the exception of the Collector at New York, shall mail the duplicate copies for the preceding week of Customs Form 1400, "Record of Vessels Engaged in Foreign Trade—Entered or Arrived Under Permit to Proceed," and Customs Form 1401, "Record of Vessels Engaged in Foreign Trade—Cleared or Granted Permit to Proceed," to the Foreign Trade Division, Bureau of the Census, Washington 25, D. C. The Collector of Customs at New York shall forward a duplicate copy of each daily record on the above forms to the same address on the following business day.

(b) Whenever there are no transactions during any particular period, a report to that effect should be rendered for the required period on Commerce Form 550, "No Transactions."

Foreign Commerce Statistical Decision 70 is rescinded by this decision.

(R. S. 161; 5 U. S. C. 22. Interpret or apply R. S. 335, as amended, 336, as amended, 337, as amended, 4200, as amended, sec. 1, 18 Stat. 352, as amended, sec. 1, 27 Stat. 197, as amended, 32 Stat. 172, as amended, sec. 7, 44 Stat. 572, as amended, sec. 1, 52 Stat. 8; 15 U. PART 3—DIGEST OF CEASE AND DESIST ORDERS

NATIONAL INSTITUTE OF PRACTICAL NURSING ET AL.

Subpart—*Advertising falsely or misleadingly:* § 3.115 *Jobs and employment;* § 3.135 *Nature—Product or service;* § 3.205 *Scientific or other relevant facts;* § 3.245 *Specifications or standards conformance;* § 3.250 *Success, use or standing.* Subpart—*Misrepresenting oneself and goods—Business status, advantages or connections:* § 3.1540 *Reputation, success or standing:—Goods:* § 3.1670 *Jobs and employment;* § 3.1740 *Scientific or other relevant facts;* § 3.1755 *Success, use or standing.* In connection with the offering for sale, sale, or distribution of courses of instruction and study, whether separately or in combination with equipment for use in connection therewith, in commerce, (1) misrepresenting in any manner the opportunities for employment in any field of endeavor in which a course of instruction is offered; (2) using the word "complete", or any word of similar import or meaning, to designate, describe, or refer to any course or curriculum of instruction in practical nursing which requires less than nine months of forty-hour weeks of supervised instruction, of which a substantial amount is in an institution for the care of the sick; (3) using the words "practical nurse" to describe, designate or otherwise refer to any person who has not satisfactorily completed a course or curriculum of instruction in practical nursing of not less than nine months of forty-hour weeks of supervised instruction, of which a substantial amount is in an institution for the care of the sick; or, (4) representing, contrary to the fact, that any diploma or certificate issued by them is regarded by any hospital or other institution as evidence of proficiency of the holder thereof in the field of endeavor to which such diploma or certificate relates; prohibited.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, National Institute of Practical Nursing et al., Washington, D. C., Docket 5700, April 30, 1952]

In the Matter of National Institute of Practical Nursing, a Corporation, and Edward Williams and Lillian J. Williams, Individually and as Officers of Said Corporation

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the respondents' answer thereto, testimony and other evidence in support of and in opposition to the complaint introduced before a hearing examiner of the Commission theretofore duly designated by it, the hearing examiner's recommended decision and exceptions thereto of counsel supporting the complaint and counsel for respondents, briefs in support of and in opposition to the allegations of the complaint, and oral argument by counsel supporting the complaint (counsel for respondents not appearing, although notified), and the Commission having issued its order disposing of the exceptions to the recommended decision and having made its findings as to the facts[1] and its conclusion[1] that National Institute of Practical Nursing, a corporation, and Edward Williams and Lillian J. Williams, individually and as officers of said corporation, have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent National Institute of Practical Nursing, a corporation, and its officers, and the respondents Edward Williams and Lillian J. Williams, individually and as officers of said corporation, and said respondents' agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of courses of instruction and study, whether separately or in combination with equipment for use in connection therewith, in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Misrepresenting in any manner the opportunities for employment in any field of endeavor in which a course of instruction is offered.

2. Using the word "complete," or any word of similar import or meaning, to designate, describe, or refer to any course or curriculum of instruction in practical nursing which requires less than nine months of forty-hour weeks of supervised instruction, of which a substantial amount is in an institution for the care of the sick.

3. Using the words "practical nurse" to describe, designate or otherwise refer to any person who has not satisfactorily completed a course or curriculum of instruction in practical nursing of not less than nine months of forty-hour weeks of supervised instruction, of which a substantial amount is in an institution for the care of the sick.

4. Representing, contrary to the fact, that any diploma or certificate issued by them is regarded by any hospital or other institution as evidence of proficiency of the holder thereof in the field of endeavor to which such diploma or certificate relates.

It is further ordered, That said respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

Issued: April 30, 1952.

By the Commission.

[SEAL] D. C. DANIEL,
Secretary.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 53064]

PART 8—LIABILITY FOR DUTIES. ENTRY OF IMPORTED MERCHANDISE

PART 11—PACKING AND STAMPING; MARKING; TRADE-MARKS AND TRADE NAMES; COPYRIGHTS

FUR PRODUCTS LABELING ACT; INVOICING REQUIREMENTS; LABELING OF FUR PRODUCTS

Section 8.13 (i), Customs Regulations of 1943, as amended, relating to additional information on customs invoices, further amended and new § 11.12a, Customs Regulations of 1943, added.

In view of Public Law 110, 82d Congress, enacted for the protection of consumers and others against misbranding, false advertising, and false invoicing of fur products and furs, it is necessary to require that certain information be included in invoices of such articles, and to provide for the labeling of fur products by amendment of the Customs Regulations of 1943.

Accordingly, it is hereby required that customs invoices of fur products and

furs shall contain, in addition to all other information required by law or regulations, the following information:

1. The name or names (as set forth in the Fur Products Name Guide (16 CFR 301.0) of the animal or animals that produced the fur, and such qualifying statement as may be required pursuant to section 7 (c) of the Fur Products Labeling Act (15 U. S. C. 69e (c));

2. A statement that the fur product contains or is composed of used fur, when such is the fact;

3. A statement that the fur product contains or is composed of bleached, dyed, or otherwise artificially colored fur, when such is the fact;

4. A statement that the fur product is composed in whole or in substantial part of paws, tails, bellies, or waste fur, when such is the fact;

5. The name and address of the manufacturer of the fur product; and

6. The name of the country of origin of the furs or those contained in the fur product.

This requirement shall be effective as to certified or commercial invoices filed on or after August 9, 1952.

(Sec. 6, Fur Products Labeling Act, 15 U. S. C. 69d. Sec. 481, 46 Stat. 719; 19 U. S. C. 1481)

Section 8.13 (i), Customs Regulations of 1943 (19 CFR 8.13 (i)), as amended, is further amended by adding the following to the list of merchandise with respect to which additional information is required to be furnished on customs invoices, and by placing opposite such addition the number and date of this Treasury decision:

Fur products and furs.

(Secs. 481, 624, 46 Stat. 719, 759; 19 U. S. C. 1481, 1624)

Part 11, Customs Regulations of 1943 (19 CFR Part 11), is amended by adding a new § 11.12a, reading as follows:

§ 11.12ae *Labeling of fur products to indicate composition.* (a) Fur products imported into the United States shall have affixed thereto a label as required by section 4 of the Fur Products Labeling Act (15 U. S. C. 69b) and the rules and regulations promulgated thereunder by the Federal Trade Commission (16 CFR 301.1–301.49). The term "fur product" means any article of wearing apparel made in whole or in part of fur or used fur; except that such term shall not include such articles as the Federal Trade Commission shall exempt by reason of the relatively small quantity or value of the fur or used fur contained therein.

(b) If imported fur products are not correctly labeled and the collector is satisfied that the error or omission involved no fraud or wilful neglect, the importer shall be afforded a reasonable opportunity to label the merchandise under customs supervision to conform with the requirements of such act and the rules and regulations of the Federal Trade Commission.

(c) Packages of fur products subject to the provisions of this section which are not designated for examination may be released pending examination of the designated packages, but only if there shall have been filed in connection with the entry the usual customs single entry or term bond in such amount as is prescribed for such bonds in §§ 25.3 and 25.4 of this chapter.

(d) The collector of customs shall give written notice to the importer of any lack of compliance with the Fur Products Labeling Act in respect of an importation of fur products, and pursuant to § 8.26 (a) of this chapter shall demand the immediate return of the involved products to customs custody, unless the lack of compliance is forthwith corrected.

(e) If the products covered by a notice and demand given pursuant to paragraph (d) of this section are not promptly returned to customs custody and the collector is not fully satisfied that they have been brought into compliance with the Fur Products Labeling Act, appropriate action shall be taken to effect the collection of liquidated damages in an amount equal to the entered value of the merchandise not redelivered, plus the estimated duty thereon as determined at the time of entry, unless the owner or consignee shall file with the appropriate customs officer an application for cancelation of the liability incurred under the bond upon the payment as liquidated damages of a lesser amount than the full amount of the liquidated damages incurred, or upon the basis of such other terms and conditions as the Secretary of the Treasury may deem sufficient. The application shall contain a full statement of the reasons for the requested cancelation and shall be in duplicate and under oath.

(f) If any fraudulent violation of the act with respect to imported articles comes to the attention of a collector of customs, the involved merchandise shall be placed under seizure, or a demand shall be made for the redelivery of the merchandise if it has been released from customs custody, and the case shall be reported to the Federal Trade Commission, Washington 25, D. C.

(R. S. 161, sec. 6, 65 Stat. 178, R. S. 251; sec. 624, 46 Stat. 759; 5 U. S. C. 22, 15 U. S. C. 69d, 19 U. S. C. 66, 1624)

The provisions of § 11.12a shall apply to importations made on and after August 9, 1952.

The full text of the Fur Products Labeling Act and of the rules and regulations promulgated thereunder by the Federal Trade Commission will be disseminated by means of a Bureau of Customs circular letter.

[SEAL] FRANK DOW,
Commissioner of Customs.

Approved: July 31, 1952.

JOHN S. GRAHAM,
Acting Secretary of the Treasury.

TITLE 24—HOUSING AND HOUSING CREDIT

Chapter I—Home Loan Bank Board, Housing and Home Finance Agency

Subchapter B—Federal Home Loan Bank System

[No. 5382]

PART 121—DEFINITIONS

INCLUDING GUAM IN TERM "STATE"

JULY 31, 1952.

Resolved that, pursuant to Part 108 of the General Regulations of the Home Loan Bank Board (24 CFR Part 108), § 121.10 of the regulations for the Federal Home Loan Bank System (24 CFR 121.10) is hereby amended, effective August 6, 1952, to read as follows:

§ 121.10 *State.* Except as defined in § 122.45 of this subchapter, the term "State" means any one of the 48 States, the District of Columbia, Puerto Rico, the Virgin Islands of the United States, Guam, or the Territory of Alaska or of Hawaii."

Resolved further that the foregoing amendment being adopted to carry into effect an amendment to section 3 of the Federal Home Loan Bank Act, providing in effect that Guam should be included in one of the Federal Home Loan Bank Districts, notice and public procedure thereon is unnecessary and, as the amendment merely brings the regulation into conformity with the statute, there is no reason for deferment of the effective date under the provisions of section 4 of the Administrative Procedure Act and the amendment shall become effective upon publication in the FEDERAL REGISTER.

(Sec. 17, 47 Stat. 36; 12 U. S. C. 1347. Interprets or applies sec. 10, Pub. Law 531, 82d Cong.)

By the Home Loan Bank Board.

[SEAL] J. FRANCIS MOORE,
Secretary.

[F. R. Doc. 52-8585; Filed, Aug. 5, 1952, 8:50 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter A—Aid of Civil Authorities and Public Relations

PART 505—SAFEGUARDING SECURITY INFORMATION

Part 505 is revised to read as follows:

Sec.
505.1 Definitions.
505.2 Compromise or possible compromise.
505.3 Dissemination of classified security information.
505.4 Requests for security information.
505.5 Responsibility for safeguarding technical information.
505.6 Classification of information from commercial firms.
505.7 Dissemination of classified technical information.
505.8 Invitation for bids and contracts.
505.9 Consultations with responsible manufacturers.
505.10 Responsibility of Government contracts.
505.11 Public display of classified matériel.
505.12 Release of information or sale of matériel.
505.13 Authority for admission of visitors.
505.14 Responsibility of commanding officer.
505.15 Responsibility of Government contractors regarding visitors.
505.16 Restricted areas.

AUTHORITY: §§ 505.1 to 505.16 issued under R. S. 161; 5 U. S. C. 22.

SOURCE: AR 380-5, June 6, 1952.

§ 505.1 *Definitions*—(a) *Classified security information.* Information the safeguarding of which is necessary in the interest of national security and which is classified for such purpose by appropriate classifying authority. Classified security information will be Top Secret, Secret, Confidential, or Restricted, depending upon the degree of protection necessary for its safeguarding.

(b) *Document.* Any recorded security information regardless of its physical form or characteristics, including but not limited to:

(1) Written information, whether handwritten, printed, or typed.

(2) Painted, drawn, or engraved information.

(3) Sound or voice recordings or transcriptions.

(4) Printed photographs, slides, and exposed or printed film, still or moving.

(5) Messages.

(6) Reproductions of the foregoing by whatever process.

NOTE: For the purpose of security classification and/or regrading action, a group of physically connected papers which would be incomplete if any were withdrawn may be considered as one document.

(c) *Foreign nationals.* All persons not citizens of the United States (§ 505.13).

(d) *Matériel.* Any document, product, or substance on or in which information may be recorded, embodied, or communicated, regardless of its physical character. "Information" transmitted orally will be considered as "material" for security purposes. Machinery, documents, apparatus, devices, photographs, recordings, reproductions, notes, sketches, maps, and letters, as well as all other products or substances, fall within this general term. The terms "material" and "matter" are synonymous.

(e) *Matériel.* Any article, device, or apparatus. It comprises military arms, armament, and equipment, both complete and in process of research, development, experimentation, and construction, and includes elements, components, accessories, models, fixtures, mock-ups, jigs, and dies associated therewith.

(f) *Technical and scientific information.* Applies to information concerning munitions and equipment, instructions for maintenance and operation, and any descriptive matter or components thereof. This includes development, means of operation, manufacture, use, techniques, processes, and scientific research related thereto. Information pertaining to the various sciences which may be employed directly or indirectly in warfare also are included. Information of a strategic or tactical nature is specifically excluded from the meaning of this term.

(g) *Visitor.* Any person admitted to a Government or civilian establishment or area in which work or a project is being conducted for the Department of the Army, except a person—

(1) Employed on the work or project, or

(2) Directly and officially concerned with the work or project.

§ 505.2 *Compromise or possible compromise.* Any person, civilian or military, under the jurisdiction of the Department of the Army or in its employ who becomes aware of the disclosure or the possibility of disclosure of classified security information to any unauthorized person will report such fact to his immediate superior or commanding officer. In case of disclosure or the possibility of disclosure to any unauthorized person of security information classified Top Secret, Secret, Confidential, or serial matter, the commanding officer will determine and notify by the fastest available means the:

(a) Agency having primary interest in the security information (normally the office of issue).

(b) Commanding officer of the individual having custody of the classified security information.

§ 505.3 *Dissemination of classified security information*—(a) *Discussions.* All discussions, either public or private, of classified security information with or in the presence or hearing of any person unauthorized to have knowledge thereof are prohibited. Classified security information will not be divulged in telephone conversations or over approved circuits. No person is entitled solely by virtue of his grade or position to knowledge or possession of classified security information. Classified security information shall be entrusted only to individuals whose official duties require such knowledge or possession. In imparting classified security information orally, the recipient will be told the classification of the security information. When, in a lecture, address, or informal talk to a group, the subject matter includes classified security information, the speaker will announce the security classification to the audience at the beginning and at the end of the period.

(b) *Persons not subject to military law.* When persons not subject to military law and the provisions of this part are permitted or required to receive or handle classified security information, they will be informed prior to such receipt or handling that it affects the national defense of the United States within the meaning of the Espionage Laws, and that its transmission to an unauthorized person is prohibited. When such personnel are employees of an agency handling classified security information in the performance of normal functions, they shall be informed in the same manner at the beginning of such employment and as often thereafter as is considered necessary by the employing authority (§ 505.4 (c)).

(c) *Commercial publications.* The inclusion of classified security information, in any article, thesis, book, or other product written for publication, distribution, or use beyond the control of the Department of the Army, by military or civilian personnel of the Army Establishment, is prohibited. The contribution in any manner of classified security information, by military or civilian personnel of the Army Establishment, to other persons for use in publications as described above constitutes unauthorized disclosure of classified security information and is expressly prohibited.

§ 505.4 *Requests for security information.* (a) All requests from United States private individuals, firms, or corporations, Federal or State agencies or departments, as well as foreign governments or their nationals for classified security information (except those defined in paragraph (c) of this section) are subject to policies established by the Assistant Chief of Staff, G–2.

(b) (1) Release of classified security information, including technical, to foreign nationals will be made in accordance with instructions issued by the Assistant Chief of Staff, G–2. Where appropriate instructions have not been received or are unavailable, requests for such release will be forwarded through intelligence channels.

(2) Release of unclassified information, including technical, to foreign nationals will be made only through or with the express permission of the Assistant Chief of Staff, G–2.

(c) Applications from outside the Department of the Army requesting access to information or records originated by the Army Establishment or at the request of the Army Establishment, for its use in connection with industrial mobilization activities, will be referred to the Assistant Secretary of the Army (General Management) for disposition. The serving of any process or subpoena requiring production of such information or records will be immediately reported by the recipient to the judge advocate of the appropriate continental army or the Military District of Washington, or, if the subpoena is served within a command outside the continental limits of the United States, the major oversea command judge advocate, and simultaneously direct to the Assistant Secretary of the Army (General Management). Pending instructions from the Assistant Secretary of the Army (General Management), no action toward furnishing the requested information will be taken.

§ 505.5 *Responsibility for safeguarding technical information.* (a) Heads of technical services engaged in the preparation of plans, research, development work, or new design, test, production, procurement, storage, or use of classified matériel are responsible for the promulgation of such additional directives as may be required in Army installations for the safeguarding of security information in the offices, establishments, laboratories, shops, or Army posts under their jurisdiction.

(b) Heads of technical services are responsible for the promulgation and enforcement of such additional directives as may be required for the safeguarding of security information in the offices, establishments, shops, laboratories, and other facilities of commercial organizations under contract to the Department of the Army negotiated by that particular technical service as agent for the Department of the Army, for research, development, design, test, production, procurement, storage, or use of classified material. The responsibility of Army representatives will be in accordance with instructions prepared by the heads of the technical services concerned.

(c) All Top Secret, Secret, Confidential, or Restricted models, exhibits, dies, machines, and other similar items which are to be loaned, leased, or given to a commercial organization will, in addition to being identified as "Security Information," be properly marked, when practicable, to indicate classification. If such marking is impracticable, the commercial organization will be specifically notified in writing of the classification of such items and of the pertinent provisions of the Espionage Laws or other pertinent laws and a copy of such notifications will be sent to the head of the technical service concerned.

(d) The heads of the technical services under paragraphs (a) and (b) of this section, or the commanding officer of a military installation under § 505.16 as the case may be, shall cause to be posted in conspicuous and appropriate places throughout the installation any regulation or order, the willful violation of which is made a crime by the Internal Security Act of 1950 (64 Stat. 1005; 50 U. S. C. Supp. IV, 797). Such posted regulation or order shall contain the following warning notice:

> This regulation (or order) is promulgated by the authority of (name of officer) in accordance with the provisions of the regulation promulgated by the Secretary of Defense on 11 May 1951 pursuant to the provisions of Section 21, Internal Security Act of 1950 (50 U. S. C. 797).
>
> WARNING
>
> Whoever willfully shall violate ---------- (this) regulation or order shall be guilty of a misdemeanor and upon conviction thereof, shall be liable to a fine of not to exceed $5,000 or to imprisonment for not more than one year, or both. Section 21, Internal Security Act of 1950 (50 U. S. C. 797).

§ 505.6 *Classification of information from commercial firms.* Information obtained from civilian manufacturers concerning proprietary processes will be classified according to instructions governing classified information other than security information.

§ 505.7 *Dissemination of classified technical information.* Classified security information concerning technical projects or developments may be imparted only to those individuals whose official duties require such knowledge or possession, and to accredited representatives of foreign nations in accordance with § 505.4.

§ 505.8 *Invitations for bids and contracts.* Prior to furnishing a prospective bidder, subbidder, contractor, or subcontractor with drawings, specifications, or other pertinent security information concerning any project or projects of a Top Secret, Secret, Confidential, or Restricted nature, clearance will be obtained by the procurement agency.

§ 505.9 *Consultations with responsible manufacturers.* The commanding officers of arsenals and depots and other offices engaged in work on Government contracts are authorized to consult with all interested manufacturers, or their representatives, inventors, and other persons concerning technical matters in which they have a legitimate interest. They will, however, insure that all persons engaged in the consultation have been properly cleared for access to classified security information at least to the degree of classification of security information involved, or referred to, in the consultation.

§ 505.10 *Responsibility of Government contractors.* (a) A private individual, firm, or corporation which enters into a contract to engage in technical work for the Department of the Army becomes responsible in matters within his or its control for the safeguarding of all security information classified Top Secret, Secret, Confidential, or Restricted that may be disclosed or that may be developed in connection therewith as required by the security regulations promulgated by the head of the technical service concerned. A clause to this effect will be included in such a contract, but its omission will not release the contractor from his responsibiltiy under the Espionage Laws and other pertinent laws. The contractor will execute a Security Agreement (DD Form 441) when his contract involves classified security information.

(b) Contractors will determine that their prospective subcontractors have executed DD Form 441 prior to the release of any classified security information to their subcontractors.

(c) Whenever a contract or subcontract does not initially include classified security information but subsequently involves security information classified Top Secret, Secret, Confidential, or Restricted, the technical service concerned immediately will determine whether or not a contractor or subcontractor has executed DD Form 441 and if not, the technical service will request the contractor or subcontractor to execute DD Form 441 and further will take necessary steps to insure that the project or work is properly classified and the contractor or subcontractor informed of the classification.

§ 505.11 *Public display of classified matériel.* (a) Commanding officers are responsible that all classified parts, components, or features of matériel are properly safeguarded during maneuvers, drills, parades, ceremonies, assemblages, demonstrations, or exhibitions open to the general public.

(b) (1) Photographs of equipment while in process of development or those revealing processes of manufacture are prohibited unless authorized by the head of the technical service concerned. After an article of equipment has been issued to combat units, release of photographs is permissible unless specifically prohibited by the instruction issued therewith.

(2) Requests for permission to take photographs of classified matériel, projects, or processes of manufacture will be referred to the Department of the Army through the head of the appropriate technical service. If authority is granted, it will be with the understanding that the resulting photographs will be submitted to the Department of the Army for review prior to release.

§ 505.12 *Release of information or sale of matériel.* Domestic sale, divulging information in connection with negotiations for foreign sale, and foreign manufacture of items of Army, Navy, or air Force matériel and equipment are not permitted unless the Departments of the Army, the Navy, and the Air Force are agreed that military secrecy is not compromised thereby.

§ 505.13 *Authority for admission of visitors*—(a) *General.* Correspondence and messages relating to visits will be routed direct between the various offices concerned. For the purpose of §§ 505.13 to 505.15, a United States citizen while a representative, official, or employee of a foreign government or foreign private or commercial entity is considered a foreign national. Visits to Department of the Army installations and facilities within the United States are authorized under the conditions set forth below.

(b) *Foreign nationals (see § 505.1 (c))*—(1) *Authority of local commanding officer.* Foreign nationals may be admitted to installations of the Army Establishment for social purposes, for activities open to the general public, for authorized medical treatment, and in connection with emergency landings by authority of the commanding officer, provided no classified security information is disclosed.

(2) *Authority of commanding generals, continental armies, or other command.* Members of the armed forces of Canada and Mexico may be admitted to Army installations near the borders of those countries for occasional visits on the authority of the commanding general of the continental army or other command having jurisdiction over the installation without reference to higher authority, provided no classified security information is disclosed.

(3) *Authority of Assistant Chief of Staff, G–2.* (i) Foreign nationals may be admitted to the following only on written authority of the Assistant Chief of Staff, G–2:

(a) Installations and facilities of the Army Establishment except as provided in subparagraphs (1) and (2) of this paragraph.

(b) Government of commercial facilities where classified work, projects, or features will be shown or discussed.

(ii) Foreign visits requests will include the following information:

(a) Name in full.

(b) Official title or position.

(c) Nationality.

(d) Name of installation, facility, or activity to which admission is desired.

(e) Date of visit or dates between which visits are desired.

(f) Purpose of visit.

(g) Sponsor.

(iii) Authorization of visit does not constitute authority for release of documents containing classified security information to visitors.

(c) *Visits by foreign national employees.* Foreign nationals employed by the United States contractor under classified contract to a United States military agency; foreign nationals employed by a nonmilitary United States Federal Government agency engaged in a classified contract with the United States military agency; or foreign nationals employed on a classified project or work by an agency of the United States Armed Forces may visit Department of the Army installations on authority of the commanding officer of the installation or Department of Army representative at the facility without reference to the Assistant Chief of Staff, G–2, under the following procedure:

(1) The necessity for the visit must be attested by the United States military resident representative or inspector on duty at the employing establishment or, in case no resident representative is assigned, by the United States military procurement agency or military agency for which the foreign national is working.

(2) The visit request must state the specific scope of information or items desired to be shown the visitor. A certified true or photostatic copy of the letter of consent for the visitor to have foreign national employment on classified work must accompany the visit request and not be given the visitor.

(3) Foreign national visitors will not be permitted access to security information of a higher classification than that indicated in the letter of consent issued to the visitor to have access to classified work at his place of employment.

(4) If the commanding officer of the installation or Department of the Army representative at the facility to be visited approves the visit, the requester will be so notified.

(5) The foreign national visitor must have in his possession a copy of the approved visit request (copy of letter or consent withdrawn) as well as proper identification.

(d) *United States citizens.* Subject to the approval of the commanding officer of an installation or Department of the Army representative at a facility, United States citizens, except those representing a foreign government, firm, or corporation, may be admitted to Department of the Army installations or facilities under the following conditions:

(1) Casual visitors may be admitted, provided no classified security information is disclosed.

(2) Representatives of other United States Government agencies, manufacturers or their representatives, engineers, and inventors cooperating in Department of the Army work and having a legitimate interest therein may be shown such works or projects as are considered necessary and desirable by the responsible head of the technical service or other Department of the Army agency. Request for such visitor clearance shall be in accordance with appropriate requirements of the head of the technical service concerned.

(3) Reporters, photographers, and other representatives of public information agencies may be admitted to Department of the Army installations or facilities, provided classified security information projects or processes of manufacture are not shown or discussed with them.

§ 505.14 *Responsibility of commanding officer.* The commanding officer of a military establishment:

(a) Is the local representative of the Department of the Army in all matters regarding the admission of visitors. If, in his opinion, the situation at the time makes the admission of a visitor inadvisable, it is empowered to postpone the visit and request instructions from the office which authorized it.

(b) Will forward through military channels to the Assistant Chief of Staff, G–2, a report on all foreign nationals who visit installations for which they are responsible. The report will be classified according to the classification of the security information contained therein, the classification of the visit, or the approval instrument for the visit, whichever is the highest classification, but in no case will the report be classified lower than Restricted. The report will include the following:

(1) Name, official position, and nationality.

(2) Authority for visit.

(3) Date of visit, to include time in and out.

(4) Matters in which visitor showed greatest interest.

(5) General type of nature of questions asked.

(6) Expressed object of the visit.

(7) Estimate of the real object of the visit.

(8) General estimate of ability, intelligence, and technical knowledge of the visitor and his proficiency in the English language.

(9) A brief of what was shown and explained.

(10) If classified security information was disclosed, the highest security classification of information disclosed to the visitor.

§ 505.15 *Responsibility of Government contractors regarding visitors.* (a) Contractors or subcontractors engaged in work for the Department of the Army must place such restrictions on the movements of persons employed or entering their plants or offices as will give adequate security to Top Secret, Secret, Confidential, or Restricted matters in their possession. In view of the wide differences in organization, arrangement, and physical make-up of individual plants, specific rules are not practicable; local conditions at the plant and the classification of the project will determine the security measures to be adopted.

(b) The following general procedure in regard to visitors at establishments or plants engaged in classified projects for the Department of the Army is prescribed:

(1) Visitors will be accompanied during their stay at the plant by the inspector or Army representative, a member of his office, or some responsible person who is specifically informed as to the necessary limitations or restrictions, the scope of the visit, and the information which may be furnished.

(2) Unless specifically authorized visitors will not be allowed in any shop, laboratory, drafting room, or section of a plant where Top Secret, Secret, Confidential, or Restricted matériel is located or where classified work is in progress, nor will they be permitted to take photographs.

§ 505.16 *Restricted areas*—(a) *Designation.* The commanding officer of a military reservation, post, camp, station, or installation is responsible for the designation and proper safeguarding of restricted areas in his military reservation, post, camp, station, or installation. If local conditions dictate, he will mark all ordinary entrances or approaches to such areas with a sign stating, in addition to the warning notice set out in § 505.5 (d), that the area is a "restricted area."

(b) *Procedure in case of violation.* (1) The commanding officer of a military reservation, post, camp, station, or installation will cause any person not subject to military law who enters a restricted area or building to be detained, warned of his rights, and interrogated by proper authority. If it is a first offense and there is no evidence of deliberate intent, the offender may be warned against repetition and released upon the surrender of any unlawful photograph, sketch, picture, drawing, map, or graphic representation in his possession. Otherwise, the offender will be delivered without unnecessary delay to the nearest United States marshal with a written statement of the facts, the names and addresses of the witnesses, and such pertinent exhibits as may be available.

(2) When an investigation reveals that a person not subject to military law has entered such restricted area or building, custody of the individual not having been effected, the commanding officer will promptly forward in writing to the nearest United States district attorney a report of all the facts, including the names and addresses of the witnesses.

(3) A report will be made through military channels to the commanding general of the Army concerned of each case brought to the attention of civil authority and will include a brief summary of all the facts and copies of all pertinent communications.

[SEAL] WM. E. BERGIN,
Major General, U. S. Army,
The Adjutant General.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 22, Interpretation 34]

CPR 22—Manufacturer's General Ceiling Price Regulation

INT. 34—MATHEMATICAL ERROR MADE BY MANUFACTURER IN ESTABLISHING HIS BASE PERIOD SELLING PRICE FOR AN ARTICLE (SECTION 37)

As a result of an arithmetical error, a manufacturer during his base period sold a certain article at a price lower than he otherwise would have charged. He now inquires whether section 37 of CPR 22 authorizes him to use as his base period price for the article what it would have been if the error in calculation had not been made.

Section 37 provides that: "Once you have reported your ceiling price or proposed ceiling price for a commodity, as required by this regulation, you may not thereafter redetermine a higher ceiling price, except for the following reasons and upon compliance with the conditions specified:

"• • • (e) Purely arithmetical errors, however, may be corrected at any time, but the corrections must be reported to the Director of Price Stabilization."

Section 37 (e) refers to a "redetermination" of a ceiling price under CPR 22. Under the facts above stated, the manufacturer is not proposing to redetermine a ceiling price on the basis of an error made in his calculations in determining or reporting such ceiling price. Rather, he desires to establish, as his base period price for the article, a price different from that at which he actually sold the article during his base period. Section 37 does not permit this. The determination of the ceiling price for an article in accordance with the provisions of CPR 22 begins with the selling price in effect for the article during the manufacturer's base period, regardless of the circumstances and conditions under which the manufacturer may have established such selling price.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Herbert N. Maletz,
Chief Counsel,
Office of Price Stabilization.

[Ceiling Price Regulation 24, Amdt. 16]

CPR 24—Ceiling Prices of Beef Sold at Wholesale

BEEF IMPORTED FROM NEW ZEALAND

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, Economic Stabilization Agency General Order 2, Delegation of Authority by the Secretary of Agriculture with respect to meat, as amended, and Economic Stabilization Agency General Order 5, Revision, this Amendment 16 to Ceiling Price Regulation 24 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment permits the sale of non-standard beef hindquarters and forequarters imported from New Zealand. Beef customarily has been imported into the United States from Canada. However, because of the prevalence of hoof and mouth disease in the latter country, importation of beef from Canada has been temporarily prohibited. To maintain a normal supply of imported beef, arrangements have been made for New Zealand to sell beef in this country in lieu of Canadian beef. However, approximately fifty million pounds of New Zealand beef had been cut with 3 ribs on the hindquarter and 10 ribs on the forequarter before it was decided to ship this beef to this country.

Ceiling Price Regulation 24 authorizes only the sale of hindquarters containing one rib and forequarters containing twelve ribs. Consequently, prior to this amendment, this New Zealand beef could not legally be sold in this country. The changes made in Schedule I by this amendment permit the sale of this imported New Zealand beef.

Moreover, this amendment permits the sale of imported boneless New Zealand beef free from the requirement of grading ordinarily imposed upon sales of boneless beef by Distribution Regulation 2. Since the boneless New Zealand beef will be imported already boned and packed, no grading will be possible after its arrival. However, sufficient protection against evasion of this regulation is provided by an additional requirement that such beef may be sold ungraded only if it reaches the ultimate processor in the original shipping container bearing the customs stamp or seal.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this regulation are generally fair and equitable, are necessary to effectuate the purposes of Titles I and IV of the Defense Production Act of 1950, as amended, are necessary and appropriate to promote the national defense, and comply with all the applicable standards of the act.

All standards prescribed in this amendment were, prior to the issuance of Ceiling Price Regulation 24, in general use in the meat industry. Such standards as are prescribed are indispensable to price control of beef, since no practicable alternative to such standardization exists for securing effective price control of this commodity. It is not believed that this amendment will cause any substantial changes in business practices, cost practices or methods, or means or aids to distribution; however, to the extent that such changes may be compelled, they are necessary to prevent circumvention or evasion of Ceiling Price Regulation 24, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 24 is amended in the following respects:

1. Section 11 (b) (1) is amended by adding the following sentence thereto: "You are not prohibited from selling a beef hindquarter with 3 ribs or a forequarter with 10 ribs if this beef cut was imported from New Zealand."

2. A new Special Adjustment (5) is added to Schedule I, section 20, to read as follows:

(5) Your ceiling price for the sale of a beef hindquarter which has 3 ribs, or a beef forequarter which has 10 ribs, and which was imported from New Zealand is the applicable ceiling price listed above, minus 50 cents per cwt., plus any of the appropriate amounts provided in Article IV.

3. Section 29 (a) is amended by adding the following sentence thereto: "This paragraph does not apply to New Zealand beef subject to the provisions of Special Adjustment (5) of Schedule 1."

4. Section 29 (b) is amended by adding the following sentence: "However, notwithstanding any provisions of this regulation or of Distribution Regulation 2, you may sell ungraded imported boneless New Zealand beef, provided such boneless beef is sold in its original shipping container bearing the customs stamp or seal, at prices not to exceed the applicable ceiling prices listed in section 23 of this regulation.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interprets or applies sec. 701, 64 Stat. 815, as amended; 50 U. S. C. App. Sup. 2151)

Effective date. This amendment shall become effective August 4, 1952.

Ellis Arnall,
Director of Price Stabilization.

August 4, 1952.

[Ceiling Price Regulation 162]

CPR 162—Beet Pulp Products

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order No. 2, this Ceiling Price Regulation 162 is hereby issued.

STATEMENT OF CONSIDERATIONS

This regulation establishes ceiling prices for sales of domestic and imported beet pulp products.

The products. Beet pulp products are by-product feeds, obtained from the fibrous mass remaining after the extraction of sugar from sugar beets. The fibrous mass itself contains only 5 to 9 percent of dry matter and is called wet beet pulp. Wet beet pulp is sold either "at the spout" immediately after being produced, or is stored before sale in large pits called "silos." Pressed beet pulp results from a squeezing operation in which the percentage of dry matter of the pulp is increased to 15 percent. Dry beet pulp and dry molasses beet pulp are products containing only 10 percent of moisture and are obtained by running the wet beet pulp through drying equipment.

Beet pulp products are fairly important feeds. The production of dried beet pulp during 1950–1951 was 360,000 tons. Conversion of the estimated production figures for wet and pressed beet pulp products for the same year to the same dry matter basis as dried beet pulp yields an approximate annual production of 720,000 tons for all beet pulp products.

Because of their bulky nature, the distribution of wet beet and pressed beet pulp is generally limited to an area within a 10–60 mile radius of the processing plant. On the other hand, dried beet pulp, like other by-product feeds, is transported over long distances for distribution and sale to feed manufacturers and feeders.

In terms of feeding value, beet pulp products compare favorably with other feed grains and feedstuffs such as barley, wheat bran and alfalfa hay. Dried beet pulp, in particular, is in great demand as a bulk concentrate for lightening the rations of beef cattle, sheep and dairy cattle.

Ceiling prices. This regulation establishes f. o. b. plant ceiling prices for dried beet pulp of $76 per ton at Boston, Massachusetts, less freight from plant to that basing point for plants in the eastern states; $80 per ton at Atlanta, Georgia, less freight from plant to that basing point for plants in the central states; and flat area prices of $58 per ton, $61 per ton, and $65 per ton respectively, for plants in the western states, northern California and southern California. California was divided into separate pricing areas with higher ceiling prices because the state generally and southern California, to an even greater degree, are now deficit feeding areas which at times draw supplies of beet pulp from surrounding regions. Setting prices by reference to the basing points selected for the eastern and central states and the use of flat area pricing for the other areas follow customary industry practices.

Ceiling prices within each area are consistent with historical price relationships to the parity prices or estimated ceiling prices of competitive feeds. The ceiling prices also reflect historical differentials between these areas in beet pulp prices.

Dried molasses beet pulp customarily sells at the same price as dried beet pulp, and, accordingly, the same ceiling prices have been set for both products.

Wet beet pulp ceiling prices were determined on the basis of its price relationship with dried beet pulp. The feeding value of wet beet pulp increases during storage in silos because of the increase in dry matter content. Processors customarily change their prices during the season to reflect this fact. The monthly schedule of wet beet pulp ceiling prices under this regulation permits them to continue to do so.

Specialty beet pulp products (that is, products other than wet and pressed pulp, dried beet pulp and dried molasses beet pulp) are not included in the coverage of this regulation. Processors' ceiling prices for such products will continue to be governed by the applicable regulations now in effect.

Importers' ceiling prices are the same as processors' ceiling prices for the area within which the port-of-entry is located. Distributors determine their ceiling prices by applying fixed dollars-and-cents markups to their suppliers' ceiling prices. The dollars-and-cents markups were based upon information received from distributors and representatives of the mixed feed industry. Should data subsequently received provide sufficient justification for doing so, steps will be taken to change these markups.

When SR 69 to the GCPR was issued September 28, 1951, it was anticipated that it would be possible to issue a tailored regulation shortly thereafter. In order to provide interim relief, processors of beet pulp products were permitted in SR 69 to set their prices without reference to their former ceilings established under GCPR. This was, however, subject to the requirement that processors undertake, in their sales contracts, to refund to the buyers the amount by which their contract prices exceeded ceiling prices subsequently established by the Office of Price Stabilization. Circumstances have prevented issuance of the tailored regulation until now. Contrary to expectations when SR 69 was issued, a series of delays have occurred, and it is clear that refunds, which would have been feasible with reference to a short interim period, would not now be justifiable. Price data available to OPS indicates that in general the actual selling prices contracted since SR 69 was issued do not exceed the new ceiling price. For these reasons, this regulation adopts the actual selling prices as the ceiling prices applicable to the interim period between the effective dates of SR 69 and this new regulation. Accordingly, no refunds will be payable with respect to the SR 69 period.

Last year, the United States Department of Justice instituted proceedings against beet pulp processors for violation of the Federal Anti-Trust Laws. This case is pending at the present time. Should compliance with this regulation conflict with the provisions of any judgment subsequently entered, prompt steps will be taken to amend the regulation accordingly.

FINDINGS OF THE DIRECTOR

In the judgment of the Director of Price Stabilization, the ceiling prices established by this regulation are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

In the formulation of this regulation there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

Every effort has been made to conform this regulation to existing business practices. Insofar as any provisions of this regulation may operate to compel changes in those practices, such provisions are found by the Director of Price Stabilization to be necessary to prevent circumvention or evasion of this regulation.

REGULATORY PROVISIONS

Sec.
1. What this regulation does.
2. Processors' ceiling prices for deliveries made before the effective date of this regulation.
3. Processors' ceiling prices, per ton, bulk, carload quantities, f. o. b. plant.
4. Processors' l. c. l. differential.
5. Importers' ceiling prices, per ton, bulk, f. o. b. port-of-entry.
6. Jobbers' ceiling prices, per ton, f. o. b. point of purchase.
7. Wholesalers' and retailers' f. o. b. ceiling prices.
8. Limitation on distributors' mark-ups.
9. Sacking differentials.
10. Pelleting differential.
11. Delivered ceiling prices.
12. Petitions for amendment.
13. Adjustable pricing.
14. Excise, sales or similar taxes.
15. Transfer of business.
16. Records.
17. Interpretations.
18. Compliance and enforcement.
19. Definitions.

Authority: Sections 1 through 19 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 806, as amended; 50 U. S. C. App. Sup. 2101–2110; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

Section 1. *What this regulation does—(a) Coverage.* This regulation establishes ceiling prices for domestic and imported beet pulp products. For the products and sellers covered, this regulation supersedes the General Ceiling Price Regulation, Supplementary Regulation 69 to the General Ceiling Price Regulation, and Ceiling Price Regulation 31.

(b) *Applicability.* This regulation applies in the 48 States of the United States and the District of Columbia.

(c) *Exemptions.* Export sales and sales for export are exempt from this regulation. Such sales are subject to Ceiling Price Regulation 61.

Sec. 2. *Processors' ceiling prices for deliveries made before the effective date of this regulation.* If you are a processor, your ceiling price for the sale of a beet pulp product on which delivery was made after October 2, 1951, and prior to the effective date of this regulation, is the contract price at which the delivery was made and not the ceiling price established under the other provisions of this regulation.

Sec. 3. *Processors' ceiling prices, per ton, bulk, carload quantities, f. o. b. plant.* If you are a processor, your ceiling prices, from the effective date of this regulation, per ton, bulk, in carload shipments or pool car lots, f. o. b. your plant are as follows:

(a) *Dried beet pulp and dried molasses beet pulp.* (1) If your plant is located in Area A or B, your ceiling price for dried beet pulp and for dried molasses beet pulp is the basing point price listed in Table I for that area less the per ton carload freight rate (including 3 percent transportation tax) for a shipment from your plant to that basing point.

TABLE I.—DRIED BEET PULP AND DRIED MOLASSES BEET PULP—BASING POINT PRICES FOR AREAS A AND B

Area	Basing point	Basing point price per ton
A	Boston, Massachusetts	$76.00
B	Atlanta, Georgia	80.00

(2) If your plant is located in Area C, D, or E, your ceiling price is the price set forth in Table II for that area.

TABLE II—DRIED BEET PULP AND DRIED MOLASSES BEET PULP—CEILING PRICES IN AREA C, D, AND E

Area	Ceiling price per ton
C	$58.00
D	65.00
E	61.00

(b) *Wet beet pulp.* Your ceiling price for wet beet pulp, during each month of delivery is the price listed in Table III for the area in which your plant is located.

TABLE III—WET BEET PULP CEILING PRICES PER TON

Month of delivery	Area B	Area C	California (areas D and E)
August	$1.40	$1.90	$3.00
September	1.40	1.90	3.00
October	1.40	1.90	3.00
November	1.60	2.05	3.10
December	1.85	2.20	3.10
January	2.00	2.40	3.10
February	2.20	2.60	3.20
March	2.35	2.80	3.20
April through July	2.35	2.90	3.35

(c) *Pressed beet pulp.* Your ceiling price for pressed beet pulp is the price listed in Table IV for the area in which your plant is located.

TABLE IV—PRESSED BEET PULP CEILING PRICES

Area	Ceiling price per ton
B	$2.35
C	2.90
California	3.20

SEC. 4. *Processors' l. c. l. differential.* If you are a processor, you may add $1.00 per ton to your ceiling price, as otherwise determined under section 3, for sales in less than carload lots.

SEC. 5. *Importers' ceiling prices, per ton, bulk, f. o. b. port-of-entry.* If you are an importer, your ceiling price for a beet pulp product, per ton, bulk, f. o. b. port-of-entry, in carload shipments, pool car lots or less than carload lots is what the ceiling price of a domestic processor for that product would be under the applicable provisions of sections 3 and 4 if his plant were located at that port-of-entry.

SEC. 6. *Jobbers' ceiling prices, per ton, f. o. b. point of purchase.* If you are a jobber your ceiling price, per ton, f. o. b. the point at which you purchase a beet pulp product is your supplier's ceiling price for the product at that point plus the applicable mark-up set forth in Table V.

TABLE V—JOBBERS' MARK-UPS

Type of delivery made by jobber	Mark-up per ton
Deliveries in pool car lots	$2.25
All other deliveries	2.00

SEC. 7. *Wholesalers' and retailers' f. o. b. ceiling prices.* (a) If you are a wholesaler or retailer your ceiling price for a beet pulp product is your "cost at ceiling" for that product, as determined under paragraph (b) of this section plus the applicable mark-up set forth in Table VI.

TABLE VI—WHOLESALERS' AND RETAILERS' MARK-UPS

	Mark-up per ton
Wholesalers	$5.00
Retailers	9.00

(b) Determine your "cost at ceiling" for a beet pulp product by the following methods:

(1) *Method 1.* If you maintain the identity of any receipt, then, on the sale of such receipt, you may use as your "cost at ceiling" your supplier's ceiling price to you for that receipt plus your transportation cost (as defined in section 19 (d) (5)) if any, to your warehouse or store. You may use this method of determining your "cost at ceiling" even though you are simultaneously determining your "cost at ceiling" for resale of other receipts under Method 2.

(2) *Method 2.* For receipts of a beet pulp product in sacks, use as your "cost at ceiling" the weighted average of your suppliers' ceiling prices to you for receipts in sacks plus your transportation costs, if any, to your warehouse or store. For receipts in bulk, use as your "cost at ceiling" the weighted average of your suppliers' ceiling prices to you for receipts in bulk plus your transportation costs, if any, to your warehouse or store. You are subject to two restrictions in using this method. First, you must apply it to two or more receipts. Second, you must exclude from your calculations any receipt whose identity you maintain and for which you determine your "cost at ceiling" under Method 1. You calculate each weighted average of ceiling prices under Method 2 as follows:

(i) Select a day for calculation and recalculate on that date each week thereafter (or, in case that day falls on a legal holiday, recalculate on the next business day).

(ii) Make your first calculation under this Method 2 as follows:

(a) Step 1: Take your latest receipt prior to the day of calculation delivered to you on the basis (sacked or bulk) for which you are calculating a weighted average of ceiling prices, and all receipts delivered to you on the same basis for the 28 days preceding that last receipt.

(b) Step 2: Multiply the number of tons of each receipt by your supplier's ceiling price, per ton, to you for that receipt, and add to this amount your transportation costs for the receipt, if any, to your warehouse or store.

(c) Step 3: Add the results obtained under Step 2 and divide by the total number of tons involved in your calculations. The result is the "cost at ceiling" which you use in establishing your ceiling price under paragraph (a) of this section.

(iii) Follow the directions of subdivisions (i) and (ii) of paragraph (b) (2) of this section for all succeeding calculations except that you use your latest receipt prior to that day of calculation and all receipts during the 14 day period preceding such last receipt in arriving at your "cost at ceiling."

(iv) You may discontinue the use of Method 2 for a beet pulp product, but when you do you must, on your next recalculation day, calculate the weighted average of your suppliers' ceiling prices to you (plus your transportation costs, if any) for all receipts of the product in your inventory and you must use this weighted average as your "cost at ceiling" for such receipts during the succeeding week. If some of your receipts are bulk and some sacked, calculate separate weighted averages for these two types of receipts.

SEC. 8. *Limitation on distributors' mark-ups.* Only one mark-up by a jobber and one mark-up by a wholesaler are permitted under this regulation in connection with the sale of any lot of a beet pulp product. If, for example, you are a jobber and you buy a lot from another jobber, your ceiling price is that jobber's ceiling price to you.

SEC. 9. *Sacking differentials.* (a) If you are a processor and you sell and deliver a lot of a beet pulp product in your sacks, or, if you are a wholesaler, importer or retailer and you sack a lot of a beet pulp product which you buy in bulk, add to your ceiling price, as otherwise established under this regulation, the sum of $1.00 per ton plus an amount consisting of the cost per sack, of your most recent customary purchase times the number of such sacks you furnished with the lot delivered.

(b) If you are an importer and you sell a lot of an imported beet pulp product delivered to you in sacks, add to your ceiling price, as established under section 5, the sum of $1.00 plus the reasonable market value (not in excess of the ceiling price) of such sacks.

SEC. 10. *Pelleting differential.* If you pellet a lot of a beet pulp product, add $3.50 per ton to your ceiling price as otherwise established under this regulation.

SEC. 11. *Delivered ceiling prices.* Your delivered ceiling price is your f. o. b. ceiling price, as otherwise established under this regulation, plus your "transportation cost," as defined in section 19 (d) (5).

SEC. 12. *Petitions for amendment.* If you wish to have this regulation amended, you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation No. 1, Revised (16 F. R. 4974).

SEC. 13. *Adjustable pricing.* Nothing in this regulation prohibits you from making a contract or offer to sell at (a) the ceiling price in effect at the time of delivery, or (b) the lower of a fixed price or the ceiling price in effect at the time of delivery. You may not, however, deliver or agree to deliver at a price to be adjusted upward in accordance with any increase in ceiling prices after delivery.

SEC. 14. *Excise, sales or similar taxes.* You may collect in addition to your ceiling price the amount of any excise, sales or similar tax actually paid by you if you separately state such tax.

SEC. 15. *Transfer of business.* If, after the effective date of this regulation, you acquire the business, assets or stock-in-trade of any beet pulp product business and carry on the business or continue to deal in any beet pulp product separately from any other establishment previously owned or operated by you, you shall have the same ceiling prices and be under the same obligation to keep records as the person from whom you acquired the business, assets or stock. If, after the effective date of this regulation, you transfer your business assets or stock, you must either preserve and make available, or turn over to the transferee all records which are necessary for him to comply with the ceiling price or record provisions of this regulation.

SEC. 16. *Records*—(a) *General.* Every person who sells and every person who in the course of business buys a beet pulp product shall keep for inspection by the Office of Price Stabilization for a period of two years accurate records of each sale or purchase made after the effective date of this regulation.

(b) *Sales.* (1) Every person making a sale under this regulation to a buyer other than a feeder shall record each such sale on an invoice or bill of sale, a copy of which must be given to the buyer. Every person making a sale to a feeder must keep a record thereof, although it does not have to be in the form of an invoice or bill of sale. A copy of such record, however, shall be given to the feeder upon demand.

(2) Every sales record must indicate the name and address of the seller and buyer; the kind of beet pulp product and the quantity sold; the date of sale and delivery; the point of production (except in the case of sales by a retailer); the buyer's receiving point; the selling price; the sales, excise or similar tax incurred by the seller under section 14 (if the seller collects such tax in addition to his ceiling price); the charges for sacking; pelleting and transportation.

(3) Every person sacking a beet pulp product which he processes or buys in bulk must keep records of his sack purchases.

(c) *Purchases.* Every person making a purchase in the course of trade or business must keep the records which his seller is required to give him under this section.

SEC. 17. *Interpretations.* If you want an official interpretation of this regulation, you should write to the District Counsel of your local Office of Price Stabilization District Office. Any action taken by you in reliance upon and in conformity with a written official interpretation will constitute action in good faith pursuant to this regulation. Further information on obtaining official interpretations is contained in Price Procedural Regulation No. 1, Revised.

SEC. 18. *Compliance and enforcement*—(a) *Prohibitions.* You shall not do any act prohibited or omit to do any act required by this regulation, nor shall you offer, solicit, attempt, or agree to do or omit to do any such acts. Specifically (but not in limitation of the above) you shall not, regardless of any contract or other obligation sell, and no person in the regular course of trade or business shall buy from you at a price higher than the ceiling price established under this regulation, and you shall make and preserve true and accurate records required under this regulation.

(b) *Evasions.* Any device which results in obtaining indirectly a higher price than is permitted under this regulation or in concealing or falsely representing information as to which this regulation requires records to be kept is a violation of this regulation. This prohibition includes, but is not limited to, devices making use of commissions, services, cross sales, transportation arrangements, premiums, discounts, special privileges, tie-in-agreements, trade understanding, as well as omission from records of true data and inclusion in the records of false data.

(c) *Penalties.* If you violate any provisions of this regulation you are subject to criminal penalties, civil enforcement actions and suits for damages provided by the Defense Production Act of 1950, as amended.

SEC. 19. *Definitions*—(a) *Areas.* (1) "Area A" includes the following States: Maine, New Hampshire, Vermont, New York, Massachusetts, Rhode Island, Connecticut, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, Alabama, Florida, Tennessee, Kentucky, West Virginia, Ohio, Indiana, Illinois, Wisconsin, Michigan, and Mississippi.

(2) "Area B" includes Minnesota, Iowa, Kansas, Missouri, Louisiana, Texas, Oklahoma, Arkansas, Kansas, Nebraska, Colorado, North Dakota, and South Dakota.

(3) "Area C" includes Montana, Wyoming, Utah, Arizona, New Mexico, Nevada, Idaho, Washington, and Oregon.

(4) "Area D" includes the following counties in California: San Louis Obispo, Kern, San Bernardino, Santa Barbara, Ventura, Los Angeles, Orange, Riverside, Imperial, and San Diego.

(5) "Area E" includes all counties in California other than those included in Area D.

(b) *Sellers and related terms.* (1) "Jobber" means, with respect to any lot, any person other than the processor who sells such lot without having previously unloaded it into a warehouse or store.

(2) "Feeder" means, with respect to any lot, a person who uses such lot for feeding animals or poultry.

(3) "Processor" means, with respect to any lot, the person who manufactures that product from sugar beets. When a beet pulp product is manufactured by a person who does not own that product, the seller for whom the product is manufactured shall be deemed the processor.

(4) "Retailer" means a person, other than the processor who maintains a "store," and who, with respect to any lot he has purchased and unloaded into the store, resells such lot to a feeder.

(5) "Store" means a building where a regular business of selling and delivering feeds or grain is carried on, and where the owner or one or more of his employees works on substantially a full-time, year-round basis in such business or in a general retail business of which such feed or grain business is a part.

(6) "Wholesaler" means, with respect to any lot:

(i) Any person, other than the processor, who, after having unloaded it into a warehouse or store, sells such lot to anyone other than a feeder, or

(ii) A person, other than the processor, who does not maintain a store and who, after having unloaded it into a place of business other than a store, sells such lot to a feeder.

(7) "You", means a person subject to this regulation.

(8) "Your supplier", means the person from whom a jobber, wholesaler or retailer purchases the lot for which he is establishing a ceiling price.

(c) *Products covered.* (1) "Beet pulp" means the fibrous residue of beets resulting from the manufacture of sugar from beets which have been cleaned, and freed from crowns, leaves and sand.

(2) "Dried beet pulp" means beet pulp which has been dried through the use of pulp drying equipment.

(3) "Dried molasses beet pulp" means dried beet pulp to which not more than 50 percent molasses has been added.

(4) "Wet beet pulp" means beet pulp other than dried or pressed beet pulp. It includes "green" beet pulp, that is, pulp freshly produced, and "siloed" beet pulp, that is, beet pulp which has been stored in pulp silos for any length of time.

(5) "Pressed beet pulp" means beet pulp which has been pressed to reduce its moisture content and which is thereafter sold without being stored in a silo by a processor.

(6) "Beet pulp product" means dried beet pulp, dried molasses beet pulp, wet beet pulp or pressed beet pulp.

(d) *Miscellaneous.* (1) "Carload shipment" means a lot which, when shipped by rail, takes a carload rate under the applicable railroad tariff requirements, and includes mixed car shipments taking such rate.

(2) "Pool car lot" means a lot being shipped to the buyer as part of a rail carload shipment of products sold by one seller to two or more persons.

(3) "Less-than-carload lot" means any lot of less than 30,000 pounds, other than a carload shipment or pool car lot. It includes any delivery by or into a truck.

(4) "Person" includes any individual, corporation, partnership, association or any other organized group of persons, or legal successors or representatives of the foregoing, and the United States

(c) Step 3: Add the results obtained under Step 2 and divide by the total number of tons involved in your calculations. The result is the "cost at ceiling" which you use in establishing your ceiling price under paragraph (a) of this section.

(iii) Follow the directions of subdivisions (i) and (ii) of paragraph (b) (2) of this section for all succeeding calculations except that you use your latest receipt prior to that day of calculation and all receipts during the 14 day period preceding such last receipt in arriving at your "cost at ceiling."

(iv) You may discontinue the use of Method 2 for a beet pulp product, but when you do you must, on your next recalculation day, calculate the weighted average of your suppliers' ceiling prices to you (plus your transportation costs, if any) for all receipts of the product in your inventory and you must use this weighted average as your "cost at ceiling" for such receipts during the succeeding week. If some of your receipts are bulk and some sacked, calculate separate weighted averages for these two types of receipts.

SEC. 8. *Limitation on distributors' mark-ups.* Only one mark-up by a jobber and one mark-up by a wholesaler are permitted under this regulation in connection with the sale of any lot of a beet pulp product. If, for example, you are a jobber and you buy a lot from another jobber, your ceiling price is that jobber's ceiling price to you.

SEC. 9. *Sacking differentials.* (a) If you are a processor and you sell and deliver a lot of a beet pulp product in your sacks, or, if you are a wholesaler, importer or retailer and you sack a lot of a beet pulp product which you buy in bulk, add to your ceiling price, as otherwise established under this regulation, the sum of $1.00 per ton plus an amount consisting of the cost per sack, of your most recent customary purchase times the number of such sacks you furnished with the lot delivered.

(b) If you are an importer and you sell a lot of an imported beet pulp product delivered to you in sacks, add to your ceiling price, as established under section 5, the sum of $1.00 plus the reasonable market value (not in excess of the ceiling price) of such sacks.

SEC. 10. *Pelleting differential.* If you pellet a lot of a beet pulp product, add $3.50 per ton to your ceiling price as otherwise established under this regulation.

SEC. 11. *Delivered ceiling prices.* Your delivered ceiling price is your f. o. b. ceiling price, as otherwise established under this regulation, plus your "transportation cost," as defined in section 19 (d) (5).

SEC. 12. *Petitions for amendment.* If you wish to have this regulation amended, you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation No. 1, Revised (16 F. R. 4974).

SEC. 13. *Adjustable pricing.* Nothing in this regulation prohibits you from

or any other government or their political subdivisions or agencies.

(5) "Transportation cost" means:

(i) When a common carrier, contract carrier, or other carrier, for hire or compensation is employed, the transportation charge (inclusive of 3 percent transportation tax, but exclusive of loading charges not customarily in such transportation charges) which are actually incurred by the seller or the purchaser, as the case may be.

(ii) When the seller or purchaser, as the case may be, does his own hauling, the reasonable value of the transportation service (exclusive of loading) not exceeding the lawful common carrier or contract carrier rate for the same service or any ceiling price established by the Office of Price Stabilization for such service.

(iii) When any movement involves a combination of the types of transportation described in subdivisions (i) and (ii) of this paragraph (d) (5), the sum of the amounts computed separately for each portion of the movement.

Effective date. This regulation becomes effective August 9, 1952.

NOTE: The record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 5, 1952.

[General Ceiling Price Regulation, Supplementary Regulation 108, Interpretation 1]

GCPR, SR 108—ADJUSTED CEILING PRICES FOR MANUFACTURERS OF READY-MIXED CONCRETE

INT. 1—READY-MIXED CONCRETE (GENERAL)

Section 2 of SR 108 to GCPR provides that the regulation applies to manufacturers of "ready-mixed concrete" and establishes ceiling prices for "that commodity". Some inquiry has been made as to the scope of the term "ready-mixed concrete", particularly, whether or not it includes dry batched materials.

It is the intention of OPS that the regulation cover by this term: (1) Portland cement concrete batched for delivery in a plastic and unhardened state, and delivered in that state to the purchaser; (2) a measured quantity of cement and aggregates similarly batched, but in the dry state, for truck delivery to job-site mixers and which upon mixing with the proper amount of water, will make Portland cement concrete.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

HERBERT N. MALETZ,
Chief Counsel,
Office of Price Stabilization.

AUGUST 4, 1952.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-16, Amendment 1 of August 5, 1952]

M-16—DISTRIBUTION OF COPPER RAW MATERIALS

AMENDMENT OF SECTIONS 2 (f) AND 9 (f)

This amendment of NPA Order M-16 is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950 as amended. In the formulation of this amendment, consultation with industry representatives has been rendered impracticable due to the need for immediate action and because the amendment affects many different trades and industries.

NPA Order M-16 as last amended June 19, 1952, is further amended as follows:

1. The following sentence is added to section 2 (f): "Allotments for the purpose of producing such related products shall be in terms of the estimated weight of the brass mill product from which such related product is made."

2. Section 9 (f) is amended in order to clarify the requirements for filing Form NPAF-125, and as amended shall read as follows:

(f) Any scrap dealer or broker whose aggregate end-of-month inventory or aggregate monthly purchases or aggregate monthly sales of scrap averaged 60,000 pounds or more (metal weight) during the first 6 months of 1952, shall complete and return Form NPAF-125 in triplicate not later than August 10, 1952, with regard to his operations during July 1952, and not later than the tenth day of each month thereafter with regard to his operations during each preceding month. All such forms shall be addressed to the Base Metals Branch, Bureau of Mines, Washington 25, D. C.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect August 5, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

[F. R. Doc. 52-8733; Filed, Aug. 5, 1952; 11:15 a. m.]

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 3—VETERANS CLAIMS

PROOF OF DEATH

In § 3.55, paragraphs (b) and (c) are amended, paragraph (d) is deleted, and former paragraphs (e), (f), and (g) are redesignated (d), (e), and (f) as follows:

§ 3.55 *Proof of death.* Where a claim is filed on account of the death of a person, the proof of death shall be established as follows:

* * * * *

(b) Where death occurs in a hospital or institution under the control of the United States Government, by a death certificate signed by a medical officer of the hospital or institution, or by a clinical summary or other report showing fact and date of death signed by a medical officer of the hospital or institution, or by furnishing the evidence required under paragraph (a) of this section.

(c) Where death occurs while deceased was on the retired list, in an inactive duty status, or in the active service in the Regular Establishment or the Reserve components of the United States Army, Air Force, Navy, Marine Corps, or Coast Guard, by an official report of death from the Department of the Army, Air Force, Navy, or Treasury Department, or by furnishing the evidence required under paragraph (a) of this section.

(d) Where death occurs abroad, by a United States consular report of death, bearing the signature and official seal of the United States consul or by a certified copy of the public record of death authenticated by the United States consul or other agency of the State Department.

(e) If the evidence called for in paragraphs (a) through (d) of this section cannot be obtained, the reason must be shown, if such reason is satisfactory, the fact of death may be established by the affidavit of persons who have personal knowledge thereof and have viewed the body of the deceased and know it to be the body of the person whose death is being established, setting forth all the facts and circumstances concerning the death, including the place, date, time and cause thereof.

(f) In cases wherein proof of death, as defined in paragraphs (a) through (e) of this section, cannot be furnished, the director, claims service, in district office cases, or the chief, adjudicating division, in central office cases, may make a finding of fact of death where death is otherwise shown by competent evidence. Where it is indicated that the veteran died under circumstances which precluded recovery or identification of the body, the fact of death should be established by the best evidence, which from the nature of the case must be supposed to exist.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707)

This regulation effective August 6, 1952.

[SEAL] H. V. STIRLING,
Deputy Administrator.

[F. R. Doc. 52-8528; Filed, Aug. 4, 1952; 8:53 a. m.]

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 84—PAYMENT OF CERTIFICATES AND INTEREST

WITHDRAWAL BY MAIL

In § 84.5 *Withdrawal by mail* amend paragraphs (d) and (e) to read as follows:

(d) *Procedure at paying office.* The postmaster at the office where the certificates were issued, if satisfied as to the applicant's identity, shall follow the directions of the depositor on Form PS 315 as to payment and shall forward the amount withdrawn and any new certificates issued in exchange to him at the stated address, making payment either by a money order, less the usual fee, or by a check on the postmaster's authorized money-order credit with the Treasurer of the United States and using Form PS 320 as the letter of transmittal. If payment by check has been requested and the paying postmaster has not been granted a credit with the Treasurer of the United States, he shall send to his central accounting postmaster, with a completed Form PS 320, any new certificates issued in exchange and a requisition for funds on Form 1847 for all of the interest and as much of the principal as is to be paid and shall request the central accounting postmaster by means of Form PS 320-A to forward a check for the amount due direct to the depositor. The amount requisitioned on Form 1847 shall be debited in the postal account as advanced by central accounting postmaster and credited in that account as transferred to postal savings. The amount should be debited in the postal-savings account as a transfer from the postal account. If the depositor has requested that the mailing be registered, the minimum registry fee shall be deducted by the paying postmaster or the central accounting postmaster, whichever mails the withdrawal to the depositor. The payment of the certificates and interest shall be recorded as provided in this part and the leaflet, Form PS 100. The application on Form PS 315 shall be filed with the depositor's card, Form PS 600.

(e) *Withdrawal of interest only.* When such a depositor desires to withdraw only the interest payable on any certificate or certificates, he shall be furnished with a blank application, Form PS 315-A. When the order has been properly filled out and signed, the depositor shall forward it with the certificate or certificates properly indorsed to the postmaster at the office where the account is held, as provided in paragraph (b) of this section. If the depositor's identity is satisfactorily established, the postmaster at the latter office shall proceed as provided in the leaflet, Form PS 100, and shall forward the amount of interest due to the depositor at the stated address by money order, less the usual fee, or by check on the postmaster's authorized credit with the Treasurer of the United States, together with the new certificates issued in lieu of those surrendered, using Form PS 320 as the letter of transmittal. If payment by check has been requested and the paying postmaster has not been granted an authorized credit with the Treasurer of the United States, he shall send to his central accounting postmaster a requisition for funds on Form 1847 for the full amount of interest due with (1) the new certificates issued in exchange, (2) Form PS 320, and (3) a request on Form PS 320-A that the central accounting postmaster forward the check for the amount due direct to the depositor. The amount requisitioned on Form 1847 shall be debited in the postal account as advanced by central accounting postmaster and credited in that account as transferred to postal savings. The amount should be debited in the postal-savings account as a transfer from the postal account. If the depositor has requested that the payment be registered, the minimum registry fee shall be deducted by the paying postmaster or the central accounting postmaster, whichever mails the payment to the depositor. The order on Form PS 315-A shall be filed with the depositor's card, Form PS 600.

(R. S. 161, 396; sec. 10, 37 Stat. 559, secs. 304, 309, 42 Stat. 24, 25; 5 U. S. C. 22, 369, 39 U. S. C. 768)

[SEAL] WALTER MYERS,
Acting Postmaster General.

[F. R. Doc. 52-8554; Filed, Aug. 5, 1952; 8:46 a. m.]

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

a. In § 127.19 *Special delivery (Exprés) service* amend paragraph (e) by striking out the first sentence reading "An article intended for special delivery in any of the countries mentioned above (except to Canada where the United States domestic fees apply) must be prepaid 20 cents, in addition to the regular postage, by United States special delivery or other stamps affixed to the cover.", and inserting in lieu thereof the following sentence: "An article intended for special delivery in any of the countries mentioned in paragraph (a) of this section (except Canada, see § 127.227 of this part) must be prepaid 20 cents, in addition to the regular postage, by United States special delivery or other stamps affixed to the cover."

b. In § 127.80 *Unpaid and insufficiently prepaid parcel-post packages* amend paragraph (b) to read as follows:

(b) *Treatment at exchange offices.* When an unpaid or insufficiently prepaid parcel (surface or air) is received at an exchange office for dispatch to a foreign country, such exchange office shall forward the parcel to its destination in the same manner as though fully prepaid (without affixing additional postage). The exchange office shall prepare a notice on Form 2918 concerning the deficiency in postage and send it to the postmaster at the office of mailing (or to the postmaster at the office where the sender is located if it is not the same as the office of mailing). On receipt of the notice by the postmaster steps shall be taken to collect the amount of the deficiency from the sender. Postage-due stamps in the amount involved shall be affixed to the back of the card and canceled, and the card then placed on file at the post office making the collection.

c. In § 127.380 *Yugoslavia* amend subdivision (1) of paragraph (b) (5) (17 F. R. 5193) to read as follows:

(1) Gift parcels to be admitted free in Yugoslavia may not exceed 11 pounds in weight or 10,000 dinars (about $33) in value, and the contents must consist solely of articles designated as duty free by the Yugoslav authorities. Interested mailers can obtain further information from the Office of International Trade, Department of Commerce, Washington 25, D. C., or any field office of that Department. Gift parcels even when duty free are subject to a delivery fee of 200 dinars in Yugoslavia. It is suggested that gift parcels be marked "Gift (Poklon)".

(R. S. 161, 396, 398; secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] WALTER MYERS,
Acting Postmaster General.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 2—FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS; GENERAL RULES AND REGULATIONS

PART 3—RADIO BROADCAST SERVICES

TERRITORY OF HAWAII

In the matter of amendment of § 2.104 (a) of the rules and regulations with respect to the allocation of frequencies between 76-88 Mc and 98-108, Mc in the Territory of Hawaii; Docket No. 10094.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 30th day of July 1952;

The Commission having under consideration its notice of proposed rule making of November 29, 1951 (16 FR 12436) proposing to amend § 2.104 (a) of the Commission's rules to allocate, in the Territory of Hawaii, the frequency bands 76-88 Mc and 98-108 Mc exclusively to the Fixed Service for use by common carrier fixed stations for inter-island communications only, which frequency bands are presently allocated by § 2.104 (a) for Television Broadcasting and for FM Broadcasting, respectively;

It appearing, that the Mutual Telephone Company of Hawaii, in its petition before the Commission, has established the need for relief from the presently unsatisfactory situation in which only temporary and secondarily available frequencies are allocated for use by common carrier fixed stations for inter-island communications in the Territory of Hawaii; and

It further appearing, that to properly accommodate the present demand for inter-island telephone service, as well as provide for future growth of the service, it is necessary to make an allocation to the Common Carrier fixed service of suitable frequency bands for this service in the Territory of Hawaii; and

It further appearing, that an adequate showing has been made by the petitioner that their estimate of future service requirements is realistic, and that their determination of the frequency bandwidths and position in the radio spectrum necessary to meet the

present as well as the future service demands is technically sound; and

It further appearing, that the non-government spectrum space with suitable propagation characteristics which is of sufficient bandwidth and frequency separation and which can most practically meet the requirements for an adequate inter-island telephone system is in the frequency bands 76–88 Mc and 98–108, presently allocated for Television and FM Broadcasting, respectively; and

It further appearing, that no comments have been filed in this docket in opposition to the allocation of the frequency band 98–108 Mc to the Common Carrier fixed service in the Territory of Hawaii; and

It further appearing, that the table of assignments of television channels contained in § 3.606 of the Commission's rules, Docket 8736, does not assign Channels 5 and 6, 76–88 Mc, to the Territory of Hawaii and that there were no comments filed in Docket 8736 objecting to the proposed allocation to the Territory of Hawaii or suggesting that Channels 5 and 6 should be added thereto; and

It further appearing, that the parties commenting in opposition to the allocation of the frequency band 76–88 Mc to the Common Carrier fixed service in the Territory of Hawaii, namely Pacific Frontier Broadcasting Co., Ltd. KIKI, Ltd. and National Association of Radio and Television Broadcasters, have not made a showing that there is any present or foreseeable demand for television service in the Territory of Hawaii which cannot be satisfied from the VHF and UHF channels already assigned to Hawaii or that the public interest would be served by additionally reserving Channels 5 or 6 for such television broadcasting; and

It further appearing, that it is in the public interest, convenience and necessity to immediately provide bands of frequencies for the development of an inter-island radio telephone service capable of meeting present demands and capable of providing for a sound future growth; and

It further appearing, that it is also necessary to amend §§ 3.203, 3.204 and 3.603 of the Commission's rules as a consequence of the amendment to § 2.104 (a) ordered herein and that because these additional amendments merely reflect the amendment to § 2.104 (a), notice of proposed rule making with respect to them is not necessary; and

It further appearing, that authority for the amendments is contained in sections 4 (i), 303 (c), (f) and (r) of the Communications Act of 1934, as amended;

It is ordered, That effective September 15, 1952 the Commission's rules and regulations are amended as set forth below.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interprets or applies Sec. 303, 48 Stat. 1082; 47 U. S. C. 303)

Adopted: July 30, 1952.

Released: July 31, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

1. Section 2.104 (a) is amended to add the following footnote to the bands 76–88 Mc and 88–108 Mc:

NG28 In the Territory of Hawaii, the frequency bands 76–88 Mc and 98–108 Mc are allocated exclusively to the fixed service for use by common carrier fixed stations for inter-island communications only.

2. In § 3.203 (b), the first sentence is amended to read as follows: "The following frequencies, except as provided in paragraph (c) of this section, are designated as Class A channels and are assigned for use by Class A stations:"

3. Section 3.203 is further amended by the addition of a new paragraph (c) as follows:

(c) In the Territory of Hawaii, the frequency band 98–108 Mc is allocated for nonbroadcast use. The frequencies 98.1 through 107.9 Mc, inclusive (Channels 251 through 300 inclusive) will not be assigned in the Territory of Hawaii for use by FM broadcast stations.

4. In § 3.204 (b), the first sentence is amended to read as follows: "The following frequencies except as provided in paragraph (c) of this section, are designated as Class B channels and are assigned for use by Class B stations:"

5. Section 3.204 is futher amended by the addition of a new paragraph (c) as follows:

(c) In the Territory of Hawaii the frequency band 98–108 Mc is allocated for nonbroadcast use. The frequencies 98.1 through 107.9 Mc inclusive (Channels 251 through 300, inclusive) will not be assigned in the Territory of Hawaii for use by FM broadcast stations.

6. Section 3.603 is amended so that the present text becomes paragraph (a) and is further amended by the addition of a new paragraph (b) as follows:

(b) In the Territory of Hawaii the frequency bands 76–82 Mc and 82–88 Mc are allocated for nonbroadcast use. These frequency bands (Channels 5 and 6) will not be assigned in the Territory of Hawaii for use by TV broadcast stations.

[F. R. Doc. 52-8586; Filed, Aug. 5, 1952; 8:50 a. m.]

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[No. 13528]

PART 132—POWER BRAKES AND DRAWBARS

INVESTIGATION OF POWER BRAKES AND APPLIANCES FOR OPERATING POWER BRAKE SYSTEMS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 23d day of July A. D. 1952.

Upon further consideration of the record in the above-entitled proceeding, and good cause appearing therefor:

It is ordered, That the order heretofore entered herein on September 21, 1945, as amended by orders of August 27, 1948, October 10, 1949, October 10, 1950, and June 5, 1951, insofar as said order, as amended, requires the installation of power brakes and appliances on respondents' freight cars used in interchange service on or before June 30, 1952, be, and it is hereby, further amended so as to require that such cars be so equipped on or before December 31, 1952.

(Sec. 6. 36 Stat. 299; 45 U. S. C. 15)

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 51]

INSPECTION, CERTIFICATION AND STANDARDS FOR FRESH FRUITS, VEGETABLES AND OTHER PRODUCTS

UNITED STATES STANDARDS FOR SHELLED PECANS

Notice is hereby given that the United States Department of Agriculture is considering the issuance of revised United States Standards for Shelled Pecans under the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621 et seq.) and the Department of Agricultural Appropriation Act, 1953 (Pub. Law 451, 82d Cong., approved July 5, 1952) to supersede United States Standards for Shelled Pecans effective November 1, 1938.

All persons who desire to submit written data, views or arguments for consideration in connection with the proposed standards should file the same with M. W. Baker, Deputy Director, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, South Building, Washington 25, D. C., not later than 5:30 p. m., e. s. t., on the thirtieth (30) day after the date of publication of this notice in the FEDERAL REGISTER.

The proposed standards are as follows:

§ 51.343 *Standards for shelled pecans*—(a) *General.* The pecan grading chart to which reference is made in paragraph (g) of this section is the pecan grading chart issued in 1952 by the United States Department of Agriculture. Such pecan grading chart is annexed [1] hereto and made a part hereof.

(b) *Grades*—(1) *U. S. No. 1 Halves.* U. S. No. 1 Halves consists of pecan half-kernels which are well dried and clean, and which are free from pieces of shell and center wall, foreign material, chipped halves, broken kernels, particles and dust, noticeable shriveling, rancidity, mold, decay, and insect injury, and are free from damage caused by leanness, hollowness, discoloration, or other means. The pecan halves in any lot shall be fairly uniform in size and fairly uniform in color. (See size requirements for halves, paragraph (d) of this section.)

(i) *Tolerances.* In order to allow for variations incident to proper grading and handling, the following tolerances shall be permitted:

(a) One-fifth of 1 percent (0.20 percent), by weight, for pieces of shell, center wall and foreign material: *Provided*, That not more than one-fourth of this amount, or one-twentieth of 1 percent (0.05 percent), shall be allowed for pieces of shell and foreign material;

(b) 20 percent, by weight, for chipped halves;

(c) 12 percent, by weight, for broken kernels and particles and dust: *Provided*, That not more than one-fourth of this amount, or 3 percent, shall be allowed for broken kernels which are less than one-half of a complete half-kernel, including not more than one-half of 1 percent for particles and dust; and,

(d) 7 percent, by weight, for portions of kernels which fail to meet the remaining requirements of this grade, including therein not more than 4 percent for damage caused by internal discoloration and not more than 1 percent for rancidity, mold, decay, insect injury, or serious damage caused by shriveling, leanness, external discoloration, internal discoloration, or other means.

(2) *U. S. Commercial Halves.* U. S. Commercial Halves consists of pecan half-kernels which are well dried and clean, and which are free from pieces of shell and center wall, foreign material, broken kernels, particles and dust, rancidity, mold, decay, and insect injury, and are free from serious damage caused by shriveling, leanness, external discoloration, internal discoloration, or other means. (See size requirements for halves), paragraph (d) of this section.)

(i) *Tolerances.* In order to allow for variations incident to proper grading and handling, the following tolerances shall be permitted:

(a) One-fifth of 1 percent (0.20 percent), by weight, for pieces of shell, center wall and foreign material: *Provided*, That not more than one-fourth of this amount, or one-twentieth of 1 percent (0.05 percent), shall be allowed for pieces of shell and foreign material;

[1] The pecan grading chart was filed with these United States Standards for Shelled Pecans and it is available for inspection in the Division of the Federal Register. Copies may be obtained upon request from the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, South Building, Washington 25, D. C.

No. 153——3

(b) 15 percent, by weight, for broken kernels and particles and dust: *Provided*, That not more than one-third of this amount, or 5 percent, shall be allowed for broken kernels which are less than one-half of a complete half-kernel, including not more than one-half of 1 percent for particles and dust; and,

(c) 10 percent, by weight, for portions of kernels which fail to meet the remaining requirements of this grade, including therein not more than 3 percent for rancidity, mold, decay, insect injury, serious damage caused by internal discoloration, or those that are so shriveled that they have virtually no food value.

(3) *U. S. No. 1 Pieces.* U. S. No. 1 Pieces consists of portions of pecan kernels which are well dried and clean, and which are free from pieces of shell and center wall, foreign material, noticeable shriveling, rancidity, mold, decay, and insect injury, and are free from damage caused by leanness, hollowness, discoloration, or other means. There are no restrictions in this grade in regard to the proportion of pecan halves which may be included in a lot designated as "Pieces" except that the halves shall meet the size requirements specified for the pieces. Unless a larger minimum size is specified, the minimum diameter of pieces specified in connection with this grade shall be two-sixteenths inch. (See size requirements for pieces, paragraph (e) of this section.)

(i) *Tolerances.* In order to allow for variations incident to proper grading and handling, the following tolerances shall be permitted:

(a) One-tenth of 1 percent (0.10 percent), by weight, for pieces of shell and center wall, and foreign material; and,

(b) 7 percent, by weight, for portions of kernels which fail to meet the remaining requirements of this grade, including therein not more than 4 percent for damage caused by internal discoloration and not more than 1 percent for rancidity, mold, decay, insect injury, or serious damage caused by shriveling, leanness, external discoloration, internal discoloration, or other means.

(4) *U. S. Commercial Pieces.* U. S. Commercial Pieces consists of portions of pecan kernels which are well-dried and clean, and which are free from pieces of shell and center wall, foreign material, rancidity, mold, decay, insect injury, and are free from serious damage caused by shriveling, leanness, external discoloration, internal discoloration, or other means. There are no restrictions in this grade in regard to the proportion of pecan halves which may be included in a lot designated as "Pieces" except that the halves shall meet the size requirements specified for the pieces. Unless a larger minimum size is specified, the minimum diameter of pieces specified in connection with this grade shall be two-sixteenths inch. (See size requirements for pieces, paragraph (e) of this section.)

(i) *Tolerances.* In order to allow for variations incident to proper grading and handling, the following tolerances shall be permitted:

(a) One-tenth of 1 percent (0.10 percent), by weight, for pieces of shell and center wall, and foreign material; and,

(b) 10 percent, by weight, for portions of kernels which fail to meet the remaining requirements of this grade, including therein not more than 3 percent for rancidity, mold, decay, insect injury, serious damage caused by internal discoloration, or those that are so shriveled that they have virtually no food value.

(c) *Unclassified.* Unclassified consists of shelled pecans which have not been classified in accordance with any of the foregoing grades. The term "unclassified" is not a grade within the meaning of these standards but is provided as a designation to show that no definite grade has been applied to the lot.

(d) *Size requirements for halves.* The size of pecan halves may be specified in accordance with the size designations shown in Table I:

TABLE I

Size designation	Number of halves per pound [1]
Mammoth	200–250
Junior Mammoth	251–300
Jumbo	301–350
Extra Large	351–450
Large	451–550
Medium	551–650
Topper	651–750
Large Amber [2]	400 or less
Regular Amber [2]	More than 400

[1] The number of halves per pound shall be determined on the basis of the weight of the pecan halves after the broken kernels, particles and dust, and foreign material have been removed.

[2] This designation is provided for use only in connection with the U. S. Commercial Grade.

(1) In lieu of the size designations specified in Table I, the size of pecan halves may be specified in terms of the number of halves per pound, as, for example, "400", or a range may be stated, as, for example, "600–700".

(2) *Tolerance for counts per pound.* In order to allow for variations incident to proper sizing, the following tolerance shall be permitted:

(i) When an exact number of halves per pound is specified, as, for example, "400", the actual number may vary from the specified number by not more than 5 percent.

(ii) When the size designations shown in Table I are used to specify size, or when a range is specified, as, for example, "600–700", no tolerance for counts above or below those specified shall be allowed.

(e) *Size requirements for pieces.* The size of pecan pieces may be specified in accordance with the size designations shown in Table II:

TABLE II

Size designations	Maximum diameter (will pass through a sieve with round openings of the following diameters)	Minimum diameter (will not pass through a sieve with round openings of the following diameters)
	Inch	*Inch*
Extra Large		8/64
Large	8/64	8/64
Medium	7/64	7/64
Small	6/64	6/64
Midget	5/64	5/64
Regular Amber [1]		4/64
Small Amber [1]	4/64	3/64

[1] This designation is provided for use only in connection with the U. S. Commercial Grade.

(1) In lieu of the size designations in Table II, the size of pieces may be specified in terms of minimum diameter, or as a range in terms of minimum and maximum diameters, expressed in sixteenths of an inch.

(2) *Tolerances for size of pieces.* In order to allow for variations incident to proper sizing, the following tolerances shall be permitted:

(i) When the size designations "Extra Large", "Large", "Medium", "Small" and "Regular Amber" are used to specify size, not more than 15 percent, by weight, of the pieces may fail to meet the size requirements specified in Table II, including therein not more than 2 percent for pieces which are less than two-sixteenths inch in diameter;

(ii) When the size designations "Midget" or "Small Amber" are used to specify size, not more than 15 percent, by weight, of the pieces may fail to meet the size requirements specified in Table II, including therein not more than 5 percent for pieces which are less than two-sixteenths inch in diameter; and,

(iii) When minimum diameters or ranges of diameters, other than those shown in Table II, are used to specify size, not more than 15 percent, by weight, of the pieces may fail to meet the size specified, including therein not more than 2 percent for pieces which are less than two-sixteenths inch in diameter: *Provided*, That when a minimum diameter of two-sixteenths inch is specified, not more than 5 percent of the pieces may be less than two-sixteenths inch in diameter.

(f) *Application of tolerances.* The tolerances in these standards are on a lot basis, and a composite sample should be taken for inspection purposes. However, any container or group of containers, in which the pecans are found to be materially inferior to those in the majority of the containers, shall be considered a separate lot.

(g) *Definitions.* (1) "Well dried" means that the portion of kernel is firm and crisp, not pliable or leathery.

(2) "Clean" means that the appearance of the individual portion of kernel, or of the lot as a whole, is not materially affected by adhering dust or dirt.

(3) "Pieces of shell and center wall" means pieces of pecan shell, center wall and any other part of the pecan except the kernel. "Shell" means the hard outer covering of the nut exclusive of the softer, corky or papery material which occurs between the halves and within the grooves of the kernel.

(4) "Chipped half" means a pecan half-kernel which shows more than slight chipping or skinning of the outer, curved surface or the edge, but which does not have more than one-eighth of the original half-kernel missing. The presence or absence of the portion joining both halves of the complete kernel should be disregarded. Two chipped halves, each of which has one-eighth chipped or broken off, are illustrated in the lower right-hand corner of the pecan grading chart referred to in this section.

(5) "Broken kernels" means portions of half-kernels each of which is less than seven-eighths of a complete half-kernel, but which will not pass through a round opening two-sixteenths inch in diameter.

(6) "Particles and dust" means fragments of kernels which will pass through a round opening two-sixteenths inch in diameter.

(7) "Noticeable shriveling" means any shriveling which more than slightly affects the appearance of the individual portion of kernel. (Shriveling affecting the flat or inner side of the half-kernel shall be disregarded.)

(8) "Rancidity" means that the portion of kernel is distinctly rancid to the taste.

(9) "Mold" means any mold growth which noticeably affects the exterior or interior of the portion of kernel.

(10) "Decay" means that the portion of kernel is putrid or decomposed.

(11) "Insect injury" means that the insect, web, or frass is present or that the portion of kernel shows other noticeable evidence of insect injury.

(12) "Damage" means any defect which materially affects the appearance, or the edible or shipping quality of the portion of kernel. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as damage:

(i) Leanness, when a portion of kernel has more than a moderately lean or undeveloped appearance. A half-kernel and cross-section showing moderately lean or undeveloped appearance not considered damaged are illustrated in the center of the upper row of the pecan grading chart referred to in this section;

(ii) Hollowness, when a cross-section of the portion of kernel shows more than a moderate hollowness, or the portion of kernel is not fairly firm and meaty. A half-kernel and cross-section showing moderate hollowness not considered damaged are illustrated in the upper right-hand corner of the pecan grading chart referred to in this section; and,

(iii) Discoloration, when in excess of the maximum permitted for any of the following types (external discoloration affecting the flat or inner side of the half-kernel shall be disregarded):

(*a*) When the portion of kernel is darker than indicated for undamaged half-kernels in the lower left-hand corner of the pecan grading chart referred to in this section. Natural markings, including dark lines, specks, or mottling, shall not be considered as damage if the ground color is not too dark according to the chart;

(*b*) When there is more than one dark kernel spot on a portion of kernel, or when any spot is more than one-eighth inch in greatest dimension;

(*c*) When there is brownish or grayish material from the inside of the shell adhering to more than 5 percent of the surface; and,

(*d*) When internal discoloration is readily noticeable.

(13) "Fairly uniform in size" means that in a representative sample of 100 halves, from which broken kernels and particles and dust have been removed, the weight of the 10 largest halves shall not be greater than twice the weight of the 10 smallest halves.

(14) "Fairly uniform in color" means that the variation in color of the pecan halves in a lot shall not be sufficient to materially detract from the appearance of the lot.

(15) "Serious damage" means any defect which seriously affects the appearance, or the edible or shipping quality of the portion of kernel. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(i) Shriveling, when materially affecting more than one-third of the portion of kernel. The maximum percentage of shriveling (one-third of the half-kernel) not considered seriously damaged is illustrated in the left side of the middle row of the pecan grading chart referred to in this section. (Shriveling affecting the flat or inner side of the half-kernel shall be disregarded);

(ii) Leanness, when a portion of kernel has a more lean or undeveloped appearance than shown on the right side of the middle row of the pecan grading chart referred to in this section;

(iii) External discoloration, when in excess of the maximum permitted for any of the following types (external discoloration affecting the flat or inner side of the half-kernel shall be disregarded):

(*a*) When the portion of kernel is as dark in color, or darker, than indicated as seriously damaged on the kernel in the center of the lower row of the pecan grading chart referred to in this section;

(*b*) When there are more than three dark kernel spots on a portion of kernel, or when such spots affect an aggregate area of more than 10 percent of the surface of the half-kernel or piece of kernel;

(*c*) When there is brownish or grayish material from the inside of the shell adhering to more than one-fourth of the surface; and,

(iv) Internal discoloration, when dark discoloration extends more than one-third the length of the center ridge of the portion of kernel or more than one-third the length of a piece of kernel which is detached from the center ridge.

Done at Washington, D. C., this 31st day of July 1952.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator, Production and Marketing Administration.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 2]

[Docket No. 10267]

FREQUENCY ALLOCATIONS AND RADIO TREATY MATTERS

AERONAUTICAL MOBILE SERVICE

In the matter of amendment of Part 2 of the Commission's rules and regulations concerning the allocation of certain frequency bands to the aeronautical mobile (OR) service, Docket No. 10267.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The Atlantic City (1947) Table of Frequency Allocations allocates the following bands of frequencies for the use of the aeronautical mobile (OR) service:

Kc	*Kc*
3025–3155	11175–11275
4700–4750	13200–13260
5680–5730	15010–15100
6685–6767	17970–18030
8965–9040	

3. The Commission is in receipt of information which indicates that the users of the aeronautical mobile (OR) frequency assignments require the clearance of these bands at an early date in order to establish their air-ground communications on frequencies which are in accordance with the Geneva Agreement. One of the factors involved in the clearance of these bands is the necessity for discontinuing use of those non-Government fixed station assignments which are on frequencies within the aforementioned OR bands.

4. As an initial step looking towards the clearance of the OR bands the Commission proposes to amend § 2.104 (a) of the Commission's rules and regulations to provide that frequencies in the above specified OR bands will be available for use only in accordance with the Atlantic City Table of Frequency Allocations. Existing assignments in the foregoing OR bands may continue in force until such time as formal proceedings are instituted and consummated for their deletion.

5. The proposed amendment to the Rules is issued under the authority of sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended, the Final Acts of the International Telecommunication and Radio Conferences, Atlantic City (1947) and the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951).

6. Any interested person who is of the opinion that the proposed amendment should not be adopted may file with the Commission on or before August 29, 1952, a written statement or brief setting forth his comments. Persons desiring to support the amendment may also file comments by the same date. The Commission will consider all comments and briefs presented before taking final action with respect to the proposed amendment.

7. Fifteen copies of each brief or written statement should be filed as required by § 1.764 of the Commission's rules and regulations.

Adopted: July 24, 1952.

Released: July 30, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 52-8578; Filed, Aug. 5, 1952; 8:50 a. m.]

[47 CFR Part 2]

[Docket No. 10293]

CLASS B FM BROADCAST STATIONS

AMENDMENT OF REVISED TENTATIVE ALLOCATION PLAN

In the matter of amendment of the Revised Tentative Allocation Plan for Class B FM Broadcast Stations, Docket No. 10293.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. It is proposed to amend the Revised Tentative Allocation Plan for Class B FM Broadcast Stations as follows:

General Area	Channels	
	Delete	Add
1. Clemson, S. C.		246
Newberry, S. C.	246	258
Columbia, S. C.	258	
2. Seneca, S. C.		251
Asheville, N. C.	251	

3. The purpose of the proposed amendment is to provide Class B channels in the areas of Clemson and Seneca, South Carolina, thereby facilitating consideration of pending applications requesting Class B assignments in these areas.

4. Authority for the adoption of the proposed amendment is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r), and 307 (b) of the Communications Act of 1934, as amended.

5. Any interested party who is of the opinion that the proposed amendment should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before September 3, 1952, a written statement or brief setting forth his comments. Comments in support of the proposed amendment may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

6. In accordance with the provisions of § 1.784 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments shall be furnished the Commission.

Adopted: July 30, 1952.

Released: July 31, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[47 CFR Parts 7, 8]

[Docket No. 10275]

COAST OR SHIP TELEGRAPH STATIONS ON INLAND WATERWAYS

PROPOSED DELETION OF CERTAIN FREQUENCIES NOW SHOWN AS ASSIGNABLE

In the matter of amendment of Parts 7 and 8 of the Commission's rules to delete certain frequencies now shown as assignable for coast or ship telegraph stations on the Inland Waterways, Docket No. 10275.

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. Proposed amendments to Parts 7 and 8 of the Commission's rules are set forth below.

3. The Atlantic City (1947) Table of Frequency Allocations, ratified by the United States on June 18, 1948, allocated those frequencies shown below to services other than coast or ship telegraph. Therefore, the Commission proposes to amend Parts 7 and 8 of the rules to delete those frequencies set forth below which are now listed for assignment to coast telegraph stations and in some instances to ship telegraph stations. No replacement telegraph frequencies are contemplated for the stations affected at this time inasmuch as the maritime mobile service conducted on inland waters has completely converted from telegraph to telephone operations during past years. However, other frequencies presently listed in § 7.206 (a) of the rules are still available for assignment to coast stations serving the inland waterways and may be so assigned should the public interest so require in the future.

4. The proposed amendments to the rules are issued under the authority of sections 303 (c), (f) and (r) of the Communications Act of 1934, as amended, the Final Acts of the International Telecommunication and Radio Conferences, Atlantic City (1947) and the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951).

5. Any interested person who is of the opinion that the proposed amendments should not be adopted may file with the Commission on or before September 3, 1952, a written statement or brief setting forth his comments. Comments in reply to original comments may be filed within ten days from the last day for filing said original comments. Persons desiring to support the amendments may also file comments by the same date. The Commission will consider all comments and briefs presented before taking action with respect to the proposed amendments.

6. Fifteen copies of each brief or written statement should be filed as required by § 1.764 of the Commission's rules and regulations.

Adopted: July 30, 1952.

Released: July 31, 1952.

FEDERAL COMMUNICATIONS COMMISSION
[SEAL] T. J. SLOWIE,
Secretary.

1. Amend § 7.206 (a) by deleting the following from the list of assignable frequencies (kc):

2274	6330	8570
3030	6380	11040
5520		

2. Amend § 7.206 (b) by deleting subparagraphs (3) and (4), and delete the frequency 8570 in subparagraph (5).

3. Amend § 8.321 (a) (1) by deleting the following from the list of assignable frequencies (kc):

2274	3030

4. Amend § 8.321 (b) by deleting subparagraphs (5) and (6).

[F. R. Doc. 52-8588; Filed, Aug. 5, 1952; 8:51 a. m.]

[47 CFR Part 8]

[Docket No. 10296]

STATIONS ON SHIPBOARD IN THE MARITIME SERVICE

NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of §§ 8.104 and 8.105 of the Commission's rules governing Stations on Shipboard in the Maritime Services, Docket No. 10296.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The proposed amendments to the rules are intended as a part of the Commission's program of implementation of the International Radio Regulations (Atlantic City, 1947) in accordance with the agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951). It is proposed to amend § 8.104 to make the requirements of paragraph (e) (1) of that section effective on and after June 3, 1953 with respect to certain bands of maritime mobile frequencies. These requirements concern the rapidity of change from one operating radio channel to another during transmission or reception by ship stations, using telegraphy in the frequency band 2065 kc to 2107 kc and on the specific frequencies in the bands between 4000 kc and 23000 kc authorized by the International Radio Regulations (Atlantic City, 1947) exclusively for the maritime mobile service. In addition, the section would be amended to indicate more precisely the bands of frequencies affected by the rule. Section 8.104 (e) (1) would be amended by restricting the present exception from this requirement solely to radio telegraph equipment intended for use only in emergencies on frequencies below 515 kc, or intended for use on any frequency on board lifeboat, liferaft or survival craft exclusively. Further it is proposed to amend § 8.105 of the Commission's rules effective June 3, 1953, to reflect the requirements of paragraph 591 of the Atlantic City Radio Regulations regarding required radio channels for ship stations using telegraphy in the Atlantic City maritime mobile bands between 4000 and 23000 kc.

3. The proposed amendments are contained below. They are issued under the authority of sections 303 (c), (e), (f) and (r) of the Communications Act of 1934, as amended.

4. Any interested person who is of the opinion that the proposed amendments should not be adopted or should be adopted in the forms set forth may file with the Commission on or before September 3, 1952, a written statement setting forth his comments. Comments and replies to the original comments may be filed within 10 days thereafter. The Commission will consider all comments filed before taking action in this matter.

1. Section 8.104 (e) (1) is amended to read as follows:

(e) (1) Subject to the provisions of subparagraph (2) of this paragraph, each ship station using a multi-channel installation for telegraphy (except equipment intended for use only in emergencies on frequencies below 515 kc, or intended for use on any frequency on board lifeboat, liferaft or survival craft exclusively) shall, when the authorized operator is present at the principal operating location, be capable of changing, after the need to do so occurs, from each operating radio-channel to any other operating radio-channel for transmission or reception by means of telegraphy within:

(i) A period of five seconds if the particular radio-channels are within the same characteristic portion of the spectrum; or

(ii) A period of fifteen seconds if the particular radio-channels are not within the same characteristic portion of the spectrum.

2. Section 8.104 (e) (2) (ii) is amended to read as follows:

(ii) With respect to the specific frequencies in the bands between 4000 kc and 23000 kc authorized by the International Radio Regulations (Atlantic City, 1947) exclusively for the maritime mobile service and radio channels within the frequeney band 2065 kc to 2107 kc, on and after June 3, 1953.

3. Section 8.105 is amended by adding a new paragraph (d) to read as follows:

(d) Each ship station (except on lifeboats, liferafts and survival craft) using telegraphy on the specific frequencies in the bands between 4000 kc and 23000 kc authorized by the International Radio Regulations (Atlantic City, 1947) exclusively for the maritime mobile service shall, in each of the bands for which facilities are provided to carry on its service, be capable of transmitting and receiving Class A1 emission on at least one radio channel authorized for calling and at least two radio channels authorized for working.

5. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of statements or comments shall be furnished the Commission.

Adopted: July 30, 1952.

Released: July 31, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

NOTICES

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[Commissioner's Reorganization Order No. Hdq-1]

EXECUTIVE OFFICERS

DELEGATION OF FUNCTIONS

Pursuant to the authority vested in me as Commissioner of Internal Revenue, it is ordered, subject to my continuing general supervision:

1. *Commissioner's Staff.* There shall be attached to the Office of the Commissioner a Staff, consisting of the Assistant to the Commissioner, the Administrative Assistant to the Commissioner, the Public Information Officer, and the Technical Reviewer, and there are hereby delegated to such officers the functions of the Commissioner described in Exhibit A, set forth below, and other like functions not otherwise delegated.

2. *Assistant Commissioner (Operations).* There is hereby delegated to the Assistant Commissioner (Operations) the authority to perform, manage, administer and provide direction of, the functions of the Commissioner pertaining to field operational activities of the Internal Revenue Service. Such functions shall consist of the functions described in Exhibit B, set forth below, and other like functions not otherwise delegated.

3. *Assistant Commissioner (Technical).* There is hereby delegated to the Assistant Commissioner (Technical) the authority to perform, manage, administer and provide technical direction of, the functions of the Commissioner pertaining to technical planning, technical rulings, and special technical services of the Headquarters office of the Bureau of Internal Revenue. Such functions shall consist of the functions described in Exhibit C, set forth below, and other like functions not otherwise delegated.

4. *Assistant Commissioner (Inspection).* There are hereby delegated to the Assistant Commissioner (Inspection) all functions vested in the office of the Director, Internal Revenue Inspection Service, immediately prior to the effective date of this order. The functions so delegated shall consist of those described in Exhibit D, set forth below, and other like functions not otherwise delegated.

5. *Organizational units.* The functions hereinabove delegated shall be performed by the officers to whom delegated through the organizational units described in the exhibits set forth below or through such other units or subordinate units, as each may establish within his jurisdiction or as authorized by the Commissioner from time to time.

6. *Authority to sign.* Authority is hereby delegated to each Staff Officer and Assistant Commissioner to sign his own name, over his own title, to papers (other than those which, immediately prior to the time this order becomes effective, were required by the Commissioner to bear the Commissioner's signature) relating to functions coming under his jurisdiction.

7. *Authority to redelegate.* The functions delegated by this order to the Staff Officers, the Assistant Commissioners, and the Heads of the organizational units described in the exhibits set forth below may be delegated by each to any other officer or employee of the Bureau of Internal Revenue performing functions under his general supervision and control.

8. *Continuation of functions.* Except as modified by this order, all officers and employees within the Washington Headquarters Office shall continue to perform the functions they were authorized to perform immediately prior to the effective date of this order, and to comply with procedures in effect at that time, until otherwise provided.

9. *Effective date.* This order shall be effective as of 12:01 a. m., August 11, 1952.

Dated: July 29, 1952.

[SEAL] JOHN B. DUNLAP,
Commissioner.

EXHIBIT A

FUNCTIONS OF STAFF OFFICERS

I. *Administrative Assistant to the Commissioner.* Assists the Commissioner in the fields of Personnel, Administrative Services, Training, Budget and Finance and Statistical, and, in such capacity, is responsible for and directs such functions.

A. *Personnel Division.* Directs the personnel program for the Internal Revenue Service, developing programs and policies for position classification, recruitment, promotion, employee relations, qualifications standards, and performance ratings.

1. *Position Classification Branch.* Responsible for organization and implementation of the position classification program at all organizational levels of the Internal Revenue Service.

2. *Recruitment and Standards Branch.* In collaboration with operating officials, determines personnel requirements and develops recruitment programs to accommodate such requirements; establishes, cooperatively with operating officials, experience and education standards for positions in the Revenue Service; works closely with Treasury and Civil Service Commission on development of recruitment programs and standards; develops standard personnel operating procedures, forms and practices. In recruitment matters supervises the operations of the Bureau's Boards of U. S. Civil Service Examiners and Committees of Expert Examiners.

3. *Employee Relations Branch.* Develops programs involving effective employee relationships including the handling of grievances, outside employment, employee health and welfare, and performance rating program for the Service; participates in decisions relating to disciplinary cases—demotions, removals and suspensions; handles fund raising drives.

B. *Administrative Services Division.* Conducts and coordinates the several "housekeeping" or service functions not elsewhere assigned (titles of Branches indicate general scope of Division's responsibilities).

1. *Printing and Reproduction Branch.* Coordinates the preparation, procurement, and distribution of all forms, regulations, tabulating cards, and revenue stamps; controls and distributes Treasury Decisions; prepares the biweekly Internal Revenue Bulletin and the semi-annual Cumulative Bulletin; and processes and distributes all duplicated material such as mimeographs, circulars, etc.

2. *Supplies and Equipment Branch.* Prepares orders for the purchase of all supplies and equipment for the entire service (except field stationery purchases); maintains inventory of equipment and controls the acquisition and release of surplus property; prepares annual reports of official automobiles; maintains records of and audits telephone bills; and supervises the repair and moving of equipment in Washington.

3. *Communications Branch.* Supervises the handling and delivery of all incoming and outgoing post office, inter-office and departmental mail and telegrams; receives incoming express shipments; conducts correspondence regarding unidentified mail; maintains correspondence control; operates telegraph office and telephone switchboard.

4. *Space Procurement and Utilization Branch.* Evaluates those requests for new or additional space for office, storage, laboratory, and garage accommodations which are required to be submitted to Washington under existing regulations; conducts field surveys in cases of complicated space negotiations; prepares annual and special reports on space matters; plans the Bureau's program for disposal of obsolete records and materials and secures required congressional authority; makes all space assignments and reassignments in Washington office; and serves in liaison capacity with other Treasury Bureaus, General Services Administration and other governmental agencies with respect to space matters and records management.

C. *Training Division.* Plans, coordinates and supervises all training activities for the Internal Revenue Service, including the preparation of textual material; conducts certain class instruction in Washington.

1. *Program Development Branch.* Plans the types of training to be offered and content of specific courses; prepares textual material for courses, both by writing and assemblage.

2. *Field Supervision and Coordination Branch.* Provides coordination and full technical supervision of field training work, and gives training courses for field instructors.

3. *Departmental Instructions Branch.* Offers "after hours" courses for secretarial training, and occasionally makes arrangements for conducting technical courses in Washington either for departmental personnel or for field personnel or for field personnel if the subject matter is highly specialized.

D. *Budget and Finance Division.* Prepares Bureau's Financial Plan in accordance with performance programs of operating officials, as approved by the Commissioner; prepares formal submission of budget estimates and participates in budget hearings; conducts continuing appraisal of operating results in light of the Financial Plan; and maintains direct supervision of accounting and financial reporting operations (other than for revenue collections) at the Washington level and technical supervision of such functions at the District Commissioner level.

1. *Budget Branch.* Confers with top officials in respect to needs to be reflected in preliminary request for annual budget ceiling, and drafts such request for submission to the Commissioner; analyzes financial plans submitted by the Assistant Commissioners and the Chief Counsel, drafts the Financial Plan for the Bureau and obtains workload data needed to support the Financial Plan in the formal appropriation estimates; participates in conferences relating to budget matters with representatives of the Treasury Department, the Bureau of the Budget, and Congressional Committees; subject to the Commissioner's approval, effects reconciliation of the Financial Plan with congressional appropriation action, and allots appropriation in accordance with the revised Plan; prepares annual allotments on a quarterly basis of available funds in collaboration with appropriate officials; and conducts continuing evaluation of performance under, and deviations from, the Financial Plan in accordance with the provisions of Com.-Mim., Coll. No. 6750.

2. *Finance Branch.* Maintains central accounts, prepares and interprets financial reports, exercises technical supervision over District accounting operations, and handles all contracts with the Treasury Department, Bureau of the Budget, and General Accounting Office pertaining to accounting (other than for revenue collections).

E. *Statistical Division.* As required by the Internal Revenue Code, the Statistical Division compiles the annual report "Statistics of Income" and other data which provide basic information for income, profits, estate and gift tax legislation by Congress, for administrative use by the offices of the Secretary of the Treasury and Commissioner of Internal Revenue, and for tax studies by the Joint Committee on Internal Revenue Taxation. Executes the Bureau's drafting and related activities program in the preparation of exhibits, displays, pictorial presentations, graphic illustrations and charts.

1. *Coding Branch.* Receives and segregates all corporation, individual and fiduciary income tax returns, partnership returns of income, and other returns which pass through the Statistical Division for the analysis of fiscal and economic data; selects samples employed in compilation of "Statistics of Income"; classifies by means of established codes, fiscal and economic data on corporation, individual, and fiduciary income tax returns, partnership returns of income, estate and gift tax returns, or their corresponding transcript cards; designates by codes, on their respective returns, the major business activity of corporations, individuals and partnerships, and classifies by codes other specified data to be used in various tax studies.

2. *Card Punch and Verifying Branch.* Records by means of card punch machines, fiscal and economic data from individual, fiduciary, and corporation income tax returns, partnership returns of income, and from their respective transcript cards, transcript cards of estate and gift tax returns, production statistics reports, detail action cards of tax cases in litigation and tax compromise cases before the Chief Counsel, analytical data for other divisions of the Bureau and for the Office of the Secretary and other governmental agencies; verifies data punched before releasing for compilation.

3. *Statistical Auditing Branch.* Records on transcript cards fiscal and economic data reported on corporation returns having complicated statements and schedules, corporation returns having assets of $1,000,000 or more and other corporation returns especially designated for transcription; records

matches Forms W-2 received from employers

Reviews revenue agents' and special agents'

Amendment questions; and for the issuance

on transcript cards fiscal and economic data from individual, fiduciary, estate, and gift tax returns, and partnership returns of income; conducts statistical audit of returns transcribed in order to correlate all principal items of income, deductions, assets and liabilities.

4. *Research and Compilation Branch.* Tabulates the punched cards by geographic, economic and other statistical segregations, to be used in the compilation of economic and fiscal reports and statements prepared in the branch; maintains tabulating and transcript card files; by appropriate analysis correlates, rearranges, and directs the retabulation where necessary, and prepares all statistical data in acceptable form for the published reports of "Statistics of Income", and for administrative and economic studies requested by the Office of the Secretary of the Treasury, Commissioner of Internal Revenue, Joint Committee on Internal Revenue Taxation, and other governmental and nongovernmental units; prepares the "Source Book" which is a supplement to "Statistics of Income", and selects for special tax studies data reported on individual, fiduciary, and corporation income tax returns, estate and gift tax returns, and partnership returns of income.

5. *Production Statistics Branch.* Prepares Quarterly Survey which contains production statistics pertaining to the investigation and adjustment of income, profits, estate, and gift tax returns by the field offices of the Bureau; prepares quarterly reports and analytical tables relating to production of field offices; compiles production statistics covering field operations of the Bureau for use in the Monthly Activity Report; compiles data for production reports of the Excess Profits Tax Council; assembles selected data for use in the "Annual Report of the Commissioner of Internal Revenue", and the "Annual Report of the Secretary of the Treasury"; prepares special reports for Bureau officials.

II. *Assistant to the Commissioner.* Assists the Commissioner in the performance of duties required at his level that have not been completely and finally delegated to operating officials. These duties include:

A. *Advisory.* Assists the Commissioner in determining: (1) Action to be taken pursuant to major political, economic, and scientific developments of such character that they bear directly upon revenue administration; (2) programing readjustments required by virtue of the enactment of new tax legislation; (3) revisions in emphasis as among work programs to be made from time to time in the light of changed circumstances; (4) course or policy to be followed in respect to special problems referred to the Commissioner by the Chief Counsel or any of the Assistant Commissioners.

B. *Special problems.* Assists the Commissioner in dealing with all special problems, such as (1) special studies requested by Congressional Committees, (2) requests of officials of the Treasury Department and of other departments and agencies, (3) incentive award programs, (4) Federal-State cooperation at the administrative level, (5) problems of the various tax associations and organizations, (6) special research projects, (7) high level official conferences on matters of tax policy and administration, (8) administrative and procedural aspects of the Committee on Practice, (9) special legislative drafting, (10) preparation of delegation orders, and (11) numerous other special unscheduled problems which confront the Commissioner at irregular intervals.

C. *Official records.* Determines the technical scope and content of (1) segments of the Annual Report of the Secretary of the Treasury that relate to the Internal Revenue Service, (2) Annual Report of the Commissioner of Internal Revenue, (3) economic analyses contained in the "Statistics of Income" series, and (4) Commissioner's Monthly Activity Report; prepares or reviews policywise major public statements and addresses relating to revenue administration.

D. *Improvements.* Spearheads overall directional changes involving new methods of compliance pursuant to major legislative changes, drastic revision in reporting forms, and changes in regulations to meet new industrial and technological developments.

E. *Congressional matters.* Analyzes and responds to all Congressional inquiries relating to operational and procedural policies of tax administration including statistical information; participates in certain phases of legislative drafting and the presentation of legislative proposals to the appropriate committees.

III. *Information Officer.* Develops and executes programs designed to explain and improve public understanding of Federal tax laws and policies; such programs involve use of press, radio, television, motion pictures, magazines, lectures and other available information media; reviews and edits magazines articles, radio and television scripts relating to all phases of tax administration; prepares or reviews all official releases, reports, statements, etc., concerned with informing the public as to policy or operational matters; reviews all proposed tax blanks from the standpoint of readability, clearness, simplicity, understandability to insure getting the tax message across; analyzes public reaction to administrative rules, procedures, and practices for purposes of producing ideas to continually improve voluntary compliance with the tax laws on the part of the public; maintains close daily contact with members of the press for the purpose of keeping them informed as to Bureau matters and from time to time arranges general press conferences; and stimulates interest in taxes at the junior and senior high school levels by preparing materials for use in class work.

IV. *Technical Reviewer.* Reviews for the Commissioner all material of a technical nature which is prepared for the Commissioner's signature or approval, such as proposed regulations, reports on proposed legislation, legislative recommendations to be formally submitted, rulings, inter-agency memoranda, matters involving litigation, reports by the Commissioner to the Joint Committee on Internal Revenue Taxation covering refunds or credits of any income, war profits, excess-profits, estate, or gift taxes in excess of $200,000, and other technical documents. The review is directed to the substance, technical accuracy, and conformity with Bureau policy. Directs such revisions as his review may indicate to be necessary or desirable. Signs the Commissioner's name to all documents except when in his discretion the material is referred to the Commissioner. The review, which ordinarily results in final Bureau action, extends to all matters covering the entire field of internal revenue taxation.

EXHIBIT B

FUNCTIONS OF ASSISTANT COMMISSIONER (OPERATIONS) AND HEADS OF OPERATIONS ORGANIZATION UNITS

1. *Assistant Commissioner (Operations).* Responsible for the administration and operational direction of the functions of the Commissioner's headquarters and field offices of the Bureau of Internal Revenue pertaining to collection, audit, alcohol and tobacco tax, intelligence, and appellate activities.

2. *Field Management and Planning Division.* Aids the Assistant Commissioner (Operations) in the planning and direction of all phases of operations in the headquarters and field offices. Responsible for the coordination of all management, budgetary, personnel, training, and service activities of the divisions under the Assistant Commissioner (Operations). Responsible for the over-all direction and coordination of the reorganization of the Bureau's field service.

A. *Operations Control Branch.* Coordinates and reconciles the personnel requirements for the various District Commissioners' offices and the several types of work and prepares tables of organization for each District Commissioner's office. Coordinate field office liaison and contact with and by representatives of other Divisions. Coordinates the operating programs and conducts continuing study of most effective balance among such programs. Coordinates the organization and methods work and the management improvement program. Coordinates review and appraisal of reports referred from the Inspection Service and follow-through actions in connection therewith. Conducts such special operational surveys and initiates such special projects, generally those pertaining to administrative matters or crossing divisional lines, as the Assistant Commissioner (Operations) may direct.

B. *Budget Management Branch.* Develops and supervises the work performance reporting and prepares and analyzes such reports for management and budget purposes. Reviews, adjusts, and balances the financial plans of the District Commissioners, thereby reconciling the recommendations of the other Division Heads concerning allocation of funds and personnel. Evaluates the execution of the financial plans as approved to insure that the performance of the District Commissioners' offices is in accord with the approved financial plan. Prepares, supports, and justifies budget estimates and conducts liaison with the Budget and Finance Division.

C. *General Services Branch.* Under established guides, coordinates all personnel and training activities for the headquarters and field activities under the Assistant Commissioner (Operations). Under established guides, coordinates all matters relative to space, supplies, equipment, and other services for the headquarters and field offices under the Assistant Commissioner (Operations).

3. *Collection Division.* Plans and directs the activities of the headquarters office of the Collection Division and assists the Assistant Commissioner in planning and directing collection activities in the field. Responsible for developing revenue collection and accounting systems, programs and policies; recommending allocation of funds and personnel; and developing standards for selection, classification, training, and promotion of collection personnel. Through staff assistants, maintains technical and advisory liaison and contact with field offices.

A. *Collection Accounting Branch.* Responsible for policies and procedures relating to all necessary audits or post audits of accounts current; maintenance of necessary ledger accounts; instructions relating to transfer of accountability; contacts with Treasury officials on depositary and revenue accounting problems and purchase, records, control and destruction of Internal Revenue stamps; and recommends for approval models of new stamps or change in size, etc.; reviews and schedules certificates of overassessment; prepares deficiency assessment lists; controls applications for relief under Code Section 722 and prepares a statement of relief allowances for publication in FEDERAL REGISTER; schedules allowances of post-war refunds of excess profits taxes; controls all offers in compromise and makes disposition of offers relating solely to delinquency penalties and interest; mails registered notices of claims rejections; makes final administrative disposition of final closing agreements.

B. *Processing Branch.* Responsible for receiving and sorting information returns showing income and income tax withheld (Forms W-2, W-2a, 1000, 1001, 1087, 1096, 1099, 7872, TCR-1, UST 456, 92, 857, etc.); matches Forms W-2 received from employers and furnishes the District Commissioner with overmatched and undermatched cases, retaining those items which match evenly; sorts income information documents available by Districts and furnishes them to appropriate District Commissioners for association with returns to be audited by the respective Directors of Internal Revenue; performs emergency service operations for District Commissioner and Commissioner, such as mailing blank returns, preparing refund vouchers, preparing lists, etc.

C. *Collection Procedure Branch.* Responsible for the development and continuing appraisal of revenue accounting systems and methods and for devising and establishing improved operational procedures and organizational structures; developing methods and procedures for processing of tax returns and related documents, collection and deposit, credits and refunds of taxes; evaluating office equipment and systems; evaluating reports for management, budgetary and other administrative purposes; and, in cooperation with Field Management and Planning Division, develops staffing standards. Responsible for preparation and maintenance of necessary manuals of instructions for the use of collection personnel.

4. *Audit Division.* Plans and directs the activities of the headquarters office of the Audit Division and assists the Assistant Commissioner (Operations) in planning and directing audit activities in the field.

Responsible for developing audit policies, programs and procedures; recommending allocation of funds and personnel; developing standards for selection, classification, training, and promotion of audit personnel. Through staff assistants, maintains technical and advisory liaison and contact with field offices.

A. *Planning and Procedure Branch.* Develops nation-wide audit program and procedures for selection of returns for audit; prepares operating instructions for the audit activities of the field divisions; drafts, in collaboration with other headquarters representatives, forms and instructions for use by taxpayers, except with respect to alcohol and tobacco taxes, drafts other forms necessary in the other activities of the field divisions; revises and maintains Parts IV and V of the Internal Revenue Manual; issues Post Review Coordination Digest and prepares and maintains other guide materials for use of field offices; maintains record of cases in which action is deferred by Audit Branches of field districts pending determination of similar issues in other cases, and acts upon requests from taxpayers for agreements to suspend the period of limitation for filing suit on disallowed refund claims; advises field and Bureau forces on procedural matters arising in connection with the audit activities of the field divisions.

B. *Uniform Audit Branch.* Post reviews selected cases closed in audit branches of the field divisions to assure uniformity and maintenance of high standards of tax enforcement (issues requiring post review or other consideration by the Pension Trust, Exempt Organizations, Engineering and Valuation, or Reorganization and Dividends Branches of the Special Technical Services Division will be referred to those branches); advises field districts of departures in specific cases from established technical rulings or procedural instructions; refers to Assistant Commissioner, Technical, cases requiring consideration of conflicting interpretations, or original interpretations of law, regulations or established technical precedents; prepares reports for Assistant Commissioner, Technical, on cases indicating tax avoidance and inequities.

Analyzes results of post review operations and submits summaries thereof to the Planning and Procedure Branch or other headquarters staff organizations with recommendations for appropriate action.

Reviews revenue agents' and special agents' reports, determines civil liability and deficiencies in taxes and applicable penalties in all cases involving criminal prosecution and directly associated or related cases under consideration by the Chief Counsel and/or the Department of Justice.

C. *Audit Service Branch.* Responsible for the maintenance and control of general and special files of income, excess profits, estate and gift tax returns, reports, and related documents. Controls, routes, and performs all clerical operations incidental to the closing of cases by the Uniform Audit Branch.

Maintains administrative control of cases involving the special features of bankruptcy, receivership and reorganization.

Administers the publicity provisions of the Internal Revenue Code in furnishing copies of returns and related documents, inspection thereof, and disclosure of information contained therein to qualified persons, other Government agencies and congressional committees.

Administers the provisions of section 3792 of the Internal Revenue Code providing for the payment of rewards to informants for information leading to the detection and punishment of persons violating the internal revenue laws.

Furnishes stenographic and typing services to the Audit Division and to other Bureau divisions.

D. *Delinquent Accounts and Returns Branch.* Responsible for the establishment of policies, formulation of procedures, preparation of instructions, dissemination of legal rulings and opinions, reviewing of proposals for new legislation, and initiation and control of programs with respect to the enforcement provisions of the internal revenue laws with which Directors of Internal Revenue are charged to the extent that such matters are concerned with (1) discovery of delinquencies and procurement of delinquent returns, (2) collection of delinquent taxes, and all additions thereto, and (3) civil phases of the laws and regulations governing wagering taxes.

5. *Alcohol and Tobacco Tax Division.* Plans and directs the activities of the headquarters office of the Alcohol and Tobacco Tax Division and assists the Assistant Commissioner in planning and directing alcohol and tobacco tax activities in the field. Responsible for developing policies, programs and procedures relating to the administration of the laws relating to alcohol and tobacco taxes, and to firearms; recommending allocations of funds and personnel; and developing standards for selection, classification, training and promotion of personnel engaged in the administration of the abovementioned laws. Exercises the authority with respect to claims arising out of the activities of the Bureau of Internal Revenue under 28 U. S. C. 2672, relating to federal tort claims and the Act of December 28, 1922, 42 Stat. 1066, the so-called Small Claims Act. Through staff assistants, maintains technical and advisory liaison and contact with field offices.

A. *Permissive Branch.* Responsible for developing policies, practices, procedures, and regulations for the administration of the internal revenue laws relating to the lawful production, storage, tax payment, rectification, sale, use, etc., of alcoholic liquors, denatured alcohol, and related products, including operations at distilleries, alcohol plants, warehouses, denaturing plants, rectifying plants, bottling houses, wineries, and breweries.

B. *Basic Permit and Trade Practice Branch.* Responsible for developing policies, practices, procedures, and regulations for administering the provisions of the Federal Alcohol Administration Act, including the examination and approval of labels, enforcement of the advertising regulations and prohibitions against interlocking directorates; for field activities relating to trade practice and 21st Amendment questions; and for the issuance, suspension, revocation, and annulment of basic permits.

C. *Enforcement Branch.* Responsible for developing policies, practices, and procedures for the investigation, detection and prevention of fraudulent and/or willful violations of all laws relating to alcohol and tobacco taxes, and firearms.

D. *Tobacco Tax Branch.* Responsible for development of policies, practices, procedures and regulations for the administration of the laws relating to the taxes on manufactured tobacco, snuff, cigars and cigarettes, cigarette papers and tubes, the purchase sale of leaf tobacco; the removal of such articles without payment of tax for export, for use as sea stores and for use of the United States.

6. *Intelligence Division.* Plans and directs the activities of the headquarters office of the Intelligence Division and assists the Assistant Commissioner in planning and directing the Intelligence activities in the field.

Responsible for developing policies, programs and procedures relating to tax fraud investigations (other than Alcohol and Tobacco Tax cases), racketeer and wagering tax investigations, investigations of applicants for enrollment or persons who are enrolled to practice before the Treasury Department, and such other special investigations as the Commissioner may direct; recommending allocation of funds and personnel; and developing standards for selection, classification, training and promotion of Intelligence personnel. Through staff assistants, maintains technical and advisory liaison and contact with field offices.

A. *Tax Fraud Branch.* Responsible for the planning of programs, policies, and procedures necessary for the effective conduct of tax fraud investigations, investigations of charges against enrollees and of applicants for enrollment, and the investigation and handling of informers' claims for rewards; development of operating instructions, forms, manuals, etc., for the use and guidance of personnel engaged in such investigations; for purposes of insuring compliance with prescribed policies and procedures and to establish uniformity of action as to closing and recommendations for prosecution, directs the post review of tax fraud cases referred by field districts to the offices of Enforcement Counsel recommending criminal prosecutions, and also cases returned by field audit branches for civil settlement; channels tax fraud leads, informants' letters, and other information sent directly to the Bureau to appropriate field districts; conducts continuing analyses of action recommended or taken in tax fraud cases to identify areas in which the tax fraud program may be improved; and maintains such records as are necessary to prepare reports in connection with the functions of the Branch.

B. *Special Investigations Branch.* Responsible for the development of programs, policies, and procedures necessary for the effective conduct of the nation-wide tax fraud work which has the purpose of determining the correct tax liabilities of gamblers, racketeers, and other criminal elements within the United States and of collecting the tax liabilities so determined; developing programs, policies, and procedures for the Bureau's wagering tax enforcement program designed to obtain appropriate civil and penal penalties for violations of the wagering tax law; develops and revises operating instructions, forms, etc., for the implementation of both of these programs; directs and plans the post review of selected cases closed by field offices to determine whether policies and procedures have been complied with and to insure uniformity of action as to closing actions and recommendations for prosecution throughout the United States; serves as liaison between the other divisions of the Bureau with respect to any matters having an effect on enforcement policies or

procedures, including Chief Counsel's office; confers with other governmental agencies (national, state and local) to obtain cooperation with respect to problems of mutual concern; and maintains such records as are necessary to prepare reports of status, progress and results.

7. *Appellate Division.* Plans and directs the activities of the headquarters office of the Appellate Division and assists the Assistant Commissioner in planning and directing the appellate activities in the field; exercises executive direction of the Excess Profits Tax Council; responsible for developing policies, programs and procedures relating to the disposition of all income, profits, estate, gift, excise (other than alcohol, tobacco, narcotics, firearms and wagering), and employment tax cases including refund claims and overassessment cases, in which the determination of tax liability by a Director of Internal Revenue has been protested in nondocketed status or made the subject of a petition for review filed with the Tax Court; develops policies and programs relating to offers in compromise of such taxes and final closing agreements for past taxable years; recommends allocation of funds and personnel; develops standards for selection, classification, training and promotion of Appellate personnel; through staff assistants, maintains technical and advisory liaison and contact with field offices.

A. Settlement Review Branch. Conducts a continuing review of selected closed cases to determine the degree of uniform action and compliance with Bureau policies; prepares required statistical data for management purposes; exercises supervision over final closing agreements for past taxable years.

B. Compromise Branch. Develops policies and procedures for the uniform handling of offers in compromise; makes recommendations for changes and improvements of such procedures; reviews field action with respect to such offers; advises with respect to the handling of particular cases; performs required statistical data for management purposes.

C. Special Services Branch. Responsible for furnishing specialized advice and assistance to the headquarters and field offices on highly complex engineering and valuation problems; furnishes expert witnesses in trials of tax cases.

D. Excess Profits Tax Council. Exercises, for the Commissioner, final authority within the Bureau of Internal Revenue in respect to all issues arising under section 722; issues rulings of general application relating to the administration and interpretation of section 722; and makes the final determination, for the Commissioner, with respect to the section 722 issues in each case in which a claim for relief has been filed under that section, including cases in which a petition for review has been filed with the Tax Court.

EXHIBIT C

FUNCTIONS OF ASSISTANT COMMISSIONER (TECHNICAL) AND HEADS OF TECHNICAL ORGANIZATION UNITS

1. *Assistant Commissioner (Technical).* Responsible for the administration and technical direction of the functions of the Commissioner of Internal Revenue pertaining to technical planning, rulings, programs, and special technical services of the headquarters office of the Bureau of Internal Revenue.

2. *Office of International Tax Relations.* Is responsible to the Assistant Commissioner (Technical) for negotiations of tax treaties and like agreements with foreign governments; cooperates with State Department and appears before Congressional committees in procedures leading to ratification; directs Bureau functions in matters of treaty administration and relations with foreign tax officials. Collaborates in preparation of treaty regulations. Coordinates rulings involving treaties, and exchange of information pursuant to them. Receives visiting foreign officials. Is responsible for the Bureau's participation in Point IV and related programs.

3. *Technical Planning Division.* Under the Assistant Commissioner (Technical) conducts continuing research studies as to the existence and nature of tax problems which are recurring sources of controversy or which produce loopholes or inequities, determines and makes recommendations as to the need for and advisability of new or amendatory legislation, regulations or other instructions covering such problems, assists in drafting tax legislation of all kinds, and prepares or reviews regulations and other instructions.

A. Technical Program Branch. Is primarily responsible for the functions of the Division with respect to: Reports to Congressional Committees on legislation, legislative recommendations, regulations and Treasury decisions, and circulars, mimeographs and other instructions representing the Bureau position on matters of general application; schedules for preparation and reviews necessary documents; prepares related communications; participates in public proceedings under the Administrative Procedure Act; coordinates for the Assistant Commissioner information and activities required for assistance of Congressional Committees and drafting service, of Tax Advisory Staff and Tax Legislative Counsel, and of Chief Counsel; recommends to Assistant Commissioner, the Bureau position on legislation, regulations, and other matters of general application; maintains contacts with other governmental agencies necessary for work of Branch.

B. Technical Analysis Branch. Initiates and directs, or upon request develops and directs continuing research and analytical studies of technical problems relating to administration of all taxes (other than alcohol and tobacco taxes), with the primary objective of clearly pointing up those problems which are recurring sources of controversy or which produce loopholes, inequities or administrative difficulties; maintains continual contact with field and departmental operations to develop and analyze special case reports and other material on tax problems; prepares and submits to the Technical Program Branch detailed technical reports and suggested remedies which form the basis for reports to Congressional Committees, legislative suggestions, regulations revision or new and improved procedures; arranges and conducts regular meetings between regional field coordinators and Bureau and Treasury officials in order to coordinate technical planning for the Assistant Commissioner; in cooperation with field and departmental representatives makes detailed analyses of recurring technical problems in order to develop more efficient and uniform methods for their solution; conducts research on trade and industry practices affecting the impact of taxes; upon request of Bureau or Treasury officials, supplies personnel for special assignments which are of a highly technical nature or involve difficult problems of administration or procedure; participates in Forms Committee; maintains contacts with other governmental agencies necessary for work of Branch.

4. *Technical Rulings Division.* Under the Assistant Commissioner (Technical) is responsible for the preparation and issuance of rulings, advisory letters, and memoranda on income, excess profits, estate, gift, employment and withholding taxes, and excise taxes (other than alcohol and tobacco taxes) for the guidance of taxpayers, internal revenue agents, Bureau officials and others. Reviews post audit exceptions and other matters referred to Assistant Commissioner (Technical) by Operations which involve application of technical rulings.

A. Technical Advisory Group. Acts in an advisory and consulting capacity to the Head, and Assistant Head, Technical Ruling Division on important, unusual or complicated problems.

B. Corporation Tax Ruling Branch. Prepares and issues specific and precedent rulings, advisory letters, and memoranda on Federal income and excess profits taxes and related statutes applying to corporations (other than corporate reorganizations and distributions). Requests for specific rulings, advice and inquiries on these subjects received from taxpayers and their authorized representatives, District Commissioners, Directors, other Divisions and Branches of the Bureau and other departments and agencies, are referred to this Branch. With respect to these subjects: Prepares replies to District Commissioners and Directors who have requested technical advice in particular cases and special technical matters; reviews letters prepared in the Uniform Audit Branch of the Audit Division taking exception to field closing of cases; confers in the field or in Washington with taxpayers and their authorized representatives in connection with post review exceptions to field closing of cases; also in connection with requests for technical advice from field districts; prepares ruling letters and final closing agreements under section 3760 of the Code relating to specific matters affecting returns not yet due; assists the Technical Planning Division by suggestions in connection with proposed regulations and reports on proposed legislation.

C. Income, Estate and Gift Tax Ruling Branch. Prepares and issues rulings, advisory letters and memoranda on Federal income, estate and gift taxes and related statutes with respect to noncorporate taxpayers (other than those matters relating to pension trusts, engineering and valuation questions, exempt organizations, corporate distributions and withholding on wages). Requests for rulings, advice and inquiries on these subjects received from taxpayers and their authorized representatives, District Commissioners, Directors, other Divisions and Branches of the Bureau, and other departments and agencies, are referred to this Branch. With respect to these subjects, this Branch: Prepares replies to District Commissioners and Directors who have requested technical advice in particular cases and special technical matters; reviews letters prepared in the Uniform Audit Branch of the Audit Division taking exception to field closing of cases; confers in the field or in Washington with taxpayers and their authorized representatives in connection with post review exceptions to field closing of cases; also in connection with requests for technical advice from field districts; prepares ruling letters and final closing agreements under section 3760 of the Code relating to specific matters affecting returns not yet due; assists the Technical Planning Division by suggestions in connection with proposed regulations and reports on proposed legislation.

D. Employment Tax Ruling Branch. Prepares and issues specific and precedent rulings, advisory letters, memoranda and other guide material with respect to the Federal Insurance Contributions Act, Railroad Retirement Act, Income Tax withholding on wages, and certain aspects of the self-employment tax. Requests for specific rulings, advice and inquiries, relating to those taxes received from taxpayers and their authorized representatives, District Commissioners, Directors, other Divisions and Branches of the Bureau and other departments and agencies, are referred to this Branch. With respect to these subjects: Prepares replies to District Commissioners and Directors who have requested technical advice in particular cases and special technical matters; reviews letters prepared in the Uniform Audit Branch of the Audit Division taking exception to field closing of cases;

confers in the field or in Washington with taxpayers and their authorized representatives in connection with post review exceptions to field closing of cases and also in connection with requests for technical advice from field districts. Assists the Technical Planning Division by suggestions in connection with proposed regulations, and reports on proposed legislation.

E. Excise Tax Ruling Branch. Prepares and issues specific and precedent rulings, advisory letters, memoranda and other guide material on excise taxes (other than alcohol and tobacco taxes). Requests for specific rulings, advice and inquiries, relating to these taxes received from taxpayers and their authorized representatives, District Commissioners, Directors, other Divisions and Branches of the Bureau and other departments and agencies, are referred to this Branch. With respect to these subjects: Prepares replies to District Commissioners and Directors who have requested technical advice in particular cases and special technical matters; reviews letters prepared in the Uniform Audit Branch of the Audit Division taking exception to field closing of cases; confers in the field or in Washington with taxpayers and their authorized representatives in connection with post review exceptions to field closing of cases; also in connection with requests for technical advice from field districts. Assists the Technical Planning Division by suggestions in connection with proposed regulations, and reports on proposed legislation.

5. *Special Technical Services Division.* Under the Assistant Commissioner (Technical) is responsible for: Determination of taxable status of exchanges and distributions in corporate reorganizations and liquidations, and ordinary, liquidating and stock dividends; disseminates appropriate rulings and decisions to all field offices concerned. Preparation of rulings on exempt status of corporations under section 101 of Internal Revenue Code. Preparation and distribution of cumulative lists of organizations to which contributions are deductible under section 23 (o) and (q), Internal Revenue Code. Preparation of rulings and making determinations as to qualification of pension trust plans, and the deduction of contributions and the taxability of beneficiaries under such plans. Preparation of rulings and providing other technical service for all Bureau offices relating to engineering and valuation problems arising in connection with tax determinations. Processing of applications to establish replacement funds and bonds executed under section 44 (d), 112 (b) (6), 112 (f) and 131 (c) of the Code. Selection, analysis, digesting, and editorial work in connection with rulings and other technical material for publication in the Internal Revenue Bulletin; processing of all important and novel rulings; maintenance of a library of rulings and other technical material.

A. Exempt Organizations Branch. Prepares rulings with respect to exemption from filing returns and payment of tax under section 101 of the Internal Revenue Code, and with respect to the taxation of unrelated business income of exempt organizations under Supplement U and sections 3813–3814 of the Internal Revenue Code. Prepares cumulative list of organizations, contributions to which are deductible under section 23 (o) or 23 (q) of the Internal Revenue Code. Advises Bureau and Government offices with respect to exempt status of organizations. Reviews post audit exemptions involving charitable contributions and exempt organizations.

B. Pension Trust Branch. Is primarily responsible for: Preparing mimeographs, statements and other releases for the information and guidance of taxpayers and Bureau personnel on pension trusts. Prepparing letters of advice to field offices regarding qualifications of plans under section 165 of the Code, deductions for contributions to such plans under section 23 (p) and the taxability of beneficiaries of such plans. In connection with the uniform audit program, post reviews rulings of field offices involving pension plans.

C. Reorganization and Dividend Branch. Determines the taxable status of exchanges and distributions in corporate reorganizations and liquidations, and where appropriate, disseminates such decision to the field offices concerned. Performs similar technical service with respect to the taxable status of ordinary, liquidating and stock dividends. Processes application to establish replacement funds and bonds executed under sections 44 (d), 112 (b) (6), 112 (f) and 131 (c) of the Code. Furnishes information and prepares rulings on inquiries from taxpayers and their representatives in connection therewith. Reviews post audit exceptions involving corporate reorganizations and distributions.

D. Engineering and Valuation Branch. Values property, tangible and intangible, including natural resources, land and buildings, machinery and equipment, listed and unlisted securities, patents, leaseholds, contracts, franchises and other forms of business interests such as partnerships and sole proprietorships. Rules on bases for gain or loss and allowance for depletion, depreciation and obsolescence. Reviews and post reviews the engineering and valuation features of reports prepared by engineer revenue agents and revenue agents. Furnishes offices of District Commissioners and Directors with quoted prices of stocks and bonds as reported from the principal exchanges and information on file relative to the valuation of unlisted securities. Provides engineering and valuation service for operating officials (especially Appellate Division) and Office of Chief Counsel through means such as conferences, technical reports, field investigations and participating as experts in litigation involving engineering, valuation, accounting and related problems.

E. Bulletin and Ruling Analysis Branch. Initially responsible for the selection, analysis, digesting, and editing of rulings (including opinions of the Chief Counsel) for publication in the Internal Revenue Bulletin, and the preparation for publication of Treasury Decisions, court decisions, mimeographs, and the Commissioner's announcements relating to acquiescences and nonacquiescences in reported Tax Court decisions. Also responsible for the selection, analysis, and digesting of all important and novel rulings for use as reference material; and for the proper maintenance of a library of rulings and other technical material to be used as precedents and guides by Bureau personnel.

EXHIBIT D

FUNCTIONS OF ASSISTANT COMMISSIONER (INSPECTION) AND OFFICERS OF INSPECTION ORGANIZATION UNITS

1. *Assistant Commissioner (Inspection).* Has full responsibility for the organization, staffing and direction of the inspection activities of the Internal Revenue Service which relates to: The assurance of scrupulous adherence to proper ethics and standards of conduct by all personnel, and avoiding and detecting irregularities, defalcations, etc., appraising management and operations to promote economy and efficiency and foster continuing attention to improvement; conducting personnel investigations and such investigations as the Commissioner may direct.

2. *Executive Assistant.* Serves as an Executive Assistant to the Assistant Commissioner (Inspection) and is responsible for the efficient conduct of all duties which are performed by the Chief Inspector, the Planning and Programming Division, the Analysis and Appraisal Division, and the Liaison and Special Investigations Division.

3. *Executive Assistant.* Serves as an Executive Assistant to the Assistant Commissioner (Inspection) and is responsible for the efficient conduct of all duties which are performed by the Chief Inspector, the Personnel Evaluation Division, the Review Division, and the Administrative Division.

4. *Planning and Programming Division.* Plans, develops and prepares procedural instructions to be followed in inspecting field offices; maintains such instruction up to date by preparing necessary revisions to meet new situations or problems; keeps Chief Inspectors informed with respect to changes in operational and managerial functions; prepares and/or reviews proposed mimeographe and policy letters issued by the Inspection Service; reviews inspection schedules of Chief Inspectors and maintains a follow-up to insure proper frequency of inspections; plans and directs the rotation and interchange of assignments of personnel on inspections performed by the various field offices of the Inspection Service; conducts special training programs for inspection personnel; cooperates closely with other Divisional activities of the Inspection Service.

5. *Analysis and Appraisal Division.* Conducts continuing study of all phases of operations of the Bureau with the purpose of recommending methods for eliminating wasteful practices and promoting the effectiveness of management and operations; recommends improvement; analyzes suggestions received for improvements; maintains continuing inspections of pilot installations of new methods and procedures and evaluates the results thereof for extension to all offices; cooperates closely with other operating officials of the Bureau; cooperates closely with other Divisional activities of the Inspection Service.

6. *Liaison and Special Investigations Division.* Observes and reports upon actual inspections made by the Chief Inspectors and their personnel; acts as liaison between the Assistant Commissioner (Inspection) and the Chief Inspectors; insures proper liaison between Chief Inspectors; acts in a liaison capacity with other government agencies such as General Accounting Office, Civil Service Commisison, etc., relating to the examination and operation of Internal Revenue Offices; conducts continuing studies of the organization, methods and procedures of the headquarters and field offices of the Inspection Service for the purpose of evaluating and improving the effectiveness of the inspection program; submits reports to the Assistant Commissioner (Inspection) containing recommendations deemed appropriate to matters investigated; in addition, this Division will perform technical review of tax rulings and determinations where indications of collusion exist; conducts such special investigations as are ordered by the Assistant Commissioner (Inspection); cooperates closely with other Divisional activities of the Inspection Service.

7. *Personnel Evaluation Division.* Plans and implements such measures as will provide for constant evaluation and improvement of the ethical and moral standards of employees of the Bureau; reviews financial statements and reports of examination of the tax returns of Bureau employees and takes such action as may be warranted; insures prompt action on complaints against Bureau employees; reviews and approves character investigation of applicants; reviews, analyzes and approves disciplinary actions; cooperates closely with other Divisional activities of the Inspection Service.

8. *Review Division.* Reviews all inspection reports for the following purposes: Ascertains whether or not the inspection manuals have been followed and whether inspections have been thorough; advises the Assistant Commissioner (Inspection) of those situations requiring immediate attention and insures that inspection reports are uniform and clear; takes corrective action on any reports containing serious errors. Reviews promotions and appointments of key personnel for the purpose of providing operating officials with all pertinent information; cooperates closely with other Divisional activities of the Inspection Service.

9. *Administrative Division.* Is responsible for the performance of the administrative functions of the Inspection Service, covering preparation, control and maintenance of budget allotment; considers and passes on requests from Chief Inspectors for the allowance of funds for travel and miscellaneous operating expenses and maintains allowance records for controlling such expenses; acts on requests for office furniture, equipment and non-expendable items of supply; considers space request accommodations; executes the Bureau personnel program as it pertains to the Inspection Service; initially interviews position applicants; advises offices of Chief Inspectors on a wide variety of subject-matter coverage; prepares instructions issued by the Inspection Service pertaining to administrative matters; prepares periodic and special non-recurring reports pertaining to the activities of the Inspection Service, and represents the Assistant Commissioner (Inspection) at the Washington and field level on all matters of an administrative nature.

Fiscal Service, Bureau of Accounts

[Dept. Circ. 570, Rev. Apr. 20, 1943, 1952, 77th Supp.]

WESTERN FIRE INSURANCE CO.

SURETY COMPANIES ACCEPTABLE ON FEDERAL BONDS

JULY 31, 1952.

A Certificate of Authority has been issued by the Secretary of the Treasury to the following company under the act of Congress approved July 30, 1947, 6 U. S. C. sections 6–13, as an acceptable surety on Federal bonds. An underwriting limitation of $332,000.00 has been established for the company. Further details as to the extent and localities with respect to which the company is acceptable as surety on Federal bonds will appear in the next issue of Treasury Department Form 356, copies of which, when issued, may be obtained from the Treasury Department, Bureau of Accounts, Section of Surety Bonds, Washington 25, D. C.

NAME OF COMPANY, LOCATION OF PRINCIPAL EXECUTIVE OFFICE AND STATE IN WHICH INCORPORATED

KANSAS

The Western Fire Insurance Company, Fort Scott.

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

Office of the Secretary

[Treasury Department Order No. 150-5]

BUREAU OF INTERNAL REVENUE; REORGANIZATION

ABOLITION OF CERTAIN OFFICES IN WASHINGTON HEADQUARTERS AND DETERMINATION OF TITLES OF NEW OFFICES

By virtue of the authority vested in me as Secretary of the Treasury by Reorganization Plan No. 26 of 1950 and Reorganization Plan No. 1 of 1952:

1. *Abolition of certain existing offices.* The abolition of the offices of Assistant Commissioner, Special Deputy Commissioner and Deputy Commissioner for the Bureau of Internal Revenue shall become effective at 12:00 p. m., midnight, August 10, 1952.

2. *Establishment of new offices.* It is hereby determined, pursuant to section 2 of Reorganization Plan No. 1 of 1952, that there shall be in the Washington Headquarters office of the Bureau of Internal Revenue, effective August 11, 1952, offices having titles as follows:

Assistant to the Commissioner.
Administrative Assistant to the Commissioner.
Head, Alcohol and Tobacco Tax Division.
Head, Appellate Division.
Head, Audit Division.
Head, Collection Division.
Head, Field Management and Planning Division.
Head, Intelligence Division.
Head, Technical Rulings Division.
Head, Technical Planning Division.
Head, Special Technical Services Division.
Executive Assistant, Office of Assistant Commissioner (Inspection).
Executive Assistant, Office of Assistant Commissioner (Inspection).

3. The offices of "Assistant Commissioner of Internal Revenue", for operational purposes, are hereby designated as Assistant Commissioner (Operations), Assistant Commissioner (Technical), and Assistant Commissioner (Inspection), respectively.

Dated: July 29, 1952.

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

DEPARTMENT OF DEFENSE

Office of the Secretary

CHAIRMAN OF THE JOINT CHIEFS OF STAFF

DELEGATION OF AUTHORITY WITH RESPECT TO WHITTIER DEFENSIVE SEA AREA

By virtue of the authority vested in me by Executive Order 10361, June 11, 1952, 17 F. R. 5357, and pursuant to section 202 (f) of the National Security Act of 1947, as amended, 5 USC 171a, the following designation and delegation of authority is effective this date.

1. The Chairman of the Joint Chiefs of Staff shall exercise the functions, duties and powers (including the power of designation) conferred upon me by Paragraphs 1, 2, 3 and 4 of said Executive Order 10361.

2. The Chairman of the Joint Chiefs of Staff, as he deems necessary, may designate any officer or employee, military or civilian, of the Department of Defense to exercise in whole or in part the authority conferred upon said Chairman of the Joint Chiefs of Staff under Paragraph 1, hereof.

3. The Chairman of the Joint Chiefs of Staff shall have published in the FEDERAL REGISTER any designation made under Paragraph 2, hereof.

ROBERT A. LOVETT,
Secretary of Defense.

JULY 30, 1952.

MUNITIONS BOARD

ORGANIZATION AND FUNCTIONS

I. *Authority and purpose.* This directive is issued pursuant to the authority vested in the Secretary of Defense by the National Security Act of 1947, as amended, in order more fully to define the authority and duties of the Munitions Board (hereinafter called the "Board"), established by section 213 of said act, and to define the relationships of the Board with the military departments and other agencies of the Department of Defense, and more fully to define the authority and duties of the Chairman of the Board.

II. *Directive rescinded.* The directive of November 3, 1949, entitled "Munitions Board Charter," as amended by the directive dated September 13, 1950, is hereby rescinded. All other directives of the Secretary of Defense addressed to or relating to the Board or its Chairman shall remain in effect until specifically modified or rescinded by the Secretary of Defense.

III. *Membership.* The Board shall be composed of a civilian Chairman, appointed by the President, who shall be the head thereof, and an Under or assistant Secretary from each of the military departments to be designated by the Secretary of each department. The Secretary of each of the military departments shall also designate an alternate who shall be an Under Secretary or an Assistant Secretary of the department, and who, in the absence of his principal, shall act in his stead with powers of his principal. The Chairman, with the approval of the Secretary of Defense, may designate a Vice Chairman, who shall, in the absence or disability of the Chairman, act for and exercise the powers of the Chairman. In the absence of the duly appointed Chairman and Vice Chairman, the Secretary of Defense will designate a Board member to act as Chairman.

IV. *Authority—A. Authority of the Chairman.* 1. The Chairman of the Board shall be the head thereof and shall, subject to the authority of the Secretary of Defense, have the power of decision upon all matters falling within the jurisdiction of the Board. He shall be the principal advisor and assistant to the Secretary of Defense in supply management and industrial matters.

2. The Chairman of the Board is further authorized to:

a. Take action on any matters which, because of the exigencies of time, do not permit formal Board action.

b. Perform all detailed actions necessary to discharge the Board's duties.

c. Perform all duties which have been or may be assigned specifically to the Chairman individually by the Secretary of Defense.

d. Perform, without being relieved of his responsibility therefor, any of his duties through or with the aid of such members or officials of the Board as the Chairman may designate.

e. Establish, in accordance with policies prescribed by the Secretary of Defense, such continuing or temporary committees, councils, or agencies as may be necessary to conduct studies, assemble information, make recommendations, and otherwise assist in the carrying out of the responsibilities of the Board under his authority, direction and control.

f. Issue directives in the name of the Board or in the name of the Secretary of Defense as may be appropriate.

g. Prepare, with the advice and assistance of the Staff, policies, plans, and programs for presentation to the Board.

h. Represent or arrange for representation of the Department of Defense before and with other governmental departments and agencies on all matters for which the Board or the Chairman has responsibilities under the provisions of this directive.

i. Make appropriate recommendations to the Secretary of Defense for improvement in supply management and industrial matters.

B. *Authority of the Board.* Within its jurisdiction, as defined in the National Security Act of 1947, as amended, and as further defined in this directive, or as may be further directed by the Secretary of Defense, the Board shall be the principal agency of the Secretary of Defense responsible for performing the duties set forth in section V below.

C. *Appeal from decisions.* With respect to any decision by the Chairman on a matter within the jurisdiction of the Board with which any other member does not agree, any such dissenting member may initiate, for submission by the Secretary of the department represented by the member in question, an appeal therefrom to the Secretary of Defense. Prior notification of any such action shall be given to the Chairman and other members of the Board.

V. *Duties of the Board.* Subject to the authority and direction of the Secretary of Defense, and in support of strategic and logistic plans, and in consonance with strategic and logistic guidance provided by the Joint Chiefs of Staff, the Board shall:

1. Perform those duties prescribed in section 213 (c) of the National Security Act of 1947, as amended (subject, however, to the Secretary of Defense memorandum of April 13, 1951, addressed to the Secretaries of the military departments and others transferring to the Assistant Secretary (Manpower & Personnel) those functions of the Munitions Board which relate to manpower, industrial relations, and labor supply); the Strategic and Critical Materials Stock Piling Act (Pub. Law 520, 79th Cong.); the National Industrial Reserve Act of 1948 (Pub. Law 883, 80th Cong.); and any other applicable statute.

2. Establish Department of Defense policies, plans, and programs in the broad fields of production, procurement, distribution, real property, and construction.

3. Insure effective implementation of Department of Defense policies, plans, and programs established by the Board, and take all action necessary or appropriate to insure that the procedures, methods, and practices of the military departments are in compliance therewith.

4. Perform such other duties as have been or may from time to time be prescribed by law or by the Secretary of Defense.

VI. *Administration.* 1. The Secretary of Defense will provide the Chairman with such personnel, facilities, and other administrative services as he from time to time determines are required by the Chairman for the performance of the Chairman's and the Board's duties. Military personnel acceptable to the Chairman of the Board shall be provided by each of the three military departments in accordance with the needs of the Chairman as approved by the Secretary of Defense. Military personnel so assigned to the Board shall, during their tours of duty with the Board, be responsible to the Chairman of the Board rather than to their own department with respect to performance of duty, and their efficiency ratings shall be determined by him.

2. Subject to the general approval of the Secretary of Defense, the internal organization and staffing of the Board and its rules of procedure shall be as prescribed by the Chairman of the Board. The staff of the Board shall be responsible to and shall function under the direction of the Chairman.

3. The Chairman shall keep the Board currently advised of the actions of the Chairman and the staff.

4. The Board shall meet at the call of the Chairman, or at such times as it may fix, and the presence of three members, or their duly designated alternates, shall constitute a quorum.

VIII. *Relationships.* 1. The Chairman and the Board are each authorized to obtain whatever information may be required from, and to communicate directly and expeditiously with, other agencies of the Secretary of Defense and the military departments and appropriate subdivisions thereof concerning any matter within its jurisdiction and in which there exists a mutual interest or responsibility, keeping the Secretaries of the military departments appropriately informed.

2. The Chairman of the Board shall coordinate its efforts with all agencies within and outside the Department of Defense which have a mutual interest or responsibility with respect to any of its programs, and will determine what formal concurrences, if any, are required.

ROBERT A. LOVETT,
Secretary of Defense.

JULY 29, 1952.

DEPARTMENT OF LABOR

Wage and Hour Division

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938, as amended (52 Stat. 1068, as amended; 29 U. S. C. and Sup. 214), and Part 522 of the regulations issued thereunder (29 CFR Part 522), special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rates applicable under section 6 of the act have been issued to the firms listed below. The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 522. The effective and expiration dates, occupations, wage rates, number or proportion of learners, and learning period for certificates issued under the general learner regulations (§§ 522.1 to 522.14) are as indicated below; conditions provided in certificates issued under special industry regulations are as established in these regulations.

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear and Other Odd Outerwear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry Learner Regulations (29 CFR 522.160 to 522.166, as amended December 31, 1951; 16 F. R. 12043, and June 2, 1952; 17 F. R. 3818).

Artcraft Uniform Co., 938 Penn Avenue, Pittsburgh, Pa., effective 7-21-52 to 7-20-53; five learners (cotton and woolen uniforms).

Athens Garment Co., Athens, Ala., effective 7-29-52 to 1-28-53; 10 learners for expansion purposes (work shirts).

Coronet Manufacturing Co., Inc., Pierce City, Mo., effective 7-21-52 to 1-20-53; 40 learners for expansion purposes (shirts and robes).

Dupont Dress Co., 207 Grant Street, Dupont, Pa., effective 7-25-52 to 7-24-53; five learners (women's dresses).

Frances Gee Garment Co., Richmond, Mo., effective 7-30-52 to 7-29-53; 10 percent of the productive factory force (dresses and uniforms).

Freeland Dress Co., Inc., 721 Birkbeck Street, Freeland, Pa., effective 7-24-52 to 4-10-53; four learners (supplemental certificate) (dresses).

Gary Lee Sportswear Co., 500 Greenwich Street, Belvidere, N. J., effective 7-21-52 to 7-20-53; five learners (ladies' blouses).

Kingdom Dress Co., Inc., 508 Allegheny Street, Huntingdon, Pa., effective 7-25-52 to 7-24-53; 10 percent of the productive factory force or 10 learners, whichever is greater (ladies' and girls' dresses).

Louisiana Garment Manufacturing Co., Inc., 2001 St. Bernard Avenue, New Orleans, La., effective 7-26-52 to 7-25-53; 10 percent of the productive factory force (work pants, slacks, and work shirts).

Maidrite Uniforms, Inc., 37 Hopkins Place, Baltimore 1, Md., effective 7-28-52 to 7-27-53; five learners (cotton uniforms for waitresses and hospital clothing).

Roydon Wear, Inc., McRae, Ga., effective 8-8-52 to 8-7-53; 10 percent of the productive factory force (children's clothing).

Roydon Wear, Inc., McRae, Ga., effective 7-23-52 to 1-22-53; 43 learners for expansion purposes (children's clothing).

Standard Garments, Inc., Chase City, Va., effective 7-24-52 to 7-23-53; 10 percent of the productive factory force (sport shirts, work shirts, and dungarees).

Universal Coat Co., 105 Maplewood Avenue, Gloucester, Mass., effective 7-24-52 to 7-23-53; 10 percent of the productive factory force or 10 learners, whichever is greater (men's and boys' outerwear).

The Warner Brothers Co., Thomasville, Ga., effective 7-25-52 to 1-24-53; 15 learners for expansion purposes (corsets and brassieres).

The Warner Brothers Co., Malone, N. Y., effective 7-25-52 to 1-24-53; 15 learners for expansion purposes (corsets and brassieres).

Glove Industry Learner Regulations (29 CFR 522.220 to 522.231, as amended October 26, 1950; 15 F. R. 6828).

Indianapolis Glove Co., Inc., Richmond, Ind., effective 7-25-52 to 7-24-53; 10 learners (combination leather and cotton work gloves).

Indianapolis Glove Co., Inc., Houlka, Miss., effective 8-15-52 to 7-24-53; 10 percent of the productive factory force engaged in the learner occupations (canton flannel work gloves).

Indianapolis Glove Co., Inc., Coshocton, Ohio, effective 7-25-52 to 7-24-53; 10 learners (canton flannel work gloves).

Indianapolis Glove Co., Inc., Marion, Ind., effective 7-25-52 to 7-24-53; 10 learners (combination leather and cotton work gloves).

Indianapolis Glove Co., Inc., Eaton, Ohio, effective 7-25-52 to 7-24-53; 10 learners (canton flannel work gloves).

Indianapolis Glove Co., Inc., Rushville, Ind., effective 7-25-52 to 7-24-53; 10 learners (canton flannel work gloves).

Indianapolis Glove Co., Inc., Springfield, Ohio, effective 7-25-52 to 7-24-53; 10 learners (jersey work gloves).

Indianapolis Glove Co., Inc., Indianapolis, Ind., effective 7-25-52 to 7-24-53; 10 percent of the productive factory force engaged in the learner occupations (canton flannel, jersey, and combination leather and cotton gloves).

Hosiery Industry Learner Regulations (29 CFR 522.40 to 522.51, as revised November 19, 1951; 16 F. R. 10733).

Gem Hosiery Mills, Georgetown, Del., effective 7-22-52 to 7-21-53; four learners.

Huffman Finishing Co., 3½ miles on Highway 321 from Granite Falls, N. C., effective 7-24-52 to 7-23-53; five learners.

Juvenile Hosiery Mills, Inc., Valley Park Drive and Holbrook Street, Greensboro, N. C., effective 7-30-52 to 7-29-53; three learners.

Whisant Hosiery Mills, Inc., Hickory, N. C., effective 7-28-52 to 7-27-53; 5 percent of the productive factory force.

Independent Telephone Industry Learner Regulations (29 CFR 522.82 to 522.93, as amended January 25, 1950; 15 F. R. 398).

Mondovi Telephone Co., 205 South Eau Claire Street, Mondovi, Wis., effective 7-23-52 to 7-27-53.

Wamego Telephone Co., Wamego, Kans., effective 7-28-52 to 7-27-53.

Knitted Wear Industry Learner Regulations (29 CFR 522.68 to 522.79, as amended January 21, 1952; 16 F. R. 12866).

Ellwood Knitting Mills, Inc., 911 Lawrence Avenue, Ellwood City, Pa., effective 7-29-52 to 11-4-52; 15 learners for expansion purposes (knitted outerwear).

Logan Knitting Mills, Inc., 1094 North Main St., Logan, Utah, effective 7-25-52 to 1-24-53; 10 learners for expansion purposes (knitted outerwear).

Old Dominion Knitting Co., Inc., Galax, Va., effective 7-23-52 to 7-22-53; five learners (polo shirts).

The following special learner certificate was issued in Puerto Rico to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

The Shawy Handbag Co. of Puerto Rico, Caguas, P. R., effective 7-21-52 to 1-20-53; 12 learners; machine sewing operators; 160 hours at 25 cents per hour, 160 hours at 32 cents per hour (corde handbags).

The following special learner certificate was issued in the Virgin Islands to the company hereinafter named. The effective and expiration dates, the number of learners, the learner occupations, the length of the learning period and the learner wage rates are indicated, respectively.

Virgin Islands Button Co., Inc., Charlotte Amalie, St. Thomas, V. I., effective 7-9-52 to 1-8-53; 15 learners; cutters; 480 hours at 35 cents per hour (button blanks).

Each certificate has been issued upon the employer's representation that employment of learners at subminimum rates is necessary in order to prevent curtailment of opportunities for employment, and that experienced workers for the learner occupations are not available. The certificates may be canceled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of Part 522.

Signed at Washington, D. C., this 28th day of July 1952.

MILTON BROOKE,
Authorized Representative of the Administrator.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

STATE PRODUCTION AND MARKETING ADMINISTRATION COMMITTEES

NOTICE OF REDELEGATION OF AUTHORITY WITH RESPECT TO MARKETING QUOTA REGULATIONS FOR 1952 CROP OF PEANUTS

Section 729.369 of the Marketing Quota Regulations for the 1952 Crop of Peanuts (17 F. R. 4317), issued pursuant to the marketing quota provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1301-1376), provides that any authority delegated to the State Production and Marketing Administration Committee by the regulations may be redelegated by the State committee. In accordance with section 3 (a) (1) of the Administrative Procedure Act (5 U. S. C. 1002 (a)), which requires delegations of final authority to be published in the FEDERAL REGISTER, there are set out herein the redelegations of final authority which have been made by the State Production and Marketing Administration Committees of authority vested in such committees by the Secretary of Agriculture in the regulations referred to above. For each State in which redelegations of authority have been made, there are shown below the section of the regulations in which such authority appears and the officer or the committee to whom the authority has been redelegated:

ALABAMA

Sections 729.341 (j) (2) (ii), 729.353 (a), 729.353 (c), and 729.361 (b)—Chairman of the State PMA Committee, or the County PMA Committee.

Sections 729.348 (d) (3), 729.359 (a), 729.362 (c) and 729.366—Chairman of the State PMA Committee.

FLORIDA

Sections 729.341 (j) (2) (ii), and 729.359 (a)—County PMA Committee.

GEORGIA

Sections 729.348 (d) (3), 729.353 (a), 729.353 (c), 729.361 (b), 729.362 (c), and 729.366—T. R. Breedlove, Chairman of the State PMA Committee or William A. Booth, Member of the State PMA Committee.

Section 729.359—Each county PMA committee member and county PMA committee treasurer is authorized to approve Forms MQ-92-Peanuts (1952) executed for farms in the county.

NEW MEXICO

Sections 729.353, 729.361, 729.362, and 729.366—Archie M. Vance, Executive Officer or Lee R. Wanner, Administrative Officer, State PMA Office.

TEXAS

Sections 729.341 (j) (2) (ii) and 729.348 (d) (3)—Edwin F. Rollins, Administrative Assistant, State PMA Office.

DEFENSE PRODUCTION ADMINISTRATION

[D. P. A. Request No. 47-DPAV-39]

REQUEST TO PARTICIPATE IN FORMATION AND ACTIVITIES OF AN ARMY ORDNANCE INTEGRATION COMMITTEE ON U. S. RIFLES CALIBER .30 M1

Pursuant to section 708 of the Defense Production Act of 1950, as amended, the request set forth below to participate in the formation and activities of an Army Ordnance Integration Committee on U. S. Rifles Caliber .30 M1 in accordance with the voluntary plan entitled "Plan and Regulation of the Ordnance Corps Governing the Integration Committee on U. S. Rifles Caliber .30 M1," dated May 1, 1952, was approved by the Attorney General after consultations with respect thereto between the Attorney General, the Chairman of the Federal Trade Commission, and the Administrator of the Defense Production Administration and was accepted by the companies listed below.

The voluntary plan provides for the formation and operation of this U. S. Rifles Caliber .30 M1 Integration Committee and will make available to all the participating companies the production experience and techniques of each. It will also, among other things, integrate the facilities of the participants which will result in the quick attainment of maximum production and the maintenance thereof. This voluntary plan has been approved by the Administrator of the Defense Production Administration and found to be in the public interest as contributing to the national defense.

CONTENTS OF REQUEST

You are requested to participate in the formation and activities of an Integration Committee on U. S. Rifles Caliber .30 M1 in accordance with the voluntary plan entitled "Plan and Regulation of the Ordnance Corps Governing the Integration Committee on U. S. Rifles Caliber .30 M1," dated May 1, 1952, a copy of which is herewith enclosed.

In my opinion, your participation in the formation and activities of this Committee will assist in the accomplishment of our national defense program.

The Attorney General has approved this request after consultations with respect thereto between his representatives, representatives of the Chairman of the Federal Trade Commission, and my representatives, pursuant to section 708 of the Defense Production Act of 1950, as amended.

I approve the voluntary plan and find it to be in the public interest as contributing to the national defense. You will become a participant therein upon notifying me in writing of your acceptance of this request. Will you kindly send two copies thereof to the Procurement Division, Production Branch, Office of the Assistant Chief of Staff, G-4, United States Army, Pentagon Building, Washington 25, D. C.

Immunity from prosecution under the Federal antitrust laws and the Federal Trade Commission Act will be given upon such acceptance, provided that the activities of the Integration Committee on U. S. Rifles Caliber .30 M1 and your participation therein are within the limits set forth in the voluntary plan.

Your cooperation in this matter will be appreciated.

Sincerely yours,

HENRY H. FOWLER,
Administrator.

[D. P. A. Request No. 48-DPAV-40]

REQUEST TO PARTICIPATE IN FORMATION AND ACTIVITIES OF AN ARMY ORDNANCE INTEGRATION COMMITTEE ON 20MM AUTOMATIC AIRCRAFT GUNS

Pursuant to section 708 of the Defense Production Act of 1950, as amended, the request set forth below to participate in the formation and activities of an Army Ordance Integration Committee on 20MM Automatic Aircraft Guns in accordance with the voluntary plan entitled "Plan and Regulation of the Ordnance Corps Governing the Integration Committee on 20MM Automatic Aircraft Guns," dated May 1, 1952, was approved by the Attorney General after consultations with respect thereto between the Attorney General, the Chairman of the Federal Trade Commission, and the Administrator of the Defense Production Administration and was accepted by the companies listed below.

The voluntary plan provides for the formation and operation of this 20MM Automatic Aircraft Guns Integration Committee and will make available to all the participating companies the production experience and techniques of each. It will also, among other things, integrate the facilities of the participants which will result in the quick attainment of maximum production and the maintenance thereof. This voluntary plan has been approved by the Administrator of the Defense Production Administration and found to be in the public interest as contributing to the national defense.

CONTENTS OF REQUEST

You are requested to participate in the formation and activities of an Integration Committee on 20MM Automatic Aircraft Guns in accordance with the voluntary plan entitled "Plan and Regulation of the Ordnance Corps Covering the Integration Committee on 20MM Automatic Aircraft Guns," dated May 1, 1952, a copy of which is herewith enclosed.

In my opinion, your participation in the formation and activities of this Committee will assist in the accomplishment of our national defense program.

The Attorney General has approved this request after consultations with respect thereto between his representatives, representatives of the Chairman of the Federal Trade Commission, and my representatives, pursuant to section 708 of the Defense Production Act of 1950, as amended.

I approve the voluntary plan and find it to be in the public interest as contributing to the national defense. You will become a participant therein upon notifying me in writing of your acceptance of this request. Will you kindly send two copies thereof to the Procurement Division, Production Branch, Office of the Assistant Chief of Staff, G-4, United States Army, Pentagon Building, Washington 25, D. C.

Immunity from prosecution under the Federal antitrust laws and the Federal Trade Commission Act will be given upon such acceptance, provided that the activities of the Integration Committee on 20MM Automatic Aircraft Guns and your participation therein are within the limits set forth in the voluntary plan.

Your cooperation in this matter will be appreciated.

Sincerely yours,

HENRY H. FOWLER,
Administrator.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 10297]

CERTAIN INLAND COAST STATIONS

MODIFICATION OF LICENSES

In the matter of modification of licenses of certain inland coast stations operating on certain frequencies between 2.2-12 Mc; Docket No. 10297.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 30th day of July 1952:

The Commission having under consideration the question of modifying, as of September 1, 1952, the licenses of coast stations serving inland waterways by deleting the authority for operation on certain coastal telegraph frequencies in order to aid the United States in the implementation of the Atlantic City Table of Frequency Allocations between 2.2-20 Mc:

It appearing, that coast stations on inland waterways are now authorized certain frequencies, for telegraph emission; and

It further appearing, that there is an absence of need at this time for telegraph emission on frequencies between 2.2-20 Mc by coast stations on inland waterways since such stations have been converted to radiotelephone operations: and

It further appearing, that the assignment of certain frequencies between 2.2-12 Mc to coast stations is at variance with the Atlantic City Table of Frequency Allocations, as indicated in Appendix I, set forth below; and

It further appearing, that in order to carry out the provisions of the Agreement concluded at the Extraordinary Administrative Radio Conference (Geneva, 1951) in an orderly and effective manner, the public interest requires that the licenses of certain coast stations now authorized such coast telegraph frequencies between 2.2-12 Mc be modified so as to delete said frequencies.

It is ordered, That pursuant to section 316 of the Communications Act of 1934, as amended, those licensees listed in Appendix I, set forth below, are directed to show cause, on or before September 3, 1952, why their licenses should not be modified as of November 1, 1952, so as to delete those frequencies set forth in Appendix I, below.

Released: August 1, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27273]

PROPORTIONAL RATES, ROUGH STAVES AND HEADING FROM CLINTON AND KANSAS CITY, MO., TO MEMPHIS, TENN.

APPLICATION FOR RELIEF

AUGUST 1, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. E. Kipp, Agent, for carriers parties to schedules listed below.

Commodities involved: Rough staves and rough heading, carloads.

From: Clinton and Kansas City, Mo.

To: Memphis, Tenn.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: GM&O RR. tariff I. C. C. No. 229, Supp. 23; IC RR. tariff I. C. C. No. 8574, Supp. 9; MP RR. tariff I. C. C. No. A-10266, Supp. 20; ST. L-SF Ry. tariff I. C. C. No. A-345, Supp. 17; St. LSW Ry. tariff I. C. C. No. 5766, Supp. 11.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL,
Secretary.

[F R. Doc. 52-8573; Filed, Aug. 5, 1952; 8:49 a. m.]

[No. 31074]

INCREASED PARCEL POST RATES, 1953

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 21st day of July A. D. 1952.

It appearing, that on June 25, 1952, the Postmaster General filed a petition under section 207 of the act of February 28, 1925, as amended, 39 United States Code, Chapter 6, section 247, to obtain consent of the Commission, as required by that act, to increases in rates, or changes in other conditions of mailability of fourth-class mail matter, also referred to as parcel post and that sufficient data is not now available for the fiscal year ended June 30, 1952, with respect to the results of changes in conditions affecting the handling of such mail matter necessary to determine the facts as to the cost of service, and the rates of postage needed to insure the receipt of revenue therefrom adequate to pay such cost, and that the data and information required will not become available until about January 1, 1953:

It is ordered, That the said petition be, and it is hereby, received and docketed as shown in the title hereof, and that when the Postmaster General, in connection therewith, submits to the Commission his proposals for increases in the rates, or for changes in other conditions of mailability of fourth-class mail matter, the proceeding be set for hearing at such time and place as the Commission may thereafter direct.

By the Commission.

[SEAL] W. P. BARTEL,
Secretary.

ECONOMIC STABILIZATION AGENCY

Office of Price Stabilization

[Ceiling Price Regulation 34, Section 10, Special Order 11]

REMINGTON RAND, INC.

CENTRAL PRICING ORDER

Statement of considerations. In accordance with section 10 of Ceiling Price Regulation 34, the applicant named in the accompanying special order, Remington Rand, Inc., has applied to the Office of Price Stabilization for permission to establish out of its central office in New York City uniform ceiling prices for the services which it renders at all of its service outlets throughout the United States. Section 10 of Ceiling Price Regulation 34, as amended, authorizes the Office of Price Stabilization, when it deems it consistent with the purposes of the regulation, to establish uniform prices for sellers owning or operating more than one service establishment. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including data submitted by the applicant that during the base period, December 19, 1950 to January 25, 1951, inclusive, Remington Rand, Inc., had a system of pricing whereby the prices for services sold at all of its service outlets, i. e., repair and maintenance and rental of typewriters, adding machines, calculators, etc., were determined at the central office of Remington Rand, Inc., in New York City and the prices at all of its service outlets were uniform for all of the services rendered and that the establishment of a uniform system of central pricing will not result in an increase in the ceiling prices established under Ceiling Price Regulation 34.

This order will permit any existing service outlet of Remington Rand, Inc., to sell any service at the ceiling price established therefor by the central office of Remington Rand, Inc., regardless of whether or not that service outlet supplied or offered to supply such service during the base period. The order will also permit any new service outlet of Remington Rand, Inc., to establish as the ceiling prices for the services which they render, the ceiling price for such services established by the central office of Remington Rand, Inc. In addition this order authorizes the central office of Remington Rand, Inc., to apply to the Office of Price Stabilization on behalf of all its service outlets for the establishment of a ceiling price for any new service covered by Ceiling Price Regulation 34. In addition this order requires applicant to notify all of its service outlets of this order and any subsequent amendment issued with respect thereto.

Special provisions. (1) On and after the effective date of this special order the ceiling price for the services listed in Appendix "B" rendered at any of the service outlets of Remington Rand, Inc., listed in Appendix "A" attached hereto and made a part of this special order, shall be the prices for the services referred to or listed in Appendix "B" attached hereto and also made a part of this special order.

(2) Lower prices than those authorized in Appendix "B" may be charged by the seller or paid by the purchaser for any specific service covered by this special order at any time.

(3) On and after the effective date of this special order all of the service outlets of Remington Rand, Inc., shall be considered a single seller for the purpose of establishing ceiling prices for new services and the central office of Remington Rand, Inc., shall make application on behalf of all of the service outlets of Remington Rand, Inc., for the establishment of ceiling prices for new services pursuant to the provisions of section 5 of this special order. However, this special order does not relieve each service outlet covered by this order from the filing and posting requirements of section 18 of Ceiling Price Regulation 34.

(4) The ceiling prices for the services rendered at any service outlet of Remington Rand, Inc., which is opened after the effective date of this special order shall be the ceiling prices referred to or set forth in Appendix "B" of this special order. Within 20 days after opening a new branch office, the central office of Remington Rand, Inc., shall request the Director of Price Stabilization, Washington 25, D. C., to amend Appendix "A"

APPENDIX A

of this special order to provide for the inclusion therein of such new branch office. The provisions of section 13 (c) of Ceiling Price Regulation 34 are waived for the purpose of establishing ceiling prices for services rendered by service outlets of Remington Rand, Inc., opened after the effective date of this special order.

(5) On and after the effective date of this special order the central office of Remington Rand, Inc., is authorized to apply to the Director of Price Stabilization, Washington 25, D. C., on behalf of all of its service outlets for the establishment of a ceiling price for any new service in line with the level of prices otherwise established by Ceiling Price Regulation 34, and in the case of a commodity rental or a manufacturing or processing service, a ceiling price consistent with the level of ceiling prices established for the sale of the commodity by the applicable commodity regulation. The application shall contain a description of the service, anticipated direct labor and material costs, and the proposed ceiling price. In addition, the application must contain a description of the most comparable service rendered by the service outlets of Remington Rand, Inc., during the base period, showing the present direct labor and material costs for such service and the present ceiling price therefor. Such application shall also contain a description and ceiling price for any comparable service furnished by the most closely competitive service organization to Remington Rand, Inc.

The service outlets of Remington Rand, Inc., may sell the new service at the proposed ceiling price 20 days after mailing such application to the Director of Price Stabilization, Washington 25, D. C., by registered letter, return receipt requested, unless and until notified that such price has been disapproved.

(6) Within 15 days after the effective date of this special order, Remington Rand, Inc., shall send a copy of this special order to each of its branch offices. Within 15 days after the effective date of any subsequent amendment to the special order, Remington Rand, Inc., shall send a copy of the amendment to each of its branch offices. Copies of this special order and any subsequent amendments to the special order shall be filed by each branch office with their local OPS office within 30 days after the issuance thereof.

(7) This special order does not relieve the individual sellers covered by this order from the filing and posting requirements in section 18 of Ceiling Price Regulation 34.

(8) All provisions of Ceiling Price Regulation 34, except as changed by the pricing provisions of this special order shall remain in full force and effect as far as each outlet of Remington Rand, Inc., is concerned.

(9) This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

(10) The provisions of this special order are applicable in the United States and the District of Columbia.

Description of service: Machine completely dismantled and washed. All worn parts replaced. All adjustments brought to factory standards. All painted surfaces refinished.

SERVICE AGREEMENT PRICES ON NEW MODELS ANNOUNCED SINCE JANUARY 25, 1951

1. Model 9382-5 Remington Adding Machine announced April 23, 1951. Service Agreement prices of $17.10 one year service agreement and $34.20 three year service agreement established April 23, 1951. Service agreement prices based on closest comparable model 9381-5 on which service agreement prices are $17.10 for one year and $34.20 for three years. This is the same service as sold on the comparable model machine 9381-5 during base period.

2. Model 7382-5 Remington Adding Machine announced April 23, 1951. Service Agreement prices of $13.05 one year service agreement and $26.10 three year service agreement established April 23, 1951. Service agreement prices based on closest comparable model 7381-5 on which service agreement prices are $13.05 for one year and $26.10 for three years. This is the same service as sold on the comparable model machine 7381-5 during base period.

3. Model 98101-5 Remington Printing Calculator announced February 1, 1951. Service Agreement prices of $39.85 for one year service agreement and $79.70 for three year service agreement established February 1, 1951. Service Agreement prices based on closest comparable model 97142-5 on which service agreement prices are $39.85 for one year and $79.70 for three years. This is the same service as sold on the comparable model machine, 97142-5, during the base period.

4. Model designation 73111-5 changed to model 73112-5. No change in machine. No change in service agreement prices. $20.25 for one year and $29.20 for three years.

5. Model designation 93111-5 changed to model 93112-5. No change in machine. No change in service agreement prices. $20.25 for one year and $40.50 for three years.

6. Model designation 97141-5 changed to model 97142-5. No change in machine. No change in service agreement prices. $39.85 for one year and $79.70 for three years.

Effective date. This special order shall become effective August 1, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

JULY 31, 1952.

[F. R. Doc. 52-8507; Filed, July 31, 1952; 12:00 m.]

[Ceiling Price Regulation 61, Supplementary Regulation 8, Amdt. 1 to Special Order No. 1]

WESTERN SULPHUR INDUSTRIES, INC.

CEILING PRICES FOR EXPORT SALES AND SALES FOR EXPORT OF SULPHUR

STATEMENT OF CONSIDERATIONS

On July 10, 1952 this office issued Special Order No. 1 under the provisions of SR 3 to CPR 61. This order was effective July 11, 1952. It established ceiling prices for sales for export of sulphur produced and sold by Western Sulphur Industries, Inc., and also established ceiling prices for export sales by Western Sulphur Industries, Inc. and by merchant exporters of sulphur produced by Western Sulphur Industries, Inc.

This special order in the statement of considerations indicated that the ceiling prices for export sales and sales for export were both to be f. o. b. Sulphurdale, Utah. The term, "f. o. b. Sulphurdale, Utah," was however inadvertently omitted from the sections of the special provisions establishing ceiling prices for sales for export and for export sales. This amendment therefore inserts the term, "f. o. b. Sulphurdale, Utah," in section 1 of the special order which section establishes ceiling prices for sales for export and also in, section 2, which section establishes ceiling prices for export sales.

SPECIAL PROVISIONS

For the reasons set forth in the Statement of Considerations and pursuant to Supplementary Regulation 3 to Ceiling Price Regulation 61, Special Order No. 1 is amended in the following respects:

Before the period in section 1, and before the period in section 2, insert a comma and add the term "f. o. b. Sulphurdale, Utah".

Effective date. This Amendment 1 to Special Order No. 1 shall become effective August 4, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 4, 1952.

FEDERAL TRADE COMMISSION

[File No. 21-447]

PORTRAIT PHOTOGRAPHIC INDUSTRY

NOTICE OF HOLDING OF TRADE PRACTICE CONFERENCE

Notice is hereby given that a trade practice conference under the auspices of the Federal Trade Commission will be held for the Portrait Photographic Industry in the Conrad Hilton Hotel, Chicago, Illinois, August 27, 1952, commencing at 10 a. m., c. d. t.

The industry for which the conference is being held is that engaged in the production and marketing of photographic portraits, and all persons, firms, corporations and organizations so engaged are cordially invited to attend and take part in the conference proceedings. (Note: The production or marketing of portraits for newspaper, periodical, motion picture, television, or other commercial use, is not to be considered as a part of the business of the industry for which the conference is being held.)

The conference and further proceedings in the matter will be directed toward the eventual establishment and promulgation by the Commission of trade practice rules for the industry under which unfair methods of competition, unfair or deceptive acts or practices, and other trade abuses, may be eliminated and prevented.

By direction of the Commission.

Issued: August 1, 1952.

[SEAL] WM. P. GLENDENING, JR.,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 31-587]

GILMAN PAPER CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

JULY 31, 1952.

Notice is hereby given that Gilman Paper Company ("Gilman"), has filed an application with this Commission pursuant to section 3 (a) (3) (A) of the Public Utility Holding Company Act of 1935 ("act") requesting exemption on behalf of itself and its subsidiaries from the provisions of the act applicable to them by reason of the ownership by Gilman of all of the outstanding capital stock of Gilman Electric Light & Power Company ("Power Company"), a public utility company.

Notice is further given that any interested person may, not later than August 18, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by such application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Said application may be granted at any time after August 18, 1952.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the facts contained therein, which are summarized as follows:

Gilman and its subsidiaries are primarily engaged in the manufacture of paper and paper products. In connection with its operations, Gilman generates electric energy for use in its plants and sells a small amount of such power to Power Company which distributes it to employees of Gilman who reside in the village of Gilman, Vermont. Gilman owns all of the outstanding securities, except directors' qualifying shares of capital stock, of Power Company. For the calendar year 1951, Power Company reported gross revenues from the sale of electric energy in the amount of $10,602 and net income, after provision for Federal income tax, in the amount of $4,462.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[F. R. Doc. 52-8559; Filed, Aug. 5, 1952; 8:47 a. m.]

Notice is further given that any interested person may, not later than August 18, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by said application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Said application may be granted at any time after August 18, 1952.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the facts contained therein, which are summarized as follows:

Blandin is engaged in the manufacture and sale of groundwood pulp and groundwood printing papers. For the calendar year 1951, Blandin reported gross sales in the amount of $8,284,722 and net income, after Federal and state income taxes, in the amount of $544,432.

Blandin owns all of the outstanding securities, except directors' qualifying shares, of Power Company which is engaged in the generation and sale of electric energy, a portion of which is sold to Blandin for use in its operations. For the calendar year 1951, Power Company reported gross revenues of $34,872 from the sale of electric energy and net income, after Federal and state income taxes, in the amount of $13,588.

By the Commission.

ARTHUR TARBET, TRUSTEE

ORDER GRANTING EXEMPTION

JULY 31, 1952.

Arthur Tarbet, Trustee of the C. A. Leonard Trust ("Trust"), being engaged in the retail distribution of natural gas, having filed an application pursuant to section 3 (a) (1) of the Public Utility Holding Company Act of 1935 requesting exemption from the provisions of the act on behalf of himself and the Trust; and

Due notice of the filing of said application having been given and no hearing thereon having been ordered by, or requested of, the Commission; and

The Commission having examined the application and the statements contained therein and having found that the Trustee maintains his principal place of business in the State of Oklahoma and that the Trust is organized and carries on its business entirely within the State of Oklahoma, and further finding that the granting of the requested exemption will not be detrimental to the public interest or the interests of investors or consumers;

It is ordered, Pursuant to section 3 (a) (1) of the act and subject to the provisions of section 3 (c) thereof, that Arthur Tarbet, Trustee, and the C. A. Leonard Trust be, and the same hereby are, exempted from all of the provisions of the act except section 9 (a) (2) thereof.

By the Commission.

BLANDIN PAPER CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

JULY 31, 1952.

Notice is hereby given that Blandin Paper Company ("Blandin"), has filed an application with this Commission requesting exemption on behalf of itself and its subsidiary, Blandin Power Company ("Power Company"), a public-utility company, from the provisions of the Public Utility Holding Company Act of 1935 ("act") pursuant to section 3 (a) (3) (A) thereof.

[File No. 31-597]

KEZAR FALLS WOOLEN CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

JULY 31, 1952.

Notice is hereby given that Kezar Falls Woolen Company ("Woolen Company"), has filed an application with this Commission requesting exemption on behalf of itself and its subsidiaries, Cornish and Kezar Falls Light and Power Company ("Power Company"), a public-utility company, and Kezar Falls Water Company ("Water Company"), a non-utility company, from the provisions of the Public Utility Holding Company Act of 1935 ("act") pursuant to section 3 (a) (3) (A) thereof.

Notice is further given that any interested person may, not later than August 18, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by such application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Said application may be granted at any time after August 18, 1952.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the facts contained therein, which are summarized as follows:

Woolen Company is engaged in the manufacture and sale of woolen piece goods. For the calendar year 1951, Woolen Company reported net sales of $2,551,247 and a net loss of $75,998. The company reported earned surplus as at December 31, 1951 of $1,028,260.

Woolen Company owns all of the outstanding securities, except directors' qualifying shares of capital stock, of Power Company and Water Company. Power Company is engaged in the generation and sale of electric energy and serves the town in which Woolen Company's manufacturing plant is located. Water Company serves part, but not all, of the area to which Power Company supplies electric energy. For the year 1951, Power Company reported gross revenues from the sale of electric energy in the amount of $78,701 and net income of $11,585.

By the Commission.

[File No. 31-600]

CONNOR LAND AND LUMBER CO.

NOTICE OF FILING OF APPLICATION FOR EXEMPTION

JULY 31, 1952.

Notice is hereby given that The Connor Land and Lumber Company ("Connor"), has filed an application with this Commission requesting exemption on behalf of itself and its subsidiaries, four non-utility companies and Laona Public Service Company ("Laona"), a public-utility company, from the provisions of the Public Utility Holding Company Act of 1935 pursuant to section 3 (a) (3) (A) thereof.

Notice is further given that any interested person may, not later than August 18, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by such application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. Said application may be granted at any time after August 18, 1952.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the facts contained therein, which are summarized as follows:

Connor is engaged in the business of logging and the manufacture of lumber and wood products. For the 12 months ended August 31, 1951, Connor reported sales of its products in the amount of $3,023,526 and net income for the period, after provisions for Federal and state income taxes, in the amount of $675,088.

Connor owns all of the outstanding securities, except directors' qualifying shares of capital stock, of Laona which is engaged in the purchase of electric energy generated in the mills of Connor and the resale of such energy to the inhabitants of the village of Laona, Wisconsin, the majority of whom are employees of Connor. For the calendar year 1951, Laona reported gross revenues of $36,727 from the sale of electric energy and net income, after Federal and state income taxes, in the amount of $925.

[F. R. Doc. 52-8562; Filed, Aug. 5, 1952; 8:47 a. m.]

[File No. 54-168]

ELECTRIC BOND AND SHARE CO.

MEMORANDUM OPINION AND ORDER OF THE COMMISSION

JULY 30, 1952.

Electric Bond and Share Company ("Bond and Share"), a registered holding company, has filed an application and an amendment thereto for the approval of a plan (hereinafter called the "Plan") pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), proposing the disposition of its holdings of the common stock of the Washington Water Power Company ("Washington Company") in the event that such stock is received by Bond and Share under a distribution of such stock by American Power & Light Company ("American"), also a registered holding company. Bond and Share has also filed an application under sections 9 and 10 of the act requesting approval of the acquisition of its pro rata distribution of the Washington Company common stock from American.

Bond and Share is the holder of 183,050 shares or 7.8 percent of the outstanding capital stock of American. American is the owner of all the common stock of the Washington Company, consisting of 2,541,800 shares without par value. (American's plan for the distribution of the Washington Company stock was approved by the Commission on June 6, 1952,[1] and ordered enforced and carried out on July 17, 1952 by the United States District Court for the District of Maine, Southern Division, Civil Action No. 731).

Bond and Share states that its Plan for the distribution of the Washington Company stock is submitted pursuant to the terms of the Commission's order dated October 15, 1951, requiring Bond and Share to file a plan providing a suitable method of disposing of any Washington Company common stock which Bond and Share might receive through a distribution by American. The Plan provides that Bond and Share will dispose of such stock within 90 days of its receipt from American, unless the time is extended by the Commission.

After appropriate notice, a public hearing on the Plan was held at which all interested persons had an opportunity to be heard. On the basis of the record, we make the following findings.

Under the Plan, Bond and Share proposes to distribute as a dividend to its stockholders in December 1952, that number of shares of the Washington Company common stock, the market value of which at the time of the declaration of such dividend will be approximately equal to one-half of Bond and Share's estimated net income for the year 1952. Any remaining shares of the Washington Company stock not paid out as a dividend would be sold, prior to the end of 1952. No fractional shares of the Washington Company stock would be distributed and in lieu thereof the dividend agent would sell such shares which would otherwise be delivered as fractional shares and pay the proceeds to the stockholders of Bond and Share entitled thereto. Bond and Share proposes to notify the Commission pursuant to Rule U-44 (c) under the act with respect to the number of shares to be declared as a dividend and the method of sale of the shares of the Washington Company common stock not paid out as a dividend.

On August 22, 1942, the Commission issued an order under section 11 (b) (2), directing that American be dissolved.[2] Subsequently, we approved a joint plan filed by Bond and Share and American for the reorganization of American which became effective on February 15, 1950.[3] One of the provisions of the joint plan provided that Bond and Share would dispose of its interest in American within one year from the effective date of the joint plan, unless such time was extended by the Commission. In our order dated October 15, 1951, in connection with a cash distribution plan of American, we granted Bond and Share an extension of time to January 1, 1952 within which to dispose of its interest in American.[4] Moreover, we said in that findings and opinion that, in the event American distributed the Washington Company stock, Bond and Share should file a plan specifying a suitable method of disposition of such stock within 90 days after receipt thereof.

It appears to us that the Plan provides for a suitable method of disposition of the Washington Company common stock and since Bond and Share has only one class of securities outstanding, that being common stock, to which a pro rata distribution of the major portion of such stock is proposed under the Plan, we find that the provisions of the Plan are necessary and fair and equitable under the standards of section 11 (e) of the act.

Since the acquisition by Bond and Share of its pro rata distribution of the Washington Company common stock would be of a temporary nature and since the acquisition is incidental to the distribution under the Plan which we are approving, we see no basis for adverse findings under section 10 of the act, and we find that the temporary acquisition by Bond and Share of the Washington Company common stock would not be inconsistent with the standards of that section.

No requests for fees and expenses have been made in the proceeding and we shall reserve jurisdiction as to such matters.

We find that our order herein may properly contain the requested recitals under the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof.

For the reasons set forth herein, we are of the opinion that the Plan is necessary to effectuate the provisions of section 11 (b) of the act and is fair and equitable to the persons affected thereby and meets the other applicable standards of the act.

It is therefore ordered, On the basis of the record herein and pursuant to section 11 (e) and other applicable provisions of the act, that the said Plan be, and it hereby is, approved subject to the terms and conditions contained in Rule U-24.

It is further ordered, That the proposed acquisition of shares of common stock of the Washington Company, in the event American effects a distribution of such stock, be, and the same hereby is, approved pursuant to section 10 of the act subject to the terms and conditions of Rule U-24 and subject to the disposition by Bond and Share of all the common stock of the Washington Company it receives from American in distribution prior to December 31, 1952, in a manner consistent with the provisions of the act and the rules and regulations thereunder.

It is further ordered, That jurisdiction be, and it hereby is, reserved to determine the reasonableness and appropriate allocation of all fees and expenses and other remuneration incurred or to be incurred in connection with the Plan and the transactions incident thereto.

It is further ordered, That jurisdiction is reserved to entertain such further proceedings, to make such supplemental findings, and to take such further action as may be necessary in connection with the Plan, the transactions incident thereto, and the consummation thereof.

It is further ordered and recited, That the sale and distribution by Bond and Share of 183,050 shares of common stock of the Washington Company is necessary or appropriate to the integration or simplification of the holding company system of which Bond and Share is a member and is necessary or appropriate to

NATIONAL FUEL GAS CO.

ORDER AUTHORIZING ACQUISITION OF COMMON STOCK OF PENNSYLVANIA GAS COMPANY

JULY 30, 1952.

National Fuel Gas Company ("National"), a registered holding company, having filed an application and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935, particularly sections 9 (a) and 10 thereof, with respect to the following transactions:

National, prior to February 1936, owned 297,624 shares, or 51.67 percent of the total outstanding 576,000 shares of the common capital stock of Pennsylvania Gas Company ("Pennsylvania"). Between February 1936 and May 1938, National purchased, from time to time in small amounts, a total of 2,531 shares of Pennsylvania's common stock, offered to National by minority stockholders, at prices varying from $10 to $12.50 per share, or a total purchase price of $28,894.50. On May 22, 1947, National purchased 2,444 additional shares of Pennsylvania's common stock offered to National by a minority stockholder at a price of $20 per share, or a total cost of $48,880. As a result of the above-mentioned purchases of Pennsylvania's common stock, National increased its holdings to 302,599 shares, or 52.53 percent of Pennsylvania's total outstanding 576,000 shares.

The above purchases of Pennsylvania's common stock were made by National without authorization of this Commission, National not having requested such authorization for the stated reason that the officers of National did not believe that prior approval of such transactions was required, in view of the small amount of the purchases compared to the total of the 576,000 shares outstanding. National now requests that the above-named purchases of Pennsylvania's common stock be authorized by the Commission pursuant to sections 9 (a) and 10 of the act.

Appropriate notice of the filing of said application and an amendment thereto having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said application within the time specified in said notice, or otherwise, and the Commission not having ordered a hearing thereon; and

The Commission finding with respect to said application, as amended, that the requirements of the applicable provisions of the Act and Rules are satisfied, and deeming it appropriate that said application, as amended, be granted without the imposition of terms and conditions other than those hereinafter ordered, the Commission deeming the approval of this transaction to be without prejudice to any rights which may exist under section 26 of the act, and the Commission also deeming it appropriate to grant applicant's request that the order herein be effective forthwith upon issuance thereof:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application, as amended, be, and the same hereby is, granted, effective forthwith, subject to the terms and conditions prescribed in Rule U-24, and subject further to the condition that a copy of this order shall be sent by National to the vendors of the securities involved to the extent that they can be located.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File No. 70-2900]

NEW ENGLAND GAS AND ELECTRIC ASSOCIATION AND ALGONQUIN GAS TRANSMISSION COMPANY

ORDER AUTHORIZING SALE BY SUBSIDIARY OF REGISTERED HOLDING COMPANY OF PRINCIPAL AMOUNT OF BONDS AND SHARES OF COMMON STOCK AND ACQUISITION BY PARENT OF SHARES OF SUCH COMMON STOCK AND ISSUANCE AND SALE BY IT OF SHORT-TERM NOTES

JULY 31, 1952.

New England Gas and Electric Association ("NEGEA"), a registered holding company, and one of its subsidiary companies, Algonquin Gas Transmission Company ("Algonquin"), having filed a joint application-declaration and amendments thereto pursuant to sections 6, 7, 9 (a), 10 and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder with respect to the following proposed transactions:

Algonquin proposes to issue and sell privately to three insurance companies $9,734,000 aggregate principal amount of its First Mortgage Pipeline Bonds, 4¼ Percent Series, due September 1, 1971. Each of the three prospective purchasers of the bonds were members of the group of four insurance companies which purchased the presently outstanding $27,600,000 principal amount of Algonquin's 3¾ Percent Series Bonds, due 1971. The names of the companies to which the new bonds are to be sold and the respective amounts to be sold to each of them are as follows:

Metropolitan Life Insurance Co.	$5,675,000
John Hancock Mutual Life Insurance Co.	3,446,000
New England Mutual Life Insurance Co.	613,000

The bonds are to be issued under and secured by Algonquin's present Mortgage and Deed of Trust dated as of March 1, 1951, as supplemented by an indenture to be dated as of July 1, 1952. In accordance with the terms of a bond purchase agreement to be entered into between Algonquin and the purchasers, the bonds are to be sold not later than January 30, 1953, for cash at 100 percent of principal amount plus accrued interest. A commitment fee will be paid at the rate of 1 percent per annum of the principal amount of the new bonds from the date of the purchase agreement to the date of closing. The Supplemental Indenture will provide for a contingent sinking fund with respect to Algonquin's presently outstanding First Mortgage Pipeline Bonds, 3¾ Percent Series, due 1971. The contingent sinking fund will provide for payments by Algonquin out of net income and depreciation funds not required for construction until a total of $3,000,000 principal amount of the 3¾ Percent Series Bonds have been retired, after which the regular sinking fund payments applicable to such bonds will be reduced pro rata.

Algonquin also proposes to amend its charter so as to increase the amount of its authorized $100 par value common stock, and to issue and sell, from time to time, pursuant to preemptive rights, 48,660 additional shares of such stock. NEGEA, which does not desire to purchase its proportionate share of the common stock to be offered by Algonquin, proposes to acquire 15,610 shares of Algonquin's additional common stock. Providence Gas Company, another of the present holders of Algonquin's common stock, has waived its preemptive right to purchase any of the additional common stock to be offered by Algonquin; Eastern Gas and Fuel Associates and Texas Eastern Transmission Corporation, the only other stockholders of Algonquin, have indicated that they will purchase, respectively, 18,760 and 14,290 shares of the additional common stock proposed to be offered by Algonquin.

NEGEA states that it contemplates financing the proposed acquisition of the additional shares of Algonquin's common stock by the issuance to banks of short-term notes. In this connection NEGEA requests Commission authorization, pursuant to the first sentence of section 6 (b), to issue to Bank of the Manhattan Company, from time to time, notes with a maturity of not more than nine months from the date of issue and bearing interest at the rate of 3¼ percent per annum aggregating (together with all other outstanding notes and drafts of a maturity of nine months or less as to which NEGEA is liable) not more than $4,166,100. The maximum amount exceeds the limitation of "5 per centum of the principal amount and par value of the other securities . . ." of NEGEA then outstanding as specified in clause (3) of the first sentence of section 6 (b) of the act. NEGEA states that its outstanding short-term notes maturing in less than nine months now aggregate $2,605,100 or 4.86 percent of the principal amount and par value of the other outstanding securities of NEGEA.

Algonquin is presently constructing pipeline facilities to supply natural gas to distributing companies in New Jersey, Connecticut, Rhode Island and Massachusetts. Algonquin states that the $14,600,000 proceeds of the proposed sale of bonds and common stock will be used, together with the $36,800,000 previously realized from the sale of Algonquin's outstanding securities, plus $100,000 interest from short-term investments, to meet the presently estimated cost ($51,500,000) of construction of the company's pipeline, including allowances of $420,000 for working capital and $1,164,600 for contingencies.

The filing states that no State commission and no Federal commission other than this Commission has jurisdiction over the proposed transactions.

Algonquin requests an exemption from the competitive bidding requirements of Rule U-50, and joins with NEGEA in requesting that the Commission's order become effective upon issuance.

Due notice having been given of the filing of the application-declaration and amendments thereto and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules thereunder are satisfied and that no adverse findings are necessary and deeming it appropriate in the interest of investors and consumers that said application-declaration, as amended, including the request for exemption of the proposed sale of bonds from the competitive bidding requirements of Rule U-50, be granted and permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act that said application-declaration, as amended, including the request for exemption of the proposed issuance and sale of bonds from the competitive bidding requirements of Rule U-50, be, and it hereby is, granted and permitted to become effective forthwith subject to the terms and conditions prescribed in Rule U-24 and to the reservation of jurisdiction with respect to fees and expenses incurred or to be incurred in connection with the proposed transactions.

By the Commission.

[File No. 70-2905]

POTOMAC EDISON CO.; AND POTOMAC LIGHT AND POWER CO.

NOTICE OF FILING REGARDING PROPOSAL BY PARENT COMPANY TO ACQUIRE COMMON STOCK FROM SUBSIDIARY COMPANY FOR CONSIDERATION

JULY 31, 1952.

Notice is hereby given that a joint application-declaration has been filed with this Commission by the Potomac Edison Company ("Potomac Edison"), a registered holding company, and its public utility subsidiary, Potomac Light and Power Company ("Potomac Light"). Applicants-declarants have designated sections 6, 7, 9, 10, 12 (d) and 12 (f) of the act and Rules U-43 and U-44, promulgated thereunder, as applicable to the proposed transactions which are summarized as follows:

Potomac Light proposes to issue and sell 5,685 shares of its common stock at a price equal to the par value thereof of $100 per share, or a total consideration of $568,500. Potomac Edison which owns all the presently outstanding common stock of Potomac Light, proposes to purchase the additional shares for cash.

Potomac Light proposes to use the proceeds from the sale of such shares for construction purposes. Potomac Edison states that it has in its treasury sufficient funds to purchase such shares without resorting to additional financing and that it will pledge such shares as collateral security for its First Mortgage and Collateral Trust Bonds, pursuant to the terms of the Trust Indenture, dated October 1, 1944, between Potomac Edison and Chemical Bank and Trust Company (New York) as Trustee.

Application has been made by Potomac Edison with the Public Service Commission of Maryland and the Public Service Commission of West Virginia for authority to acquire the 5,685 shares of common stock of Potomac Light. It is stated that the estimated expenses involved in the proposed transactions, consisting chiefly of United States documentary tax stamps, will amount to less than $1,000.

It is requested that the Commission's order herein become effective upon issuance.

Notice is further given that any interested person may, not later than August 21, 1952, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date, the joint application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 and U-100 thereof.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

FEDERAL POWER COMMISSION

[Docket Nos. G-1907, G-1915, G-1961, G-1978]

SOUTHERN NATURAL GAS CO. ET AL.

ORDER CONSOLIDATING PROCEEDINGS FOR PURPOSE OF HEARING AND FIXING DATE OF HEARING

JULY 28, 1952.

In the matters of Southern Natural Gas Company, Docket No. G-1907; South Georgia Natural Gas Company, Docket No. G-1915; South Carolina Natural Gas Company, Docket No. G-1961; Newton County Gas Company, Docket No. G-1978.

On March 3, 1952, Southern Natural Gas Company (Southern), a Delaware corporation having its principal place of business at Birmingham, Alabama, filed an application, as amended on April 15 and June 5, 1952, in Docket No. G-1907, for a certificate of public convenience and necessity authorizing it to construct and operate certain additional transmission facilities for the purpose of increasing its system daily transmission capacity from approximately 670,000 Mcf to a design capacity of 1,020,000 Mcf, exclusive of company use and losses. The estimated cost of construction of the project is estimated at $76,365,200.

On March 14, 1952, South Georgia Natural Gas Company, a Georgia corporation having its principal place of business at Atlanta, Georgia, filed an application in Docket No. G-1915 for a certificate of public convenience and necessity authorizing it to construct and operate certain natural-gas facilities including approximately 335 miles of pipe line, to enable it to provide natural gas service to certain communities in Georgia and Florida, the source for its gas supply to be Southern.

On May 23, 1952, South Carolina Natural Gas Company, a South Carolina corporation having its principal place of business at Columbia, South Carolina, filed an application in Docket No. G-1961 for a certificate of public convenience and necessity authorizing it to construct and operate certain facilities to enable it to sell natural gas to South Carolina Electric and Gas Company for resale to certain communities in South Carolina, the source for its gas supply to be Southern.

On June 20, 1952, Newton Gas Company (Newton), a Georgia corporation having its principal place of business at Covington, Georgia, filed an application in Docket No. G-1978 for an order pursuant to section 7 (a) of the Natural Gas Act directing Southern to establish physical connection of its natural gas transmission pipeline facilities with facilities owned by the United States Army, through which facilities natural gas would be delivered to Newton, and further directing Southern to deliver and sell to Newton a supply of natural gas for resale to the United States Army at the Atlanta General Depot near Conley, Georgia, and to residents of the Holland Park Housing Project located on that reservation.

In its application, Southern states that certain of the proposed facilities are urgently needed in order that it may be enabled to meet its anticipated firm gas requirements during the 1952-53 winter, and that it proposes to construct a portion of the facilities during the current summer. Southern states that firm orders and contracts must be placed at an early date if necessary construction is to be completed before winter 1952-53, and has urged that its application be set for hearing at an early date.

The Commission finds:

(1) It is necessary and appropriate to carry out the provisions of the Natural Gas Act that the proceedings in Docket Nos. G-1907, G-1915, G-1961 and G-1978 be consolidated for purpose of hearing.

(2) It is reasonable and in the public interest and good cause exists for fixing the date for hearing to commence in these proceedings less than 15 days after publication of this order in the FEDERAL REGISTER.

The Commission orders:

(A) The proceedings in Docket Nos. G-1907, G-1915, G-1961 and G-1978 be and the same are hereby consolidated for purpose of hearing.

(B) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a public hearing be held commencing on August 11, 1952, at 10:00 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such applications.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: July 31, 1952.

By the Commission.

[Vesting Order 18968]

JESUS N. CARMONA

In re: Securities owned by Jesus N. Carmona. F-14-18.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Cong., 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Jesus N. Carmona, who there is reasonable cause to believe on or since December 11, 1941 and prior to January 1, 1947 was a resident of Germany is, and prior to January 1, 1947 was, a national of a designated enemy country (Germany);

2. That the property described as follows:

a. Fourteen (14) shares of $100 par value common capital stock of American Telephone and Telegraph Company (New York) evidenced by the certificates listed below and registered in the name of Jesus N. Carmona:

Certificate Nos.:	Number of shares
PN 58776	6
N 114602	3
M 179705	2
M 182473	2
L 276278	1

said certificates presently in the custody of the Attorney General of the United States in safekeeping account No. 14200028, together with all declared and unpaid dividends thereon, and

b. Twelve (12) shares of $100 par value preferred stock of United States Steel Corporation (New Jersey) evidenced by the certificates listed below, and registered in the name of Jesus N. Carmona:

Certificate Nos.:	Number of shares
C 803584	2
C 787049	6
C 793674	4

said certificates presently in the custody of the Attorney General of the United States in safekeeping account No. 14200028, together with all declared and unpaid dividends thereon,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Jesus N. Carmona, the aforesaid national of a designated enemy country;

and it is hereby determined:

3. That the national interest of the United States requires that the person identified in subparagraph 1 hereof be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 31, 1952.

For the Attorney General.

ANNA MARGARETH KOHL HALBACH

In re: Funds beneficially owned by Anna Margareth Kohl Halbach. F-28-31212.

Vesting Order 18141 dated July 9, 1951, is hereby amended to read as follows:

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Cong., 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Anna Margareth Kohl Halbach, also known as Anna Margaretha Kohl Halbach, whose last known address is 39 Nording Landau/Pfalz, Germany, and Ernst Friedrich Halbach, Jr., whose last known address is Alzons, Palatinate, 26 Hauptstrasse, Germany, on or since December 11, 1941, and prior to January 1, 1947 were residents of Germany and are, and prior to January 1, 1947 were, nationals of a designated enemy country (Germany);

2. That the personal representatives, heirs, next of kin, legatees and distributees of Ernst Friedrich Halbach, Sr., Deceased, who there is reasonable cause to believe on or since December 11, 1941, and prior to January 1, 1947 were residents of Germany, are and prior to January 1, 1947 were, nationals of a designated enemy country (Germany);

3. That the property described as follows: Any and all rights of the above referred to nationals to the sum of $3,492.20 representing unclaimed wages due Walter C. Halbach, Deceased, a seaman who died on November 7, 1942 as a result of war activities while serving on the S. S. "East Indian," said sum having been deposited with the Treasury Department of the United States, in Miscellaneous Receipt Account 10-591 "Forfeitures, Wages of Seamen Remaining in Registry of Courts More Than Six (6) Years," including in particular all rights to demand, enforce and collect a claim thereto under General Regulation 104, Revised April 5, 1951, issued by the Comptroller General of the United States,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Anna Margaretha Kohl Halbach, also known as Anna Margaretha Kohl Halbach, Ernst Friedrich Halbach, Jr., and the personal representatives, heirs, next of kin, legatees and distributees of Ernst Friedrich Halbach, Sr., Deceased, the aforesaid nationals of a designated enemy country (Germany);

and it is hereby determined:

4. That the national interest of the United States requires that the persons referred to in subparagraphs 1 and 2 hereof, be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein, shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 31, 1952.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter III—Foreign and Territorial Compensation

Subchapter B—The Secretary of State

[Dept. Reg. 108.159]

PART 325—ADDITIONAL COMPENSATION IN FOREIGN AREAS

DESIGNATION OF DIFFERENTIAL POSTS

JULY 24, 1952.

Section 325.11 *Designation of differential posts* is amended as follows, effective on the dates indicated:

1. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (a) is amended by the deletion of the following post:

Sebaco, Nicaragua.

2. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (b) is amended by the deletion of the following posts:

Brazil, all posts in states and territories other than those named under Brazil above, except Araraquara, Belo Horizonte, Fazenda Ipanema, Porto Alegre, Recife (Pernambuco), Rio de Janeiro, Salvador (Bahia), Santos, Sao Paulo, Urucuoa, Vicosa and Vitoria.
India, all posts except Bombay, Calcutta, Cuddalore, Delhi, Izatnagar, Kharagpur, Madras, Nabha, New Delhi, Poona, Shillong, and Simla.

3. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (c) is amended by the deletion of the following post:

Lages Air Force Base, Azores.

4. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (d) is amended by the deletion of the following post:

Wheelus Air Force Base, Libya.

5. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (a) is amended by the addition of the following posts:

Nagpur, India;
Portoviejo, Ecuador;
Quevedo, Ecuador.

6. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (b) is amended by the addition of the following posts:

Brazil, all posts in states and territories other than those named under Brazil above, except Araraquara, Belo Horizonte, Fazenda Ipanema, Kilometer 47 (Research and Teaching Center 28 miles west of Rio de Janeiro), Porto Alegre, Recife (Pernambuco), Rio de Janeiro, Salvador (Bahia), Santos, Sao Paulo, Urucuoa, Vicosa, and Vitoria.
India, all posts except Bombay, Calcutta, Cuddalore, Delhi, Izatnagar, Karagpur, Madras, Nabha, Nagpur, New Delhi, Poona, Shillong, and Simla.

7. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (c) is amended by the addition of the following post:

Lages Field, Azores.

8. Effective as of the beginning of the first pay period following April 14, 1951, paragraph (d) is amended by the addition of the following post:

Headquarters, Fifth Air Division, Rabat, Morocco.

9. Effective as of the beginning of the first pay period following August 2, 1952, paragraph (d) is amended by the addition of the following post:

Wheelus Field, Libya.

For the Secretary of State.

W. K. SCOTT,
Acting Deputy Under Secretary.

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

REVISED BOOKS

TITLE 32
of the
Code of Federal Regulations

Title 32, containing the regulations of the Department of Defense and other related agencies, has been completely revised. Originally a single book, Title 32 is being reissued as two books as follows:

Parts 1–699 ($5.00)
Part 700 to end ($5.25)

These books contain the full text of regulations in effect on December 31, 1951

Order from
Superintendent of Documents, Government Printing Office, Washington 25, D. C.

§ 70.9 *Interest rates on renewals and extensions.* The interest rate applicable to any renewal or extension of an outstanding loan made by a bank for cooperatives shall be as follows:

(a) *On single maturity loans.* All or any portion of a single maturity loan which is renewed or extended by written agreement beyond the date specified originally in the note or the loan agreement as the maturity date shall bear interest at the rate applicable to new loans of the same kind on the date of renewal or extension.

(b) *On loans repayable in installments.* All or any portion of each installment which is extended by written agreement beyond the date specified originally in the note or loan agreement as the maturity date of such installment shall bear interest at the rate applicable to new loans of the same kind on the date of extension, but the interest rate on any installment or portion thereof not extended shall not be altered.

§ 70.10 *Interest "escalator" clause in loan agreements.* (a) Any bank for cooperatives which desires to do so may adopt a policy of requiring the borrower to agree in the loan agreement to pay, effective as of the date specified in such agreement, such increased interest rate or rates on the unpaid balance of the loan as the Governor of the Farm Credit Administration may from time to time thereafter prescribe for that kind of loan, by regulations promulgated pursuant to section 8 of the Agricultural Marketing Act, as amended (12 U. S. C. 1141f). Any such requirement shall be made uniformly and consistently applicable to all loans of any kind (i. e.—commodity, seasonal operating capital, term operating capital, or facility) which is covered by the policy.

(b) The agreement shall be drawn so as not to conflict with applicable State laws and shall be unilateral in character (binding only upon the borrower and not upon the bank) so as not to render the note non-negotiable.

(Sec. 8, 46 Stat. 14, as amended; 12 U. S. C. 1141f)

[SEAL] I. W. DUGGAN, *Governor.*

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices), Department of Agriculture

PART 28—COTTON STANDARDS

STANDARDS FOR GRADES OF COTTONSEED SOLD OR OFFERED FOR SALE FOR CRUSHING PURPOSES WITHIN THE UNITED STATES

On July 2, 1952, a notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 5955) regarding the proposed amendment of §§ 28.401 and 28.402 (7 CFR Part 28) of the standards for grades of cottonseed sold or offered for sale for crushing purposes within the United States.

After investigation and due consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the amendment hereinafter set forth to the U. S. Standards for Grades of Cottonseed is hereby promulgated pursuant to the authority contained in the Department of Agriculture Appropriation Act, 1953 (Public Law 451, 82d Congress, approved July 5, 1952; 7 U. S. C. 414).

The Department finds that it is unnecessary and contrary to the public interest to postpone the effective date of this amendment to the Standards for Grades of Cottonseed until thirty (30) days after publication in the FEDERAL REGISTER for the reasons that: (1) The marketing season for cottonseed for crushing purposes has already begun in the southernmost sections of the Cotton Belt and it is imperative that the revisions be effective for the grading of the product; (2) no preparation is required by the industry to comply with the amendment; and (3) the use of the linters factor in determining the grade of cottonseed is on an optional basis; therefore the revision hereby promulgated is to become effective August 1, 1952.

The linters factor which will be used in determining the quantity index of cottonseed under the optional method hereinafter set forth in the amendment will be announced from time to time by the Administrator, Production and Marketing Administration, and published in the FEDERAL REGISTER. Until further notice the linters factor to be used in determining the quantity index of cottonseed under the optional method at the present time shall be 2.5.

The amendment is as follows:

§ 28.401 *Determination of grade.* The grade of cottonseed shall be determined from the analysis of samples, and it shall be the result, stated in the nearest whole or half numbers, obtained by multiplying a quantity index by a quality index and dividing the result by 100. The quantity index and the quality index shall be determined as hereinafter provided.

(a) The basic grade of cottonseed shall be grade 100.

(b) High grades of cottonseed shall be those grades above 100.

(c) Low grades of cottonseed shall be those grades below 100.

(d) When linters have been included as a factor in determining the grade of cottonseed, the capital letter (L) in parentheses shall be placed immediately after the numerical grade designation on the cottonseed grade certificate.

§ 28.402 *Determination of quantity index.* (a) When linters are not to be included as a factor in determining the grade of cottonseed, the following formula shall be used in determining the quantity index of cottonseed:

(1) For cottonseed that by analysis contain 16.5 percent or more of oil, the quantity index shall equal the result of 4 times (percentage of oil), plus 6 times (percentage of ammonia), plus 5.

(2) For cottonseed that by analysis contain less than 16.5 percent of oil, the quantity index shall equal the result of 6 times (percentage of oil), plus 6 times (percentage of ammonia), minus 28.

(b) When linters are to be included as a factor in determining the grade of cottonseed, the following formula shall be used in determining the quantity index of cottonseed:

(1) For cottonseed that by analysis contain 16.5 percent or more of oil, the quantity index shall equal the result of 4 times (percentage of oil), plus 6 times (percentage of ammonia), plus the officially announced linters factor times (percentage of residual linters minus 11), plus 5.

(2) For cottonseed that by analysis contain less than 16.5 percent of oil, the quantity index shall equal the result of 6 times (percentage of oil), plus 6 times (percentage of ammonia), plus the officially announced linters factor times (the percentage of residual linters minus 11), minus 28.

(Pub. Law 451, 82d Cong. (66 Stat. 348; 7 U. S. C. 414))

Done at Washington, D. C., this 1st day of August 1952.

[SEAL] ROY W. LENNARTSON, *Assistant Administrator.*

[F. R. Doc. 52-8721; Filed, Aug. 6, 1952; 8:57 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Supp. 9, Amdt. 5]

PART 60—AIR TRAFFIC RULES

TRAFFIC PATTERNS; WASHINGTON NATIONAL AIRPORT

Under § 570.55 (c) of this title, operators of aircraft taking off from or landing at Washington National Airport have been required to conform with the traffic patterns established by the Administrator for Washington National Airport and published in the Airman's Guide. The purpose of this amendment is to eliminate reference to the Airman's Guide and to publish the established traffic patterns in the FEDERAL REGISTER. Since the traffic patterns are not being revised, additional burdens are not being imposed upon interested persons. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be unnecessary and therefore is not required. A new § 60.18–7 is adopted to read:

§ 60.18–7 *Traffic patterns for Washington National Airport (CAA rules which apply to § 60.18 (d)).* Operators of aircraft taking off from or landing at Washington National Airport under VFR shall adhere to the following traffic patterns and altitudes made a part thereof unless otherwise authorized or directed by air traffic control:

(a) Traffic shall remain west of the Potomac River while in the vicinity of Washington, D. C.

(b) Flights over residential areas shall be at altitudes above 1,200 feet whenever practicable.

(c) Safe distances shall be maintained from all buildings and from all other aircraft.

(d) The minimum traffic pattern altitude shall be 1,200 feet MSL.

(e) A standard left-hand traffic pattern shall be used when winds are from northerly directions, and a standard right-hand traffic pattern shall be used when winds are from southerly directions.

(f) The Northwest Passage or the Riverdale Lane, indicated in the following traffic patterns, may be used by traffic to and from the northeast.

(g) The applicable Airport traffic pattern drawn and otherwise provided in paragraphs (h) through (o) of this section shall be used. On the drawings

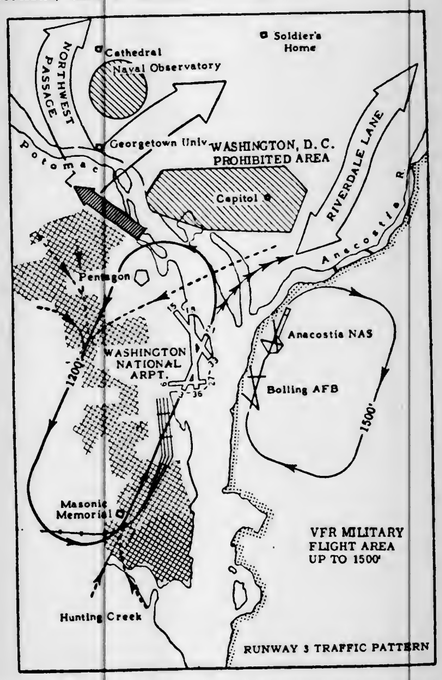
shall indicate the traffic pattern,

shall indicate the traffic pattern entry,

shall indicate the traffic pattern departure, and

shall indicate the traffic pattern with Washington tower approval.

(h) The traffic pattern for runway 3 shall be:



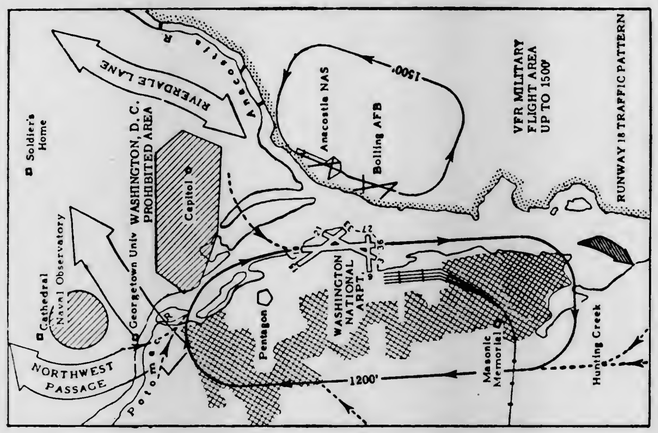
(1) An aircraft landing shall maintain at least 1,200 feet as long as practicable.

(2) An aircraft making a straight-in approach, when authorized by the Washington tower, shall maintain at least 1,200 feet until it intercepts the railroad near the Masonic Temple.

(3) An aircraft taking off shall climb to at least 1,200 feet over the Potomac River. With the approval of the Washington tower, a northeast-bound aircraft may make a right turn after taking off.

(i) The traffic pattern for runway 9 shall be specified by the Washington tower.

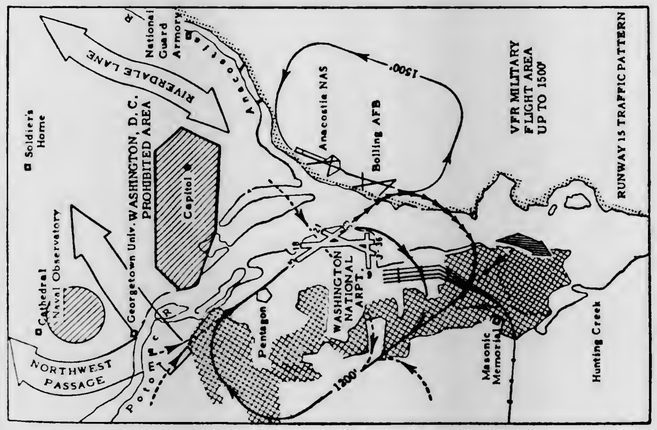
(k) The traffic pattern for runway 18 shall be:



(1) An aircraft landing shall maintain at least 1,200 feet until it turns on its base leg. It shall follow the pattern clear of the Pentagon.

(2) An aircraft taking off shall climb to at least 1,200 feet over the Potomac River.

(j) The traffic pattern for runway 15 shall be:

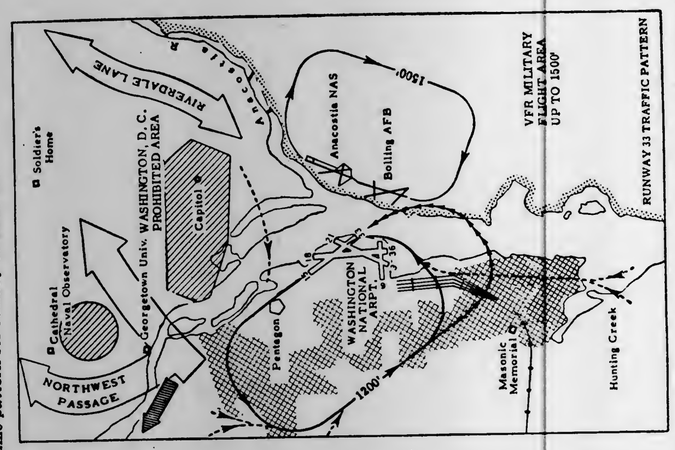


(1) An aircraft landing shall maintain at least 1,200 feet until it turns on its base leg clear of the Pentagon.

(2) An aircraft making a straight-in approach, when authorized by the Washington tower, shall maintain 1,200 feet as long as practicable.

(3) An aircraft taking off shall climb to at least 1,200 feet over the Potomac River.

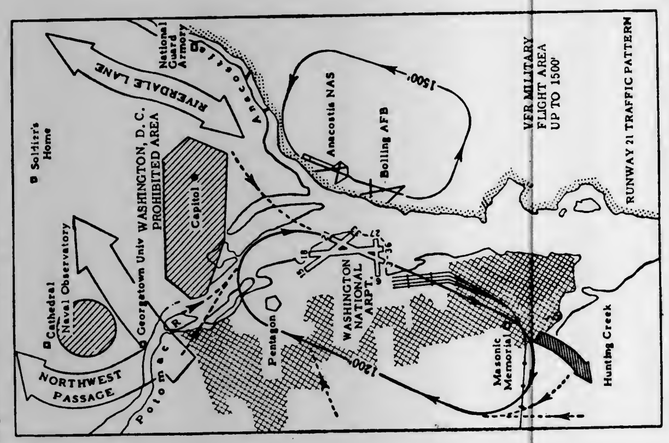
(n) The traffic pattern for runway 33 shall be:



(1) An aircraft landing shall maintain at least 1,200 feet until it is over the Potomac River.

(2) An aircraft taking off shall climb to at least 1,200 feet over the Potomac River. It shall avoid flight over the Pentagon if practicable.

(o) The traffic pattern for runway 21 shall be:



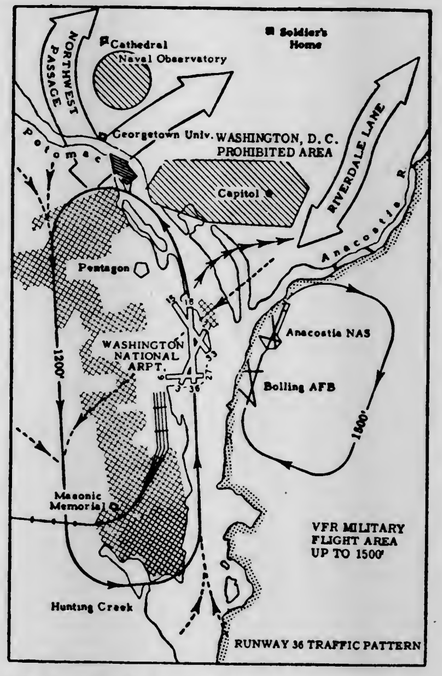
(1) An aircraft landing shall maintain at least 1,200 feet until it turns on its base leg.

(2) An aircraft making a straight-in approach, when authorized by the Washington tower, shall maintain at least 1,200 feet until it has passed the National Guard Armory.

(3) An aircraft taking off shall climb to at least 1,200 feet straight ahead.

(m) The traffic pattern for runway 27 shall be specified by the Washington tower.

(o) The traffic pattern for runway 36 shall be:



(1) An aircraft landing shall maintain at least 1,200 feet until it is over the Potomac River on its final approach.

(2) An aircraft taking off shall climb to at least 1,200 feet over the Potomac River.

(Sec. 205, 52 Stat. 984, sec. 2, 54 Stat. 688; 49 U. S. C. 425, 2 D. C. Code 1602. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective upon publication in the FEDERAL REGISTER.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 52-8579; Filed, Aug. 6, 1952; 8:45 a. m.]

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 3]

PART 570—RULES OF WASHINGTON NATIONAL AIRPORT

TRAFFIC PATTERNS

Under § 570.55 (c), operators of aircraft taking off from or landing at Washington National Airport under visual flight rules are required to conform with the traffic patterns established for Washington National Airport unless the operators are otherwise authorized by air traffic control. The purpose of this amendment is to indicate where in this title the traffic patterns established for Washington National Airport are published. This amendment does not impose additional burdens upon interested persons. Compliance with the notices, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be unnecessary and therefore is not required. Section 570.55 (c) is revised to read:

§ 570.55 *Landing and take-off rules.*

* * *

(c) Unless otherwise authorized or directed by air traffic control, landings and take-offs shall be made in conformity with the air traffic patterns prescribed by the Administrator in § 60.18-7 of this title. (The patterns are also published jointly in the Airman's Guide by Anacostia Naval Air Station, Bolling Field, and Washington National Airport.)

(Sec. 205, 52 Stat. 984, sec. 2, 54 Stat. 688; 49 U. S. C. 425, 2 D. C. Code 1602. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective upon publication in the FEDERAL REGISTER.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

[F. R. Doc. 52-8580; Filed, Aug. 6, 1952; 8:45 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade

[6th Gen. Rev. of Export Regs., Amdt. 6[1]]

PART 371—GENERAL LICENSES

PART 380—AMENDMENTS, EXTENSIONS, TRANSFERS

MISCELLANEOUS AMENDMENTS

1. Section 371.18 *Return of certain commodities imported into the United States GLR* is amended by adding thereto a new paragraph (f) to read as follows:

(f) *Exportation of commodities imported under bond for a temporary period.* United States Collectors of Customs are authorized, within their discretion, to clear for export under this General License commodities imported for a temporary period into the United States under bond in compliance with the provisions of the Tariff Act of 1930, as amended (sections 308 and 201, paragraphs 1607, 1747, 1808 and 1809): *Provided*, That:

(1) No commodities identified on the Positive List of Commodities (§ 399.1 of this subchapter) by means of a star (★) following the Schedule B number are included in an exportation under this general license; and

(2) The exportation is not destined to Hong Kong, Macao, or a Subgroup A country; and

(3) The exportation does not include commodities excluded under paragraph (a) (2) of this section.

(4) The exporter submits a written statement signed in person by the exporter or his authorized agent, and such other evidence as may be required by the collector to show that all commodities included in such exportation were imported into the United States and utilized for authorized purposes only in compliance with the terms of the bond and in accordance with the provisions of the Tariff Act of 1930.

2. Section 380.1 *Transfer of licenses* is amended to read as follows:

§ 380.1 *Transfer of licenses*—(a) *Authorization.* Export licenses shall not be transferred except by prior written authorization of the Office of International Trade. Transfer of export licenses may be effected only by amendment of the original license, except as otherwise provided in this section, and only upon request of the original licensee.

(b) *When transfer may be granted.* A transfer of a validated license may be granted in the following cases:

(1) Where the corporate or firm name of the licensee has been changed;

(2) Where the license is desired for use by a subsidiary or parent corporation of the licensee;

[1] This amendment was published in Current Export Bulletin No. 674, dated July 31, 1952.

(3) Where the entire or a substantial portion of the assets or business of the licensee has been sold or transferred;

(4) In exceptional cases, where there is proof that actual hardship will result to the holder of the license or to the purchaser in the foreign country if the request for transfer is approved.

Only one transfer of the same license will be approved under this section.

(c) *Information from transferor*—(1) *Form of request.* (i) In requesting transfer of less than 15 outstanding licenses (including project licenses), the licensee must submit (*a*) a completed Form IT–763, "Request for and Notice of Amendment Action," in triplicate for each license(s), (*b*) the original license(s) if held by the licensee, (*c*) a signed letter from the person or firm to whom the license(s) is to be transferred as required by paragraph (d) of this section, and (*d*) the additional proof required by subparagraph (2) of this paragraph. When setting forth reasons for the requested transfer in Item 10 of Form IT–763, the licensee shall also state whether or not any consideration has been or will be paid for the transfer. The name and address of the proposed transferee shall be shown in Item 12 of Form IT–763.

If the original license(s) is being held by a collector of customs at the time the licensee submits the request for transfer, he must show in Item 11 of Form IT–763, the address of the collector of customs with whom the original license(s) has been deposited. Also, in such cases, the licensee must submit an additional triplicate (yellow) copy of Form IT–763, "Notice to Applicant," showing in Item 4 of one copy the name and address of the original licensee and on the additional copy the name and address of the person to whom the license is to be transferred. This additional triplicate (yellow) copy of Form IT–763 will be used for notifying the transferee of the action taken.

(ii) Where the licensee requests a transfer of fifteen or more outstanding licenses, the request must be made in the form of a letter setting forth the following:

(*a*) Either a list of the OIT case numbers and outstanding license numbers or a statement that all outstanding licenses in the name of the licensee are to be transferred and indicating the number of such outstanding licenses;

(*b*) A listing showing the OIT case numbers of applications for export licenses pending in OIT which are to be transferred;

(*c*) The name and address of the proposed transferee;

(*d*) Facts necessitating transfer;

(*e*) A statement of whether or not any consideration has been or will be paid for the transfer.

(2) *Additional proof.* In addition to the information required under paragraph (c) (1) of this section, the original licensee must identify by name the legal document (certificate, agreement, etc.) or other authority by which the new firm name is legally established, the new corporation or firm created, or the assets transferred, showing the effective date of such document, and the state where filed or recorded.

(d) *Information from transferee.* When the request for transfer from the original license is made for the reason stated in paragraph (b) (2), (3) and (4) of this section, it must be accompanied by a signed letter from the person to whom transfer is to be made stating:

(1) That the transferee certifies that the legal document or authority under which the change of exporter is effected authorizes or imposes the responsibility on the transferee of accepting and fulfilling the legal and contractual obligation of the transferor under the transactions covered by the licenses to be transferred;

(2) Whether any consideration has been or will be paid for the transfer;

(3) That the transferee has an order (or an accepted order, where commodity is subject to the accepted order requirement) from the foreign purchaser named on the license for the commodities described thereon.

(e) *Notification*—(1) *Notification of amendment action.* On an approved request for the transfer of less than fifteen licenses the Office of International Trade will validate all copies of Form IT–763 by imprinting in the space headed "Validation" a facsimile of the Department of Commerce seal followed by a five-digit number representing the date of validation. The duplicate will be forwarded as the official notice of amendment to the collector of customs designated in Item 11, the triplicate will be forwarded to the individual named in Item 4 of IT–763. If the request is rejected, the reasons therefor will be indicated in the upper right-hand corner, and the triplicate copy returned to the applicant.

(2) *Blanket authorization and notification of clearance.* Upon approval of a request by the licensee to transfer fifteen or more outstanding licenses, the Office of International Trade will issue a blanket authorization and notification to collectors of customs that shipments may be cleared for export against such licenses when presented by the transferee. The transferor and transferee will be notified by letter of the blanket authorization.

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR 1945 Supp; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR 1948 Supp.)

This amendment shall become effective as of July 31, 1952.

KARL L. ANDERSON,
Acting Director,
Office of International Trade.

[6th Gen. Rev. of Export Regs., Amdt. P. L. 5[1]]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

CASTOR OIL, SUGAR, AND MOLASSES

Section 399.1 *Appendix A—Positive List of Commodities* is amended in the following particulars:

1. The following revisions are made in commodity descriptions:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
224901	Vegetable oils (except essential) and fats, crude: Castor oil, commercial (including sulfonated, n. e. c.) (report medicinal grade in 811100).[1]	Lb.	FATS	250	RO

[1] The above entry is substituted for the entry presently on the Positive List under Schedule B No. 224901. The effect of this revision is to clarify the coverage of the entry and makes no substantive change.

This part of the amendment shall become effective as of July 31, 1952.

2. The following commodities are added to the Positive List:

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
823850	Textile specialty compounds: Castor oil, sulfonated	Lb.	FATS	250	RO
823900	Tanning specialty compounds: Castor oil, sulfonated	Lb	FATS	250	RO

This part of the amendment shall become effective as of 12:01 a. m., August 7, 1952.

3. The following commodities are deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity
161905	Sugar.
162910	Molasses, inedible (report edible molasses in 163100).

This part of the amendment shall become effective as of July 31, 1952.

Shipments of any commodities removed from general license to Country Group R or Country Group O destinations as a result of changes set forth in Part 2 of this amendment, which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., August 7, 1952, may be exported under the previous general license provisions up to and including August 30, 1952. Any such shipment not laden aboard the exporting carrier on or before August 30, 1952, requires a validated license for export.

[1] This amendment was published in Current Export Bulletin No. 674, dated July 31, 1952.

(Sec. 3, 63 Stat. 7; 65 Stat. 43; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

KARL L. ANDERSON,
Acting Director,
Office of International Trade.

TITLE 32—NATIONAL DEFENSE

Subtitle A—Office of the Secretary of Defense

PART 25—RELEASE AND AUTHENTICATION OF COPIES OF OFFICIAL RECORDS

Sec.
25.1 Purpose and authority.
25.2 Definition.
25.3 Applicability.
25.4 Exemptions and conditions.
25.5 Terms and conditions.
25.6 Responsibilities.
25.7 Authentication.

AUTHORITY: §§ 25.1 to 25.7 issued under 61 Stat. 499, as amended; 5 U. S. C. 171–172j.

§ 25.1 *Purpose and authority.* The purpose of this part is to provide the policies and procedures within the Department of Defense, exclusive of the three military departments, governing (a) the release of copies of official records which may be made available to persons properly concerned, and (b) the authentication under the seal of the Department of Defense of copies of official records, as required. These instructions are consistent with section 506 (a) of the Federal Records Act of 1950, the Administrative Procedures Act, 60 Stat. 238, 5 U. S. C. 1002, and section 882 of the Revised Statutes of the United States of America.

§ 25.2 *Definition.* The term "official records", as used in this part, includes all papers, books, maps, photographs, and other documentary material regardless of physical form or characteristics made or received in the Department of Defense, exclusive of the three military departments in pursuance of Federal law or in connection with the transaction of business as evidence of the organization, functions, policies, decisions, procedures or other activities because of the informational value of the data contained therein.

§ 25.3 *Applicability.* The provisions of this part apply to requests or orders directed to the Secretary of Defense for the release and/or authentication of copies of official records of the Department of Defense, exclusive of the three military departments for the purposes stated in this section. Requests for the release and/or authentication of official records from the military departments should be addressed to the department concerned.

(a) Official use of other departments, agencies or bureaus of the Federal Government.

(b) Use in courts of record in cases of private litigation.

(c) Use in courts of record in criminal prosecutions in which the United States of America is not a party.

(d) Use of other party or parties submitting the request.

Nothing contained in this section shall be construed to require authentication of Department of Defense directives, orders, or other similar documents required in the day-to-day internal operation and management of the Department of Defense including the three military departments.

§ 25.4 *Exemptions and conditions*—(a) *Original copies.* Requests for original copies of official records shall not be honored.

(b) *Confidential material.* Confidential material, as defined in the Administrative Procedure Act, section 3 S, 60 Stat. 238, 5 U. S. C. 1002, and other appropriate statutes, shall not be released.

(c) *Personnel records.* Individual personnel records may be released only in accordance with the provisions of Federal Personnel Regulations.

(d) *Classified security information.* Classified security information shall be released only when permitted under the provisions of Executive Order 10290 and appropriate agency security regulations or when approved by the head of the agency or his designated representative.

§ 25.5 *Terms and conditions*—(a) *General.* Requests or orders for the release of and/or authentication of copies of official records must be addressed to the Secretary of Defense and must describe the records in sufficient detail to identify the particular record desired without question.

(b) *Government requests.* (1) Requests from departments, agencies and bureaus of the Federal Government must be made over the signature of the head of the agency.

(2) Requests from committees or subcommittees of Congress must be made over the signature of the chairman of the main committee unless power of issuing subpoenas is conferred on the chairman of the subcommittee in the resolution establishing the subcommittee.

(3) Requests by individual members of the Congress must be made over the signature of the member making the request.

(c) *Orders from a court of record*—(1) *Criminal cases.* The court order or certificate must recite that the information requested is essential to the issues of the case and to the proper administration of justice. The order or certificate must bear the seal of the court in which the case is to be tried.

(2) *Private litigation.* The court order or certificate must recite that the information requested is essential to the issues of the case and to the proper administration of justice. When personnel records are involved the order or certificate must recite that the person whose records are requested or his attorney has been given notice of the application for such order of the court and an opportunity to be heard thereon. Personnel records when received by the court will be impounded with the Clerk of the Court and will not be opened or subject to inspection prior to the trial except with the consent of the individual whose records are involved, or his attorney. Furthermore, the order or certificate must bear the seal of the court in which the case is to be tried.

(3) *A request of an individual.* A request for official records by an individual must be subscribed and sworn to before a Notary Public or other official authorized by law to administer oaths or affirmations. The request must specifically state the need for the copy or copies of authenticated records, and the purpose or purposes for which the record or records are to be used.

§ 25.6 *Responsibilities.* The Director of Administration is responsible for controlling the release of and releasing, when appropriate, copies of official records pursuant to the provisions of this regulation. He is also responsible for authenticating copies of official records, when necessary.

§ 25.7 *Authentication.* The Director of Administration, Office of the Secretary of Defense, is hereby designated as the custodian of the Department of Defense seal. Only the Director of Administration or Acting Director of Administration, or the Assistant to the Director of Administration acting in his behalf, are authorized to attest to the authenticity of official records under the Department of Defense seal.

This regulation is effective July 31, 1952.

ROBERT A. LOVETT,
Secretary of Defense.

JULY 31, 1952.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 34, Amdt. 8 to Supplementary Regulation 3]

CPR 34—SERVICES

SR 3—APPROVAL OF CERTAIN AUTOMOTIVE AND FARM TRACTOR REPAIR SERVICE FLAT RATE MANUALS

APPROVAL OF ADDITIONAL FLAT RATE MANUALS AND LABOR SCHEDULES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 8 to Supplementary Regulation 3 (16 F. R. 8828) to Ceiling Price Regulation 34, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment adds various flat rate manuals and labor schedules and supplements thereof to the list of approved flat rate manuals and labor schedules in

section 2 of Supplementary Regulation 3 to Ceiling Price Regulation 34.

The Statements of Consideration which accompanied Supplementary Regulation 3 to Ceiling Price Regulation 34, and Amendment 1 to that regulation are equally applicable to this amendment and are incorporated herein by this reference.

The character of the approval granted by this amendment made it impracticable and unnecessary to consult formally with representatives of the industry and trade associations although in each instance representatives of the publishers of the manuals were consulted and consideration was given to their recommendations. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

Supplementary Regulation 3 to Ceiling Price Regulation 34 is amended in the following respects:

1. Section 2 is amended by adding after paragraph (nn), paragraphs (oo) to (qq) inclusive, as follows:

(oo) 1952 Supplement to Hudson 480–490–500 and "A" Series, Flat Rate Manual.

(pp) 1950–51–52 Buick Body Flat Rate Manual.

(qq) 1952 Oldsmobile Flat Rate Manual.

2. Appendices OO to QQ are added after Appendix NN as follows:

APPENDIX OO

This is the "Notice" for the 1952 Supplement to Hudson 480–490–500 and "A" Series, Flat Rate Manual.

NOTICE

You are permitted by OPS to use this Manual, and you must use the Supplement, to arrive at your ceiling price for a given job:

If—

(1) You use the computation table printed in the back part of the 1951 manual to compute the ceiling price for each job, by multiplying the time allowance of each operation by your customers' hourly rate, which you charged in the base period, December 19, 1950, to January 25, 1951, inclusive; and

(2) Your present ceiling price for that job, as determined under section 5 of Ceiling Price Regulation 34, is not a "fixed charge" which is lower than the price you determined by the use of this Manual (a fixed charge is a charge not computed on the basis of the hourly rate. Examples: Minor tune-up, all Blank Models, $------, Relining brakes on 1951 Blank Cars, $------); and

(3) Where you did not use a previous edition of this Manual for the job during the base period, the supplementary statement which you file shows that such job is included among those jobs for which you will hereafter determine your ceiling price by the use of this Manual. (You must file with your District OPS Office in accordance with section 18 of Ceiling Price Regulation 34 a statement of your intention to use all or any part of this Manual for determining your ceiling price of any of your jobs for which you did not use an earlier edition of this Manual during the base period December 19, 1950, to January 25, 1951, inclusive.)

(4) The notice which you post in your place of business, within ten days after you begin to use this Manual, states that such job is included among the jobs for which you will hereafter determine your ceiling price by the use of this Manual. (You must file with your District OPS Office in accordance with section 18 of Ceiling Price Regulation 34 a statement of your intention to use all or any part of this Manual for determining your ceiling price of any of your jobs for which you did not use an earlier edition of this Manual during the base period December 19, 1950, to January 25, 1951, inclusive.)

Important. In case you are in doubt about your ceiling prices, consult your OPS District Office.

This notice must be attached to your manual.

APPENDIX PP

This is the "Notice" for the 1950–51–52 Buick Body Flat Rate Manual.

NOTICE

You are permitted by OPS to use this Manual to arrive at your ceiling price for a given job:

If—

(1) You use the Labor Conversion Table at the back of the Manual to compute the ceiling price for each job by multiplying the time allowance of each operation by your customers' hourly rate, which you charged in the base period, December 19, 1950, to January 25, 1951, inclusive; and

(2) Your present ceiling price for that job, as determined under section 5 of Ceiling Price Regulation 34, is not a "fixed charge" which is lower than the price you determined by the use of this Manual (a fixed charge is a charge not computed on the basis of the hourly rate. Examples: Minor tune-up, all Blank Models, $------, Relining brakes on 1951 Blank Cars, $------); and

(3) Where you did not use a previous edition of this Manual for the job during the base period, the supplementary statement which you file shows that such job is included among those jobs for which you will hereafter determine your ceiling price by the use of this Manual. (You must file with your District OPS Office in accordance with section 18 of Ceiling Price Regulation 34 a statement of your intention to use all or any part of this Manual for determining your ceiling price of any of your jobs for which you did not use an earlier edition of this Manual during the base period December 19, 1950, to January 25, 1951, inclusive.)

(4) The notice which you post in your place of business, within ten days after you begin to use this Manual, states that such job is included among the jobs for which you will hereafter determine your ceiling price by the use of this Manual. (You must file with your District OPS Office in accordance with section 18 of Ceiling Price Regulation 34 a statement of your intention to use all or any part of this Manual for determining your ceiling price of any of your jobs for which you did not use an earlier edition of this Manual during the base period December 19, 1950, to January 25, 1951, inclusive.)

Important: In case you are in doubt about your ceiling prices, consult your OPS District Office.

This notice must be attached to your manual.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 8 to Supplementary Regulation 3 to Ceiling Price Regulation 34 shall be effective on August 11, 1952.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 6, 1952.

[F. R. Doc. 52-8789; Filed, Aug. 6, 1952; 4:00 p. m.]

[General Overriding Regulation 8, Amdt. 6]

GOR 8—PAPER, PAPERBOARD, CONVERTED PAPER AND PAPERBOARD PRODUCTS, ALLIED PRODUCTS AND SERVICES

EXEMPTION OF MANUFACTURERS' SALES OF LINERS FOR METAL OR PLASTIC BOTTLE CAPS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Agency Order No. 2, this Amendment 6 to General Overriding Regulation 8 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from price controls manufacturers' sales and deliveries of liners for metal or plastic bottle caps. These liners include, but are not limited to, paperboard or cork laminated with foil or paper facing and used to line the top inside portion of metal or plastic bottle caps.

The Laminated Bottle Cap Board Industry consists of six manufacturers, two of whom produce almost entirely for their own consumption. All six are located in the Eastern part of the United States and supply the entire United States. The total industry sales in 1950 approximated 6 million dollars.

Bottle cap liners are produced by laminating foil, coated paper and other materials to various types and thicknesses of cork and paperboard backing material. These combinations are sold in several forms such as full width jumbo rolls, narrow strip rolls or discs. By combining the various types of papers, foils, and films to more than thirty backing boards and giving these combinations various types of wax and plastic coatings or sub-backings, many hundreds of different combinations are produced.

Ceiling prices for this industry as established under CPR 133 permitted each manufacturer to apply a uniform factor of 8.6 percent to his GCPR price for each metal or plastic cap liner item. The calculation of this adjustment factor was devised to equal the average percentage change in direct costs for the industry under CPR 22. However, the application of the stated adjustment factor to all items resulted in ceiling price increases which were unwarranted in some instances and inadequate in others due to the wide range of raw material cost increases for each item subsequent to June, 1950.

The exemption of liners for metal or plastic bottle caps will not materially affect the cost of living nor add to the cost of the defense effort. It will permit an overall adjustment of prices by individual manufacturers involving price increases and decreases which will result in a level of prices approximately the same as that under CPR 133. These liners are an insignificant cost factor to the bottler, and any increases will necessarily be moderate due to the ease with which bottlers can equip their plants to produce liners for their own use. It will not be likely to result in a diversion of manpower or materials from more essential uses or cause difficulty in maintaining controls in other areas. Moreover, the nature of the product is such that the establishment and continuance of control would present administrative and enforcement difficulties for the Office of Price Stabilization out of all proportion to any possible gain from a stabilization viewpoint. Therefore, it has been determined that manufacturers' sales of liners for metal or plastic bottle caps should be exempt from price control.

This amendment also changes the language of the introductory paragraph of section 1 (a) on exemptions to clearly establish this regulation as the sole authority with respect to what paper, paperboard, converted paper and paperboard products, allied products and services are exempt from price control.

In view of the foregoing circumstances, the Director of Price Stabilization finds that Amendment 8 to General Overriding Regulation 8 is generally fair and equitable and consistent with the purposes of Title IV of the Defense Production Act of 1950, as amended. In the formulation of this regulation there has been consultation with industry representatives to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 8 is amended in the following respects:

1. That part of section 1 (a) preceding subparagraph (1) thereof is amended to read as follows:

(a) *Exemptions.* No price regulation issued by the Office of Price Stabilization shall apply to the following commodities or services.

2. Section 1 (a) is amended by the addition of subparagraph (5) to read as follows:

(5) Manufacturers' sales of liners for metal or plastic bottle caps.

3. Section 2 (a) is amended by the addition of subparagraph (8) to read as follows:

(8) "Liners for metal or plastic bottle caps" means paper, paperboard or cork, used alone or laminated with other material to line completely the inside top portion of continuous thread or lug type metal or plastic caps for containers, regardless of the contents of the containers. Prior hereto, the sale of these liners was governed by CPR 133 which did not, nor does this suspension, include liners for crown seal closures used largely for bottled beverages, such as beer and soft drinks.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 6 to General Overriding Regulation 8 shall become effective August 6, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 6, 1952.

[F. R. Doc. 52-8790; Filed, Aug. 6, 1952; 4:00 p. m.]

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-1, Direction 6, Amdt. 1 of Aug. 6, 1952]

M-1—IRON AND STEEL

DIR. 6—ACCEPTANCE OF DEFENSE ORDERS IN RESERVED SPACE DURING FOURTH QUARTER

RESERVE SPACE CHANGE

This amendment to Direction 6 dated August 1, 1952, to NPA Order M-1, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950 as amended. In the formulation of this amendment, there was consultation with industry representatives, including trade association representatives, and consideration was given to their recommendations.

This amendment affects Direction 6 dated August 1, 1952, to NPA Order M-1 by adding a sentence at the end of section 3.

1. Section 3 of Direction 6 to NPA Order M-1 is amended to read as follows:

SEC. 3. *Reserve space change.* Subparagraph (1) of paragraph (a) of section 8 of NPA Order M-1 and paragraph (e) of section 8 of NPA Order M-1 (contained in said Amendment 1), among other things, require each producer to reserve an amount of space on his books until the commencement of the 15-day period immediately preceding the commencement of lead time for the particular product involved and during such 15-day period to accept orders with precedence given to the order first received. With respect to authorized controlled material orders (placed with fourth quarter allotments) bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, for controlled steel mill products having a normal lead time of 45 days, said 15-day period is eliminated for October 1952 deliveries and is changed to a 7-day period for November 1952 deliveries. Accordingly, such orders for October 1952 deliveries may be placed in the reserved space up to August 31, 1952, and for November 1952 deliveries up to September 8, 1952. With respect to authorized controlled material orders (placed with fourth quarter allotments) bearing a program identification consisting of the letter A, B, C, or E, and one digit (including the program identification B–5 where it appears as a suffix), or the program identification Z–2, for controlled steel mill products having a normal lead time of 75 days, said 15-day period is eliminated for November 1952 deliveries, and for orders bearing any one of the aforementioned program identifications for products having a normal lead time of 60 days, said 15-day period is changed to a 7-day period for November 1952 deliveries.

(64 Stat. 816, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154)

This amendment shall take effect August 6, 1952.

NATIONAL PRODUCTION AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

[F. R. Doc. 52-8783; Filed, Aug. 6, 1952; 10:14 a. m.]

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 4—DEPENDENTS AND BENEFICIARIES CLAIMS

CAUSE OF DEATH, PRINCIPAL OR CONTRIBUTORY

Section 4.19 is revised to read as follows:

§ 4.19 *Cause of death, principal or contributory*—(a) *Basic entitlement.* The death of a veteran will be considered as having been due to a service-connected disability when the evidence establishes that such disability was either the principal or a contributory cause of death.

(1) The service-connected disability will be considered as the principal (primary) cause of death when such disability, singly or jointly with some other condition, was the immediate or underlying cause of death or was etiologically related thereto.

(2) Contributory cause of death is inherently one not related to the principal cause. In determining whether the service-connected disability contributed to death, it must be shown that it contributed substantially or materially; that it combined to cause death; that it aided or lent assistance to the production of death. It is not sufficient to show that

it casually shared in producing death, but rather it must be shown that there was a causal connection.

(3) The issue involved will be determined by exercise of sound judgment, without recourse to speculation, after a careful analysis has been made of all the facts and circumstances surrounding the death of the veteran, including, particularly, autopsy reports. If additional evidence or clarification or amplification of evidence of record is considered necessary, full development will be accomplished. This may be done by field examination, if necessary.

(b) *Factors for consideration in contributory cause of death.* (1) Generally minor service-connected disabilities, particularly those of a static nature or not materially affecting a vital organ, would not usually be held to have contributed to death primarily due to unrelated disability. In the same category there would be included service-connected diseases or injuries of any evaluation (even though evaluated as 100 percent disabling) but of a quiescent or static nature involving muscular or skeletal functions and not materially affecting other vital body functions.

(2) Service-connected diseases or injuries involving active processes affecting vital organs should receive careful consideration as a contributory cause of death, the primary cause being unrelated, from the viewpoint of whether there were resulting debilitating effects and general impairment of health to an extent that would render the person materially less capable of resisting the effects of other disease or injury primarily causing death. Where debilitation flowing from service-connected disability is held to have materially contributed to death, the specific facts as to debilitation should be cited except where the service-connected condition affects vital organs as distinguished from muscular or skeletal functions and is evaluated as 100 percent disabling, when debilitation may be assumed.

(3) There are primary causes of death which by their very nature are so overwhelming that eventual death can be anticipated irrespective of coexisting conditions but even in such cases there is for consideration whether there may be a reasonable basis for holding that a service-connected condition was of sufficient severity as to have a material influence in accelerating death. In this situation, however, it would not generally be reasonable to hold that a service-connected condition accelerated death unless such condition affected a vital organ and was of itself of a progressive or debilitating nature.

(c) *Resolution of reasonable doubt.* When, after careful consideration of all procurable and assembled data, a reasonable doubt arises as to whether a service-connected disability was the principal or contributory cause of death, such doubt shall be resolved in favor of the claimant.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707)

This regulation is effective August 7, 1952.

[SEAL] H. V. STIRLING,
Deputy Administrator.

[F. R. Doc. 52-8718; Filed, Aug. 6, 1952; 8:56 a. m.]

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

PART 192—OIL AND GAS LEASES

OFFER TO LEASE AND ISSUANCE OF LEASE

The portion of paragraph 2 of the order dated June 16, 1952 (17 F. R. 5566) relating to paragraph (d) of § 192.42, Title 43, Code of Federal Regulations, is rescinded ab initio, in order to avoid any misunderstanding with respect to the continued effectiveness of paragraph (d) of § 192.42 as amended by the order dated June 17, 1952 (17 F. R. 5615).

(Sec. 32, 41 Stat. 450; 30 U. S. C. 189)

OSCAR L. CHAPMAN,
Secretary of the Interior.

AUGUST 1, 1952.

[F. R. Doc. 52-8621; Filed, Aug. 6, 1952; 8:46 a. m.]

[Circular 1829]

PART 192—OIL AND GAS LEASES

OFFER TO LEASE AND ISSUANCE OF LEASE

Section 192.42 is amended by adding at the end thereof a new paragraph, as follows:

§ 192.42 *Offer to lease and issuance of lease.* * * *

(m) No lease shall be issued before final action has been taken on (1) any prior offer to lease the land, (2) any subsequent offer to lease the land that is based upon an alleged preferential right, and (3) any petition for the renewal or reinstatement of an existing or former lease on the land. If a lease is issued before final action has been taken on such an offer or petition, it shall be canceled, after due notice to the lessee, if the offerer or petitioner is found to be qualified and entitled to receive a lease on the land.

(Sec. 32, 41 Stat. 450; 30 U. S. C. 189)

R. D. SEARLES,
Acting Secretary of the Interior.

JULY 31, 1952.

[F. R. Doc. 52-8620; Filed, Aug. 6, 1952; 8:46 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—Management of Wildlife Conservation Areas

PART 33—CENTRAL REGION

SUBPART—CRAB ORCHARD NATIONAL WILDLIFE REFUGE, ILLINOIS

HUNTING

Basis and purpose. On the basis of observations and reports of officials of the Fish and Wildlife Service, it has been determined that the squirrel population on certain portions of the Crab Orchard National Wildlife Refuge, Illinois, is sufficient so that their periodic removal by controlled hunting can be permitted. This action will not interfere with the primary purpose for which the refuge was established.

Inasmuch as the following regulations are relaxations of existing regulations applicable to the Crab Orchard National Wildlife Refuge, publication prior to the effective date is not required (60 Stat. 237; 5 U. S. C. 1001 et seq.).

Effective immediately upon publication in the FEDERAL REGISTER, §§ 33.58 to 33.60, inclusive, are added:

Sec.
33.58 Hunting permitted.
33.59 Entry.
33.60 Special restrictions.

AUTHORITY: §§ 33.58 to 33.60 issued under sec. 10, 45 Stat. 1224; 16 U. S. C. 715i.

§ 33.58 *Hunting permitted.* Until further notice the controlled public hunting of squirrels is permitted on Area II of the Crab Orchard National Wildlife Refuge in accordance with State law and regulation, at such times and under such restrictions as are determined annually by the officer in charge of the Crab Orchard National Wildlife Refuge to be in accord with the proper management of wildlife on the refuge, subject to the provisions of Parts 18 and 21 of this chapter and of §§ 33.59 and 33.60.

§ 33.59 *Entry.* Entry on and use of the refuge for participation in the controlled squirrel hunt shall be in accordance with the regulations in Parts 18 and 21 of this chapter and such special requirements as may be issued pursuant to § 33.58, and strict compliance therewith is required.

§ 33.60 *Special restrictions.* The season may be suspended on all or parts of the refuge by the officer in charge when, in his judgment, such action is necessary for the protection of wildlife populations on the area, or for the carrying out of official operations in the area.

Dated: August 1, 1952.

O. H. JOHNSON,
Acting Director.

[F. R. Doc. 52-8615; Filed, Aug. 6, 1952; 8:45 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 986]

HOPS GROWN IN OREGON, CALIFORNIA, WASHINGTON, AND IDAHO, AND HOP PRODUCTS PRODUCED THEREFROM IN THESE STATES

SALABLE QUANTITY OF 1952 CROP HOPS

Notice is hereby given that the Department is considering the issuance of the proposed administrative rule herein set forth pursuant to provisions of Marketing Agreement No. 107, as amended, and Order No. 86, as amended, regulating the handling of hops grown in Oregon, California, Washington, and Idaho, and of hop products produced therefrom in these States (17 F. R. 6626), effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Prior to the issuance of such administrative rule consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing to the Director, Fruit and Vegetable Branch, Production and Marketing Administration, U. S. Department of Agriculture, Washington, D. C., and which are received not later than the close of business on the tenth day after the date of publication of this notice in the FEDERAL REGISTER, except that, if such tenth day after publication should fall on a holiday, Saturday, or Sunday, such submission may be received by the Director not later than the close of business on the next following work day.

Pursuant to provisions of the aforesaid amended agreement and amended order the Hop Control Board, the administrative agency thereunder, has transmitted to the Secretary of Agriculture its estimates relating to hop stocks and consumptive demand for hops, and has recommended that the salable quantity of 1952 crop hops be fixed at 39,200,000.

In arriving at the salable quantity which it has recommended the Board estimated consumptive demand for the 12 months beginning September 1, 1952, at 45,905,000 pounds, comprised of domestic usage for brewing, 35,805,000 pounds, other domestic usage, 600,000 pounds, and exports, 9,500,000 pounds. It estimated that hop stocks would decrease by 3,000,000 pounds during the period and that 1952 production in areas outside of the production area would be 105,000 pounds. The Board estimated that imports during the 12 months beginning September 1, 1952, would be 3,600,000 pounds which, subtracted from its estimate of consumptive demand, as adjusted for the estimated decrease in hop stocks and 1952 production outside of the production area, results in a quantity of 39,200,000 pounds, the salable quantity which the board recommends be supplied from 1952 crop hops produced in the production area.

On the basis of the foregoing data and of other pertinent data of hop supplies and usage, it is proposed to accept the Board's recommendation of the salable quantity of 1952 crop hops.

Therefore, such proposed administrative rule is as follows:

§ 986.204 *Salable quantity of 1952 crop hops.* The maximum quantity of hops produced during 1952 which may be handled in the form of hops and in the form of any hop product shall be 39,200,000 pounds (net dry weight).

Issued at Washington, D. C., this 1st day of August 1952.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Branch.

[F. R. Doc. 52-8722; Filed, Aug. 6, 1952; 8:57 a. m.]

CIVIL AERONAUTICS BOARD

[14 CFR Parts 40, 61]

OVER-THE-TOP OPERATIONS

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau has under consideration proposed amendments to Parts 40 and 61 of the Civil Air Regulations as hereinafter set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted in duplicate to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. In order to insure their consideration by the Board before taking further action on the proposed rules, communications must be received by August 22, 1952. Copies of such communications will be available after August 26, 1952, for examination by interested persons at the Docket Section of the Board, Room 5412, Commerce Building, Washington, D. C.

At the present time Part 61 of the Civil Air Regulations provides that scheduled air carrier aircraft may not fly lower than the pertinent minimum en route altitude for the route being traversed while on an instrument flight plan. Authority has been delegated to the Administrator to establish lower over-the-top minimum en route altitudes than those specified by him for regular instrument operations. This authority has not been exercised since it was believed that more than one published minimum en route altitude for a particular route segment would cause confusion and that a more realistic approach was required.

Authorization for such over-the-top operations requires consideration of several matters. It is considered that such an operation could be conducted in accordance with all the requirements of the instrument flight rules except that the airplane should be flown not less than 1,000 feet above the top of the cloud layer. Complete IFR instrumentation would be required, and alternate airport requirements and IFR gas loads would also have to be complied with. In addition, visibility at flight altitude should be unlimited, and there should be no clouds above the flight altitude.

Accordingly, it is proposed to amend Part 61 and the proposed revised Part 40 to allow scheduled air carriers to conduct over-the-top operations at altitudes below the approved minimum en route altitude for IFR operations, provided that (1) all other requirements for instrument flight are complied with, (2) the airplane be flown at an altitude at least 1,000 feet above the top of the clouds, and (3) the visibility at flight altitude be in excess of 15 miles and there be no other clouds above the top of the cloud deck over which the flight is conducted. In addition to these particular changes it may be necessary to amend the instrument approach provisions to conform to the procedures hereby authorized.

These amendments are proposed under the authority to Title VI of the Civil Aeronautics Act of 1938, as amended. The proposal may be changed in the light of comments received in response to this notice of proposed rule making.

(Sec. 205 (a), 52 Stat. 984; 49 U. S. C. 425 (a). Interpret or apply secs. 601–610, 52 Stat. 1007–1012; 49 U. S. C. 551–560; 62 Stat. 1216)

Dated: August 1, 1952, at Washington, D. C.

By the Bureau of Safety Regulation.

[SEAL] JOHN M. CHAMBERLAIN,
Director.

[F. R. Doc. 52-8720; Filed, Aug. 6, 1952; 8:56 a. m.]

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 440]

UNIFORM SYSTEM OF ACCOUNTS FOR FREIGHT FORWARDERS

PROVISION FOR UNCOLLECTIBLE ACCOUNTS

JULY 24, 1952.

Having under consideration provision which the accounting regulations should make for uncollectible accounts receivable, the Commission by Division 1 has approved modification of the text of account 412, Provision for Uncollectible Accounts, by adding the following as the second paragraph of that text:

This account shall also be charged with amounts determined to be uncollectible when no reserves are provided for doubtful accounts.

Any interested person may on or before August 29, 1952, file with the Commission written views or arguments to be considered in this connection, and may request oral argument thereon. Unless otherwise decided after consider-

ation of representations so received, an order will be entered making the said modification effective October 1, 1952.

[SEAL] W. P. BARTEL,
Secretary.

NOTICES

DEPARTMENT OF STATE

[Public Notice 113]

ORGANIZATION

TECHNICAL COOPERATION ADMINISTRATION

By virtue of authority vested in me by Executive Order 10159, dated September 8, 1950 (15 F. R. 6103), prescribed under authority of the Act for International Development (64 Stat. 204; 22 U. S. C. Supp. 1557-1557o), and in accordance with the requirements of section 3 (a) (1) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1002), I hereby amend Public Notice 34 (15 F. R. 1461) by adding the following organizational unit:

TECHNICAL COOPERATION ADMINISTRATION

a. The Technical Cooperation Administration will be responsible, under the general direction of the Secretary of State, for administering the provisions of the Act for International Development, as amended.

b. The Administrator of the Technical Cooperation Administration shall, except as hereinafter provided, perform the functions and exercise those powers relating to the administration of the technical cooperation program vested in the President by the Act for International Development, as amended, and delegated to the Secretary of State. He shall be responsible for the planning, execution, and evaluation of all technical cooperation programs under this act.

c. The Administrator shall have authority to issue regulations governing the administration and operations of the technical cooperation programs. Existing regulations prescribed by the Administrator shall continue in effect until modified or superseded by regulations of the Administrator issued hereunder.

d. In each country in which United States technical cooperation programs are administered by the Technical Cooperation Administration, the Administrator shall appoint, with the concurrence of the regional bureau concerned, a country director for technical cooperation who will be responsible, under the general supervision of the chief of mission, for developing an integrated country program, directing program operations, and evaluating program results.

e. The chief of mission will be responsible for assuring that technical cooperation programs are developed and operated in accordance with, and contribute to, the furtherance of United States policies and objectives and shall accordingly review and approve proposed programs prior to submission to the Department.

f. The regional bureaus will provide policy guidance and participate in the formulation of criteria and assumptions for use in the development of country programs. The Technical Cooperation Administration will submit country programs and Point 4 agreements to be negotiated by chiefs of diplomatic missions with foreign governments to the regional bureaus for review and concurrence prior to approval by the Administrator to insure that the programs are in accordance with United States policies and objectives.

g. The Administrator shall be responsible for coordinating with and securing the advice, assistance, or concurrence, as appropriate, of the Bureaus of United Nations Affairs and Inter-American Affairs with respect to technical assistance programs of international organizations; the economic area with respect to overall economic development and financial policies; the intelligence area; and the administrative services and facilities of the Department. These units of the Department are hereby authorized and directed to provide such advice and assistance.

h. The Institute of Inter-American Affairs shall be administered as an integral part of the Technical Cooperation Administration as its regional office for the conduct of programs in the other American republics.

i. The Administrator shall have authority to arrange for the participation by other agencies of the Government of the United States and other public and private organizations in the administration of the Act for International Development, as amended. The Interdepartmental Advisory Council on Technical Cooperation shall continue to perform its function of advising the Administrator, who shall continue to serve as its chairman.

This notice shall be effective as of November 6, 1951, and as of that date shall supersede Public Notice 66, of November 27, 1950 (15 F. R. 8223).

[SEAL] DEAN ACHESON,
Secretary of State.

JULY 29, 1952.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

ALASKA

SMALL TRACT CLASSIFICATION ORDER NO. 62

AUGUST 1, 1952.

1. Pursuant to the authority delegated to me under section 2.21 of Order No. 1, Bureau of Land Management, Region VII, approved by the Acting Secretary of the Interior August 20, 1951 (16 F. R. 8625), I hereby classify as hereinafter indicated under the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. Sec. 682a), as amended, the following described public lands in the Anchorage, Alaska, Land District:

BIG LAKE UNIT NO. 3

FOR LEASE AND SALE

For Cabin Sites

Seward Meridian:
T. 17 N., R. 4 W.
Sec. 25: Lots 1, 2, 3, 4, 5, 6, 7, 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 21, 22, 23, 26.
Sec. 26: Lots 3, 4, 5, 6, 8, 9, 10, 11, 12, 16, 19, 20, 23, 25, 26, 27, 28, 30, 31, 32, 33, 34, 35, 36.
Sec. 27: Lots 4, 6, 9, 13, 15, 17, 18, 19, 21, 22, 23, 24, 25, W½SE¼.
Sec. 34: Lots 2, 3, 4, 5, 6.
Sec. 35: Lots 3, 4, 5, 6, 7, 8, 9, 10, 11, 13, 14, 15, 16, 19, 20, 21, 24, 28, 31, 32, 33, 34, 36, SW¼SW¼.

The above described lands comprise 110 tracts aggregating approximately 524.27 acres.

2. The lands are located along the shoreline of the western portion of Big Lake and three smaller lakes adjacent to Big Lake on the west and south. The area lies approximately 90 miles by automobile in a northerly direction from Anchorage via primary and secondary roads and is accessible throughout most of the year. Of the above tracts, 48 abut on Big Lake; 52 are one or two tiers removed from Big Lake; and the remainder abut on Mud Lake, Flat Lake, and a small unnamed lake to the south of Big Lake. Situated for the most part on well-drained minor uplands, the lands support a vegetative cover of mixed stands of birch, spruce, and aspen. Adequate water for domestic uses may be obtained from wells and sewage disposal may be made by the use of cesspools or privies. No public utilities are available in the area at the present time. The climate is a favorable combination of the temperate coastal climate of south central Alaska and the extreme continental climate of interior Alaska.

3. This classification order shall not become effective to change the status of the land or to permit the leasing thereof under the Small Tract Act of June 1, 1938, cited above, until 10:00 a. m. on August 21, 1952. At that time the land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application as follows:

(a) *Ninety-one day period for preference right filings.* For a period of 91 days from 10:00 a. m. on August 21, 1952, to close of business November 19, 1952, inclusive, to (1) application under the Small Tract Act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279, 282), as amended, and by other qualified persons entitled to credit for service under the said act, subject to the requirements of applicable law, and (2) applications under any applicable public land laws, based on prior existing valid settlement and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans and by other persons entitled to credit for service shall be subject to claims of the classes described in subdivision (2).

(b) *Advance period for simultaneous preference right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans and filed on August 1, 1952, or thereafter, up to and including 10:00 a. m. on August 21, 1952, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public land laws.* Commencing at 10:00 a. m. on November 20, 1952, any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally.

(d) *Advance period for simultaneous non-preference right filings.* Applications under the Small Tract Act by the general public filed on October 31, 1952, or thereafter, up to and including 10:00 a. m. on November 20, 1952, shall be treated as simultaneously filed.

4. A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claim. Persons asserting preference rights, through settlement or otherwise, and those having equitable claim, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

5. All applications referred to in paragraphs 3 and 4, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent that such regulations are applicable. Applications under the Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of Title 43 of the Code of Federal Regulations.

6. Lessees under the Small Tract Act of June 1, 1938, will be required, within a reasonable time after execution of the lease, to construct upon the leased land, to the satisfaction of the appropriate officer of the Bureau of Land Management authorized to sign the lease, improvements which, in the circumstances, are presentable, substantial, and appropriate for the use for which the lease is issued. Leases will be for a period of not more than three years, at an annual rental of $5, payable in advance for the entire lease period. Every lease will contain an option to purchase clause and every lessee may file an application to purchase at the sale price as provided in the lease.

7. All of the land will be leased in tracts varying in size from approximately 1.5 to 7.5 acres, in accordance with the classification map on file in the Land Office, Anchorage, Alaska. The tracts, where possible, are made to conform in description with the rectangular system of survey, in compact units.

8. Lessees must locate any well or sewage disposal facility according to the regulations and laws of the Territory of Alaska.

9. The leases will be made subject to rights-of-way for road purposes and public utilities, of 50 feet in width, along section and/or quarter section lines and 33 feet in width along other tract boundaries, as shown on the classification maps on file in the Land Office, Anchorage, Alaska. Such rights-of-way may be utilized by the Federal Government, State, Territory, county, or municipality, or any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of the patent. If not so located, they may be subject to location after patent is issued.

10. All inquiries relating to these lands shall be addressed to the Manager, Land Office, Anchorage, Alaska.

FRED J. WEILER,
Chief,
Division of Land Planning.

GO 8—ORGANIZATION FOR SALARY STABILIZATION

AUGUST 5, 1952.

The following sections of General Order No. 8, Revised, are hereby amended as follows:

1. In section 4 *Delegation of authority*, subsection .01 is deleted and the following subsection .01 is substituted:

.01 The functions delegated to the Economic Stabilization Administrator by the provisions of part IV of Executive Order 10161 of September 9, 1950, as amended, with respect to stabilization of salaries and other compensation of persons who are employed as outside salesmen or in bona fide executive, administrative, or professional capacities, as such terms are defined in the regulation issued in pursuance of Section 13 (a) (1) of the Fair Labor Standards Act of 1938, as amended, or as supervisors, as defined by the Labor Management Relations Act, 1947, as amended, except such persons who in their relationships with their employer are represented by duly recognized or certified labor organizations (or are employed in a unit appropriate for bargaining purposes which is represented by a duly recognized or certified labor organization authorized to represent them in their relationships with their employer with reference to their salaries or wages, hours and other conditions of employment), are hereby redelegated to the Salary Stabilization Board, subject to the supervision and direction of the Economic Stabilization Administrator, under the Defense Production Act, as amended.

2. In section 5, subsection .02 is deleted.

3. In section 6, subsection .02 is deleted.

ROGER L. PUTNAM, *Administrator.*

[General Order 9, Amdt.]

GO 9—ORGANIZATION FOR RENT STABILIZATION

DELEGATION OF AUTHORITY TO DIRECTOR OF RENT STABILIZATION TO ISSUE REGULATIONS, INTERPRETATIONS, AND ORDERS TO CARRY OUT PROVISIONS OF DEFENSE PRODUCTION ACT RELATING TO HOUSING

Section 4 (a) of General Order No. 9, as amended, is amended by adding at the end thereof the following new sentence: "Effective July 1, 1952, the Director of Rent Stabilization is delegated all authority to issue regulations, interpretations and orders, and to do all things necessary to carry out the provisions of sections 407, 408 and 705 of the Defense Production Act of 1950, as amended, insofar as they relate to the Housing and Rent Act of 1947, as amended."

Office of Price Stabilization

[Delegation of Authority 11, Revision 1, Amdt. 1]

DIRECTORS OF THE REGIONAL OFFICES

DELEGATION OF AUTHORITY TO ACT DURING EPIDEMIC CONDITIONS UNDER DR 1, REVISON 1

By virtue of the authority vested in me as Director of Price Stabilization, pursuant to the Defense Production Act of 1950, as amended (64 Stat. 798, 803; 65 Stat. 131), Executive Order 10161 (15 F. R. 6105) and Economic Stabilization Agency General Order No. 5, Revised (16 F. R. 11875), this Amendment 1 to Delegation of Authority 11, Revision 1, is hereby issued.

Delegation of Authority 11, Revision 1, is amended by adding a new section 1 (g) to read as follows:

(g) To grant relief, pursuant to section 19 (c) of Distribution Regulation 1, Revision 1, in the form of permission to a registered Class 2 or Class 2A slaughterer to have swine slaughtered for him temporarily by a Class 1 slaughterer, where and for so long as epidemic conditions make such relief necessary. This paragraph is effective for the duration of the epidemic of vesicular exanthema in existence on August 1, 1952.

This Amendment 1 to Delegation of Authority 11, Revision 1, shall be effective August 5, 1952.

ELLIS ARNALL, *Director of Price Stabilization.*

[Docket No. G-1999]

NEW YORK STATE ELECTRIC & GAS CORP.

NOTICE OF APPLICATION

JULY 31, 1952.

Take notice that New York State Electric & Gas Corporation (Applicant), a New York corporation having its principal office at 108 East Green Street, Ithaca, New York, filed on July 11, 1952, an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of a pipeline and appurtenant facilities for the transportation of natural gas as hereinafter described.

Applicant proposes to construct and operate a natural-gas pipeline approximately 49 miles in length, consisting of a 10-inch section approximately 25 miles in length extending from the point of interconnection with Applicant's supplier, New York State Natural Gas Corporation, in the Town of DeRuyter, New York, to the City of Norwich, New York, and from that point an 8-inch section approximately 24 miles in length extending to the City and Town of Oneonta, New York, together with appurtenant facilities, and to sell natural gas at retail to these communities wherein Applicant presently distributes and sells manufactured gas, as well as to the Towns of Butternuts, DeRuyter, Georgetown, Morris, New Berlin, North Norwich, Norwich, Otsego, Otselic, Plymouth and Smyra, all in the State of New York. Applicant estimates that the proposed pipeline will have an hourly capacity of 450 Mcf at 200 Psi inlet pressure and that the minimum daily requirements will vary from 300 Mcf in the first year of operation to 400 Mcf in the fifth year. Applicant estimates the cost of the pipeline together with related facilities at $1,732,000, and states that it will be financed in numerous ways as part of a large expansion program.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 20th day of August 1952. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-2000]

NEW YORK STATE ELECTRIC & GAS CORP.

NOTICE OF APPLICATION

JULY 31, 1952.

Take notice that New York State Electric & Gas Corporation (Applicant), a New York corporation having its principal office at 108 East Green Street, Ithaca, New York, filed on July 11, 1952, an application for a declaratory order pursuant to section 5 (d) of the Administrative Procedure Act for a determination of its status under sections 1 and 7 of the Natural Gas Act, and, in the event Applicant is found subject to said act, then for a certificate of public convenience and necessity pursuant to section 7 of said act and to the extent required by said act, authorizing the construction and operation of a pipeline, compressor stations, and appurtenant facilities, the continued operation of certain existing pipelines, compressor stations, and appurtenant facilities, and the transportation and sale of natural gas all as hereinafter described.

Applicant proposes to construct and operate the following facilities, all in the State of New York: A 10-inch pipeline approximately 9½ miles in length extending from Auburn to Seneca Falls and looping Applicant's existing pipeline between these points, two compressors at Auburn totaling 2200 horsepower, and appurtenant facilities. Applicant estimates that the expenditures involved will total $649,806, and states that this is part of a large expansion program in which numerous methods of financing will be employed. Applicant states that the purpose of these proposed facilities is to augment the supply of natural gas to various communities served by it on this system and that the additional volumes of gas needed will be obtained from its supplier, New York State Natural Gas Corporation, and that the additional volumes of gas will be sold at retail to customers in the communities, all in the State of New York, now served, namely: the Cities of Auburn and Geneva, the Villages of Cayuga, Clifton Springs, Lyons, Newark, Palmyra, Penn Yan, Phelps, Seneca Falls and Waterloo, and the Towns of Arcadia, Aurelius, Benton, Fayette, Geneva, Lyons, Manchester, Milo, Owasco, Palmyra, Phelps, Seneca Falls, Sennett and Waterloo, except for a sale for resale to the Rochester Gas and Electric Corporation.

Applicant lists its existing facilities herein involved as follows, all in the State of New York: A 10-inch pipe line from Auburn to Geneva, a 6-inch pipe line from Geneva to Penn Yan, a 10-inch pipe line from Geneva to Phelps, a 6-inch pipe line from Phelps to Clifton Springs and a connection with a pipe line owned and operated by Rochester Gas and Electric Corporation, an 8-inch pipe line from Phelps to Newark, 4 and 6-inch pipe lines from Newark to Lyons and Palmyra, an 850 horsepower compressor station at Geneva, an 800 horsepower compressor station at Auburn, and local distribution systems and other facilities; the total original cost of all these facilities is listed as approximately $5,526,000, of which approximately $1,257,000 is for transmission facilities including compressor stations.

In addition, Applicant requests that, irrespective of and pending final disposition herein of the application for a declaratory order, it be issued a temporary certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, for the construction and operation of the above described proposed additional facilities between Auburn and Seneca Falls.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 20th day of August 1952. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 52-8629; Filed, Aug. 6, 1952; 8:47 a. m.]

[Docket No. G-2002]

TEXAS EASTERN TRANSMISSION CORP.

NOTICE OF APPLICATION

JULY 31, 1952.

Take notice that on July 14, 1952, Texas Eastern Transmission Corporation (Texas Eastern), a Delaware corporation having its principal place of business at Shreveport, Louisiana, filed an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the sale and delivery of natural gas by Texas Eastern to the East Ohio Gas Company (East Ohio).

Texas Eastern states, in its application, that:

(1) On September 12, 1950, the Commission issued an order in Docket No. G-1409 authorizing Texas Eastern, inter alia, to sell and deliver natural gas, under its Rate Schedule TLS which was allowed to take effect by order issued November 3, 1950, to East Ohio up to a maximum quantity of 22,478,500 Mcf;

(2) The service agreement under which such natural gas is sold and delivered to East Ohio will terminate, by its terms, on November 1, 1952, or on the date Texas Eastern places in "full operation" certain natural-gas transmission facilities which it is now constructing from Kosciusko, Mississippi, to its existing compressor station No. 21, near Connelsville, Pennsylvania, whichever is earlier;

(3) Texas Eastern now believes that it will place said natural-gas facilities in "full operation" on or about August 15, 1952;

(4) Up to and including June 30, 1952, Texas Eastern had delivered 11,252,432 Mcf of natural gas to East Ohio under Rate Schedule TLS;

(5) On June 30, 1952, the total quantity of natural gas sold and delivered by Texas Eastern to East Ohio was 6,435,568 Mcf below the cumulative daily maximum quantities deliverable under its service agreement with East Ohio and Rate Schedule TLS;

(6) By August 15, 1952, the approximate date Texas Eastern expects its service agreement with East Ohio to terminate. Texas Eastern believes its total deliveries to East Ohio will be approximately 6,500,000 Mcf of natural gas below the total cumulative daily deliveries to East Ohio deliverable under said service agreement;

(7) East Ohio has advised Texas Eastern that it formulated its underground storage program with the understanding that the total quantity of natural gas deliverable under said service agreement would be delivered, and that the approximate deficiency of 6,500,000 Mcf of natural gas will "have a seriously adverse effect on its future ability to meet winter demands of its firm customers unless they are made up * * *";

(8) By adoption of its Rate Schedule X-32, jointly with Mississippi River Fuel Corporation (Mississippi), Texas Eastern has evidenced a willingness to transport natural gas to be sold and delivered by Mississippi to East Ohio, from Bald Knob, Arkansas, to the existing Mullet Farm, Ohio, delivery point, at which point Texas Eastern now delivers natural gas to East Ohio;

(9) The quantities of natural gas which Texas Eastern will transport for Mississippi, to East Ohio, cannot now be determined, but such quantities are likely to total less than 4,000,000 Mcf.

Therefore, Texas Eastern proposes to sell and deliver natural gas, to East Ohio on an interruptible basis, under the conditions of a proposed agreement, up to 6,500,000 Mcf, less the amount of natural gas which Texas Eastern shall transport and deliver to East Ohio for Mississippi. The maximum daily deliveries Texas Eastern proposes to make to East Ohio, when added to the daily deliveries it will make under said Rate Schedule X-32, will not exceed 50,000 Mcf on any one day, unless East Ohio consents to a greater quantity.

Texas Eastern proposes to make such deliveries of natural gas to East Ohio at the price currently in effect for such deliveries under said Rate Schedule TLS.

The proposed sales and deliveries of natural gas for which authority is sought herein will not involve the construction and operation of any additional natural-gas facilities.

The application is on file with the Commission, and is open for public inspection.

Protest or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 20th day of August 1952.

[Docket No. G-2016]

SOUTHERN COUNTIES GAS CO. OF CALIFORNIA

ORDER SUSPENDING PROPOSED RATE SCHEDULES

JULY 31, 1952.

On June 30, 1952, Southern Counties Gas Company of California (Southern) filed Second Revised Sheet No. 4 and Third Revised Sheet No. 5 to its FPC Gas Tariff, Original Volume No. 1, containing increased rates and charges which are proposed to be made effective as of August 1, 1952.

Said revised sheets would result in an estimated increase of $495,000 in the presently effective rates and charges to the San Diego Gas and Electric Company, based on estimated sales for the twelve-month period ending July 31, 1953. This proposed increase is alleged to reflect a proposed increase in rates filed by El Paso Natural Gas Company which has been suspended by order of the Commission issued concurrently with this order.

The increased rates and charges provided in said proposed Second Revised Sheet No. 4 and Third Revised Sheet No. 5 as filed on June 30, 1952, have not been shown to be justified and may be unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful.

The California Public Utilities Commission and San Diego Gas and Electric Company, Southern's only interstate customer, have advised the Commission that they are not opposed to the passing on of the appropriate share of any increased cost of purchased gas which Southern may sustain as a result of El Paso's proposal to increase its rates and charges, but San Diego has requested that Southern's proposal be suspended in the event El Paso's proposed rate increase is suspended.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing, pursuant to the authority contained in section 4 of such act, concerning the lawfulness of said Second Revised Sheet No. 4 and Third Revised Sheet No. 5 to Southern's FPC Gas Tariff, Original Volume No. 1, and that said sheets and the rate schedules therein contained be suspended as hereinafter provided and the use thereof be deferred pending hearing and decision thereon.

The Commission orders:

(A) Pursuant to the authority contained in section 4 of the Natural Gas Act, a public hearing be held at a time and place to be fixed by further order of the Commission concerning the lawfulness of the rates, charges, and classifications contained in the aforesaid Second Revised Sheet No. 4, and Third Revised Sheet No. 5 to Southern's FPC Gas Tariff, Original Volume No. 1.

(B) Pending such hearing and decision thereon, said Second Revised Sheet No. 4 and Third Revised Sheet No. 5 to Southern's FPC Gas Tariff, Original Volume No. 1, be and the same are hereby suspended and the use thereof is deferred until January 1, 1953, and until such further time thereafter as said proposed sheets may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

(D) The effective date of this order shall be July 31, 1952.

Date of issuance: August 1, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 52-8703; Filed, Aug. 6, 1952; 8:55 a. m.]

[Docket No. G-2017]

TEXAS GAS TRANSMISSION CORP.

ORDER SUSPENDING PROPOSED RATE SCHEDULES

JULY 31, 1952.

On July 8, 1952, Texas Gas Transmission Corporation (Texas Gas) filed its FPC Gas Tariff, First Revised Volume No. 1, containing increased rates and charges which are proposed to be made effective as of August 8, 1952.

Said increased rates and charges would result in an estimated increase of $10,555,000 in the presently effective rates and charges, based on estimated sales for the twelve-month period ending July 31, 1953.

The proposed increase in rates and charges is, among other things, based on claimed increases in cost of gas purchased which may not be realized; upon a claimed rate of return of 6 percent for which no support is supplied; and upon the inclusion in the claimed rate base, to which the claimed rate of return of 6 percent is to be applied, of a working capital provision which disregards the availability of Federal income and other tax accruals for this purpose.

The increased rates and charges provided in said proposed FPC Gas Tariff, First Revised Volume No. 1, as filed on July 8, 1952, have not been shown to be justified and may be unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to

aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing, pursuant to the authority contained in section 4 of such act, concerning the lawfulness of Texas Gas' FPC Gas Tariff, First Revised Volume No. 1, and that said First Revised Volume No. 1 and the rate schedules therein contained be suspended as hereinafter provided and the use thereof be deferred pending hearing and decision thereon.

The Commission orders:

(A) Pursuant to the authority contained in section 4 of the Natural Gas Act, a public hearing be held upon a date to be fixed by further order of the Commission concerning the lawfulness of the rates, charges, and classifications contained in the aforesaid Texas Gas' FPC Gas Tariff, First Revised Volume No. 1.

(B) Pending such hearing and decision thereon, Texas Gas' FPC Gas Tariff, First Revised Volume No. 1, be and the same is hereby suspended and the use thereof is deferred until January 8, 1953, and until such further time thereafter as said proposed FPC Gas Tariff, First Revised Volume No. 1, may be made effective in the manner prescribed by the Natural Gas Act.

(C) Interested State commissions may participate as provided in §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

(D) The effective date of this order shall be July 31, 1952.

Date of issuance: August 1, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 52-8704; Filed, Aug. 6, 1952; 8:55 a. m.]

[Docket No. G-2018]

EL PASO NATURAL GAS CO.

ORDER SUSPENDING RATE SCHEDULES

JULY 31, 1952.

On June 30, 1952, El Paso Natural Gas Company (El Paso) filed new rate schedules to its FPC Gas Tariff, Original Volume No. 1, to-wit: Fourth Revised Sheet No. 4 to supersede Third Revised Sheet No. 4 of Rate Schedule No. A-1; Fourth Revised Sheet No. 6 to supersede Third Revised Sheet No. 6 of Rate Schedule No. A-2; Third Revised Sheet No. 8 to supersede Second Revised Sheet No. 8 of Rate Schedule No. A-3; Sixth Revised Sheet No. 10 to supersede Fifth Revised Sheet No. 10 of Rate Schedule No. B-1; Fourth Revised Sheet No. 11 to supersede Third Revised Sheet No. 11 of Rate Schedule No. B-2; Original Sheet No. 11-A to supersede Fifth Revised Sheet No. 10 of Rate Schedule No. B-3; Fourth Revised Sheet No. 12 cancelling Rate Schedule No. B-P-1; Fourth Revised Sheet No. 13 to supersede Third Revised Sheet No. 13 of Rate Schedule No. B-P-2; Fourth Revised Sheet No. 14-A to supersede Third Revised Sheet No. 14-A of Rate Schedule B-P-3; Fourth Revised Sheet No. 15 to supersede Third Revised Sheet No. 15 of Rate Schedule No. C-1; Third Revised Sheet No. 17 cancelling Rate Schedule C-2; Fourth Revised Sheet No. 19 cancelling Rate Schedule C-3; Third Revised Sheet No. 19-A cancelling Rate Schedule C-4; Fourth Revised Sheet No. 22 cancelling Rate Schedule No. G-1; Fifth Revised Sheet No. 25 cancelling Rate Schedule No. G-2; and Original Sheets Nos. 27-B, 27-C, and 27-D of Rate Schedule G.

The proposed rates will affect 27 resale customers of El Paso and increase the cost of purchased gas on an overall basis by approximately $15,287,000 annually, based on anticipated sales for a 12 months' period, ending July 31, 1953. The cost data submitted in support of the increase in rates disclose that the proposed increase is based primarily on anticipated cost of natural gas to be purchased by El Paso which will not occur until 1953. Such increases in rates may not be justified.

The rates, charges, classifications, services, rules, regulations and practices as set forth in the aforesaid filing on June 30, 1952, by El Paso Natural Gas Company may be unjust, unreasonable, unduly discriminatory and preferential and place an undue burden upon the consumers of natural gas.

Unless suspended by order of the Commission, the aforesaid Original Sheets Nos. 11-A, 27-B, 27-C, and 27-D; Third Revised Sheets Nos. 8, 17, and 19-A; Fourth Revised Sheets Nos. 4, 6, 11, 19, and 22; Fifth Revised Sheet No. 25; and Sixth Revised Sheet No. 10 will become effective as of August 1, 1952, pursuant to the provisions of the Natural Gas Act and the General Rules and Regulations thereunder.

The Fourth Revised Sheets Nos. 12, 13, 14-A, and 15, included in the aforesaid filing, relate to the sale of natural gas for resale for industrial use only and thus are not subject to suspension by the Commission.

Certain of El Paso's customers and the New Mexico Public Service Commission have requested a hearing concerning the lawfulness of the proposed increase in rates.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing pursuant to authority contained in sections 4 and 5 of the Natural Gas Act concerning the lawfulness of the above filing on June 30, 1952, to El Paso's FPC Gas Tariff, Original Volume No. 1; and such rate schedules, save and except said Fourth Revised Sheets Nos. 12, 13, 14-A, and 15, should be suspended as hereinafter provided and use thereof deferred, pending hearing and decision herein.

The Commission orders:

(A) Pursuant to the authority contained in sections 4 and 5 of the Natural Gas Act, a public hearing be held on a date to be fixed by further order of the Commission in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates, charges, classifications, and services, and the rules, regulations, and practices relating thereto, subject to the jurisdiction of the Commission, set forth in the aforesaid rate filing by El Paso on June 30, 1952.

(B) If, after hearing, the Commission shall find that any rate, charge, classification, service, rule, regulation, or practice set forth in the aforesaid tariff sheets, filed on June 30, 1952, by El Paso, is unjust, unreasonable, unduly discriminatory or preferential, it will determine and fix by appropriate order just, reasonable and non-discriminatory rates, charges, classifications, services, rules, regulations and practices to be thereafter observed and in force.

(C) Pending such hearing and decision thereon, the aforesaid tariff sheets, save and except Fourth Revised Sheets Nos. 12, 13, 14-A and 15, filed on June 30, 1952, by El Paso, be and they hereby are suspended as provided in section 4 (e) of the Natural Gas Act, and the use of such sheets is deferred until January 1, 1953, and until such further time thereafter as said sheets shall be made effective in the manner prescribed by the Natural Gas Act.

(D) Interested State Commission may participate as provided by 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of the Commission's rules of practice and procedure.

(E) The effective date of this order shall be July 31, 1952.

Date of issuance: August 1, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 52-8705; Filed, Aug. 6, 1952; 8:55 a. m.]

[Docket No. G-2019]

UNITED GAS PIPE LINE CO.

ORDER ALLOWING CONVERSION TARIFF TO BECOME EFFECTIVE, IN PART, SUSPENDING CONVERSION TARIFF, IN PART, AND SUSPENDING NOTICES OF CANCELLATION

JULY 31, 1952.

On July 3, 1952, United Gas Pipe Line Company (United) filed its proposed conversion tariff, which, unless suspended, will become effective August 3, 1952, and will result in an increase of approximately $9,500,000 to five natural-gas pipe-line companies, based upon United's estimated sales for the twelve-month period ending April 30, 1953. The proposed conversion tariff is designated United Gas Pipe Line Company's FPC Gas Tariff, Original Volume No. 1 and Original Volume No. 2.

Concurrently with its filing of July 3, 1952, and subsequently on July 11, 1952, United submitted proposed notices of cancellation of rate schedules on file with the Commission covering, in whole or in part, sales of natural gas which United alleges are no longer in interstate commerce and subject to the jurisdiction of the Commission, or have never been subject to the jurisdiction of the Commission because they do not involve sales of gas in interstate commerce. The proposed notices of cancellation are set forth in Appendix A hereof.

Included in the proposed notices of cancellation is a notice of cancellation purporting to cancel, in part, Rate Schedule FPC No. 73, which covers the sale of natural gas by United to Willmut Gas & Oil Company (Willmut), a distributor of natural gas in Mississippi. Willmut objects to such proposed cancellation asserting that the question of the jurisdiction of the Commission over all of United's sales to Willmut are at issue in the complaint proceeding entitled In the Matter of Willmut Gas & Oil Company, et al. v. United Gas Pipe Line Company at Docket No. G-1158, in which proceeding hearings have been held, briefs have been filed, and the matter is now pending before the Presiding Examiner for initial decision.

By its proposed conversion tariff and proposed notices of cancellation United proposes to supersede all of the rate schedules it has on file with the Commission.

The principal changes which would be effected by the proposed conversion tariff for city-gate sales are the establishment of specific rates for industrial gas in lieu of the existing revenue-sharing arrangements, a changeover from all-requirement service to specific volumetric obligations upon execution of new service agreements, the elimination of tax adjustment clauses and provisions relating to negotiation of changes in rates, standardization of measurement bases and billing practices, and minimum heat content guarantee.

The proposed conversion tariff respecting sales to and services for United's pipeline customers involves (a) restatements of two rate schedules as Rate Schedules PL-1 and PL-2 without change, (b) proposed substantial increases in rates for other sales under the conversion tariff Rate Schedule PL-3, and (c) proposed substantial increases in rates for transportation services under the conversion tariff Rate Schedules T-1, T-2, and T-3. The increases in rates approximate $9,500,000 under the proposed conversion tariff Rate Schedules PL-3, T-1, T-2, and T-3.

United also requests permission, pursuant to § 154.52 of the regulations under the Natural Gas Act (18 CFR 154.52), to file the transportation contract with Mississippi River Fuel Corporation and three exchange service arrangements, now rendered under letter agreements, as special rate schedules to be contained in Original Volume No. 2. No changes are proposed in these arrangements.

In addition, United filed, pursuant to § 154.85 of the regulations under the Natural Gas Act (18 CFR 154.85), statements of the presently effective rate schedules, identifying the contract provisions which are not superseded by or in conflict with other applicable provisions of the rate schedules and the General Terms and Conditions of the proposed tariff and which are to remain in effect.

United asserts that increased rates are necessary because of the impact of the general trend of increasing costs, including the cost of purchased gas, the Texas gas gathering tax, proposed payroll increases, and pension costs for past service benefits.

In addition to adjustments to book costs for the foregoing, United's claimed costs of service are premised on a rate base including the total amounts in its Gas Plant Acquisition Adjustment account which, in whole or in part, may be improper for this purpose; and amounts for working capital which have been computed without regard to the availability of Federal and other tax accruals for such purpose. United also claims a rate of return of 6½ percent without submitting financial facts in support thereof, income taxes associated with such rate of return, and the expense of amortizing the total amounts in the aforesaid Gas Plant Acquisition Adjustment account on an accelerated basis.

It appears, therefore, that for these reasons, among others, the proposed increase in rates and charges as contained in proposed Rate Schedules PL-3, T-1, T-2, and T-3 and changes in conversion tariff provisions relating thereto may be unjust, unreasonable, unduly discriminatory or preferential or otherwise unlawful, and may place an undue burden upon ultimate consumers of natural gas.

All of United's customers, as well as interested regulatory agencies, were invited to submit comments with respect to the application for the proposed changes in rates. Comments have been received from the five pipeline customers, seven city-gate customers, and two State commissions. Generally, the customers and State commissions object to the proposed increase, or assert they are unable to determine that the proposed increase is justified, or request that the Commission suspend the proposed conversion tariff.

The Commission finds:

(1) It is necessary or appropriate to carry out the provisions of the Natural Gas Act and to aid in the enforcement thereof in the public interest, that the Commission enter upon a hearing pursuant to the authority contained in section 4 (e) thereof, concerning the lawfulness of the proposed rates, charges, classifications or services contained in Rate Schedules PL-3, T-1, T-2, and T-3 as set forth in United's proposed conversion tariff together with the applicable General Terms and Conditions and pre-existing contract statements pertinent thereto; and concerning the lawfulness of the proposed notices of cancellation set forth in Appendix A hereof and, pending hearing and decision thereon, that the operation of United's proposed Rate Schedules PL-3, T-1, T-2, and T-3 together with the applicable General Terms and Conditions and pre-existing contract statements pertinent thereto; and United's proposed notices of cancellation as set forth in Appendix A hereof be suspended and the use thereof deferred as provided by the Natural Gas Act. In all other respects it is appropriate to permit United's FPC Gas Tariff, Original Volume No. 1 and Original Volume No. 2, including the applicable General Terms and Conditions together with the pre-existing contract statements pertinent thereto, to become effective as of August 3, 1952.

(2) Good cause has been shown to permit the filing of the special operating arrangements set forth in Original Volume No. 2 as special rate schedules pursuant to the provisions of § 154.52 of the Commission's regulations under the Natural Gas Act.

The Commission orders:

(A) Pursuant to the authority contained in section 4 of the Natural Gas Act, a public hearing be held at a time and place and at a date to be fixed by further order of the Commission concerning the lawfulness of the rates, charges, classifications or services, subject to the jurisdiction of the Commission, as set forth in proposed Rate Schedules PL-3, T-1, T-2, and T-3 of United Gas Pipe Line Company's proposed FPC Gas Tariff, Original Volume No. 1, including the applicable General Terms and Conditions together with the pre-existing contract statements pertinent thereto; and concerning the lawfulness of the proposed notices of cancellation set forth in Appendix A hereof.

(B) Pending such hearing and decision thereon, United Gas Pipe Line Company's proposed Rate Schedules PL-3, T-1, T-2, and T-3 as set forth in United Gas Pipe Line Company's proposed FPC Gas Tariff, Original Volume No. 1, including the applicable General Terms and Conditions together with the pre-existing contract statements pertinent thereto; and United Gas Pipe Line Company's proposed notices of cancellation set forth in Appendix A hereof, be and the same are hereby suspended and their use deferred until January 3, 1953, and until such further time as such proposed rate schedules, applicable General Terms and Conditions together with the pre-existing contract statements pertinent thereto, and proposed notices of cancellation may be made effective in the manner prescribed by the Natural Gas Act.

(C) In all other respects, United Gas Pipe Line Company's proposed FPC Gas Tariff, Original Volume No. 1 and Original Volume No. 2, including the applicable General Terms and Conditions together with the pre-existing contract statements pertinent thereto, be and they are hereby allowed to become effective as of August 3, 1952.

(D) Nothing contained in this order shall be construed as a waiver of the requirements of section 7 of the Natural Gas Act, particularly subsections (b) and (c) thereof; nor shall it be construed as constituting approval by this Commission of any service, rate, charge, classification, or any rule, regulation, contract, or practice affecting such services or rates provided for in the above-described tariff, the applicable General Terms and Conditions together with pre-existing contract statements pertinent thereto; nor shall it be deemed as recognition of any claimed contractual right or obligation affecting or relating to such services or rates.

(E) This order is without prejudice to any findings or orders which have been or may hereafter be made by this Commission in Docket No. G-1142, Docket No. G-1158, and in any proceeding now pending, or hereafter instituted, by or against United Gas Pipe Line Company.

(F) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.37 (f)) of the Commission's rules of practice and procedure.

(G) The effective date of this order shall be July 31, 1952.

Date of issuance: August 1, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY, *Secretary.*

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

DESIGNATION OF ACTING DIRECTOR, DIVISION OF SLUM CLEARANCE AND URBAN REDEVELOPMENT

ORGANIZATION DESCRIPTION, INCLUDING DELEGATIONS OF FINAL AUTHORITY

I hereby designate and appoint, subject to the provisions hereof, an Acting Director of the Division of Slum Clearance and Urban Redevelopment, Office of the Administrator, Housing and Home Finance Agency. In the event the Director of the Division is unable to act as Director due to his absence, illness or other cause, or in the event of a vacancy in that office, the Deputy Director of the Division shall be the Acting Director and shall serve in the place and stead of the Director; and in the event the Director and the Deputy Director are unable to act because of any such reason, the Chief, Planning and Engineering Branch in such Division shall be the Acting Director and shall serve in the place and stead of the Director.

While serving in such capacity, the Acting Director shall exercise the powers and functions and assume the duties and responsibilities of the Director.

All designations of an Acting Director and delegations of authority to him heretofore made by the Director of the Division of Slum Clearance and Urban Redevelopment are hereby ratified and approved; and all official acts and things performed pursuant to such designations and delegations of authority are hereby ratified, confirmed and approved in all respects to the same extent as if such acts were performed by the Director of the Division of Slum Clearance and Urban Redevelopment.

This order supersedes the order effective May 12, 1951 (16 F. R. 4477) respecting this same subject.

(Reorg. Plan No. 3 of 1947, 61 Stat. 954 (1947); 62 Stat. 1268, 1283-85 (1948), 12 U. S. C. 1701c (Supp. 1949), as amended by Pub. Law 475, 81st Cong., 2d Sess., sec. 503 (April 20, 1950); 63 Stat. 413, 417 (1949), 42 U. S. C. 1456 (Supp. 1949); 63 Stat. 440 (1949), 12 U. S. C. 1701d-1 (Supp. 1949))

Effective the 4th day of August 1952.

RAYMOND M. FOLEY, *Housing and Home Finance Administrator.*

INTERNATIONAL JOINT COMMISSION

[Docket No. 68]

UNITED STATES AND CANADA

APPLICATIONS FOR APPROVAL OF CONSTRUCTION AND OPERATION OF CERTAIN WORK FOR DEVELOPMENT OF POWER IN INTERNATIONAL RAPIDS SECTION OF THE ST. LAWRENCE RIVER

AUGUST 1, 1952.

Public notice. In the matter of the applications of the Governments of the United States and Canada for approval of the construction and operation of certain works for the development of power in the International Rapids Section of the St. Lawrence River, notice is hereby given that under the provisions of section 10 of the Commission's rules of procedure, the Chairmen of the Commission have determined that statements in response to said applications may be filed with the International Joint Commission, or with the consent of either Government, by interested parties at any time up to and including August 18, 1952.

The statements in response of interested parties in the United States should be forwarded to the Secretary, United States Section, International Joint Commission, Washington 25, D. C. Fifty copies of such statements are required.

JESSE B. ELLIS, *Secretary, United States Section, International Joint Commission, Washington, D. C.*

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2909]

SOUTHERN NATURAL GAS CO.

NOTICE OF PROPOSED INCREASE IN AUTHORIZED COMMON STOCK AND PARTIAL DISTRIBUTION THEREOF TO COMMON STOCKHOLDERS

AUGUST 1, 1952.

Notice is hereby given that Southern Natural Gas Company ("Southern"), a registered holding company, has filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"), designating sections 6 and 7 thereof as applicable to the proposed transactions, which are summarized as follows:

Southern proposes at a special meeting of its stockholders to be held on or about August 29, 1952 to submit for their approval a proposal to amend the charter of Southern so as to increase the number of authorized shares of capital stock from 2,000,000 shares of the par value of $7.50 per share to 4,000,000 shares of the par value of $7.50 per share.

If the increase in authorized capital stock is approved by the stockholders Southern intends to issue to its stockholders one additional share of common stock, par value $7.50 per share, for each share of such stock held by them. The proposed transaction would result in doubling the number of shares held by each stockholder without any change in the par value (i. e., $7.50) of each share. The number of issued shares would thus be increased from 1,711,005 to 3,422,010. The Common Stock Capital account would be increased by an amount equal to the aggregate par value ($12,832,537.50) of the additional shares issued, and this would be effected by a transfer to capital account of $9,075,754.05 from premium on common stock account, of $1,237,573.08 from capital surplus account, and the balance, $2,519,210.37, from earned surplus account.

Notice is further given that any interested person may, not later than August 25, 1952, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by said application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided by Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 811-441]

F. L. ANDREWS INVESTMENT TRUST

NOTICE OF APPLICATION

JULY 31, 1952.

Notice is hereby given that an application pursuant to section 8 (f) of the Investment Company Act of 1940 (the act), for an order of the Commission declaring that F. L. Andrews Investment Trust (the Trust) has ceased to be an investment company within the meaning of said act, has been filed on behalf of the Trust by Reuben L. Lurie, Receiver of said Trust.

F. L. Andrews Investment Trust formerly of Fall River, Massachusetts, is registered under said act as a closed-end, non-diversified, management company. In proceedings commenced in the District Court of the United States for the District of Massachusetts by this Commission against said Trust and Alan H. Andrews, Civil Action File No. 8845, said Court ordered said Trust into receivership and on November 30, 1949, said Court appointed Reuben L. Lurie as Receiver. The Commission has been advised that the Trust has been completely liquidated, that all assets of the Trust have been distributed to creditors and stockholders whose claims were allowed, that no further assets of the Trust remain to be accounted for, that said Receiver's final report to said Court has been allowed and accepted, and that said receivership has been terminated and the Receiver discharged.

All interested persons are referred to said application which is on file at the Washington, D. C. offices of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission at any time after August 18, 1952 unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under said act. Any interested person may, not later than August 15, 1952, at 5:30 p. m., e. d. s. t., submit to the Commission in writing his views or any additional facts bearing upon said application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

BOSTON STOCK EXCHANGE

RECORD DISPOSAL PLAN

The Securities and Exchange Commission today announced that it had declared effective a Plan filed on June 30, 1952, by the Boston Stock Exchange pursuant to § 240.17a-6 (Rule X-17A-6) under the Securities Exchange Act of 1934, for the disposal of all applications, reports and documents filed with that Exchange prior to January 1, 1947, pursuant to sections 12, 13, 14 and 16 of the Securities Exchange Act of 1934, or any rule or regulation promulgated by the Commission pursuant to any of such sections; except that the Exchange proposes to keep on file for an indefinite period the original applications for registration under the Securities Exchange Act of 1934. The Exchange intends to commence disposing of the specified material as soon as practicable. The Plan also contemplates that thereafter, as soon as practicable after January 1st of each year, regular disposition will be made of similar material which has been on file with the Exchange more than five years. Notice of the Commission's proposal to declare the Plan effective was published for comment in Securities Exchange Act Release 4725.

The purpose of the Plan is to alleviate the record storage problem of the Exchange and to facilitate the availability of material filed with the Exchange within five years. Information contained in the material to be disposed of by the Exchange is on file with the Commission where it will continue to be available.

The text of the Commission's action follows:

The Securities and Exchange Commission, acting pursuant to the Securities Exchange Act of 1934, particularly sections 17 (a), 23 (a) and 24 (b) thereof and § 240.17a-6 thereunder, having due regard for the public interest and for the protection of investors, and deeming it necessary in the public interest, for the protection of investors and for the exercise of the functions vested in it, does hereby declare effective the Plan filed on June 30, 1952, by the Boston Stock Exchange pursuant to § 240.17a-6, on condition that if at any time it appears to the Commission necessary or appropriate in the public interest or for the protection of investors so to do, the Commission may suspend or terminate the effectiveness of the said Plan by sending at least 10 days' written notice to the Boston Stock Exchange.

The Commission finds that § 240.17a-6 and this action taken thereunder have the effect of granting exemption and relieving restriction, and that this action may be and is hereby declared to be effective July 31, 1952.

By the Commission.

ORVAL L. DUBOIS, *Secretary.*

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27274]

SCRAP IRON AND STEEL FROM CHICAGO, ILL., TO HAMILTON, ONT.

APPLICATION FOR RELIEF

AUGUST 4, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: L. C. Schuldt, Agent, for the Detroit, Toledo and Ironton Railroad Company and other carriers.

Commodities involved: Scrap iron or steel, carloads.

From: Chicago, Ill.

To: Hamilton, Ontario.

Grounds for relief: Circuitous routes, competition with water carriers, and additional routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[4th Sec. Application 27275]

MACHINERY FROM NASHVILLE, TENN., TO GULF PORTS

APPLICATION FOR RELIEF

AUGUST 4, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for carriers parties to Agent C. A. Spaninger's tariff I. C. C. No. 1254, pursuant to fourth-section order No. 15101.

Commodities involved: Machinery and machines, carloads.

From: Nashville, Tenn.

To: New Orleans, La., Gulfport, Miss., Mobile, Ala., Pensacola and Panama City, Fla.

Grounds for relief: Circuitous routes and operation through higher-rated territory.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 27276]

ANIMAL TALLOW FROM FORT WORTH AND DALLAS, TEX., TO GOOD HOPE, LA.

APPLICATION FOR RELIEF

AUGUST 4, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: Lee Douglass, Agent, for carriers parties to his tariff I. C. C. No. 758.

Commodities involved: Inedible animal tallow, in tank-car loads.

From: Fort Worth and Dallas, Tex.

To: Good Hope, La. (for export).

Grounds for relief: Competition with rail carriers and to maintain port rate relations.

Schedules filed containing proposed rates: Lee Douglass, Agent, I. C. C. No. 758, Supp. 20.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[Drouth Order 46]

HAY FROM OFFICIAL TERRITORY TO DESIGNATED STATES

REDUCED RATES TO DISASTER AREAS

AUGUST 4, 1952.

In the matter of relief under section 22 of the Interstate Commerce Act.

It appearing, that by reason of a prolonged drouth the Acting Secretary, Department of Agriculture, pursuant to the authority vested in him by Public Law No. 38, 81st Congress, has designated the following States as a disaster area:

Alabama, Arkansas, Georgia, Kentucky, Mississippi, Missouri, South Carolina, Tennessee.

and has requested this Commission to enter an order under section 22 of the Interstate Commerce Act authorizing railroads subject to the Commission's jurisdiction to transport hay, in carloads, at reduced rates from points in Official territory and Western Trunk-Line territory, as hereinafter defined, to points in said disaster area;

It is ordered, That carriers by railroad participating in the transportation of hay, in carloads, from points in Official territory (as defined in the Eastern Class-Rate Investigation, 164 ICC 314) and Western Trunk-Line territory (as defined in Western Trunk-Line Class Rates, 164 ICC 1) to points in the States designated in the preceding paragraph hereof be, and they are hereby, authorized under section 22 of the Interstate Commerce Act to establish and to maintain until December 31, 1952, reduced rates for the transportation of hay, in carloads, from points in Official territory and Western Trunk-Line territory to points in the designated States, such rates to be established by publication and filing in the manner provided in section 6 of the Interstate Commerce Act except that the rates may be made effective one day after publication and filing instead of thirty.

It is further ordered, That the class of persons entitled to such reduced rates is hereby defined as shippers and consignees of carloads of hay for feeding to livestock in the designated disaster area.

It is further ordered, That during the period in which any reduced rates authorized by this order are effective the carriers may, notwithstanding the provisions of section 4 of the Interstate Commerce Act, maintain higher rates to directly intermediate designations outside of the disaster area and maintain through rates in excess of the aggregate of intermediate rates over the same routes if one or more of the factors of such aggregate of intermediate rates is a reduced rate established under the authority of this order.

It is further ordered, That any tariffs or tariff provisions published under the authority of this order shall explicitly so state, making reference to this order by number and date.

And it is further ordered, That notice to the affected railroads and the general public shall be given by depositing a copy of this order in the office of the Secretary of the Commission and by filing a copy with the Director, Division of the Federal Register; and that copies be mailed to the Chairman of the Traffic Executive Association—Eastern Railroads, New York, N. Y., the Chairman of the Southern Freight Association, Atlanta, Georgia, the Chairman of the Executive Committee, Western Traffic Association, Chicago, Illinois, and to the Traffic Vice-President of the Association of American Railroads, Washington, D. C.

By the Commission.

Office of Alien Property

[Vesting Order 18970]

N. V. SOENDA HANDEL MAATSCHAPPIJ

In re: Debts owing to N. V. Soenda Handel Maatschappij. F-49-811.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Cong., 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.: 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That the persons whose names and last known addresses are listed below:

Name and Address

H. C. Meyer, Sr., Harburg, Germany;
Mrs. O. Sellschap-Meyer, Harburg, Germany;
Mrs. K. von Lovinius-Meyer, Berlin, Germany;

on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany and are, and prior to January 1, 1947, were, nationals of a designated enemy country (Germany);

2. That the personal representatives, heirs, next of kin, legatees and distributees of H. C. Meyer, Jr., deceased, who there is reasonable cause to believe on or since December 11, 1941, and prior to January 1, 1947, were residents of Germany, are and prior to January 1, 1947, were, nationals of a designated enemy country (Germany);

3. That N. V. Soenda Handel Maatschappij, the last known address of which is Laan Copes Van Cattenburch 58, The Hague, The Netherlands, is a corporation organized under the laws of the Netherlands which on or since December 11, 1941 and prior to January 1, 1947 has been, controlled by or a substantial part of the stock of which has been owned or controlled directly or indirectly by the aforesaid H. C. Meyer, Sr., Mrs. O. Sellschap-Meyer, Mrs. K. von Lovinius-Meyer and the personal representatives, heirs, next of kin, legatees and distributees of H. C. Meyer, Jr., deceased, and is, and prior to January 1, 1947 was, a national of a designated enemy country (Germany);

4. That the property described as follows:

a. That certain debt or other obligation of the Hudson Trust Company, 51 Newark Street, Hoboken, New Jersey, arising out of a blocked account in the name of Soenda Trading Corporation, maintained with the aforesaid company, and any and all rights to demand, enforce and collect the same, and

b. That certain debt or other obligation of the J. Henry Schroder Banking Corporation, 57 Broadway, New York 15, New York, arising out of a current account in the name of N. V. Soenda Handel Maatschappij, maintained with the aforesaid corporation and any and all rights to demand, enforce and collect the same,

is property which is and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by N. V. Soenda Handel Maatschappij, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

5. That N. V. Soenda Handel Maatschappij is, and prior to January 1, 1947 was, controlled by or acting for or on behalf of a designated enemy country (Germany), or persons within such country and is, and prior to January 1, 1947 was, a national of a designated enemy country (Germany);

6. That the national interest of the United States requires that the persons referred to in subparagraphs 1, 2 and 3 hereof be treated as persons who are and prior to January 1, 1947, were nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 31, 1952.

For the Attorney General.

CERTAIN GERMAN NATIONALS

In re: Copyrights.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1-40); Public Law 181, 82d Congress, 65 Stat. 451, Executive Order 9193, as amended by Executive Order 9567 (3 CFR, 1943 Cum. Supp.; 3 CFR 1945, Supp.); Executive Order 9788 (3 CFR, 1946 Supp.) and Executive Order 9989 (3 CFR, 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That the persons (including individuals, partnerships, associations, corporations or other business organizations) named in Column 4 of Exhibit A, attached hereto and made a part hereof, and whose last known addresses are listed in said Exhibit A as being in a foreign country (Germany), on or since December 11, 1941, and prior to January 1, 1947, were residents of, or organized under the laws of, and had their principal places of business in, such foreign country and are, and prior to January 1, 1947, were, nationals thereof;

2. That all right, title, interest and claim of whatsoever kind or nature, under the statutory and common law of the United States and of the several States thereof, of the persons named in Column 4 of said Exhibit A, and also of all other persons (including individuals, partnerships, associations, corporations or other business organizations), whether or not named elsewhere in this order including said Exhibit A, who, on or since December 11, 1941, and prior to January 1, 1947, were citizens and residents of, or which on or since December 11, 1941, and prior to January 1, 1947, were organized under the laws of or had their principal places of business in, Germany, and are, and prior to January 1, 1947, were, nationals of such foreign country, in, to, and under the following:

a. The literary property in the works described in said Exhibit A,

b. Every copyright, claim of copyright and right to copyright in the works described in said Exhibit A and in every issue, edition, publication, republication, translation, arrangement, dramatization and revision thereof, in whole or in part, of whatsoever kind or nature, and of all other works designated by the titles therein set forth, whether or not filed with the Register of Copyrights or otherwise asserted, and whether or not specifically designated by copyright number,

c. Every license, agreement, privilege, power and right of whatsoever nature arising under or with respect to the foregoing,

d. All monies and amounts, and all rights to receive monies and amounts, by way of royalty, share of profits or other emolument, accrued or to accrue, whether arising pursuant to law, contract or otherwise, with respect to the foregoing,

e. All rights of renewal, reversion or revesting, if any, in the foregoing, and

f. All causes of action accrued or to accrue at law or in equity with respect to the foregoing, including but not limited to the rights to sue for and recover all damages and profits and to request and receive the benefits of all remedies provided by common law or statute for the infringement of any copyright or the violation of any right or the breach of any obligation described in or affecting the foregoing,

is and prior to January 1, 1947, was property of, and property payable or held with respect to copyrights or rights related thereto in which interests are and prior to January 1, 1947, were held by, and such property itself constitutes interests which are and prior to January 1, 1947, were held therein by, the aforesaid nationals of foreign countries.

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described in subparagraph 2 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The term "national" as used herein shall have the meaning prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on July 18, 1952.

For the Attorney General.

MORTON H. MEINHARD

In re: Trust under the will of Morton H. Meinhard, deceased. File No. D 28–13118.

Under the authority of the Trading With the Enemy Act, as amended (50 U. S. C. App. and Sup. 1–40); Public Law 181, 82d Cong., 65 Stat. 451; Executive Order 9193, as amended by Executive Order 9567 (3 CFR 1943 Cum. Supp.; 3 CFR 1945 Supp.); Executive Order 9788 (3 CFR 1946 Supp.) and Executive Order 9989 (3 CFR 1948 Supp.), and pursuant to law, after investigation, it is hereby found:

1. That Martha Zimmerman (Designated in the Will as "Martha Kreiger"), whose last known address is Germany, on or since December 11, 1941, and prior to January 1, 1947, was a resident of Germany and is, and prior to January 1, 1947, was a national of a designated enemy country (Germany);

2. That all right, title, interest and claim of any kind or character whatsoever of the persons named in subparagraph 1 hereof in and to the trust created under the Will of Morton H. Meinhard, deceased, which is in the process of administration by Edward F. Addiss, Benjamin J. Buttenwiesser, Fred Meissner and the United States Trust Company of New York, as trustees, acting under the judicial supervision of the Surrogate's Court of the County of New York, New York, is property which is, and prior to January 1, 1947, was within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That the national interest of the United States requires that such a person be treated as a person who is and prior to January 1, 1947, was a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 4, 1952.

For the Attorney General.

FEDERAL REGISTER

VOLUME 17 NUMBER 155

Washington, Friday, August 8, 1952

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10381

AMENDMENT OF EXECUTIVE ORDER No. 9805,[1] PRESCRIBING REGULATIONS GOVERNING PAYMENT OF CERTAIN TRAVEL AND TRANSPORTATION EXPENSES

By virtue of the authority vested in me by the act of August 2, 1946, ch. 744, 60 Stat. 806, it is ordered that section 21 of Executive Order No. 9805 of November 25, 1946, prescribing regulations governing payment of travel and transportation expenses of civilian officers and employees of the United States when transferred from one official station to another for permanent duty, be, and it is hereby, amended to read as follows:

"SEC. 21. *Means of shipment.* Transportation services, including allowances specified in sections 18 and 19 hereof, may be procured by the agency concerned from any available common carrier: *Provided, however,* that an employee may elect to have his effects moved by some means other than the means selected by the Government on the condition that he shall pay the amount, if any, by which the charges for the means of transportation selected by him exceed the charges for the means of transportation selected by the Government."

HARRY S. TRUMAN

THE WHITE HOUSE,
August 6, 1952.

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

PART 301—DOMESTIC QUARANTINE NOTICES

SUBPART—GYPSY MOTH AND BROWN-TAIL MOTH

MISCELLANEOUS AMENDMENTS

On July 1, 1952, there was published in the FEDERAL REGISTER (17 F. R. 5913) a notice of proposed rule making concerning amendments of §§ 301.45, 301.45–1 (e), 301.45–2, 301.45–3 (b), 301.45–4 (c), 301.45–5, 301.45–7, and 301.45–8 of Notice of Gypsy Moth and Brown-Tail Moth Quarantine No. 45 and regulations supplemental thereto (7 CFR 301.45 et seq.). After due consideration of relevant matters presented, and pursuant to section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161), the Secretary of Agriculture hereby amends said §§ 301.45, 301.45–1 (e), 301.45–2, 301.45–3 (b), 301.45–4 (c), 301.45–5, 301.45–7, and 301.45–8 to read, respectively, as follows:

§ 301.45 *Notice of quarantine.* Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended, and having held the public hearing required thereunder, the Secretary of Agriculture quarantines the States of Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont, and under authority contained in the aforesaid Plant Quarantine Act and the Insect Pest Act of March 3, 1905, the Secretary of Agriculture prescribes regulations to prevent further spread of the gypsy moth (Porthetria dispar L.) and the brown-tail moth (Nygmia phaeorrhoea Donov.), injurious insects of foreign origin not widely distributed within and throughout the United States. Hereafter the following articles shall not be transported by any person, firm, or corporation from any quarantined State into or through any other State or Territory or District of the United States, under conditions other than those prescribed herein or in the regulations supplemental hereto, viz: (a) Live gypsy moths or brown-tail moths in any stage of development; (b) timber and timber products; (c) plants having persistent woody stems and parts thereof, including Christmas trees; (d) stone and quarry products; and (e) any other commodities or articles when found on inspection to be infested with the aforesaid insects in any of their stages: *Provided,* That the restrictions of this quarantine and of the regulations supplemental hereto may be limited to such areas, within the quarantined

States, as are now or may hereafter be designated by the Secretary of Agriculture as regulated areas, adequate, in his judgment, to prevent the spread of the gypsy and brown-tail moths, except that any such limitation shall be conditioned upon the affected State or States providing for and enforcing the control of the intrastate movement of the regulated articles under the conditions which apply to their interstate movement under provisions of the Federal quarantine regulations, currently existing, and upon their enforcing such control and sanitation measures with respect to such areas or portions thereof as, in the judgment of the Secretary of Agriculture, shall be deemed adequate to prevent the intrastate spread therefrom of the said insect infestations: *And provided further*, That whenever, in any year, the Chief of the Bureau of Entomology and Plant Quarantine shall find that facts exist as to the pest risk involved in the movement of one or more of the articles to which the regulations supplemental hereto apply, making it safe to modify, by making less stringent, the restrictions contained in any such regulation, he shall set forth and publish such finding in administrative instructions, specifying the manner in which the applicable regulation will be made less stringent, whereupon such modification shall become effective, for such period and for such regulated area or portion thereof as shall be specified in said administrative instructions, and every reasonable effort shall be made to give publicity to such administrative instructions throughout the affected areas.

* * * * *

§ 301.45–1 *Definitions.* * * *

(e) *Suppressive area.* That part of the regulated area in which suppressive measures are cooperatively carried out with the objective of eradicating infestations.

* * * * *

§ 301.45–2 *Regulated area.* The following area is hereby designated as regulated:

Connecticut. Counties of Hartford, Middlesex, New London, Tolland and Windham; towns of Barkhamsted, Bethlehem, Canaan, Colebrook, Cornwall, Goshen, Harwinton, Kent, Litchfield, Morris, New Hartford, Norfolk, North Canaan, Plymouth, Roxbury, Salisbury, Sharon, Thomaston, Torrington, Washington, Warren, Watertown, Winchester, Woodbury, in Litchfield County; towns of Ansonia, Beacon Falls, Bethany, Branford, Cheshire, Derby, East Haven, Guilford, Hamden, Madison, Meriden, Middlebury, Naugatuck, New Haven, North Branford, North Haven, Orange, Prospect, Seymour, Wallingford, Waterbury, West Haven, Wolcott, and Woodbridge, in New Haven County.

Maine. Counties of Androscoggin, Cumberland, Kennebec, Knox, Lincoln, Sagadahoc, Waldo, and York; towns of Avon, Berlin, Carthage, Chesterville, Crockertown, Dallas Plantation, Farmington, Freeman, Greenvale, Industry, Jay, Jerusalem, Kingfield, Madrid, Mount Abraham, New Sharon, New Vineyard, Perkins, Phillips, Rangeley Plantation, Redington, Salem, Sandy River Plantation, Strong, Temple, Washington, Weld, and Wilton, and Townships D and E, in Franklin County; all of Hancock County except Plantations 3, 4, 35, and 41; all that part of Oxford County south and southeast of, and including, the towns of Magalloway and Richardsontown; towns of Alton, Argyle, Bradford, Bradley, Carmel, Charleston, Clifton, Corinna, Corinth, Dexter, Dixmont, Eddington, Etna, Exeter, Garland, Glenburn, Grand Falls Plantation, Greenbush, Greenfield, Hampden, Hermon, Holden, Hudson, Kenduskeag, Levant, Milford, Newburgh, Newport, Orono, Orrington, Plymouth, Stetson, Summit, and Venzie, and cities of Bangor, Brewer, and Old Town, in Penobscot County; towns of Abbott, Atkinson, Dover-Foxcroft, Guilford, Kingsbury Plantation, Parkman, Sangerville, and Wellington, in Piscataquis County; all that part of Somerset County south and southeast of, and including, Highland and Pleasant Ridge Plantations, town of Moscow, and Mayfield Plantation; towns of Beddington, Cherryfield, Columbia, Deblois, Harrington, Millbridge, and Steuben, and Plantations 18 and 24, in Washington County.

Massachusetts. The entire State.

New Hampshire. Counties of Belknap, Carroll, Cheshire, Grafton, Hillsboro, Merrimack, Rockingham, Strafford, and Sullivan; all that part of Coos County lying south of, and including the towns of Stratford, Odell, Dummer, and Cambridge.

New York. Counties of Rensselaer, Saratoga, Schenectady, and Washington; all of Albany County except the town of Rensselaerville; all of Columbia County except the towns of Clermont, Germantown, Greenport, and Livingston, and the city of Hudson; towns of Amenia, Northeast, and Pine Plains, in Dutchess County; towns of Chesterfield, Crown Point, Essex, Moriah, Ticonderoga, Westport, and Willsboro, in Essex County; towns of Broadalbin, Johnstown, Mayfield, Northampton, and Perth, and the cities of Gloversville and Johnstown, in Fulton County; towns of Coxsackie and New Baltimore, in Greene County; towns of Amsterdam, Florida, Glen, and Mohawk, and the city of Amsterdam, in Montgomery County; and the towns of Bolton, Caldwell, Hague, Luzerne, Queensbury, Stony Creek, Thurman, and Warrensburg, and the city of Glens Falls in Warren County.

Rhode Island. The entire State.

Vermont. Counties of Addison, Bennington, Orange, Rutland, Washington, Windham, and Windsor; towns of Barnet, Danville, Croton, Kirby, Peacham, Ryegate, St. Johnsbury, Waterford, in Caledonia County; towns of Bolton, Buels Gore, Charlotte, Colchester, Essex, Hinesburg, Huntington, Jericho, Richmond, St. George, Shelburne, South Burlington, and Williston, and the cities of Burlington and Winooski, in Chittenden County; towns of Concord, Granby, Guildhall, Lunenburg, Maidstone, and Victory, in Essex County; and the town of Elmore, in Lamoille County.

There are included in the regulated area three classifications of area: The suppressive area, the generally infested area, and the brown-tail moth area. These areas are defined as follows:

(a) *The suppressive area:*

Connecticut. Towns of Bethlehem, Canaan, Cornwall, Goshen, Kent, Litchfield, Morris, Norfolk, North Canaan, Roxbury, Salisbury, Sharon, Washington, Warren, and Woodbury, in Litchfield County; towns of Ansonia, Beacon Falls, Bethany, Derby, East Haven, Hamden, Middlebury, Naugatuck, New Haven, Orange, Prospect, Seymour, West Haven, and Woodbridge, in New Haven County.

Massachusetts. County of Berkshire; and the town of Monroe, in Franklin County.

New York. Counties of Rensselaer, Saratoga, Schenectady, and Washington; all of Albany County except the town of Rensselaerville; all of Columbia County except the towns of Clermont, Germantown, Greenport, and Livingston, and the city of Hudson; towns of Amenia, Northeast, and Pine Plains, in Dutchess County; towns of Ches-

terfield, Crown Point, Essex, Moriah, Ticonderoga, Westport, and Willsboro, in Essex County; towns of Broadalbin, Johnstown, Mayfield, Northampton, and Perth, and the cities of Gloversville and Johnstown, in Fulton County; towns of Coxsackie and New Baltimore, in Greene County; towns of Amsterdam, Florida, Glen, and Mohawk, and the city of Amsterdam, in Montgomery County; and the towns of Bolton, Caldwell, Hague, Luzerne, Queensbury, Stony Creek, Thurman, and Warrensburg, and the city of Glens Falls, in Warren County.

Vermont. All of Addison County except the towns of Granville and Hancock; towns of Arlington, Bennington, Glastonbury, Pownal, Rupert, Sandgate, Shaftsbury, Stamford, Sunderland, and Woodford, in Bennington County; towns of Bolton, Buels Gore, Charlotte, Colchester, Essex, Hinesburg, Huntington, Jericho, Richmond, St. George, Shelburne, South Burlington, and Williston and the cities of Burlington and Winooski, in Chittenden County; towns of Benson, Brandon, Castleton, Fair Haven, Hubbardton, Ira, Middletown Springs, Pawlet, Pittsford, Poultney, Sudbury, Wells, West Haven, in Rutland County.

(b) *Generally infested area.* All of the regulated area, exclusive of the suppressive area, constitutes the generally infested area.

(c) *Brown-tail moth area.* The area under regulation on account of the brown-tail moth is the same as that classified as the generally infested area.

§ 301.45–3 *Articles under regulations.* • • •

(b) *Regulated movement.* The movement of the following articles is regulated in accordance with the regulations in this subpart:

(1) Timber and timber products, including lumber, planks, poles, logs, cordwood, pulpwood, and similar materials.

(2) Plants having persistent woody stems and parts thereof, including Christmas trees.

(3) Stone and quarry products.

(4) Any other articles when found on inspection to be infested with the gypsy or brown-tail moths.

§ 301.45–4 *Conditions governing the movement of regulated articles.* • • •

(c) *Contingent restrictions on movement between points within the suppressive area.* Whenever it is determined by the Chief of the Bureau of Entomology and Plant Quarantine that control or eradication of the gypsy moth in any section of the suppressive area is being hampered or jeopardized through movement of regulated articles into such section, the Chief of the Bureau may, after appropriate notice, require inspection and certification, as provided in § 301.45–5 (a), for any or all regulated articles moving into such designated section from other parts of the suppressive area.

• • • • •

§ 301.45–5 *Conditions governing the issuance of certificates and permits*—(a) *Certificates.* Certificates may be issued for the interstate movement of regulated articles under one or more of the following conditions: (1) When, in the judgment of the inspector, they have not been exposed to infestation; (2) when they have been inspected and found apparently free from infestation; (3) when they have been treated by approved methods under the observation of an inspector; and (4) when they have been grown, produced, manufactured, stored or handled in such a manner that, in the judgment of the inspector, no infestation could be transmitted thereby: *Provided,* That subsequent to certification, the regulated articles must be safeguarded against reinfestation as required by the inspector.

(b) *Limited permits.* Limited permits may be issued for the movement of noncertified, regulated articles to specified destinations for specified processing, handling, or utilization. Persons shipping, transporting or receiving such articles may be required to enter into written agreements to maintain such safeguards against the establishment and spread of infestation as may be required by the inspector.

(c) *Cancellation of certificates or limited permits.* Certificates or limited permits issued under these regulations may be withdrawn or canceled by the inspector and further certificates or limited permits refused whenever, in his judgment, the further use of such certificates or permits might result in the dissemination of infestation.

• • • • •

§ 301.45–7 *Assembly of regulated articles for inspection.* Persons intending to move interstate any of the articles covered by this subpart shall make application for certification as far in advance as possible and may be required to prepare and assemble materials at such points and times and in such manner as the inspector shall designate, so that thorough inspection may be made, or approved treatments applied. Articles to be inspected as a basis for certification must be in such condition as permits adequate inspection. The United States Department of Agriculture will not be responsible for any cost incident to inspection, treatment, or certification other than the services of the inspector and will be responsible for no injury incident thereto.

§ 301.45–8 *Marking.* Every regulated article or container of regulated articles intended for interstate movement shall be plainly marked with the name and address of the consignor and the name and address of the consignee, when offered for shipment, and shall have securely attached to the outside thereof a valid certificate or limited permit issued in compliance with this subpart: *Provided,* That for lot shipments one certificate or limited permit may be attached to one article or container of each shipment and another to the accompanying waybill, and for carlot freight or express shipments, either in containers or in bulk, a certificate or limited permit need be attached to the waybill only. For movement by road vehicle, a certificate or limited permit shall accompany the vehicle and, except when transportation is by common carrier, it shall be surrendered to consignee upon delivery of shipment.

These amendments shall be effective August 9, 1952.

The purpose of the amendment of § 301.45 is to rephrase and simplify the items that are subject to quarantine.

The amendment of § 301.45–2 adds to the regulated area in Connecticut the towns of Bethlehem, Roxbury, Washington, Watertown, and Woodbury, in Litchfield County, and the towns of Ansonia, Beacon Falls, Bethany, Cheshire, Derby, East Haven, Hamden, Middlebury, Naugatuck, New Haven, Orange, Prospect, Seymour, Wallingford, West Haven, and Woodbridge, in New Haven County. The amendment also adds to the suppressive area in Connecticut all of the above-mentioned towns with the exception of Watertown, in Litchfield County, and Cheshire and Wallingford, in New Haven County. The latter three towns are added to the generally infested area.

Section 301.45–3 (b) is also amended to conform with changes in the notice of quarantine, and §§ 301.45–1 (e), 301.45–4 (c), 301.45–5, 301.45–7, and 301.45–8 are rephrased in a number of minor respects in the interest of clarity and improved efficiency of quarantine operation.

Prompt action is necessary with respect to the newly regulated areas in order to control the movement therefrom of articles that might spread the gypsy and brown-tail moths. Other changes are of assistance to the public in interpreting the regulations. Therefore, good cause is found, in accordance with section 4 (c) of the Administrative Procedure Act (5 U. S. C. 1003 (c)) for making the foregoing amendments effective less than 30 days after their publication in the FEDERAL REGISTER.

(Secs. 1, 3, 33 Stat. 1269, 1270, sec. 8, 37 Stat. 318, as amended; 7 U. S. C. 141, 143, 161)

Done at Washington, D. C., this 4th day of August 1952.

[SEAL] C. J. McCORMICK,
Acting Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 992—IRISH POTATOES GROWN IN WASHINGTON

APPROVAL OF BUDGET OF EXPENSES AND FIXING RATE OF ASSESSMENT

Notice of proposed rule making regarding rules and regulations relative to a proposed budget and rate of assessment, to be made effective under Marketing Agreement No. 113 and Order No. 92 (7 CFR Part 992) regulating the handling of Irish potatoes grown in the State of Washington, was published in the FEDERAL REGISTER (17 F. R. 6127). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.). After consideration of all relevant matters presented, including the rules and regulations set forth in the aforesaid notice, which rules and regulations were adopted and submitted for approval by the State of Washington Potato Committee (established pursuant to said marketing agreement and order), the following rules and regulations are hereby approved.

§ 992.204 *Budget of expenses and rate of assessment.* (a) The expenses necessary to be incurred by the State of Washington Potato Committee, established pursuant to Marketing Agreement No. 113 and Order No. 92, to enable such committee to perform its functions pursuant to the provisions of the aforesaid marketing agreement and order, during the fiscal year ending May 31, 1953, will amount to $19,580.00;

(b) The rate of assessment to be paid by each handler who first ships potatoes shall be one-half of one cent ($0.005) per hundredweight of potatoes handled by him as the first handler thereof during said fiscal year.

(c) The terms used in this section shall have the same meaning as when used in Marketing Agreement No. 113 and Order No. 92 (7 CFR Part 992).

(Sec. 5, 49 Stat. 753; as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 5th day of August 1952, to become effective 30 days after publication hereof in the FEDERAL REGISTER.

[SEAL] C. J. McCORMICK,
Acting Secretary of Agriculture.

[Docket 5741]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

NORLON CORP. ET AL.

Subpart—*Advertising falsely or misleadingly:* § 3.15 *Business status, advantages or connections—Producer status of dealer or seller—Manufacturer;* § 3.20 *Comparative data or merits;* § 3.170 *Qualities or properties of product or service;* § 3.195 *Safety.* In connection with the offering for sale, sale and distribution of the drug preparation "Sural," or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means to induce, etc., directly or indirectly, the purchase in commerce, etc., of said preparation, which advertisements represent, directly or by implication, (a) that the taking of said preparation will constitute an adequate, effective or reliable treatment for sciatica, neuritis, lumbago, bursitis, or any other kind of arthritic or rheumatic condition; (b) that said preparation will arrest the progress or correct the underlying causes of, or will cure, sciatica, neuritis, lumbago, bursitis, or any other kind of arthritic or rheumatic conditions; (c) that said preparation will afford any relief of severe aches, pains, and discomforts of sciatica, neuritis, lumbago, bursitis, or any other kind of arthritic or rheumatic conditions, or have any therapeutic effect upon any of the symptoms or manifestations of any such condition in excess of affording temporary relief of minor aches, pains, or fever; (d) that said preparation may safely be taken over prolonged periods of time; (e) that said preparation is superior to and causes less gastric irritation than other salicylates; or, (f) that respondents are the manufacturers of said preparation; prohibited.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, Norlon Corporation et al., New York, N. Y., Docket 5741, May 1, 1952]

In the Matter of Norlon Corporation, a Corporation, and E. Edward Shinkel, Milton L. Marks, Ralph S. Marks, and John J. Anthony, Individually and as Officers of Said Corporation

This proceeding was heard by Abner E. Lipscomb, hearing examiner, upon the complaint of the Commission, respondents' answer, and a stipulation entered into by counsel for respondents and counsel supporting the complaint, wherein it was stipulated and agreed that the entire transcript of all hearings held and to be held in Dolcin Corporation et al., Docket 5692, should become a part of the record in the proceeding to the same extent as if such transcript had been received in regular course of hearings in the matter, and that it might be adjudicated upon the basis of such transcript, supplemented by the stipulations between counsel contained in the record.

Thereafter the proceeding regularly came on for final consideration by said examiner on the complaint, the answer thereto, and the above mentioned transcript and stipulations, presentation of proposed findings as to the facts and conclusions having been waived by counsel, and said examiner, having duly considered the record in the matter, and having found that the proceeding was in the interest of the public, made his initial decision, comprising certain findings as to the facts,[1] conclusion drawn therefrom[1] and order to cease and desist.

Thereafter, the Commission having extended the date on which said initial decision would have otherwise become the decision of the Commission, the matter was disposed of by the "Decision of the Commission and order to file report of compliance", Docket 5741, May 1, 1952, as follows:

Service of the initial decision of the hearing examiner in this proceeding having been completed on March 19, 1952, and the Commission having on April 17, 1952, extended until further order of the Commission the date on which the said initial decision would otherwise become the decision of the Commission; and

The Commission having duly considered the record herein and being of the opinion that said initial decision is adequate and appropriate to dispose of this proceeding:

It is ordered, That the initial decision of the hearing examiner, a copy of which is attached, shall, on the 1st day of May, 1952, become the decision of the Commission.

It is further ordered, That the respondents Norlon Corporation, Milton L. Marks, and Ralph S. Marks, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

The order to cease and desist in said initial decision, thus made the decision of the Commission, is as follows:

It is ordered, That respondents Norlon Corporation, a corporation, and Milton L. Marks and Ralph S. Marks, individually and as officers of said corporation, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of the drug preparation "Sural," or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated, by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents, directly or by implication:

(a) That the taking of said preparation will constitute an adequate, effective or reliable treatment for sciatica, neuritis, lumbago, bursitis, or any other kind of arthritic or rheumatic condition;

(b) That said preparation will arrest the progress or correct the underlying causes of, or will cure, sciatica, neuritis, lumbago, bursitis, or any other kind of arthritic or rheumatic condition;

(c) That said preparation will afford any relief of severe aches, pains, and

[1] Filed as part of the original document.

discomforts of sciatica, neuritis, lumbago, bursitis, or any other kind of arthritic or rheumatic condition, or have any therapeutic effect upon any of the symptoms or manifestations of any such condition in excess of affording temporary relief of minor aches, pains, or fever;

(d) That said preparation may safely be taken over prolonged periods of time;

(e) That said preparation is superior to and causes less gastric irritation than other salicylates;

(f) That respondents are the manufacturers of said preparation.

2. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in Paragraph 1 hereof.

It is further ordered, That the complaint herein be, and the same hereby is, dismissed as to respondents E. Edward Shinkel and John J. Anthony, without prejudice to the right of the Commission to institute further proceedings against them, should future facts so warrant.

Issued: May 1, 1952.

By the Commission.

[SEAL] D. C. DANIEL, *Secretary.*

[F. R. Doc. 52-8752; Filed, Aug. 7, 1952; 8:53 a. m.]

[Docket 5786]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

MICHIGAN CITY NOVELTY CO.

Subpart—*Using or selling lottery devices:* § 3.2475 *Devices for lottery selling.* Selling or distributing in commerce, push cards, punchboards, or other lottery devices which are to be used or may be used in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme; prohibited.

(Sec. 6, 38 Stat. 721; 15 U. S. C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U. S. C. 45) [Cease and desist order, E. F. Ploner t. a. Michigan City Novelty Company, Michigan City, Ind., Docket 5786, April 30, 1952]

In the Matter of E. F. Ploner, Individually, and Trading as Michigan City Novelty Company

This proceeding was heard by William L. Pack, hearing examiner, upon the complaint of the Commission, respondent's answer, and a substitute answer, filed pursuant to the granting of motion so to do, in which, tendered on condition that the initial decision of the examiner be deferred until final determination by the Commission of the proceeding in Superior Products, Docket 5561, respondent admitted all of the material allegations of fact in the complaint and waived the taking of testimony and other procedure, but reserved the right to appeal from any decision rendered in the matter by the examiner or the Commission.

Thereafter, the Commission having rendered its final decision on January 29, 1952, in said Superior Products case, the proceeding regularly came on for final consideration by said examiner, theretofore duly designated by the Commission, upon the complaint and substitute answer, all intervening procedure having been waived, and said examiner, having duly considered the matter, and having found that the proceeding was in the interest of the public, made his initial decision, comprising certain findings as to the facts,[1] conclusion drawn therefrom[1] and order to cease and desist.

No appeal having been filed from said initial decision of said trial examiner as provided for in Rule XXII, nor any other action taken as thereby provided to prevent said initial decision becoming the decision of the Commission thirty days from service thereof upon the parties, said initial decision, including said order to cease and desist, accordingly, under the provisions of said Rule XXII became the decision of the Commission on April 30, 1952.

The said order to cease and desist is as follows:

It is ordered, That the respondent, E. F. Ploner, individually and trading as Michigan City Novelty Company or trading under any other name, and his agents, representatives and employees, directly or through any corporate or other device, do forthwith cease and desist from:

Selling or distributing in commerce, as "commerce" is defined in the Federal Trade Commission Act, push cards, punchboards, or other lottery devices which are to be used or may be used in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme.

By "Decision of the Commission and order to file report of compliance", Docket 5786, April 30, 1952, which announced and decreed fruition of said initial decision, and noted Commissioner Mason's concurrence in the findings as to the facts and conclusion, but not in the form of order to cease and desist, for the reason stated in his opinion concurring in part and dissenting in part in Worthmore Sales Co., Docket 5203, March 10, 1950, 46 F. T. C. 606, report of compliance with the said order was required as follows:

It is ordered, That the respondent herein shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with the order to cease and desist.

Issued: April 30, 1952.

By the Commission.

[SEAL] D. C. DANIEL, *Secretary.*

TITLE 22—FOREIGN RELATIONS

Chapter I—Department of State

Subchapter A—The Department

[Dept. Reg. 108.160]

PART 99—INFORMATIONAL MEDIA GUARANTIES UNDER THE ECONOMIC COOPERATION ACT OF 1948, AS AMENDED

Preamble. In furtherance of the Mutual Security Act of 1951, as amended, in order to facilitate and maximize the use of private channels of trade, and pursuant to the authority contained in 111 (b) of the Economic Cooperation Act of 1948, as amended, supplemented and continued (herinafter called the "act"), the following rules and regulations are prescribed for the making of guaranties of investments in enterprises producing or distributing informational media (hereinafter called "Informational Media Guaranties").

A new Part 99 is added as follows:

Sec.
99.1 Scope of this part.
99.2 Application for guaranties and place of filing.
99.3 Fees for guaranties.
99.4 Designation of Export-Import Bank of Washington as agent.
99.5 Saving clause.

AUTHORITY: §§ 99.1 to 99.5 issued under sec. 104, 62 Stat. 138, as amended; 22 U. S. C. Sup. 1503. Interpret or apply sec. 111, 62 Stat. 143, as amended; 22 U. S. C. Sup. 1509. E. O. 10300, Nov. 1, 1951, 16 F. R. 11203; 3 CFR, 1951 Supp., E. O. 10368, June 30, 1952, 17 F. R. 5929.

§ 99.1 *Scope of this part.* This part shall cover Informational Media Guaranties.

§ 99.2 *Applications for guaranties and place of filing.* Applications for Informational Media Guaranties should be made in writing to the Informational Media Guaranty Section, Department of State, 2 Park Avenue, New York, New York. There is no prescribed form of application, but published information on current policies of the informational media guaranty program, including the contents of applications, may be obtained on request from the Department of State at the address indicated. Each applicant will be notified in writing when his application has been found to be complete and is accepted for processing.

§ 99.3 *Fees for guaranties.* The recipient of a guaranty shall pay to the Department of State or its duly authorized representative, annually in advance, a fee of 1 percent per annum of the face amount of such guaranty, unless unusual circumstances are found by the Department of State to exist with respect to any guaranteed investment, rendering it desirable, in furtherance of the purpose of the act, to charge a smaller fee.

§ 99.4 *Designation of Export-Import Bank of Washington as agent.* Export-Import Bank of Washington is hereby designated by the Department of State as its agent, upon such terms as specified by the Department, to issue in its name and administer Informational Media Guaranties.

§ 99.5 *Saving clause.* The Department of State may waive, withdraw or amend at any time or from time to time any or all of the provisions of this part.

Date of issuance: July 31, 1952.

DAN LACY,
Acting Assistant Administrator for the Information Center Service, International Information Administration.

[F. R. Doc. 52-8726; Filed, Aug. 7, 1952; 8:46 a. m.]

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter A—Income and Excess Profits Taxes

[Regs. 111; T. D. 5924]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

MISCELLANEOUS AMENDMENTS

On January 3, 1952, notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 78), in order to conform Regulations 111 (26 CFR Part 29) to certain provisions of Parts I and III of Title III of the Revenue Act of 1950, approved September 23, 1950, to section 11 of the Internal Security Act of 1950, enacted September 23, 1950, and to section 601 of the Revenue Act of 1951, approved October 20, 1951. After consideration of all such relevant matter as was presented by interested persons regarding the rules proposed, the amendments to Regulations 111 set forth below are hereby adopted.

PARAGRAPH 1. There is inserted immediately preceding § 29.23 (o)–1 the following:

SEC. 11. DENIAL OF TAX DEDUCTIONS AND EXEMPTIONS (INTERNAL SECURITY ACT OF 1950, ENACTED SEPTEMBER 23, 1950).

(a) Notwithstanding any other provision of law, no deduction for Federal income-tax purposes shall be allowed in the case of a contribution to or for the use of any organization if at the time of the making of such contribution (1) such organization is registered under section 7, or (2) there is in effect a final order of the Board [the Subversive Activities Control Board] requiring such organization to register under section 7.

• • • • • •

SEC. 332. TECHNICAL AMENDMENTS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

(a) *Amendment of section 23 (o).* Section 23 (o) (2) is hereby amended by striking out "legislation;" and inserting in lieu thereof the following: "legislation. For disallowance of certain charitable, etc., deductions otherwise allowable under this paragraph, see sections 3813 and 162 (g) (2);".

• • • • • •

PAR. 2. Section 29.23 (o)–1, as amended by Treasury Decision 5893, approved April 4, 1952, is further amended by inserting immediately preceding the last sentence of the first paragraph thereof the following: "For disallowance of certain charitable deductions otherwise allowable under section 23 (o) (2), see sections 3813 and 162 (g) (2) and the regulations promulgated pursuant thereto. For certain provisions with respect to gifts made before January 1, 1951, see § 29.101–3 (a),"

PAR. 3. There is inserted immediately preceding § 29.23 (q)–1 the following:

SEC. 11. DENIAL OF TAX DEDUCTIONS AND EXEMPTIONS (INTERNAL SECURITY ACT OF 1950, ENACTED SEPTEMBER 23, 1950).

(a) Notwithstanding any other provision of law, no deduction for Federal income-tax purposes shall be allowed in the case of a contribution to or for the use of any organization if at the time of the making of such contribution (1) such organization is registered under section 7, or (2) there is in effect a final order of the Board (the Subversive Activities Control Board) requiring such organization to register under section 7.

• • • • • •

SEC. 332. TECHNICAL AMENDMENTS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

• • • • • •

(b) *Amendment of section 23 (q).* Section 23 (q) (2) is hereby amended by striking out "legislation; or" and inserting in lieu thereof the following: "legislation. For disallowance of certain charitable, etc., deductions otherwise allowable under this paragraph, see sections 3813 and 162 (g) (2); or".

• • • • • •

PAR. 4. Section 29.23 (q)–1, as amended by Treasury Decision 5796, approved July 19, 1950, is further amended by inserting immediately after the last sentence of the first paragraph thereof the following: "For disallowance of certain charitable, etc., deductions otherwise allowable under section 23 (q) (2), see sections 3813 and 162 (g) (2) and the regulations promulgated pursuant thereto. For certain provisions with respect to gifts made before January 1, 1951, see § 29.101–3 (a)."

PAR. 5. There is inserted immediately preceding § 29.101–1 the following:

SEC. 11. DENIAL OF TAX DEDUCTIONS AND EXEMPTIONS (INTERNAL SECURITY ACT OF 1950, ENACTED SEPTEMBER 23, 1950).

• • • • • •

(b) No organization shall be entitled to exemption from Federal income tax, under section 101 of the Internal Revenue Code, for any taxable year if at any time during such taxable year (1) such organization is registered under section 7, or (2) there is in effect a final order of the Board (the Subversive Activities Control Board) requiring such organization to register under section 7.

SEC. 301. INCOME OF EDUCATIONAL, CHARITABLE, AND CERTAIN OTHER EXEMPT ORGANIZATIONS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

• • • • • •

(b) *Feeder organizations.* Section 101 is hereby amended by adding at the end thereof the following paragraph:

An organization operated for the primary purpose of carrying on a trade or business for profit shall not be exempt under any paragraph of this section on the ground that all of its profits are payable to one or more organizations exempt under this section from taxation. For the purposes of this paragraph the term "trade or business" shall not include the rental by an organization of its real property (including personal property leased with the real property).

(c) *Technical amendments.* (1) Section 101 is hereby amended (A) by striking out "The following organizations shall be exempt" and inserting in lieu thereof "Except as provided in supplement U, the following organizations shall be exempt", and (B) by adding at the end of such section (following the paragraph added by subsection (b) of this section) the following paragraph:

Notwithstanding supplement U, an organization described in this section (other than in the preceding paragraph) shall be considered an organization exempt from income taxes for the purpose of any law which refers to organizations exempt from income taxes.

• • • • • •

SEC. 303. EFFECTIVE DATE OF PART I (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

The amendments made by this part [sections 301, 302, and 303 of the Revenue Act of 1950] shall be applicable only with respect to taxable years beginning after December 31, 1950. The determination as to whether an organization is exempt under section 101 of the Internal Revenue Code from taxation for any taxable year beginning before January 1, 1951, shall be made as if section 301 (b) of this Act had not been enacted and without inferences drawn from the fact that the amendment made by such section is not expressly made applicable with respect to taxable years beginning before January 1, 1951.

PAR. 6. There is inserted immediately after § 29.101–2 the following:

§ 29.101–3 *Limitations on exemption*—(a) *In general.* Under section 11 (b) of the Internal Security Act of 1950, no organization is entitled to exemption under section 101 for any taxable year if at any time during such year such organization is registered under section 7 of such act or if there is in effect a final order of the Subversive Activities Control Board established by section 12 of such act requiring such organization to register under section 7 of such act. Under sections 3813 and 3814 of the Internal Revenue Code, certain organizations described in section 101 (6) may be denied exemption under section 101 (6) for taxable years beginning after December 31, 1950. See §§ 29.3813–1 and 29.3814–1. Section 302 of the Revenue Act of 1950, as amended by section 601 of the Revenue Act of 1951, prescribes the following rules respecting exemption of certain organizations for taxable years beginning prior to January 1, 1951:

(a) *Trade or business not unrelated.* For any taxable year beginning prior to January 1, 1951, no organization shall be denied exemption under paragraph (1), (6), or (7) of section 101 of the Internal Revenue Code on the grounds that it is carrying on a trade or business for profit if the income from such trade or business would not be taxable as unrelated business income under the provisions of Supplement U of the Internal Revenue Code, as amended by this Act, or if such trade or business is the rental by such organization of its real property (including personal property leased with the real property).

(b) *Period of limitations.* In the case of an organization which would otherwise be exempt under section 101 of the Internal Revenue Code were it not carrying on a trade or business for profit, the filing of the information return required by section 54 (f) of the Internal Revenue Code (relating to returns by tax-exempt organizations) for any taxable year beginning prior to January 1, 1951, shall be deemed to be the filing of a return for the purposes of section 275 of the Internal Revenue Code (relating to period of limitation upon assessment and collection). In the case of such an organization which was, by the provisions of section 54 (f) of the Internal Revenue Code, specifically not required to file such information return, for the purposes of the preceding sentence a return shall be deemed to have been filed

at the time when such return should have been filed had it been so required. The provisions of this subsection shall not apply to a taxable year of such an organization with respect to which, prior to September 20, 1950, (1) any amount of tax was assessed or paid, or (2) a notice of deficiency under section 272 of the Internal Revenue Code was sent to the taxpayer.

(c) *Denial of deductions.* A gift or bequest to an organization prior to January 1, 1951, for religious, charitable, scientific, literary, or educational purposes (including the encouragement of art and the prevention of cruelty to children or animals) otherwise allowable as a deduction under section 23 (o) (2), 23 (q) (2), 162 (a), 505 (a) (2), • • • of the Internal Revenue Code, may not be denied under such sections if a denial of exemption to such organization for the taxable year of the organization in which such gift or bequest was made is prevented by the provisions of subsections (a) or (b) of this section.

(d) *Profits inuring to the benefit of certain educational organizations or hospitals.* For any taxable year beginning prior to January 1, 1951, an organization operated for the primary purpose of carrying on a trade or business for profit, no part of the net earnings of which inures to the benefit of any private shareholder or individual and all of the net earnings of which inure to the benefit of an educational organization which normally maintains a regular faculty and curriculum and normally has a regularly organized body of pupils or students in attendance at the place where its educational activities are regularly carried on, or to the benefit of a hospital, or an institution for the rehabilitation of physically handicapped persons, which maintains or is building for proper maintenance a hospital or institution staffed or to be staffed by qualified professional persons for the treatment of the sick and/or the rehabilitation of the physically handicapped, shall not be denied exemption from taxation under section 101 of the Internal Revenue Code on the ground that it is carrying on a trade or business for profit. The determination as to whether an organization other than one described in this subsection is exempt under section 101 of the Internal Revenue Code from taxation for any taxable year beginning before January 1, 1951, shall be made as if this subsection and section 301 (b) [adding the last two sentences to section 101, relating to feeder organizations] of this Act had not been enacted and without inferences drawn from the fact that this subsection and the amendment made by section 301 (b) are not expressly made applicable with respect to taxable years beginning before January 1, 1951.

(b) *Feeder organizations.* In the case of an organization operated for the primary purpose of carrying on a trade or business for profit, exemption is not allowed under any paragraph of section 101 on the ground that all the profits of such organization are payable to one or more organizations exempt from taxation under section 101. For the purpose of this section, the term "trade or business" does not include the rental by an organization of its real property (including personal property leased with the real property). In determining the primary purpose of an organization, all the circumstances must be considered, including the size and extent of the trade or business and the size and extent of those activities of such organization which are specified in the applicable paragraph of section 101. If a subsidiary organization of a tax-exempt organization would itself be exempt on the ground that its activities are an integral part of the exempt activities of the parent organization, its exemption will not be lost because, as a matter of accounting between the two organizations, the subsidiary derives a profit from its dealings with its parent organization, for example, a subsidiary organization which is operated for the sole purpose of furnishing electric power used by its parent organization, a tax-exempt educational organization, in carrying on its educational activities. However, the subsidiary organization is not exempt from tax if it is operated for the primary purpose of carrying on a trade or business which would be an unrelated trade or business (that is, unrelated to exempt activities) if regularly carried on by the parent organization. For example, if a subsidiary organization is operated primarily for the purpose of furnishing electric power to consumers other than its parent organization (and the parent's tax-exempt subsidiary organizations), it is not exempt since such business would be an unrelated trade or business if regularly carried on by the parent organization. Similarly, if the subsidiary is owned by several unrelated exempt organizations, and is operated for the purpose of furnishing electric power to each of them, it is not exempt since such business would be an unrelated trade or business if regularly carried on by any one of the tax-exempt organizations.

In certain cases an organization which carries on a trade or business for profit but is not operated for the primary purpose of carrying on such trade or business is subject to tax under Supplement U of chapter 1 of the Internal Revenue Code (which Supplement begins with section 421) on its unrelated business net income.

PAR. 7. Immediately preceding each of §§ 29.101 (1)–1 to 29.101 (5)–1, inclusive, each of §§ 29.101 (7)–1 to 29.101 (13)–1, inclusive, § 29.101 (18)–1, and immediately after section 101 (19) (which section is set forth immediately after § 29.101 (18)–1, there is inserted the following:

SEC. 301. INCOME OF EDUCATIONAL, CHARITABLE, AND CERTAIN OTHER EXEMPT ORGANIZATIONS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

• • • • •

(b) *Feeder organizations.* Section 101 is hereby amended by adding at the end thereof the following paragraph:

An organization operated for the primary purpose of carrying on a trade or business for profit shall not be exempt under any paragraph of this section on the ground that all of its profits are payable to one or more organizations exempt under this section from taxation. For the purposes of this paragraph the term "trade or business" shall not include the rental by an organization of its real property (including personal property leased with the real property).

(c) *Technical amendments.* (1) Section 101 is hereby amended (A) by striking out "The following organizations shall be exempt" and inserting in lieu thereof "Except as provided in supplement U, the following organizations shall be exempt", and (B) by adding at the end of such section (following the paragraph added by subsection (b) of this section) the following paragraph:

Notwithstanding supplement U, an organization described in this section (other than in the preceding paragraph) shall be considered an organization exempt from income taxes for the purpose of any law which refers to organizations exempt from income taxes.

• • • • •

SEC. 303. EFFECTIVE DATE OF PART I (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

The amendments made by this part (sections 301, 302, and 303 of the Revenue Act of 1950) shall be applicable only with respect to taxable years beginning after December 31, 1950. The determination as to whether an organization is exempt under section 101 of the Internal Revenue Code from taxation for any taxable year beginning before January 1, 1951, shall be made as if section 301 (b) of this Act had not been enacted and without inferences drawn from the fact that the amendment made by such section is not expressly made applicable with respect to taxable years beginning before January 1, 1951.

PAR. 8. There is inserted immediately preceding § 29.101 (6)–1 the following:

SEC. 301. INCOME OF EDUCATIONAL, CHARITABLE, AND CERTAIN OTHER EXEMPT ORGANIZATIONS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

• • • • •

(b) *Feeder organizations.* Section 101 is hereby amended by adding at the end thereof the following paragraph:

An organization operated for the primary purpose of carrying on a trade or business for profit shall not be exempt under any paragraph of this section on the ground that all of its profits are payable to one or more organizations exempt under this section from taxation. For the purposes of this paragraph the term "trade or business" shall not include the rental by an organization of its real property (including personal property leased with the real property).

(c) *Technical amendments.* (1) Section 101 is hereby amended (A) by striking out "The following organizations shall be exempt" and inserting in lieu thereof "Except as provided in supplement U, the following organizations shall be exempt", and (B) by adding at the end of such section (following the paragraph added by subsection (b) of this section) the following paragraph:

Notwithstanding supplement U, an organization described in this section (other than in the preceding paragraph) shall be considered an organization exempt from income taxes for the purpose of any law which refers to organizations exempt from income taxes.

• • • • •

SEC. 303. EFFECTIVE DATE OF PART I (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

The amendments made by this part (sections 301, 302, and 303 of the Revenue Act of 1950) shall be applicable only with respect to taxable years beginning after December 31, 1950. The determination as to whether an organization is exempt under section 101 of the Internal Revenue Code from taxation for any taxable year beginning before January 1, 1951, shall be made as if section 301 (b) of this Act had not been enacted and without inferences drawn from the fact that the amendment made by such section is not expressly made applicable with respect to taxable years beginning before January 1, 1951.

SEC. 332. TECHNICAL AMENDMENTS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

• • • • •

(c) *Amendment of section 101 (6).* Section 101 (6) is hereby amended by striking out "legislation;" and inserting in lieu thereof the following: "legislation. For loss of exemption under certain circumstances, see sections 3813 and 3814;".

• • • • •

PAR. 9. Section 29.101 (6)–1 is amended by adding at the end thereof the following undesignated paragraph:

Sections 3813 and 3814 set forth rules under which certain organizations described in section 101 (6) may be denied exemption. See § 29.3813–1 and § 29.3814–1.

PAR. 10. There is inserted immediately preceding § 29.162–1 the following:

SEC. 11. DENIAL OF TAX DEDUCTIONS AND EXEMPTIONS (INTERNAL SECURITY ACT OF 1950, ENACTED SEPTEMBER 23, 1950).

(a) Notwithstanding any other provision of law, no deduction for Federal income-tax purposes shall be allowed in the case of a contribution to or for the use of any organization if at the time of the making of such contribution (1) such organization is registered under section 7, or (2) there is in effect a final order of the Board [the Subversive Activities Control Board] requiring such organization to register under section 7.

• • • • •

PAR. 11. Section 29.275–1, as amended by Treasury Decision 5516, approved May 27, 1946, is further amended by adding at the end thereof the following undesignated paragraph:

For special provisions with respect to taxable years beginning prior to January 1, 1951, in the case of an organization which would be exempt from tax under section 101 were it not carrying on a trade or business for profit, see section 302 (b) of the Revenue Act of 1950, set forth in § 29.101–3 (a).

PAR. 12. There is inserted immediately preceding § 29.505–1 the following:

SEC. 11. DENIAL OF TAX DEDUCTIONS AND EXEMPTIONS (INTERNAL SECURITY ACT OF 1950, ENACTED SEPTEMBER 23, 1950).

(a) Notwithstanding any other provision of law, no deduction for Federal income-tax purposes shall be allowed in the case of a contribution to or for the use of any organization if at the time of the making of such contribution (1) such organization is registered under section 7, or (2) there is in effect a final order of the Board [the Subversive Activities Control Board] requiring such organization to register under section 7.

• • • • •

SEC. 332. TECHNICAL AMENDMENTS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

• • • • •

(d) *Amendment of section 505 (a).* Section 505 (a) (2) is hereby amended by adding at the end thereof the following: "For disallowance of certain charitable, etc., deductions otherwise allowable under this paragraph, see sections 3813 and 162 (g) (2)."

• • • • •

PAR. 13. There is inserted immediately preceding Subpart H of Regulations 111 (26 CFR 29.6000) the following:

SEC. 331. EXEMPTION OF CERTAIN ORGANIZATIONS UNDER SECTION 101 (6) AND DEDUCTIBILITY OF CONTRIBUTIONS MADE TO SUCH ORGANIZATIONS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

Chapter 38 is hereby amended by inserting at the end thereof the following new sections:

SEC. 3813. REQUIREMENTS FOR EXEMPTION OF CERTAIN ORGANIZATIONS UNDER SECTION 101 (6) AND FOR DEDUCTIBILITY OF CONTRIBUTIONS MADE TO SUCH ORGANIZATIONS.

(a) *Organizations to which section applies.* This section shall apply to any organization described in section 101 (6) except—

(1) A religious organization (other than a trust);

(2) An educational organization which normally maintains a regular faculty and curriculum and normally has a regularly enrolled body of pupils or students in attendance at the place where its educational activities are regularly carried on;

(3) An organization which normally receives a substantial part of its support (exclusive of income received in the exercise or performance by such organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under section 101 (6)) from the United States or any State or political subdivision thereof or from direct or indirect contributions from the general public;

(4) An organization which is operated, supervised, controlled, or principally supported by a religious organization (other than a trust) which is itself not subject to the provisions of this section; and

(5) An organization the principal purposes or functions of which are the providing of medical or hospital care or medical education or medical research.

(b) *Prohibited transactions.* For the purposes of this section, the term "prohibited transaction" means any transaction in which an organization subject to the provisions of this section—

(1) Lends any part of its income or corpus, without the receipt of adequate security and a reasonable rate of interest, to;

(2) Pays any compensation, in excess of a reasonable allowance for salaries or other compensation for personal services actually rendered, to;

(3) Makes any part of its services available on a preferential basis to;

(4) Makes any substantial purchase of securities or any other property, for more than adequate consideration in money or money's worth, from;

(5) Sells any substantial part of its securities or other property, for less than an adequate consideration in money or money's worth, to; or

(6) Engages in any other transaction which results in a substantial diversion of its income or corpus to;

the creator of such organization (if a trust); a person who has made a substantial contribution to such organization; a member of the family (as defined in section 24 (b) (2) (D)) of an individual who is the creator of such trust or who has made a substantial contribution to such organization; or a corporation controlled by such creator or person through the ownership, directly or indirectly, of 50 per centum or more of the total combined voting power of all classes of stock entitled to vote or 50 per centum or more of the total value of shares of all classes of stock of the corporation.

(c) *Denial of exemption to organizations engaged in prohibited transactions*—(1) *General rule.* No organization subject to the provisions of this section which has engaged in a prohibited transaction after July 1, 1950, shall be exempt from taxation under section 101 (6).

(2) *Taxable years affected.* An organization shall be denied exemption from taxation under section 101 (6) by reason of paragraph (1) only for taxable years subsequent to the taxable year during which it is notified by the Secretary that it has engaged in a prohibited transaction, unless such organization entered into such prohibited transaction with the purpose of diverting corpus or income of the organization from its exempt purposes, and such transaction involved a substantial part of the corpus or income of such organization.

(d) *Future status of organization denied exemption.* Any organization denied exemption under section 101 (6) by reason of the provisions of subsection (c), with respect to any taxable year following the taxable year in which notice of denial of exemption was received, may, under regulations prescribed by the Secretary, file claim for exemption, and if the Secretary, pursuant to such regulations, is satisfied that such organization will not knowingly again engage in a prohibited transaction, such organization shall be exempt with respect to taxable years subsequent to the year in which such claim is filed.

(e) *Disallowance of certain charitable, etc., deductions.* No gift or bequest for religious, charitable, scientific, literary, or educational purposes (including the encouragement of art and the prevention of cruelty to children or animals), otherwise allowable as a deduction under section 23 (o) (2), 23 (q) (2), 162 (a), 505 (a) (2), • • • shall be allowed as a deduction if made to an organization which, in the taxable year of the organization in which the gift or bequest is made, is not exempt under section 101 (6) by reason of the provisions of this section. With respect to any taxable year of the organization for which the organization is not exempt pursuant to the provisions of subsection (c) by reason of having engaged in a prohibited transaction with the purpose of diverting the corpus or income of such organization from its exempt purposes and such transaction involved a substantial part of such corpus or income, and which taxable year is the same, or prior to the, taxable year of the organization in which such transaction occurred, such deduction shall be disallowed the donor only if such donor or (if such donor is an individual) any member of his family (as defined in section 24 (b) (2) (D)) was a party to such prohibited transaction.

(f) *Definition.* For the purposes of this section, the term "gift or bequest" means any gift, contribution, bequest, devise, legacy, or transfer.

• • • • •

SEC. 333. EFFECTIVE DATES (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

Subsections (c) and (d) of section 3813 • • • of the Internal Revenue Code, added by section 331 of this Act, shall apply with respect to taxable years beginning after December 31, 1950, and subsection (e) of section 3813 of the Internal Revenue Code shall apply only with respect to gifts or bequests (as defined in section 3813 of the Internal Revenue Code) made on or after January 1, 1951.

§ 29.3813–1 *Denial of exemption to organizations engaged in prohibited transactions.* (a) The prohibited transactions enumerated in section 3813 (b) are in addition to and not in limitation of the restrictions contained in section 101 (6). Even though an organization has not engaged in any of the prohibited transactions referred to in section 3813 (b), it still may not qualify for tax exemption in view of the general provisions of section 101 (6). Thus, if a trustee or other fiduciary of the organization (whether or not he is also a creator of such organization) enters into a transaction with the organization, such transaction will be closely scrutinized in the light of the fiduciary principle requiring undivided loyalty to ascertain whether the organization is in fact being operated for the stated exempt purposes.

(b) An organization described in section 101 (6), other than an organization excepted by section 3813 (a), which has engaged in any prohibited transaction (as described in section 3813 (b)) after July 1, 1950, shall not be exempt from taxation under section 101 (6) for any taxable year subsequent to the taxable year in which there is mailed to it a notice in writing by the Commissioner that it has engaged in such prohibited transaction. Such notification by the Commissioner shall be by registered mail to the last known address of the organization. However, notwithstanding the requirement of notification by the Commissioner, exemption shall be denied with respect to any taxable year beginning after December 31, 1950, if such organization during or prior to such taxable year commenced the prohibited transaction with the purpose of diverting income or corpus from its exempt purposes and such transaction involved a substantial part of the income or corpus of such organization. For the purpose of this section, the term "taxable year" means the established annual accounting period of the organization; or, if the organization has no such established annual accounting period, the "taxable year" of the organization means the calendar year.

Example (1). A creates a foundation in 1949 ostensibly for educational purposes. B, as trustee, accumulates the foundation's income from 1952 until 1955 and then uses a substantial part of this accumulated income to send A's children to college. The foundation would lose its exemption for the taxable years 1952 through 1955 and for subsequent taxable years until it regains its exempt status.

Example (2). If under the facts in example (1) such private benefit was the purpose of the foundation from its inception, such foundation is not exempt by reason of the general provisions of section 101 (6) and without regard to the provisions of section 3813 for all years since its inception, that is, for the taxable years 1949 through 1955 and subsequent taxable years, since under section 101 (6) the organization must be organized and operated exclusively for exempt purposes. (See § 29.101 (6)–1. See also § 29.3814–1 for loss of exemption in the case of certain organizations accumulating income.)

§ 29.3813–2 *Future status of organization denied exemption.* (a) Any organization denied exemption under section 101 (6) by reason of the provisions of section 3813 (c) may file, in any taxable year following the taxable year in which notice of denial of exemption was issued, a claim for exemption with the collector for the district in which is located the principal place of business or principal office of the organization. Form 1023, the exemption application, a copy of which may be obtained from any collector, shall be used for this purpose. The claim must contain or have attached to it, in addition to the information generally required of an organization claiming exemption under section 101 (6), an affidavit, by a principal officer of such organization authorized to make such affidavit, that the organization will not knowingly again engage in a prohibited transaction. See § 29.101–2 for proof of exemption requirements in general.

(b) If the Commissioner is satisfied that such organization will not knowingly again engage in a prohibited transaction and that the organization also satisfies all other requirements under section 101 (6), he shall so notify the organization in writing. In such case the organization will be exempt (subject to the provisions of sections 101 (6), 3813 and 3814) with respect to the taxable years subsequent to the taxable year in which such claim is filed. Section 3813 contemplates that an organization denied exemption because of the terms of such section will be subject to taxation for at least one full taxable year. For the purpose of this section, the term "taxable year" means the established annual accounting period of the organization; or, if the organization has no such established annual accounting period, the "taxable year" of the organization means the calendar year.

§ 29.3813–3 *Disallowance of certain charitable, etc., deductions.* (a) No gift or contribution made on or after January 1, 1951, which would otherwise be allowable as a charitable or other deduction under section 23 (o) (2), 23 (q) (2), 162 (a), or 505 (a) (2), shall be allowed as a deduction if made to an organization which at the time the gift or contribution is made is not exempt under section 101 (6) by reason of the provisions of section 3813.

(b) If an organization, which receives a gift or contribution made after December 31, 1950, is not exempt under section 101 (6) because it engaged in a prohibited transaction involving a substantial part of its income or corpus with the purpose of diverting its income or corpus from its exempt purposes, and if the taxable year of the organization during which such gift or contribution is made begins after December 31, 1950, and is the same as, or is prior to, the taxable year of the organization in which such transaction occurred, then a deduction by the donor with respect to the gift or contribution shall not be disallowed under the preceding paragraph unless the donor (or any member of his family if the donor is an individual) is a party to such prohibited transaction. For the purpose of the preceding sentence, the members of an individual donor's family include only his brothers and sisters, whether by whole or half blood, spouse, ancestors, and lineal descendants.

Example. In 1952, corporation A, which files its income tax returns on the calendar year basis, creates a foundation purportedly for charitable purposes and deducts from its gross income for that year the amount of the gift to the foundation. Corporation A makes additional gifts to this foundation in 1953, 1954, and 1955, and takes charitable deductions for such years. B, an individual, also contributes to the foundation in 1953, 1954, and 1955, and takes charitable deductions for such years. In 1953, the foundation commences purposely to divert its corpus to the benefit of corporation A, and a substantial amount of such corpus is so diverted by the close of the taxable year 1954. For 1953 and subsequent taxable years, the exemption allowed the foundation under section 101 (6) is denied by reason of the provisions of section 3813 (c). Both corporation A and individual B would be disallowed any deduction for the contributions made during 1955 to the foundation. Moreover, the charitable deductions taken by corporation A for contributions to the foundation in the years 1953 and 1954 would also be disallowed since corporation A was a party to the prohibited transaction. If the facts and surrounding circumstances indicate that the contribution in 1952 by corporation A was for the purpose of the prohibited transaction, then the charitable deduction for the year 1952 shall also be disallowed with respect to corporation A, since the prohibited transaction would then have commenced with the making of such contribution and the exemption allowed the foundation under section 101 (6) would then be denied for 1952 by reason of provisions of section 3813 (c).

SEC. 331. EXEMPTION OF CERTAIN ORGANIZATIONS UNDER SECTION 101 (6) AND DEDUCTIBILITY OF CONTRIBUTIONS MADE TO SUCH ORGANIZATIONS (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

Chapter 38 is hereby amended by inserting at the end thereof the following new sections:

* * * * *

SEC. 3814. DENIAL OF EXEMPTION UNDER SECTION 101 (6) IN THE CASE OF CERTAIN ORGANIZATIONS ACCUMULATING INCOME.

In the case of any organization described in section 101 (6) to which section 3813 is applicable, if the amounts accumulated out of income during the taxable year or any prior taxable year and not actually paid out by the end of the taxable year—

(1) Are unreasonable in amount or duration in order to carry out the charitable, educational, or other purpose or function constituting the basis for such organization's exemption under section 101 (6); or

(2) Are used to a substantial degree for purposes or functions other than those constituting the basis for such organization's exemption under section 101 (6); or

(3) Are invested in such a manner as to jeopardize the carrying out of the charitable, educational, or other purpose or function constituting the basis for such organization's exemption under section 101 (6),

exemption under section 101 (6) shall be denied for the taxable year.

* * * * * *

SEC. 333. EFFECTIVE DATES (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

* * * section 3814 of the Internal Revenue Code, added by section 331 of this Act, shall apply with respect to taxable years beginning after December 31, 1950. * * *.

§ 29.3814–1 *Denial of exemption under section 101 (6) in the case of certain organizations accumulating income.* (a) The restrictions enumerated in section 3814 are in addition to and not in limitation of the restrictions contained in section 101 (6). Even though an organization has not violated any of the terms of section 3814, it still may not qualify for tax exemption in view of the general provisions of section 101 (6). Thus, if a trustee or other fiduciary of the organization (whether or not he is also a creator of such organization) enters into a transaction with the organization, such transaction will be closely scrutinized in the light of the fiduciary principle requiring undivided loyalty to ascertain whether the organization is in fact being operated for the stated exempt purposes.

(b) For any taxable year beginning after December 31, 1950, any organization described in section 101 (6) other than an organization described in section 3813 (a) (1) through (5), inclusive, shall not be exempt under section 101 (6) if the amounts accumulated out of income during the taxable year, or any prior taxable year (including taxable years beginning prior to January 1, 1951), and not actually paid out for exempt purposes by the end of the taxable year, are unreasonable. Amounts accumulated out of income become unreasonable when more income is accumulated than is needed, or when the duration of the accumulation is longer than is needed, in order to carry out the purpose constituting the basis for the organization's exemption. Furthermore, an organization shall not be exempt under section 101 (6) if amounts accumulated out of income are used to a substantial degree for purposes or functions other than those constituting the basis for the organization's exemption, or if such amounts are invested in such a manner as to jeopardize the carrying out of the purpose or function constituting the basis for the organization's exemption.

(c) For the purpose of section 3814, the term "income" means gains, profits, and income determined under the principles applicable in determining the earnings or profits of a corporation. The amount accumulated out of income during the taxable year or any prior taxable year shall be determined under the principles applicable in determining the accumulated earnings or profits of a corporation. In determining the reasonableness of an accumulation out of income, there will be disregarded the following: (1) The accumulation of gain upon the sale or exchange of a donated asset to the extent that such gain represents the excess of the fair market value of such asset when acquired by the organization over its substituted basis in the hands of the organization; (2) the accumulation of gain upon the sale or exchange of property held for the production of investment income, such as dividends, interest, and rents, where the proceeds of such sale or exchange are within a reasonable time reinvested in property acquired and held in good faith for the production of investment income.

(d) Whether the conditions specified in paragraphs (1), (2) and (3) of section 3814 are present in any case must be determined from all the facts. The conditions specified in section 3814 (1), (2) and (3) may result from the use of only one organization or of a chain of two or more organizations.

(e) An organization that has lost its exempt status by reason of the provisions of section 3814 may, in order to reestablish its exemption, file a claim for exemption with the collector for the district in which is located the principal place of business or principal office of the organization. Form 1023, the exemption application, a copy of which may be obtained from any collector, shall be used for this purpose. The claim for exemption must contain or be accompanied by information or evidence showing that the circumstances that caused the loss of exemption under section 3814 no longer exist, and an affidavit, by a principal officer of such organization authorized to make such affidavit, that the organization will not knowingly again violate the terms of section 3814. See § 29.101–2 for proof of exemption requirements in general. The provisions of section 3814 contemplate that an organization denied exemption thereunder will be subject to taxation for at least one full taxable year. For the purpose of this section, the term "taxable year" means the established annual accounting period of the organization; or, if the organization has no such established annual accounting period, the "taxable year" of the organization means the calendar year.

(f) In the case of an organization denied exemption under section 101 (6) solely by reason of the provisions of section 3814, deductions otherwise allowable under section 23 (o) (2), 23 (q) (2), 162 (a), or 505 (a) (2) for gifts or contributions to such organization shall not be disallowed.

(53 Stat. 32; 26 U. S. C. 62)

[Regs. 111; T. D. 5925]

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

CONSOLIDATED INCOME AND EXCESS PROFITS TAX RETURNS OF AFFILIATED CORPORATIONS

On June 4, 1952, notice of proposed rule making was published in the FEDERAL REGISTER (17 F. R. 5041) to conform § 29.141–1 of Regulations 111 (26 CFR Part 29) to the Revenue Act of 1950, approved September 23, 1950, to the Excess Profits Tax Act of 1950, approved January 3, 1951, and to the Revenue Act of 1951, approved October 20, 1951. No objection to the rules proposed having been received within the 30 days following such publication, the amendments of Regulations 111 set forth below are hereby adopted.

PARAGRAPH 1. There is inserted immediately preceding § 29.141–1 the following:

SEC. 121. INCREASE IN RATE OF CORPORATION INCOME TAXES (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

* * * * *

(f) *Tax under consolidated returns.* Section 141 (c) (relating to computation and payment of tax on consolidated returns) is hereby amended by inserting after the first sentence the following: "If the affiliated group includes one or more western hemisphere trade corporations (as defined in section 109), the increase of 2 per centum provided in the preceding sentence shall be applied only on the amount by which the consolidated corporation surtax net income of the affiliated group exceeds the portion (if any) of the consolidated corporation surtax net income attributable to the western hemisphere trade corporations included in such group."

* * * * *

SEC. 123. EFFECTIVE DATE OF PART II (REVENUE ACT OF 1950, APPROVED SEPTEMBER 23, 1950).

The amendments made by this part (sections 121, 122, and 123, Revenue Act of 1950) shall be applicable only with respect to taxable years ending after December 31, 1949. * * *

SEC. 301. CONSOLIDATED RETURNS (EXCESS PROFITS TAX ACT OF 1950, APPROVED JANUARY 3, 1951).

Effective with respect to taxable years ending after June 30, 1950, section 141 of the Internal Revenue Code (relating to consolidated returns) is hereby amended to read as follows:

SEC. 141. CONSOLIDATED RETURNS.

(a) *Privilege to file consolidated returns.* An affiliated group of corporations shall, subject to the provisions of this section, have the privilege of making a consolidated return for the taxable year in lieu of separate returns. The making of a consolidated return shall be upon the condition that all corporations which at any time during the taxable year have been members of the affiliated group consent to all the consolidated return regulations prescribed under subsection (b) prior to the last day prescribed by law for the filing of such return. The making of a consolidated return shall be considered as such consent. In the case of a corporation which is a member of the affiliated group for a fractional part of the year, the consolidated return shall include the income of such corporation for such part of the year as it is a member of the affiliated group.

(b) *Regulations.* The Secretary shall prescribe such regulations as he may deem necessary in order that the tax liability of any affiliated group of corporations making a consolidated return and of each corporation in the group, both during and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the income- and excess-profits-tax liability and the various factors necessary for the determination of such liability, and in order to prevent avoidance of such tax liability.

(c) *Computation and payment of tax.* In any case in which a consolidated return is made or is required to be made, the tax shall be determined, computed, assessed, collected, and adjusted in accordance with the regulations under subsection (b) prescribed prior to the last day prescribed by law for the filing of such return; except that the tax imposed under section 15 or section 204 shall be increased by 2 per centum of the consolidated corporation surtax net income of the affiliated group of includible corporations. If the affiliated group includes one or more Western Hemisphere trade corporations (as defined in section 109), the increase of 2 per centum provided in the preceding sentence shall be applied only on the amount by which the consolidated corporation surtax net income of the affiliated group exceeds the portion (if any) of the consolidated corporation surtax net income attributable to the Western Hemisphere trade corporations included in such group. For the purposes of the tax imposed by section 430, the sum of the excess profits credit and the unused excess profits credit adjustment of the affiliated group shall not be increased under the last sentence of section 431 to an amount in excess of $25,000 for the entire group.

(d) *Definition of "affiliated group".* As used in this section, an "affiliated group" means one or more chains of includible corporations connected through stock ownership with a common parent corporation which is an includible corporation if—

(1) Stock possessing at least 95 per centum of the voting power of all classes of stock and at least 95 per centum of each class of the nonvoting stock of each of the includible corporations (except the common parent corporation) is owned directly by one or more of the other includible corporations; and

(2) The common parent corporation owns directly stock possessing at least 95 per centum of the voting power of all classes of stock and at least 95 per centum of each class

of the nonvoting stock of at least one of the other includible corporations.

As used in this subsection, the term "stock" does not include nonvoting stock which is limited and preferred as to dividends.

(e) *Definition of "includible corporation".* As used in this section, the term "includible corporation" means any corporation except—

(1) Corporations exempt from taxation under section 101.

(2) Insurance companies subject to taxation under section 201 or 207.

(3) Foreign corporations.

(4) Corporations entitled to the benefits of section 251, by reason of receiving a large percentage of their income from sources within possessions of the United States.

(5) Corporations organized under the China Trade Act, 1922.

(6) Regulated investment companies subject to tax under Supplement Q.

(7) Any corporation described in section 449, or in section 454 (d), (f), and (g) (without regard to the exception in the initial clause of section 454), but not including such a corporation which has made and filed a consent, for the taxable year or any prior taxable year ending after June 30, 1950, to be treated as an includible corporation. Such consent shall be made and filed at such time and in such manner as may be prescribed by the Secretary.

(8) Regulated public utilities described in section 448 (d) which compute their excess profits credit under section 448 but not including any such regulated public utility which has made and filed a consent, applicable to the taxable year, to compute its excess profits credit without regard to section 448. The consent shall be made and filed at such time and in such manner as may be prescribed by the Secretary. The consent shall be applicable to the taxable year for which filed and to each consecutive subsequent taxable year for which a consolidated return is filed.

(f) *Includible insurance companies.* Despite the provisions of paragraph (2) of subsection (e), two or more domestic insurance companies each of which is subject to taxation under the same section of this chapter shall be considered as includible corporations for the purpose of the application of subsection (d) to such insurance companies alone.

(g) *Subsidiary formed to comply with foreign law.* In the case of a domestic corporation owning or controlling, directly or indirectly, 100 per centum of the capital stock (exclusive of directors' qualifying shares) of a corporation organized under the laws of a contiguous foreign country and maintained solely for the purpose of complying with the laws of such country as to title and operation of property, such foreign corporation may, at the option of the domestic corporation, be treated for the purpose of this chapter as a domestic corporation.

(h) *Suspension of running of statute of limitations.* If a notice under section 272 (a) in respect of a deficiency for any taxable year is mailed to a corporation, the suspension of the running of the statute of limitations, provided in section 277, shall apply in the case of corporations with which such corporation made a consolidated return for such taxable year.

(i) *Allocation of income and deductions.* For allocation of income and deductions of related trades or businesses, see section 45.

(j) *Includible regulated public utilities.* Despite the provisions of paragraph (8) of subsection (e), two or more regulated public utilities each of which has made and filed a consent, applicable to the taxable year, to compute its excess profits credit under section 448 only, shall be considered as includible corporations for the purpose of the application of subsection (d) to such regulated public utilities alone. The consent shall be made and filed at such time and in such manner as may be prescribed by the Secretary. The consent shall be applicable to the taxable year for which filed and to each consecutive subsequent taxable year for which a consolidated return is filed.

SEC. 613. CONSOLIDATED RETURNS; INCLUDIBLE CORPORATION (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

If an affiliated group making a consolidated return with respect to the first taxable year of the group ending after June 30, 1950, included a corporation described in section 454 (f) of the Internal Revenue Code pursuant to the consent provided in section 141 (e) (7) of such code, such corporation may withdraw such consent at any time within ninety days after the enactment of this act. If such consent is withdrawn under the preceding sentence, the tax liability of the affiliated group and its several members for the taxable year shall be determined, assessed, and collected as if such corporation had never joined in the making of the consolidated return.

PAR. 2. Section 29.141–1, as amended by Treasury Decision 5441, approved February 28, 1945, is hereby further amended as follows:

(A) By changing paragraph (a) thereof to read as follows:

(a) *In general.* Section 141 prescribes rules for the making of consolidated income and excess profits tax returns by affiliated groups of corporations. Parts 23 and 33 of the subchapter (Regulations 104 and Regulations 110) are applicable, respectively, to the making of the consolidated income tax return and the consolidated excess profits tax return in the case of a taxable year ending prior to January 1, 1950. Part 24 of this subchapter (Regulations 129) are applicable to the making of the consolidated income and excess profits tax return in the case of a taxable year ending after December 31, 1949. The determination, computation, assessment, collection, and adjustment of income and excess profits tax liabilities of the affiliated group and each member thereof both during and after the period of affiliation shall be made under the applicable provisions of such regulations.

(B) By striking the word "and" which follows the semicolon in subparagraph (6) of paragraph (c).

(C) By striking subparagraph (7) from paragraph (c) and inserting in lieu thereof the following:

(7) With respect to taxable years beginning after December 31, 1943, and ending before July 1, 1950, a personal service corporation described in section 725 (a), or a corporation described in section 727 (e), (g), or (h) which without regard to the exception stated in the initial clause of section 727 would be exempt from the excess profits tax imposed by subchapter E of chapter 2, except as otherwise provided in section 141 (e) (7) with respect to such taxable years. As to the exception provided in section 141 (e) (7), see the provisions of this section set forth below;

(8) With respect to taxable years ending after June 30, 1950, a personal service corporation described in section 449 or a corporation described in section 454 (d), (f), or (g) which without regard to the exception stated in the initial clause of section 454 would be exempt from the excess profits tax imposed by subchapter D of chapter 1, except as otherwise provided in section 141 (e) (7). As to the exception provided in section 141 (e) (7), see the provisions of this section set forth below; and

(9) With respect to taxable years ending after June 30, 1950, a regulated public utility corporation described in section 448 (d), except as otherwise provided in section 141 (e) (8) and section 141 (j). As to the exception provided in section 141 (e) (8), see the provisions of this section set forth below. As to the exception provided in section 141 (j), see paragraph (g) of this section.

The corporations described in section 727 (e), (g), and (h), and in section 454 (d), (f), and (g), are personal holding companies as defined in section 501, certain domestic corporations which derive a specified part of their gross income from sources outside the United States (section 727 (g) and section 454 (f)), and certain corporations which receive compensation from the United States for the transportation of mail by aircraft (section 727 (h) and section 454 (g)).

Any corporation which otherwise would not be an includible corporation under subparagraphs (7) or (8) of this paragraph and section 141 (e) (7) may make and file a consent for any taxable year beginning after December 31, 1943, to be treated as an includible corporation. A corporation which has made and filed such consent for any taxable year ending prior to July 1, 1950, shall be treated as an includible corporation for the taxable year for which such consent is filed and for each subsequent taxable year ending before July 1, 1950. A corporation which has made and filed a consent for any taxable year ending after June 30, 1950, shall be treated as an includible corporation for such taxable year and for each subsequent taxable year. With respect to the subsequent taxable years in either such case, such corporation shall be deemed to be an includible corporation regardless of whether the affiliated group of which such corporation is a member during the subsequent taxable year is the same as the affiliated group of which it was a member when the consent was filed. If such corporation is a common parent corporation, the making and filing of the consolidated income tax return shall constitute the making and filing of its consent under section 141 (e) (7). If such corporation is a subsidiary, the filing for a taxable year ending before July 1, 1950, of its authorization and consent on Forms 1122 and 1122E in the manner prescribed by § 23.12 (b) of this subchapter (Regulations 104) and § 33.12 (b) of this subchapter (Regulations 110) shall constitute the making and filing of such consent; the filing for a taxable year ending after June 30, 1950, of its authorization and consent on Form 1122 in the manner prescribed by § 24.12 (b) of this subchapter (Regulations 129) shall constitute the making and filing of such consent. A consent to be treated as an includible corporation under section 141 (e) (7) cannot be withdrawn or revoked at any time after the consolidated return is filed for the first taxable year for which the consent is filed, except as otherwise provided in section 613 of the Revenue Act of 1951. Section 613 of that act relates to the withdrawal within 90 days after October 20, 1951 (the date of enactment of that act), of consents for the first taxable year ending after June 30, 1950, with respect to corporations described in section 454 (f).

Under section 141 (e) (8), any regulated public utility corporation may make and file a consent for any taxable year ending after June 30, 1950, to compute its excess profits credit without regard to section 448. A corporation which has made and filed such consent shall be treated as an includible corporation under section 141 (e) (8) for the taxable year for which such consent is filed and for each consecutive subsequent taxable year for which a consolidated return is made or is required to be made by the affiliated group of which it was a member at the time such consent was filed unless it has ceased to be a member of such group. If such corporation is a common parent corporation, the making and filing of a consolidated return in which the consolidated excess profits credit is determined under provisions other than those of section 448 shall constitute the making and filing of its consent under section 141 (e) (8). If such corporation is a subsidiary, the filing of an authorization and consent on Form 1122, in the manner prescribed by § 24.12 (b) of this subchapter (Regulations 129), indicating thereon its consent to compute its excess profits credit without regard to section 448 shall constitute the making and filing of such consent. A consent to be treated as an includible corporation under section 141 (e) (8) cannot be withdrawn or revoked at any time after the consolidated return is filed for the first taxable year for which the consent is filed; however, if a separate return is properly filed by such a corporation for a subsequent taxable year, it is not thereafter an includible corporation under section 141 (e) (8) unless another consent under such section is made and filed.

(D) By striking the last sentence of paragraph (c) and inserting in lieu thereof the following: "In the case of taxable years ending before July 1, 1950, see sections 725 (b) and 727, and in the case of taxable years ending after June 30, 1950, see section 449 and section 454."

(E) By striking that part of paragraph (e) which follows the first sentence and inserting in lieu thereof the following: "The option to treat such foreign corporation as a domestic corporation must be exercised at the time of making the consolidated return, and cannot be exercised at any time thereafter. However, in the case of taxable years ending before January 1, 1950, the option must be exercised at the time of making the first consolidated return for any taxable year beginning after December 31, 1941, and ending before January 1, 1950. If the foreign corporation is included or is required to be included in the consolidated return of the affiliated group of which it is a member for any taxable year, it must be included in the consolidated return for each consecutive taxable year thereafter for which such group makes or is required to make a consolidated return. Furthermore, if the option is exercised at the time of making the first consolidated return for any taxable year beginning after December 31, 1941, and ending before January 1, 1950, the foreign corporation must be included in the consolidated return of the group for each subsequent taxable year ending before January 1, 1950, for which such group makes or is required to make a consolidated return, whether or not such taxable year is preceded by a taxable year for which separate returns are made."

(F) By striking the last sentence of paragraph (f) and inserting in lieu thereof the following: "For example, if the consolidated corporation surtax net income of an affiliated group for a taxable year is $40,000, the increase in the surtax for such taxable year is $800, that is, 2 percent of $40,000. For taxable years ending after December 31, 1949, if the affiliated group includes one or more Western Hemisphere trade corporations (as defined in section 109), the increase shall be applied in the manner provided in § 24.30 (b) (1) of this subchapter (Regulations 129)."

(G) By inserting immediately after paragraph (f) the following:

(g) *Consolidated returns of regulated public utilities computing excess profits credit under section 448.* For taxable years ending after June 30, 1950, a regulated public utility which has made and filed a consent to compute its excess profits credit under section 448 only may be included in an affiliated group (within the meaning of section 141 (d)) comprised solely of regulated public utility corporations each of which has made and filed such a consent. If such consent of a regulated public utility corporation is filed for any taxable year ending after June 30, 1950, such corporation shall be an includible corporation within the meaning of section 141 (j) for the taxable year for which such consent is filed and for all consecutive subsequent taxable years for which such affiliated group of which such corporation is a member makes or is required to make a consolidated return. If such corporation is a common parent corporation, the making and filing of a consolidated return in which the consolidated excess profits credit is determined under the provisions of section 448 shall constitute the making and filing of its consent under section 141 (j). If such corporation is a subsidiary, the filing of its authorization and consent on Form 1122, in the manner prescribed by § 24.12 (b) of this subchapter (Regulations 129), indicating thereon its consent to compute its excess profits credit with respect to section 448 only, shall constitute the making and filing of such consent. A consent to be treated as an includible corporation under section 141 (j) cannot be withdrawn or revoked at any time after the consolidated return is filed for the first taxable year for which the consent is filed. However, if a separate return is properly filed by such a corporation for a subsequent taxable year, it is not thereafter an includible corporation under section 141 (j) unless another consent under such section is made and filed.

[Regs. 130; T. D. 5923]

PART 40—EXCESS PROFITS TAX; TAXABLE YEARS AFTER JUNE 30, 1950

CORPORATIONS WHICH MINE STRATEGIC MINERALS

Regulations 130 (26 CFR Part 40) are amended as follows:

PARAGRAPH 1. There is inserted immediately following the words "in section 450 (b)" as they appear in the parenthetical clause in the first sentence of § 40.450–1 (a) the following: "and in paragraph (e) of this section" so that, as amended, such sentence shall read as follows: "If a domestic corporation is engaged in mining a strategic mineral (as defined in section 450 (b) and in paragraph (e) of this section) within the United States, the portion of its adjusted excess profits net income attributable to such mining is exempt from excess profits tax."

PAR. 2. Section 40.450–1 (e) is redesignated as § 40.450–1 (f), and there is inserted immediately following § 40.450–1 (d) the following:

(e) In addition to the minerals defined in section 450 (b) as strategic minerals the following minerals have been certified, on the date indicated, to the Secretary as being within such definition:

(1) On May 23, 1951, block steatite talc;

(2) On November 5, 1951, rare earths (metals of successive atomic numbers beginning with lanthanum 57 and extending through lutecium 71 of the periodic table) conforming to National Stockpile Specification P–35, as revised December 12, 1950.

This Treasury decision merely sets forth the minerals certified to the Secretary of the Treasury by other Government agencies and the dates of such certifications. Accordingly, it is found unnecessary to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

TITLE 32—NATIONAL DEFENSE

Chapter XIV—The Renegotiation Board

Subchapter A—Military Renegotiation Regulations Under the 1948 Act

PART 1421—AUTHORITY AND ORGANIZATION FOR RENEGOTIATION

PART 1422—PROCEDURE FOR RENEGOTIATION

PART 1423—DETERMINATION OF RENEGOTIABLE BUSINESS AND COSTS

PART 1425—AGREEMENTS, CLEARANCES AND STATEMENTS

PART 1427—MILITARY RENEGOTIATION FORMS

PART 1428—STATUTES, ORDERS AND DIRECTIVES

MISCELLANEOUS AMENDMENTS

Part 1421 is amended in the following respects:

1. Subpart A.—*Summary of the 1948 act and related statutes*, is deleted in its entirety and the following inserted in lieu thereof: "Subpart A. [Reserved.]"

2. The first sentence of § 1421.123–1 is deleted and the following inserted in lieu thereof: "For purposes of the Code of Federal Regulations, the Military Renegotiation Regulations under the Renegotiation Act of 1948 have been assigned to Title 32, Chapter XIV, Subchapter A, comprising Parts 1400 to 1449, inclusive."

3. Subpart C—*Organization and function of the Renegotiation Boards*, is deleted in its entirety and the following inserted in lieu thereof:

SUBPART C—ORGANIZATION AND FUNCTION OF THE RENEGOTIATION BOARD

Sec.

1421.130 Statutory authority.
1421.130–1 Renegotiation Act of 1948.
1421.130–2 Renegotiation Act of 1951.
1421.131 Delegation by the Secretary of Defense to The Renegotiation Board.
1421.132 Redelegation by The Renegotiation Board to the Secretary of Defense.
1421.133 Redelegation by the Secretary of Defense to the Secretaries of the Army, Navy and Air Force.

AUTHORITY: §§ 1421.130 to 1421.133 issued under 62 Stat. 259, as amended; sec. 109, Pub. Law 9, 82d Cong. (65 Stat. 22); 50 U. S. C. App. 1193.

§ 1421.130 *Statutory authority.*

§ 1421.130–1 *Renegotiation Act of 1948.* The authority and discretion to administer the Renegotiation Act of 1948 are conferred upon the Secretary of Defense with power of delegation (subsections (f) and (g); see § 1428.801 of this subchapter).

§ 1421.130–2 *Renegotiation Act of 1951.* Section 107 (f) of the Renegotiation Act of 1951 provides in part that, notwithstanding any other provisions of law, the Secretary of Defense is authorized to delegate, in whole or in part, to The Renegotiation Board created by that act, the powers, functions and duties conferred upon him by any other renegotiation law.

§ 1421.131 *Delegation by the Secretary of Defense to The Renegotiation Board.* On January 18, 1952, effective January 20, 1952, the Secretary of Defense delegated to The Renegotiation Board all of the powers, functions and duties conferred upon him by the Renegotiation Act of 1948, as amended or supplemented (see § 1428.824 of this subchapter).

§ 1421.132 *Redelegation by The Renegotiation Board to the Secretary of Defense.* On January 20, 1952, The Renegotiation Board redelegated to the Secretary of Defense the power, function and duty of eliminating excessive profits under subsection (b) of the Renegotiation Act of 1948, as amended or supplemented, with power of redelegation (see § 1428.825 of this subchapter).

§ 1421.133 *Redelegation by the Secretary of Defense to the Secretaries of the Army, Navy and Air Force.* On January 20, 1952, the Secretary of Defense redelegated to each of the Secretaries of the Army, the Navy and the Air Force, respectively, the power, function and duty of eliminating excessive profits under subsection (b) of the Renegotiation Act of 1948, as amended or supplemented, with power of redelegation (see § 1428.826 of this subchapter).

Part 1422 is amended by adding a new Subpart J to read as follows:

SUBPART J—CONTROL OF RENEGOTIATION RECORDS AND INFORMATION CONTAINED THEREIN

NOTE: The regulations on this subject are set forth in Part 1480 of the Renegotiation Board Regulations under the Renegotiation Act of 1951 (Title 32, Chapter XIV, Subchapter B; 17 F. R. 2542).

Part 1423 is amended in the following respects:

1. Subpart A—Fiscal year basis for renegotiations and exceptions, is amended by adding thereto § 1423.310 to read as follows:

§ 1423.310 *Fiscal year beginning in 1950 and ending in 1951.* In the case of a fiscal year beginning in 1950 and ending in 1951, as in the case of any other fiscal year, renegotiation will generally be conducted on the fiscal year basis (see § 1423.301). However, no proceeding under the 1948 act will include any amounts received or accrued by the contractor after December 31, 1950 from its renegotiable prime contracts and subcontracts. Upon request of any contractor, the Board will enter into an agreement for combined renegotiation pursuant to section 102 (c) of the Renegotiation Act of 1951 in any case of a fiscal year beginning in 1950 and ending in 1951 when such contractor has receipts or accruals before January 1, 1951 from prime contracts and subcontracts subject to the 1948 act and also has receipts or accruals after December 31, 1950 subject to the 1951 act, but only when, if no such agreement were made, a contractor would be renegotiated under one or both of such acts. Regulations pertaining to such agreements, including the form thereof, are set forth in § 1457.2 of the Renegotiation Board Regulations issued under the 1951 act.

2. Section 1423.331–1 is amended by adding thereto paragraph (e) to read as follows:

(e) Section 102 (c) of the Renegotiation Act of 1951 provides in part as follows:

The Renegotiation Act of 1948 shall not be applicable to any contract or subcontract to the extent of the amounts received or accrued by a contractor or subcontractor on or after the first day of January 1951, whether such contract or subcontract was made on, before or after such first day.

Whenever in this part any of the terms "subject contracts", or "subject to renegotiation", or "renegotiable contracts or subcontracts", or "renegotiable business", or similar language is used, such term shall be deemed to include any amounts received or accrued by the contractor or subcontractor on or after the first day of January 1951 whether the contract or subcontract from which such receipt or accrual arose was made on, before or after such first day.

3. Section 1423.332–1 is amended by deleting the first sentence thereof and inserting in lieu thereof the following: "All contracts required by the Renegotiation Act of 1948, as amended or supplemented, to contain a Renegotiation Article are subject to that act except to the extent of amounts received or accrued on or after January 1, 1951 (see section 102 (c) of the Renegotiation Act of 1951)."

4. Appendix A to Subpart E of Part 1423 is amended by inserting after the heading thereof the following:

Section 102 (c) of the Renegotiation Act of 1951 provides that the Renegotiation Act of 1948 shall not be applicable to any contract or subcontract to the extent of the amounts received or accrued by a contractor or subcontractor on or after the first day of January 1951, whether such contract or subcontract was made on, before, or after such first day. The following exemptions relate only to contracts and subcontracts to the extent of amounts received or accrued prior to January 1, 1951.

5. Subpart F—*Commencement and completion of renegotiation*, is deleted in its entirety and the following inserted in lieu thereof.

SUBPART F—LIMITATIONS ON COMMENCEMENT AND COMPLETION OF RENEGOTIATION

Sec.

1423.361 Statutory provision.
1423.362 Commencement of renegotiation proceedings.
1423.362–1 Period of commencement.
1423.362–2 Effect of false statement in Standard Form of Contractor's Report.
1423.363 Completion of renegotiation proceedings.

AUTHORITY: §§ 1423.361 to 1423.363 issued under 62 Stat. 259, as amended; sec. 109, Pub. Law 9, 82d Cong. (65 Stat. 22); 50 U. S. C. App. 1193.

§ 1423.361 *Statutory provision.* Section 202 of the Renegotiation Act of 1951 provides as follows:

No proceeding under the Renegotiation Act of 1948 to determine the amount of excessive profits for any fiscal year shall be commenced more than one year after the mandatory statement required by the regulations issued pursuant to such Act is filed with respect to such year, or more than six months after the date of the enactment of this title, whichever is the later, and if such proceeding is not so commenced (in the manner provided by the regulations prescribed pursuant to such Act), all liabilities of the contractor or subcontractor under such Act for excessive profits received or accrued during such fiscal year shall thereupon be discharged. If an agreement or order determining the amount of excessive profits under such Act is not made within two years following the commencement of the renegotiation proceeding, then upon the expiration of such two years all liabilities of the contractor or subcontractor for excessive profits with respect to which such proceeding was commenced shall thereupon be discharged, except that (1) such two-year period may be extended by mutual agreement, and (2) if within such two years such an order is duly issued pursuant to such Act, such two-year limitation shall not apply to the review of such order by any renegotiation board duly authorized to undertake such review.

§ 1423.362 *Commencement of renegotiation proceedings.*

§ 1423.362–1 *Period of commencement.* Under § 1422.241 of this subchapter, renegotiation proceedings are commenced by mailing of a notice to that effect, by registered mail, to the contractor or subcontractor. Unless renegotiation proceedings are commenced within one year after the Standard Form of Contractor's Report prescribed in § 1422.222–1 of this subchapter is filed with respect to any fiscal year, the liability of the contractor or subcontractor for excessive profits received or accrued during such fiscal year is discharged. For the purposes of this paragraph, the filing of the Standard Form of Contractor's Report is considered to be the filing of the mandatory statement referred to in section 202 of the Renegotiation Act of 1951.

§ 1423.362–2 *Effect of false statement in Standard Form of Contractor's Report.* The Standard Form of Contractor's Report provides the information upon the basis of which it is determined whether the contractor or subcontractor will or will not be renegotiated under the act. If the purported Standard Form of Contractor's Report filed by any contractor or subcontractor for any fiscal year contains a false statement of a material fact, either fraudulently or negligently made, the filing of such purported statement will not be regarded as a filing of the Standard Form of Contractor's Report, sufficient to start the one-year period of limitations running as prescribed in section 202 of the Renegotiation Act of 1951, and even if the renegotiation is not commenced within one year after the filing thereof, the liability of the contractor or subcontractor for excessive profits received or accrued during the fiscal year involved is not discharged.

§ 1423.363 *Completion of renegotiation proceedings.* Unless an agreement or order determining the amount of excessive profits (see Parts 1425 and 1426 of this subchapter) is made within two years after the commencement of a renegotiation proceeding with respect to any fiscal year, the liability of the contractor or subcontractor for excessive profits received or accrued during such fiscal year is discharged. If in the course of such proceeding, the contractor makes, either fraudulently or negligently, a false statement of a material fact, the liability of the contractor or subcontractor for excessive profits received or accrued during the fiscal year involved is not discharged even though renegotiation is not completed by the Board within two years after the commencement of such renegotiation proceeding.

6. Subpart H—*Costs allocable and allowable against renegotiable business*, is amended by deleting § 1423.388–2 and inserting in lieu thereof the following:

§ 1423.388–2 *Charitable and other contributions.* (a) Contributions will, to the extent allocable thereto, be allowed as a cost of renegotiable business if such contributions are estimated to be deductible in the fiscal year under review for Federal income tax purposes under section 23 (o) and (q) of the Internal Revenue Code.

(b) The primary consideration in determining the extent to which such contributions are allocable to renegotiable business is whether they are reasonably necessary for the conduct of such business. In this connection weight will be given to the practice of the contractor prior to the year under review with respect to charitable contributions.

Part 1425 is amended by deleting § 1425.508 in its entirety.

Part 1427 is amended by inserting the following immediately after the heading:

NOTE: Except with respect to Form MRR 702, Standard Form of Contractor's Report, set forth in § 1427.702, the Board may direct any contractor to employ the forms approved for use under the Renegotiation Act of 1951, and any contractor who uses such a form, in compliance with such a direction, shall be deemed to have complied with the regulations in this subchapter.

Part 1428 is amended as follows:

1. Subpart A: *Statutes* is amended by deleting the word "Reserved" in § 1428.805 and inserting in lieu thereof the following:

§ 1428.805 *Section 102 (c), Renegotiation Act of 1951 (Pub. Law 9, 82d Cong.).*

(c) *Renegotiation Act of 1948.* The Renegotiation Act of 1948 shall not be applicable to any contract or subcontract to the extent of the amounts received or accrued by a contractor or subcontractor on or after the 1st day of January 1951, whether such contract or subcontract was made on, before, or after such first day. In the case of a fiscal year beginning in 1950 and ending in 1951, if a contractor or subcontractor has receipts or accruals prior to January 1, 1951, from contracts or subcontracts subject to the Renegotiation Act of 1948, and also has receipts or accruals after December 31, 1950, to which the provisions of this title are applicable, the provisions of this title shall, notwithstanding subsection (a), apply to such receipts and accruals prior to January 1, 1951, if the Board and such contractor or subcontractor agree to such application of this title; and in the case of such an agreement the provisions of the Renegotiation Act of 1948 shall not apply to any of the receipts or accruals for such fiscal year.

2. Subpart B: *Directives* is amended by adding thereto §§ 1428.825, 1428.826 and 1428.827 to read as follows:

§ 1428.825 *Delegation by the Secretary of Defense to The Renegotiation Board.* For the text of this delegation, see 17 F. R. 736.

§ 1428.826 *Redelegation by The Renegotiation Board to the Secretary of Defense.* For the text of this redelegation, see 17 F. R. 736.

§ 1428.827 *Redelegation by the Secretary of Defense to the Secretaries of the Army, Navy and Air Force.* For the text of this redelegation, see 17 F. R. 1065.

(62 Stat. 259, as amended; sec. 109, Pub. Law 9, 82d Cong. (65 Stat. 22); 50 U. S. C. App. 1193)

Dated: August 5, 1952.

JOHN T. KOEHLER, *Chairman, The Renegotiation Board.*

[F. R. Doc. 52–8750; Filed, Aug. 7, 1952; 8:53 a. m.]

Subchapter B—Renegotiation Board Regulations Under the 1951 Act

PART 1453—MANDATORY EXEMPTIONS FROM RENEGOTIATION

LIST OF EXEMPT RAW MATERIALS

This part is amended by deleting § 1453.2 (b) (3) in its entirety, and inserting in lieu thereof the following:

(3) *List of exempt raw materials.* (i) The Board has determined that the following products are exempt under section 106 (a) (3) of the act and subparagraph (2) of this paragraph when they represent products of a mine, oil or gas well, or other mineral or natural deposit, or timber, which have not been processed, refined or treated beyond the first form or state suitable for industrial use, and are not exempt if manufactured from raw materials which do not fall within the above description or which have at some prior stage been processed, refined or treated beyond such first form or state suitable for industrial use. For example, magnesium or salt products derived from sea water, products manufactured from the atmosphere, secondary aluminum pigs and ingots, and other similar products are not considered exempted products.

(ii) This list is not intended to be comprehensive but is being promulgated as a guide to contractors in completing the Standard Form of Contractor's Report, prescribed in § 1470.3 (a) of this subchapter. The Board may from time to time add to the list, or revise it if errors are found.

RAW MATERIALS EXEMPTION LIST

Aggregates, including such items as washed or screened sand, gravel or crushed stone.
Alumina; aluminum sulphate; aluminum ingots and pigs.
Asphalt, natural and natural tar.
Antimony ore, crude; antimony ore, concentrated; antimony metal; antimony oxide; antimony sulphide; liquated antimony.
Arsenic, crude; arsenic powder; arsenious oxide (white arsenic).
Asbestos rock; asbestos fibre.
Barytes, crude crushed.
Bauxite crude; calcined or dried bauxite; bauxite abrasive grains.

Bentonite, dried, crushed, granulated and pulverized.

Beryl ore and concentrates; beryllium oxide; beryllium metal; beryllium master alloys.

Bismuth metal.

Borax.

Cadmium flue dust; cadmium oxide; metallic cadmium.

Celestite, ores and concentrates.

Cement, natural and Portland.

China clay; kaolin; fire clay; brick and tile made from clays other than kaolin, china and fire clay.

Chlorine, hydrogen and sodium produced directly by electrolysis of salt brine.

Chromium ore and ferrochrome; chromite not processed beyond the form or state suitable for use as a refractory; bichromates.

Coal, prepared; run-of-mine coal.

Cobalt oxide; cobalt anodes, shot and rondelles.

Columbium ore and concentrates; columbium oxide, ferrocolumbium.

Copper ore, crude; copper ore, concentrated; copper matte; blister copper, copper billets, unrefined anodes, cathodes, cakes, ingots, ingot bars, powder, slabs and wirebars.

Corundum ore and concentrates; corundum grain.

Cryolite ore and concentrates.

Diaspore; diaspore brick.

Diatomaceous silica, lump, block, brick and powder.

Dolomite; crushed dolomite.

Feldspar, crude and ground.

Ferrosilicon.

Fluorspar ore; fluorspar fluxing gravel; lump ceramic ground fluorspar; acid grades of fluorspar.

Fuller's earth.

Gas, natural, not processed or treated further than the processing or treating customarily occurring at or near the well.

Germanium chloride, germanium oxide.

Graphite ore and concentrates; flake graphite; graphite fines, lump and chip; graphite powder.

Gypsum, crude; calcined gypsum.

Indium metal.

Industrial diamonds.

Iridium metal, including ingot and powder.

Iron ore, crude; pig iron.

Iron pyrites, ores and concentratea.

Kyanite ore and concentrates; kyanite brick.

Lead ore; refined lead bars, ingots and pigs; antimonial lead bars, ingots and pigs.

Lime, including quick lime.

Limestone, crushed limestone.

Lithium bearing ores and concentrates; lithium carbonate; lithium hydroxide; lithium chloride.

Magnesite; dead burned magnesite.

Magnesium-bearing minerals, including brucite; magnesium oxide; magnesium chloride; metallic magnesium, pigs and ingots.

Mercury ore, mercury metal.

Manganese ore; ferromanganese, including spiegeleisen, silicomanganese; metallic manganese.

Mesothorium.

Mica, crude, hand-cobbed; block mica; sheet mica; film mica; splittings; wet or dry ground mica.

Molybdenum ore and concentrates; molybdenum oxide; calcium molybdate; ferromolybdenum.

Monel ore; monel matte; monel ingots, pigs, and shot, produced from monel matte.

Natural gasoline; casinghead gasoline; residue gas.

Nickel ore and and concentrates; nickel matte; nickel oxide; nickel ingots, cathodes and shot; nickel metal powder.

Oil, crude, not processed or treated further than the processing or treating customarily occurring at or near the well.

Osmium metal, including ingot and powder.

Palladium metal, including ingot and powder.

Phosphate rock; elemental phosphorus, ferrophosphorus; phosphorus pentoxide and phosphoric acid derived directly by treatment of phosphate rock; superphosphate.

Platinum ore and concentrates; platinum metal, including ingot and powder.

Pumice, lump.

Quartz crystal, raw.

Radium bromide; radium sulfate; radium gas.

Rare earth minerals, rare earth products; didymium (neodymium) carbonate; lanthamm oxide; neodymium oxalate, rare earth chloride, technical; rare earth nitrate.

Rhodium metal, including ingot and powder.

Ruthenium metal, including ingot and powder.

Salt, rock; evaporated salt; soda ash, ammonia and electrolytic caustic soda and bicarbonate of soda when derived directly by treatment of brine.

Sea shells; oyster shells; clam and reef shells.

Selenium metal.

Silver, refined, including bars, shot, powder and grains.

Sodium aluminate.

Stone, rough and dimension.

Sulfur, crude.

Sulfuric acid; oleum (other than sulfuric acid or oleum produced from crude sulfur or any other product having an industrial use).

Standing timber, logs, logs sawed into length, and logs with or without bark.

Talc, crude, lump, ground and sawed.

Tantalum ore and concentrates; tantalum double fluoride.

Tellurium metal.

Thorium nitrate.

Tin ore and concentrates; refined pig tin.

Titanium-bearing ores and concentrates, including ilmenite and rutile; titanium oxide; metallic titanium; ferrotitanium; ferro carbon titanium; titanium potassium oxalate.

Tungsten ore and concentrates; sodium tungstate; ferro-tungsten, metallic tungsten, including powder; tungstic oxide; tungstic acid.

Uranium ores and concentrates; uranium oxide.

Vanadium ores and concentrates; sodium vanadate; vanadium pentoxide; ferrovanadium.

Vermiculite ore, crude, crushed and expanded.

Whiting, chalk lump.

Zeolites derived from glauconite.

Zinc ores and concentrates; zinc anodes, bars, oxide, powder and slabs.

Zirconium concentrates; metallic zirconium; zirconium minerals not processed beyond the form or state suitable for use as a refractory.

(Sec. 109, Pub. Law 9, 82d Cong. (65 Stat. 22))

Dated: August 5, 1952.

JOHN T. KOEHLER,
Chairman,
The Renegotiation Board.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 15, Amdt. 17]

CPR 15—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 3 AND GROUP 4 STORES

OVER THE COUNTER SALES BY GIFT PACKAGE SHIPPERS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 17 to Ceiling Price Regulation 15 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment will permit retailers, 65 percent of whose sales are shipped via mail or express and thus already under the GCPR, to price the balance of their sales of CPR 15 items under the GCPR.

There are approximately 2,000 to 3,000 retailers in the United States doing a collective volume of approximately $60,000,000 annually whose major business is the sale of gift and holiday packages which are shipped via mail or express. In Florida alone there are approximately 400 such establishments doing collectively over $5,000,000 in sales annually.

Historically, this group of retailers had markups much higher than the highest markups now permitted under CPR 15. Available data indicate that the Florida group, for instance, has historically had an average markup of 67 percent. This difference in markup has already been recognized by a prior amendment providing that all retail sales of gift holiday packages which are shipped via mail or express were to be excluded from the provisions of this regulation and placed under the GCPR.

However, one factor was not considered at that time, namely, that all these retailers have some over-the-counter business. This over-the-counter business was left under the provisions of CPR 15 with the result that in a substantial number of cases the same item has had two ceiling prices depending on whether it was to be shipped or sold over-the-counter. This has arisen from the fact that retailers involved package almost all items they sell in such form that they can be readily shipped via mail or express because they do not know whether any particular package will be sold over-the-counter or shipped. Requiring that a package sold for shipment be under the GCPR, while an identical package sold over-the-counter be under CPR 15 has caused difficulties for the retailers in their relations with the public. The Director has determined that in view of the relatively small volume of over-the-counter sales, providing separate ceiling prices is not necessary for the purposes of the price stabilization program.

In view of the foregoing considerations, this amendment permits retailers who qualify to apply to the OPS District Office for their area for an adjustment putting under the GCPR all sales of items covered by CPR 15. Immediately upon filing this application the retailer may begin to price under the GCPR, subject to disapproval by the OPS.

In the formulation of this amendment, it has been found impracticable to consult with the official advisory committee. However, the provisions of this amendment incorporate the recommendations of trade association representatives and other persons representing substantial segments of the industry. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

A new section 26b is inserted in Article III after Section 26a to read as follows:

SEC. 26b. *How certain stores that ship most of their sales via mail or express may under specific conditions apply to be excluded from using the markups in this regulation for the purpose of establishing their ceiling prices.* (a) If your store or food department ships 65 percent or more by dollar volume of the items it sells via mail or express, you may obtain permission to be excluded from using the markups in this regulation for the purpose of establishing your ceiling prices.

(b) In order to obtain this permission you must file an application with the OPS District Office for your area and furnish the following information:

(1) Your total dollar volume of food sales in the calendar year or fiscal year preceding the date of your application.

(2) Total dollar volume of food sales shipped via mail or express in the calendar year or your fiscal year preceding the date of your application.

(c) You may consider your store or food department excluded from the requirement that you use the markups prescribed by this regulation for the purpose of establishing your ceiling prices as soon as you have filed your application in accordance with this section. You must then figure all your ceiling prices for food items under the General Ceiling Price Regulation, as amended. This authority may be withdrawn if it is determined by OPS that your store or food department does not qualify for adjustment under this section.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective August 12, 1952.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 7, 1952.

[F. R. Doc. 52-8873; Filed, Aug. 7, 1952; 4:00 p. m.]

[Ceiling Price Regulation 16, Amdt. 17]

CPR 16—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 1 AND 2 STORES

OVER THE COUNTER SALES BY GIFT PACKAGE SHIPPERS

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 17 to Ceiling Price Regulation 16 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment will permit retailers, 65 percent of whose sales are shipped via mail or express and thus already under the GCPR, to price the balance of their sales of CPR 16 items under the GCPR.

There are approximately 2,000 to 3,000 retailers in the United States doing a collective volume of approximately $60,000,000 annually whose major business is the sale of gift and holiday packages which are shipped via mail or express. In Florida alone there are approximately 400 such establishments doing collectively over $5,000,000 in sales annually.

Historically, this group of retailers had markups much higher than the highest markups now permitted under CPR 16. Available data indicate that the Florida group, for instance, has historically had an average markup of 67 percent. This difference in markup has already been recognized by a prior amendment providing that all retail sales of gift holiday packages which are shipped via mail or express were to be excluded from the provisions of this regulation and placed under the GCPR.

However, one factor was not considered at that time, namely, that all these retailers have some over-the-counter business. This over-the-counter business was left under the provisions of CPR 16 with the result that in a substantial number of cases the same item has had two ceiling prices depending on whether it was to be shipped or sold over-the-counter. This has arisen from the fact that retailers involved package almost all items they sell in such form that they can be readily shipped via mail or express because they do not know whether any particular package will be sold over-the-counter or shipped. Requiring that a package sold for shipment be under the GCPR, while an identical package sold over-the-counter be under CPR 16 has caused difficulties for the retailers in their relations with the public. The Director has determined that in view of the relatively small volume of over-the-counter sales, providing separate ceiling prices is not necessary for the purposes of the price stabilization program.

In view of the foregoing considerations, this amendment permits retailers who qualify to apply to the OPS District Office for their area for an adjustment putting under the GCPR all sales of items covered by CPR 16. Immediately upon filing this application the retailer may begin to price under the GCPR, subject to disapproval by the OPS.

In the formulation of this amendment, it has been found impracticable to consult with the official advisory committee. However, the provisions of this amendment incorporate the recommendations of trade association representatives and other persons representing substantial segments of the industry. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of that act.

AMENDATORY PROVISIONS

A new section 24b is inserted in Article III after section 24a to read as follows:

SEC. 24b. *How certain stores that ship most of their sales via mail or express may under specific conditions apply to be excluded from using the markups in this regulation for the purpose of establishing their ceiling prices.* (a) If your store or food department ships 65 percent or more by dollar volume of the items it sells via mail or express, you may obtain permission to be excluded from using the markups in this regulation for the purpose of establishing your ceiling prices.

(b) In order to obtain this permission you must file an application with the OPS District Office for your area and furnish the following information:

(1) Your total dollar volume of food sales in the calendar year or fiscal year preceding the date of your application.

(2) Total dollar volume of food sales shipped via mail or express in the calendar year or your fiscal year preceding the date of your application.

(c) You may consider your store or food department excluded from the requirement that you use the markups prescribed by this regulation for the purpose of establishing your ceiling prices as soon as you have filed your application in accordance with this section. You must then figure all your ceiling prices for food items under the General Ceiling Price Regulation, as amended. This authority may be withdrawn if it is determined by OPS that your store or food department does not qualify for adjustment under this section.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective August 12, 1952.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 7, 1952.

[F. R. Doc. 52-8874; Filed, Aug. 7, 1952; 4:00 p. m.]

[Ceiling Price Regulation 67, Amdt. 11]

CPR 67—RESELLER'S CEILING PRICES FOR MACHINERY AND RELATED MANUFACTURED GOODS

PRIMARY ALUMINUM MILL PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization

Agency General Order No. 2, this amendment to Ceiling Price Regulation 67 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment places primary aluminum mill products under the coverage of this regulation.

Prior to the issuance of this amendment there had been no change in the ceiling price of primary aluminum mill products since the issuance of the General Ceiling Price Regulation. Since the ceiling prices established by resellers of these products under the General Ceiling Price Regulation had been determined generally in accordance with normal practice, there was no prior necessity for placing these resellers under this regulation. The Office of Price Stabilization is issuing simultaneously herewith, Supplementary Regulation 113 to the General Ceiling Price Regulation—Producers of Aluminum Mill Products, and because of the necessity of providing resellers of these aluminum products with pricing methods which enable them to reflect the increases provided for in this supplementary regulation in accordance with their normal practice, it is considered appropriate to include all such products in CPR 67.

In view of the emergency nature of this amendment special circumstances has rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Ceiling Price Regulation 67 is amended by adding the following items to Appendix A:

Primary aluminum mill products. (This term means any new or unused pig, ingot, sheet, coil, plate, blanks, circles, foil, wire, rod and bar (including structurals), extrusions (including shapes, tubing, pipe), tubing (drawn and welded), bare electrical conductor cables, roofing and siding, powder and paste, and roll formed shapes made from aluminum or aluminum alloys.) It does not include any fabricated product made from any of the foregoing products.

Effective date. This amendment is effective as of August 4, 1952.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 6, 1952.

[F. R. Doc. 52-8813; Filed, Aug. 6, 1952; 4:44 p. m.]

[Ceiling Price Regulation 97, Amdt. 9]

CPR 97—CEILING PRICES FOR PACIFIC NORTHWEST LOGS

ADDITION OF ACCREDITED SCALERS AND GRADERS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, Economic Stabilization Agency General Order No. 2, Delegation of Authority No. 30, this Amendment 9 to Ceiling Price Regulation 97 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation No. 97 carries out the intention expressed in section 19 by adding to Appendix A certain employees of previously accredited log scaling and grading bureaus, and individual scalers and graders who have been found qualified by the Regional Director of Region 13 to scale and grade logs subject to the regulation.

The persons accredited by this amendment have submitted the information and statements required under section 19. The Regional Director of Region 13 has requested the appropriate log scaling and grading bureaus named in this section to examine into the qualifications of each applicant. The Regional Director has evaluated whatever findings were made by the appropriate bureau, has considered whatever other information has been brought to his attention, and is of the opinion that each applicant is qualified for listing as an accredited scaler and grader.

This amendment also deletes from subparagraph (4) of paragraph (b) one accredited employee and adds him to subparagraph (3) of paragraph (b); deletes from subparagraph (5) of paragraph (b) three accredited employees who are no longer scaling and grading logs; deletes from subparagraph (6) of paragraph (b) two accredited employees who are no longer scaling and grading logs; and deletes from paragraph (c) an individual scaler and grader, who by this amendment has been accredited as an employee scaler and grader under subparagraph (5) of paragraph (b).

In the formation of this amendment, there has been consultation with industry representatives, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

Ceiling Price Regulation 97 is hereby amended in the following respects:

1. Subparagraph (1) of paragraph (b) of Appendix A is amended by inserting the name "Coughlin, Robert A." immediately after the name "Copple, Wilburn L."; inserting the name "Jolly, Gordon F." immediately after the name "Johnson, Norman Donald"; inserting the name "McHone, Don L." immediately after the name "McEvoy, Roy J."; inserting the name "Murphy, Thomas W." immediately after the name "Muir, Gordon"; inserting the name "Petrie, Ross" immediately after the name "Perin, Warren W."; and inserting the name "Rackloff, Howard E." immediately after the name "Pearson, Clinton."

2. Subparagraph (3) of paragraph (b) of Appendix A is amended by inserting the name "Hayes, Roy A." immediately after the name "Cairns, Richard."

3. Subparagraph (4) of paragraph (b) of Appendix A is amended by deleting the name "Hayes, Roy A." therefrom.

4. Subparagraph (5) of paragraph (b) of Appendix A is amended by deleting the names "Cacy, Harold B.," "Hubbard, Herman H.," and "Hufford, Marion D." therefrom.

5. Subparagraph (5) of paragraph (b) of Appendix A is amended by inserting the name "Crabb, Glen E." immediately after the name "Blomgren, George V."; inserting the name "Donivan, Bryan" and the name "Farrier, J. Merle," in that order, immediately after the name "Crawford, Elmer B."; inserting the name "Johnson, John F." immediately after the name "Flynn, Harry"; inserting the name "Morris, Ivan G." immediately after the name "Moore, Elmer H."; and inserting the name "Petty Norman" and the name "Phillips, Jack F." immediately after the name "Nosler, Dan L."

6. Subparagraph (6) of paragraph (b) of Appendix A is amended by deleting the name "Duerfeldt, Bill" and the name "Hudson, Frederick" therefrom.

7. Subparagraph (6) of paragraph (b) of Appendix A is amended by inserting the name "Scofield, Roger" immediately after the name "Phillips, Wm. S."

8. Subparagraph (8) of paragraph (b) of Appendix A is amended by inserting the names "Randall, Lavern" and "White Allen R.," in that order, immediately after the name "Cain, Leonard E."

9. Paragraph (c) of Appendix A is amended by deleting the name "Farrier, J. Merle, Eugene, Oregon" therefrom.

10. Paragraph (c) of Appendix A is amended by inserting the name "Beck, Ira Alan, Myrtle Creek, Oregon" immediately after the name "Baxter, Laurance, Springfield, Oregon," and inserting the name "Hess, Charles J., Bandon, Oregon" immediately after the name "Garland, James E., Corvallis, Oregon."

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 9 to Ceiling Price Regulation 97 is effective August 7, 1952.

HAROLD WALSH,
Regional Director, Region 13,
Office of Price Stabilization.

AUGUST 7, 1952.

[F. R. Doc. 52-8872; Filed, Aug. 7, 1952; 11:56 a. m.]

[Ceiling Price Regulation 143, Amdt. 1]

CPR 143—CEILING PRICES FOR CERTAIN PAPER AND PAPER PRODUCTS SOLD IN PUERTO RICO

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Ceiling Price Regulation 143 is hereby issued.

STATEMENT OF CONSIDERATIONS

Ceiling Price Regulation 143 establishes ceiling prices for certain paper and paper products sold in Puerto Rico at various levels on the basis of direct cost plus a percentage markup.

The regulation as issued was intended to allow sellers of these commodities their customary margins received prior to Korea. Subsequent investigations have disclosed that distributors of standard wrapping paper and grocers' paper bags have traditionally received certain commissions and service allowances as part of their markup which by the provision of the regulation, as originally issued, were not to be included as part of the direct cost nor were they taken into consideration in determining the markup. This amendment allows distributors of standard wrapping paper and grocers paper bags to add commissions and service allowances to direct cost provided that the amount so added does not exceed that customarily received during the period May 24 to June 24, 1950. Distributors who did not receive any commission or service allowance during this period but instead were quoted prices to which the equivalent of a commission or service allowance had already been deducted from the invoice price may apply to the Territorial Director of the Office of Price Stabilization in Puerto Rico for permission to add that commission or service allowance to their direct cost. Any person who became a distributor after June 24, 1950 and receives a commission or service allowance, may also apply for authorization to add such commission or allowance to his direct cost.

Article 3 has been further amended to provide a single markup for sales at all levels of distribution instead of a separate markup at the distribution and wholesale level. This change is necessary in order to conform to customary business practices of sellers of standard wrapping paper and grocers bags who usually are distributors selling at both the distributor and wholesale level.

As originally issued, Article 3 of the regulation established ceiling prices for grocers and variety paper bags sold in Puerto Rico. After issuance of the regulation, it was brought to the attention of the OPS that sellers of variety paper bags in Puerto Rico normally enjoy higher markups on variety paper bags than grocers bags and shipping sacks. Accordingly, the regulation has been amended to exclude variety bags from the coverage of CPR 143. This action restores the applicability of the GCPR to sales of locally manufactured variety bags and CPR 9, Revision 1, to sales of variety bags not produced in Puerto Rico.

In addition, certain of the provisions of Ceiling Price Regulation 143 are amended for the purpose of clarification. Section 1.7 has been revised in order to specify in greater detail the notification requirements when the item sold bears one overall markup for all levels of distribution and in cases where there is one markup for each level.

A new paragraph has been added to section 1.9 providing a fourth method for determining ceiling prices for different cost inventories. This method provides that if a seller purchases a commodity under separate invoices at different prices and has in his inventory identical items at different costs, the ceiling price for the entire inventory of identical items must be determined on the basis of the last delivered cost, provided the units of the commodity included in the last delivered cost are not less than 33 percent of inventory on hand (including units last received) of identical commodities at date of invoice corresponding to the last delivered cost.

The notification requirement in section 2.2 has been eliminated from that section and is now included in section 1.7.

In formulating this amendment, the Director has consulted with the Territorial Industry Advisory Committee for Wrapping Paper and other industry representatives including trade association representatives and has given full consideration to their recommendations. In his judgment, the ceiling prices established by this regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 143 is amended in the following respects:

1. Section 1.7 is amended to read as follows:

SEC. 1.7 *Notification and posting—*(a) *Notification to purchasers, commodities subject to a single markup.* Every distributor selling, except at retail, any of the commodities covered by this regulation for which one ceiling price has been established for sales at all levels of distribution, shall, with each delivery, supply the purchaser with a statement of the ceiling price of the commodity, as follows: "The ceiling price for the sale of this commodity determined under Ceiling Price Regulation 143 is $_____ per _____". On all subsequent sales of such commodities, the price charged must not be higher than the ceiling price indicated on the sales invoice of the distributor to purchasers of such items.

(b) *Notification to purchasers, commodities having specific markups on sales at different levels.* On and after the effective date of this regulation, every person selling commodities covered by this regulation having specific markups on sales at different levels other than at retail, shall, with each delivery, supply the purchaser with a statement of the ceiling price of the commodity at the time of delivery as follows: "The ceiling price of this commodity determined under Ceiling Price Regulation 143, is $_____ per _____ on sales to wholesalers and $_____ per _____ on sales at wholesale."

(c) *Posting.* On and after the effective date of this regulation every person offering to sell any commodity covered by this regulation at retail shall display the ceiling and selling prices of such commodity in a manner plainly visible to and understandable by the purchasing public. The ceiling and selling prices may be displayed on the commodity itself or may be posted in a place in the establishment where the commodity is offered for sale.

2. Section 1.9 is amended by changing in the second sentence of the first paragraph the word "three" to read "four" and by adding a new paragraph (d) to read as follows:

(d) *Last delivered cost.* Your ceiling price must be computed on the basis of the last delivered cost, provided the units of the commodity included in the last delivered cost are not less than 33 percent of inventory on hand (including units last received) of identical commodities at date of invoice corresponding to the last delivered cost.

3. Section 2.2 is amended to read as follows:

SEC. 2.2 *Ceiling prices.* If you are a seller of wrap tissue paper, your ceiling price is the sum of the following amounts, multiplied by 1.20:

(a) The direct cost to the distributor, as defined in section 1.17 of this regulation.

(b) An amount equal to additional charges, separately itemized by the distributor's customary supplier in the invoice, for engraving and printing performed on wrap tissue paper at the request of the purchaser.

4. Paragraph (b) of section 3.1 is amended to read as follows:

(b) "Grocers paper bags" means any unbleached kraft paper bags, machine finished, containing 90 percent or more of unbleached kraft fiber, 30 pounds basis weight and up for use as grocers bags or shopping sacks.

5. Section 3.2 is amended to read as follows:

SEC. 3.2 *Ceiling prices.* (a) If you are a seller of standard wrapping paper or grocers paper bags, your ceiling price is the sum of the following amounts, multiplied by 1.23:

(1) An amount equal to the selling price of the distributor's customary supplier, less all discounts, except discounts for prompt payment, commissions, and allowances for services. The rate of commissions and allowances for services shall not exceed those customarily received during May 24 to June 24, 1950.

(2) An amount equal to charges for forwarding, ocean freight, war risk, and marine insurance, actually incurred.

(3) An amount equal to excise or custom duties actually paid.

(b) The ceiling price in every case must be figured on purchases of customary quantity from a customary type of supplier.

(c) The ceiling price for purchases of non-customary quantity or from a non-customary type of supplier must be figured on the basis of the latest purchase of a customary quantity from a customary type of supplier.

(d) If you are a distributor and did not receive any commission and/or service allowance during the period May 24, 1950–June 24, 1950, but instead you were quoted prices to which the equivalent of a commission and/or service allowance had already been deducted from the invoice prices, or if you became a distributor after June 24, 1950 and receive a commission and/or allowance for service, you may file with the Territorial Director of the Office of Price Stabilization in Puerto Rico an application for authorization to include such commission and/or service allowance as part of the direct cost. This application must be signed by the applicant and must contain:

(1) The name and business address of the applicant.

(2) The percentage commission and/or service allowance which has been deducted from your invoice price during the period May 24 to June 24, 1950, or after June 24, 1950, as the case may be.

(e) You may not include such commission and/or service allowance in the computation of direct cost until notified by the Territorial Director of the Office of Price Stabilization in Puerto Rico of his approval of your application.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to Ceiling Price Regulation 143 is effective August 12, 1952.

NOTE: The reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 7, 1952.

[F. R. Doc. 52-8875; Filed, Aug. 7, 1952; 4:00 p. m.]

[General Ceiling Price Regulation, Supplementary Regulation 113]

GCPR, SR 113—PRODUCERS OF ALUMINUM MILL PRODUCTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this supplementary regulation to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This supplementary regulation provides an increase in ceiling prices for primary aluminum (including pig and ingot), and aluminum mill products.

There are only three producers of primary aluminum in the United States. These are the Aluminum Company of America, the Kaiser Aluminum and Chemical Corporation, and the Reynolds Metals Company. Each of these three producers has filed an individual request with the Office of Price Stabilization for the adjustment of his ceiling prices.

The petition of the Aluminum Company of America, which was filed on July 9, 1952, requests an increase of 2¢ per pound in the price of pig aluminum and of 10 percent in the ceiling prices of ingot and aluminum mill products.

On July 18, the Kaiser Aluminum and Chemical Corporation filed an application for price relief which was later amended on July 28, 1952. The amended application requested an increase of 2.35¢ per pound in the price of pig aluminum and 12.8 percent in the price of aluminum mill products.

The Reynolds Metals Company originally requested an increase of the same magnitude as the Aluminum Company of America, but subsequently increased the amount of the requested relief approximately in line with that submitted by Kaiser.

Each of the three petitions recited various grounds as justifying the price relief requested. Each emphasized the cost increases which have occurred since the end of 1950 when the present prices were first established and the further increases which were anticipated as a result of wage negotiations which have just been concluded.

The petitions submitted by Kaiser and Reynolds referred specifically to the provisions of section 3 (b) (2) of General Overriding Regulation 29. This regulation provides for the individual adjustment of ceiling prices for essential manufacturers of essential commodities. In general, it provides that prices will be adjusted to the break-even point where the applicant's profits on his total business compare favorably with his base period experience, but that the adjustment will allow for a reasonable profit margin where an applicant's over-all profits compare unfavorably with his base period experience.

Section 3 (b) (2) of the regulation, however, provides for ceiling price adjustments beyond the break-even level regardless of the profit position in special cases where this is necessary in the interests of national defense. This section reads in part as follows:

(2) If the Director of Price Stabilization deems it necessary, in order to promote the national defense, he may establish an adjusted ceiling price which includes an amount over your "total unit operating cost", despite the fact that your "current rate of return on net worth" equals or exceeds 85 percent of your "average rate of return on net worth in your normal base period."

On July 24, 1952, the Administrator of Defense Production Administration sent a letter to the Director of Price Stabilization describing in detail the importance of maintaining and increasing the supply of aluminum for the defense program. On the basis of the information contained in this letter, the Director finds that aluminum qualifies under the criteria established in section 3 (b) (2) and that price adjustment adequate to maintain a reasonable profit is necessary in order to promote the national defense.

GOR 29 was intended to permit relief in appropriate cases to individual manufacturers. In the case of aluminum, however, there are only three producers of primary metal, and the prices charged by all three have always been uniform. If varying degrees of relief were separately provided for each of these companies under the provision of GOR 29, serious market disruption would be inevitable. Moreover, the conditions warranting relief are similar in the case of all three companies. Consequently, the Director of Price Stabilization has determined that it would be appropriate in this case to consider all three applications together and to issue a single regulation providing uniform relief for the entire industry.

The three producers of primary aluminum sell only a minor portion of their output in the form of aluminum pig and ingot. The bulk is sold in the form of mill products. While there are only three producers of primary aluminum, there are many manufacturers who produce the same kinds of aluminum mill products as the three primary producers. It would be clearly inappropriate to adjust the prices of aluminum mill products sold by the primary producers without providing similar adjustments at the same time for the non-integrated producers. Consequently, this supplementary regulation is not limited to the three primary producers but provides an adjustment of ceiling prices for non-integrated producers as well.

In determining the amount of relief appropriate under provisions of section 3 (b) (2) of GOR 29, the general policy of OPS has been to restore as nearly as possible the dollar-and-cents profits per unit of product which prevailed before the Korean outbreak. This same standard has therefore been applied in the present case.

Each of the three primary producers has submitted data showing the increase in its costs and prices since the period preceding the Korean outbreak, and the further increases anticipated as a result of the wage negotiations just concluded. While the cost increases shown are not entirely uniform, they are reasonably consistent. On the basis of the figures submitted, the Director of Price Stabilization has determined that an increase of 1¢ per pound in the ceiling price of aluminum pig, and ingot and of 5 percent in the ceiling prices of alloy ingot and aluminum mill products is required to restore the general level of unit profits prevailing before Korea. While the required adjustments for individual products do not in all cases conform with this general pattern, it is important as a practical matter to maintain insofar as possible the existing relationships between the prices of pig, ingot and the various kinds of aluminum mill products. In the judgment of the Director of Price Stabilization the adjustments provided in this supplementary regulation are such as to maintain appropriate price relationships while granting the over-all amount of relief required.

Although the adjustments provided in this regulation were based upon data submitted by the three primary producers only, it was urgent that this action be taken very promptly in order to ensure an adequate supply of aluminum and aluminum products for the defense program. It was impossible to take the time which would have been required to obtain comparable cost data from non-integrated producers. While it is believed that the adjustments here provided are equitable as to such producers as well as to the three integrated producers, the Office of Price Stabilization is, of course, prepared at any time to review the position of the nonintegrated producers in order to determine whether any further action may be required.

In the judgment of the Director of Price Stabilization the provisions of this supplementary regulation are generally fair and equitable and are necessary to effectuate the purpose of the Defense Production Act of 1950, as amended.

In the formulation of this supplementary regulation there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

REGULATORY PROVISIONS

Sec.
1. What this regulation does.
2. Ceiling prices.

AUTHORITY: Sections 1 and 2 issued under sec. 704, 64 Stat. 816 as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended; 50 U. S. C. App. Sup. 2101-2110, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. *What this regulation does.* This supplementary regulation increases the ceiling prices as determined under the General Ceiling Price Regulation for the aluminum and aluminum alloy products listed herein. This supplementary regulation applies only to sales by the producers of these products. Sales by resellers of these products are established under Ceiling Price Regulation 67.

SEC. 2. *Ceiling prices.* (a) *Primary aluminum pig, primary aluminum alloy pig and primary aluminum ingot.* If you are a producer of primary aluminum pig, primary aluminum alloy pig, or primary aluminum ingot, your ceiling price per pound for these products is your ceiling price as established under the General Ceiling Price Regulation plus one cent.

(b) *Other listed aluminum products.* If you are a producer of the aluminum products listed in Table A, your ceiling price for these products is your ceiling price determined under the General Ceiling Price Regulation plus five percent of your ceiling base price and extras as determined under the General Ceiling Price Regulation. You may round any ceiling price so determined so that it will be expressed in the nearest cent or fraction of a cent you normally employ. If you elect to round any such ceiling price you must round all such ceiling prices so as to reflect decreases as well as increases.

TABLE A

Primary aluminum alloy ingot (including billets).
Sheet, coil, plate, blanks, circles and foil.
Wire, rod and bar (including structurals).
Extrusions (including shapes, tubing and pipe).
Tubing, drawn and welded.
Electrical conductor cables, bare (ACSR) and all aluminum).
Roofing and siding not fabricated beyond the forming operation.
Aluminum powder and paste.
Roll formed shapes.

Effective date. This supplementary regulation is effective as of August 4, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 6, 1952.

Chapter IV—Salary and Wage Stabilization, Economic Stabilization Agency

[General Wage Regulation 21, Interpretations]

INTERPRETATIONS OF GENERAL WAGE REGULATION 21

QUESTIONS AND ANSWERS ON GENERAL WAGE REGULATION 21

These questions and answers illustrate various provisions of pension plans and profit-sharing plans of the deferred compensation type that conform to the requirements of General Wage Regulation 21 and will be approved upon initial review. They also illustrate provisions which under current policies of the Board generally will be approved upon review although they do not meet the requirements of General Wage Regulation 21. The illustrations contained below are not exhaustive. Other provisions in plans which the Board finds to be within the spirit of the regulation and not unstabilizing will also be approved.

1. Q. How may a pension plan or a profit-sharing plan of the deferred compensation type be established or amended?

A. Parties may establish or amend a pension plan or profit-sharing plan of the deferred compensation type only in accordance with the standards and provisions of General Wage Regulation 21.

2. Q. What procedure must a petitioner (employer and union, if any) follow to obtain Board approval of a pension or profit-sharing plan under General Wage Regulation 21?

A. Form 502 should be filed directly with Wage Stabilization Board, Washington 25, D. C. These forms may be obtained at the local offices of the Wage-Hour Division, United States Department of Labor. Receipt of petitions will be acknowledged by the Wage Stabilization Board. Plans may be put into operation 30 days after the date of the acknowledgment letter unless within that period the petitioner receives a notification to the contrary. The effective date of the plan may be made retroactive to the extent permitted by Question 20, below. If in its acknowledgment letter the Board specifically approves the plan it may be put into effect without waiting the prescribed 30 days.

Resolution 93 provides a procedure for obtaining approval of plans covering employees of more than one employer.

PENSION PLANS

3. Q. Will the Board disapprove pension plans providing for a normal retirement age for any employees at less than age 65?

A. Under its current policies the Board will not disapprove a pension plan only because it provides that the normal retirement age for female employees is age 60.

4. Q. May a pension plan provide permanent and total disability benefits?

A. Yes.

5. Q. May a pension plan filed under General Wage Regulation 21 provide for retirement prior to normal retirement age?

A. Yes, provided that under the plan benefits for an employee who retires prior to normal retirement age will be reduced:

(a) in accordance with section 2 (a) (1), which requires that the benefits for an employee who retires before normal retirement age, but does not receive pension payments until normal retirement age, shall be reduced in an amount which takes account of the additional years of service the employee would have accrued had he remained in service until normal retirement age. However, if the plan provides for maximum benefits after a specified number of years of credited service, section 2 (a) (1) does not require a reduction in the benefits for an employee who retires before normal retirement age and who at the time of retirement has acquired the maximum number of years of credited service, and

(b) in accordance with section 2 (a) (2), which requires that benefits for an employee who retires before normal retirement age and receives pension payments commencing at some time before normal retirement age (except in the case of early retirement for permanent and total disability) must be reduced in accordance with (a) above and must be further reduced actuarially to take into account the fact that he receives benefits over a longer period of time.

The following chart illustrates the reductions required by sections 2 (a) (1) and 2 (a) (2). Assume that a plan provides a maximum pension of $100 per month to employees with 25 years of credited service who retire at or after age 65.

Age at which credited service starts	Monthly benefit		
	Retirement at age 65	Retirement at age 60	
	Benefits payable	Benefits payable at age 65	Benefits payable at age 60 [1]
35 or earlier	$100	$100	$66.67
40	100	80	53.33
45	80	60	40.00

[1] Assumes actuarial equivalent to be 66⅔ percent.

(It is noted that under section 2 (a) (1) the amount which an employee who retires early may receive at age 65 is computed by dividing benefits he would receive if he retired at age 65 by years of credited service he would have had had he continued in the service of the employer or by years of credited service necessary to obtain maximum benefits, whichever is lower, and multiplying this quotient by years of credited service at early retirement age or by years of credited service necessary to obtain maximum benefits, whichever is lower.)

6. Q. Why are unit benefit plans excepted from the requirement of section 2 (a) (1) that retirement benefits for an employee who retires prior to normal retirement age shall be reduced in an amount which takes account of the addi-

tional years of service the employee would have accrued had he remained in service until normal retirement age?

A. Under a unit benefit plan, for each year of credit service an employee's retirement benefit is increased by either a fixed amount or by a fixed percentage of compensation (compensation may be defined as the average annual compensation during the entire period of credited service or during some predetermined portion of credited service). Since under such plan the amount of the retirement benefit is dependent on the number of years of credited service acquired by the employee, the reduction contemplated by section 2 (a) (1) of General Wage Regulation 21 automatically results from the normal operation of such plan. Thus a further reduction under section 2 (a) (1) is not required with respect to benefits for an employee who retires before normal retirement age, but does not receive benefits until normal retirement age. However, if the employee receives benefits prior to normal retirement age the reduction required by section 2 (a) (2) must be made.

7. Q. Does section 2 (a) (1) require a reduction in the retirement benefit for an employee who retires prior to normal retirement age under a money purchase plan?

A. A money purchase plan is a pension plan under which an employee receives retirement benefits derived from contrbutions each year for his account, which contributions are either a fixed amount or a fixed percentage of annual compensation of the employee. Since under such plan contributions and therefore benefits are directly dependent upon the number of years of credited service, the reduction contemplated by section 2 (a) (1) of General Wage Regulation 21 automatically results from the normal operation of such plan. Thus a further reduction under section 2 (a) (1) is not required with respect to benefits for an employee who retires before normal retirement age. However, if the employee receives benefits prior to normal retirement age the reduction required by section 2 (a) (2) must be made.

8. Q. Will the Board disapprove pension plans which provide permanent and total disability benefits which are not reduced in accordance with section 2 (a) (1)?

A. The Board under its current policies will not disapprove a pension plan only because it provides for permanent and total disability benefits which are not reduced in accordance with section 2 (a) (1).

9. Q. May a pension plan filed under General Wage Regulation 21 provide death benefits?

A. (a) Although the primary purpose of a pension plan must be to provide retirement benefits, a pension plan may provide benefits upon death of an employee prior to retirement in the following amounts:

(1) an amount not larger than 100 times the monthly age benefit which the individual employee would receive upon retirement at the normal retirement age, or

(2) for plans which provide benefits through insurance contracts, the amount permitted under (1) above, the total amount of premiums paid with respect to the account of the individual employee, or the cash value credited to the employee whichever is larger.

(b) A pension plan may provide benefits upon death of an employee after retirement consistent with the amount of death benefit provided in the same plan for death of an employee prior to retirement.

(c) The Board will consider the approvability of provisions in pension plans which provide death benefits in amounts other than amounts permitted under (a) and (b) above on the merits of the individual case. The Board will take into consideration the amount of death benefits provided under any other type of plan which may be in effect for the employees covered by the pension plan.

10. Q. Is General Wage Regulation 21 applicable to contributory pension plans and profit-sharing plans of the deferred compensation type?

A. Yes, except that benefits derived wholly from employee contributions plus accrued interest on such contributions may be paid without regard to the provisions of General Wage Regulation 21.

11. Q. Section 2 (b) requires that all benefits except death benefits shall be payable at least over the lifetime of the employee. Must the benefits be paid in equal installments?

A. All benefits except death benefits must be paid in equal installments extending at least over the lifetime of the employee; however under its current policies the Board will not disapprove a pension plan only because it provides that in the event of early retirement the benefit (after being reduced in accordance with sections 2 (a) (1) and 2 (a) (2)) may be distributed over the lifetime of the employee in such manner as to provide level retirement benefits if combined with Social Security benefits.

The Board will not disapprove a pension plan only because permanent and total disability benefits are computed on a different basis than age retirement benefits, or only because the plan provides that permanent and total disability benefits shall be limited to the duration of the disability or until attainment of the normal retirement age at which time the employee will receive the normal retirement benefit.

12. Q. Does General Wage Regulation 21 place any restrictions on the payment of benefits to an employee whose employment terminates prior to retirement?

A. Benefits for employees whose employment terminates prior to retirement, derived from employer contributions, shall not carry a cash surrender value and shall be deferred to the normal retirement date and then must be paid in equal installments over the employees' lifetime. However, if the pension plan permits retirement prior to normal retirement age in accordance with sections 2 (a) (1) and 2 (a) (2) the Board will not disapprove such a plan only because it also provides for the payment of benefits to an employee whose employment terminates prior to retirement at the early retirement age permitted in the plan.

13. Q. Will the Board disapprove plans which provide for lump sum payment where the monthly benefit is very small?

A. Under current policies the Board will not disapprove a pension plan only because it provides for payment of benefits over a period of less than the employee's lifetime, or in a lump sum, if the benefit would amount to $10 or less per month if payable for life.

PROFIT-SHARING PLANS

14. Q. Will the Board approve a profit-sharing plan which provides that retirement benefits shall be payable for life rather than for at least 10 years?

A. Yes.

15. Q. Since section 3, as amended, requires that the retirement age under a profit-sharing plan shall be age 65, will the Board therefore disapprove profit-sharing plans providing for retirement age at less than age 65?

A. Under its current policies the Board will not disapprove a profit-sharing plan only because it provides for retirement of female employees at age 60.

16. Q. In order to comply with the requirements of Section 3, as amended, must benefit payments under profit-sharing plans of the deferred compensation type be in equal installments over the 10-year period?

A. Yes. However, under current policies the Board will not disapprove a profit-sharing plan only because it provides that if benefits would amount to less than $25 per month over the 10-year period, payments at a rate of $25 per month may be made over a lesser period.

17. Q. May a profit-sharing plan filed under General Wage Regulation 21 provide death benefits to an employee's beneficiary in the event of the employee's death?

A. (a) In the event of an employee's death prior to his retirement, a profit-sharing plan may provide for a death benefit in an amount not greater than the employee's share in the profit-sharing fund.

(b) In the event of death of an employee after retirement, a profit-sharing plan may provide for a death benefit in an amount not to exceed the employee's share in the profit-sharing fund less the total amount of retirement benefits paid to the employee from date of retirement until the time of his death.

PENSION AND PROFIT-SHARING PLANS

18. Q. How do the requirements in General Wage Regulation 21 for Bureau of Internal Revenue approval of pension and profit-sharing plans affect operative dates of such plans?

A. Parties may file Form 502 and the Wage Stabilization Board may approve a pension or profit-sharing plan of the deferred compensation type before Bureau of Internal Revenue approval is obtained.

Pension plans may be put into effect upon approval by the Wage Stabilization Board, and before Bureau of Internal Revenue approval has been obtained. In the event the Bureau of Internal Revenue subsequently notifies the employer that the plan does not meet the requirements of the Internal Revenue Code, employer contributions must cease from the date of receipt of such notification. On the other hand, profit-sharing plans, although approved by the Wage Stabilization Board, may not be put into effect before approval of the plan by the Bureau of Internal Revenue is obtained.

19. Q. Under what circumstances may a pension plan or a profit-sharing plan be made retroactive?

A. Pension and profit-sharing plans may be made effective to a date not earlier than the beginning of the employer's fiscal year in which any of the following dates occurred: (a) The expiration date of the prior contract; (b) the date upon which the contract was reopened pursuant to its terms; (c) if there was voluntary reopening, the date upon which negotiations began pursuant to the agreement to reopen; (d) if there was no prior contract, the date of certification or recognition of the union; (e) the same date as the plan was put into effect for another appropriate employee unit, provided the employees in both units traditionally and consistently received adjustments in compensation effective the same date; (f) the date that the plan was formally determined and communicated to the employees.

20. Q. Where an employer has established a plan under the provisions of General Wage Regulation 6, what action may be taken to eliminate the cost of such plan from the amount charged against the permissible general increase under General Wage Regulation 6?

A. Under section 7, a petition must be filed with the Wage Stabilization Board, Washington 25, D. C., on Form 502, describing the provisions of the plan, with an additional statement requesting the elimination of the charge under General Wage Regulation 6. The statement should indicate the amount which was offset under General Wage Regulation 6 at the time the plan was instituted.

NATHAN P. FEINSINGER,
Chairman, Wage Stabilization Board.

JULY 29, 1952.

Chapter XXI—Office of Rent Stabilization, Economic Stabilization Agency

[Rent Regulation 1, Amdt. 10]

[Rent Regulation 2, Amdt. 9]

RR 1—HOUSING

RR 2—ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

PETITION FOR SECURITY DEPOSIT

Effective August 8, 1952, Rent Regulation 1 and Rent Regulation 2 are amended as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 5th day of August 1952.

ED DUPREE,
Acting Director of Rent Stabilization.

1. Section 73 (g) of Rent Regulation 1 is amended to read as follows:

(g) *Petition for security deposit*—(1) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this section, any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Director may enter an order authorizing a security deposit, not in excess of ten dollars, to secure the return of the movable articles specified in the order.

(2) *Deposit based on prior rental practices.* Notwithstanding the preceding provisions of this section, any landlord at the time the housing accommodations are vacant may petition for an order authorizing the demand and receipt of a security deposit not in excess of one month's rent. If the landlord establishes that on the maximum rent date he had a practice in the structure in which the housing accommodations are situated of collecting a security deposit for a certain specific purpose or that there was on the maximum rent date a practice in the community where the housing accommodations are situated of collecting a security deposit for a certain specific purpose in connection with the rental of comparable housing accommodations, the Director may enter an order authorizing a security deposit not in excess of one month's rent for similar purposes which shall be specified in the order.

2. Section 73 (e) of Rent Regulation 2 is amended to read as follows:

(e) *Petition for security deposit*—(1) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this section, any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Director may enter an order authorizing a security deposit, not in excess of ten dollars, to secure the return of the movable articles specified in the order.

(2) *Deposit based on prior rental practices.* Notwithstanding the preceding provisions of this section, any landlord at the time the room is vacant may petition for an order authorizing the demand and receipt of a security deposit not in excess of one month's rent. If the landlord establishes that on the maximum rent date he had a practice in the structure in which the room is situated of collecting a security deposit for a certain specific purpose or that there was on the maximum rent date a practice in the community where the room is situated of collecting a security deposit for a certain specific purpose in connection with the rental of comparable housing accommodations, the Director may enter an order authorizing a security deposit not in excess of one month's rent for similar purposes which shall be specified in the order.

[Rent Regulation 4, Amdt. 3]

RR 3—HOTELS

RR 4—MOTOR COURTS

PETITION FOR SECURITY DEPOSIT

Effective August 8, 1952, Rent Regulation 3 and Rent Regulation 4 are amended as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 5th day of August 1952.

ED DUPREE,
Acting Director of Rent Stabilization.

1. A new paragraph (c) is added to section 45 of Rent Regulation 3, reading as follows:

(c) *Petition for security deposit.* Notwithstanding the provisions of section 44 and the preceding provisions of this section, any landlord at the time the room is vacant may petition for an order authorizing the demand and receipt of a security deposit not in excess of one month's rent. If the landlord establishes that on the maximum rent date he had a practice in the structure in which the room is situated of collecting a security deposit for a certain specific purpose or that there was on the maximum rent date a practice in the community where the room is situated of collecting a security deposit for a certain specific purpose in connection with the rental of comparable housing accommodations, the Director may enter an order authorizing a security deposit not in excess of one month's rent for similar purposes which shall be specified in the order.

2. Section 45 of Rent Regulation 4 is amended to read as follows:

SEC. 45. *Petition for security deposit*—(a) *Deposits to secure the return of certain movable articles.* Notwithstanding the provisions of section 44, any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Director may enter an order authorizing a security deposit, not in excess of $10 to secure the return of the movable articles specified in the order.

(b) *Deposit based on prior rental practices.* Notwithstanding the provisions of section 44, any landlord at the time the room is vacant may petition for an order authorizing the demand and receipt of a security deposit not in excess of one month's rent. If the landlord establishes that on the maximum rent date he had a practice in the structure in which the room is situated of collecting a security deposit for a certain specific purpose or that there was on the maximum rent date a practice in the community where the room is situated of collecting a security deposit for a certain specific purpose in connection with the rental of comparable housing accommodations, the Director may enter an order authorizing a security deposit not in excess of one month's rent for similar purposes which shall be specified in the order.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 21—VOCATIONAL REHABILITATION AND EDUCATION

SUBPART E—VETERANS READJUSTMENT ASSISTANCE ACT OF 1952

A new subpart E is added as follows:

SUBPART E—VETERANS READJUSTMENT ASSISTANCE ACT OF 1952

Sec.
21.2000 Statement of policy.

EDUCATIONAL AND VOCATIONAL ASSISTANCE

21.2005 Definitions.

ELIGIBILITY

21.2010 Entitlement to education or training generally.
21.2011 Determinations respecting active service requirements.
21.2012 Commencement; time limitations.
21.2013 Expiration of all education and training.
21.2014 Duration of veteran's education or training.
21.2015 Considerations respecting training under other laws administered by the Veterans' Administration.

ENROLLMENT

21.2030 Selection of program.
21.2031 Applications; approval.
21.2032 Change of program.
21.2033 Avocational and recreational courses.
21.2034 Discontinuance for unsatisfactory progress.
21.2035 Minimum number of nonveteran students required.
21.2036 Period of operation for approval.
21.2037 Institutions listed by the Attorney General.

PAYMENTS TO VETERANS

21.2050 Special certification required for nonaccredited courses.
21.2051 Conditions governing payment of education and training allowance.
21.2052 Rates of education and training allowances.
21.2053 Education and training allowance payable where trainee is in receipt of disability compensation at the rate of 50 percent or more; Public Law 877, 80th Congress cases.
21.2054 Effective beginning dates of entrance or re-entrance into training and for payment of education and training allowance.
21.2055 Effective closing dates of an authorization of education or training allowance.
21.2056 Effective date of change or discontinuance of education or training.
21.2057 Duplication of benefits.
21.2058 Jurisdiction over domestic relations determinations.
21.2059 Definitions and proof of relationship and dependency.
21.2060 Dependency of husband of female veteran.
21.2062 Dependency of child of female veteran.
21.2063 Apportionment of education or training allowance.
21.2066 Measurement of full- or part-time courses.
21.2067 Overcharges by educational institutions.

STATE APPROVING AGENCIES

21.2150 Designation of State approving agencies under Public Law 550, 82d Congress.
21.2151 Approval of courses under Public Law 550, 82d Congress.
21.2152 Cooperation between State approving agency and the Veterans' Administration under Public Law 550, 82d Congress.
21.2153 Reimbursement of expenses under Public Law 550, 82d Congress.

APPROVAL OF COURSES OF EDUCATION AND TRAINING

21.2200 Apprentice or other training on-the-job; definition.
21.2201 Approval of courses of apprentice or other training on-the-job.
21.2202 Institutional on-farm training.
21.2203 Approval of accredited courses.
21.2204 Approval of nonaccredited courses.
21.2205 Approval of cooperative courses.
21.2206 Approval of correspondence courses.
21.2207 Notice of approval of courses.
21.2208 Disapproval of courses and discontinuance of allowances under Public Law 550, 82d Congress.

MISCELLANEOUS PROVISIONS

21.2300 Policy of providing educational and vocational guidance.
21.2301 Control by agencies of the United States.
21.2302 Conflicting interests.
21.2303 Reports by institutions.
21.2304 Liability of educational institution or training establishment on account of overpayments of education and training allowances.
21.2305 Overpayments of education and training allowances and other Veterans' Administration benefits.
21.2306 Examination of records.
21.2307 False or misleading statements.
21.2308 Criminal penalties and forfeiture; forfeiture of rights.
21.2309 Appeals.

AUTHORITY: §§ 21.2000 to 21.2309 issued under Pub. Law 550, 82d Cong. (66 Stat 663).

§ 21.2000 *Statement of policy.* The statement of policy as contained in Title I of the Veterans' Readjustment Assistance Act of 1952 (Public Law 550, 82d Cong.) is as follows:

The Congress of the United States hereby declares that the veterans' education and training program created by this act is for the purpose of providing vocational readjustment and restoring lost educational opportunities to those service men and women whose educational or vocational ambitions have been interrupted or impeded by reason of active service in the Armed Forces during a period of national emergency and for the purpose of aiding such persons in attaining the educational and training status which they might normally have aspired to and obtained had they not served their country; and that the home, farm, and business-loan benefits, the unemployment compensation benefits, the mustering out payments, and the employment assistance provided for by this Act are for the purpose of assisting in the readjustment of such persons from military to civilian life.

EDUCATIONAL AND VOCATIONAL ASSISTANCE

§ 21.2005 *Definitions.* (a) For the purposes of Public Law 550, 82d Congress, the following definitions apply:

(1) The term "basic service period" means the period beginning on June 27, 1950, and ending on such date as shall be determined by Presidential proclamation or concurrent resolution of the Congress.

(2) The term "eligible veteran" means any person who is not in the active service in the Armed Forces and who:

(i) Has served in the active service in the Armed Forces at any time during the basic service period,

(ii) Has been discharged or released from such active service under conditions other than dishonorable as defined in § 3.64 of this chapter, and

(iii) Has served in the active service in the Armed Forces for 90 days or more (exclusive of any period he was assigned by the Armed Forces to a civilian institution for a course of education or training which was substantially the same as established courses offered to civilians, or as a cadet or midshipman at one of the service academies), or has been discharged or released from active service by reason of an actual service-incurred injury or disability.

(3) The term "program of education or training" means any single unit course or subject, any curriculum, or any combination of unit courses of subjects, which is generally accepted as necessary to fulfill requirements for the attainment of a predetermined and identified educational, professional, or vocational objective.

(4) The term "course" means an organized unit of subject matter in which instruction is offered within a given period of time or which covers a specific amount of related subject matter for which credit toward graduation or certification is usually given.

(5) The term "dependent" means:

(i) A child (as defined in paragraph VI of Veterans Regulation Numbered 10, as amended) of an eligible veteran.

(ii) A parent (as defined in paragraph VII of Veterans Regulation Numbered 10, as amended) of an eligible veteran, if the parent is in fact dependent upon the veteran, and

(iii) The wife of an eligible veteran, or, in the case of an eligible veteran who is a woman, her husband if he is in fact dependent upon the veteran.

(6) The term "educational institution" means any public or private elementary school, secondary school, vocational school, correspondence school, business school, junior college, teachers college, college, normal school, professional school, university, scientific or technical institution, or other institution furnishing education for adults.

(7) The term "training establishment" means any business or other establishment providing apprentice or other training on the job, including those under the supervision of a college or university or any State department of education, or any State apprenticeship agency, or any State board of vocational education, or any joint apprentice committee, or the Bureau of Apprenticeship established in accordance with Public Law 308, 75th Congress, or any agency of the Federal Government authorized to supervise such training.

(8) The term "Armed Forces" means the Army, the Navy, the Air Force, the Marine Corps, and the Coast Guard of the United States.

(9) The term "State" means the several States, the Territories and possessions of the United States, and the District of Columbia.

(10) The term "Administrator" means the Administrator of Veterans' Affairs.

(11) The term "Commissioner" means the United States Commissioner of Education.

(12) The term "Law" wherever it appears in subpart E of Part 21 means Title II of the Veterans' Readjustment Assistance Act of 1952. (Public Law 550, 82d Congress, approved July 16, 1952.)

(13) The term "delimiting date" means August 20, 1954, or the date 2 years after the veteran's discharge or release from active service, whichever is the later.

ELIGIBILITY

§ 21.2010 *Entitlement to education or training generally.* (a) Any person shall be entitled to education or training, under the conditions and within the limitations hereinafter specified, who:

(1) Had active service in the United States Army, the United States Navy, the United States Air Force, the United States Marine Corps, or the United States Coast Guard at any time during the basic service period;

(2) Has been discharged or released from such active service under conditions other than dishonorable;

(3) Performed active service for 90 days or more excluding any period during which he was assigned to a civilian institution for the pursuit of a course of education or training substantially the same as established courses offered by the institution to civilians and exclusive of any period of assignment as a cadet or midshipman at one of the Service academies, or was discharged or released from active service after fewer than 90 days where his discharge or release was by reason of an actual service-incurred injury or disability; and

(4) Is not in the active service in the Armed Forces.

§ 21.2011 *Determinations respecting active service requirements*—(a) *Evidence bearing on active service.* The length and character of military service shall be determined on the basis of official evidence from the appropriate Service Department which may be:

(1) The original, a certified or a photostatic copy of DD Form 214, Report of Separation, showing discharge or release from active duty.

(2) An official report from the Service Department received in response to an appropriate request on VA Form 3101 Series.

(3) A true, certified or photostatic copy of discharge or release from active duty.

(b) *Questionable discharges.* In all cases where the discharge is neither honorable nor dishonorable, and it is not clear whether the circumstances under which the veteran was discharged or released from active duty might bar eligibility to education or training, the question will be referred by memorandum to the adjudication division (regional office) or claims division, veterans claims service (central office) for appropriate determination, prior to initiating further action toward the issuance of a Certificate for Education and Training.

(c) *Discharges for disability.* When an application for education or training is received and the veteran had fewer than 90 days' service as defined in paragraph (d) of this section, but was discharged for disability, the vocational rehabilitation and education activity will refer the facts in the case to the adjudication division (regional office cases) or the claims division, veterans' claims service (central office cases) for development of disability service data and a formal memorandum rating as to whether such discharge was by reason of an actual service-incurred injury or disability.

(d) *Computation of 90-day service requirement.* The 90 days or more of active service requirement will be met if the 90 days were continuous calendar days extending into or beyond the basic service period. The requirements as to active service for a total of 90 days or more may be satisfied by two or more periods of service wholly or partly within the basic service period if all were terminated under conditions other than dishonorable.

(e) *Exclusion from active service time because of military assignments to civilian institutions.* For the purpose of the required deduction from active service credit by reason of assignments by the Armed Forces to civilian institutions, a "civilian institution" shall mean any school, college or university, public or private, providing education for adults, including business, trade, vocational and technical schools other than an institution organized and operated solely for the purpose of providing education to personnel in the Armed Forces. Any course for which a service person was assigned by the Armed Forces in such a civilian institution will meet the definition "substantially the same as established courses offered to civilians" if it was a course within the regularly prescribed and established program or curriculum of the school—whether or not a regular academic degree or certificate was conferred—and notwithstanding the inclusion or exclusion of certain required or elective subjects or curricular changes or deviations incident to the military duties or assignments of such service person.

§ 21.2012 *Commencement; time limitations*—(a) *Initiation of program.* The veteran must actually commence the active pursuit of the approved program of education or training not later than his delimiting date, i. e. enroll in and begin the course. A program to be pursued exclusively by correspondence study will be held to have been initiated (commenced) when the first lesson has been transmitted to the veteran by the institution.

(b) *Continuous pursuit.* There are no requirements as to continuous pursuit of a program of education or training as to any period prior to the veteran's delimiting date. However, on and after his delimiting date a veteran who, prior to the delimiting date, has commenced pursuit of his approved program must pursue his program continuously to completion, except that he may suspend the pursuit of his program for a period or for periods of not more than 12 consecutive months in length without Veterans' Administration approval, and without limitation as to the number of such suspensions. If a veteran does suspend the pursuit of his program at any time for a period in excess of 12 consecutive months he may resume the pursuit of his program only upon Veterans' Administration approval based upon a finding by the Veterans' Administration that the suspension for the portion of such period in excess of 12 consecutive months was occasioned by conditions beyond the veteran's control. The burden of proof in this matter shall be upon the veteran and in any case he will be required to establish by competent and acceptable evidence that the suspension for such period was necessitated by conditions over which he had no control.

§ 21.2013 *Expiration of all education and training.* (a) No education or training shall be afforded to any individual veteran beyond a date 7 years following the end of the basic service period, or the date 7 years after his discharge or release from active service, whichever is the earlier.

(b) The date of discharge or release from active service means the date of discharge or release from the last period of active service, any part of which occurs during the basic service period.

§ 21.2014 *Duration of veteran's education or training*—(a) *Computation of entitlement.* Each eligible veteran shall have a period of basic entitlement to education or training under Public Law 550, 82d Congress, measured in months and days (or the equivalent thereof in part-time training). The basic entitlement shall be computed by multiplying one and one-half times the duration of the veteran's active service, whether performed in one or more active duty assignments during the basic service period. In computing the duration of his active service, the following periods of time will be excluded:

(1) The extent of any period or periods during which he was assigned by the Armed Forces to a civilian institution for a course of education or training which was substantially the same as established courses offered by the institution to civilians.

(2) The extent of any period or periods during which he was a cadet or midshipman at one of the Service Academies (United States Military Academy, West Point, New York; United States Naval Academy, Annapolis, Maryland; United States Coast Guard Academy, New London, Connecticut).

(3) The extent of any period or periods of agricultural, industrial, or indefinite furlough; time under arrest in the absence of acquittal; time for which the individual was determined to have forfeited pay by reason of absence without leave, and time spent in desertion or while undergoing sentence of court martial. Time lost through intemperate use of drugs or alcoholic liquor or through disease or injury the result of person's

own misconduct shall not be excluded in such computation.

(b) *Limitations and extensions.* (1) Notwithstanding the length of basic entitlement computed as provided in paragraph (a) of this section, the period of time during which education or training may be pursued under Public Law 550, 82d Congress, shall not exceed 36 months in any case, except where extension of entitlement is in order under subparagraph (3) of this paragraph, and in such event entitlement will terminate at the end of such period of extension.

(2) Except for the limit of any period of such extension determined to be in order under subparagraph (3) of this paragraph, the aggregate of time in pursuit of education or training under Public Law 550, 82d Congress, plus time previously expended in pursuit of training under Public Law 16, 78th Congress, as amended, or Public Law 894, 81st Congress, as amended, or Public Law 346, 78th Congress, as amended, or any combination thereof, shall not exceed 48 months.

(3) Whenever the period of entitlement to education or training of an eligible veteran who is enrolled in an educational institution regularly operated on the quarter or semester system ends during a quarter or semester and after a major part of such quarter or semester has expired, such period shall be extended to the termination of such unexpired quarter or semester. In all other courses offered by educational institutions, except flight courses and correspondence courses, whenever the period of eligibility ends after a major portion of the course is completed such period may be extended either (i) to the end of the course or (ii) for 9 weeks, whichever is the lesser period. In a correspondence course, when the period of entitlement ends after a major portion of the course is completed such period of entitlement will be extended to the end of the particular unit course in which the veteran is enrolled or for a period of nine weeks, whichever is lesser. In a flight training course, where the veteran's period of entitlement is exhausted after completion of a major portion of the course, his period of entitlement will be extended to the end of the course or for the total additional amount of instruction that $78.75 will provide, whichever is the lesser.

(4) In apprentice or other training on-the-job courses entitlement will not be extended under any circumstances.

(5) For the purposes of these provisions the following definitions will apply:

(i) "Quarter" means the division of the school year constituting usually a period of from 10 to 13 weeks in institutions operating on a quarterly basis.

(ii) "Semester" means the period ordinarily of from 15 to 19 weeks in institutions operating on a semester basis.

(iii) "Summer quarter" (term or session) means the whole of the summer period of instruction specified for the course in which the veteran is pursuing education or training, without regard to any divisions of such a period which may be made by the institution for administrative or other purposes.

(iv) "Major part of such quarter or semester" means more than one-half of such a period, in point of time, and the measurement of the major part of such a quarter or semester will be adjudicated in the individual cases on the basis of the beginning and ending dates of the quarter or semester as specified by literature of the institution for the particular course in which the veteran is enrolled.

(v) A major portion of a flight course will have been completed when the veteran has received instruction in more than half of the average number of flight hours comprising the course.

(vi) As to correspondence courses the major portion of the course will be considered completed when more than one-half of the lessons comprising the course have been serviced by the institution.

(vii) A major portion of a course offered by an educational institution not organized on a quarter or semester basis—excluding flight courses and correspondence courses—will have been completed when more than one-half of the certified length of the course, in months, weeks or hours, as applicable, has been completed.

(c) *Charges against and exhaustion of entitlement*—(1) *General.* Charges against a veteran's period of entitlement—except where flight training is involved—will be made in terms of months and days for periods during which the veteran is carried in a training status. The period to be charged will be determined by subtracting the calendar date on which the veteran commenced training from the ending calandar date of the certified period of enrollment. If, after dates are expressed in months and days, it becomes necessary to "borrow" a month to permit a subtraction of days, 30 days will be considered a month. In order to account for both the beginning and ending dates of the certified period of enrollment, one day will be added to the result obtained. If an interruption or discontinuance occurs at a date prior to the ending date of the certified period of enrollment, such date of interruption or discontinuance will be substituted as the minuend in the subtraction made to determine the charge against the veteran's entitlement, and the necessary adjustments in the entitlement accounting record will be made as appropriate. Where a course is pursued on a part-time basis, the resulting period of months and days obtained by subtraction will be multipled by the appropriate part-time fraction. A fraction of more than one-half day in the final result will be counted as 1 day. A fraction of one-half day or less will be disregarded. For the purpose of determining the aggregate maximum of 48-months training stipulated in paragraph (b) (2) of this section, time expended in training under other laws will be computed according to these formulae except that in computing time expended in pursuit of training under Public Law 16, 78th Congress, as amended, or Public Law 894, 81st Congress, as amended, there shall be excluded the period for which subsistence allowance is payable after determination of employability. (Par. 3, Part VII, Veterans Regulation 1 (a), as amended.) (38 U. S. C. ch. 12.)

(2) *Flight training courses.* A veteran pursuing a flight training course will have charged against his entitlement one day for each $1.25 which is paid to him as an education and training allowance. This entitlement charge will be in addition to all other proper entitlement charges on account of his pursuit of education or training other than flight training.

(i) To arrive at the charge against entitlement for the pursuit of a flight training course the following formula will be employed:

(*a*) Divide the amount payable as education and training allowance by $1.25 to obtain the number of days for which entitlement will be charged. Divide the result obtained by 30.4 to convert the days into months and days. This entitlement charge will be assessed in the beginning—that is, upon receipt of certification of the veteran's entrance into the course and will be premised at that time upon the basis of 75 per centum of the established charge for the courses which non-veteran enrollees in the same flight course are required to pay for tuition. In the event of interruption of the course prior to completion or upon completion of the course any necessary adjustments in entitlement charges will be made based upon the actual amount which has been paid to the veteran as an education and training allowance.

(3) *Correspondence courses.* In the case of any veteran who is pursuing a program of education or training exclusively by correspondence, one-fourth of the elapsed time in following such program of education or training shall be charged against the veteran's period of entitlement. Elapsed time will be computed from the date of enrollment to the date the last lesson was serviced by the institution.

§ 21.2015 *Considerations respecting training under other laws administered by the Veterans' Administration*—(a) *Training under Public Law 550, 82d Congress, following training under Part VII or Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12).* Where a veteran who has pursued training under Part VII or Part VIII applies for education or training under this law, the period of any entitlement when added to the total period that such veteran pursued training under Part VII or Part VIII shall not exceed 48 months except as provided in § 21.2014 (b).

(b) *Training under Part VII, Veterans Regulation 1 (a), following training under Public Law 550, 82d Congress.* (1) For the purpose of preventing the pyramiding of benefits a veteran who enters, continues to pursue or resumes training under this law after need for vocational rehabilitation has been established will be limited to a total period of training under both the law and Part VII which will not exceed:

(i) The time that normally would have been required to train the veteran to employability in the objective selected had he chosen training under Part VII when he became eligible therefor; or

(ii) The total of the veteran's original entitlement under this Law, whichever is the greater.

(2) When a veteran while in training or during a period of interruption for a valid reason under this Law becomes eligible under Part VII and is determined to be in need of vocational rehabilitation, there shall be prescribed and provided whatever course of rehabilitation is needed to restore his employability notwithstanding any education or training he may have received under any laws administered by the Veterans' Administration. If period of time required to rehabilitate the veteran under Part VII combined with total period of training which the veteran has received under all other laws administered by the Veterans' Administration will exceed 48 months, the provisions of § 21.206 will be for application.

(c) *Educational and vocational guidance required for veterans eligible under both Part VII Veterans Regulation 1 (a) and Public Law 550, 82d Congress.* (1) When a veteran who has basic eligibility under Part VII applies for education or training under this Law he will be notified to report for required educational and vocational guidance prior to action on his application and if he does report a determination will be made as to whether he is in need of vocational rehabilitation. If need is determined to exist, the right of the veteran to select a program under this Law will not thereby be abridged, but any further benefit under Part VII will be subject to the limitations of paragraph (b) (1) of this section.

(2) When a veteran while in training or during a period of interruption for a valid reason under this Law becomes eligible under Part VII, he will be notified to report for required educational and vocational guidance and if he does report, a determination will be made as to whether he is in need of vocational rehabilitation. If need is determined to exist, the right of the veteran to continue training under this Law will not thereby be abridged, but any further benefit under Part VII will be subject to the limitations of paragraph (b) (1) of this section.

(3) If the veteran, upon due notification wilfully or through neglect fails to report for educational and vocational guidance as required in subparagraphs (1) and (2) of this paragraph, his eligibility under Part VII will be forfeited.

(4) For the purposes of this paragraph a veteran will be presumed to have basic eligibility under Part VII when a Veterans' Administration claims activity has determined that compensation is or would be payable under the provisions of Part I, Veterans Regulation 1 (a), as amended, and the veteran has been notified to that effect.

(5) A veteran who has basic eligibility under Part VII at the time of application for, or who becomes eligible under Part VII while in, training under this law, or in a valid interrupted status, and who is in a foreign country (other than the Republic of the Philippines) either at the time of application for benefits under the Law or determination of basic eligibility under Part VII will not be requested to report for advisement and guidance. However, such veteran will be notified that any further benefit under Part VII will be subject to the limitations of paragraph (b) (1) of this section if he continues training under this Law.

(d) *Training under Public Law 550, 82d Congress where a veteran is in training under Part VII or Part VIII, Veterans Regulation 1 (a), on his delimiting date.* (1) A veteran in training under Part VII or Part VIII on his delimiting date will be deemed to have met the requirement for initiation of a program under this Law, subject to the following:

(i) Where the veteran after his delimiting date is rehabilitated under Part VII or completes his course under Part VIII, training under this Law will be approved only if the program applied for is a normal progression from the completed course.

(ii) When, after his delimiting date, the veteran's training under Part VII or Part VIII is discontinued prior to the completion of his course, and while the veteran's conduct and progress were satisfactory, training under this Law may be approved only after all of the following conditions are met:

(*a*) The veteran has not made more than one change of course subsequent to August 19, 1952;

(*b*) The veteran resumes training in the same course;

(*c*) Such course meets all conditions for approval of a program under this law.

(iii) When, after his delimiting date, the veteran's training under Part VII or Part VIII is discontinued because of unsatisfactory conduct, training under this law may be approved only after all of the following conditions are met:

(*a*) The institution or establishment in which the veteran was pursuing his course certifies that it is willing to readmit him;

(*b*) The veteran resumes training in the same course;

(*c*) Such course meets all requirements for approval of a program under this law.

(iv) When, after his delimiting date, the veteran's training under Part VII or Part VIII is discontinued because of unsatisfactory progress, training under this law will be approved only if all of the following conditions are met:

(*a*) There has been no change of course subsequent to August 19, 1952;

(*b*) It is determined that the veteran's unsatisfactory progress was not due to his own misconduct, his own neglect, or his own lack of application;

(*c*) The program to which the veteran desires to change under this law is determined through educational and vocational guidance to be more in keeping with his aptitudes or previous education or training.

(d) A veteran residing in a foreign country (other than the Republic of the Philippines) whose training is discontinued for unsatisfactory progress may not pursue further training under this law so long as he remains in a foreign country inasmuch as educational and vocational guidance is not provided in foreign countries.

(e) *Veteran interrupted under Part VII Veterans Regulation 1 (a).* Training under Public Law 550, 82d Congress, will not be approved for a veteran while he is in training or in an interrupted status under Part VII unless he elects to terminate his Part VII training.

ENROLLMENT

§ 21.2030 *Selection of program.* (a) Subject to such limitations as are established by Public Law 550, 82d Congress, and Veterans' Administration regulations, each eligible veteran may select a program of education or training to assist him in attaining an educational, professional, or vocational objective at any educational institution or training establishment selected by him, whether or not located in the state in which he resides, which will accept and retain him as a student or trainee in any field of knowledge which such institution or establishment finds him qualified to undertake or pursue.

(b) The selection of a program of education or training by an eligible veteran will consist of:

(1) The determination and specific identification of an educational, professional, or vocational objective.

(2) The choice of a type of training and approved course or courses, or curriculum or curricula generaly considered necessary for attainment of the objective.

(3) The choice of an approved educational institution or training establishment which can provide the veteran the program of education or training required for the attainment of the objective.

(c) Veterans who request assistance in in choosing an objective or in selection of a program of education or training will be provided educational and vocational guidance.

(d) For purposes of determining and identifying the objective to be attained through a program of education or training, the following criteria will be applied;

(1) An educational objective will be designated as

(i) The completion of a unit course or subject, or

(ii) The completion of an approved curriculum or curricula leading to the award of a diploma, degree, or certificate which indicates educational attainment as distinguished from certificates or licenses which indicate qualification to practice a trade or profession. The educational objective will be stated in terms of the highest diploma, degree or certificate to be obtained if the pursuit of more than one curriculum is involved in reaching the objective.

(2) A professional or vocational objective will be designated in terms of an occupation normally pursued as a means of earning a livelihood for which an eligible veteran desires to prepare himself or in which he desires to improve his chances for success or advancement.

(3) An educational objective may be designated without specific indication of its relationship to a professional or vocational goal or objective. When a professional or vocational objective is designated, however, it may be held to include such educational objectives as may be essential to the attainment of the professional or vocational objective. Any program consisting of a series of courses

not leading to an educational objective as defined in subparagraph (1) of this paragraph must be related directly to the attainment of or advancement in a professional or vocational objective, and in such cases the professional or vocational objective must be designated.

(e) The pursuit of education or training under Public Law 550, 82d Congress, in any educational institution or training establishment located outside the continental limits of the United States or its possessions is permitted only if the veteran's program is pursued in an approved institution of higher learning. In the case training is to be, or is being, pursued at an approved institution of higher learning located in a foreign country, the veteran's application will be denied or his pursuit of the program will be discontinued, as the case may be, upon a finding by the Veterans' Administration that his enrollment in or the pursuit of such a program is or would be against his best interests or the best interests of the Government of the United States. For the purpose of this paragraph only institutions of collegiate or university rank giving educational courses leading to recognized degrees, licentiates or the equivalent will be approved as institutions of higher learning.

§ 21.2031 *Applications; approval*—(a) *Application.* (1) Each original application for a program of education or training of whatever character permitted under Public Law 550, 82d Congress, shall be filed with the Veterans' Administration on VA Form 7–1990 and the effective date of any such application will be the date of its receipt in the Veterans' Administration except that, where the application is filed with or through an educational institution or training establishment, the effective date for the commencement of benefits by virtue of such application shall be the date certified by the institution or establishment as the date of the commencement of the training if such application is received by the Veterans' Administration within 15 days following the date of such commencement of training, subject to the further provisions of § 21.2054 (a).

(2) The receipt of VA Form 7–1990 in the Veterans' Administration fully and completely executed as to all essential items is a prerequisite to the approval of the program of education or training applied for and in no instance will any action be taken to issue a Certificate for Education or Training or to authorize benefits prior to the receipt of a completed formal application.

(3) A veteran will be required to specify in his application (VA Form 7–1990) the program of education or training for which he applies and the name and address of the institution or establishment wherein he expects to commence his program. If the veteran intends to pursue a program in a college or university, he shall state the curriculum or curricula which he intends to pursue in order to reach his objective. Thus, his program will be stated in terms such as Bachelor of Science, Bachelor of Arts, Master of Arts, and the like. If the veteran does not intend to pursue a program leading to a degree, he must state the specific subjects constituting his program. If the veteran intends to pursue his program in an institution other than a college or university, such as a high school, business college, or a vocational or trade school, he shall list in terms as designated by the school the course or courses which he intends to pursue in order to reach his objective. If the veteran intends to pursue a program of apprenticeship or other on-the-job training, he shall specify his employment objective and such objective must be a recognized employment objective as listed in the Dictionary of Occupational Titles.

(4) In connection with his application for a program of institutional on-farm training, the veteran will submit to the Veterans' Administration a detailed outline of his program as planned and approved by the school, which shall include a statement of the name of the objective and the length of the program, together with a certification by a responsible official of the school which is to offer such program that the program as planned satisfies all the requirements of § 21.2202. In addition, the veteran must submit to the Veterans' Administration acceptable evidence to establish that he is assured of control of the farm or other agricultural establishment until the completion of his program and must certify that the farm and training program will occupy his full time. No action will be taken to approve an application for a program of institutional on-farm training unless and until all of the provisions of this subparagraph have been satisfied.

(5) Applications shall be supported by appropriate discharge document or active service record as specified in § 21.2011 (a).

(6) If an application is not complete at the time of the original submission, the veteran will be notified of the evidence necessary to complete the application. Any communication from or action by a claimant or his duly authorized representative which clearly indicates an intent to apply for benefits under the Law may be considered an informal application thereunder if followed promptly by a formal application, VA Form 7–1990, properly executed. The act of a veteran in enrolling in an approved institution does not, in itself, constitute an informal application.

(7) Where, for any reason, the veteran is found either not to meet the basic active service requirements for general eligibility under Public Law 550, 82d Congress, or it is determined that the program of education or training for which he has applied may not be approved, the veteran will be informed of the denial of his application, the reasons therefor and of his right of appeal. (Where an application is received from a person who is shown to be in active service in the Armed Forces the application will be denied, and the veteran informed of the reason for the denial.)

(8) Public Law 550, 82d Congress, imposes no restrictions upon a change of institution or establishment for pursuit of the same course or program. However, where subsequent parts or courses or curricula of the approved program are to be pursued in an institution other than the one providing the first part or course or curriculum of his program, the veteran must apply to the Veterans' Administration for approval of a change of institution. If otherwise in order, a supplemental certificate will be issued to the veteran authorizing him to continue the pursuit of his approved program in the second institution which shall have been designated in his request.

(b) *Approval of application; Certificate for Education and Training.* (1) Upon a determination, after receipt in the Veterans Administration of a valid completed formal application as defined in paragraph (a) of this section, that the veteran has satisfied all the requirements of Public Law 550, 82d Congress, and VA Regulations for the pursuit of the program of education or training applied for, a Certificate for Education and Training, VA Form 7–1993, will be prepared and issued to the veteran.

(2) The Certificate for Education and Training will be specifically limited by endorsement to the educational, professional, or vocational objective. The name of the institution or establishment in which the program is to be commenced will be stated. The limit of the veteran's entitlement in months and days will be entered upon the Certificate, together with a statement of the date by which the program applied for must be commenced.

(3) Veterans and educational institutions and training establishments are cautioned that a valid Certificate for Education and Training constitutes the only authentic document evidencing a veteran's eligibility and entitlement to education or training under Public Law 550, 82d Congress. Accordingly, if a veteran who is not in possession of a duly authenticated Certificate for Education and Training enters the pursuit of a program in an institution or establishment he will do so at his own risk, subject to possible determination that the Veterans' Administration may not authorize any payments to him.

(4) No application will be approved and no Certificate for Education and Training will be issued in any case where it is not clearly established that all the provisions of Public Law 550, 82d Congress, are fully satisfied.

(5) Where the issuance of a certificate is withheld for further investigation or development the applicant will be fully informed of the reasons for such action and of the matters essential to the clearance of his case.

§ 21.2032 *Change of program*—(a) *General.* Public Law 550, 82d Congress, does not permit more than one change of program in any case. A change of program is authorized under the following conditions:

(1) An eligible veteran may make one change of program upon request prior to his delimiting date, provided that if the program previously initiated has been interrupted or discontinued due to his own misconduct, neglect, or lack of application, he may not be provided any additional education or training. For

purposes of determining whether interruption or discontinuance of education or training was due to the veteran's own misconduct, neglect, or lack of application, a report will be obtained from the institution or establishment setting forth the reasons for the interruption or discontinuance.

(i) If among the reasons given for interruption or discontinuance was misconduct of such nature that the institution or establishment refuses to readmit the veteran, further education or training under the law will be denied.

(ii) If it is shown that the veteran failed to maintain a satisfactory attendance record, this will be considered to constitute neglect and the veteran will be denied further education or training under the Law unless the veteran can satisfactorily establish that such unsatisfactory attendance record was due to reasons beyond his control.

(iii) When it has been determined that the interruption or discontinuance was not due to misconduct or neglect as defined for purposes of this section, the matter of lack of application will be for consideration. In all such cases except as to a veteran residing in a foreign country other than the Republic of the Philippines, the veteran will be scheduled by the Veterans' Administration for educational and vocational guidance. If it is determined through educational and vocational guidance that the veteran's aptitudes and abilities are such that successful pursuit of the program previously initiated might reasonably have been expected, failure to make satisfactory progress in such program will constitute evidence of lack of application on the part of the veteran and further education or training under the Law in the absence of other satisfactory evidence to explain such failure, will be denied. If it is determined through educational and vocational guidance that the aptitudes and abilities of the veteran are such that satisfactory progress in the program previously initiated could not reasonably have been expected, a change of program may be approved provided the objective and program selected are determined to be in keeping with the aptitudes, abilities and interests of the veteran.

(iv) If the veteran is residing in a foreign country other than the Republic of the Philippines the registration officer shall determine whether the discontinuance was due to the veteran's misconduct, neglect or lack of application and whether a change of program may be approved.

(2) When a veteran who has not made a change of program of education or training requests such change after his delimiting date, his request will be approved only when one of the following conditions is found to exist:

(i) The program to which the veteran desires to change, while not a part of the program pursued by him, is a normal progression from such program.

(ii) The veteran is not making satisfactory progress in the program previously initiated and failure is not due to his own misconduct, neglect, or lack of application and it is determined through educational and vocational guidance that a program to which he desires to change is more in keeping with his aptitudes or previous education and training, than is his current program. If the veteran is residing in a foreign country other than the Republic of the Philippines, the veteran may not pursue further training under this Law so long as he remains in a foreign country.

(b) *What constitutes a change of program.* A change of program is considered to consist of:

(1) A change in the predetermined and identified educational, professional, or vocational objective for which the veteran entered education or training, and

(2) Corresponding changes in the type of training, and courses, or curriculum which may be required to attain the new objective. For example, when the predetermined and identified objective is an educational objective without designation of a professional or vocational goal, such as attainment of a Bachelor's degree in an institution of higher learning, if the veteran, having pursued such program sucessfully, later desires to change that objective to include advanced or specialized courses leading to a Master's degree, or a professional degree or certificate, such change will be considered a change of program because the predetermined objective and the courses required to attain it have been changed, even though such change of program may constitute a normal progression from the present program.

(c) *Normal progression.* For the purpose of the regulations in this subpart "normal progression" involves additional education or training which constitutes a true advancement or progression to a higher level of either knowledge or skills, or both, where, ordinarily or normally and as a matter of custom and practice within the area where the training is being pursued, the satisfactory completion of the one course or program is essential for enrollment in and successful pursuit of the other.

(d) *Adjustments not considered a change of program.* When the predetermined and identified objective is an educational objective without designation of a professional or vocational goal, such as attainment of a degree in an institution of higher learning, changes in types of courses pursued shall not be considered a change of program, provided such changes do not involve either a material loss of credit or an extension of the time originally planned for completion of the program. When the veteran's training status is changed by reason of such adjustments in program, however, such as changing from full time training to part time, the institution shall inform the Veterans' Administration of such change.

(e) *Requests for change of program.* Any veteran who has not made a change of program of education or training and who desires to make such a change will be required to submit his request upon VA Form 7–1995 to the Regional office in possession of his records, provided:

(1) That the veteran may indicate on the form that educational and vocational guidance is requested to assist him in selecting his objective and in planning his program; and information regarding his new program will be entered upon completion of counseling, or

(2) That when the request submitted by a veteran does not indicate clearly the objective to be attained or present an adequate description of the progam to be pursued, the veteran's request will not be disapproved until the veteran has been informed of the availability of counseling to assist him in clarifying his educational or occupational plans.

(f) *Certificate issued.* When the veteran has requested educational or vocational guidance on VA Form 7–1995, a Certificate for Education and Training may not be issued until counseling has been completed and the objective and training program have been properly set forth on the Request for Change of Program form and Certificate D, VA Form 7–1902k, together with the name and location of the educational institution or training establishment, provided that when the latter information is not found upon Certificate D, it may be supplied by the veteran by letter or memorandum.

(g) *Report of conduct and progress.* Before issuing a Certificate for Education and Training for the purpose of effecting a change of program, a report of conduct and progress will be required from the educational institution or training establishment currently or last attended to serve as a basis for determining whether such certificate may be issued in accordance with Public Law 550, 82d Congress, and Veterans' Administration Regulations.

§ 21.2033 *Avocational and recreational courses.* (a) The Veterans' Administration is prohibited from approving the enrollment under Public Law 550, 82d Congress, of any veteran in any bartending course, dancing course or personality development course.

(1) Where a physical education course in an institution of higher learning which is offered for credit as an integral part of a program leading to an educational objective includes instruction in dancing such a course is not within the restrictions of the law.

(b) The Veterans' Administration may not approve the enrollment of a veteran in any course which is avocational or recreational in character. The following courses are under the statutory presumption of being avocational or recreational in character and require justification for their pursuit:

(1) Any photography course or entertainment course, or

(2) Any music course—instrumental or vocal—public speaking course, or course in sports or athletics such as horseback riding, swimming, fishing, skiing, golf, baseball, tennis, bowling, sports officiating, or other sport or athletic courses, except courses of applied music, physical education, or public speaking which are offered by institutions of higher learning for credit as an integral part of a program leading to an educational objective, or

(3) Any other type of course which the Administrator by Veterans' Administration Regulation determines to be avocational or recreational.

(c) To overcome the presumption that a course applied for is avocational or recreational in character the veteran will be required to support his application by justification to establish that the course will be of bona fide use in the pursuit of his present or contemplated business or occupation. Justification as stipulated under these provisions must be submitted to and approved by the Veterans' Administration prior to the issuance of a Certificate for Education and Training.

(1) All adjudications under these provisions will take into account any evidence of record in the Veterans' Administration or otherwise properly within the knowledge of those charged with the adjudication.

§ 21.2034 *Discontinuance for unsatisfactory progress*—(a) *Satisfactory pursuit of training.* Entitlement to a period of education or training is subject to the provision that a veteran, having selected a program of education or training and having commenced the pursuit of such program, continues to maintain satisfactory progress and conduct throughout the period in accordance with the regularly prescribed standards and practices of the institution in which he is enrolled.

(b) *Maintenance of satisfactory conduct.* In any case where it is established that a veteran by reason of his unsatisfactory conduct will no longer be retained as a student or trainee, or would not be readmitted as a student or trainee, by the educational institution or training establishment in which he is or was enrolled there will be no further entitlement to education or training under Public Law 550, 82d Congress.

(c) *Interruption or discontinuance of training because of unsatisfactory progress prior to, on, or after the delimiting date.* Where a veteran's training is interrupted or discontinued prior to, on, or after the delimiting date because of unsatisfactory progress any further training under Public Law 550, 82d Congress, will be approved only under the provisions of § 21.2032 (a).

§ 21.2035 *Minimum number of non-veteran students required.* (a) The Administrator is not authorized to approve the enrollment or re-enrollment of any eligible veteran in any non-accredited course below the college level offered by a proprietary profit or proprietary nonprofit educational institution for any period during which the Administrator finds that more than 85 percent of the students enrolled in the course are having all or any part of their tuition, fees or other charges paid to or for them by the educational institution or the Veterans' Administration under Part VII or Part VIII of Veterans Regulation 1 (a), (38 U. S. C. ch. 12), or under the provisions of Public Law 550, 82d Congress, or all of them.

(1) A student will be deemed as receiving part of full payment of tuition for or by the institution when one of the following conditions exist:

(i) A student attends under a scholarship or other grant from the institution which reduces the charges of the course to the student whether such payments are made before, during, or after attending the institution.

(ii) A student employed by the institution where compensation for work performed is in excess of usual or prevailing rate for employment of the same or similar nature.

(iii) A student who for any reason has all or part of his tuition, fees or other course charges waived by the institution.

(2) In determining the number of students comprising the 85 percent required in a course:

(i) Each part-time student will be counted on the ratio that the part-time training bears to full-time training.

(ii) In a school offering flight training courses the actual hours of logged instructional time for enrolled students (eliminating plane rental time for which no bona fide instruction was furnished by the school) will provide the basis for the determination.

(3) For the purpose of this section the ratio of veteran to non-veteran students shall be determined for each course approved as a course by the State approving agency.

(4) A school will be deemed to be a proprietary non-profit school when it is privately owned and operated whether by an individual, or individuals, or by a corporation, and when it is exempt from taxation under paragraph (6) Section 101 of the Internal Revenue Code.

§ 21.2036 *Period of operation for approval*—(a) *General.* The enrollment of an eligible veteran will not be approved in any course offered by an educational institution, when such a course has been in operation for less than two years immediately prior to the date of enrollment except that this provision not apply:

(1) To courses pursued in a public or tax supported educational institution,

(2) To courses pursued in institutions which may be considered parochial or religious in character whose credits are acceptable without condition in the public school system in fulfillment of requirements for graduation.

(3) To any course which is offered by an educational institution which has been in operation for more than 2 years if the course is similar in character to a course previously offered by the institution,

(4) To any course which has been offered by an institution for a period of more than 2 years notwithstanding the fact that the institution has moved to another location in the same general locality.

(b) *Operation for 2 years.* A course is considered to have been in operation for 2 years when it has been given continuously for 24 calendar months inclusive of reasonable vacation and holiday periods. Where courses are only offered on an ordinary school year basis (approximately 9 months) two ordinary school years in the 24 calendar months will constitute a 2-year period. Where short courses of less than an ordinary school year are offered on a regular cycle each calendar year, two cycles of such operation will constitute the 2-year period.

(c) *Course similar in character.* A course will be considered similar in character if the course provides training in the same general occupational or educational objective, and involves the same or related instructional processes, tools and materials, as courses previously furnished by the institution which has been in operation for a period of more than 2 years. In each case of an approval by the State approving agency of a new course which has not been in operation for a period of more than 2 years but which is thought by the State to be similar in character to an approved course which has been in operation for more than 2 years, the State will furnish the regional office with a copy of the approval and the basis for its view as to the similarity in character to the approved course being offered by the institution. (For correspondence courses, the State will furnish the basis for its determination to the Director, Training Facilities Service for Vocational Rehabilitation and Education, Veterans' Administration, Washington 25, D.C.)

(d) *Move to new location.* An institution will be considered to have moved to a new location in the same general locality when the new location is at a point within normal commuting distance of the original location.

(e) *Change of ownership or management.* Where an institution changes ownership or management, but it is found by the Veterans' Administration that the institution remains essentially the same as to faculty and student body and offers the same courses, such change in ownership or management will not make such school subject to the 2-year limitation.

§ 21.2037 *Institutions listed by attorney general.* (a) The Administrator will not approve enrollment of, nor payment of an education or training allowance to, any eligible veteran in any course in an educational institution or training establishment while such institution or establishment is listed by the Attorney General under Section 3 of Part III of Executive Order 9835, as amended.

(b) The director, training facilities service, will furnish promptly to each regional office and each State approving agency current information on the schools and establishments listed by the Attorney General under section 3 of Part III of Executive Order 9835.

PAYMENTS TO VETERANS

§ 21.2050 *Special certification required for non-accredited courses.* The enrollment or re-enrollment of a veteran in a non-accredited course below the college level offered by a proprietary profit or proprietary non-profit educational institution may not be approved unless such institution certifies on VA Form 7–1999 that at the time of the veteran's enrollment or re-enrollment not more than 85 per cent of the students enrolled in the course are having all or any part of their tuition, fees, or other charges paid to or for them by the educational institution, or by the Veterans' Administration under Part VII or Part VIII, Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12), Public Law 894, 81st Congress, as amended, or Public Law 550, 82d Congress, and unless the institution certifies that the enrollment or re-enrollment of the veteran does not exceed enrollment limitations established by the State approving agency. Notwithstanding the certification of the institution as prescribed in this section, the Veterans' Administration will deny the enrollment or re-enrollment of a veteran in such course if it is known by the Veterans' Administration that the limitations prescribed in this section are not being complied with.

§ 21.2051 *Conditions governing payment of education and training allowance.* (a) The education and training allowance shall be paid only for the period of the veteran's approved enrollment. In no event, however, shall such allowances be paid

(1) To any veteran enrolled in an accredited course or a course of institutional on-farm training for any period when the veteran is not pursuing his course in accordance with the regularly established policies and regulations of the institution and the requirements of Public Law 550, 82d Congress, or

(2) To any veteran enrolled in a non-accredited course or in a course of apprentice or other training on-the-job for any day of absence in excess of the rate of 30 days for a 12-months' period not counting as absences weekends or legal holidays established by Federal or State law during which the educational institution or training establishment is not regularly in session or operation, or

(3) To any veteran pursuing his program of education exclusively by correspondence for any quarter during which no lessons were serviced by the institution, or

(4) To any veteran pursuing a course consisting exclusively of flight training for any month during which no instruction was received.

(b) The education and training allowance shall be paid to an eligible veteran for any period only after the Veterans' Administration shall have received from the educational institution a Certification of Training certified by the eligible veteran and the educational institution or training establishment on a form provided by the Veterans' Administration for that purpose showing that the veteran has been pursuing his course as required by Public Law 550, 82d Congress. In the cases of veterans pursuing all types of courses except those pursued exclusively by correspondence (wherein the Certification of Training shall be quarterly), monthly Certifications of Training are required. If enrollment is on or after the 20th of the month, the Certification of Training for the rest of that month shall be included with the certification for the following calendar month. Any such Certifications of Training received in the Veterans' Administration later than 10 days following the close of the certification period may not be paid until the following month. Where the course is pursued exclusively by correspondence the Certifications of Training covering all lessons serviced during the reporting period will be submitted so as to be received in the Veterans' Administration by the 10th day of February, May, August and November of each year.

(c) Upon receipt by the Veterans' Administration of an Enrollment Certification from the institution showing that the veteran has entered or re-entered training, the veteran will be notified of the official Veterans' Administration authorization of his training status. Educational institutions organized on a term, quarter, or semester basis, may certify a veteran's enrollment period as being for a term, semester, quarter, or the regular ordinary school year, as the case may be. Such period of enrollment may not include a summer session as part of the enrollment for the regular school year. In all other types of training the Enrollment Certification will be for the length of the course. Since payments may be made by the Veterans' Administration only to veterans pursuing a course during a term of enrollment in accordance with the regularly established policies and regulations of the institution, enrollment for the regular ordinary school year is encouraged and will reduce administrative effort for the school, the veteran and the Veterans' Administration. Where the educational institution is organized on a term, quarter or semester basis and the educational institution certifies the veteran's enrollment on the Enrollment Certification to be for an ordinary school year, the veteran and the institution may certify that the veteran was enrolled in and pursuing his course during the regular school vacation periods and periods of not in excess of 15 days between terms, quarters or semesters (excluding summer sessions) and the education and training allowance will be paid for such periods. Where the veteran's enrollment in such an institution is certified by the institution to be only for the term, quarter or semester, the veteran and the institution shall not certify on the monthly Certification of Training that the veteran was enrolled in and pursuing his course during periods between terms, quarters or semesters and no education and training allowance will be paid for such interim periods.

(d) The veteran will be carried in a training status for the period of approved enrollment or the extent of his remaining entitlement, whichever is the lesser, so long as the veteran remains in regular attendance, his conduct and progress continues to be satisfactory according to the regularly prescribed standards and practices of the institution, and the periodic Certifications of Training are received by the Veterans' Administration. However, actual payment of education and training allowances will be made in arrears after receipt of the monthly or quarterly Certifications of Training referred to in paragraph (b) of this section. Payments shall, insofar as practicable, be made within 20 days after receipt of the periodic Certifications.

(e) For each veteran pursuing a course of on-the-job training, or a non-accredited course (except correspondence courses and courses consisting of flight training only) the Veterans' Administration will maintain a record of absences from training on the award account card. This record will be based upon the monthly Certification of Training submitted by the veteran, and certified to by the educational institution or the on-the-job training establishment. The purpose of this record is to insure that education and training allowances will not be paid for any day of absence in excess of 30 days in a 12 months' period for a course pursued on a schedule of 5 or 6 days per week (or a pro-rata part thereof where the period of enrollment is less than 12 months' duration or where the course is pursued on a schedule of less than 5 days per week, except where the standard work week established through bona fide collective bargaining is less than 5 days per week).

(f) For courses pursued on a schedule of 5 or 6 days per week the maximum number of absences for which an education and training allowance may be paid is 30 days in a 12-months' period. Therefore, where a course is pursued on a schedule of less than 5 days per week the maximum number of absences for which an education and training allowance may be paid is that pro rata part of 30 days which the number of days per week of training bears to 5.

(1) *Examples.* The following are examples of the maximum days of absence for which an education and training allowance may be paid:

(i) Where a veteran is enrolled in a course requiring 5 or 6 days per week of attendance for 12 months he would be entitled to a maximum of 30 days.

(ii) Where a veteran is enrolled in a course requiring attendance for 2 days per week for a 12-months' course, he would be entitled to a maximum of 12 days, i. e., $\frac{2}{5}$ of 30. If, however, his course is 6 months in duration, he would be entitled to 6 days, i. e., $\frac{1}{2}$ of 12.

(iii) Where a veteran is enrolled in a course requiring attendance of 4 days per week for a period of 12 months he would be entitled to a maximum of 24 days, i. e., $\frac{4}{5}$ of 30. If his course is 9 months in duration he would be entitled to 18 days, i. e., $\frac{3}{4}$ of 24.

(iv) Where a veteran is enrolled in a course requiring attendance of only 1 day per week for a period of 12 months his maximum number of absences would be 6, i. e., $\frac{1}{5}$ of 30. If his course is 4 months in duration, he would be entitled to 2 days, i. e., $\frac{1}{3}$ of 6.

(v) These principles apply whether the veteran is pursuing his course on a full, $\frac{3}{4}$, $\frac{1}{2}$ or less than $\frac{1}{2}$ time basis. This policy will not apply to courses pursued exclusively by correspondence, or to flight training courses, since education and training allowances in these courses are paid on the basis of lessons completed and services, or flight instruction actually received.

(2) *Basis for reduction of education and training allowance on account of excessive absences.* The education and training allowance of a veteran enrolled in a non-accredited course (other than flight training and correspondence courses) on a full-time, $\frac{3}{4}$, $\frac{1}{2}$, or less than $\frac{1}{2}$ time basis will be reduced each month for any day of absence which absence when combined with absences previously approved without deduction in the current 12 months' period ex-

ceeds the rate of 2½ days per month in a course pursued on a schedule of 5 or 6 days per week, or a lesser number of days per month (consistent with the policy in paragraph (e) of this section) where the course is pursued on a schedule of less than 5 days per week except where the standard work week established through bona fide collective bargaining is less than 5 days a week, in which event, the rate of 2½ days per month will apply. For example, where the veteran's course is pursued on a schedule of 4 days per week the reduction would be effected for those days of absence which exceed the rate of 2 days per month ($\frac{1}{12} \times \frac{1}{5} \times 30$). Since on-the-job training may not be pursued on less than a full-time basis, the reduction would be effected where the absence exceeds the rate of 2½ days per month.

(3) *Amount of reduction for excessive absences.* (i) In all non-accredited courses (other than flight training or correspondence courses) pursued on a full-time, ¾ time or ½ time basis, the amount of the reduction for each day of absence in excess of the maximum number for which payment may be made will be 1/25th of the veteran's monthly education and training allowance. In all on-the-job training courses reduction will be at the same rate except where the standard work week established through bona fide collective bargaining requires a different adjustment. Where the standard work week established through bona fide collective bargaining requires less than 5 days a week, the reduction for excessive absence will be determined pursuant to the table set forth in subdivision (ii) of this subparagraph.

(ii) In all non-accredited courses pursued on less than ½-time basis, the amount of reduction for each day of absence in excess of the maximum number for which payment may be made will be that part of the veteran's monthly education and training allowance which is indicated in the following table:

Days of scheduled attendance per week:	Amount of reduction per day of excessive absence
5 or more ($\frac{5}{5} \times \frac{1}{25}$)	$\frac{1}{25}$th
4 ($\frac{4}{5} \times \frac{1}{25}$)	$\frac{1}{20}$th
3 ($\frac{3}{5} \times \frac{1}{25}$)	$\frac{1}{15}$th
2 ($\frac{2}{5} \times \frac{1}{25}$)	$\frac{1}{10}$th
1 ($\frac{1}{5} \times \frac{1}{25}$)	$\frac{1}{5}$th

(iii) Reduction of education and training allowance in those instances where the excess constitutes less than a full day will be at the appropriate rate for a full day of absence. For example, if a veteran in pursuit of a full-time non-accredited course on a schedule of 5 days per week is absent for 3 days in the first month, he will have exceeded by ½ day the maximum number of days of absences for which payment may be made. Therefore, his education and training allowance will be reduced for one full day. If no absences are reported for the second month of training, but 5 absences are reported for the third month, no reduction of education and training allowance would be effected for the third month since his allowance has previously been reduced for a full day because of an excess absence of ½ day.

(4) *Certification for part of month.* Where the period covered by the first monthly certification is a period of less than 15 days, reduction will be made for each day of absence. If the period represents more than 15 days, the number of absences for which education and training allowance may be paid will be the maximum number allowable for a full month.

(5) *Absences disclosed following termination of training.* The reduction of education and training allowances for absences in excess of the maximum number for which payment may be made will be accomplished even though the veteran may have completed or interrupted his course of training, as in instances where the Veterans' Administration receives reports of absences subsequent thereto which should have been reported while the veteran was in a training status. In these circumstances, appropriate action will be accomplished to reduce the payment of education and training allowance.

(g) Where the Veterans' Administration fails to receive the properly completed certifications for two consecutive reporting periods or in correspondence or flight training courses if reports were received but no lessons were serviced or no instruction was received for two consecutive reporting periods, it will be presumed that the veteran is no longer pursuing his course under Public Law 550, 82d Congress. Therefore, the veteran's course of training will be discontinued. Re-entrance into training, if otherwise in order, will be accomplished by the use of VA Form 7–1999.

§ 21.2052 *Rates of education and training allowances*—(a) *Institutional training; full- and part-time rates.* (1) The rate of education and training allowance payable to a veteran who is pursuing a program of education or training in an educational institution shall be as follows:

(i) If such program is pursued on a full-time basis, such allowance shall be computed at the rate of $110 per month, if the veteran has no dependent, or at the rate of $135 per month, if he has one dependent, or at the rate of $160 per month if he has more than one dependent.

(ii) If such program is pursued on a three-quarter time basis such allowance shall be computed at the rate of $80 per month if the veteran has no dependent, or at the rate of $100 per month if he has one dependent, or at the rate of $120 per month if he has more than one dependent.

(iii) If such program is pursued on a half-time basis, such allowance shall be computed at the rate of $50 per month, if the veteran has no dependent, or at the rate of $60 per month if he has one dependent, or at the rate of $80 per month if he has more than one dependent.

(iv) If such program is pursued on a less than half-time basis, such allowance will be computed at the rate of (*a*) the established charges for tuition and fees which the institution requires similarly circumstanced non-veterans enrolled in the same course to pay, or (*b*) $110 per month for a full-time course, whichever is the lesser.

Example. Where a 3-hour course is pursued in an institution of higher learning, $\frac{3}{11}$ of $110 would be for application under subdivision (b) of this subdivision.

(b) *Cooperative course.* (1) The education and training allowance of an eligible veteran who is pursuing a full-time program of education and training in a cooperative course shall be computed at the rate of $90 per month, if he has no dependent, or $110 per month, if he has one dependent, or $130 per month, if he has more than one dependent.

(2) No allowance will be authorized for a cooperative course of less than full time.

(c) *On-the-job training.* (1) The education and training allowance for an eligible veteran pursuing apprentice or other training on-the-job shall be computed at the rate of $70 per month, if he has no dependent, or $85 per month, if he has one dependent, or $105 per month if he has more than one dependent, except that his basic rate of education and training allowance shall be reduced at the end of each four-month period as his program progresses by an amount which bears the same ratio to the basic education and training allowance as 4 months bears to the total duration of his apprentice or other training on-the-job; but in no case shall the education and training allowance be authorized under this paragraph in an amount which, when added to the monthly compensation to be paid to the veteran for productive labor performed as a part of his course in accordance with his approved training program would exceed the rate of $310 per month.

(2) For the purpose of computing allowances under this paragraph, the duration of the training of an eligible veteran shall be the original approved certified period of enrollment in the course plus such additional period, if any, as is necessary to make the number of months of such training a multiple of four. For example, a veteran's approved certified period of enrollment is 18 months. A period of 2 months will be added to make the total a multiple of 4, thereby requiring a reduction of $\frac{1}{5}$ of the basic education and training allowance each 4 months. Where there occurs a change in the dependency status after the commencement of the program the rate to be paid from the proper effective date will be that adjusted amount which would have been appropriate had the dependency status existed from the beginning of the veteran's enrollment in the program, subject to the ceiling provisions.

(3) If in any case the State approving agency extends the length of the period required to complete the approved program of the veteran, no education and training allowance for such extended period will be authorized.

(4) No allowance will be authorized for a course of on-the-job training pursued on a less than full-time basis.

(d) *Institutional on-farm training.* (1) The education and training allowance of an eligible veteran pursuing institutional on-farm training shall be

computed at the rate of $95 per month, if he has no dependent, or $110 per month, if he has one dependent, or $130 per month if he has more than one dependent, except that his education and training allowance shall be reduced at the end of each 4-month period as his program progresses by an amount which bears the same ratio to $65 per month, if the veteran has no dependent, or $80 per month, if he has one dependent, or $100 per month if he has more than one dependent, as 4 months bears to the total duration of such veteran's institutional on-farm training.

(2) For the purpose of computing allowances under this paragraph the duration of the training of an eligible veteran shall be the original approved certified period of enrollment in the course plus such additional period, if any, as is necessary to make the number of months of such training a multiple of four. For example, a veteran with one dependent is enrolled in an approved course of 21 months in duration. A period of 3 months will be added to make the total a multiple of 4, thereby requiring a reduction of $\frac{1}{6}$ of $80 each 4 months, since $80 is the fixed statutory rate upon which reductions will be based in this case. Where there occurs a change in the dependency status after the commencement of the program the rate to be paid from the proper effective date will be that adjusted amount which would have been appropriate had the dependency status existed from the beginning of the veteran's enrollment in the program.

(3) If in any case the State approving agency or the school extends the length of the period required to complete the approved program of the veteran, no education and training allowance for such extended period will be authorized.

(e) *Correspondence course.* The education and training allowance of an eligible veteran pursuing a program of education or training exclusively by correspondence shall be computed on the basis of the established charge which the institution requires non-veterans to pay for the same course or courses. Such allowance shall be paid quarterly on a pro rata basis for the lessons completed by the veteran and serviced by the institution, as certified by the veteran and the institution.

(1) No education and training allowance will be paid for correspondence courses pursued by a veteran whose program of education or training consists in part of institutional on-farm, training on-the-job, or institutional training in residence.

(2) Where a veteran's program of education or training includes a course consisting of correspondence instruction with provisions for a limited period of less than a month of classroom instruction provided by the institution, such course will be considered a course pursued exclusively by correspondence and the educational and training allowance will be based on the established charges for the correspondence portion only.

(3) The established charge for a correspondence course shall not be considered to be more than the lowest charge which is customarily paid by a non-veteran student under any payment plan exclusive of a cash discount arrangement for advance payments.

(4) The training institution offering approved correspondence courses will transmit to the Director, Training Facilities Service, Veterans' Administration, Washington 25, D. C., a list of all approved courses and any additions or changes made subsequently thereto and a certified statement of the established charges to non-veterans for each course. Such statement will list consecutively the lessons in each course, the books, supplies, tools and equipment to be supplied with each lesson, other pertinent charges, the established practices in detail of servicing a lesson or lessons and the standards for determining completed lessons including a statement of the grading policy and methods of determining progress.

(5) Only such charges for books, supplies, tools and equipment in the same quantity and quality as are necessary and are required to be purchased by non-veterans may be charged to veterans. Only those items furnished directly by the institution to enrollees as a part of the course, may be included as a part of the established charges for the course. Where items of equipment are furnished on a rental basis to non-veterans, only the rental charge shall be considered in reporting the established charges for the course. Where books, supplies, tools and equipment are furnished at the end of the course or after completion of regular lessons and such were not needed for the successful completion of the course of education and training the charges therefor will not be included in computing the established charges for the course.

(6) In the event an institution desires to change its charges for courses after submittal of a statement of charges and services as set forth in this paragraph, such proposed charges will be promptly reported to the Director, Training Facilities Service, Veterans' Administration, Washington 25, D. C., together with the effective date applicable to non-veteran students. Where the director, training facilities service determines on the basis of the information submitted that it is necessary to revise the education and training allowance for veterans enrolling after the effective date of such changes, the institution and the regional offices will be notified of the change in courses and charges which will affect the computation of the education and training allowance and the effective date thereof. The education and training allowance of an eligible veteran who is already enrolled in such course will continue to be based on established charges and services in effect on date of his enrollment despite any changes made subsequent thereto.

(7) For the purpose of payment of an education and training allowance a lesson will be considered as completed by the veteran and serviced by the institution when:

(i) The lesson assignment has been completed by the veteran in accordance with the criteria of the institution and has been submitted to the institution for review, and

(ii) The institution has reviewed and graded the lesson and provided the veteran in writing with its evaluation and comments in accordance with its standards and has recorded the results of such servicing.

(*a*) Only one servicing of a lesson may be charged to the veteran.

(f) *Flight courses.* Each eligible veteran who is pursuing an approved course of flight training shall be paid an education and training allowance to be computed at the rate of 75 per centum of the established charge which similarly circumstanced non-veterans enrolled in the same courses are required to pay for tuition for the course. If his program of education or training consists of flight training and other education or training, the allowance payable under this paragraph shall be in addition to any education and training allowance payable to him under one of the preceding paragraphs of this section. Such allowance shall be paid monthly upon receipt of certification from the eligible veteran and the institution as to the actual hours of instruction of flight training received by the veteran and the established cost thereof. For example, the veteran is enrolled in a private pilot course where the established cost for dual instruction is $11.50 per hour, and for ground instruction is $0.70 per hour. Within a particular month the veteran received 8 hours of dual instruction and 4 hours of ground instruction. The total established charges for this instruction is $94.80. Therefore, the veteran's education and training allowance for this month will be $71.10 (75 percent of $94.80).

§ 21.2053 *Education and training allowance payable where trainee is in receipt of disability compensation at the rate of 50 percent or more; Public Law 877, 80th Congress, cases.* A veteran may not receive concurrently increased disability compensation and increased education and training allowance because of his dependent or dependents. In each case a determination will be made as to which of the following is the greater: (*a*) The sum of the education and training allowance payable because of dependency and the basic disability compensation payable to a person without a dependent, or (*b*) the sum of the disability compensation payable including the additional compensation for a dependent or dependents and the rate of education and training allowance payable in the individual's case without regard to the existence of a dependent. Education and training allowance will be authorized in an amount equal to the difference between the greater benefit as computed in this section and total amount of disability compensation awarded by the adjudication division (i. e., basic rate plus additional amounts for dependents).

§ 21.2054 *Effective beginning dates of entrance or re-entrance into training and for payment of education and training allowance.* (a) The effective beginning date for the payment of education and training allowance will be the date of receipt of application therefor in the Veterans' Administration, or the date of entrance or re-entrance into training as

certified by the institution or establishment on VA Form 7–1999, or the date of the approval of the course by the appropriate approving agency, or the date the institution or establishment applied for approval of the course, whichever is the later, except that where the application is filed with or through an educational institution or training establishment, the effective date for the commencement of benefits by virtue of such application shall be the date certified by the institution or establishment as the date of the commencement of the training if such application is received by the Veterans' Administration within 15 days following the date of such commencement of training.

(b) All authorization actions accomplished by the registration and research section entering veterans into education or training (full-time or part-time institutional training, on-the-job or apprenticeship training, etc.) will authorize education and training allowance at the rate provided for a person without a dependent or dependents, unless satisfactory evidence of dependency accompanies his application or is of record which warrants an authorization of education and training allowance on account of the dependents. If evidence of relationship or dependency accompanies the veteran's application or is of record, the appropriate rate reflecting such dependency will be authorized.

(c) Where the veteran asserts on his original application for education and training allowances that he has a dependent or dependents, he will be informed of the necessity to submit satisfactory evidence of such dependents, and that until such evidence is received in the Veterans' Administration education or training allowance on the basis of the dependents will not be authorized. If satisfactory evidence of such dependents is received within 1 year of the date of request therefor, education or training allowance payable because of the dependents will be authorized effective as of the date of entrance into training or the receipt of the application if received at a later date. If such evidence is received after 1 year of the date of request therefor, the effective date of an authorization for education or training allowance on account of dependents will be as of the date of the receipt by the Veterans' Administration of the evidence showing entitlement thereto. If such evidence is in the claims folder, duplicate evidence will not be required.

§ 21.2055 *Effective closing dates of an authorization of education or training allowance*—(a) *Schools, colleges and universities.* The effective closing date shall be the ending date of the course, or the ending date of the period of enrollment as certified by the school or the expiration date of the veteran's entitlement, whichever is the earlier.

(b) *Apprenticeship or other on-the-job training.* The effective closing date shall be the ending date of the period of training as established by the training agreement, or the ending date of the period of enrollment as certified by the establishment, or the expiration of the veteran's entitlement, whichever is the earlier.

(c) *Institutional on-farm training.* The effective closing date shall be the ending date of the course as contained in the veteran's application and certified by the institution, or the expiration date of the veteran's entitlement, whichever is the earlier.

(d) *Final date for payments.* No education or training allowance shall be authorized to any veteran beyond seven years after either (1) his discharge or release from active service or (2) the end of the basic service period, whichever is earlier.

§ 21.2056 *Effective date of change or discontinuance of education or training allowance.* (a) The effective date of a change in the authorization of education or training allowance shall be:

(1) In the event of death of a dependent, as of the date following the date of death.

(2) In the event of divorce, the date of divorce.

(3) In case of a child, the date of the eighteenth anniversary of date of birth, or, if attending school after age 18, the date following cessation of school attendance or the date of the twenty-first anniversary of the date of birth, whichever is the earlier; or the date of marriage; or in the case of cessation of incapacity to support self by reason of mental or physical defect, last day of month in which reduction is approved.

(4) In the event of a change in the extent of the course being pursued, the date the change in the extent of the course occurred, e. g., change from full-time to part-time pursuit of course.

(5) In the event of a change in the scheduled trainee wage rate, as of the date the change is scheduled to occur.

(6) In the event veteran applies for an additional education or training allowance because of a dependent or dependents while in training such additional allowance will be authorized as of the date of change or the date of reentrance into training, whichever is later, if application therefor is received in the Veterans' Administration within 45 days, otherwise from date of receipt of application provided satisfactory evidence of such dependent or dependents is received in the Veterans' Administration within 1 year of the date of request therefor.

(b) The effective date of discontinuance of education and training allowance shall be:

(1) In the event of death of the veteran, as of the date of death.

(2) In the event of termination of training because of the veteran's re-entry into the active military service as of the date prior to such re-entry into the military service, or last date of attendance, or in the case of a veteran enrolled in a correspondence course as of the date the last lesson was serviced, or in the case of a veteran pursuing a flight training course as of the last date instruction was received, whichever is earlier.

(3) In the event it is found that the conduct or progress of the veteran is unsatisfactory, as of the date the veteran is dropped by the educational institution or establishment or as of the date such determination is made by the Administrator, whichever is earlier.

(4) In the event a school or establishment in which the veteran is enrolled is subsequently listed by the Attorney General under section 3, Part III of Executive Order 9835, as of the date preceding the date of such listing.

(5) As of the date of enrollment in the event the Veterans' Administration fails to receive the properly completed periodic Certifications of Training for the first two reporting periods in a period of enrollment; or in courses pursued exclusively by correspondence, if the Certification of Training was received but no lessons were completed and serviced during the first two quarters; or in courses of flight training, if the Certification of Training was received but no instruction was furnished during the first two months.

(6) As of the end of the month for which the last proper payment was made, in the event the veteran has commenced his course but the Veterans' Administration fails to receive the properly completed periodic Certification of Training for two consecutive reporting periods; or in courses pursued exclusively by correspondence, if the report was received but no lessons were completed and serviced during two consecutive quarters; or in courses of flight training, if the report was received but no instruction was furnished during two consecutive months.

(7) In the event of disapproval of a course by the State approving agency, as of the date of receipt in the Veterans' Administration of such notice of disapproval or as of the date of such disapproval, whichever is later, or, in the event of disapproval of a course by the Administrator as of the date of such disapproval.

(8) In the event a course of training fails to continue to meet the criteria as prescribed in Public Law 550, 82d Congress, as of the date notice of such finding by the State approving agency, is received by the Veterans' Administration, or the date such finding is made by the Veterans' Administration, whichever is earlier.

(9) In the event a veteran interrupts training in a course other than correspondence or flight training prior to completion of the course or completion of the certified period of enrollment as of the last date of attendance.

(10) In the event a veteran interrupts training in a correspondence course as of the date the last lesson is serviced for which payment is made by the Veterans' Administration.

(11) In the event a veteran interrupts a flight training course, as of the date the last instruction was received.

(12) In the event the veteran shall forfeit all rights, claims, and benefits as of the date of the commission of the act upon which the central committee on waivers and forfeitures based the forfeiture: *Provided, however,* That if the evidence of record establishes that the veteran was guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or of its allies within the meaning of section 4, Public Law 144, 78th Congress, as of the date of commission of the offense or of original entrance into training, whichever is the later.

§ 21.2057 *Duplication of benefits.* No eligible veteran shall be paid an education and training allowance under Public Law 550, 82d Congress, for any period during which he is enrolled in and pursuing a course of education or training paid for by the United States under any provision of law, other than this law, where the payment of such allowance would constitute a duplication of benefits paid to the veteran from the Federal Treasury. Where the veteran is enrolled in a program of education or training and is the recipient of a grant or fellowship or is appointed as a trainee or student under any program where the payment to the veteran is for the specific purpose of providing an allowance for either living expenses or tuition, or both, and derives in whole or in part from funds appropriated from the Federal Treasury and granted or administered by other Federal Agencies, the veteran cannot concurrently receive the benefits of this Law and other Federal benefits which would constitute a duplication. Thus a veteran participating in the U. S. Maritime Commission training program, or receiving a fellowship from the Atomic Energy Commission, or the Public Health Service, could not concurrently receive education and training allowances under this Law. This section does not bar payment of an education or training allowance to a student enrolled in a land-grant college which is receiving Morrill-Nelson and Bankhead-Jones funds nor to a student enrolled in a vocational training course conducted under the act of February 23, 1917, as amended (39 Stat. 927), or the Vocational Education Act of 1946, nor to a veteran who is enrolled in an educational institution and participating in the ROTC programs of the Army or contract NROTC plan of the Navy nor to a veteran participating in an on-the-job training program in a Government establishment such as a Navy Yard nor to a veteran receiving benefits under Public Law 584, 79th Congress (Fulbright Act). It does preclude payment of an education and training allowance under this law to a student participating either in the program provided under Public Law 729, 80th Congress (56 Stat. 464) or in the program provided under Public Law 51, 82d Congress (62 Stat. 75).

§ 21.2058 *Jurisdiction over domestic relations determinations.* (a) Determinations of domestic relations questions other than those indicated in § 14.502 of this chapter will be made by the registration officer in all cases unless the circumstances involved differ from those present in cases which have formed the basis of formal opinions rendered by the solicitor. (See § 3.6 of this chapter.) Where the domestic relations question is one of doubtful legality and cannot be related to a precedent formal opinion of the solicitor, a request for an opinion will be submitted to the chief attorney in regional office cases or to the solicitor in central office cases. Such requests will be made by memorandum setting forth the question upon which an opinion is desired, together with a complete and accurate statement of the facts involved.

(b) Within the limitations described in paragraph (a) of this section, the registration officer will make determinations on domestic relations questions, including the legality of adoption except where the letters of adoption are not regular on their face or circumstances surrounding the adoption suggest that the procedure was not accomplished in conformity with the law of the State involved.

(c) Current determinations of relationship and dependency and domestic relations questions made in accordance with existing instructions by either the vocational rehabilitation and education activity or the adjudication activity will be binding one upon the other in the absence of clear and unmistakable error.

§ 21.2059 *Definitions and proof of relationship and dependency.* The following classes of dependents, when such dependency status is established by the veteran in accordance with the provisions of §§ 3.40 through 3.57 of this chapter, may be recognized for the purpose of payment of increased rates of education and training allowance as provided in § 21.2051: Child, parent, wife, husband.

§ 21.2060 *Dependency of husband of female veteran.* The husband of a female veteran-trainee may be considered to be her dependent for the purpose of additional education and training allowance if he is in fact dependent upon her. In such case the husband will be determined to be in fact dependent upon her only where it is established that his dependency results from physical or mental incapacity and his monthly income from sources proper to consider (as defined in § 3.57 of this chapter) is not sufficient to provide him with reasonable maintenance, and he is not being otherwise maintained at the expense of the Federal Government.

CROSS REFERENCE: Requirements for Submission of Evidence—See §§ 3.30 through 3.33 of this chapter.

CROSS REFERENCE: Evidence Requirements to Establish Marital Status—See § 4.17 (b) of this chapter.

CROSS REFERENCE: Determinations Where Evidence of Marital Status Is Incomplete—See § 4.17 (c) of this chapter.

CROSS REFERENCE: Common-Law Marriages—See § 4.17 (d) of this chapter.

§ 21.2062. *Dependency of child of female veteran.* A minor child of a female veteran may be considered to be her dependent for the purpose of education and training allowance. Such child may be considered to be a dependent of the female veteran where the husband, who is also a veteran, is in training under Public Law 550, 82d Congress, and is in receipt of an increased education and training allowance based on the wife and the same child.

§ 21.2063 *Apportionment of education or training allowances.* There is no authority under Public Law 550, 82d Congress for the apportionment of shares of the education or training allowance to dependents of the veteran-trainee.

§ 21.2066 *Measurement of full- or part-time courses*—(a) *Institutional trade or technical courses.* (1) Institutional trade or technical courses offered on a clock-hour basis below the college level involving shop practice as an integral part thereof offered by any kind of an institution, and an institutional trade or technical course involving shop practice as an integral part thereof offered by a collegiate institution but for which credit is not given toward a standard collegiate degree, shall be measured as follows:

(i) Full time: A minimum of 30 hours per week of required attendance with not more than $2^1/_2$ hours rest periods per week and required attendance for not fewer than 5 days per week.

(ii) Three-fourths time: Less than 30 hours but not less than 22 hours per week of attendance required with not more than 2 hours of rest periods per week.

(iii) One-half time: Less than 22 but not less than 15 hours per week of attendance required with not more than $1^1/_4$ hours of rest periods per week.

(iv) Less than one-half time: Less than 15 hours per week of required attendance.

(2) In a school that grants rest periods in part-time courses, the aggregate time per day devoted to such rest periods shall not exceed the rate of 5 minutes per hour of attendance and the payment of training allowance will be consistent with the basic requirements for full-time training. A "trade or technical course offered on a clock-hour basis below the college level, involving shop practice as an integral part thereof," shall be considered to include only courses of training for occupations which are customarily learned through apprenticeships or other training on-the-job, i. e., the skilled, semiskilled, and unskilled occupations as listed under first digits 4 through 9, inclusive, and the personal service occupations listed under digits 2–26 through 2–32, inclusive, in the second edition of the Dictionary of Occupational Titles, dated March 1949.

(b) *Academic courses below college level on a clock-hour basis.* An institutional course offered on a clock-hour basis below the college level in which theoretical or classroom instruction predominates (i. e., more than 50 percent of the required hours per week) offered by any kind of an institution, and an institutional course in which theoretical or classroom instruction predominates offered by a collegiate institution but for which credit is not given toward a standard collegiate degree, shall be measured as follows:

(1) Full time: A minimum of 25 hours per week net of instruction, exclusive of shop practice periods and any rest period, but not excluding regularly scheduled laboratory periods or supervised study periods or customary 5 or 10 minute intervals between classes for the purpose of changing student or teacher stations as required by the school, and attendance required for not fewer than 5 days per week.

(2) Three-fourth time: Less than 25 hours but not less than 18 hours per week net of required instruction.

(3) One-half time: Less than 18 hours but not less than 12 hours per week of required instruction.

(4) Less than one-half time: Less than 12 hours per week net of required instruction.

(c) *Non-accredited institutional course.* A non-accredited institutional course approved under section 254 of Public Law 550, 82d Congress, in which theoretical or classroom instruction predominates (i. e., more than 50 percent of the required hours per week) offered by a school which requires high school graduation or the equivalent as a prerequisite to entering the course shall be measured on a clock-hour basis as in paragraph (b) of this section, unless the course is measured on a credit hour basis under paragraph (d) of this section.

(d) *Institutional undergraduate course recognized for credit toward a standard college degree.* An institutional undergraduate course offered by a degree granting college or university for which standard units of credit are granted toward a standard college degree and which is either recognized by a nationally recognized accrediting association or although not so recognized its component units of credit have been and will be accepted at full value without examination toward a standard college degree by at least 3 collegiate institutions which are members of nationally recognized accrediting associations or agencies shall be measured as follows:

(1) Full time: A minimum of 14 semester hours or its equivalent, i. e., not less than 14 standard semester hours of credit per semester or the equivalent of 14 standard semester hours of credit per semester in quarter hours, term hours, or in other measures of credit used by a particular institution.

(i) A veteran pursuing an accredited course in a college or university will be considered to be pursuing the equivalent of a 14 semester hour course when:

(*a*) The veteran is enrolled for a term shorter than a regular school term, e. g., a summer session, for the number of semester credit hours which bears the same ratio to 14 as the number of weeks in the short term bears to the number of weeks in the regular semester. For example, if the standard semester is 16 weeks and the veteran attends a summer session of 8 weeks duration the course will be considered full-time if the veteran is enrolled for 7 semester hours credit for the summer session.

(*b*) The veteran is enrolled for courses which are acceptable for 14 semester hours or equivalent credit but for which credit may not be awarded to the particular veteran-student because of his failure to meet college entrance requirements or for some other equally valid reason, provided the veteran performs all of the work prescribed for other students who are enrolled for credit.

(*c*) The veteran is enrolled for 14 semester hours or equivalent credit in courses in a department of an accredited institution of higher learning, such as a technical institute, which department does not grant degrees but which does measure its course in terms of standard credit-hours and can demonstrate that these credits are acceptable at full value by the regular degree-granting elements of the institution.

(2) Three-fourths time: Less than 14 semester hours per semester or the equivalent but not less than 10 semester hours per semester or the equivalent.

(3) One-half time: Less than 10 semester hours per semester or the equivalent but not less than 7 semester hours or the equivalent.

(4) Less than one-half time: Less than 7 semester hours per semester or the equivalent.

(e) *Accredited graduate or advanced professional courses.* An accredited graduate or advanced professional course pursued at a collegiate institution which consists of or includes research or a comparable prescribed activity regardless of whether standard units of credit are or are not given, shall be measured as follows:

(1) Full time: Course pursued in residence and a responsible official of the institution certifies that the veteran is pursuing the course on a full-time in residence basis.

(2) Three-quarter time: Course pursued in residence and a responsible official of the institution certifies that the veteran is pursuing the course on a ¾-time in residence basis.

(3) One-half time: Course pursued in residence and a responsible official of the institution certifies that the veteran is pursuing the course on a ½-time in residence basis.

(4) Less than ½ time: Course pursued in residence and a responsible official of the institution certifies that the veteran is pursuing the course on a less than ½-time in residence basis. Also, course pursued in absentia shall be measured as less than ½ time.

(f) *Law course.* (1) An accredited law course pursued in an accredited law school for the LL. B. degree where, as is usual, the units of credit are of greater value than the standard units of credit for other courses leading to undergraduate degrees in other schools shall be measured as in paragraph (e) of this section, except that an accredited 4-year night law course shall be considered part-time and shall be measured as not more than ¾ time.

(2) A non-accredited law course pursued in a non-accredited school will be measured on a clock-hour basis as in paragraph (b) of this section.

(g) *Apprentice or other training on-the-job.* A course of apprentice training or other training on-the-job shall be measured as follows:

(1) Full time: The number of hours which constitute the standard workweek of the establishment at which the training is pursued but not less than 36 hours of required attendance per week except that for apprentice training full-time training shall be not more than the hours established as the standard workweek for the particular establishment through bona fide collective bargaining between employers and employees.

(2) Apprentice or other training on-the-job which is less than full time is not authorized.

(h) *Cooperative course.* (1) The course referred to and authorized in Public Law 550, 82d Congress, as consisting of institutional courses and on-the-job courses and as further defined and described in § 21.2205 shall be measured as full time when the school portion measures full time under either paragraph (b) (1), (c), or (d) (1) of this section and a responsible official of the school offering the course certifies to the Veterans' Administration that the establishment offering the on-the-job portion will require of the veteran not less than 36 hours per week of attendance in training, except where, in a particular establishment, less than 36 hours per week have been established as the standard workweek through bona fide collective bargaining between employers and employees, and the official further certifies that the on-the-job portion meets the other criteria stated in § 22.2201.

(2) Cooperative courses involving continuous part-time work and part-time study in combination shall be measured on the basis of the ratio which each such portion of the training bears to full time as defined in subparagraph (1) of this paragraph.

(3) Training in a cooperative course on less than a full-time basis is not authorized.

(i) *Institutional on-farm training.* As specifically prescribed in Public Law 550, 82d Congress, the approved course shall provide that the operation of the farm, together with the group instruction part of the course, shall occupy the full time of the veteran.

(1) In no case will the veteran be deemed to be devoting full time to the pursuit of his program of institutional on-farm training during any period when he engages in remunerative employment, other than the conduct of his institutional on-farm training program, and such remunerative employment:

(i) Exceeds 180 hours during any 12-month segment of his enrollment period or a pro rata part thereof during a segment at the end of his period of enrollment which is shorter than 12 months. For example: If the veteran's approved program is 18 months in length, remunerative employment in excess of 180 hours during the first 12 months of his enrollment or in excess of 90 hours during the last 6 months would require interruption of the veteran's training; or

(ii) Totals 180 hours or less during a 12-months' segment of his enrollment period, unless the school finds that such employment does not impede or interfere with the veteran's pursuit of his farm training program.

(2) Day-for-day exchange of labor for farming operations, when performed in accordance with the farm practices of the community and then only to the extent permitted by the school, is considered to be labor in connection with the conduct of the veteran's farm training program, and will not be regarded as remunerative employment.

(3) The law does not permit the pursuit of institutional on-farm training on less than a full-time basis.

§ 21.2067 *Overcharges by educational institutions.* (a) The Administrator is required to disapprove any educational institution for the enrollment of any veteran, not already enrolled therein, if he finds that such educational institution has charged or received from any eligible veteran any amount in excess of the institution's established charges for tuition and fees which the institution requires similarly circumstanced non-veterans to pay, except that if a tax supported public educational institution has no established charges for tuition and fees (i. e., it does not charge any amount for either tuition or fees) which non-veteran resident students are required to pay, Public Law 550, 82d Congress, provides that the Administrator is not required to disapprove an institution if it charges to each eligible resident veteran an amount not in excess of the cost of teaching personnel and supplies for instruction but in no event to exceed $10.00 per month for a full-time course or a pro rata part thereof for less than a full-time course. The tax supported public institutions which charge resident veterans, although having no established charges for tuition and fees for resident non-veterans, will notify the appropriate regional office in writing of such charge and the date such charge is to be effective. Such notice to the Veterans' Administration will include a certification by the president or other authorized official that the institution does not have established charges for tuition and fees which it requires non-veteran residents to pay, and that the charge to veterans does not exceed the amount stated in the law.

(b) The charges for tuition and fees which would be applicable to resident non-veteran students, if any were enrolled, by approved non-profit educational institutions which are not subject to the limitation of 15 percent non-veteran students and which do not have any non-veterans enrolled in the same course in which eligible veterans are enrolled will be considered as the established charge.

STATE APPROVING AGENCIES

§ 21.2150 *Designation of State approving agencies under Public Law 550, 82d Congress.* (a) The Chief Executive of each State will be requested by the Administrator to create or designate a State department or agency as the "State approving agency" for his State for the purposes of assuming the responsibilities delegated to the State under the law; or if the law of the State provides otherwise, to indicate the agency provided by such law.

(b) The Chief Executive of each State will notify the Administrator in the event of any change in the designation of a "State approving agency."

(c) The Administrator will recognize separate agencies or departments of a State as the State approving agency for different types of education or training institutions or establishments if such agencies or departments are so designated by State law, or if not are so designated by the Chief Executive of the State. In the event any State does not have and fails or declines to create or designate a State approving agency, the provisions of the law which refer to the State approving agency shall, with respect to such State, be deemed to refer to the Administrator, and the Administrator will arrange for the discharge of the approval authority by Veterans' Administration personnel, or otherwise.

(d) In the case of courses subject to approval by the Administrator under this law, the provisions which refer to a State approving agency shall be deemed to refer to the Administrator, and are hereby delegated to the assistant administrator for vocational rehabilitation and education.

§ 21.2151 *Approval of courses under Public Law 550, 82d Congress.* (a) An eligible veteran shall receive the benefits of the law, while enrolled in a course of education or training offered by an educational institution or training establishment only if such course is approved by the State approving agency for the State where such educational institution or training establishment is situated or by the Administrator where appropriate.

(b) Approval of courses by State approving agencies shall be in accordance with the provisions of the law, and such other regulations and policies as the State approving agency may adopt not in conflict therewith.

(c) The Administrator shall be responsible for the approval of courses of education or training offered by any agency of the Federal Government authorized under other laws to offer such education or training. The Administrator may approve any course in any other educational institution or training establishment in accordance with the provisions of the law.

(d) Applications for approval by the Administrator shall be submitted to the assistant administrator for vocational rehabilitation and education who is hereby delegated the authority to approve or disapprove such applications subject to the provisions of the law and VA Regulations. Such applications shall contain the information as required by the regulations in this subpart with respect to applications to a State approving agency.

(e) Upon notification that the appropriate State approving agency does not intend to act upon the application of any educational institution or training establishment desiring to offer education or training under the law such institution or establishment may submit to the Administrator an appropriate application for approval. Such application should be supported by explanation of the reasons for failure of the State approving agency to act.

§ 21.2152 *Cooperation between State approving agency and the Veterans' Administration under Public Law 550, 82d Congress.* (a) The provisions of the law require that the Administrator and each State approving agency shall take cognizance of the fact that definite duties, functions, and responsibilities are conferred upon the Administrator and each State approving agency under its terms. The law further requires compliance by the State authorities with its provisions as a condition for payment for its services. The contracts must so provide. The cooperation of the Administrator and the State approving agency is essential in confining the activities of their respective agencies to those duties, functions, and responsibilities as assigned to each by the provisions of the law so as to assure that such programs are effectively and efficiently administered.

(b) The law contemplates that State approving agencies are responsible for inspecting and supervising educational institutions and training establishments within the borders of the State and in determining those courses which may be approved for the enrollment of eligible veterans under the terms of the law and, where appropriate, for establishing the maximum number of students that may be enrolled at any one time in any course. State approving agencies are also responsible for ascertaining whether an institution or establishment at all times complies with its established standards relating to the course or courses which institutions and training establishments have been approved to offer.

(c) The Administrator will furnish State approving agencies with copies of such Veterans' Administration informational and instructional material as may aid them in carrying out the provisions of this law.

§ 21.2153 *Reimbursement of expenses under Public Law 550, 82d Congress—*(a) *Contracts or agreements.* If a State or local agency desires to be paid for rendering the service contemplated by the law contracts or agreements will be negotiated with State agencies to pay such State agencies for reasonable and necessary expenses of salary and travel incurred by employees of such agencies in:

(1) Rendering necessary services in ascertaining the qualifications of educational institutions and training establishments for furnishing courses of training to eligible veterans under VA Regulations, and in the supervision of such educational institutions and training establishments, and

(2) Furnishing any other services in connection with the law as may be requested by the Administrator.

(b) *Salaries and travel.* Such contracts or agreements will provide for reimbursement of the reasonable and necessary expenses of salaries at not to exceed the rates of pay for other employees of the State for equivalent duties and responsibilities and the reasonable and necessary expenses of travel at not to exceed expenses allowable under the provisions of applicable State laws or other State regulations for transportation and per diem allowances or actual expense in lieu of per diem.

(c) *Other expenses.* Reimbursement will not be provided by the Veterans' Administration for expenditures other than salaries and travel of personnel required to perform the services required under the contract. Reimbursement will not be authorized directly or indirectly for supplies, equipment, printing, postage, telephone, rentals, and other miscellaneous expenses.

(d) *Inspection, approval and supervision.* Reimbursement will not be provided under these agreements:

(1) For the salaries and travel of personnel when they are engaged in activi-

ties other than those in connection with the inspection, approval or supervision of educational institutions and on-the-job training establishments, except for expenses for attending out-of-state meetings and conferences where such travel is performed upon prior approval and at the request of the Administrator.

(2) For the supervision of educational institutions or training establishments which do not have veterans in training under the law.

(3) Where payment will constitute a duplication of payment made under other contracts.

(4) For the preparation of instructional material.

(e) *Reimbursement.* Reimbursement under each such contract or agreement shall be conditioned upon compliance with the standards and provisions of the contract and the law.

(1) If it is established by the manager of the regional office that the State has failed to comply with the standards and provisions of the law and with the terms of the reimbursement agreement between the State and the Administrator, the manager shall withhold reimbursements for claimed expenses under the contract pending resolution of the matter to the satisfaction of the State and the Veterans' Administration. All such matters shall be reported to the assistant administrator for vocational rehabilitation and education if they are not satisfactorily settled.

APPROVAL OF COURSES OF EDUCATION AND TRAINING

§ 21.2200 *Apprentice or other training on-the-job; definition.* (a) A course which is pursued at a business or other establishment providing apprentice or other training on-the-job (as distinguished from a course of education or training in an educational or training institution), including any such course under the supervision of a college or university or any State department of education, or any State apprenticeship agency or any State board of vocational education or any joint apprentice committee or the Bureau of Apprenticeship established in accordance with Public Law 308, 75th Congress, or any agency of the Federal Government authorized to supervise apprentice or other training on-the-job.

(1) *Apprentice course.* Any training on-the-job course of not less than two years in length which has been established as an apprentice course under the supervision of a joint apprentice committee or the Federal Bureau of Apprenticeship or which has been set up as an apprentice course by the training establishment and, although not under the supervision of such committee or Bureau, nevertheless has been approved as an apprentice course for purposes of the law by the State approving agency or by the Administrator and which in addition satisfies the requirements of § 21.2201 (b).

(2) *Other training on-the-job course.* Any training on-the-job course of not more than two years in length which does not qualify as an apprentice course, as defined in subparagraph (1) of this paragraph, but which otherwise satisfies the requirements of § 21.2201 (b).

§ 21.2201 *Approval of courses of apprentice or other training on-the-job—*(a) *Application required.* Any training establishment desiring to furnish a course of apprentice or other training on-the-job shall submit a written application to the appropriate State approving agency setting forth the following:

(1) Title and description of the specific job objective for which the eligible veteran is to be trained;

(2) The length of the training period;

(3) A schedule listing various operations or major kinds of work or tasks to be learned and showing for each job operations or work, tasks to be performed, and the approximate length of time to be spent on each operation or task; the schedule must be in such terms and in such detail as will enable the State approving agency to determine whether, in a genuine sense, the completion of training under the schedule will qualify the trainee for the job;

(4) The wage or salary to be paid at the beginning of the course of training, at each successive step in the course, and at the completion of training;

(5) The entrance wage or salary paid by the establishment to employees already trained in the kind of work for which the veteran is to be trained; and

(6) The number of hours of supplemental related instruction required.

(b) *Criteria for approval.* The appropriate State approving agency shall investigate the courses offered and training facilities of each training establishment which submits an application in accordance with paragraph (a) of this section and may approve the course or courses covered by such application only when its investigation shows that the training establishment has met the following criteria:

(1) The training content of the course is adequate to qualify the eligible veteran for appointment to the job for which he is to be trained.

(2) There is reasonable certainty that the job for which the eligible veteran is to be trained will be available to him at the end of the training period. This requires assurance from the employer-trainer that he has such job in his establishment and that, except for unforeseeable and unexpected eventualities or unsatisfactory conduct or progress on the part of the veteran, he will appoint the veteran to that job upon the satisfactory completion of the course. Such assurance will consist of a written statement by the employer-trainer in the training agreement.

(3) The job is one in which progression and appointment to the next higher classification are based upon skills learned through organized training on the job, not on such factors as length of service and normal turnover.

(4) The wages to be paid the eligible veteran for each successive period of training are not less than those customarily paid in the training establishment and in the community to a learner in the same job who is not a veteran.

(5) The job customarily requires a period of training of not less than 3 months and not more than 2 years of full-time training, except that this provision shall not apply to apprentice training.

(6) The length of the training period is no longer than that customarily required by the training establishment and other training establishments in the community to provide an eligible veteran with the required skills, arrange for the acquiring of job knowledge, technical information, and other facts which the eligible veteran will need to learn in order to become competent on the job for which he is being trained.

(7) Provision is made for related instruction for the individual eligible veteran who may need it.

(8) There is in the training establishment adequate space, equipment, instructional material, and instructor personnel to provide satisfactory training on the job.

(9) Adequate records are kept to show the progress made by each eligible veteran toward his job objective. This requires that the employer-trainer maintain a record of the veteran's accomplishments and failures as he proceeds in the course so that the current state of his advancement therein will be clearly indicated by the employer-trainer's records.

(10) Appropriate credit is given the eligible veteran for previous training and job experience, whether in the military service or elsewhere, his beginning wage adjusted to the level to which such credit advances him and his training period shortened accordingly and provision is made for certification by the training establishment that such credit has been granted and the beginning wage adjusted accordingly. No course of training will be considered bona fide if given to an eligible veteran who is already qualified by training alone, by experience alone or by a combination of both for the job objective.

(i) A veteran will be considered already qualified for the job objective when:

(*a*) He has at any time in the past been employed as a qualified workman in such a job.

(*b*) He has completed a recognized course of apprenticeship or he has completed a course of training on the job other than apprenticeship which is customarily accepted as qualifying for employment in the objective either in the area where he was trained or where he requests to be trained.

(c) He has completed a school course for that objective which is one of the professional objectives listed in the Dictionary of Occupational Titles, Code No. 0–01.00 through 0–39.99, e. g.: In no case will a veteran who has completed a school course for a professional objective, such as engineer, pharmacist, accountant, teacher, etc., be placed in training on the job for such objective except that:

(*1*) An eligible veteran training for the objective, Physician (Doctor of Medicine or Doctor of Osteopathy), may upon graduation from school be provided an internship, and

(2) An eligible veteran training for the objective, Lawyer, on graduation from law school may pursue in the States of Pennsylvania, New Jersey, Delaware, Vermont, Rhode Island, or other State having similar requirements, a bona fide course of on-the-job training for the study of clerkship of 6 or 9 months' duration required in such State to be pursued in a law office as a condition precedent to admission to the bar examination and to practice.

(*d*) He has completed a course for that objective below the professional level in a school whose graduates commonly obtain employment in that job objective without a course of on-the-job training, e. g., completion of a course in a school of watchmaking whose graduates do so qualify. This will not preclude apprenticeship or other training on the job for objectives usually reached through apprenticeship or other training on the job where an eligible veteran has pursued a course of school training which gives him some theory or shop practice in the objective but which does not qualify him for meeting employment requirements, provided the employer-trainer, as required by section 251 (b) (10) of Public Law 550, 82d Congress, gives him appropriate credit for the training pursued in school.

(*e*) He is appointed to that job under Federal, State or municipal civil service and on the regular payroll of the Federal Government, State or municipality, even though as an employee he receives some in-service training, e. g., the job of policeman or fireman.

(*f*) He is performing the job operations of his objective and receiving little or no instruction other than what is commonly provided by the establishment to qualified employees in the occupation; e. g., an eligible veteran who is performing as a salesman for a company, with the majority of his time being spent selling the goods or services of the company unaccompanied by any trainer.

(*g*) He is performing the job operations of his objective in essentially the same manner as a journeyman in the occupation, and is not receiving organized instruction; e. g., an eligible veteran who is performing as a barber or apprentice barber and is assigned to a chair and serves all who come to his chair in the same way that customers are served by the journeymen barbers in the same shop.

(11) A signed copy of the training agreement for each eligible veteran, including the training program and wage scale as approved by the State approving agency, is provided to the veteran and to the Veterans' Administration regional office and the State approving agency by the employer. Additionally, the training agreement will include: A certification that there is reasonable certainty that the job for which the veteran is to be trained will be available to him at the end of the training period; a certification of whether related instruction is needed and if so, what provision has been made for obtaining it; a certification of what credit has been given the veteran for previous training or experience.

(12) Upon completion of the course of training furnished by the training establishment, the eligible veteran is given a certificate by the employer indicating the length and type of training provided and that the eligible veteran has completed the course of training on the job satisfactorily.

(13) That the course meets such other criteria as may be established by the State approving agency over and above the preceding requirements so long as such additional criteria do not abrogate the twelve specific criteria in this paragraph.

§ 21.2202 *Institutional on-farm training.* (a) The appropriate State approving agency may approve a course of full-time institutional on-farm training when it satisfies the following requirements:

(1) The course combines organized group instruction in agricultural and related subjects of at least 200 hours per year and not less than 8 hours in any one month at an educational institution, with supervised work experience on a farm or other agricultural establishment. The term "farm or other agricultural establishment" shall mean any place on which the basic activity is the cultivation of the ground, such as the raising and harvesting of crops, including fruits, vegetables, pastures, and/or the feeding, breeding, and managing of livestock, including poultry, and other specialized farming commonly followed in the area. Within the meaning of Public Law 550, 82d Congress, institutional on-farm training will not apply to training in those establishments which are engaged primarily in the processing, distribution, or sale of agricultural products, or combinations thereof, such as dairy processing plants, grain elevators, packing plants, hatcheries, stockyards, florist shops, and so forth. Etablishments desiring to offer such training must obtain approval of such courses as on the job training.

(2) The eligible veteran will perform a part of such course on a farm or other agricultural establishment under his control.

(3) The course is developed with due consideration to the size and character of the farm or other agricultural establishment on which the eligible veteran will receive his supervised work experience and to the need of such eligible veteran, in the type of farming for which he is training, for proficiency in planning, producing, marketing, farm mechanics, conservation of resources, food conservation, farm financing, farming management, and the keeping of farm and home accounts. The duration of an approved course shall be as long as, but no longer than, necessary to attain the objective of the course outlined to meet the particular needs of the individual veteran. The carrying out of this requirement makes it mandatory that the course be developed to fit the needs of the veteran in his individual farming situation and consequently, that the length of the training period shall be ascertained by developing an individual plan with training goals and training practices clearly stated and then by determining how long the realization of the plan will require.

(4) The eligible veteran will receive not less than 100 hours of individual instruction per year, not less than 50 hours of which shall be on such farm or other agricultural establishment with not less than 2 visits by the instructor to such farm in any such month. Such individual instruction shall be given by the instructor responsible for the veteran's institutional instruction and shall include instruction and home-study assignments in the preparation of budgets, inventories, and statements showing the production, use on the farm, and sale of crops, livestock, and livestock products.

(5) The eligible veteran will be assured of control of such farm or other agricultural establishment (whether by ownership, lease, management agreement, or other tenure arrangement) until the completion of his course. This means that the farm must be under the veteran's operational control so he will be free to carry out the teachings of his training program without interference from anybody else. His control must be such that he is free to fertilize, cultivate, select and grow crops, raise livestock, market his shares, etc., employing the improved practices which are the foundation of his course of training. The number of veterans who may be processed into training on a single farm ordinarily will be limited to one. However, in a particular case, where the training institution and the Veterans' Administration have found that conditions are so highly favorable as to assure the success of two veterans for training and subsequent self-employment on the same farm, two, but not more than two, may be processed into or continued in training on a single farm provided the training situation with reference to each veteran meets in every respect the criteria set forth in Public Law 550, 82d Congress, and provided further, that there is furnished documentary evidence that the two veterans have entered into a bona fide partnership agreement which provides for equal authority between the partners in the management and operation of the farm.

(6) Such farm or other agricultural establishment shall be of a size and character which:

(i) Will, together with the group-instruction part of the course, occupy the full time of the eligible veteran,

(ii) Will permit instruction in all aspects of the management of the farm or other agricultural establishment of the type for which the eligible veteran is being trained, and will provide the eligible veteran an opportunity to apply to the operation of his farm or other agricultural establishment the major portion of the farm practices taught in the group instruction part of the course, and

(iii) Will assure him a satisfactory income for a reasonable living under normal conditions at least by the end of his course.

(7) Prior to approval of enrollment in such course the institution and the veteran shall certify to the Veterans' Administration that the training offered

does not repeat or duplicate training previously received by the veteran.

(8) The institutional on-farm training meets such other fair and reasonable standards as may be established by the State approving agency over and above the preceding seven requirements but not abrogating any of those requirements.

§ 21.2203 *Approval of accredited courses*—(a) *Accredited courses.* (1) Courses offered by educational institutions may be approved as accredited courses when:

(i) Such courses have been accredited and approved by a nationally recognized accrediting agency or association; this includes courses above secondary level offered by the accredited departments or schools of a college or the accredited departments, schools or colleges of a university for credit toward a collegiate certificate or degree and also secondary level courses offered for Carnegie units of credit by accredited secondary schools.

(ii) Credit for such courses are approved by the State department of education for credit toward a high school diploma;

(iii) Such courses are conducted under the act of February 23, 1917 (Smith-Hughes Act), as amended (39 Stat. 927), or the Vocational Education Act of 1946 (George-Barden Act); or

(iv) Such courses are accepted by the State department of education for credit for a teacher's certificate or a teacher's degree.

(2) An accrediting agency or association to be considered as nationally recognized shall appear on the list of nationally recognized accrediting agencies or associations (including nationally recognized regional accrediting associations which Public Law 550, 82d Congress, requires the Commissioner of Education to publish as indication of the accrediting agencies which he determines to be reliable authority as to the quality of training offered by an educational institution.) The accreditation indicated by the list of nationally recognized accrediting agencies and associations listed by the Commissioner may be utilized by the State approving agency for approving courses specifically accredited and approved by such accrediting associations and agencies.

(3) An institution desiring to enroll veterans under Public Law 550, 82d Congress, in accredited courses shall make application for approval of such courses to the State approving agency and shall submit copies of its catalog or bulletin together with such other information as will make it possible for the State approving agency to determine as a condition to approving the course whether:

(i) Adequate records are kept by the educational institution to show the progress of each eligible veteran enrolled under this law, and

(ii) The educational institution maintains a written record of the previous education and training of the veteran and clearly indicates that appropriate credit has been given by the institution for previous education and training with the training period shortened proportionately and the veteran and the regional office so notified.

§ 21.2204 *Approval of non-accredited courses*—(a) *Non-accredited courses.* (1) Non-accredited courses are any courses (other than institutional on-farm training) which are not approvable as accredited courses under the standards specified in Public Law 550, 82d Congress, which are offered by a public or private, profit or nonprofit, educational institution. These include non-accredited courses offered by extension centers or divisions, or by vocational or adult education departments of institutions of higher learning and non-accredited courses offered by secondary schools.

(2) Any educational institution desiring to enroll veterans under Public Law 550, 82d Congress, in non-accredited courses shall submit a written application to the appropriate State approving agency for approval of such course.

(i) Such application shall be accompanied by not less than two copies of the current catalog or bulletin which is certified as true and correct in content and policy by an authorized owner or official of the institution and shall include the following:

(*a*) Identifying data, such as volume number and date of publication;

(*b*) Names of the institution and its governing body, officials and faculty;

(*c*) A calendar of the institution showing legal holidays, beginning and ending date of each quarter, term, or semester, and other important dates;

(*d*) Institution policy and regulations on enrollment with respect to enrollment dates and specific entrance requirements for each course;

(*e*) Institution policy and regulations relative to leave, absences, class cuts, make-up work, tardiness and interruptions for unsatisfactory attendance;

(*f*) Institution policy and regulations relative to standards of progress required of the student by the institution. This policy will define the grading system of the institution, the minimum grades considered satisfactory, conditions for interruption for unsatisfactory grades or progress and a description of the probationary period, if any, allowed by the institution, and conditions of reentrance for those students dismissed for unsatisfactory progress. A statement will be made regarding progress records kept by the institution and furnished the student;

(*g*) Institution policy and regulations relating to student conduct and conditions for dismissal for unsatisfactory conduct;

(*h*) Detailed schedule for fees, charges for tuition, books, supplies, tools, student activities, laboratory fees, service charges, rentals, deposits, and all other charges;

(*i*) Policy and regulations of the institution relative to the refund of the unused portion of tuition, fees, and other charges in the event the student does not enter the course or withdraws or is discontinued therefrom;

(*j*) A description of the available space, facilities, and equipment;

(*k*) A course outline for each course for which approval is requested, showing subjects or units in the course, type of work or skill to be learned, and approximate time and clock hours to be spent on each subject or unit; and

(*l*) Policy and regulations of the institution relative to granting credit for previous education and training.

(ii) The appropriate State approving agency may approve the application of such institution when the institution and its non-accredited courses are found upon investigation to have met the following criteria:

(*a*) The courses, curriculum, and instruction are consistent in quality, content, and length with similar courses in public schools and private schools in the State, with recognized accepted standards.

(*b*) There is in the institution adequate space, equipment, instructional material, and instructor personnel to provide training of good quality.

(*c*) Educational and experience qualifications of directors, administrators, and instructors are adequate.

(*d*) The institution maintains a written record of the previous education and training of the veterman and clearly indicates that appropriate credit has been given by the institution for previous education and training, with the training period shortened proportionately and the veteran and the Administrator so notified.

(*e*) A copy of the course outline, schedule of tuition, fees, and other charges, regulations pertaining to absences, grading policy, and rules of operation and conduct will be furnished the veteran upon enrollment.

(*f*) Upon completion of training, the veteran is given a certificate by the institution indicating the approved course and indicating that training was satisfactorily completed.

(*g*) Adequate records as prescribed by the State approving agency are kept to show attendance and progress or grades, and satisfactory standards relating to attendance, progress, and conduct are enforced.

(*h*) The institution complies with all local, city, county, municipal, State and Federal regulations, such as fire codes, building and sanitation codes. The State approving agency may require such evidence of compliance as is deemed necessary.

(*i*) The institution is financially sound and capable of fulfilling its commitments for training.

(*j*) The institution does not utilize advertising of any type which is erroneous or misleading, either by actual statement, omission, or intimation. The institution shall not be deemed to have met this requirement until the State approving agency:

(*1*) Has ascertained from the Federal Trade Commission whether the Commission has issued an order to the institution to cease and desist from any act or practice, and

(*2*) Has, if such an order has been issued, given due weight to that fact.

(*k*) The institution does not exceed its enrollment limitations as established by the State approving agency.

(*l*) The institution's administrators, directors, owners and instructors are of good reputation and character.

(*m*) The institution has and maintains a policy for the refund of unused portion of tuition, fees, and other charges in the event the veteran fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion and such policy must provide that the amount charged to the veteran for tutition, fees, and other charges for a portion of the course shall not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course bears to its total length.

(*n*) Such additional criteria as may be deemed necessary by the State approving agency.

§ 21.2205 *Approval of cooperative courses.* (a) The courses which are referred to in Public Law 550, 82d Congress, as the full-time program of education and training consisting of institutional and on-the-job training, with the on-the-job training portion strictly supplemental to the institutional portion, may be approved as cooperative courses when the school offering such courses submits to the State approving agency along with its application statements of fact showing at least the following:

(1) That the alternate in-school periods of the course are at least as long as the alternate on-the-job periods;

(2) That the courses are set up as cooperative courses in the school catalog or other literature of the school;

(3) That the school itself arranges with the employer's establishment for providing the alternate on-job periods of training on such basis that the on-job portion of the course will be training in a real and substantial sense and will supplement the in-school portion of the course;

(4) That the school arranges directly with the employer's establishment for placing the individual student in that establishment and exercises supervision and control over the student's activities at the establishment to an extent that assures training in a true sense to the student; and

(5) That the school grants credit for the on-job portion of the course which credit although not necessarily in terms of credit hours will as a minimum be credit granted by the school for completion of a part of the work required for granting a degree or certificate to any student enrolled in the course.

§ 21.2206 *Approval of correspondence courses*—(a) *Definition.* A course conducted by mail, consisting of a series of written lesson assignments furnished by a school to the student for study and requiring the submittal to the school by the student of written answers to a series of questions and solutions to specified problems or work projects which are corrected and graded by the school and returned to the trainee.

(b) *Approval.* (1) A correspondence school desiring to enroll veterans under Public Law 550, 82d Congress, for correspondence courses may be approved when it meets the provisions of section 253 or 254 of the law, as applicable and when its application together with any other material such as specimen copies

of the course as the approving agency may require, demonstrates that the course is satisfactory in all of the following elements and any others which the approving agency may specify:

(i) Each portion of the course that is offered as a lesson to be paid for shall show upon inspection information of such kind, scope, and organization that it is clearly appropriately valuable and ample to cover substantially the subjects treated;

(ii) Based upon the inspection of the individual lessons of the course as in subdivision (i) of this subparagraph, the course clearly is composed of information of such kinds and scope that it affords adequate coverage of the field referred to and is adequate for the claimed purpose or objective of the course; also, the organization of the material in the total course is such as to show good instructional arrangement as to sequence of subject matter, etc;

(iii) The kind, amount and instructional value of the service to be performed by the school on each lesson sent in by the student;

(iv) The course does not require:

(*a*) Unnecessary duplication of material;

(*b*) Furnishing high-cost supplies not actually needed or before they are actually required for use in the course or which amount to a bonus for the veteran's enrollment; and

(*c*) Furnishing books and other supplies to be paid for by the veteran which are not adequately identified and are not clearly necessary for the student to own personally as against being furnished for the student's temporary use and return to the school.

(2) Whenever the State approving agency approves a correspondence course for training of veterans under the law, it shall immediately notify the Director, Training Facilities Service, Veterans' Administration, Washington 25, D. C., clearly identifying the correspondence school, the course or courses which have been approved and the educational or vocational objective of each approved course.

§ 21.2207 *Notice of approval of courses.* (a) The State approving agency, upon determining that an educational institution or establishment has complied with all the requirements of Public Law 550, 82d Congress, will issue a letter to such institution or establishment setting forth the courses which have been approved for the purposes of the law and will furnish an official copy of such letter and attachments and will furnish later any subsequent amendments to the Veterans' Administration. In the case of the approval of a correspondence course, the State approving agency will forward notice of approval to the Director, Training Facilities Service, Veterans' Administration, Washington 25, D. C. In all other cases the notice of approval to the Veterans' Administration will be forwarded to the regional office having jurisdiction over the territory in which the institution or establishment is located. The letter of approval for each institution shall be accompanied by a copy of the catalog or bulletin of the institution, as approved by the State approving agency, and shall contain the following information:

(1) Date of letter and effective date of approval of courses;

(2) Proper address and name of each educational institution or training establishment;

(3) Authority for approval and conditions of approval, referring specifically to the approved catalog or bulletin published by the educational institution;

(4) Name of each course approved:

(5) Where applicable, enrollment limitations such as maximum numbers authorized and student-teacher ratio;

(6) Signature of responsible official of State approving agency; and

(7) Such other fair and reasonable provisions as are considered necessary by the appropriate State approving agency.

NOTE: In respect to institutions of higher learning the letter of approval may identify accredited courses and subjects approved by reference to page numbers in the catalog or bulletin of the institution in lieu of a listing by name as required in subparagraph (4) of this paragraph.

(b) In addition to the copy of the approval letter and attachments as set forth in paragraph (a) of this section the State approving agency will furnish to the Veterans' Administration regional office having jurisdiction over the territory in which the institution or establishment is located, one copy of the approved application submitted by the institution or establishment as follows:

(1) The application required to be submitted by the training establishment under the provisions of section 251 (a) of Public Law 550, 82d Congress.

(2) The application required to be submitted by the educational institution for non-accredited courses approved under authority of section 254 (b) of the law.

§ 21.2208 *Disapproval of courses and discontinuance of allowances under Public Law 550, 82d Congress.* (a) Any course approved for the purposes of the Law, which fails to meet any of the requirements thereof shall be immediately disapproved by the appropriate State approving agency. The State approving agency is required to notify any educational institution or training establishment of the disapproval of any course or courses by registered letter of notification and to secure a return receipt. It is incumbent upon the State approving agency to investigate the conduct of courses and to take immediate appropriate action in each case in which it is found that the conduct of a course in any manner fails to comply with the requirements of the law.

(b) It is required that each State approving agency shall also immediately notify the appropriate Veterans' Administration regional office of each course which it has disapproved under the provisions of the law.

(c) In compliance with provisions of the law the Veterans' Administration regional office shall immediately notify the State approving agency of its action in each case wherein any educational in-

stitution or training establishment is disapproved by the Veterans' Administration for furnishing courses under the provisions of Part VII of Veterans Regulation 1 (a), as amended (38 U. S. C. ch. 12).

(d) Notwithstanding the approval of a course by a State approving agency, the Administrator is charged with the responsibility to discontinue the education and training allowance of any eligible veteran if he finds that the course of education or training in which such veteran is enrolled fails to meet any of the requirements of the law, or if he finds that the educational institution or training establishment offering such course has violated any provision of the law. In any case in which the regional office reasonably establishes that a course offered by an educational institution or training establishment fails to meet any of the requirements or that the institution or training establishment has violated any provisions of the law, the manager shall suspend further payments of education and training allowances to veterans enrolled in such course or institution effective on the first day of the following month. Immediately upon such determination, the manager shall forward to the State approving agency a summary of the facts and his conclusions in order that the State approving agency may take appropriate action with respect to its continued approval of the institution or training establishment. The manager's letter will include a request for a report within 15 days from the State approving agency as to the action taken. In any case in which the State approving agency fails to act within 15 days or continues the approval of the course or courses where in the opinion of the manager the cause for the suspension of payments has not been removed, the manager will arrange for a hearing before a Board of Review as provided in this paragraph to be conducted within an interval of not more than 7 calendar days from the date the report was due from the State or the date of receipt of notification of the State's continued approval. Such hearing will afford an opportunity to the institution or establishment to present arguments or briefs in the matter of the asserted failure of the course or courses to meet any of the requirements of the law or in the matter of violation by the institution or establishment of any of the provisions of the law. The membership of the Board of Review shall be comprised of three staff employees of the regional office selected by the manager, one of whom shall be the chief, vocational rehabilitation and education division. The Board is empowered to make the final decision of the Veterans' Administration as to whether the course offered by the educational institution or training establishment fails to meet any of the requirements or has violated any of the provisions of the law. If payments of allowances are discontinued because of such finding, the effective date shall be the date on which they were originally suspended. If payments of allowances are not discontinued, they will be resumed as of the date of suspension or the date the cause for suspension was removed, whichever is the later.

MISCELLANEOUS PROVISIONS

§ 21.2300 *Policy of providing educational and vocational guidance.* (a) It will be the policy of the Veterans' Administration to encourage eligible veterans to obtain educational and vocational guidance either from non-profit school, college, or community counseling centers or through the counseling service provided by the Veterans' Administration before finally determining their objectives and outlining their programs of education or training.

(1) In accordance with the above policy, counseling will be provided upon request to eligible veterans either prior to the initiation of a program of education or training, while pursuing such program, or during a period of valid interruption.

(i) A veteran whose problems of personal adjustment are such as to interfere with satisfactory attainment of vocational readjustment will, upon request, be provided personal adjustment counseling. This provision will be applicable when such counseling is needed:

(*a*) In connection with providing educational and vocational guidance;

(*b*) While a veteran is pursuing a program of education or training under Public Law 550, 82d Congress, or during a period of valid interruption of such program of education or training.

(2) Travel at Government expense may be authorized when the applicant for education or training under Public Law 550, 82d Congress, is required by the Veterans' Administration, in accordance with VA Regulations, to report to a field station or to another designated place for educational and vocational guidance. The travel order will provide for return to the place from which travel was authorized. Travel at Government expense will not be authorized for veterans who voluntarily request educational and vocational guidance or personal adjustment counseling under this law.

(3) For the purpose of this section, educational and vocational guidance will include the application, as appropriate in invidual cases, of the vocational counseling techniques and procedures which have been established by Veterans' Administration Regulations and manuals for counseling veterans who are eligible for benefits under Part VII or Part VIII, Veterans Regulation I (a), as amended (38 U. S. C. ch. 12).

§ 21.2301 *Control by agencies of the United States.* The law provides that no department or agency or officer of the United States, shall exercise any supervision or control, whatsoever, over any State approving agency, State educational agency, or State apprenticeship agency, or any educational institution or training establishment. However, the provisions of this section shall not be construed to abrogate the responsibility of the Administrator under the law:

(a) To define full time training in the case of certain courses of education or training,

(b) To determine whether overcharges were made by an educational institution and to disapprove such an educational institution for enrollment of any veteran not already enrolled therein,

(c) To determine whether the State approving agencies under the terms of contracts or reimbursement agreements are complying with the standards and provisions of the law,

(d) To examine the records and accounts of educational institutions and training establishments which are required by the law to be made available for examination by duly authorized representatives of the government, and

(e) To disapprove schools or courses for reasons stated in the law or to approve schools or courses notwithstanding lack of State approval.

§ 21.2302 *Conflicting interests.* (a) Public Law 550, 82d Congress, provides that any Veterans' Administration employee who owns any interest in, or receives any wages, salary, dividends, profits, gratuities, or services from, any educational institution operated for profit in which an eligible veteran is pursuing a course of education under the law shall be immediately dismissed, unless it is decided after a public hearing that no detriment will result to the United States or to eligible veterans by reason of such interest or connection of such employee. When there are reasonable grounds to believe that an employee may have violated this law, action will be initiated immediately in accordance with the provisions of Veterans' Administration personnel procedures, for the purpose of reaching a decision as to whether or not there was a statutory violation and if requested by the employee whether or not a waiver may be justified.

(b) When the manager of a regional office determines that an officer or employee of a State approving agency has, while he was such an officer or employee, owned any interest in, or received any wages, salary, dividends, profits, gratuities, or services from, an educational institution operated for profit in which an eligible veteran was pursuing a course of education or training under Public Law 550, 82d Congress, he shall notify the State agency in writing that unless he is notified within 15 days of action to terminate the services of such employee he will suspend payments under contract to the State as of the beginning of the month in which the violation was reported to the State. The manager will submit the case to the assistant administrator for vocational rehabilitation and education with pertinent comments and recommendations. If the State approving agency shall without delay take such steps as may be necessary to terminate the employment of such person payments will not be suspended. Where payments are suspended they will be resumed by the regional office manager only after he receives evidence of the termination of such employment in which case payments will be resumed effective as of the beginning of the month following such termination.

(c) There is no authority for the State approving agency to approve or to continue the approval of any course offered by an educational institution operated for profit if it is found that any officer or employee of the Veterans' Administration or in the office of education or in the State approving agency owns an interest in or receives any wages, salary, dividends, profits, gratuities, or services from such institution. Such course, if approved, shall be disapproved. Where the appropriate agency believes that an exception is desirable, that agency may request a waiver of the requirement that the course be disapproved and will forward the request together with facts and a detailed justification to the assistant administrator for vocational rehabilitation and education through the regional office where the manager will add appropriate comments and recommendations. When a regional office manager determines that there has been a violation of the provisions of this paragraph he will submit his findings together with his recommendations to the assistant administrator for vocational rehabilitation and education.

(d) The Administrator will determine, based upon such evidence as he may require, whether to waive the provisions of section 264, Public Law 550, 82d Congress. Where it is found that paragraphs (b) and (c) of this section are for application the regional office manager will be directed to issue notice to those concerned and to initiate board action similar to that provided for in Veterans' Administration personnel procedures except that at least 1 board member will not be an employee of the Veterans' Administration.

§ 21.2303 *Reports by institutions—*(a) *Certification forms required.* Educational institutions and training establishments shall promptly certify to the Veterans' Administration the enrollment or re-enrollment of an eligible veteran in a course of education and training under the provisions of Public Law 550, 82d Congress. Such educational institutions and training establishments are also required to submit for each veteran enrolled therein periodic Certifications of Training showing the veteran's continued pursuit of his course, attendance, conduct, progress, lessons completed in correspondence courses, instruction received in flight training courses, interruption or termination of training, and modifications of course which affect the charge against entitlement or the payment of education and training allowance (or tuition charges in a course pursued on less than ½ time basis).

(1) The enrollment or re-enrollment of a veteran shall be certified by the educational institution or training establishment on VA Form 7–1999.

(2) The periodic Certifications of Training shall be certified by the educational institution or training establishment on the following prescribed forms at the intervals stated:

(i) Accredited Courses and Institutional On-Farm Courses, VA Form 7–1996a, (Monthly),

(ii) Non-accredited Courses, Apprentice Training Courses, and Other On-the-Job Training Courses, VA Form 7–1996b, (Monthly),

(iii) Flight Courses, VA Form 7–1996c, (Monthly).

(iv) Correspondence Courses, VA Form 7–1996d, (Quarterly).

(b) *Reporting the interruption or termination of training—*(1) *Accredited courses.* Educational institutions offering accredited courses shall promptly notify the Veterans' Administration on VA Form 7–1996a to interrupt or terminate the training of any veteran enrolled therein in any case where:

(i) The veteran's training is interrupted or terminated by the veteran or by the educational institution; or

(ii) The veteran ceases to attend or ceases to maintain satisfactory conduct and progress in accordance with the regularly prescribed standards and practices of the educational institution.

(2) *Non-accredited courses (except correspondence courses).* Educational institutions offering non-accredited courses (except correspondence courses) shall promptly notify the Veterans' Administration on VA Form 7–1996b or VA Form 7–1996c, as appropriate, to interrupt or terminate the training of any veteran enrolled therein in any case where:

(i) The veteran's training is interrupted or terminated by the veteran or by the educational institution; or

(ii) The veteran ceases to attend or ceases to maintain satisfactory conduct and progress in accordance with the regularly prescribed standards and practices of the educational institution.

(3) *Correspondence courses.* Educational institutions offering correspondence courses shall promptly notify the Veterans' Administration on VA Form 7–1996d to interrupt or terminate the training of any veteran enrolled therein in any case where the veteran's training is interrupted or terminated by the veteran or by the educational institution.

(4) *Institutional on-farm training.* The school in which the veteran is enrolled to pursue his program of institutional on-farm training shall promptly notify the Veterans' Administration on VA Form 7–1996a to interrupt or terminate the veteran's training in any case where:

(i) The veteran's training is interrupted or terminated by the veteran or the school; or

(ii) The veteran ceases to devote his full time and attention to his farm; or

(iii) The veteran ceases to have managerial control of his farm as required by Public Law 550, 82d Congress; or

(iv) The veteran absents himself from his farm, thereby making himself unavailable for the prescribed individual instruction and farm work or he fails to attend the prescribed classes for group instruction at the school; or

(v) The veteran ceases to maintain satisfactory conduct and progress in accordance with the regularly prescribed standards and practices of the school.

(5) *Apprentice training or other training on-the-job.* The training establishment in which the veteran is enrolled and employed to pursue his program of apprentice or other training on-the-job shall promptly notify the Veterans' Administration on VA Form 7–1996b to interrupt or terminate the veteran's training in any case where:

(i) The veteran's training is interrupted or terminated by the veteran or the training establishment; or

(ii) The training establishment will no longer continue to pay the veteran-trainee at the wage or salary rate specified in the approved training program; or

(iii) The veteran ceases to attend or ceases to maintain satisfactory conduct and progress in accordance with the regularly prescribed standards and practices of the training establishment.

(c) *Administrative allowance for preparation of reports and certifications.* (1) The Administrator shall pay to each educational institution which is required to submit reports and certifications to the Veterans' Administration under Public Law 550, 82d Congress, an allowance at the rate of $1.50 per month for each eligible veteran enrolled in and attending such institution to assist the educational institution in defraying the expense of preparing and submitting such reports and certifications.

(2) The amount of such allowance to be paid each eligible institution shall be computed on the basis of $1.50 for each required certification of training actually received by the Veterans' Administration during the reporting period.

(3) No administrative allowance shall be paid to an educational institution for a veteran enrolled in a course pursued exclusively by correspondence.

(4) Payments will be made to the institution by the regional office upon presentation by the institution of properly prepared vouchers supported by certificates of training.

(5) No allowance shall be paid to such institution for the month or months during which such reports or certifications were not submitted as required by the Administrator.

§ 21.2304 *Liability of educational institution or training establishment on account of overpayments of education and training allowances.* If an overpayment to a veteran occurs under circumstances which render a school or training institution liable therefor under the provisions of section 266 of Public Law 550, 82d Congress, recovery will first be made or sought from the veteran in accordance with existing procedures for the collection of overpayments. If the veteran refuses or fails to repay the amount within 60 days after notice of the overpayment, the matter will be referred by the finance division to the registration and research section, which will notify the school of the intention to apply the liability provisions and the amount of the overpayment. If the school denies liability it may be afforded, if requested, a hearing by a Board of Review constituted as in § 21.2208. The decision of the Board may be appealed to the assistant administrator for Vocational Rehabilitation and Education by either the school or the manager. Liability determined administratively or by the Board—or appellate procedure—will be certified to the finance service for collection. In determining liability it must be shown that the failure to report excessive absences or discontin-

uance or interruption of a course resulting in overpayment was due to the willful or negligent act of the institution. Mere error will not create liability in respect to excessive absences or discontinuance or interruption of a course. However, as payments can be made only upon a joint certification of training, it is not apparent how overpayment could be caused in the event of discontinuance or interruption except upon a false certification. In the latter event, liability is not contingent upon willfullness or negligence, but simply upon falsity of the report. It does not appear that waiver as to a veteran would ever be proper in that he must join in the certification and hence, could not be without fault; but in any event waiver would not relieve the school of liability. If, however, recovery is had from the veteran, it must be credited to the school's liability and refunded to the school if its liability has been paid.

§ 21.2305 *Overpayments of education and training allowances and other Veterans' Administration benefits.* (a) Where a veteran has failed to make arrangements with the finance activity to restore or refund an outstanding overpayment of benefits made under laws administered by the Veterans' Administration, and due the Government, the registration and research activity may not thereafter re-enter the veteran into training so long as the overpayment is outstanding. In any such instance, the registration and research activity will be responsible for giving proper notification to the veteran and the institution.

(b) Where a veteran has been denied further education and training under the condition referred to in paragraph (a) of this section, and subsequently makes satisfactory arrangements with the finance activity to restore or refund an outstanding overpayment, the effective date of commencement of education and training allowance shall not be earlier than the date the veteran makes satisfactory arrangements to refund the overpayment.

§ 21.2306 *Examination of records.* (a) The records and accounts of educational institutions and training establishments pertaining to eligible veterans who received or are receiving education or training under Public Law 550, 82d Congress, shall be available for examination by duly authorized representatives of the Government. The records pertaining to eligible veterans receiving education or training under the law shall include accounting evidence of tuition and fees charged to and received from all students both veteran and non-veteran who are or have been enrolled in courses in which eligible veterans received or are receiving training under the law.

(b) Each educational institution which is enrolling or has enrolled eligible veterans under Public Law 550, 82d Congress, shall upon request by duly authorized representatives of the Veterans' Administration or other Federal agencies, make available for examination all appropriate records and accounts including but not limited to:

(1) Records and accounts which are evidence of tuition and fees charged to and received from all eligible veterans enrolled under the law and from similarly circumstanced non-veterans,

(2) Records of previous education or training of veterans enrolled under the law at the time of admission as students and records of advance credit, if any, granted by the institution at the time of admission, and

(3) Records of the veteran's grades and progress.

(c) The institutions approved under section 254 of Public Law 550, 82d Congress, will make available in addition to the records and accounts required in paragraph (b) of this section the following:

(1) Records of leave, absences, class cuts, make-up work, tardiness and interruptions for unsatisfactory conduct or attendance, and

(2) Records of refunds of tuition, fees and other charges made to a veteran who fails to enter the course or withdraws or is discontinued prior to completion of the course.

(d) The institutions approved under section 252 of Public Law 550, 82d Congress will make available in addition to the records and accounts required in paragraph (b) of this section the following:

(1) Records of the individual and organized group instruction furnished.

(e) Failure to make such records available shall be grounds for removing the school from the approved list.

§ 21.2307 *False or misleading statements.* The Veterans' Administration shall not make any payments under Public Law 550, 82d Congress, to any person found by the Veterans' Administration to have willfully submitted any false or misleading claim. In each case where the manager of a regional office finds that an educational institution or training establishment has willfully submitted a false or misleading claim, or where a veteran, with the complicity of an educational institution or training establishment has submitted such a claim, the manager shall make a complete report of the facts of the case to the appropriate State approving agency and where deemed advisable to the United States district attorney for appropriate action. The latter shall be done in accord with existing VA Regulations by the chief attorney or the solicitor if he is of the opinion there is a basis for either civil or criminal action.

§ 21.2308 *Criminal penalties and forfeitures; forfeiture of rights.* (a) Public Law 550, 82d Congress, makes provision for certain penalties upon a finding of willful, fraudulent acts, having to do with any claim for payment or any matter arising under that Law, including forfeiture or rights, claims and benefits thereunder and under Public No. 2, 72d Congress, as amended. When any employee of the Veterans' Administration discovers what is thought to be:

(1) A false or fraudulent affidavit, declaration, certificate, statement, voucher, endorsement, or paper or writing purporting to be such, concerning any claim or the approval of any claim for benefits under this Law, or pertaining to any matter arising under this Law, or

(2) Indication of the making or presentation of any paper required under this Law wherein a date has been willfully inserted other than the date upon which it was actually signed or acknowledged by the claimant, or

(3) A false certification by any person that a declarant, affiant or witness names in an affidavit, declaration, voucher, endorsement, or other paper or writing appeared personally before such person and was sworn thereto or that such person acknowledged the execution thereof, or

(4) Indication that any beneficiary under this Law has accepted and converted to his own use payments for any period during which he was not actually pursuing a course of education or training under this Law for which period payment was made, such employee shall refer the case to the chief attorney within a regional office, or the solicitor if in central office, who after such preliminary investigation as may be necessary, will determine

(5) Whether there is prima facie evidence of violation of a criminal statute, and

(6) Whether there is prima facie evidence of an offense subject to the forfeiture provisions of section 15, Public No. 2, 73rd Congress.

In the event of affirmative finding as to subparagraph (5) of this paragraph, the chief attorney, or the solicitor, will refer the case to the United States Attorney, or to the Department of Justice, as the case may be, for consideration or any necessary action; and if the finding as to subparagraph (6) of this paragraph, be in the affirmative, that is, that the forfeiture provisions of Public No. 2, 73rd Congress are involved, will refer the case to the appropriate adjudication officer for reference to the committee on waivers and forfeiture of central office.

§ 21.2309 *Appeals.* All questions respecting any adjudicatory determination under Public Law 550, 82d Congress, are subject to the right of the veteran to appeal to the Administrator of Veterans Affairs, and any notice of a determination adverse to the interest of the claimant shall include information respecting such right of appeal. All standing regulatory provisions governing notice of right of appeal, reception, development, processing and certification of appeal upon the part of the vocational rehabilitation and education activity of original jurisdiction are governing.

[SEAL] H. V. STIRLING,
Deputy Administrator.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter F—Alaska Commercial Fisheries

PART 116—SOUTHEASTERN ALASKA AREA FISHERIES OTHER THAN SALMON

HERRING FISHERY

Basis and purpose. On the basis of information developed by field representatives of the Fish and Wildlife Service on the age composition of the commercial herring catches of Southeastern Alaska and the availability of the stocks to the commercial fishery it has been determined that effective conservation of these fisheries does not require retention of the present maximum quota of 100,000 barrels.

It also appears that the maximum quota of 100,000 barrels probably will be filled this date.

In order to permit optimum utilization of these fisheries Part 116, Southeastern Alaska Area Fisheries Other Than Salmon is amended in § 116.3 by deleting the first sentence of text.

This amendment shall be effective immediately.

(Sec. 1, 43 Stat. 464, as amended; 48 U. S. C. 221)

ALBERT M. DAY,
Director.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR Part 29]

[Regs. 111]

INCOME TAX; TAXABLE YEARS BEGINNING AFTER DEC. 31, 1941

ALTERNATIVE TAX ON CORPORATIONS IN CASE OF CAPITAL GAINS; TREATMENT OF CAPITAL GAINS AND LOSSES

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority contained in sections 62 and 3791 of the Internal Revenue Code (53 Stat. 32, 467; 26 U. S. C. 62, 3791).

[SEAL] JOHN B. DUNLAP,
Commissioner of Internal Revenue.

In order to conform Regulations 111 [26 CFR Part 29] to section 123 (relating to the alternative tax on corporations in the case of capital gains) and section 322 (relating to the treatment of capital gains and losses) of the Revenue Act of 1951, approved October 20, 1951, such regulations are hereby amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 29.22 (n)–1, as added by Treasury Decision 5425, approved December 29, 1944, the following:

SEC. 322. CAPITAL GAINS AND LOSSES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * * *

(c) *Technical amendments*—(1) *Amendment of section 22 (n).* Section 22 (n) (relating to the definition of adjusted gross income) is hereby amended by striking out the word "and" at the end of paragraph (5), by striking out the period at the end of paragraph (6) and inserting in lieu thereof "; and", and by inserting after paragraph (6) the following new paragraph:

(7) *Long-term capital gains.* The deduction allowed by section 23 (ee).

* * * * *

(d) *Effective date.* The amendments made by this section shall be applicable only with respect to taxable years beginning on or after the date of the enactment of this act. * * *

PAR. 2. Section 29.22 (n)–1, as added by Treasury Decision 5425, is amended as follows:

(A) By striking the word "and" immediately preceding "(6)" in the paragraph (c) thereof.

(B) By striking the period at the end of paragraph (c) and inserting in lieu of such period a semicolon and the following: "and (7) for taxable years beginning on or after October 20, 1951, the deduction for long-term capital gains allowed by sections 23 (ee) and 117 (b)."

PAR. 3. There is inserted immediately after § 29.23 (bb)–1, as added by Treasury Decision 5873, approved December 7, 1951, the following:

SEC. 322. CAPITAL GAINS AND LOSSES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Treatment of long-term capital gains and losses*—(1) *Amendment of section 23.* Section 23 (relating to deductions from gross income) is hereby amended by adding at the end thereof the following new subsection:

(ee) *Long-term capital gains.* In the case of a taxpayer other than a corporation, the deduction for long-term capital gains provided in section 117 (b).

* * * * *

(d) *Effective date.* The amendments made by this section shall be applicable only with respect to taxable years beginning on or after the date of the enactment of this act. * * *

PAR. 4. There is inserted immediately preceding § 29.117–1 the following:

SEC. 123. COMPUTATION OF ALTERNATIVE CAPITAL GAINS TAX (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

Section 117 (c) (1) (relating to alternative tax on corporations) is hereby amended by striking out the second paragraph and inserting in lieu thereof the following:

(A) A partial tax shall first be computed upon the net income reduced by the amount of such excess, at the rates and in the manner as if this subsection had not been enacted.

(B) There shall then be ascertained an amount equal to 25 per centum of such excess, except that in the case of any taxable year beginning after March 31, 1951, and before April 1, 1954, there shall be ascertained an amount equal to 26 per centum of such excess.

(C) The total tax shall be the partial tax computed under subparagraph (A) plus the amount computed under subparagraph (B).

SEC. 322. CAPITAL GAINS AND LOSSES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

(a) *Treatment of long-term capital gains and losses.*

* * * * *

(2) *Amendment of section 117 (b).* Section 117 (b) (relating to treatment of long-term capital gains and losses) is hereby amended to read as follows:

(b) *Deduction from gross income.* In the case of a taxpayer other than a corporation, if for any taxable year the net long-term capital gain exceeds the net short-term capital loss, 50 per centum of the amount of such excess shall be a deduction from gross income. In the case of an estate or trust, the deduction shall be computed by excluding the portion (if any), of the gains for the taxable year from sales or exchanges of capital assets, which, under section 162 (b) or (c), is includible by the income beneficiaries as gain derived from the sale or exchange of capital assets.

(b) *Alternative tax.* Section 117 (c) (2) (relating to alternative tax) is hereby amended to read as follows:

(2) *Other taxpayers.* If for any taxable year the net long-term capital gain of any taxpayer (other than a corporation) exceeds the net short-term capital loss, there shall be levied, collected, and paid, in lieu of the tax imposed by sections 11 and 12 (or, in the case of certain tax-exempt trusts, in lieu of the tax imposed by section 421), a tax determined as follows, if and only if such tax is less than the tax imposed by such sections:

(A) A partial tax shall first be computed upon the net income reduced by an amount equal to 50 per centum of such excess, at the rates and in the manner as if this subsection had not been enacted.

(B) There shall then be ascertained an amount equal to 25 per centum of the excess of the net long-term capital gain over the net short-term capital loss. In the case of any taxable year beginning after October 31, 1951, and before November 1, 1953, there shall be ascertained, in lieu of the amount computed under the preceding sentence, an amount equal to 26 per centum of the excess of the net long-term capital gain over the net short-term capital loss.

(C) The total tax shall be the partial tax computed under subparagraph (A) plus the amount computed under subparagraph (B).

(c) *Technical amendments.*

* * * * *

(2) *Amendment of section 117 (a).* Paragraphs (2) and (4) of section 117 (a) (relating to definitions of short-term capital gain and long-term capital gain) are each hereby amended by striking out "net income" and inserting in lieu thereof "gross income."

(3) *Amendment of section 117 (j).* Section 117 (j) (2) (A) (relating to gains and losses from involuntary conversion and from the sale or exchange of certain property used in the trade or business) is hereby amended to read as follows:

(A) In determining under this paragraph whether gains exceed losses, the gains described therein shall be included only if and to the extent taken into account in computing gross income and the losses described therein shall be included only if and to the extent taken into account in computing net income, except that subsection (d) shall not apply.

• • • • •

(d) *Effective date.* The amendments made by this section shall be applicable only with respect to taxable years beginning on or after the date of the enactment of this act. In determining under section 117 (e) of the Internal Revenue Code the amount of the carryover to a taxable year beginning on or after such date, of the capital loss for a taxable year beginning before such date, such amendments shall not affect the computation of the amount of the net capital loss or of the net capital gain for any taxable year beginning before such date.

PAR. 5. Section 29.117–1, as amended by Treasury Decision 5893, approved April 4, 1952, is further amended as follows:

(A) By striking the second sentence of paragraph (b) thereof and inserting in lieu thereof the following: "Gains and losses from the sale or exchange of such property are not treated as gains and losses from the sale or exchange of capital assets, except to the extent provided in section 117 (j)."

(B) By striking from the fifth sentence of paragraph (b) thereof the words "is not subject to the limitations of section 117 (b), (c), and (d)" and inserting in lieu thereof the words "is not subject to the provisions of section 117."

(C) By striking from the fourth sentence of paragraph (d) thereof the words "are not subject to the percentage provisions of section 117 (b) and losses from such transactions are not subject to the limitation on losses provided in section 117 (d)" and inserting in lieu thereof the words "are not subject to the limitations provided in section 117".

(D) By striking from the paragraph (g) of such section (beginning "Gains and losses from the sale or exchange") the second sentence thereof.

(E) By striking the fifth sentence from paragraph (i) thereof.

PAR. 6. Section 29.117–2, as amended by Treasury Decision 5893, is further amended as follows:

(A) By striking all that precedes paragraph (b) thereof and inserting in lieu thereof the following:

§ 29.117–2 *Percentage of capital gain or loss taken into account; deduction for long-term capital gains; limitation on capital losses; net capital loss carryover—*(a) *General—*(1) *Taxable years beginning prior to October 20, 1951.* In computing the net capital gain, net capital loss, adjusted gross income, and net income of a taxpayer, other than a corporation, for a taxable year beginning prior to October 20, 1951 (the date of the enactment of the Revenue Act of 1951), only the following percentages of the gain or loss (computed under section 111, recognized under section 112, and taken into account without regard to section 117) upon the sale or exchange of a capital asset shall be taken into account:

(i) One hundred percent if the capital asset has been held for 6 months or less;

(ii) Fifty percent if the capital asset has been held for more than 6 months.

For instance, if unimproved real estate purchased by an individual for $20,000 is a capital asset and is sold by him for $25,000 after having been held for more than 6 months, only 50 percent of the recognized gain ($5,000), or $2,500, shall be taken into account in computing net income; or if such property is sold for $14,000, only 50 percent of the recognized loss ($6,000), or $3,000 shall be so taken into account. (In the case of nonresident alien individuals not engaged in trade or business within the United States, see section 211 and the regulations thereunder for the determination of the net amount of capital gains subject to tax with respect to taxable years beginning on or after January 1, 1950.)

(2) *Taxable years beginning on or after October 20, 1951.* (i) In computing gross income, adjusted gross income, net income, net capital gain, and net capital loss, for a taxable year beginning on or after October 20, 1951, 100 percent of any gain or loss (computed under section 111, recognized under section 112, and taken into account without regard to section 117) upon the sale or exchange of a capital asset shall be taken into account regardless of the period for which the capital asset has been held. Nevertheless, the net short-term capital gain or loss and the net long-term capital gain or loss must be separately computed. In computing the adjusted gross income or the net income of a taxpayer other than a corporation, if for any such taxable year the net long-term capital gain exceeds the net short-term capital loss, 50 percent of the amount of the excess is allowable as a deduction from gross income under sections 23 (ee) and 117 (b). For instance, if an individual realizes $2,000 of long-term capital gain and sustains $1,500 of short-term capital loss during the taxable year, the whole amount of the gain ($2,000) is includible in gross income. Since the net long-term capital gain exceeds the net short-term capital loss by $500, 50 percent of the excess ($250) is allowable as a deduction under section 23 (ee).

(ii) In the case of an estate or trust, for the purpose of computing the deduction allowable under section 23 (ee), any long-term or short-term capital gains which under section 162 (b) or (c) are includible in the gross income of its income beneficiaries as gains derived from the sale or exchange of capital assets must be excluded in determining whether for the taxable year of the estate or trust its net long-term capital gain exceeds its net short-term capital loss. For example, during 1952 a trust realized a gain of $1,000 upon the sale of stock held for 10 months. Under the terms of the trust instrument all of such gain must be distributed not later than 30 days after the close of the year to A, the sole income beneficiary. The trust is not entitled to any deduction with respect to such gain under sections 23 (ee) and 117 (b). On the other hand, assuming A had no other capital gains or losses in 1952, he would be entitled to a deduction of $500.

(B) By striking the second, third, and fourth sentences of paragraph (b) thereof and inserting in lieu of such sentences the following:

• • • Thus, where in a taxable year beginning prior to October 20, 1951, an individual taxpayer, having an ordinary net income of $5,000, has a loss of $4,000 from the sale of a capital asset which he held for more than 6 months, of which loss $2,000 (50 percent of $4,000) is taken into account, such net long-term capital loss of $2,000 is allowable only to the extent of $1,000, the remaining $1,000 being a net capital loss. If the taxpayer's ordinary net income had been $400 instead of $5,000, only $400 of the net long-term capital loss of $2,000 would have been allowed, leaving a net capital loss of $1,600. If the taxable year in this illustration were a taxable year beginning on or after October 20, 1951, the entire $4,000 loss would be taken into account as a net long-term capital loss, of which $1,000 and $400 would be allowable as deductions under the respective assumptions, and the net capital loss would be $3,000 and $3,600, respectively. (For carry-over of a net capital loss, see paragraph (c) of this section.) • • •

(C) By striking all that follows the first paragraph of (c) of such section and inserting in lieu thereof the following:

The practical operation of the provisions of section 117 (e) (1) may be illustrated by the following example:

Example. For the taxable years 1950 to 1954, inclusive, an individual is assumed to have a net short-term capital loss, net short-term capital gain, net long-term capital loss, net long-term capital gain, and net income as follows:

	1950	1951	1952	1953	1954
Carry-over from prior years:					
From 1950		($50,000)	($29,500)	($29,500)	
From 1952				(19,500)	($13,000)
Net short-term loss (computed without regard to the carry-overs)	($30,000)	(5,000)	(10,000)		
Net short-term gain (computed without regard to the carry-overs)				40,000	
Net long-term loss:					
50 percent taken into account	(20,500)				
100 percent taken into account			(10,000)	(5,000)	
Net long-term gain:					
50 percent taken into account		25,000			
100 percent taken into account					12,000
Ordinary net income (computed without regard to capital gains and losses)	500	500	500	1,000	500
		20,500		26,000	
Net capital gain (computed without regard to the carry-overs)					
Net capital loss	(50,000)		(19,500)		
Deduction allowable under sec. 23 (ee)			None	None	1,000
Net income (computed with regard to deduction allowable under sec. 23 (ee))			None	None	1,500

Net Capital Loss of 1950

The net capital loss is $50,000. This figure, computed by taking into account 100 percent of short-term gains and losses and 50 percent of long-term gains and losses, is the excess of the losses from sales or exchanges of capital assets over the sum of (1) gains from such sales or such exchanges, and (2) ordinary net income of $500. This amount may be carried forward in full as a short-term loss to 1951. However, in 1951 there was a net capital gain of $20,500, as defined by section 117 (a) (10) (B) and limited by section 117 (e) (1), against which this net capital loss of $50,000 is allowed in part. The remaining portion—$29,500—may be carried forward to 1952 and 1953 since there was no net capital gain in 1952. In 1953 this $29,500 is allowed in full against net capital gain of $36,000, as defined by section 117 (a) (10) (B) and limited by section 117 (e) (1). For 1952 and 1953 the net long-term capital loss is computed by taking into account 100 percent of gains and losses upon the sale or exchange of capital assets held for more than 6 months. However, in determining the amount of the capital loss carry-over ($29,500) to 1952 and 1953, the net capital loss for 1950 is computed by taking into account only 50 percent of gains and losses upon the sale or exchange of capital assets held for more than 6 months, and the net capital gain for 1951 is similarly computed.

Net Capital Loss of 1952

The net capital loss is $19,500. This figure, computed by taking into account 100 percent of both long-term and short-term gains and losses, is the excess of the losses from sales or exchanges of capital assets over the sum of (1) gains from such sales or exchanges and (2) ordinary net income of $500. This amount may be carried forward in full as a short-term loss to 1953. However, in 1953 there was a net capital gain of $6,500, as defined by section 117 (a) (10) (B) and limited by section 117 (e) (1), against which this net capital loss of $19,500 is allowed in part. The remaining portion—$13,000—may be carried forward to 1954. Since this amount is treated as a short-term capital loss in 1954 under section 117 (e) (1), the excess of the net long-term capital gain over the net short-term capital loss is $2,000. Half of this excess is allowable as a deduction under sections 23 (ee) and 117 (b). Thus, the taxpayer has a net income of $1,500 for 1954.

PAR. 7. Section 29.117–3 is amended as follows:

(A) By striking the second sentence of paragraph (a) thereof and inserting in lieu thereof the following: "For any taxable year beginning prior to October 20, 1951 (the date of the enactment of the Revenue Act of 1951), this alternative tax is the sum of (1) a partial tax, computed at the rates provided by sections 11 and 12 on the net income, excluding therefrom for this purpose the whole amount of such excess of the net long-term capital gain (determined by taking into account only 50 percent of the gains and losses upon the sale or exchange of capital assets held for more than 6 months) over the net short-term capital loss, plus (2) 50 percent of such excess. In the case of a taxable year beginning on or after October 20, 1951, this alternative tax is the sum of (1) a partial tax, computed at the rates provided by sections 11 and 12 on the net income reduced by an amount equal to 50 percent of the excess of the net long-term capital gain (determined by taking into account 100 percent of the gains and losses upon the sale or exchange of capital assets held for more than 6 months) over the net short-term capital loss, plus (2) 25 percent (or 26 percent if the taxable year begins after October 31, 1951, and before November 1, 1953) of the excess of the net long-term capital gain over the net short-term capital loss."

(B) By inserting immediately after the words "25 percent" in the second sentence of paragraph (b) thereof the following: "(or 26 percent if the taxable year begins after March 31, 1951, and before April 1, 1954)".

(C) By inserting immediately after the words "provisions of this section" in the first sentence of paragraph (c) thereof the following: "(other than those applicable to a taxable year beginning on or after October 20, 1951)".

PAR. 8. Section 29.117–6, as amended by Treasury Decision 5881, is further amended as follows:

(A) By striking from the first sentence of paragraph (a) thereof the words "the percentage of the recognized gain or loss to be taken into account under section 117 (b) from a short sale shall be computed" and inserting in lieu thereof the following: "whether the recognized gain or loss from a short sale is long-term or short-term capital gain or loss shall be determined".

(B) By striking from the second sentence of paragraph (a) thereof the words "100 percent of the recognized gain or loss would be taken into account under section 117 (b)" and inserting in lieu thereof the following: "the recognized gain or loss would be considered short-term capital gain or loss".

PAR. 9. Section 29.117–7, as amended by Treasury Decision 5881, is further amended as follows:

(A) By striking therefrom paragraphs (b) and (c) and inserting in lieu thereof the following:

(b) In determining whether such gains exceed such losses for the purposes of section 117 (j), losses upon the destruction in whole or in part, theft or seizure, requisition or condemnation of the property described in section 117 (j) are included whether or not there was a conversion of such property into money or other property. For example, if a capital asset held for more than six months, with an adjusted basis of $400, is stolen, and the loss from this theft is not compensated for by insurance or otherwise, the $400 loss is included in the computations under section 117 (j) to determine whether gains exceed losses. Furthermore, in making this computation for any taxable year, the gains and losses described in section 117 (j) are taken into account in full, that is, 100 percent of such gains and losses is taken into account. For example, if a taxpayer for a taxable year beginning before October 20, 1951, sustains a loss of $400 upon the sale under threat of condemnation of a capital asset, held for more than six months, such loss is taken into account for the purpose of section 117 (j) to the extent of $400, even though only $200 would be taken into account under section 117 (b), prior to its amendment by the Revenue Act of 1951, in computing net income. Similarly, the provisions of section 117 (d) limiting the deduction of capital losses are not applicable to exclude any losses from the computations under section 117 (j). With these exceptions, gains are included in the computations under section 117 (j) only to the extent that they are taken into account in computing gross income, and losses are included only to the extent that they are taken into account in computing net income. Thus, losses which are not deductible items under section 24 or section 118 are not included in the computations under section 117 (j). Similarly, if a taxpayer reports on the installment basis under section 44 the gain on the sale of property described in section 117 (j), only the portion of the gain reported under section 44 is included in the computations for such taxable year under section 117 (j). Any gains and losses which are not recognized under section 112 are not included in the computations under section 117 (j). Thus, if property is involuntarily converted into similar property, so that the gain on such conversion is not recognized under the provisions of section 112 (f), such gain is not included in the computations under section 117 (j).

(c) If it is determined under the above computations that the gains exceed the losses, all of such gains and losses are treated as gains and losses from the sale or exchange of capital assets held for more than six months. All such gains and losses are then subject to the limitations of section 117 (c) and (d), relating to the alternative tax in the case of capital gains and losses and the extent to which capital losses are allowed; and in the case of taxable years beginning prior to October 20, 1951, such gains and losses are taken into account only to the extent of 50 percent. If it is determined under the above computations that the gains do not exceed the losses, none of such gains and losses are treated as gains and losses from the sale or exchange of capital assets. Such gains and losses are then to be taken into account in full, and such losses are not subject to the limitations provided in section 117 (d). For example, if the taxpayer during the taxable year 1942 has losses of $1,000 on the sale of certain depreciable machinery used in his trade or business, held for more than six months, and a gain of $400 on the sale under threat of condemnation of a capital asset held for more than six months, such losses exceed such gain, and such losses and gain are not treated as losses and gain from the sale or exchange of capital asets. The gain on the sale of the capital asset would therefore be taken into account in full, instead of to the extent of 50 percent.

(B) By inserting in the second sentence of Example (1) thereof immediately following the words "section 117 (b)," the following: "prior to its amendment by the Revenue Act of 1951,".

(C) By inserting in the second sentence of the second paragraph of Example (1) thereof immediately following the words "section 117 (b)," the

following: "prior to its amendment by the Revenue Act of 1951,".

(D) By inserting in the second sentence of Example (3) thereof immediately following the words "section 117 (b)" the following: ", prior to its amendment by the Revenue Act of 1951,".

PAR. 10. There is inserted immediately preceding § 29.122–1 the following:

SEC. 322. CAPITAL GAINS AND LOSSES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * * * * *

(c) *Technical amendments.*

* * * * * * *

(4) *Amendment of section 122 (d) (4).* Section 122 (d) (4) (relating to computation of net operating loss deduction) is hereby amended to read as follows:

(4) The amount deductible on account of losses from sales or exchanges of capital assets shall not exceed the amount includible on account of gains from such sales or exchanges. The deduction provided in section 23 (ee) shall not be allowed.

* * * * * * *

(d) *Effective date.* The amendments made by this section shall be applicable only with respect to taxable years beginning on or after the date of the enactment of this act. * * *

PAR. 11. Section 29.122–3 is amended as follows:

(A) By striking subparagraph (4) from paragraph (a) thereof and inserting in lieu thereof the following:

(4) Gains and losses recognized upon sales or exchanges of capital assets held for more than 6 months shall be taken into account in full. The deduction provided in sections 23 (ee) and 117 (b), applicable to taxable years beginning on or after October 20, 1951, shall not be allowed;

(B) By striking out the words "(as defined in section 117 (a) (4))" from the second sentence of paragraph (d) (1) thereof.

PAR. 12. There is inserted immediately preceding § 29.162–1 the following:

SEC. 322. CAPITAL GAINS AND LOSSES (REVENUE ACT OF 1951, APPROVED OCTOBER 20, 1951).

* * * * * * *

(c) *Technical amendments.*

* * * * * * *

(5) *Amendment of section 162 (a).* Section 162 (a) (relating to computation of net income of estates and trusts) is hereby amended by striking out the semicolon and inserting in lieu thereof a period and the following: "Where any amount of the income so paid or set aside is attributable to gain from the sale or exchange of capital assets held for more than six months, proper adjustment of the deduction otherwise allowable under this subsection shall be made for any deduction allowable to the trust under section 23 (ee);".

(d) *Effective date.* The amendments made by this section shall be applicable only with respect to taxable years beginning on or after the date of the enactment of this act. * * *

PAR. 13. Section 29.162–1, as amended by Treasury Decision 5838, approved April 17, 1951, is further amended by inserting, immediately before the last sentence of paragraph (a) thereof, the following: "For any taxable year beginning before October 20, 1951 (the date of the enactment of the Revenue Act of 1951), if an amount of the income so paid or set aside is attributable to gain from the sale or exchange of capital assets held for more than six months, the amount of the deduction allowable under section 162 (a) must be determined with reference to the requirement that only 50 percent of such gains be included in gross income of the trust. See United States v. Benedict et al., Trustees, (1950) 338 U. S. 692. Similarly, in a taxable year beginning on or after October 20, 1951, where any amount of the income so paid or set aside for the charitable uses or purposes referred to or described in section 162 (a) is attributable to gain from the sale or exchange of capital assets held for more than six months, the amount of the deduction allowable under section 162 (a) must be determined with regard to the inclusion of 100 percent of such gains in gross income and with appropriate adjustment for the deduction provided in sections 23 (ee) and 117 (b) of 50 percent of the excess, if any, of the net long-term capital gain over the net short-term capital loss. See § 29.117–2 (a) (2). The application of these rules is illustrated in the following examples:

Example (1). Under the terms of a trust created by the will of a decedent, the trust net income (including capital gains) is to be distributed, one-half to certain individual beneficiaries and one-half to M University, an organization exempt from taxation under section 101 (6). During 1951 the trust has ordinary net income of $100,000, and in addition $100,000 of gains from the sale of capital assets held for more than six months, of which only 50 percent, or $50,000, is includible in gross income. The trust pays $100,000—one-half of its net income under the terms of the trust—to M University. The deduction allowable to the trust under section 162 (a) is limited to $75,000, since only 50 percent of the capital gains is included in gross income for tax purposes.

Example (2). During 1952 the trust referred to in example (1) also has ordinary net income of $100,000, plus $100,000 of gains from the sale of capital assets held for more than six months. In computing the gross income of the trust for tax purposes 100 percent of such gains are includible. M University receives a total of $100,000 from the trust in respect of the year 1952. However, the amount allowable to the trust as a deduction under section 162 (a) is subject to appropriate adjustment for the deduction allowable under section 23 (ee). In view of the distributions made to individual beneficiaries, the deduction allowable to the trust under section 23 (ee) is limited by the provisions of section 117 (b) to $25,000. Since the whole of this deduction is attributable to the distribution to M University, the deduction allowable in 1952 to the trust under section 162 (a) will be $75,000."

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

[25 CFR Part 130]

OPERATION AND MAINTENANCE CHARGES FOR THE WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

NOTICE OF PROPOSED RULE MAKING

AUGUST 1, 1952.

Pursuant to section 4 (a) of the Administrative Procedure Act of June 11, 1946 (60 Stat. 238; 5 U. S. C. 1001) and authority contained in the acts of Congress approved August 1, 1914 and March 7, 1928 (38 Stat. 583, 45 Stat. 210; 25 U. S. C. 385, 387) and by virtue of authority delegated by the Secretary to the Commissioner of Indian Affairs by Order No. 2508 approved January 11, 1949 (14 F. R. 259) and by virtue of authority delegated by the Commissioner of Indian Affairs to the Area Director by Order No. 551, Amendment No. 1, approved June 5, 1951 (16 F. R. 5457), notice is hereby given of intention to modify § 130.86 of Title 25, Code of Federal Regulations, dealing with the operation and maintenance charges on assessable lands under the Wapato Indian Irrigation Project, Yakima Indian Reservation, Washington, as follows:

By increasing the annual storage operation and maintenance charge per acre by 15 cents for each irrigable acre of Class B land within the Wapato Indian Irrigation Project.

The foregoing proposed charge is to become effective for the irrigation season 1953 and to continue in effect thereafter until further notice.

Section 130.86 as amended will, therefore, read as follows:

§ 130.86 *Charges.* Pursuant to the provisions of the acts of August 1, 1914 and March 7, 1928 (38 Stat. 583, 45 Stat. 210; 25 U. S. C. 385, 387), the operation and maintenance charges on assessable lands under the Wapato Indian Irrigation Project, Yakima Indian Reservation, Washington, for the calendar year 1953 and subsequent years until further notice are hereby fixed as follows:

(a) Minimum charges for all tracts in noncontiguous single ownership	$7.25
(b) Flat rate upon all farm units or tracts for each accessable acre	5.50
(c) Storage operation and maintenance. For all lands with a storage water right, known as "B" lands, in addition to other charges per acre	.45

Interested persons are hereby given opportunity to participate in preparing the proposed amendments by submitting their views and data or argument in writing to E. Morgan Pryse, Area Director, Bureau of Indian Affairs, Building 1, Swan Island, Portland 18, Oregon, within 30 days from the date of publication of this notice of intention in the daily issue of the FEDERAL REGISTER.

E. MORGAN PRYSE,
Area Director.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Part 101]

COTTON WAREHOUSE REGULATIONS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given in accordance with section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that the Secretary of Agriculture proposes to amend the Cotton Warehouse Regulations (7 CFR Part 101) under the United States Warehouse Act, as amended (7 U. S. C. 241–273) as follows:

1. A new § 101.3a would be added to read:

§ 101.3a *All facilities to be licensed or exempted.* All facilities within the same city or town used for the storage of cotton by an applicant for a warehouse license must qualify for a license and be licensed under the act if the applicant is to be licensed to operate as a cotton warehouseman in such city or town, unless the facilities which are not to be covered by a license are exempted by the Secretary or his designated representative upon a finding that, due to the exercise of adequate controls by some independent agency over the operation of nonfederally licensed facilities, there would be no likelihood of interchange or substitution of cotton stored in such facilities with cotton stored in the federally licensed facilities. If all such facilities do not qualify for a license or for an exemption under this paragraph, the applicant shall not be licensed under the act as a cotton warehouseman in the city or town in which the facilities in question are located. Each applicant for a warehouse license must apply for a license covering all facilities operated by him for the storage of cotton within the same city or town or for exemption as provided in this paragraph. If a licensed cotton warehouseman acquires any additional cotton storage facilities within the same city or town in which his licensed warehouse is located, he shall file promptly an application for a license or an exemption of the additional facilities. No cotton storage facility acquired by a licensed cotton warehouseman, subsequent to the issuance of his license, in the same city or town as his licensed facilities, shall be used for the storage of cotton until it qualifies for license and is licensed or is exempted as provided in this paragraph. If any one of the licensed cotton storage facilities operated by a warehouseman in the same city or town becomes ineligible for a license at any time for any reason, it shall not thereafter be used for the storage of cotton until the condition making it ineligible is removed or an exemption is granted as provided in this section. The use for the storage of cotton by a licensed warehouseman of a facility which is in the same city or town as his licensed facilities and is neither licensed nor exempted, or other violation of the provisions of this section, shall be cause for suspension or revocation of any license issued to the warehouseman for the storage of cotton.

2. Section 101.4 would be amended to read:

§ 101.4 *Grounds for not issuing a license.* A license for the conduct of a warehouse, or any amendment to a license, shall not be issued if it be found by the Secretary, or his designated representative, that the warehouse is not suitable for the storage of cotton, that the warehouseman does not possess a good reputation or is insolvent or incompetent to conduct such warehouse in accordance with the act and the regulations in this part, or that there is any other sufficient reason within the intent of the act for not issuing such license. If all the facilities operated for the storage of cotton by the applicant within the same city or town are not to be licensed under the act, the applicant shall not be licensed as a cotton warehouseman with respect to any of such facilities, unless an exemption of the facilities which are not to be licensed is granted as provided in § 101.3a.

3. Section 101.5 would be amended to read:

§ 101.5 *Net assets.* (a) The warehouseman operating a warehouse for which application for license has been made, shall have and maintain, above all exemptions and liabilities, total net assets liable for the payment of any indebtedness arising from the operation of the warehouse equal to at least 4 percent of the total value of the maximum number of bales of cotton that the warehouse could accommodate when stored in the manner customary to the warehouse, calculated upon the basis of the unit price for cotton announced annually by the Administrator: *Provided,* That a warehouseman who does not meet the net assets requirement specified in this paragraph may be licensed under the act and the regulations in this part if he furnishes the bond required under § 101.12 for such warehouseman. In determining total net assets, credit may be given for insurable property such as buildings, machinery, equipment, and merchandise inventory, only to the extent that such property is protected by insurance against loss or damage by fire. Such insurance shall be in the form of lawful policies issued by one or more insurance companies authorized to do such business and subject to service of process in suits brought in the State in which the warehouse is located.

(b) In case a warehouseman has applied for a license to operate two or more warehouses in the same state, the maximum number of bales which all the warehouses to be licensed will accommodate when stored in the manner customary to the warehouses, shall be considered in determining whether the warehouseman meets the net worth requirements specified in paragraph (a) of this section.

(c) For the purposes of paragraphs (a) and (b) of this section only, capital stock as such shall not be considered a liability.

(d) In case a state agency licensed or applying for a license as provided in section 9 of the act has funds of not less than $500,000 guaranteeing the performance of obligations of the agency as a warehouseman, such funds shall be considered sufficient to meet the maximum net asset requirements of this section.

4. The third and fourth sentences in § 101.7 would be amended to read: "The Secretary, or his designated representative, may, after opportunity for hearing has been afforded in the manner prescribed in this section, suspend or revoke a license issued to a warehouseman when such warehouseman (a) is bankrupt or insolvent; (b) has parted, in whole or in part, with his control over the licensed warehouse; (c) is in process of dissolution or has been dissolved; (d) has ceased to conduct such licensed warehouse; (e) has in any other manner become nonexistent or incompetent or incapacitated to conduct the business of the warehouse; (f) has made unreasonable or exorbitant charges for services rendered; (g) is operating in the same city or town in which his licensed warehouse facilities are located, any facility for storage of cotton which is not covered by a license or an exemption as provided in § 101.3a; or (h) has in any other manner violated or failed to comply with any provision of the act or the regulations in this part. Whenever any of the conditions mentioned in paragraphs (a) to (h) of this section shall come into existence, it shall be the duty of the warehouseman to notify immediately the Administrator of the existing condition."

5. Section 101.12 would be amended to read:

§ 101.12 *Amount of bond; additional amounts.* (a) Exclusive of any amount which may be added in accordance with paragraph (c) of this section, the amount of bond to be furnished by a warehouseman who has met the net assets requirement of § 101.5 (a) shall be at least 6 percent of the total value of the maximum number of bales of cotton that his warehouse could accommodate when stored in the manner customary to the warehouse, calculated upon the basis of the unit price for cotton announced annually by the Administrator: *Provided,* That in any case the amount of bond shall not be less than $5,000 nor more than $200,000. The amount of bond, exclusive of any amount which may be added in accordance with paragraph (c) of this section, to be furnished by a warehouseman who has not met the net assets requirement of § 101.5 (a) shall be calculated in the manner prescribed above in this section except that it shall be at least 12 percent of the total value above specified and in any case shall not be less than $10,000 nor more than $400,000.

(b) In case a warehouseman has applied for licenses to operate two or more warehouses in the same state and his total assets are subject to the liabilities of each warehouse, he may if he desires give a single bond meeting the requirements of the act and the regulations in this part to cover all his warehouses within the state. In such case all of his warehouses in the state shall be deemed to be one warehouse and the maximum number of bales that all of said warehouses will accommodate when stored in the manner customary to each of such warehouses shall be considered for the purpose of determining the amount of bond required under §§ 101.12 through 101.15.

(c) In case the Secretary, or his designated representative, finds that conditions exist which warrant requiring additional bond, there shall be added to the amount fixed in accordance with para-

graph (a) of this section a further amount to meet such conditions.

5. Section 101.16 (f) would be amended to read:

§ 101.16 *Forms.* • • •

(f) Licensed receipts issued to cover linters shall be clearly and conspicuously marked "Linters".

6. Section 101.50 would be amended to read:

§ 101.50 *License fees.* There shall be charged and collected a fee of $20 for each original warehouseman's license, and a fee of $10 for each amended or reinstated warehouseman's license applied for by a warehouseman, and a fee of $6 for each license, or amendment thereto, issued to a sampler, classifier, and/or weigher.

7. Section 101.51 would be amended to read:

§ 101.51 *Warehouse inspection fee.* There shall be charged and collected for each original inspection of a warehouse under the act, when such inspection is made upon application of a warehouseman, a fee at the rate of $20 for each 1,000 bales of the cotton storage capacity of the warehouse, or fraction thereof, determined in accordance with § 101.5 but in no case less than $20 nor more than $500, and for each reinspection, applied for by the warehouseman, a fee based on the extent of the reinspection, proportioned to, but not greater than, that prescribed for the original inspection.

8. The first sentence in § 101.86 would be amended to read:

§ 101.86 *Bonds required.* Every person applying for a license, or licensed, under section 9 of the act, shall, as such, be subject to all portions of these regulations so far as they may relate to warehousemen. • • •

The proposed amendments would require all cotton warehouse facilities in the same city or town operated by a warehouseman holding a cotton warehouse license under the United States Warehouse Act to be covered by such license, except under specified conditions. The amendments would increase the amount of net assets and bond required of licensed warehousemen and the fees for inspection of warehouses, and for licenses of warehousemen, samplers, classifiers and weighers. The amendments would also modify the provisions of the regulations relating to suspension and revocation of warehouse licenses.

Any interested person who wishes to submit written data, views, or arguments concerning the proposed amendments, may do so by filing them with the Director of the Transportation and Warehousing Branch within 15 days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 5th day of August 1952.

[SEAL] C. J. McCORMICK,
Acting Secretary of Agriculture.

[Docket No. AO-10 A-16]

HANDLING OF MILK IN ST. LOUIS, MO., MILK MARKETING AREA

PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Chase Hotel, St. Louis, Missouri, beginning at 9:30 a. m., c. d. t., August 11, 1952, for the purpose of receiving evidence with respect to emergency, and other economic conditions which relate to the handling of milk in the St. Louis, Missouri, marketing area and to the proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the St. Louis, Missouri, marketing area (7 CFR 903 et seq.). These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the order, as amended, regulating the handling of milk in the St. Louis, Missouri, milk marketing area were proposed, as follows:

By Sanitary Milk Producers:

1. Delete that portion of § 903.51 (a) which reads: "*And provided further*, That the plus amount to be added for each delivery period from the effective date hereof through December 1951 shall be $1.80," and replace it with the following: "*And provided further*, That the plus amount to be added for each delivery period from September 1, 1952 through March 31, 1953 shall be $2.27."

By Dairy Branch, Production and Marketing Administration:

2. Make such changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the order now in effect may be procured from the Market Administrator, 4030 Chouteau Avenue, St. Louis 10, Missouri, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: August 4, 1952.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator.

[7 CFR Part 958]

IRISH POTATOES GROWN IN COLORADO

NOTICE OF PROPOSED BUDGET AND RATE OF ASSESSMENT

Notice is hereby given that the Secretary of Agriculture is considering the approval of the budget and rate of assessment hereinafter set forth, which were recommended by the administrative committee for Area 2, established pursuant to Marketing Agreement No. 97 and Order No. 58 (7 CFR Part 958), regulating the handling of Irish potatoes grown in the State of Colorado, issued under the Agricultural Marketing Agreement Act of 1937, as amended (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.).

Consideration will be given to any data, views, or arguments pertaining thereto, which are filed in triplicate with the Director, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 15 days following publication in the FEDERAL REGISTER. The proposals are as follows:

§ 958.211 *Budget of expenses and rate of assessment.* (a) The expenses necessary to be incurred by the administrative committee for Area No. 2, established pursuant to Marketing Agreement No. 97 and Order No. 58, to enable such committee to carry out its functions pursuant to the provisions of the aforesaid marketing agreement and order, during the fiscal year ending May 31, 1953, will amount to $3,024.00;

(b) The rate of assessment to be paid by each handler who first ships potatoes shall be one-tenth of one cent ($0.001) per hundredweight of potatoes handled by him as the first handler thereof during said fiscal year; and

(c) The terms used in this section shall have the same meaning as when used in Marketing Agreement No. 97 and Order No. 58 (7 CFR Part 958).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 5th day of August 1952.

[SEAL] M. W. BAKER,
Acting Director, Fruit and Vegetable Branch, Production and Marketing Administration.

Laws 422 and 464, 80th Cong., Pub. Laws 31, 574 and 880, 81st Cong.; and Pub. Laws 8, 69 and 96, 82d Cong.); and more particularly section 204 (m) of Public Law 96; and the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong.; as amended by Pub. Law 96, 82d Cong.); and Executive Order 10161 of September 9th, 1950 and Executive Order 10276 of July 31, 1951; and as implemented by Economic Stabilization Agency Order No. 9 of July 31, 1951.

SEC. 2. *Determination.* In view of the joint determination and certification by the Secretary of Defense and the Director of Defense Mobilization, dated August 1, 1952, that the Anaconda, Montana, area (this area consists of all of Deer Lodge County, Montana) is a critical defense housing area, and in view of the defense housing program announced for the said area on January 29, 1952 by the Administrator of the Housing and Home Finance Agency, with the concurrence of the Board of Governors of the Federal Reserve System, it is hereby determined, after due consideration of relevant factors, that real estate construction credit controls have been relaxed in the Anaconda, Montana, critical defense housing area to the extent necessary to encourage construction of housing for defense workers and military personnel.

ROGER L. PUTNAM,
Administrator.

AUGUST 6, 1952.

[Determination 117]

PORTSMOUTH, NEW HAMPSHIRE-KITTERY, MAINE, CRITICAL DEFENSE HOUSING AREA

APPROVAL OF EXTENT OF RELAXATION OF CREDIT CONTROLS

SECTION 1. *Authority.* This action is taken pursuant to the authority conferred by the Housing and Rent Act of 1947, as amended (Pub. Law 129, 80th Cong., as amended by Pub. Laws 422 and 464, 80th Cong., Pub. Laws 31, 574 and 880, 81st Cong.; and Pub. Laws 8, 69 and 96, 82d Cong.); and more particularly section 204 (m) of Public Law 96; and the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong.; as amended by Pub. Law 96, 82d Cong.); and Executive Order 10161 of September 9, 1950, and Executive Order 10276 of July 31, 1951; and as implemented by Economic Stabilization Agency Order No. 9 of July 31, 1951.

SEC. 2. *Determination.* In view of the joint determination and certification by the Secretary of Defense and the Acting Director of Defense Mobilization, dated August 1, 1952, that the Portsmouth, New Hampshire-Kittery, Maine, area (this area consists of all of Strafford County, except the towns of Middleton and New Durham; the City of Portsmouth and the Towns of Atkinson, Brentwood, Danville, Deerfield, East Kingston, Epping, Exeter, Fremont, Greenland, Hampstead, Hampton, Hampton Falls, Kensington, Kingston, New Castle, Newfields, Newington, Newmarket, Newton, North Hampton, Northwood, Nottingham, Plaistow, Raymond, Rye, Sandown, Seabrook, South Hampton and Stratham in Rockingham County, in the State of New Hampshire; and the Towns of Berwick, Eliot, Kittery, North Berwick, South Berwick and York in York County, Maine) is a critical defense housing area, and in view of the defense housing program announced for the said area on June 26, 1952, by the Administrator of the Housing and Home Finance Agency, with the concurrence of the Board of Governors of the Federal Reserve System, it is hereby determined, after due consideration of relevant factors, that real estate construction credit controls have been relaxed in the Portsmouth, New Hampshire-Kittery, Maine, critical defense housing area to the extent necessary to encourage construction of housing for defense workers and military personnel.

ROGER L. PUTNAM,
Administrator.

[Region II, Redelegation of Authority No 26 Amdt. 1]

DIRECTORS OF DISTRICT OFFICES, REGION II, NEW YORK, N. Y.

REDELEGATION OF AUTHORITY TO ACT UNDER SECTIONS 10 (e) AND 16 (c) CPR 98, AS AMENDED

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. II, pursuant to Delegation of Authority No. 53, Amendment 1 (17 F. R. 5971), this Amendment 1 to Redelegation of Authority No. 26 is hereby issued.

Redelegation of Authority No. 26 is amended by adding new paragraphs 2 and 3 to read as follows:

2. *Authority under section 10 (e) of CPR 98 as amended.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at New York City, Buffalo, Rochester, Syracuse and Albany, New York and Newark and Trenton, New Jersey, to accept application for the establishment of ceiling markups made in accordance with the provisions of section 10 (e) of Ceiling Price Regulation 98, as amended, to request further information in connection with such applications, to approve, disapprove, or revise proposed ceiling markups, and to modify or revoke ceiling markups established under that section.

3. *Authority under section 16 (c) of CPR 98 as amended.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at New York City, Buffalo, Rochester, Syracuse and Albany, New York and Newark and Trenton, New Jersey, to accept applications for the establishment of ceiling warehouse prices made in accordance with the provisions of section 16 (c) (2) of Ceiling Price Regulation 98, as amended, to request further information in connection with such application, to approve or disapprove such ceiling prices and to revoke ceiling prices established under section 16 (c).

This redelegation of authority shall take effect on August 5, 1952.

JAMES G. LYONS,
Regional Director, Region II.

[Ceiling Price Regulation 83, Section 2, Special Order 16, Amdt. 6]

KAISER-FRAZER CORP.

BASIC PRICES AND CHARGES FOR NEW PASSENGER AUTOMOBILES

Statement of considerations. Special Order 16 established a schedule of prices and charges pursuant to section 2 of Ceiling Price Regulation 83 for sellers of new passenger automobiles and factory installed extra equipment manufactured by the Kaiser-Frazer Corporation. The Kaiser-Frazer Corporation has now increased the price of its Henry J and Allstate automobiles to its dealers, the total prices being less than its previously established ceiling prices. This order is accordingly issued to establish sellers' prices and charges which will reflect increased costs to dealers and mark-ups thereon, and is applicable to all automobiles which have been sold by Kaiser-Frazer Corporation at the increased prices.

Amendatory provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 2 of Ceiling Price Regulation 83, this amendment to Special Order 16 is hereby issued.

1. The list of basic prices for automobiles manufactured by Kaiser-Frazer Corporation in paragraph one is amended to read as follows:

HENRY J PASSENGER AUTOMOBILES

(Sold by Kaiser-Frazer at prices in effect prior to July 18, 1952)

Henry J Vagabond	$1,238.63
Henry J Vagabond-DeLuxe	1,373.44
Henry J Corsair	1,331.57
Henry J Corsair-DeLuxe	1,466.38

HENRY J PASSENGER AUTOMOBILES

(Sold by Kaiser-Frazer at prices in effect subsequent to July 18, 1952)

Henry J Vagabond	$1,293.18
Henry J Vagabond-DeLuxe	1,427.99
Henry J Corsair	1,386.12
Henry J Corsair-DeLuxe	1,520.93

ALLSTATE PASSENGER AUTOMOBILES

(Sold by Kaiser-Frazer at prices in effect prior to July 18, 1952)

Allstate—4-cylinder (with circular tail lamps)	$1,238.63
Allstate—6-cylinder (with circular tail lamps)	1,373.44
Allstate—4-cylinder (with tail lamps in rear fender fins)	1,331.57
Allstate—6-cylinder (with tail lamps in rear fender fins)	1,466.38

ALLSTATE PASSENGER AUTOMOBILES

(Sold by Kaiser-Frazer at prices in effect subsequent to July 18, 1952)

Allstate—4-cylinder (with circular tail lamps)	$1,293.18
Allstate—6-cylinder (with circular tail lamps)	1,427.99
Allstate—4-cylinder (with tail lamps in rear fender fins)	1,386.12
Allstate—6-cylinder (with tail lamps in rear fender fins)	1,520.93

Effective date. This amendment to Special Order 16 shall become effective August 7, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 7, 1952.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27277]

SULPHURIC ACID FROM EXUM AND BIRMINGHAM, ALA., TO TUPELO, MISS.

APPLICATION FOR RELIEF

AUGUST 5, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for The Alabama Great Southern Railroad Company and other carriers.

Commodities involved: Sulphuric acid, in tank-car loads.

From: Birmingham, Ala., and points grouped therewith, also Exum, Ala.

To: Tupelo, Miss.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger's tariff I. C. C. No. 1200, Supp. 53.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL,
Secretary.

[F. R. Doc. 52-8736; Filed, Aug. 7, 1952; 8:48 a. m.]

[4th Sec. Application 27278]

CANS FROM DADE CITY, FLA., TO GEORGIA

APPLICATION FOR RELIEF

AUGUST 5, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to Agent C. A. Spaninger's tariff I. C. C. No. 519.

Commodities involved: Cans, iron, steel, or tin, carloads.

From: Dade City, Fla.

To: Points in Georgia.

Grounds for relief: Competition with rail carriers and circuitous routes.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 519, Supp. 282.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] W. P. BARTEL, *Secretary.*

Washington, Saturday, August 9, 1952

TITLE 6—AGRICULTURAL CREDIT

Chapter IV—Production and Marketing Administration and Commodity Credit Corporation, Department of Agriculture

Subchapter C—Loans, Purchases and Other Operations

PART 672—WOOL

SUBPART—1952 WOOL PRICE SUPPORT PROGRAM (SHORN WOOL)

This bulletin states the requirements with respect to the 1952 Wool Price Support Program for shorn wool formulated by Commodity Credit Corporation (hereinafter referred to as "CCC") and the Production and Marketing Administration (hereinafter referred to as "PMA").

PROGRAM OPERATION

Sec.
672.301 Administration.

ELIGIBILITY

672.302 Eligible persons.
672.303 Eligible wool.

INELIGIBLE WOOL

672.304 Liability.

ADVANCE LOANS BY CCC

672.305 Advance loans.

APPRAISALS

672.306 Determination of appraisal value.
672.307 Reappraisals.
672.308 New appraisals.

NONRECOURSE LOANS BY CCC

672.309 Nonrecourse loans.
672.310 Loan value.
672.311 Determination of weights.
672.312 Distribution of proceeds of nonrecourse loan.
672.313 Account of Loan Settlement.
672.314 Charges by handler.
672.315 Limitation on charges by handler.
672.316 Repayment of nonrecourse loans.

GROWER POOLS

672.317 Wool received by handler from pools.

LIQUIDATION OF LOANS NOT REPAID BY MATURITY DATE

672.318 Liquidation of unpaid loans.

APPRAISAL CHARGES ON WOOL APPRAISED BUT ON WHICH LOAN IS NOT MADE BY CCC

672.319 Appraisal and reappraisal charges.

INSURANCE AND RISK OF LOSS

Sec.
672.320 Insurance and risk of loss.

GENERAL

672.321 Transfer in interest under loan.
672.322 Contractual rights.

AUTHORITY: §§ 672.301 to 672.322 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup., 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 201, 401, 63 Stat. 1051, 1054; 15 U. S. C. Sup., 714c, 7 U. S. C. Sup., 1446, 1421.

PROGRAM OPERATION

§ 672.301 *Administration.* The program will be carried out by PMA under the general supervision and direction of the President of CCC and in accordance with the bylaws of CCC. Prices of shorn wool will be supported by means of loans made through wool dealers and cooperative associations (such wool dealers and cooperative associations are hereinafter referred to as "handlers") who enter into agreements with CCC to obtain loans on, handle, and store wool while it is pledged to CCC as security for a loan. In the field, the program will be administered through PMA Commodity Offices. Names of approved handlers may be obtained from County PMA Committees and PMA Commodity Offices. PMA Commodity Offices and State and County PMA Committees do not have authority to modify or waive any of the provisions of this subpart or any amendments or supplements thereto.

ELIGIBILITY

§ 672.302 *Eligible persons.* Loans will be made by CCC to approved handlers for the benefit of growers who have title and beneficial interest in the wool.

§ 672.303 *Eligible wool.* Eligible wool shall be wool which meets the following requirements:

(a) The wool must be shorn in the continental United States or Territories from sheep or lambs.

(b) The wool must be received by the handler from the original grower thereof or from a pool of such original growers and, in either event, the original grower must at all times have had title and beneficial interest in the wool.

(c) The wool must be covered by the following applicable documents:

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Code of Federal Regulations

REVISED BOOKS

Title 32, containing the regulations of the Department of Defense and other related agencies has been completely revised and reissued as two books as follows:

Parts 1–699 ($5.00)

Part 700 to end ($5.25)

Title 32A, containing NPA, OPS, and other regulations under the Defense Production Act together with the amended text of the act and related Executive orders:

Chapter I to end ($6.50)

These books contain the full text of regulations in effect on December 31, 1951

Order from Superintendent of Documents, Government Printing Office, Washington 25, D. C.

(1) Producer's Designation of Handler, in form prescribed or approved by CCC and signed by the grower, to act as the grower's representative in commingling the grower's wool with wool delivered by other growers, in pledging such wool to CCC as security for loans, in redemption of such wool from loans, and in receiving and distributing proceeds. Such document shall include a statement by the grower that he owned the sheep or lambs from which the wool covered thereby was shorn and that the title and beneficial interest in such wool is and has always been in him since the wool was shorn, and that such wool is free and clear of liens and encumbrances except those in favor of lienholders listed in the document and who have signed a lienholder's waiver in form prescribed or approved by CCC. The handler shall obtain such a document from each grower delivering wool (other than that covered by the pool documents described in subparagraphs (2) and (3) of this paragraph) to the handler, which may be pledged to CCC as security for an advance or nonrecourse loan.

(2) Producer's Designation of Pool Manager, in a form prescribed or approved by CCC and signed by the grower, to act as the grower's representative in a wool pool by delivering his and other growers' wool in the pool to the handler, by authorizing the handler to commingle and pledge such wool to CCC as security for loans and to exercise the power of redemption, and by receiving proceeds from the handler and distributing them to the grower members of the pool. This document shall include the same statements by the grower with respect to production of the wool, title and beneficial interests therein, and liens and encumbrances as is required in subparagraph (1) of this paragraph. The handler shall obtain from the pool manager a separate designation from each grower who contributed wool to the accumulation delivered by the pool manager, which may be pledged to CCC as security for an advance or nonrecourse loan.

(3) Pool Manager's Designation of Handler, in a form prescribed or approved by CCC and signed by the pool manager, to act as representative of grower members of the pool in commingling wool received from such pool together with wool owned by other growers, in pledging such commingled wool to CCC as security for loans, in redemption of such wool from loans, and in receiving proceeds and distributing them to the pool manager. The handler shall obtain a separate designation from the pool manager for each accumulation of wool delivered by him which may be pledged to CCC as security for an advance or nonrecourse loan.

(d) The wool must be free and clear of all liens and encumbrances.

(e) The wool must be stored in a warehouse approved by CCC.

(f) The wool must be handled in such manner that growers will receive loan proceeds based on the grade, quantity and quality of wool delivered unless the grower authorizes settlement on the basis of weight alone without regard to grade and quality.

(g) If wool is received from a pool of growers, the identity of each grower's lot must be maintained when the wool is delivered to the handler unless the growers have authorized settlement solely on the basis of the weight of wool delivered without regard to grade and quality.

(h) If wool is to be pledged as security for a nonrecourse loan, an appraisal or new appraisal, if applicable, of such wool must be requested not later than November 30, 1952.

(i) If wool is to be pledged as security for a nonrecourse loan, it must be packed in bags or bales.

(j) If California processing type wool (i. e., tags, defective fall and 8-months wool, and defective lamb's wool, produced in California) are to be pledged as security for a nonrecourse loan, they must be scoured or carbonized.

(k) If wool is to be pledged as security for a nonrecourse loan, the application for loan must be made not later than December 31, 1952.

INELIGIBLE WOOL

§ 672.304 *Liability.* If CCC, either before or after maturity of the note and sale of the collateral, determines that the handler pledged to it as security for a nonrecourse loan any wool which is ineligible under the program, that portion of the note or notes equal to the amount loaned by CCC on the ineligible wool pledged, according to its grade and quality, plus charges and accrued interest on such amount, shall become fully recourse. If CCC determines that it is impracticable to determine the grade and quality of, and amount loaned, with respect to the ineligible wool, the grade and quality of the ineligible wool so pledged shall be deemed to be equal to the average grade and quality of the lot or lots into which such ineligible wool was graded as determined by CCC. If CCC further determines that the handler fraudulently pledged such ineligible wool, the entire amount of the note or notes, plus charges and accrued interest, covering the lot or lots of wool into

which the ineligible wool was graded as determined by CCC, shall become fully recourse. Notwithstanding the fact that CCC may have purchased the collateral at a price equal to the amount of the loan (including charges and accrued interest) for the purpose of facilitating liquidation of the nonrecourse loan, the amount of the deficiency with respect to any nonrecourse loan, or portion thereof, which becomes fully recourse as a result of the pledging of ineligible wool, shall be the amount, if any, by which the amount of the loan (including charges and accrued interest), or such portion thereof, exceeds the market value of the collateral on the date of the liquidation sale, as determined by CCC. The handler shall not be held personally liable for the pledging of ineligibe wool as a result of fraudulent representations made by a producer or pool manager of which the handler had no knowledge when such ineligible wool was pledged to CCC as security for a loan. Nothing in this section shall be in derogation of any further rights of CCC or the United States against the handler, or any grower, pool manager, or other person, under any applicable federal statute or otherwise.

ADVANCE LOANS BY CCC

§ 672.305 *Advance loans*—(a) *Amount and maturity date.* The handler may obtain advance loans (i. e., recourse loans which CCC will make, under the terms and conditions set forth herein on wool prior to the time the wool is put in a merchantable condition for appraisal) from CCC in an amount not in excess of seventy (70) percent of the estimated appraisal value of the wool, as determined by the handler and accepted by CCC, pledged as security for the advance loan. The note covering any advance loan made under the program shall be payable on or before 5 months from the date of such note or December 15, 1952, whichever is earlier, and shall bear interest at the rate of 3½ percent per annum.

(b) *Application.* After wool is placed in a warehouse approved by CCC, the handler may apply for an advance loan from CCC on any quantity of wool, which requires further processing or preparation in order for a nonrecourse loan to be made thereon, by executing and delivering to the PMA Commodity Office in the area in which the wool is stored a note in form prescribed by CCC accompanied by warehouse receipts representing the wool pledged to CCC, and such other documents as CCC may specify.

(c) *Disbursement by CCC.* Upon receipt of the documents specified herein, in proper form and properly executed by the handler, the PMA Commodity Office shall promptly pay to the handler the amount of the loan.

(d) *Distribution of proceeds.* The handler shall within 20 days after receipt of the advance loan proceeds, distribute to the respective growers, or pool managers representing growers' pools, the full proceeds of the advance loan made on wool owned by such growers or the growers in such pools, less the amounts of any advances previously made to such growers or pool managers by the handler. In the event the amount due is not distributed within 20 days after the handler receives the advance loan proceeds, in addition to any rights which may accrue to CCC as a result of the handler's failure to distribute proceeds of the advance loan promptly, the handler shall include in the payment due each such grower or pool manager a payment for interest at the rate of 6 percent per annum on the amount due such grower or pool from the date on which the handler received the advance loan proceeds until the date when payment is made.

(e) *Repayment.* At any time on or before the maturity date of the note covering an advance loan, the handler may make application, in accordance with paragraph (a) of § 672.309, for a nonrecourse loan or loans on the wool pledged as security for the advance loan, showing in each such application the amount of advance loan or loans received by the handler on such wool and the date of disbursement of the proceeds of the note covering such advance loan or loans. If the nonrecourse loan is approved by CCC, CCC shall deduct from the gross proceeds of the nonrecourse loan or loans the respective amounts of the advance loan or loans received by the handler in connection with such wool and record payments of those respective amounts on the applicable note covering the advance loan or loans. Interest shall be computed on that part of the note covering the nonrecourse loan which represents repayment of an advance loan or loans, in whole or in part, from the date of disbursement of the proceeds of the note covering such advance loan or loans. The handler shall repay to CCC, at the time the nonrecourse loan is applied for, any amount by which the loan received by the handler with respect to such wool exceeds the gross loan proceeds due the handler under the nonrecourse loan, together with interest. If the note covering the advance loan is not repaid in its entirety as described in this paragraph before its maturity date, the handler shall pay to the PMA Commodity Office, not later than the maturity date of such note, the unpaid balance of such note plus interest at the rate of 3½ percent per annum.

APPRAISALS

§ 672.306 *Determination of appraisal value.* Wool must be in a warehouse approved by CCC and in merchantable condition before an appraisal is requested and the handler must make a written request, in form approved by CCC, for appraisal of wool not later than November 30, 1952. The Appraiser shall not be required to appraise wool unless the handler has accumulated an aggregate of at least 24,000 pounds of graded wool or 50 bags of original bag wool. Appraisals will be made only of lots consisting of at least 250 pounds of graded wool or 10 bags of original bag wool of uniform grade. Growers who have smaller quantities of wool may have such wool appraised by delivering it to a handler with authorization to grade or group it with similar wool received from other growers, to form a lot of the required size. The appraisal value of wool for the purpose of obtaining a nonrecourse loan from CCC under the program shall be based on:

(a) The grade, length, type, and classification of the wool as determined by one or more appraisers employed by the United States Department of Agriculture;

(b) The shrinkage as determined by the core-test method under the supervision of the United States Department of Agriculture unless CCC authorizes the shrinkage to be determined on the basis of an inspection by the Appraiser; and

(c) The value thereof as shown in the Schedule of Loan Values for Domestic Shorn Wool appearing in § 672.227 (17 F. R. 3262). If CCC determines that any wool offered for appraisal should be graded, scoured or carbonized, it may require the wool to be graded, scoured or carbonized before the appraisal is made. All California processing type wools shall be scoured or carbonized before appraisal.

§ 672.307 *Reappraisals.* The determination of appraisal value shall be subject to the right of a reappraisal upon written request by the handler to CCC not later than 15 days after the date of the Appraisal Certificate if such wool is available for reappraisal in the same warehouse and in the same quantity and state (i. e., grease, scoured or carbonized) as at the time of the original appraisal. Any such reappraisal shall be final.

§ 672.308 *New appraisals.* If, at the time the handler makes application for a nonrecourse loan, the wool is in the same warehouse in which it was stored at the time of appraisal and is in the same condition, the loan value shall be based on the value determined by the appraisal or reappraisal, whichever is applicable. If any part of the wool is removed from the warehouse (except with the specific written authorization of CCC), becomes damaged or the appraisal value thereof is otherwise altered, a new appraisal shall be required on any part of such wool which is still eligible for a nonrecourse loan. This provision, however, shall not be construed to require a new appraisal of the remaining part of such wool in cases where bags or bales of wool are sold from the lot, provided the handler maintains an accurate record of such withdrawals. Any request for a new appraisal must be made by the handler not later than November 30, 1952, and the wool will be subject to an appraisal charge as in the case of an original appraisal.

NONRECOURSE LOANS BY CCC

§ 672.309 *Nonrecourse loans*—(a) *Application.* At any time after wool has been appraised, but not later than December 31, 1952, and after such wool has been packed in bags or bales, the handler may make application for a nonrecourse loan (i. e., a nonrecourse loan with a maturity date of January 31, 1953, which CCC will make, under the terms and conditions set forth in this subpart, on wool that has been appraised) on such wool by executing and delivering to the PMA Commodity Office a note, in form prescribed by CCC, accompanied by warehouse receipts representing the wool, Appraisal Certificates, and such other documents as CCC may specify.

(b) *Delivery of note.* In the case of a note received by mail, the time of the postmark recorded by the Post Office Department on the envelope shall be deemed to be the time of delivery to CCC. In all cases where the note is not mailed or if mailed and the postmark is not recorded by the Post Office Department, the time when the note is received by the PMA Commodity Office shall be deemed to be the time of delivery.

(c) *Disbursement by CCC and maturity date.* Upon receipt of the documents specified in this subpart, in proper form and properly executed by the handler, the PMA Commodity Office shall promptly pay to the handler the gross loan proceeds computed in accordance with paragraph (b) of § 672.310, less any amount previously paid to the handler in accordance with § 672.305 as an advance loan with respect to such wool. The note covering any nonrecourse loan made under the program will be payable on or before January 31, 1953, together with interest at the rate of 3½ percent per annum.

§ 672.310 *Loan value*—(a) *Face value of note.* The face value of the note covering any nonrecourse loan made by CCC shall be the appraisal value of the wool pledged as security therefor, grease, scoured or carbonized basis, as the case may be (depending upon the state of the wool when appraised), less the deduction for freight, if applicable, specified in paragraph (b) (1) of this section. In the case of wool on which transit privileges or concentration privileges are protected at the point of storage, the note shall also include the amount due the handler under his agreement with CCC as reimbursement for inbound freight charges in connection with such wool.

(b) *Gross loan proceeds.* The amount to be disbursed to the handler as gross loan proceeds shall be the appraisal value of the wool pledged as security for the nonrecourse loan, grease, scoured, or carbonized basis, as the case may be (depending upon the state of the wool when appraised), less the following applicable charges:

(1) *Charge for freight.* On wool stored, at the time the nonrecourse loan is applied for in a warehouse located outside the Boston, Massachusetts, storage area (i. e., the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut), there shall be a charge for freight, based on gross shipping weight, as follows:

(i) The minimum carload rail freight rate or rail and water freight rate, whichever is the lower, from the point where the wool is stored to Boston, except in cases where transit privileges or concentration privileges are protected by the handler.

(ii) In cases where transit privileges or concentration privileges are protected by the handler and such privileges will be available to CCC, the minimum through carload rail freight rate or rail and water freight rate, whichever is the lower, from the grower's original shipping point to Boston plus the cost of applicable transit or concentration privileges and pick-up and delivery service.

(iii) In cases where water rates are used in computing the freight charge, there shall also be a charge to cover wharfage, and complete marine and war risk insurance.

(iv) Applicable federal transportation taxes shall be included in the freight charge.

(2) *Appraisal and reappraisal charge.* The grower or pool owning wool on which a nonrecourse loan is made by CCC shall be required to pay an appraisal charge of $\frac{1}{10}$ cent per pound in the case of grease wool or $\frac{5}{10}$ cent per pound in the case of scoured or carbonized wool and a reappraisal charge of the same amount in any case where the reappraisal confirms the results of the original appraisal.

§ 672.311 *Determination of weights.* All weights shall be taken by a responsible weighmaster, and the weight sheets shall be signed by the weighmaster and show the number and weight of each bag or bale of wool in the lot and the date on which the weights were taken. The weights prescribed in this section shall be reduced as a result of the withdrawal of bags or bales of wool from the lot after such weights are taken, and the weight sheets shall clearly show all such adjustments including the dates and quantities of withdrawals.

(a) *Grease wool.* The loan value of grease wool will be determined on the basis of weights taken not earlier than 5 days before the handler's request for appraisal of such wool. In the event a reappraisal is made in accordance with § 672.308, CCC will have the right to require that the weight of such wool be taken on or after the date on which core samples are drawn for the reappraisal and that the loan value be determined on the basis of such weight. Wool received in a wet or damp condition shall not be commingled with other wool until it is properly dried and the commingling is authorized by the Appraiser.

(b) *Scoured or carbonized wool.* The loan value of scoured or carbonized wool will be determined on the basis of the weights of the bags or bales taken by the scouring mill promptly upon completion of the processing. (These are the weights customarily taken by the scouring mill for preparing the scouring or carbonizing report.)

§ 672.312 *Distribution of proceeds of nonrecourse loan.* The handler shall, within 20 days after receipt of any nonrecourse loan proceeds from CCC, pay to each grower or pool manager the net nonrecourse loan value of the wool received from him after deducting the charges set forth in § 672.314. In cases where wool is commingled and the grower has given specific written authorization for the distribution of loan proceeds to him on the basis of weight without regard to the grade or quality of wool delivered by such grower, the handler or pool manager, as the case may be, may make payment of the net loan value on that basis. In all other cases where more than one grower or pool has contributed to a line of wool that is scoured or carbonized, the amount to be paid them shall be prorated among them on the basis of the quantity of wool each has in the line and on the basis of the length, quality (grade), shrinkage, and extent of the defect in each individual lot of wool as determined by the handler before scouring or carbonizing. In the event the amount due is not distributed to growers within 20 days after the handler receives loan funds, in addition to any rights which may accrue to CCC as a result of the handler's failure to distribute proceeds of the loan to growers promptly, the handler shall include in the payment due each grower or pool manager a payment for interest at the rate of 6 percent per annum on the amount due such producer or pool manager from the date on which the handler received the gross loan proceeds until the date payment is made.

§ 672.313 *Account of Loan Settlement.* When the handler makes payment of the net proceeds of nonrecourse loans on wool as set forth in § 672.312, he shall transmit to the person entitled thereto an Account of Loan Settlement in form approved by CCC. In cases where wool received from a single grower or pool is appraised separately, such Account of Loan Settlement shall be accompanied by a copy of the Appraisal Certificate. The handler shall show on the Account of Loan Settlement the grade, shinkage, weight, and appraisal value of each grade of such wool as shown by the Appraisal Certificate in the case of wool that has been grouped into lines. The handler shall identify such certificates by serial numbers.

§ 672.314 *Charges by handler.* The following are charges which, where applicable, may be deducted by the handler from the gross nonrecourse loan proceeds received by the handler in order to determine the net nonrecourse loan proceeds to be distributed to the growers or pool managers entitled thereto:

(a) *Charge for handling.* A charge for handling at not to exceed the following rates:

(1) Two cents per pound of grease wool, or 4 cents per pound of scoured or carbonized wool, in quantities of 5,000 pounds or more.

(2) Four and three-fourths cents per pound of grease wool, or 9½ cents per pound of scoured or carbonized wool, in quantities of less than 5,000 pounds: *Provided*, That in no instance shall the charge for a lot of less than 5,000 pounds exceed the maximum charge for a lot of 5,000 pounds as specified in subparagraph (1) of this paragraph. The aggregate quantity of wool received from each grower or each member of a pool and pledged to CCC as security for a loan shall be used for determining the applicable handling rate. Handling shall include weighing wool out of the warehouse, damage to bags and bale covers in core testing, the use of bags or bale covers utilized in the proper handling of wool that is pledged to or owned by CCC and remains in the custody of the handler, and all other services which the handler or pool manager renders or provides with respect to wool pledged to CCC

as security for a loan or wool to which CCC acquires title. Where the wool is received from a pool manager, the division of the handling charges as between the handler and the pool manager shall be as agreed upon by them.

(b) *Charge for grading.* Any wool for which the handler has provided grading shall be subject to a grading charge at a rate not in excess of 1¼ cents per pound of grease wool, in quantities of more than 1,000 pounds, or 2 cents per pound of grease wool, in quantities of 1,000 pounds or less, provided that in no instance shall the charge for a lot of 1,000 pounds or less exceed $12.50. The aggregate quantity of wool received from a single grower or pool manager and covered by a single Account of Loan Settlement shall be used for determining the applicable grading charge.

(c) *Charge for scouring and carbonizing.* Any wool scoured or carbonized shall be subject to a charge in an amount not to exceed the actual scouring or carbonizing costs paid or payable by the handler, including the cost of sorting the wool and transporting it from the warehouse to the scouring mill and, if necessary, from the scouring mill to the place of storage.

(d) *Charge for storage.* A storage charge from the date from which the handler provided storage through January 31, 1953: *Provided*, That, if the nonrecourse loan is repaid before the maturity date, the handler shall refund to each grower or pool manager any storage charges deducted for the period from the date of repayment of the loan through January 31, 1953. The storage charge shall be computed at rates not in excess of the following rates per month or fraction thereof: *Provided*, That in no event shall the rates on which the charge is based exceed the maximum rates determined under regulations of the Office of Price Stabilization for the warehouse in which such wool was stored:

[Rate in cents per hundredweight]

Type of wool	In compressed bales	Not in compressed bales
(1) For wool stored in Texas and New Mexico:		
Grease wool	5	7
Scoured or carbonized wool	7½	12½
(2) For wool stored elsewhere:		
Grease wool appraised under a territory or Texas classification	7	9
Grease wool appraised under a fleece wool classification	7	12
Scoured or carbonized wool	13	24

(e) *Warehouse in-charge.* A charge for receiving wool in the warehouse at not to exceed the lowest of the following rates for such services:

(1) Rate established in the storage tariff of the warehouse at which the wool is received;

(2) Twenty-five cents per bag of wool or 35 cents per bale of wool;

(3) Maximum rate determined under regulations of the Office of Price Stabilization for the warehouse in which the wool is received.

(f) *Advance.* Any amount previously advanced by the handler to the grower or pool manager.

§ 672.315 *Limitation on charges by handler.* The handler shall make no charges on wool on which CCC makes a nonrecourse loan which are not authorized by this subpart without the written approval of CCC unless the charge is authorized in writing by the grower entitled to the loan proceeds. In determining the amount due the grower, any charges in addition to those specified in §§ 672.310 and 672.314 shall be clearly itemized on the Account of Loan Settlement and shall be identified as charges specifically authorized by the grower.

§ 672.316 *Repayment of nonrecourse loans.* If the handler desires to repay all or part of a nonrecourse loan and to obtain the release of wool securing the amount repaid, he shall execute and file with the PMA Commodity Office a Redemption Request, in form approved by CCC, accompanied by payment of the amount repaid plus interest at the rate of 3½ percent per annum. The repayment and redemption of wool by the handler shall be based on the net weight of such wool used in determining the amount of the nonrecourse loan made thereon. Upon receipt of payment and the Redemption Request properly executed, CCC shall, in the case of full payment, release the note and applicable warehouse receipt to the handler, or, in the case of partial payment, apply the payment to the note and release the wool securing such note to the extent of the partial payment. In the event the note is paid in whole or in part before January 31, 1953, the handler shall immediately refund to the growers entitled thereto with respect to the wool that is redeemed any storage charges withheld from the grower's loan proceeds for the period from the date of repayment through January 31, 1953.

GROWER POOLS

§ 672.317 *Wool received by handler from pools.* With respect to all wool received by the handler from any grower pool, the identity of the wool contributed to the pool by each grower-member shall be maintained until such wool is received by the handler, who shall handle the wool owned by each grower-member in the same manner as is required by this bulletin with respect to growers who are not members of pools, except that, if any grower-member of the pool has given specific written authorization for the distribution of loan proceeds to him on the basis of weight without regard to the grade or quality of wool delivered by such grower, the pool manager may commingle the wool before delivering it to the handler. The handler shall distribute to the pool manager on behalf of the grower-members of the pool, in accordance with paragraph (d) of § 672.305 or § 672.312, as the case may be, the proceeds of any loan made by CCC and, in accordance with paragraph (d) of § 672.318, the amount of any overplus received from CCC. The pool manager shall distribute to grower-members of the pool any loan proceeds received from the handler within 20 days after such receipt and any overplus payment within 90 days after such payment is received from the handler. If such distribution is not made within such respective periods, the pool manager shall include in the payment due each grower-member interest at the rate of 6 percent per annum on the amount due such grower from the date on which the pool manager received the loan proceeds or other payment, as the case may be, until the date when payment to the grower-member is made.

LIQUIDATION OF LOANS NOT REPAID BY MATURITY DATE

§ 672.318 *Liquidation of unpaid loans.*—(a) *General.* In the event the handler does not, on or before maturity, repay the full amount, including accrued interest, of any advance or nonrecourse loan, CCC shall have the right to sell the pledged collateral in accordance with the provisions of the applicable note, and CCC may become the purchaser at such sale.

(b) *Advance loans.* If CCC purchases the collateral securing an advance loan, CCC shall pay the market value of the collateral on the date of sale, as determined by it. The handler shall be liable to CCC for any deficiency resulting from the unpaid amount of the loan, including charges and accrued interest, being in excess of the net proceeds of the sale. Any overplus resulting from the net proceeds of the sale exceeding the unpaid amount of the loan, including charges and accrued interest, shall be paid to the handler for distribution to growers.

(c) *Nonrecourse loans.* The handler shall not be liable for any deficiency resulting from the unpaid amount of any nonrecourse loan, including charges and accrued interest, being in excess of the net proceeds of the sale of the collateral except in accordance with § 672.304. Any overplus resulting from the net proceeds of the sale exceeding the unpaid amount of the loan, including charges and accrued interest, shall be paid to the handler for distribution to growers.

(d) *Distribution of overplus to growers.* The handler shall pay the full amount of any overplus received from CCC to the respective growers or pool managers according to the respective interests of the growers, including pool members, in the wool with respect to which the overplus was paid by CCC. The method of determining the share of each grower shall be the same as that used in accordance with this subpart, in distributing to growers, including pool members, the proceeds of the loan with respect to which such overplus was paid by CCC. If payment of the overplus to such growers or pool managers is not completed within 90 days after such overplus is received by the handler, in addition to any rights which may accrue to CCC as a result of the handler's failure to make proper payments, the handler shall include in the payment to each grower or pool manager interest at the rate of 6 percent per annum on the amount due such grower or pool manager from the date on which the handler received the amount of the overplus until the date payment is made.

APPRAISAL CHARGES ON WOOL APPRAISED BUT ON WHICH LOAN IS NOT MADE BY CCC

§ 672.319 *Appraisal and reappraisal charges.*—(a) *Amount.* All wool on which an appraisal is requested shall be subject to a charge for the appraisal of $\frac{1}{10}$ cent per pound, in the case of grease wool, or $\frac{5}{10}$ cent per pound, in the case of scoured or carbonized wool, unless the handler notifies CCC in writing before any of the appraisal operations are commenced that the wool is not to be appraised or unless the wool is not appraised because the handler does not follow the instructions of the Appraiser to grade, regrade, scour, and/or carbonize the wool before submitting it for appraisal. Similarly, all wool on which a reappraisal is requested shall be subject to a reappraisal charge of $\frac{1}{10}$ cent per pound, in the case of grease wool, or $\frac{5}{10}$ cent per pound, in the case of scoured or carbonized wool, if the reappraisal confirms the results of the original appraisal.

(b) *Remittance to CCC.* If the handler does not obtain a nonrecourse loan on all or any part of such wool on or before December 31, 1952, or if a new appraisal is required under § 672.308, the handler shall be responsible for the original appraisal and reappraisal charges and shall on or before December 31, 1952, remit to the PMA Commodity Office the amount of any charges due.

INSURANCE AND RISK OF LOSS

§ 672.320 *Insurance and risk of loss.*—(a) *Advance loans.* The handler shall, during the period that wool is pledged to CCC as security for an advance loan, insure such wool, in his own name and without cost to CCC, against loss or damage by fire, lightning, windstorm, tornado, flood, rainstorm, water damage, and any other hazards normally insured against for wool, in an amount not less than the handler's estimate of the appraisal value of such wool used in determining the amount of the advance loan.

(b) *Nonrecourse loans.* Unless directed in writing to do so by CCC, the handler shall not be obligated to insure wool that is pledged to CCC as security for a nonrecourse loan after disbursement of the nonrecourse loan proceeds by CCC. If CCC determines at any time that the storage conditions of any wool pledged to it as security for a nonrecourse loan are such that the additional protection of insurance is necessary, the handler, upon written notice by CCC, shall insure such wool, in his own name and without cost to CCC, against loss or damage from such of the hazards described in paragraph (a) of this section, as CCC directs, and in an amount not less than the appraisal value of the wool. So long as the handler has not been directed by CCC to insure wool pledged to it as security for nonrecourse loans, CCC shall assume the risk, up to the amount of the loan plus accrued interest, of any uninsured physical loss of, or damage to, the wool after disbursement of the loan proceeds by CCC, resulting solely from an external cause other than insect infestation or vermin, if CCC has been given immediate notice in writing of such loss or damage, if such loss or damage occurred without fault, negligence, conversion, or theft of the grower, pool manager, handler, or of any public or private warehouseman, carrier, or other person in whose custody the handler placed the wool, and if there has been no fraudulent representation made by the grower, pool manager, or handler in connection with obtaining the loan. CCC shall not be responsible for loss of, or damage to, any wool prior to the disbursement of the nonrecourse loan proceeds with respect to such wool. Where disbursement of loan proceeds is made by draft or check, the date of the draft or check shall constitute the date of disbursement of the proceeds.

(c) *Loss or damage.* In the event of any loss of or damage to wool pledged to CCC, or to the warehouse or other structure containing such wool, whether or not much loss was insured against, the handler shall immediately notify CCC and the growers or pool manager who delivered such wool to the handler and, if the handler is required by the terms of his agreement with CCC to carry insurance on the wool so lost or damaged, he shall collect any insurance proceeds due and pay such insurance proceeds to CCC after first satisfying any equity the growers may have in such wool as determined by CCC. In the event the handler or other person in whose custody he has placed the wool insures wool when not required under paragraphs (a) and (b) of this section, or insures wool against hazards not required thereunder, such insurance shall inure to the benefit of CCC and the growers owning the wool, as their interests may appear.

GENERAL

§ 672.321 *Transfer in interest under loan.* CCC shall have the right to impose such restrictions upon the transfer by the handler of any right, title or interest of the grower in or to any wool while it is pledged to CCC as it determines are desirable to effectuate the purposes of the 1952 Wool Price Support Program.

§ 672.322 *Contractual rights.* Nothing in this subpart shall change or affect the contractual rights and obligations under the wool handling agreements entered into by and between CCC and the handlers.

Issued this 6th day of August 1952.

[SEAL] W. E. UNDERHILL,
Acting Vice President, Commodity Credit Corporation.

Approved:

HAROLD K. HILL,
Acting President,
Commodity Credit Corporation.

[F. R. Doc. 52-8849; Filed, Aug. 8, 1952; 8:55 a. m.]

PART 672—WOOL

SUBPART—1952 WOOL PRICE SUPPORT PROGRAM (PULLED WOOL)

This bulletin states the requirements with respect to the 1952 Wool Price Support Program for pulled wool formulated by Commodity Credit Corporation (hereinafter referred to as "CCC") and the Production and Marketing Administration (hereinafter referred to as "PMA").

PROGRAM OPERATION

Sec.
672.351 Administration.

ELIGIBILITY

672.352 Eligible persons.
672.353 Eligible wool.

INELIGIBLE WOOL

672.354 Liability.

APPRAISALS

672.355 Determination of appraisal value.
672.356 Reappraisals.
672.357 New appraisals.

PURCHASES BY CCC

672.358 Agreement to purchase.
672.359 Payment of purchase price.
672.360 Purchase price.
672.361 Determination of weights.
672.362 Payment of purchase price to pullery.
672.363 Account sales.
672.364 Passage of title.
672.365 Risk of loss.

APPRAISAL CHARGES ON WOOL APPRAISED BUT NOT SOLD TO CCC

672.366 Appraisal and reappraisal charges.

GENERAL

672.367 Contractual rights.

AUTHORITY: §§ 672.351 to 672.367 issued under sec. 4, 62 Stat. 1070, as amended; 15 U. S. C. Sup., 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 201, 401, 63 Stat. 1051, 1054; 15 U. S. C. Sup., 714c, 7 U. S. C. Sup., 1446, 1421.

PROGRAM OPERATION

§ 672.351 *Administration.* The program will be carried out by PMA under the general supervision and direction of the President of CCC and in accordance with the bylaws of CCC. Prices of pulled wool will be supported by means of purchases made from pullers who enter into agreements with CCC to store, handle and sell wool for the account of CCC or from pulleries through wool dealers who enter into agreements with CCC to purchase, store, handle and sell wool for the account of CCC (such pullers and wool dealers are hereinafter referred to as "handlers"). In the field, the program will be administered through PMA Commodity Offices. Names of approved handlers may be obtained from PMA Commodity Offices. PMA Commodity Offices and State and County PMA Committees do not have authority to modify or waive any of the provisions of this subpart or any amendments or supplements thereto.

ELIGIBILITY

§ 672.352 *Eligible persons.* Pulled wool will be purchased through handlers from pulleries or directly from handlers who are pullers having agreements with CCC.

§ 672.353 *Eligible wool.* Eligible wool shall be wool which meets the following requirements:

(a) The wool must have been removed from the skins of sheep or lambs after slaughter, which have been raised in the continental United States or territories.

(b) The wool must be packed in new bags or bale covers or No. 1 used bags or bale covers that have been disinfected of moth eggs or larvae.

(c) The wool must be wool which does not consist of or contain samples left from wool sold in the open market, vat wool, machine wool, mohair, horse hair, sisal, improperly scoured wool, or any type of wool or foreign matter rejected by the Appraiser.

(d) If the wool is purchased through a handler who is not a puller, it must have been received by the handler from the pullery.

(e) If the wool is purchased through a handler who is not a puller, it must be covered by a statement, which must be preserved in the handler's records, signed by the pullery authorizing the handler to act as the pullery's representative in selling such wool to CCC and certifying that such wool was removed by the pullery from the skins of sheep or lambs raised in the continental United States or territories, that title and beneficial interest in such wool are and have always been in the pullery since the wool was so removed, and that such wool is free and clear of any and all liens and encumbrances.

(f) The wool must meet the other applicable requirements set forth in this subpart.

INELIGIBLE WOOL

§ 672.354 *Liability.* If the handler sells to CCC any wool which is ineligible under the program, as determined by CCC, the handler shall pay to CCC, as liquidated damages, a sum computed at the rate of 10 cents per pound of ineligible grease wool and 15 cents per pound of ineligible scoured or carbonized wool thus sold. A handler who is not a puller shall not be held personally liable for the sale of ineligible wool to CCC as a result of fraudulent representations made by the pullery which delivered such wool to the handler, of which the handler had no knowledge when such ineligible wool was sold to CCC; but in any such case the handler shall exercise reasonable efforts, as directed by CCC, to collect from the pullery and remit to CCC the amount of its damages calculated at the rates specified in this section. Nothing in this section shall be in derogation of any further rights of CCC or the United States against the handler, pullery, or other person under any applicable Federal statute or otherwise.

APPRAISALS

§ 672.355 *Determination of appraisal value.* Wool must be in a warehouse approved by CCC and in merchantable condition before an appraisal is requested and the handler must make a written request, in form approved by CCC, for appraisal of the wool not later than November 30, 1952. The Appraiser shall not be required to appraise wool unless it is in lots of not less than 10,000 pounds of grease wool of the main grades (clear white and stained wools of 50's quality and above), in lots of not less than 5,000 pounds of grease wool of the other grades, and in lots of not less than 2,500 pounds of scoured or carbonized wool irrespective of grade; and the aggregate quantity of grease wool on which an appraisal is requested shall be not less than 25,000 pounds. The appraisal value of wool offered to CCC under this program shall be based on:

(a) The grade, length, type, and classification of the wool as determined by one or more Appraisers employed by the United States Department of Agriculture;

(b) The shrinkage as determined by the core-test method under the supervision of the United States Department of Agriculture unless CCC authorizes the shrinkage to be determined on the basis of an inspection by the Appraiser; and

(c) The value thereof as shown in the Schedule of Purchase Values for Pulled Domestic Wool appearing in § 672.228 (17 F. R. 3263).

If CCC determines that any wool offered for appraisal should be scoured or carbonized, it may require the wool to be scoured or carbonized before the appraisal is made.

§ 672.356 *Reappraisals.* The determination of appraisal value shall be subject to the right of a reappraisal upon written request by the handler to CCC not later than 15 days after the date of the Appraisal Certificate if such wool is available for reappraisal in the same warehouse and in the same quantity and state (i. e., grease, scoured or carbonized) as at the time of the original appraisal. Any such reappraisal shall be final.

§ 672.357 *New appraisals.* If, after wool is appraised or reappraised, any part of it is removed from the warehouse (except with the specific written authorization of CCC), becomes damaged, or the appraisal value thereof is otherwise altered, a new appraisal shall be required on any part of such wool which is still eligible before it is sold to CCC. This provision, however, shall not be construed to require a new appraisal of the remaining part of such wool in cases where bags or bales of wool are sold from the lot or selling samples are removed from bags or bales in the lot, provided the handler maintains an accurate record of such withdrawals. Any request for a new appraisal must be made by the handler not later than November 30, 1952, and the wool will be subject to an appraisal charge as in the case of an original appraisal.

PURCHASES BY CCC

§ 672.358 *Agreement to purchase.* CCC will purchase, subject to the terms and conditions set forth in this subpart, any eligible wool tendered to it on the basis of the appraisal or reappraisal, whichever is applicable: *Provided*, That, at the time the handler requests payment of the purchase price, the wool is in the same warehouse and in the same condition as at the time of appraisal: *And provided further*, That the handler shall refund to CCC the full purchase price on any wool which is lost, destroyed, or damaged before the date of payment of the purchase price to the handler by the PMA Commodity Office (see § 672.365).

§ 672.359 *Payment of purchase price.* (a) *Request for payment.* At any time after wool has been appraised or reappraised, but not later than December 31, 1952, the handler may notify CCC of the election to sell such wool to CCC by executing and delivering to the PMA Commodity Office a Request for Payment, in form prescribed by CCC, accompanied by such documents as CCC may prescribe.

(b) *Delivery of request for payment.* In the case of a Request for Payment received by mail, the time of the postmark recorded by the Post Office Department on the envelope shall be deemed to be the time of delivery to CCC. In all cases where the Request for Payment is not mailed, or if mailed and the postmark is not recorded by the Post Office Department, the time when the Request for Payment is received by the PMA Commodity Office shall be deemed to be the time of delivery.

(c) *Payment by CCC.* Upon receipt of the documents specified, in proper form and properly executed by the handler, the PMA Commodity Office will promptly pay to the handler the purchase price of such wool computed in accordance with § 672.360.

§ 672.360 *Purchase price.* The purchase price paid by CCC for wool sold to it under this program will be the appraisal value thereof, grease, scoured, or carbonized basis, as the case may be, less the following applicable charges:

(a) *Charge for freight.* In the case of wool which is sold to CCC while it is stored in a warehouse located outside the Boston, Massachusetts, storage area (i. e., the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, and Connecticut), there shall be a charge for freight based on the gross shipping weight, as follows:

(1) The minimum carload rail freight rate or rail and water freight rate, whichever is lower, from the point where the wool is stored to Boston.

(2) In cases where water rates are used in computing the freight charge, there shall also be a charge to cover wharfage, and complete marine and war risk insurance.

(3) Applicable Federal transportation taxes shall be included in the freight charge.

(b) *Appraisal and reappraisal charge.* The handler selling wool to CCC shall be required to pay an appraisal charge of $\frac{1}{10}$ cent per pound, in the case of grease wool, and $\frac{5}{10}$ cent per pound, in the case of scoured or carbonized wool, and a reappraisal charge of the same amount in any case where the reappraisal confirms the results of the original appraisal.

§ 672.361 *Determination of weights.* All weights shall be taken by a responsible weighmaster, and the weight sheets shall be signed by the weighmaster and show the number and weight of each bag or bale of wool in the lot and the date on which the weights were taken. The weights prescribed in this section shall be reduced as a result of the withdrawal of selling samples from the bags or bales and the withdrawal of entire bags or bales of wool from the lot after such weights are taken, and the weight sheets shall clearly show all such adjustments including the dates and quantities of withdrawals.

(a) *Grease wool.* All purchases of grease wool will be on the basis of weights taken within 5 days before or within 5 days after the date core samples are drawn or the date scheduled by CCC for taking core samples. In the event a reappraisal is made in accordance with § 672.356, CCC will have the right to require that the weight of such wool be taken on or after the date on which core samples are drawn for the reappraisal and that the purchase by CCC be made on the basis of such weight.

(b) *Scoured or carbonized wool.* All scoured or carbonized wool will be purchased by CCC on the basis of the weights of the bags or bales taken by the scouring mill promptly upon completion of the processing. (These are the weights customarily taken by the scouring mill for preparing the scouring or carbonizing report.)

§ 672.362 *Payment of purchase price to pullery.* When wool is purchased from a pullery which has not signed an agreement with CCC, the handler will, within 20 days after receiving the purchase price from CCC, pay to the pullery the purchase price of such wool, less any amount agreed upon between the handler and the pullery as the handling charge; except that such charge shall not exceed $1\frac{3}{4}$ cents per pound of grease wool or $2\frac{1}{4}$ cents per pound of scoured or carbonized wool. In the event the purchase price, less the applicable handling charge, is not paid to the pullery within 20 days after the handler receives the purchase price, in addition to any rights which may accrue to CCC as a result of the handler's failure to pay such amount to the pullery promptly, the handler shall add to the amount due the pullery a payment for interest at the rate of 6 percent per annum on the amount due from the date the handler received the purchase price until the date payment is made to the pullery.

§ 672.363 *Account sales.* When the handler makes payment for wool that is purchased from a pullery which does not have an agreement with CCC, he shall transmit to the pullery an Account Sale in form approved by CCC, accompanied by a copy of the Appraisal Certificate.

§ 672.364 *Passage of title.* Title to wool purchased by CCC will pass to CCC upon the date of payment of the purchase price to the handler in accordance with § 672.362, except that title shall not so pass on any wool which is lost, destroyed, or damaged prior to the date of such payment of the purchase price (see § 672.365).

§ 672.365 *Risk of loss.* CCC will not be responsible for loss of or damage to any wool prior to the date of payment of the purchase price to the handler as provided in paragraph (c) of § 672.359. Where payment of the purchase price is made by draft or check, the date of the draft or check shall constitute the date of payment of the purchase price.

APPRAISAL CHARGES ON WOOL APPRAISED BUT NOT SOLD TO CCC

§ 672.366 *Appraisal and reappraisal charges.*—(a) *Amount.* All wool on which an appraisal is requested shall be subject to a charge for the appraisal of $\frac{1}{10}$ cent per pound, in the case of grease wool, or $\frac{5}{10}$ cent per pound, in the case of scoured or carbonized wool, unless the handler notifies CCC in writing before any of the appraisal operations are commenced that the wool is not to be appraised or unless the wool is not appraised because the handler does not follow the instructions of the appraiser to scour and/or carbonize the wool before submitting it for appraisal. Similarly, all wool on which a reappraisal is requested shall be subject to a reappraisal charge of $\frac{1}{10}$ cent per pound, in the case of grease wool, or $\frac{5}{10}$ cent per pound, in the case of scoured or carbonized wool, if the reappraisal confirms the results of the original appraisal.

(b) *Remittance to CCC.* If CCC is not notified of the election to sell the wool to CCC within the period specified in paragraph (a) of § 672.359 or if a new appraisal is required under § 672.357, the handler shall be responsible for the original appraisal and reappraisal charges and shall on or before December 31, 1952, remit to the PMA Commodity Office the amount of any charges due.

GENERAL

§ 672.367 *Contractual rights.* Nothing in this subpart shall change or affect the contractual rights and obligations under the Wool Handler's Agreements (Pulled Wool) or Wool Puller Agreements entered into by and between CCC and the handlers.

Issued this 6th day of August 1952.

[SEAL] W. E. UNDERHILL,
Acting Vice President,
Commodity Credit Corporation.

Approved:

HAROLD K. HILL,
Acting President,
Commodity Credit Corporation.

TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

[Bulletin NSCP-1701]

PART 706—NAVAL STORES CONSERVATION PROGRAM

SUBPART—1953

Payments will be made for participation in the 1953 Naval Stores Conservation Program (hereinafter referred to as "this program") in accordance with the provisions of this bulletin and such modifications thereof as may hereafter be made. Payments are predicated upon the economic use and conservation of soil and timber resources on turpentine farms, and computed on the faces in the tract or drift where an approved conservation practice is carried out.

This program provides for payments for conservation practices only on turpentine farms having tracts or drifts of faces which were installed during, or after, the 1949 season.

GENERAL PROVISIONS

Sec.
706.401 Required performance.
706.402 Inspection assistance.
706.403 Fire protection.

CONSERVATION PRACTICES AND RATES OF PAYMENT

706.410 Conservation practices and rates of payment.
706.411 Cupping only trees 9 inches or over d. b. h.; 2 cents per face.
706.412 Continuation of working faces on trees 9 inches or over d. b. h.; ½ cent per face.
706.413 Cupping only trees 10 inches or over d. b. h.; 3½ cents per face.
706.414 Continuation of working faces on trees 10 inches or over d. b. h.; 2 cents per face.
706.415 Cupping only trees 11 inches or over d. b. h.; 4½ cents per face.
706.416 Continuation of working faces on trees 11 inches or over d. b. h.; 2½ cents per face.
706.417 Restricted cupping; 5 cents per face.
706.418 Continuation of restricted cupping practice; 2½ cents per face.
706.419 Selective cupping; 7 cents per face.
706.420 Continuation of selective cupping practice on selected trees; 3 cents per face.
706.421 Bark chipping; 2 cents per face.
706.422 Pilot plant tests; 8 cents or 11 cents per face.

GENERAL PROVISIONS RELATING TO PAYMENTS

706.423 Increase in small payments.
706.424 Maintenance of practices.
706.425 Practices defeating purposes of programs.
706.426 Payment computed and made without regard to claims.
706.427 Assignments.
706.428 Death, incompetency, or disappearance of producer.
706.429 Payments limited to $2,500.
706.430 Evasion.

APPLICATION FOR PAYMENT

706.431 Persons eligible to file applications.
706.432 Time and manner of filing applications and information required.

APPEALS

706.433 Appeals.

DEFINITIONS

706.434 Definitions.

AUTHORITY AND AVAILABILITY OF FUNDS, APPLICABILITY AND ADMINISTRATION

706.435 Authority.
706.436 Availability of funds.
706.437 Applicability.
706.438 Administration.

AUTHORITY: §§ 706.401 to 706.438 issued under sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interpret or apply secs. 7-17, 49 Stat. 1148, as amended; 16 U. S. C. 590g-590q.

GENERAL PROVISIONS

§ 706.401 *Required performance.* Each participating producer shall, on every turpentine farm owned or operated by him during the 1953 turpentine season, carry out one of the approved conservation practices in every tract or drift of faces that were installed during the 1949, 1950, 1951, 1952,

or 1953 season, unless the Forest Service approves face installations made without carrying out a conservation practice. In cases where such approval is given for specific tracts or drifts of the turpentine farm, no payment will be made for any faces in such tracts or drifts.

§ 706.402 *Inspection assistance.* Each producer shall assist representatives of the Forest Service in the administration of this program by:

(a) Giving them free access to his turpentine farm or farms;

(b) Counting all faces and keeping written records thereof separately by tracts and drifts;

(c) Furnishing count records and satisfactory evidence of control of faces to the local inspector (area forester) when requested;

(d) Furnishing information on burned areas, cutting operations, and interest in other turpentine farms as requested;

(e) Furnishing competent labor to assist the local inspector (area forester) in counting faces;

(f) Submitting an application for payment (Form NSCP 1703) and other prescribed forms;

(g) Notifying the Forest Service promptly of any change in ownership or control; and

(h) Otherwise facilitating the work of the inspector (area forester) in checking compliance with the terms and conditions of this program.

§ 706.403 *Fire protection.* Each producer shall cooperate with any existing cooperative fire control system serving the general area where his turpentine farm is located, unless he is otherwise following approved forest fire protection on his turpentine farm.

CONSERVATION PRACTICES AND RATES OF PAYMENT

§ 706.410 *Conservation practices and rates of payment.* No tract or drift can qualify for payment under more than one conservation practice other than provided for under § 706.421. No tract or drift having virgin faces installed can qualify for a payment unless the shoulder of the first streak on any face on a round tree which is not deformed is less than 18 inches from the ground. In each of the practices the faces are to be worked sufficiently to obtain at least one dipping of gum.

§ 706.411 *Cupping only trees 9 inches or over d. b. h.; 2 cents per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts having only virgin working faces, i. e., faces installed for the first working during the 1953 season.

(b) *Performance.* Trees on which faces are installed shall be selected in a manner that will result in having no faces (except back faces on trees having a worked-out face) on trees which are less than 9 inches d. b. h. and only one face on trees less than 14 inches d. b. h.: *Provided*, That the installation of two cups on trees less than 14 inches d. b. h. in any tract or drift may be approved by the Forest Service as meeting the performance requirements of this paragraph where the Forest Service has determined such action conforms to sound forest conservation practice. If faces have been installed contrary to these performance requirements, the cups and tins for such faces shall be removed within 30 days after being discovered unless a longer period of time for their removal is approved by the Forest Service.

§ 706.412 *Continuation of working faces on trees 9 inches or over d. b. h.; ½ cent per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts having faces installed during the 1949, 1950, 1951 or 1952 season, together with any new faces that may have been installed within such tracts or drifts during the 1953 season.

(b) *Performance.* With the exception of back faces on trees having a worked-out face, the only faces that may be continued as working faces are those on trees which are at least 9 inches d. b. h., and not more than one face may be continued on any tree which is less than 14 inches d. b. h.: *Provided, however*, That faces installed during or after the 1949 season which do not meet the above requirements but were approved for payment under a previous program, will be accepted under this practice if such faces are still being worked in 1953. If faces have been installed contrary to the requirements, the cups and tins on such faces shall be removed within 30 days after being discovered, unless a longer period of time for their removal is approved by the Forest Service.

§ 706.413 *Cupping only trees 10 inches or over d. b. h.; 3½ cents per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts having only virgin working faces, i. e., faces installed for the first working during the 1953 season.

(b) *Performance.* Trees on which faces are installed shall be selected in a manner that will result in having no working faces on round trees which are less than 10 inches d. b. h. and only one face on trees less than 14 inches d. b. h.: *Provided*, That the installation of two cups on trees less than 14 inches d. b. h. in any tract or drift may be approved by the Forest Service as meeting the performance requirements of this paragraph where the Forest Service has determined such action conforms to sound forest conservation practice. If faces have been installed contrary to these performance requirements, the cups and tins for such faces shall be removed within 30 days after being discovered unless a longer period of time for their removal is approved by the Forest Service.

§ 706.414 *Continuation of working faces on trees 10 inches or over d. b. h.; 2 cents per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts which met the requirements described in § 706.413 in 1950, 1951 or 1952.

(b) *Performance.* New faces installed on any trees in these tracts or drifts will disqualify the tracts or drifts for payment under this practice. If, however, new faces have been installed on any trees, the entire tracts or drifts will be considered only for qualification under the provisions of § 706.412. There may be withheld or required to be refunded, 2 cents per face for each face in the tracts or drifts in which such installation occurs and for which a payment was made in 1950, 1951 or 1952.

§ 706.415 *Cupping only trees 11 inches or over d. b. h.; 4½ cents per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts having only virgin working faces, i. e., faces installed for the first working during the 1953 season.

(b) *Performance.* Trees on which faces are installed shall be selected in a manner that will result in having no working faces on round trees which are less than 11 inches d. b. h. and only one face on trees less than 14 inches d. b. h.: *Provided*, That the installation of two cups on trees less than 14 inches d. b. h. in any tract or drift may be approved by the Forest Service as meeting the performance requirements of this paragraph where the Forest Service has determined such action conforms to sound forest conservation practice. If upon inspection it is found that round trees are cupped below 11 inches d. b. h., the producer may qualify for practices described in § 706.411 or § 706.413.

§ 706.416 *Continuation of working faces on trees 11 inches or over d. b. h.; 2½ cents per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts which met the requirements described in § 706.415 in 1949, 1950, 1951 or 1952.

(b) *Performance.* New faces installed on any trees in these tracts or drifts which earned a payment for the 11 inches cupping practice will disqualify the tracts or drifts for payment under this practice. If, however, new faces have been installed on any trees, the entire tracts or drifts will be considered for qualification only under the provisions of § 706.412. There may be withheld or required to be refunded 2½ cents per face for each face in the tracts or drifts in which such installation occurs and for which payment was made in 1949, 1950, 1951 or 1952.

§ 706.417 *Restricted cupping; 5 cents per face*—(a) *Payment.* This practice limits the installation of new 1953 virgin faces to previously worked trees.

(b) *Performance.* Trees on which faces are installed shall be selected in a manner that will result in having no faces on round trees. If, upon inspection, it is found that this requirement is not met, tracts or drifts may qualify for payment under the practice specified in §§ 706.411, 706.413 or 706.415.

§ 706.418 *Continuation of restricted cupping or selective recupping practices; 2½ cents per face*—(a) *Payment.* Payment for this practice is limited to those tracts or drifts which qualified for the restricted cupping or selective recupping practices in 1950, 1951 or 1952.

(b) *Performance.* New faces installed on any trees in these tracts or drifts which earned a payment for the restricted cupping or selective recupping practices will disqualify the tracts or drifts for payment under this practice. If, however, new faces have been installed on any trees, the entire tract or drift will be considered for qualification only under the provisions in § 706.412. There may be withheld or required to be refunded 3 cents per face for each face in the tracts or drifts in which such installation occurs and for which a payment was made in the 1950, 1951, or 1952 program.

§ 706.419 *Selective cupping; 7 cents per face.* Only trees which should be removed to improve the timber stand will be cupped

(a) *Payment.* Payment for this practice is limited to tracts or drifts having only virgin working faces, i. e., faces installed for the first working during the 1953 season.

(b) *Performance.* Trees on which faces are installed shall be selected in a manner that will result in leaving well distributed over the area at least as many round trees 9 inches or more d. b. h. uncupped as are cupped. The working area shall have a minimum of 25 uncupped round trees per acre which are 9 inches or more d. b. h. when these requirements are not met, the area will be considered for qualification under one of the diameter cupping practices as specified in §§ 706.411, 706.413 or 706.415.

§ 706.420 *Continuation of selective cupping practice on selected trees; 3 cents per face*—(a) *Payment.* Payment for this practice is limited to those tracts or drifts which qualified for the selective cupping practice in the 1949, 1950, 1951 or 1952 program.

(b) *Performance.* New faces installed on round trees in these tracts or drifts will disqualify the tracts or drifts for payment under this practice. If however, new faces have been installed on round trees the entire tract or drift will be considered for qualification only under the provisions of § 706.412. There may be withheld or required to be refunded 4 cents per face for each face in the tracts or drifts in which such installation occurs, and for which a payment was made in 1949, 1950, 1951 and 1952 program.

§ 706.421 *Bark chipping; 2 cents per face*—(a) *Payment.* Payment for this practice is limited to tracts or drifts having only virgin working faces, i. e., faces installed for the first working during the 1953 season as provided for under §§ 706.411, 706.413, 706.415, 706.417, 706.419, or 706.422. This payment is in addition to that authorized for meeting the requirements of §§ 706.411, 706.413, 706.415, 706.417, 706.419, or 706.422.

(b) *Performance.* Trees on which faces are installed shall be chipped in a manner that will result in removing only the bark down to the wood. This payment is conditioned on the continuation of the bark chipping method throughout the life of the face in accordance with § 706.424.

§ 706.422 *Pilot plant tests; 8 cents or 11 cents per face*—(a) *Payment.* Payment for this practice will be limited to a small number of producers who are selected by the Forest Service to conduct controlled experiments in new methods and equipment for gum production. The 8 cents per face payment will apply to faces which meet the requirements of § 706.411 or § 706.412. The 11 cents per face payment will apply to faces which meet the requirements of §§ 706.413, 706.414, 706.415, 706.416, 706.417, 706.418, 706.419, or 706.420.

(b) *Performance.* The experiments are to be carried out in accordance with provisions prescribed by the Forest Service.

GENERAL PROVISIONS RELATING TO PAYMENTS

§ 706.423 *Increase in small payments.* The total payment computed for any producer with respect to his turpentine farm shall be increased as follows: (a) Any payment amounting to 71 cents or less shall be increased to $1.00; (b) any payment amounting to more than 71 cents but less than $1.00 shall be increased by 40 percent; (c) any payment amounting to $1.00 or more shall be increased in accordance with the following schedule:

Amount of payment computed	Increase in payment	Amount of payment computed	Increase in payment
$1.00 to $1.99	$0.40	$32.00 to $32.99	$10.40
$2.00 to $2.99	.80	$33.00 to $33.99	10.60
$3.00 to $3.99	1.20	$34.00 to $34.99	10.80
$4.00 to $4.99	1.60	$35.00 to $35.99	11.00
$5.00 to $5.99	2.00	$36.00 to $36.99	11.20
$6.00 to $6.99	2.40	$37.00 to $37.99	11.40
$7.00 to $7.99	2.80	$38.00 to $38.99	11.60
$8.00 to $8.99	3.20	$39.00 to $39.99	11.80
$9.00 to $9.99	3.60	$40.00 to $40.99	12.00
$10.00 to $10.99	4.00	$41.00 to $41.99	12.10
$11.00 to $11.99	4.40	$42.00 to $42.99	12.20
$12.00 to $12.99	4.80	$43.00 to $43.99	12.30
$13.00 to $13.99	5.20	$44.00 to $44.99	12.40
$14.00 to $14.99	5.60	$45.00 to $45.99	12.50
$15.00 to $15.99	6.00	$46.00 to $46.99	12.60
$16.00 to $16.99	6.40	$47.00 to $47.99	12.70
$17.00 to $17.99	6.80	$48.00 to $48.99	12.80
$18.00 to $18.99	7.20	$49.00 to $49.99	12.90
$19.00 to $19.99	7.60	$50.00 to $50.99	13.00
$20.00 to $20.99	8.00	$51.00 to $51.99	13.10
$21.00 to $21.99	8.20	$52.00 to $52.99	13.20
$22.00 to $22.99	8.40	$53.00 to $53.99	13.30
$23.00 to $23.99	8.60	$54.00 to $54.99	13.40
$24.00 to $24.99	8.80	$55.00 to $55.99	13.50
$25.00 to $25.99	9.00	$56.00 to $56.99	13.60
$26.00 to $26.99	9.20	$57.00 to $57.99	13.70
$27.00 to $27.99	9.40	$58.00 to $58.99	13.80
$28.00 to $28.99	9.60	$59.00 to $59.99	13.90
$29.00 to $29.99	9.80	$60.00 to $185.99	14.00
$30.00 to $30.99	10.00	$186.00 to $199.99	(1)
$31.00 to $31.99	10.20	$200.00 and over	(2)

[1] Increase to $200.
[2] No increase.

§ 706.424 *Maintenance of practices.* Any payment for performance of approved practices included in this program will be subject to the condition that the producer to whom the payment is made will maintain such practices in accordance with good forestry practices.

§ 706.425 *Practices defeating purposes of programs.* If the Forest Service finds that any producer has adopted or participated in any practice which tends to defeat the purposes of this program or previous programs, it may withhold or require to be refunded all or any part of any payment which has been or otherwise would be made to such producer under this program. Practices which tend to defeat the purposes of this and previous programs shall include, but are not restricted to, the following:

(a) The cutting contrary to good forestry practice of turpentine trees in drifts or tracts (including current nonworking areas) on which conservation payments have been or would be made under this or the 1949, 1950, 1951, or 1952 programs. There may be withheld or required to be refunded 3 cents per face for each face that was worked in 1949, 1950, 1951, 1952, or 1953 in the tracts or drifts in which such cutting occurs. Conformity to the following rules shall be considered good cutting practice.

(1) When turpentine trees are cut for thinnings at least 150 trees per acre of approximately the same size as the trees which are cut should be left uncut and undamaged and well distributed over the cutting area.

(2) When turpentine trees are cut in a harvest cutting at least six thrifty turpentine seed trees per acre, 10 inches d. b. h. or more shall be left uncut and undamaged, or if clear cut artificial planting of at least 500 trees per acre will be accomplished within two years.

(b) The burning by the producer on any drift or tract of his turpentine farm which will destroy natural reforestation on land which is not fully stocked with turpentine trees or which will result in damage to established turpentine tree reproduction. There may be withheld or required to be refunded all or any part of the payment earned under this program on the drifts or tracts in which such improper burning occurs.

(c) The installation of new faces on round trees less than 9 inches d. b. h. or more than one face on round trees less than 14 inches d. b. h. in tracts or drifts having working faces installed during or prior to the 1948 turpentine season. There may be withheld or required to be refunded, 2 cents per face for each working face installed during or prior to 1948 in the tracts or drifts in which such installation occurs.

§ 706.426 *Payment computed and made without regard to claims.* Any payment or share of payment shall be computed and made without regard to questions of title under State law; without deduction of claims for advances (except as provided in § 706.427 and except for indebtedness to the United States subject to set-off under orders issued by the Secretary (12 F. R. 1187)) and without regard to any claim or lien against any crop, or proceeds thereof, in favor of the owner or any other creditor.

§ 706.427 *Assignments.* Any producer who may be entitled to any payment in connection with this program may assign his payment, in whole or in part, as security for cash loaned or advances made for the purpose of financing the making of a crop in 1953. No assignment will be recognized unless it is made in writing on Form ACP-69 in accordance with the applicable instructions (ACP-70) witnessed, however, by an inspector or the program supervisor of the Forest Service and filed with the Forest Service, Valdosta, Georgia.

§ 706.428 *Death, incompetency, or disappearance of producer.* In case of death, incompetency, or disappearance of any producer, his share of the payment shall be paid to his successor, determined in accordance with the provisions of the regulations in ACP-122, as amended. (15 F. R. 2875; 6 F. R. 1647, 4430; 9 F. R. 12237)

§ 706.429 *Payments limited to $2,500.* The total of all payments made in connection with the 1953 Naval Stores

Conservation Program and the 1953 Agricultural Conservation Program to any producer participating in said program(s) shall not exceed the sum of $2,500.

§ 706.430 *Evasion.* All or any part of any payment which has been or otherwise would be made to any producer participating in this program may be withheld or required to be refunded if he has adopted or participated in adopting any scheme or device, including the dissolution, reorganization, revival, formation, or use of any corporation, partnership, estate, trust, or any other means which was designed to evade, or which has the effect of evading, the provisions of § 706.429.

APPLICATION FOR PAYMENT

§ 706.431 *Persons eligible to file applications.* An application for payment may be filed by any producer who is working faces for the production of gum naval stores, during the 1953 turpentine season, which were installed during or after the 1949 season. If one producer conducts the operation of a turpentine farm during a portion of the 1953 turpentine season and another producer conducts the operation of the turpentine farm during the remainder of the season, the producer who completes the conservation practices shall file the application.

§ 706.432 *Time and manner of filing applications and information required.* Payments will be made only when a report of performance is submitted to the Forest Service on or before January 15, 1954, on the prescribed form (NSCP–1703) Application for Payment. Payment may be withheld from any producer who fails to file any form or furnish any information required with respect to any turpentine farm which is being operated by him.

APPEALS

§ 706.433 *Appeals.* Any producer may, within 15 days after notice thereof is forwarded to or made available to him, request the Regional Forester in writing to review the recommendation or determination of the Program Supervisor in any matter affecting the right to or the amount of payment with respect to the producer's turpentine farm. The Regional Forester shall notify the producer of his decision in writing within 30 days after the submission of the appeal. If the producer is dissatisfied with the decision of the Regional Forester he may, within 15 days after the decision is forwarded to or made available to him, request the American Turpentine Farmers Association Cooperative, Valdosta, Georgia, in writing to appoint a committee of fellow producers to review the case; if the committee does not concur with the decision of the Regional Forester, the producer may request the Chief of the Forest Service to review the case and render his decision, which shall be final.

DEFINITIONS

§ 706.434 *Definitions*—(a) *Gum naval stores.* Crude gum (oleoresin), gum turpentine and gum rosin produced from living trees.

(b) *Producer.* Any person, firm, partnership, corporation, or other business enterprise, doing business as a single legal entity, producing gum naval stores from turpentine trees controlled through fee ownership, cash lease, percentage lease, share lease, or other form of control.

(c) *Turpentine tree.* Any tree of either of the two species, longleaf pine (Pinus palustria) or slash pine (Pinus caribaea).

(d) *Turpentine farm.* This includes (1) land growing turpentine trees, owned or leased by a producer in one general locality, which are currently being worked for gum naval stores, herein referred to as a working area; and (2) all commercially valuable or potentially valuable forest land, owned by a producer, on which turpentine trees are growing and which are not being currently worked for gum naval stores, herein referred to as a nonworking area.

(e) *Tract.* A portion of a working area having a continuous stand of trees supporting faces of one age class or intermingled age classes.

(f) *Drift.* A portion or subdivision of a tract set apart for convenience of operation or administration.

(g) *Crop.* 10,000 faces.

(h) *Face.* The whole wound or aggregate of streaks made by chipping, streaking, or pulling the live tree to stimulate the flow of crude gum (oleoresin), herein referred to as gum.

(i) *Cup.* A container made of metal, clay, or other material hung on or below the face to accumulate the flow of gum.

(j) *Tins.* The gutters or aprons, made of sheet metal or other material, used to conduct the gum from a face into a cup.

(k) *D. b. h.* Diameter breast height; i. e., diameter of tree measured 4½ feet from the ground.

(l) *Round tree.* Any tree which has not been faced or scarred.

(m) *Scarred tree.* A tree having an idle face not over 36 inches in vertical measurement from the shoulder of the first streak to the shoulder of the last streak.

(n) *Worked-out face.* An idle face which is 60 inches or more in vertical measurement between the shoulder of the first streak and the shoulder of the last streak, or a dry face.

(o) *Bark chipping.* A method of chipping by which only the bark is removed down to the wood leaving the face round.

AUTHORITY AND AVAILABILITY OF FUNDS, APPLICABILITY AND ADMINISTRATION

§ 706.435 *Authority.* This program is approved pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended.

§ 706.436 *Availability of funds.* (a) The provisions of this program are necessarily subject to such legislation affecting said program as the Congress of the United States may hereafter enact; the making of the payments provided for in this subpart is contingent upon such appropriation as the Congress may hereafter provide for such purpose; and the amounts of such payments will be finally determined by such appropriation and by the extent of participation in this program.

(b) The funds provided for this program will not be available for the payment of applications filed after December 31, 1954.

§ 706.437 *Applicability.* (a) The provisions of this program are not applicable to any turpentining operations within the public domain of the United States, including the lands and timber owned by the United States which were acquired or reserved for conservation purposes, or which are to be retained permanently under Government ownership (such lands include, but are not limited to lands owned by the United States which are administered by the Forest Service or the Soil Conservation Service of the Department of Agriculture, or by the Bureau of Land Management or the Fish and Wildlife Service of Department of the Interior).

(b) This program is applicable to (1) turpentine farms on privately owned lands, (2) lands owned by a State or a political subdivision or agency thereof, or (3) lands owned by corporations which are either partly or wholly owned by the United States provided such lands are temporarily under such government or corporation ownership and are not acquired or reserved for conservation purposes. Only turpentine farms on lands that are administered by the Farmers Home Administration, the Reconstruction Finance Corporation, or the Federal Farm Mortgage Corporation, Production Credit Associations, or the U. S. Department of Defense, shall be considered eligible unless the Forest Service finds that land administered by any other agency complies with all of the foregoing provisions for eligibility.

§ 706.438 *Administration.* The Forest Service shall have charge of the administration of this program and is hereby authorized to prepare and to issue such bulletins, instructions and forms, and to make such determinations, as may be required to administer this program, pursuant to the provisions of this bulletin, and the field work shall be administered by the Forest Service through the office of the Regional Forester, United States Forest Service, 50 Seventh Street, NE., Atlanta 5, Georgia. Information concerning this program may be secured from the Forest Service, Valdosta, Georgia, or from any local Area Forester of the Forest Service.

Done at Washington, D. C., this 5th day of August 1952.

[1026 (Peanuts–52)–1, Amdt. 2]

PART 729—PEANUTS

MARKETING QUOTA REGULATIONS FOR 1952 CROP

Basis and purpose. Section 359 (a) of the Agricultural Adjustment Act of 1938, as amended, provides that the marketing of any peanuts in excess of the marketing quota for the farm on which such peanuts are produced, or the marketing of peanuts from any farm for which no acreage allotment was determined, shall be subject to a penalty at a rate equal to 50 per centum of the basic rate of the loan (calculated to the nearest tenth of a cent) for farm marketing quota peanuts for the marketing year August 1–July 31. When the Marketing Quota Regulations for the 1952 Crop of Peanuts were issued by the Secretary of Agriculture on May 8, 1952, the basic loan rate per pound of peanuts was not available and the exact rate of penalty could not be included in such regulations. Such loan rate, which is based on the parity price for peanuts on July 15, 1952, is now available and the purpose of the amendment contained herein is to establish and include in the regulations the exact rate of the penalty per pound of peanuts for the 1952 crop.

Peanuts are presently being harvested in the southwesterly areas of the United States and it is necessary that the amendment set forth herein be made effective at the earliest possible date in order that the exact rate of penalty may be made known to producers who desire to market peanuts, and to buyers who are charged in the regulations with the duty of collecting the penalty on peanuts marketed subject to the penalty. Accordingly, it is hereby determined and found that compliance with the notice, public procedure and effective date requirements of section 4 of the Administrative Procedure Act (5 U. S. C. 1003) is impracticable and contrary to the public interest, and the amendment contained herein shall be effective upon filing of this document with the Director, Division of the Federal Register.

Section 729.355 (a) of the Marketing Quota Regulations for the 1952 Crop of Peanuts (17 F. R. 4317), is amended by changing the second sentence to read as follows: "The basic rate of the loan or support price for peanuts of the 1952 crop is 11.97 cents per pound, and the basic penalty rate is, therefore, 6.0 cents per pound."

(Sec. 375, 52 Stat. 66, as amended; 7 U. S. C. and Sup. 1375. Interprets or applies sec. 359, 55 Stat. 90, as amended; 7 U. S. C. and Sup. 1359)

Done at Washington, D. C., this 5th day of August 1952. Witness my hand and the seal of the Department of Agriculture.

[SEAL] C. J. McCORMICK,
Acting Secretary of Agriculture.

Chapter VIII—Production and Marketing Administration (Sugar Branch), Department of Agriculture

Subchapter B—Sugar Requirements and Quotas

[Sugar Reg. 812, Amdt. 1]

PART 812—SUGAR REQUIREMENTS AND QUOTAS: HAWAII AND PUERTO RICO

CALENDAR YEAR 1952

Basis and purpose. The revised determination of sugar requirements and the revised sugar quotas for Puerto Rico set forth below have been made and established pursuant to section 203 of the Sugar Act of 1948 (hereinafter called the "act"). The act requires that the Secretary shall revise the determination of sugar requirements at such times during the calendar year as may be necessary. It now appears that the estimate of requirements for Puerto Rico for the calendar year 1952, announced on December 27, 1951, was too low. The purpose of this revision is to make such estimate and the quota related thereto conform to the requirements presently indicated on the basis of the applicable factors specified in section 203 of the act.

The determination of sugar requirements affects the amount of sugar refined in Puerto Rico for local distribution and it is desirable, for economic reasons, for refining to be completed while sugarcane is being ground or in a short period after its completion. In order to effectively carry out the purposes of the Sugar Act, it is necessary that the revision in the determination be made effective as soon as possible. Accordingly, it is hereby determined and found that compliance with the notice, procedure, and effective date requirements of the Administrative Procedure Act is impracticable and contrary to the public interest, and the revision of the determination made herein shall be effective on the date of its publication in the FEDERAL REGISTER.

By virtue of the authority vested in the Secretary of Agriculture by the Sugar Act of 1948 (61 Stat. 922, 7 U. S. C., Sup. I, 1100) and the Administrative Procedure Act (60 Stat. 237), Sugar Regulation 812 determining sugar requirements and quotas for the Territory of Hawaii and Puerto Rico for the calendar year 1952 is hereby amended by revising § 812.5 to read as follows:

§ 812.5 *Sugar requirements and quotas*—(a) *Revised sugar requirements.* It is hereby determined pursuant to section 203 of the act, that the amount of sugar needed to meet the requirements of consumers in the Territory of Hawaii for the calendar year 1952 is 45,000 short tons of sugar, raw value, and that the amount of sugar needed to meet the requirements of consumers in Puerto Rico for the calendar year 1952 is 110,000 short tons, raw value.

(b) *Revised local consumption quotas.* There are hereby established, pursuant to section 203 of the act, for local consumption in the Territory of Hawaii and in Puerto Rico, for the calendar year 1952 the following quotas:

Area:	*Quotas in terms of short tons, raw value*
Hawaii	45,000
Puerto Rico	110,000

Statement of bases and considerations. Sugar Regulation 812 (17 F. R. 6) established the 1952 sugar requirements and quota for local consumption in Puerto Rico at 100,000 tons of sugar, raw value, on the basis that 97,000 tons of sugar, raw value, had been distributed during the 12 months ending October 31, 1951. The rate of distribution has increased so that a total of about 102,000 short tons, raw value, was distributed both in the calendar year 1952 and in the 12 months ended June 30, 1952. Furthermore, the quantity charged to the local quota (largely raw sugar to be further refined) can be expected to exceed "distribution" (currently almost wholly refined sugar) by about 3,500 tons a year.

At the end of 1951, refiners in Puerto Rico held no stocks intended for local distribution in 1952 before sugar became available from new-crop operations. To insure availability of adequate supplies of sugar for local consumption in Puerto Rico at all times, it appears desirable for the refiners to carry some year-end stocks. Sugar for such stocks at the end of 1952 to be held by refiners who are not themselves allottees of the local quota would be charged to the local quota for 1952 and would be available for distribution without charge to a 1953 quota or allotment. Any acquisition of local quota sugar by refiners for year-end stocks will further increase the excess of quota charges over distribution in 1952.

Experience in 1951 indicated that some growers of sugarcane might not have equitable opportunities to market sugar received in payment for cane, if the local quota proved somewhat in excess of the quantity actually needed. The allotment order for 1952, issued after the initial quota was determined, provides for equitable adjustment of grower participation in local allotments regardless of the size of the quota. Accordingly, there now appears to be no disadvantage in a quota for local consumption in Puerto Rico large enough to insure continuous availability of 1951–52 crop sugar for local distribution at competitive prices until sugar becomes generally available under the 1953 quota.

These factors warrant an increase to 110,000 short tons, raw value, in the quota for local consumption in Puerto Rico for 1952.

No change is made in the requirements and quota for local consumption in Hawaii.

(Sec. 403, 61 Stat. 933; 7 U. S. C. 1153)

Done at Washington, D. C., this 6th day of July 1952. Witness my hand and the seal of the Department of Agriculture.

[SEAL] C. J. McCORMICK,
Acting Secretary.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

[Pear Order 5]

PART 939—BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU VARIETIES OF PEARS GROWN IN OREGON, WASHINGTON AND CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 939.305 *Pear Order 5*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 39, as amended (7 CFR Part 939), regulating the handling of the Beurre D'Anjou, Beurre Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in Oregon, Washington and California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations and information submitted by the Control Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of such pears, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that, as hereinafter set forth, the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient; a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective not later than August 11, 1952. A reasonable determination as to the composition of the available supplies of such pears, and therefore the extent of grade and size regulation warranted, must await the development of the crop; recommendations as to the need for, and the extent of, regulation of shipments of such pears were made by said committee on July 15, 1952, after consideration of all information then available relative to the supply and demand conditions for such pears, at which time such recommendations and supporting information were submitted to the Department and notice thereof given to handlers and growers; necessary supplemental information was not available to the Department until August 5, 1952; shipments of the current crop of such pears are expected to begin on or about August 12, 1952, and this section should be applicable to all shipments of such pears in order to effectuate the declared policy of the act; and compliance with this section will not require of handlers any preparation therefor which cannot be completed by the effective time hereof.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., August 11, 1952, and ending at 12:01 a. m., P. s. t., July 1, 1953, no handler shall, except to the extent otherwise prescribed in this paragraph ship:

(i) Any Beurre D'Anjou pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 195 size: *Provided*, That Beurre D'Anjou pears may be shipped to destinations other than export markets when bearing unhealed broken skins or skin punctures measuring not to exceed three-sixteenth of one inch in diameter or depth, as the case may be, if they otherwise meet the requirements of the U. S. Combination Grade;

(ii) Any Winter Nelis pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 225 size;

(iii) Any Beurre Bosc or Doyenne du Comice pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 180 size; or

(iv) Any Beurre Easter or Beurre Clairgeau pears unless such pears grade at least U. S. No. 2 and are of a size not smaller than the 180 size.

(2) Pears grown in the Medford District or in the Hood River-White Salmon-Underwood District which fail to meet the requirements with respect to shape specified in the U. S. No. 2 grade only because of frost injury may be shipped to destinations other than export markets: *Provided*, That such pears are not very seriously misshapen.

(3) Pears grown in the Wenatchee District or in the Yakima District which fail to meet the requirements with respect to shape specified in the U. S. No. 2 grade only because of frost injury or healed hail marks may be shipped to destinations other than export markets: *Provided*, That such pears are not very seriously misshapen.

(4) As used in this section, "pears," "handler," "ship," "shipments," "shipped," "export markets," "Hood River-White Salmon-Underwood District," "Wenatchee District," "Yakima District," and "Medford District" shall have the same meaning as when used in the aforesaid amended marketing agreement and order; "U. S. No. 2," "U. S. Combination Grade," "frost injury," and "hail marks" shall have the same meaning as when used in the United States Standards for Winter Pears such as Anjou, Bosc, Winter Nelis, Comice, and other similar varieties, issued by the United States Department of Agriculture (7 CFR 51.332); "very seriously misshapen" shall mean that the pear is excessively flattened or elongated for the variety, or is constricted or deformed so it will not cut one good half or two fairly uniform quarters; and "180 size," "195 size," and "225 size" shall mean that the pears are of a size which, as indicated by the size number, will pack, in accordance with the sizing and packing specifications of a standard pack, as specified in said United States Standards, 180, 195, or 225 pears, respectively, in a standard western pear box (inside dimensions, 18 inches long by 11½ inches wide by 8½ inches deep).

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 8th day of August 1952.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 52-8905; Filed, Aug. 8, 1952; 11:21 a. m.]

[Lemon Reg. 447]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.554 *Lemon Regulation 447*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified in this section was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on August 6, 1952; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 10, 1952, and ending at 12:01 a. m., P. s. t., August 17, 1952, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 450 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is set forth below and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2" and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 7th day of August 1952.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

PART 979—IRISH POTATOES GROWN IN EASTERN SOUTH DAKOTA PRODUCTION AREA

RECODIFICATION

Correction

In F. R. Doc. 52-8174, appearing at page 6810 of the issue for Friday, July 25, 1952, the following changes should be made:

1. In the fifth line of § 979.7, "directed" should be "directly" so that the line now reads: "directly to burden, obstruct, or affect".

2. In the first sentence of § 979.23 (b), "Selection" should be "Election" so that the first phrase of the sentence now reads: "Election of nominees may be effected".

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 3, Amdt. 5]

GOR 3—EXEMPTIONS OF CERTAIN RUBBER, CHEMICAL AND DRUG COMMODITY TRANSACTIONS

EXEMPTION OF NEW DRUGS, CHEMICAL SPECIALTIES, COSMETICS AND EXPERIMENTAL CHEMICALS AND DRUGS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 5 to General Overriding Regulation 3 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 3 exempts from price control the first $25,000 sales of a chemical specialty or cosmetic when sold by a small manufacturer thereof. It also exempts a manufacturer's sales of a new drug until sales reach $1,000. Finally, it exempts a manufacturer's sales of a chemical or drug in the experimental stage of production, until sales reach $25,000, at which time further exemption may be requested.

General Overriding Regulation 3 now exempts sales by a manufacturer of a chemical which he did not sell prior to January 26, 1951, until sales of that chemical exceed $1,000. The drug industry, like the chemical industry, engages in extensive programs of research and development. These result in the introduction of numerous new products, many of which are short-lived and of insignificant importance to the economy so long as sales are in small quantity. This amendment, therefore, provides that drugs, as well as chemicals be included in the exemption of section 2 (a).

The great majority of firms which manufacture chemical specialties and cosmetics have total annual sales of less than $250,000. They are often set up with limited financial resources to launch a single product. A large variety of new products are introduced to the market annually and are often discontinued after preliminary marketing. As a result, a large number of manufacturers enter and leave the industry annually. Small firms find it difficult to ascertain costs, especially in the early stages of production, or to promote the product until public acceptance has been won. Accordingly, the new paragraph 2 (b) exempts the first $25,000 sales of a chemical specialty or cosmetic by a manufacturer whose total annual sales for all commodities are $250,000 or less, if he did not sell that product before January 26, 1951.

General Overriding Regulation 3 now exempts chemicals in the experimental stage of production on condition that no sales be made which will bring total sales of that chemical over $1,000, unless the manufacturer applies for further exemption. Because of the extensive research

and development programs necessary before a chemical is ready for commercial manufacture, the $1,000 exemption has proven to be too low. In order to reduce the reporting requirements for affected manufacturers as well as the administrative workload on the Office of Price Stabilization, this amendment raises to $25,000 the amount of total sales which are exempt without the necessity of applying for further exemption. Likewise, drugs are now included in this exemption, since experimental problems and development programs in the case of drugs are similar to those in the chemical industry. Accordingly, the former paragraph (b) of section 2 has been so amended and designated paragraph (c). This has made it necessary to change the designations of former paragraphs (c), (d), (e) and (f) of section 2 to (d), (e), (f) and (g) respectively.

Section 5 has been added to define the major terms used in the regulation. The definitions of "Drug" and "Cosmetic" are in accordance with those used in Ceiling Price Regulation 22, Appendix A and SR 67 to the General Ceiling Price Regulation, respectively. "Chemical specialty" is defined to include a large variety of chemical compositions for household, institutional and industrial use.

When an exemption under section 2 terminates, a manufacturer is, of course, bound to establish a ceiling price for the formerly exempt commodity and to observe the reporting and record-keeping requirements of the applicable regulation.

This amendment will relieve manufacturers and the Office of Price Stabilization from the burden of establishing ceiling prices for numerous small transactions in new commodities, which transactions are insignificant in their effect on the stabilization program.

In the formulation of this amendment special circumstances have rendered consultation with industry representatives impracticable. Affected individuals were, however, met with informally and consideration given their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 3 is amended in the following respects:

1. Section 2 is amended to read as follows:

SEC. 2. *Exemption of certain chemical and related commodity transactions.* No price regulation issued by the Office of Price Stabilization shall apply to the following:

(a) *New chemicals and drugs.* Sales of a chemical or drug by a manufacturer thereof which that manufacturer did not sell or offer for sale before January 26, 1951, until the total sales of that chemical or drug exceed $1,000.

(b) *New chemical specialties and cosmetics.* Sales of a chemical specialty or cosmetic by a manufacturer thereof which that manufacturer did not sell or offer for sale before January 26, 1951 until the gross sales for that chemical specialty or cosmetic exceed $25,000. This exemption shall apply only to a manufacturer whose total gross sales for all commodities during the last fiscal year were less than $250,000 or who has not completed his first fiscal year of business, and shall terminate when the total gross sales for all commodities for any fiscal year or part thereof reach $250,000.

(c) *Experimental chemicals and drugs.* Sales of a chemical or drug which is in the experimental stage of production by a manufacturer thereof on condition, however, that before making any sale of any such chemical or drug which would bring the total sales thereof to a sum in excess of $25,000, the manufacturer must file with the Office of Price Stabilization, Rubber, Chemicals and Drugs Division, Washington 25, D. C., a report setting forth his name and address and a description of the chemical or drug, the reasons why he considers the chemical or drug to be in an experimental stage of production, the prices he proposes to charge for the chemical or drug during the experimental stage of production, and the monthly volume which he believes would represent commercial production as opposed to the experimental stage of production. Unless the Office of Price Stabilization by letter disapproves this report or requests further information within twenty days, sales of the chemical or drug shall continue to be exempted from price control until the volume of production specified in the report as commercial production is reached or until the Office of Price Stabilization notifies the manufacturer that his report has been disapproved.

(d) *Certain reagent chemicals.* The following when sold for the purpose of scientific and medical research, for analytical and educational uses, and for quality control of industrial products: Reagent chemicals, laboratory reagent specialty solutions and prepared culture media.

(e) *Butadiene.* Butadiene derived from non-petroleum sources when sold for use in the manufacture of synthetic rubber.

(f) *Certain fertilizer materials.* All sales of the following listed fertilizer materials when sold within the 48 States of the United States and the District of Columbia:

Acid fish scrap.
Almond shells.
Beet sugar residue.
Cocoa shell meal.
Cocoa tankage.
Compost.
Cotton hull ashes.
Distillery waste.
Furfural waste.
Grape pomace.
Guano.
Hoof and horn meal.
Humus.
Manure (animal and fowl excrement only).
Mowrah meal.
Muck.
Mustard meal.
Peanut hulls.
Peat.
Peat moss.
Precipitated bone.
Rapeseed meal.
Ravison meal.
Spent bone black.
Tung nut hulls.
Tung oil pomace.
Wood ashes.
Wood waste.

(g) *Uranium compounds.* Sales of uranium salts and oxides produced and sold under license of the Atomic Energy Commission.

2. A new section designated section 5 is added to read as follows:

SEC. 5. *Definitions.* When used in this regulation the terms:

(a) "Chemical specialty" means a chemical composition or mixture prepared for (1) institutional or household purposes, including but not limited to cleaning and sweeping compositions, disinfectants, household insecticides, germicides, mothproofing agents, polishes for automobiles, furniture, floor, glass and silver, bleaches, blueing, household cements, pastes and adhesives, and stain remover; or (2) industrial use in the processing or treatment of textiles, leather, paper and pulp, rubber, ceramics and petroleum, as well as for use in metal refining and working, electroplating, laundry and dry cleaning operations, building and plant maintenance and similar industrial operations.

(b) "Drug" means any proprietary drug product, and any drug and medicine of the kind listed in Major Group 65, Standard Commodity Classification, Technical Paper No. 26, Volume 1, United States Government Printing Office, 1943, except those commodities (such as Phenol U. S. P., aluminum sulfate and magnesium sulfate) which manufacturers generally sell principally for non-medicinal uses.

(c) "Cosmetic" means any product intended to be rubbed, poured, sprinkled or sprayed upon, or introduced into, or otherwise applied to the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance. "Cosmetic" does not include any product for internal or external use intended to be used for the diagnosis, cure, mitigation, or prevention of diseases of man or other animals, or any product whose label indicates it may be for such use. Soaps are not cosmetics, but as used herein, the term "cosmetic" includes shaving soaps and liquid shampoos.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date: This amendment shall become effective August 7, 1952.

NOTE: The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ELLIS ARNALL,
Director of Price Stabilization.

AUGUST 7, 1952.

[F. R. Doc. 52-8880; Filed, Aug. 7, 1952, 4:34 p. m.]

[General Overriding Regulation 4, Revision 1, Amdt. 6]

GOR 4—EXEMPTIONS AND SUSPENSIONS OF CERTAIN CONSUMER SOFT GOODS

EXEMPTION OF SCRAP LEATHER NOT SUITABLE FOR PRODUCING CUT PARTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 6 to General Overriding Regulation 4, Revision 1 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment exempts from ceiling price control all sales of scrap leather not suitable for producing cut parts. Sales of this commodity have been subject to the General Ceiling Price Regulation. Amendment 4 to General Overriding Regulation 4, Revision 1, issued June 23, 1952, suspended from price control manufacturers' and wholesalers' sales of all other leather, except sales made in the territories and possessions of the United States. Scrap leather not suitable for producing cut parts was not included in this suspension because information available to the Director of Price Stabilization indicated that the situation of the commodity did not meet suspension criteria. For example, this scrap leather is currently and has been selling at ceiling prices.

A further study of this commodity, however, revealed facts that have led the Director to conclude that it should be exempted from price control. In the judgment of the Director, scrap leather not suitable for producing cut parts should be exempted from the application of any ceiling price regulation because it is of minor significance to the cost of living, the cost of the defense effort or general current industrial costs, and has no appreciable effect upon the price ceilings of other commodities which are important to such costs, and because retaining it under price control will involve an administrative and enforcement burden out of all proportion to its importance.

The scrap leather exempted by this amendment is produced by shoe manufacturers, tanners and leather cutters as a by-product of their operations. It is generally too small or otherwise unsuitable for cutting into parts to be used in shoes or other manufactured articles. Many producers consider it as a nuisance and are willing to sell all of it at a nuisance price in order to avoid the trouble and expense of disposing of it by dumping or burning. Some other producers will incur the expense of bagging or baling their sole leather scrap, keeping it free from other waste materials, and storing it out of the weather in order to obtain the slightly higher prices that the leatherboard manufacturers and shredders pay for such scrap.

The best available information indicates that the total annual value of all scrap leather produced is less than one and a half million dollars. This compares with a total annual sales volume of the shoe manufacturing, tanning and leather cutting industries of over three billion dollars.

Nearly all of the upper leather scrap and a large proportion of the sole leather scrap goes into tankage, a component of some fertilizers. The annual value of the fertilizer produced in the United States is about $500,000,000, thus the scrap leather component of the tankage amounts to less than one-half percent of this total.

Even though there is a demand for the scrap leather, the products made from it are highly competitive with products made from other materials. Aside from the insignificance of the scrap leather in the economy, it is apparent that because of the competitive brake on the prices of the end products there cannot be a runaway price rise in this scrap leather as a result of competitive bidding for the supply of it by the consumers.

In the formulation of this amendment there has been consultation with industry representatives, including trade association representatives, to the extent practicable, and consideration has been given to their recommendations.

AMENDATORY PROVISIONS

General Overriding Regulation 4, Revision 1, as amended, is further amended in the following respects:

1. Section 2 is amended by adding the following paragraph:

(l) Scrap leather not suitable for producing cut parts.

2. Section 3 is amended by deleting from paragraph (j) the words "scrap leather not suitable for producing cut parts", so that paragraph (j) reads as follows:

(j) Imported and domestic leather, including finished or unfinished splits and leather cut stock, except sales in the territories and possessions of the United States, and sales at retail.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective August 7, 1952.

ELLIS ARNALL,
Director of Price Stabilization.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

a. In § 127.10 *Small packets* make the following changes:

1. Amend paragraph (e) by inserting "Rhodesia, Northern" and "Rhodesia, Southern" in alphabetical order in the list of countries therein.

2. Amend paragraph (f) by deleting "Rhodesia, Northern" and "Rhodesia, Southern" from the list of countries therein.

b. In § 127.213 *Barbados* make the following changes:

1. Amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 10 cents per half ounce. Air letter sheets, 10 cents each. Other regular-mail articles, 38 cents for the first 2 ounces and 17 cents for each additional 2 ounces. (See § 127.20.)

2. In subdivision (i) of paragraph (b) (1) *Table of rates* make the following changes:

a. Insert immediately following the table of surface parcel rates and preceding the tabulation of information thereunder, the following subdivision:

(ii) Air parcel rates: $0.65 for first 4 ounces; $0.35 for each additional 4 ounces or fraction.

b. Amend the tabulated information now following new subdivision (ii) by adding the following information:

Weight of air parcels limited to 22 pounds.
Each air parcel must have affixed the blue Par Avion label (Form 2978). (See § 127.55 (b).)

c. In § 127.258 *French settlements in India* amend paragraph (b) (1) *Table of rates* as follows:

1. Insert a new subdivision (ii) immediately following the table of surface parcel rates and preceding the tabulated information in subdivision (i) to read as follows:

(ii) Air parcel rates: $1.75 for first 4 ounces; $0.90 for each additional 4 ounces or fraction.

2. Amend the tabulated information now following new subdivision (ii) by adding the following information:

Weight of air parcels limited to 22 pounds.
Each air parcel must have affixed the blue Par Avion label (Form 2978). (See § 127.55 (b).)

d. In § 127.338 *Rhodesia, Northern* amend paragraph (a) (1) to read as follows:

(1) *Classifications, rates, weight limits and dimensions.* See Table No. 1, § 127.1. Small packets accepted.

e. In § 127.339 *Rhodesia, Southern* amend paragraph (a) (1) to read as follows:

(1) *Classifications, rates, weight limits and dimensions.* See Table No. 1, § 127.1. Small packets accepted.

(R. S. 161, 396, 398; secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] J. M. DONALDSON,
Postmaster General.

[F. R. Doc. 52-8784; Filed, Aug. 8, 1952; 8:48 a. m.]

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

a. In § 127.229 *Ceylon* amend paragraph (a) (4) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

b. In § 127.258 *French settlements in India (Chandermagore, Karikal, Mahe, Pondichery and Yanaon)* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

c. In § 127.298 *Madeira Islands* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

d. In § 127.306 *Morocco (French)* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

e. In § 127.333 *Portuguese East Africa (Mozambique)* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

f. In § 127.334 *Portuguese India* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

g. In § 127.336 *Portuguese West Africa (Angola, Guinea, St. Thomas Island, and Prince's Island)* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

h. In § 127.348 *Saudi Arabia (Kingdom of)* amend paragraph (a) (5) *Air mail service* (17 F. R. 6595) by adding the following sentence: "Air-letter sheets, 10 cents each."

(R. S. 161, 396, 398; secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] J. M. DONALDSON,
Postmaster General.

[F. R. Doc. 52-8785; Filed, Aug. 8, 1952; 8:48 a.m.]

PART 127—INTERNATIONAL POSTAL SERVICE: POSTAGE RATES, SERVICE AVAILABLE, AND INSTRUCTIONS FOR MAILING

MISCELLANEOUS AMENDMENTS

a. In § 127.307 *Morocco (Spanish Zone, including the Spanish Post Office in the International Zone of Tangier)* make the following changes:

1. Amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 15 cents per half ounce. Air-letter sheets, 10 cents each. Other regular-mail articles, 45 cents for the first 2 ounces and 25 cents for each additional 2 ounces. (See § 127.20.)

2. Amend paragraph (b) (1) *Table of rates* by adding a new subdivision (ii) immediately after the table of surface parcel rates and before the tabulated information thereunder, to read as follows:

(ii) Air parcel rates: $1.25 for the first 4 ounces, and $0.50 for each additional 4 ounces or fraction.

3. In the tabulated information now following new paragraph (b) (1) (ii) make the following changes:

a. Strike out "Weight limit: 44 pounds." and insert in lieu thereof "Weight limit: [1] 11, 44 pounds."

b. Add a footnote below the table to read:

[1] Air parcels are limited to 11 pounds in weight.

b. In § 127.305 *Morocco, Tangier (International Zone)* amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 15 cents per half ounce. Air-letter sheets, 10 cents each. Other regular-mail articles, 45 cents for the first 2 ounces and 25 cents for each additional 2 ounces. (See § 127.20).

c. In § 127.356 *Spain (including Balearic Islands, Canary Islands, and the Spanish Offices in Northern Africa: Ceuta, Melilla, Alhucemas, Chaferinas or Zafarani Islands, and Penon de Velez de la Gomera; also Andorra)* make the following changes:

1. Amend paragraph (a) (5) to read as follows:

(5) *Air mail service.* Postage rates: Letters, letter packages and post cards, 15 cents per half ounce. Air-letter sheets, 10 cents each. Other regular-mail articles, 45 cents for the first 2 ounces and 25 cents for each additional 2 ounces. (See § 127.20).

2. Amend subdivision (ii) of paragraph (b) (1) *Table of rates* to read as follows:

(ii) Air parcel rates: $1.25 for first 4 ounces, and $0.50 for each additional 4 ounces or fraction. Each air parcel and the relative dispatch note must have affixed the blue Par Avion label (Form 2978). (See § 127.55 (b) of Subpart B.)

d. In § 127.348 *Saudi Arabia (Kingdom of)* make the following changes:

1. Amend the table of rates in subdivision (ii) of paragraph (b) (1) *Table of rates* to read:

Rates: $1.60 for first 4 ounces; $0.80 for each additional 4 ounces or fraction.

2. Amend paragraph (b) (4) to read as follows:

(4) *Observations.* Parcel post service (surface and air) extends to the following places only:

Al Gaba.	Khobar.
Al Lith.	Mecca.
Al Wejh.	Medina.
Daha.	Qunfidha.
Dammam.	Rabigh.
Dhahran.	Rastanurra.
Hassa.	Riyadh.
Jiddah.	Umm Lej.
Jizam.	Yenbo.
Katif.	

(R. S. 161, 396, 398; secs. 304, 309, 42 Stat. 24, 25, 48 Stat. 943; 5 U. S. C. 22, 369, 372)

[SEAL] J. M. DONALDSON,
Postmaster General.

TITLE 49—TRANSPORTATION

Chapter I—Interstate Commerce Commission

[Docket No. 3666; Order 6]

PARTS 71–78 EXPLOSIVES AND OTHER DANGEROUS ARTICLES

MISCELLANEOUS AMENDMENTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 28th day of July, 1952.

It appearing, that pursuant to the Transportation of Explosives Act of March 4, 1921 (41 Stat. 1444), sections 831–835 of Title 18 of the United States Code approved June 25, 1948, and Part II of the Interstate Commerce Act, as amended, the Commission has heretofore formulated and published certain regulations for the transportation of explosives and other dangerous articles.

It further appearing, that in application received we are asked to amend the aforesaid regulations as set forth in provisions made a part thereof.

It is ordered, That the aforesaid regulations for the transportation of explosives and other dangerous articles be, and they are hereby, amended as follows:

PART 71—GENERAL INFORMATION AND REGULATIONS

Amend § 71.12 paragraph (b) (15 F. R. 8262, Dec. 2, 1950) (49 CFR 71.12, 1950 Rev.) to read as follows:

§ 71.12 *Export shipments by domestic carriers by rail and motor vehicles.* • • •

(b) Except for the requirements of §§ 77.817 and 77.823 of this chapter, the provisions of Parts 71–78 of this chapter do not apply to such transportation by motor vehicle or water as may be necessary to effect transfer of export shipments from place of shipment to other places within the same port area or delivery to a water carrier within the same port area (including contiguous harbors). Further transportation of such export shipments by connecting water carrier shall be subject to the regulations prescribed by the Commandant of the Coast Guard.

PART 72—COMMODITY LIST OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES CONTAINING THE SHIPPING NAME OR DESCRIPTION OF ALL ARTICLES SUBJECT TO PARTS 71–78 OF THIS CHAPTER

Amend § 72.5 (15 F. R. 8263, 8265, 8266, 8267, 8268, 8269, 8270, 8271, 8272, 8273, Dec. 2, 1950) (16 F. R. 11775, Nov. 21, 1951) (49 CFR 1950 Rev., 1951 Supp., 72.5) as follows:

§ 72.5 *List explosives and other dangerous articles.* (a) • • •

Article	Classed as—	Exemptions and packing (see sec.)	Label required if not exempt	Maximum quantity in 1 outside container by rail express
Change				
Dimethylamine, anhydrous	F. G.	73.302, 73.306, 73.314, 73.315.	Red Gas	300 pounds.
Grenades, hand or rifle, with gas, smoke or incendiary material but without bursting charges.	See §§ 73.88 (d), 73.330, 73.350.			
Magnesium scrap (borings, chunks clippings, shavings, sheets or turnings)	F. S.	73.153, 73.229	Yellow	100 pounds.
Monomethylamine, anhydrous	F. G.	73.302, 73.306, 73.314, 73.315.	Red Gas	300 pounds.
Perchloro-methyl mercaptan	Pois. B.	73.345, 73.360	Poison	10 pounds.
Trimethylamine, anhydrous	F. G.	73.302, 73.306, 73.314, 73.315.	Red Gas	300 pounds.
Add				
Aldrin	Pois. B.	73.376	Poison	200 pounds.
Aldrin mixture, liquid	Pois. B.	73.361	Poison	55 gallons.
Aldrin mixture, dry, with more than 15 percent aldrin.	Pois. B.	73.376	Poison	200 pounds.
Carbon, activated. See Charcoal, activated.				
Chloride and magnesium chloride mixture	Oxy. M.	73.153, 73.229	Yellow	100 pounds.
Cyclotrimethylenetrinitramine, desensitized. See High explosives.				
Cyclotrimethylenetrinitramine, wet with not less than 10 percent of water. See High explosives.				
Illuminating projectiles fuzed or not fuzed, with expelling charges. See Special fireworks.				
Isopropyl percarbonate, stabilized	Cor. L.	No exemption, 73.282.	White	Not accepted.
Isopropyl percarbonate, unstabilized	F. S.	No exemption, 73.218.	Yellow	Not accepted.
Pressurized flammable liquid, n. o. s.	F. L.	No exemption, 73.142.	Red	10 gallons.
Projectiles, illuminating, incendiary or smoke with expelling charge but without bursting charge. See Special fireworks.				
Smoke projectiles with bursting charges. See Explosive projectile.				
Smoke projectiles with expelling charge but without bursting charge. See Special fireworks.				
Cancel				
Carboperoxide, stabilized	Cor. L.	No exemption, 73.282	White	Not accepted.
Carboperoxide, unstabilized	F. S.	No exemption, 73.218.	Yellow	Not accepted.
Illuminating projectiles fuzed and with expelling charges. See Explosive projectiles.				
Illuminating projectiles not fuzed and without expelling charges. See Special fireworks.				
Projectiles, illuminating, incendiary or smoke. See § 73.56 and Special fireworks.				

PART 73—SHIPPERS

Amend § 73.9 paragraph (a) (15 F. R. 8276, Dec. 2, 1950) (49 CFR 73.9, 1950 Rev.) to read as follows:

§ 73.9 *Import and export shipments.* (a) Import shipments of explosives and other dangerous articles offered in the United States in original packages for transportation by carriers by rail freight, rail express, motor vehicle, or water must comply with all requirements of the regulations in Parts 71–78 of this chapter. The importer must furnish with the order to the foreign shipper, and also to the forwarding agent at the port of entry, full and complete information as to the packing, marking, labeling, and other requirements, as prescribed in Parts 71–78 of this chapter. The forwarding agent must file with the initial carrier in the United States a properly certified shipping order or other shipping paper as prescribed in this part. Except for the requirements of §§ 77.817 and 77.823 of this chapter, the provisions of Parts 71–78 of this chapter do not apply to such transportation by motor vehicle or water as may be necessary to effect transfer of import shipments from place of discharge to other places within the same port area or delivery to a water carrier within the same port area (including contiguous harbors). Further transportation of such import shipments by connecting water carrier shall be subject to the regulations prescribed by the Commandant of the Coast Guard.

• • • • •

SUBPART A—PREPARATION OF ARTICLES FOR TRANSPORTATION BY CARRIERS BY RAIL FREIGHT, RAIL EXPRESS, HIGHWAY, OR WATER

1. Amend § 73.33 paragraph (o) (15 F. R. 8282, Dec. 2, 1950) (49 CFR 73.33, 1950 Rev.) to read as follows:

§ 73.33 *Qualification, maintenance, and use of cargo tanks.* • • •

(o) Each outlet of cargo tanks used for the transportation of liquefied compressed gases, except carbon dioxide, shall be provided with an approved suitable automatic excess-flow valve or in lieu thereof may be fitted with an approved automatic quick-closing internal valve. These valves shall be located inside the tank or at a point outside the tank where the line enters or leaves the tank. The valve seat shall be located inside the tank or shall be located within a welded flange or its companion flange, or within a nozzle, or within a coupling. The installation shall be made in such a manner as reasonably to assure that any undue strain which causes failure requiring functioning of the valve shall cause failure in such a manner that it will not impair the operation of the valve.

(Exception remains unchanged.)

(Subparagraphs (1) and (2) remain unchanged.)

(3) Filling and discharge lines shall be provided with manually operated shut-off valves located as close to the tank as is practicable, except where an automatic quick-closing internal valve is used, in which case the manually operated shut-off valve may be located anywhere in the line ahead of the hose connection. The use of so-called "Stop-Check" valves to satisfy with one valve the requirements of this rule and of paragraph (o) of this section is forbidden.

• • • • • •

2. Amend § 73.34 Exception (k) (10) (15 F. R. 8284, Dec. 2, 1950) (49 CFR 73.34, 1950 Rev.) to read as follows:

§ 73.34 *Qualification, maintenance, and use of cylinders.* • • •

(k) • • •

(10) ICC–9 cylinders must be tested in accordance with the requirements of §§ 78.63–13 (a) and 78.63–17 (a) (2) of this chapter.

• • • • • •

SUBPART B—EXPLOSIVES; DEFINITIONS AND PREPARATION

1. Amend § 73.65 paragraphs (b) and (e) (15 F. R. 8289, Dec. 2, 1950) (49 CFR 73.65, 1950 Rev.) to read as follows:

§ 73.65 *High explosives with no liquid explosive ingredient nor any chlorate.* • • •

(b) Ammonium picrate, nitroguanidine, nitrourea, urea nitrate, picric acid, tetryl, trinitroresorcinol, trinitrotoluene, pentolite and cyclotrimethylenetrinitramine (desensitized), in dry condition, in addition to containers prescribed in paragraph (a) (1) to (5) of this section, may be shipped in containers complying with the following specifications:

(No change in subparagraphs (1) and (2).)

• • • • •

(e) Ammonium picrate, picric acid, urea nitrate, trinitrobenzene, trinitroresorcinol, trinitrotoluene and cyclotrimethylenetrinitramine when wet with not less than 10 pounds of water to each 90 pounds of dry material must be shipped in containers complying with the following specifications:

(1) Spec. 10B (§ 78.156 of this chapter). Wooden barrels or kegs. Not over 50 gallons nominal capacity.

(2) (See § 73.192 for shipments of wet ammonium picrate, wet picric acid and wet urea nitrate not in excess of 16 ounces and § 73.193 for shipment of wet picric acid and wet urea nitrate not in excess of 25 pounds.) (See § 73.212 for shipments of wet trinitrobenzene and wet trinitrotoluene not in excess of 16 ounces.)

(3) Spec. 21A or 21B (§§ 78.222 or 78.223 of this chapter.) Fiber drums. Authorized only for cyclotrimethylenetrinitramine wet with not less than 10 pounds of water to each 90 pounds of dry material in inside containers which must be bags made of at least 10-ounce cotton duck, rubber or rubberized cloth and securely closed. The dry weight of cyclotrimethylenetrinitramine in one container must not exceed 200 pounds. These bags containing the cyclotrimethylenetrinitramine must then be placed in a rubber bag, rubberized cloth bag or bag made of suitable watertight material which must be securely closed and then placed in the fiber drum. If shipment of cyclotrimethylenetrinitramine is to take place at a time freezing weather is to be anticipated, it must be wet with a mixture of denatured ethyl alcohol and water of such proportions that freezing will not occur in transit.

• • • • •

2. Amend § 73.69 paragraph (c) (15 F. R. 8291, Dec. 2, 1950) (49 CFR 73.69, 1950 Rev.) to read as follows:

§ 73.69 *Detonating fuzes, boosters, or other detonating fuze parts containing an explosive.* • • •

(c) Each outside package must be plainly marked "DETONATING FUZES — HANDLE CAREFULLY — DO NOT STORE OR LOAD WITH ANY HIGH EXPLOSIVE" or "BOOSTERS (EXPLOSIVE)—HANDLE CAREFULLY."

• • • • • •

3. Amend § 73.88 paragraph (d) (15 F. R. 8293, Dec. 2, 1950) (49 CFR 73.88, 1950 Rev.) to read as follows:

§ 73.88 *Definition of class B explosives.* • • •

(d) Special fireworks are manufactured articles designed primarily for the purpose of producing visible or audible pyrotechnic effects by combustion or explosion. (See § 73.100 (r) for common fireworks.) Examples are toy torpedoes, railway torpedoes, some firecrackers and salutes, exhibition display pieces, aeroplane flares, illuminating projectiles, incendiary projectiles and smoke projectiles fuzed or unfuzed and containing expelling charges but without bursting charges, hand or rifle grenades with ignition elements but not containing bursting charges, flash powders in inner units not exceeding 2 ounces each, flash sheets in interior packages, flash powder or spreader cartridges containing not over 72 grains of flash powder each (see § 73.60 for shipments made as low explosives), and flash cartridges, consisting of a paper cartridge shell, small-arms primer, and flash composition, not exceeding 180 grains all assembled in one piece. Fireworks must be in a finished state, exclusive of mere ornamentation, as supplied to the retail trade and must be so constructed and packed that loose pyrotechnic composition will not be present in packages in transportation.

• • • • • •

4. Amend § 73.100 paragraph (e) (15 F. R. 8295, Dec. 2, 1950) (49 CFR 73.100, 1950 Rev.) to read as follows:

§ 73.100 *Definition of class C explosives.* • • •

(e) Percussion fuzes, combination fuzes, and time fuzes are devices designed to ignite powder charges of ammunition or to initiate an intermediate charge (booster) in projectiles, bombs, etc. When such fuzes are assembled with booster charges they are properly described as "detonating fuzes" (see § 73.53 (g) (2)).

• • • • • •

SUBPART C—FLAMMABLE LIQUIDS; DEFINITION AND PREPARATION

1. Add paragraph (b) to § 73.115 (15 F. R. 8297, Dec. 2, 1950) (49 CFR 73.115, 1950 Rev.) to read as follows:

§ 73.115 *Flammable liquids; definition.* • • •

(b) A pressurized flammable liquid for the purpose of Parts 71–78 of this chapter is any mixture other than a compressed gas in which the gas is used as an expellant, if any one of the following occurs:

(1) Using the Bureau of Explosives' Flame Projection Apparatus (see Note 1), the flame projects more than 18 inches beyond the ignition source with valve opened fully, or, the flame flashes back and burns at the valve with any degree of valve opening.

(2) Using the Bureau of Explosives' Open Drum Apparatus (see Note 1), there is any significant propagation of flame away from the ignition source.

(3) Using the Bureau of Explosives' Closed Drum Apparatus (see Note 1), there is any explosion of the vapor-air mixture in the drum.

NOTE 1. A description of the Bureau of Explosives' Flame Projection Apparatus, Open Drum Apparatus, Closed Drum Apparatus, and method of tests may be procured from the Bureau of Explosives, 30 Vesey Street, New York 7, New York.

2. Add paragraph (c) (22) to § 73.118 (15 F. R. 8298, Dec. 2, 1950) (49 CFR 73.118, 1950 Rev.) to read as follows:

§ 73.118 *Exemptions for flammable liquids.* • • •

(c) • • •

(22) Pressurized flammable liquids.

3. Amend § 73.119 paragraph (a) (12) (16 F. R. 5323, June 6, 1951) (49 CFR 1950 Rev., 1951 Supp., 73.119) to read as follows:

§ 73.119 *Flammable liquids not specifically provided for.* (a) • • •

(12) Spec. 103, 103W, 103AL–W, 104, 104W, 104A, 104A–W, 104A–AL–W, 105A300, 105A300W, 105A400, 105A400W, 105A500, 105A500W, 105A600, 105A600W, ARA–II,[1] ARA–III,[1] ARA–IV,[1] or ARA–IV–A[1] (§§ 78.265, 78.280, 78.291, 78.269, 78.284, 78.270, 78.285, 78.294, 78.271, 78.286, 78.272, 78.287, 78.273, 78.288, 78.274 or 78.289 of this chapter). Tank cars: For cars equipped with expansion domes, manhole closures must be so designed that pressure will be released automatically by starting the operation of removing the manhole cover. (See § 73.432 for shipping instructions.)

• • • • • •

4. Add paragraph (a) (3) to § 73.127 (15 F. R. 8301, Dec. 2, 1950) (49 CFR 73.127, 1950 Rev.) to read as follows:

§ 73.127 *Nitrocellulose or collodion cotton, fibrous, or nitrostarch, wet; colloided nitrocellulose, granular or flake, and lacquer base or lacquer chips, wet.* (a) • • •

(3) Spec. 42F (§ 78.110 of this chapter). Aluminum barrels or drums. Authorized only for nitrocellulose or collodion cotton, fibrous, wet, or colloided nitrocellulose, granular or flake, wet.

• • • • • •

5. Add § 73.142 (15 F. R. 8302, Dec. 2, 1950) (49 CFR 73.142, 1950 Rev.) to read as follows:

§ 73.142 *Pressurized flammable liquids.* (a) Pressurized flammable liquids must be packed in specification containers as follows:

(1) Cylinders as prescribed for any compressed gas except acetylene.

(2) Spec. 15A, 15B, 15C, 16A, or 19A (§§ 78.168, 78.169, 78.170, 78.185, or 78.190 of this chapter). Wooden boxes with inside metal containers not over 30 cubic inches (16.6 fluid ounces) capacity each. Inside metal containers charged as for shipment must be capable of having contents heated to 130° F. without leakage or permanent distortion of the container.

(3) Spec. 12B (§ 78.205 of this chapter). Fiberboard boxes with inside metal containers not over 30 cubic inches (16.6 fluid ounces) capacity each. Inside metal containers charged as for shipment must be capable of having contents heated to 130° F. without leakage or permanent distortion of the container.

SUBPART D—FLAMMABLE SOLIDS AND OXIDIZING MATERIALS; DEFINITION AND PREPARATION

1. Amend § 73.153 paragraph (c) (8) (15 F. R. 8303, Dec. 2, 1950) (49 CFR 73.153, 1950 Rev.) to read as follows:

§ 73.153 *Exemptions for flammable solids and oxidizing materials.* • • •

(c) • • •

(8) Isopropyl percarbonate, unstabilized.

• • • • • •

2. Amend § 73.158 paragraph (a) (1) (15 F. R. 8304, Dec. 2, 1950) (49 CFR 73.158, 1950 Rev.) to read as follows:

§ 73.158 *Benzoyl peroxide, dry, lauroyl peroxide, dry, chlorobenzoyl peroxide (para), dry, or succinic acid peroxide, dry.* (a) • • •

(1) Spec. 15A or 15B (§§ 78.168 or 78.169 of this chapter). Wooden boxes, with inside fiber containers securely closed by taping or gluing, not over 1 pound capacity each. Each inside container surrounded by asbestos or fire-resisting cushioning material which will protect contents with equal efficiency; net weight in outside container must not exceed 50 pounds, except that for lauroyl peroxide, dry, net weight not over 100 pounds is authorized.

• • • • • •

3. Amend § 73.162 paragraph (a) (1) (15 F. R. 8304, Dec. 2, 1950) (49 CFR 73.162, 1950 Rev.) to read as follows:

§ 73.162 *Charcoal.* (a) • • •

(1) Charcoal, activated or carbon, activated.

• • • • • •

4. Add paragraph (a) (6) to § 73.184 (15 F. R. 8308, Dec. 2, 1950) (49 CFR 73.184, 1950 Rev.) to read as follows:

§ 73.184 *Nitrocellulose or collodion cotton, wet, or nitrocellulose, colloided, granular, or flake, wet, or nitrostarch, wet, or nitroguanidine, wet.* (a) • • •

(6) Spec. 42F (§ 78.110 of this chapter). Aluminum barrels or drums. Authorized only for nitrocellulose or collodion cotton, wet, or nitrocellulose, colloided, granular or flake, wet.

• • • • • •

5. Amend § 73.193 paragraph (a) (1) (15 F. R. 8309, Dec. 2, 1950) (49 CFR 73.193, 1950 Rev.) to read as follows:

§ 73.193 *Picric acid or urea nitrate, wet.* (a) • • •

(1) Spec. 15A (§ 78.168 of this chapter). Wooden box with inside containers of tightly closed glass or earthenware, cushioned, in outside container. The net weight in an outside package must not exceed 25 pounds dry weight. (See § 73.65 (e) for shipment of wet picric acid and wet urea nitrate in excess of 25 pounds, and § 73.192 for exemption up to 16 ounces.)

6. Amend entire § 73.218 (15 F. R. 8311, Dec. 2, 1950) (49 CFR 73.218, 1950 Rev.) to read as follows:

§ 73.218 *Isopropyl percarbonate, unstabilized.* (a) Isopropyl percarbonate, unstabilized, must be packed in specification containers as follows:

(1) Spec. 15A, 15B, 15C, 16A, or 19A (§§ 78.168, 78.169, 78.170, 78.185, or 78.190 of this chapter). Wooden boxes with glass or earthenware inside containers of not over 2 gallons capacity each which must be maintained at a temperature below 0° F. Shipments are authorized for transportation by carrier by motor vehicle only.

7. Amend entire § 73.220 (15 F. R. 8311, Dec. 2, 1950) (49 CFR 73.220, 1950 Rev.) to read as follows:

§ 73.220 *Magnesium scrap (borings, chunks, clippings, shavings, sheets, or turnings).* (a) Magnesium scrap consisting of borings, shavings, or turnings, when shipped in carloads or truckloads, must be packed in tightly and securely closed metal barrels, wooden barrels, metal pails, or four-ply paper bags. In less-than-carload or less-than-truckload quantities it must be packed in tightly and securely closed metal drums, metal pails, or wooden barrels.

(b) Magnesium scrap consisting of chunks, clippings, or sheets may be shipped in bulk in carload or truckload quantities. Cars must be tight boxcars or tightly closed steel or wood covered gondola cars and trucks or trailers must have closed or completely covered bodies.

(c) Magnesium scrap consisting of chunks, clippings, or sheets in tightly and securely closed metal drums, wooden barrels, or wooden boxes is exempt from specification packaging, marking, or labeling requirements.

8. Amend § 73.229 heading and introductory text of paragraph (a), and paragraph (c) (15 F. R. 8312, Dec. 2, 1950) (49 CFR 73.229, 1950 Rev.) to read as follows:

§ 73.229 *Chlorate and borate mixtures and chlorate and magnesium chloride mixtures.* (a) Chlorate and borate mixtures and chlorate and magnesium chloride mixtures when containing no other ingredient must be packed as follows:

• • • • • •

(c) Chlorate and borate mixtures and chlorate and magnesium chloride mixtures containing no other ingredient and containing less than 50 percent chlorate, packed in strong tight metal or fiber drums or in wooden boxes with tight inside metal containers are exempt from specification packaging, marking, and labeling requirements for transportation by rail freight or highway.

SUBPART E—ACIDS AND OTHER CORROSIVE LIQUIDS; DEFINITION AND PREPARATION

1. Amend § 73.244 paragraph (c) (13) (15 F. R. 8313, Dec. 2, 1950) (49 CFR 73.244, 1950 Rev.) to read as follows:

§ 73.244 *Exemptions for acids and other corrosive liquids.* • • •

(c) • • •

(13) Isopropyl percarbonate, stabilized.

• • • • • •

2. Add paragraph (a) (11) to § 73.245 (15 F. R. 8313, Dec. 2, 1950) (49 CFR 73.245, 1950 Rev.) to read as follows:

§ 73.245 *Acids or other corrosive liquids not specifically provided for.* (a) • • •

(11) Spec. 43A (§ 78.18 of this chapter). Rubber drums.

3. Amend § 73.262 paragraph (a) (1) (16 F. R. 11778, Nov. 21, 1951) (49 CFR 1950 Rev., 1951 Supp., 73.262) to read as follows:

§ 73.262 *Hydrobromic acid.* (a) • • •

(1) Spec. 1A, 1C, 1D, or 1E (§§ 73.1, 78.3, 78.4, or 78.7 of this chapter). Carboys in boxes, kegs or plywood drums.

• • • • • •

4. Add paragraph (a) (16) to § 73.264 (15 F. R. 8317, Dec. 2, 1950) (49 CFR 73.264, 1950 Rev.) to read as follows:

§ 73.264 *Hydrofluoric acid.* (a) • • •

(16) Spec. 1F (§ 78.10 of this chapter). Polyethylene carboys. Authorized for acid not over 60 percent strength.

• • • • • •

5. Amend § 73.265 paragraph (a) (2) (15 F. R. 8318, Dec. 2, 1950) (49 CFR 73.265, 1950 Rev.) to read as follows:

§ 73.265 *Hydrofluosilicic acid.* (a) • • •

(2) Spec. 11A or 11B (§§ 78.160 or 78.161 of this chapter). Wooden barrels or kegs with inside containers of natural rubber or ceresine.

• • • • •

6. Add paragraph (a) (9) to § 73.271 (15 F. R. 8321, Dec. 2, 1950) (49 CFR 73.271, 1950 Rev.) to read as follows:

§ 73.271 *Phosphorus oxychloride, phosphorus trichloride, and thiophosphoryl chloride.* (a) • • •

(9) Spec. 103A or 103A–W (§§ 78.266 or 78.281 of this chapter). Tank cars. Authorized for phosphorus oxychloride only. Spec. 103A tanks must be of steel at least 10 percent nickel clad and Spec. 103A–W tanks must be of steel at least 20 percent nickel clad.

• • • • •

7. Amend § 73.282 Heading and introductory text of paragraph (a) (15 F. R. 8322, Dec. 2, 1950) (49 CFR 73.282, 1950 Rev.) to read as follows:

§ 73.282 *Isopropyl percarbonate, stabilized.* (a) Isopropyl percarbonate, stabilized, must be packed in specification containers as follows:

• • • • •

SUBPART F—COMPRESSED GASES; DEFINITION AND PREPARATION

1. Amend § 73.300 entire paragraph (b) (15 F. R. 8324, Dec. 2, 1950) (49 CFR 73.300, 1950 Rev.) to read as follows:

§ 73.300 *Compressed gases; definition.* • • •

(b) Any compressed gas as defined in paragraph (a) of this section shall be classified as a flammable compressed gas if any one of the following occurs:

(1) If either a mixture of 13 percent or less (by volume) with air forms a flammable mixture (Note 2) or the flammability range (Note 2) with air is greater than 12 percent regardless of the lower limit.

(2) Using the Bureau of Explosives' Flame Projection Apparatus (see Note 3), the flame projects more than 18 inches beyond the ignition source with valve opened fully, or, the flame flashes back and burns at the valve with any degree of valve opening.

(3) Using the Bureau of Explosives' Open Drum Apparatus (see Note 3), there is any significant propagation of flame away from the ignition source.

(4) Using the Bureau of Explosives' Closed Drum Apparatus (see Note 3), there is any explosion of the vapor-air mixture in the drum.

NOTE 1. American Society for Testing Materials Method of Test for Vapor-Pressure of Petroleum Products (D–323).

NOTE 2. These limits shall be determined at atmospheric temperature and pressure. The method of sampling and the test procedure shall be acceptable to the Bureau of Explosives. The flammability range is defined as the difference between the minimum and maximum percentage by volume of the material in mixture with air that forms a flammable mixture.

NOTE 3. A description of the Bureau of Explosives' Flame Projection Apparatus, Open Drum Apparatus, Closed Drum Apparatus, and method of tests may be procured from the Bureau of Explosives, 30 Vesey Street, New York 7, New York.

2. Amend the entry "Anhydrous ammonia" in paragraph (a) Table, § 73.308 fled gas" in paragraph (a) Table, § 73.308 and cancel Note 9 (16 F. R. 9376, Sept. 15, 1951) (15 F. R. 8327, Dec. 2, 1950) (49 CFR 1950 Rev., 1951 Supp., 73.308) to read as follows:

§ 73.308 *Compressed gases in cylinders.* (a) • • •

Kind of gas	Maximum permitted filling density (see Note 12) (percent)	Cylinders (see Note 11) marked as shown in this column must be used except as provided in Note 1 and § 73.34 (a) to (e)
Anhydrous ammonia	54	ICC–4; ICC–3AA480; ICC–3AA480; ICC–3A480X; ICC–4AA480; ICC–3.

• • • • • • •

3. Amend § 73.315 paragraph (a) (1) Table and add Note 7 (15 F. R. 8330, Dec. 2, 1950) (49 CFR 73.315, 1950 Rev.) to read as follows:

§ 73.315 *Compressed gases in cargo tanks and portable tank containers.* (a) • • •

(1) • • •

Kind of gas	Maximum permitted filling density		Specification container required	
	Percent by weight (see Note 1)	Percent by volume (see par. (f) of this section)	Type (see Note 2)	Minimum design working pressure (psig)
Anhydrous ammonia	56	82 see Note 5	ICC–51, MC–330	265.
Anhydrous dimethylamine	59	See Note 7	ICC–51, MC–330	150.
Anhydrous monomethylamine	60	See Note 7	ICC–51, MC–330	150.
Anhydrous trimethylamine	57	See Note 7	ICC–51, MC–330	150.
Carbon dioxide	See par. (c) of this section.	95	ICC–51, MC–330	200; see Note 3
Liquefied petroleum gas	See par. (b) of this section.	See par. (b) of this section.	ICC–51, MC–330	See subpar. (1) of this section.
Nitrous oxide	See par. (c) of this section.	95	ICC–51, MC–330	200; see Note 3.
Sulfur dioxide (tanks not over 1,200 gallons water capacity).	125	87.5	ICC–51, MC–330	170; see Note 4.
Sulfur dioxide (tanks over 1,200 gallons water capacity).	125	87.5	ICC–51, MC–330	125, see Note 4.
Sulfur dioxide (optional portable tank 1,000–2,000 pounds water capacity, fusible plug).	125	See Note 6.	ICC–51	225.

• • • • • • •

NOTE 7: Tanks must be filled by weight.

• • • • •

SUBPART G—POISONOUS ARTICLES; DEFINITION AND PREPARATION

1. Amend § 73.353 paragraphs (a) (3), (a) (5) and (b) (17 F. R. 1562, Feb. 20, 1952) (16 F. R. 9378, Sept. 15, 1951) (49 CFR 1950 Rev., 1951 Supp., 73.353) to read as follows:

§ 73.353 *Methyl bromide.* (a) • • •

(3) Spec. 3A225, 3AA225, 3B225, 3E1800, 4A225, 4B225, or 4BA225 (§§ 78.36, 78.37, 78.38, 78.42, 78.49, 78.50, or 78.51 of this chapter). Metal cylinders of not over 125 pounds water capacity (nominal). Valves or other closing devices must be protected, to prevent injury in transit, by screw-on metal caps or by packing the cylinders in strong boxes or crates. Cylinders having a wall thickness of less than 0.08 inch must be packed in boxes or crates (see § 73.25).

(No change in Note 1.)

• • • • •

(5) Spec. 104A, 104A–W, 105A300, 105A300–W, 105A400, 105A400W, 105A500, 105A500W, 105A600, 105A600W, 106A500, 106A500X, or 106A800 (§§ 78.270, 78.285, 78.271, 78.286, 78.272, 78.287, 78.273, 78.288, 78.274, 78.289, 78.275, or 78.276 of this chapter). Tank cars.

(b) Outage must be sufficient to prevent tank car from becoming entirely filled with liquid at the following temperature: Spec. 104A, 104A–W, 105A300, 105A300W, 105A400, 105A400W, 105A500, 105A500W, 105A600, or 105A600W (§§ 78.270, 78.285, 78.271, 78.286, 78.272, 78.287, 78.273, 78.288, 78.274, or 78.289 of this chapter) at 105° F., spec. 106A500, 106A500X, or 106A800 (§ 78.275 or 78.276 of this chapter) at 130° F.

• • • • • • •

2. Add § 73.360 (15 F. R. 8336, Dec. 2, 1950) (49 CFR 73.360, 1950 Rev.) to read as follows:

§ 73.360 *Perchloro-methyl-mercaptan.* (a) Perchloro-methyl-mercaptan in any quantity must not be packed with any other article. When offered for transportation by carriers by rail freight, highway, or water must be packed in specification containers as follows:

(1) Spec. 11A or 11B (§§ 78.160 or 78.161 of this chapter). Wooden barrels or kegs, with inside containers which must be glass bottles not over 2 quarts capacity each, individually enclosed in tightly closed metal cans and cushioned therein with incombustible material. Net weight not over 100 pounds in one outside container.

(2) Spec. 15A, 15B, 15C, or 16A (§§ 78.168, 78.169, 78.170, or 78.185 of this chapter). Wooden boxes, with inside containers which must be glass bottles not over 2 quarts capacity each, individually enclosed in tightly closed metal cans and cushioned therein with incombustible material. Net weight not over 100 pounds in one outside container.

(3) Spec. 5H (§ 78.87 of this chapter). Lead-lined metal barrels or drums not over 33 gallons each.

3. Add § 73.361 (15 F. R. 8336, Dec. 2, 1950) (49 CFR 73.361, 1950 Rev.) to read as follows:

§ 73.361 *Aldrin mixtures, liquid.* (a) Aldrin mixtures, liquid, must be shipped in specification containers as follows:

(1) As prescribed in § 73.346.

(2) Spec. 6A, 6B, or 6C (§§ 78.97, 78.98, or 78.99 of this chapter). Metal barrels or drums. Authorized only for viscous mixtures or those which may become partially solid.

(3) Spec. 17C or 17H (§§ 78.115 or 78.118 of this chapter). Metal drums (single-trip). Drums with opening exceeding 2.3 inches in diameter authorized only for viscous mixtures or those which may become partially solid.

4. Amend entire § 73.376 (15 F. R. 8338, Dec. 2, 1950) (49 CFR 73.376, 1950 Rev.) to read as follows:

§ 73.376 *Aldrin and aldrin mixtures, dry.* (a) Aldrin and aldrin mixtures, dry, must be packed in specification containers as follows:

(1) As prescribed in § 73.365.

(b) Dry mixtures containing not more than 20 percent aldrin and no other material classed as dangerous under these regulations must be packed in specification containers as follows:

(1) As prescribed in paragraph (a) (1) of this section.

(2) Spec. 36A or 36B (§§ 78.230 or 78.233 of this chapter). Triplex bags.

(3) Spec. 44B, 44C, or 44D (§§ 78.236, 78.237, or 78.238 of this chapter). Multiwall paper bags.

(c) Dry mixtures containing not more than 15 percent aldrin and no other material classed as dangerous under these regulations are exempt from specification packaging, marking, and labeling requirements.

SUBPART H—MARKING AND LABELING EXPLOSIVES AND OTHER DANGEROUS ARTICLES

1. Amend § 73.414 note to label in paragraph (a) (15 F. R. 8343, Dec. 2, 1950) (49 CFR 73.414, 1950 Rev.) to read as follows:

§ 73.414 *Radioactive materials labels.* (a) • • •

NOTE: This label must be duly executed by the shipper and the number of radiation units must be shown. For purposes of these regulations 1 unit equals 1 milliroentgen per hour at 1 meter for hard gamma radiation or the amount of radiation which has the same effect on film as 1 mrhm or hard gamma rays of radium filtered by ½ inch of lead.

• • • • •

PART 74—CARRIERS BY RAIL FREIGHT

SUBPART D—UNLOADING FROM CARS

Amend wording of the 15th line on "Dangerous—Empty" placard in paragraph (c) § 74.563 (15 F. R. 8353, Dec. 2, 1950) (49 CFR 74.563, 1950 Rev.) to read as follows:

§ 74.563 *"Dangerous—Empty" placard.* • • •

(c) • • •

having a handle at least 36 inches long.

• • • • •

PART 77—SHIPMENTS MADE BY WAY OF COMMON, CONTRACT, OR PRIVATE CARRIERS BY PUBLIC HIGHWAY

SUBPART A—GENERAL INFORMATION AND REGULATIONS

1. Amend § 77.803 paragraph (b) (15 F. R. 8362, Dec. 2, 1950) (49 CFR 77.803, 1950 Rev.) to read as follows:

§ 77.803 *Import shipments by domestic carriers by motor vehicle.* • • •

(b) Import shipments transferred in port areas by motor vehicle: Except for the requirements of §§ 77.817 and 77.823, the provisions of Parts 71–78 of this chapter do not apply to such transportation by motor vehicle as may be necessary to effect transfer of import shipments from place of discharge to other places within the same port area or delivery to a water carrier within the same port area (including contiguous harbors). Further transportation of such import shipments by connecting water carrier shall be subject to the regulations prescribed by the Commandant of the Coast Guard.

2. Amend § 77.804 paragraph (b) (15 F. R. 8362, Dec. 2, 1950) (49 CFR 77.804, 1950 Rev.) to read as follows:

§ 77.804 *Export shipments by domestic carriers by motor vehicle.* • • •

(b) Export shipments transferred in port areas by motor vehicle: Except for the requirements of §§ 77.817 and 77.823, the provisions of Parts 71–78 of this chapter do not apply to such transportation by motor vehicle as may be necessary to effect transfer of export shipments from place of shipment to other places within the same port area or delivery to a water carrier within the same port area (including contiguous harbors). Further transportation of such export shipments by connecting water carrier shall be subject to the regulations prescribed by the Commandant of the Coast Guard.

SUBPART B—LOADING AND UNLOADING

1. Amend § 77.835 paragraph (f) (15 F. R. 8365, Dec. 2, 1950) (49 CFR 77.835, 1950 Rev.) to read as follows:

§ 77.835 *Explosives.* • • •

(f) *Explosives vehicles, floors tight and lined.* Motor vehicles transporting class A or class B explosives shall have tight floors; shall have that portion of the interior in contact with the load lined with either non-metallic material or non-ferrous metals; and shall have the interior of the cargo space in good condition so that there will not be any likelihood of containers being damaged by exposed bolts, nuts, broken side panels or floor boards, or any similar projections.

• • • • •

PART 78—SHIPPING CONTAINER SPECIFICATIONS

SUBPART A—SPECIFICATIONS FOR CARBOYS, JUGS IN TUBS, AND RUBBER DRUMS

1. Add § 78.10 to § 78.10–6 (15 F. R. 8379, Dec. 2, 1950) (49 CFR 78.10–78.10–6, 1950 Rev.) to read as follows:

§ 78.10 *Specification 1F; polyethylene carboys in plywood drums.*

§ 78.10–1 *Compliance.* (a) Required in all details.

§ 78.10–2 *Capacity and marking of carboy.* (a) Containers 5 to 13 gallons capacity are classed as carboys. Actual capacity must be the marked capacity plus 5 percent minimum. Must be permanently marked to indicate capacity, maker, month and year of manufacture; mark of maker to be registered with the Bureau of Explosives.

§ 78.10–3 *Polyethylene carboys.* (a) Carboys shall be made of polyethylene with no plasticisers or additives and have a maximum melt index value of 2.5 grams per 10 minutes as determined in accordance with method acceptable to the Bureau of Explosives. Carboys must have a minimum weight and wall thickness in accordance with the following table:

Marked capacity	Minimum wall thickness	Minimum weight of bottles
Gallons 6½ 13	*Inch* 1/16 1/16	*Pounds* 4 8

(b) Closing device shall be of material resistant to the lading and adequate to prevent leakage.

(c) Polyethylene carboys, as manufactured and filled to marked capacity with a material which remains in a liquid form, shall be capable of withstanding a 4-foot drop without leakage, after prior conditioning for 24 hours to at least −10° Fahr. or lower, onto solid concrete so as to strike diagonally on the bottom corner.

§ 78.10–4 *Outside containers.* (a) Plywood drums completely enclosing body of carboy or completely enclosing body and neck of carboy and constructed as follows:

(1) Lumber must be well seasoned, commercially dry, and free from decay, loose knots that interfere with nailing, and other defects that would materially lessen the strength. Plywood sections used in construction of this container shall be firmly glued together with waterproof glue. A section of plywood from any part when immersed in water at room temperature for 48 hours shall show no delamination or separation of plies to qualify glue as waterproof.

(2) Body shell must be of two 2-ply sections of good commercial box or sheathing grade hardwood veneer, each having a minimum thickness of 1/12 inch up to 6½ gallons and 1/11 inch up to 13 gallons, made up by telescoping one 2-ply shell with the outer shell. The body shall be butt-jointed and shall be fastened on the outside with a 28-gauge metal strip not less than 1½ inches in width and with staples of 17-gauge metal driven on each side of the outer joint and spaced not more than 1½ inches apart and clinched on inside of the outer body. The grain of outside ply should be parallel and grain of inner ply vertical to plane of the heads.

(3) Heads must be of at least three plies of good commercial box or sheathing grade hardwood veneer having a total minimum thickness of 3/8 inch up to 6½ gallons and 7/16 inch up to 13 gallons. The grain of alternate plies shall be at

right angles. Each head shall be circled to fit snugly within the body shell.

(4) Hoops must be of three plies of good commercial box or sheathing grade hardwood veneer having a minimum of 5/24 inch thickness by 2½ inches width up to 6½ gallons and 3/10 inch thickness by 3 inches width up to 13 gallons. The grain of alternate plies shall be at right angles. Hoops shall butt or slightly gap and shall be fastened to the body sections with staples of 17-gauge metal spaced on not less than 3-inch centers and clinched on inner surface.

(5) Head liners must be of hardwood veneer having a minimum of ⅓ inch thickness and ⅝ inch width up to 6½ gallons and ¼ inch thickness by ¾ inch width up to 13 gallons. The top head liners shall be fastened to body shell with staples of 17-gauge metal on not less than 3-inch centers and clinched on inner surface. The bottom head liners shall be fastened the same as top head liners, or by 14-gauge metal staples driven through the head liner and body into outer hoop on not less than 4-inch centers.

§ 78.10–5 *Marking of outside container.* (a) Each outside container must be plainly marked with letters and figures at least ¾ inch high applied by hot branding iron or dark colored printing ink with high pressure dies as follows:

(1) ICC–1F. This mark shall be understood to certify that the complete package complies with all specification requirements.

(2) Name or symbol (letters) of company setting up the package, or other party assuming responsibility for its compliance with the specification requirements; this must be registered with the Bureau of Explosives and located just above or below the mark specified in paragraph (a) (1) of this section.

§ 78.10–6 *Tests.* (a) Samples, taken at random and with inner container filled to marked capacity with water and closed as for use, shall be capable of withstanding prescribed tests without leakage. Tests shall be made of each size by each company starting production. The type tests are as follows:

(1) Compression test side to side against flat surfaces of at least 5,000 pounds without deflection of over 1 inch.

(2) One 4-foot drop onto solid concrete so as to strike diagonally on either chime.

SUBPART B—SPECIFICATIONS FOR INSIDE CONTAINERS, AND LININGS

Amend § 78.23–1 paragraph (a) Table (15 F. R. 8380, Dec. 2, 1950) (49 CFR 78.23–1, 1950 Rev.) to read as follows:

§ 78.23–1 *Construction.* (a) • • •

Maximum weight of contents (pounds)	Minimum [1] weight (per 500 sheets 24" x 36") and strength			
	One sheet		Other sheet	
	Weight [1] (pounds)	Strength, Mullen test	Weight [1] (pounds)	Strength, Mullen test
2	30	30	30	30
6	50	50	40	40
12	60	60	50	50
26	70	70	60	60

[1] Footnote remains the same.

SUBPART C—SPECIFICATIONS FOR CYLINDERS

1. Amend § 78.43 heading and § 78.43–2 paragraph (a) (15 F. R. 8396, 8397, Dec. 2, 1950) (49 CFR 78.43, 78.43–2, 1950 Rev.) to read as follows:

§ 78.43 *Specification 3A480X; seamless steel cylinders.*

• • • • •

§ 78.43–2 *Type, size, and service pressure*—(a) *Type and size.* Seamless, having not more than 278 pounds nominal water capacity.

• • • • •

SUBPART D—SPECIFICATIONS FOR METAL BARRELS, DRUMS, KEGS, CASES, TRUNKS AND BOXES

1. Amend § 78.80–2 paragraph (a) (15 F. R. 8432, Dec. 2, 1950) (49 CFR 78.80–2, 1950 Rev.) to read as follows:

§ 78.80–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.80–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

2. Amend § 78.81–2 paragraph (a) (15 F. R. 8433, Dec. 2, 1950) (49 CFR 78.81–2, 1950 Rev.) to read as follows:

§ 78.81–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.81–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity nor greater than rated capacity plus 2 percent plus 2 quarts.

3. Amend § 78.82–2 paragraph (a) (15 F. R. 8434, Dec. 2, 1950) (49 CFR 78.82–2, 1950 Rev.) to read as follows:

§ 78.82–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.82–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

4. Amend § 78.83–2 paragraph (a) and § 78.83–13 paragraph (a) (15 F. R. 8434, 8435 and 8436, Dec. 2, 1950) (49 CFR 78.83–2 and 78.83–13, 1950 Rev.) to read as follows:

§ 78.83–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.83–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

§ 78.83–13 *Type tests.* (a) Samples, taken at random and closed as for use, must be capable of withstanding prescribed tests without leakage. Tests to be made of each type and size by each company starting production and to be repeated every 4 months, except as provided in subparagraph (3) of this paragraph. Samples last tested to be retained until further tests are made. The type tests are as follows:

(1) Test by dropping, filled with water to 98 percent capacity, from height of 6 feet onto solid concrete so as to strike diagonally on chime, or when without chime seam, to strike on other circumferential seam; also additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime or rolling hoops must also be capable of withstanding this test.

(2) Hydrostatic pressure test of 80 pounds per square inch sustained for 5 minutes.

(3) Periodic drop and hydrostatic tests are not required where container has satisfactorily met prescribed tests at the original start of production. Satisfactory test results must be obtained on samples of subsequent containers that have been altered in design or construction. Samples so tested must be retained.

5. Amend § 78.84–2 paragraph (a), § 78.84–13 paragraph (a) and § 78.84–14 paragraph (a) (15 F. R. 8436, Dec. 2, 1950) (49 CFR 78.84–2, 78.84–13 and 78.84–14, 1950 Rev.) to read as follows:

§ 78.84–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.84–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

§ 78.84–13 *Type tests.* (a) Sample containers, before lining is applied, taken at random and closed as for use, must be capable of withstanding prescribed tests without leakage. Tests to be made of each type and size by each company starting production and to be repeated every 4 months, except as provided in subparagraph (3) of this paragraph. Samples last tested to be retained until further tests are made. The type tests are as follows:

(1) Test by dropping, filled with water to 98 percent capacity, from height of 6 feet onto solid concrete so as to strike diagonally on chime, or when without chime seam, to strike on other circumferential seam; also additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime or rolling hoops must also be capable of withstanding this test.

(2) Hydrostatic pressure test of 80 pounds per square inch sustained for 5 minutes.

(3) Periodic drop and hydrostatic tests are not required where container has satisfactorily met prescribed tests at the original start of production. Satisfactory test results must be obtained on samples of subsequent containers that have been altered in design or construction. Samples so tested must be retained.

§ 78.84–14 *Leakage test.* (a) Each container, with lining material applied, shall be tested, with seams under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representative of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Removable head containers not required to be tested with heads in place except that samples taken at random and closed as for use, of each type and size, must be tested at start of production and repeated every 4 months. Samples so tested must be retained until further tests are made.

6. Amend § 78.86–2 paragraph (a) and § 78.86–13 paragraph (a) (15 F. R. 8437, 8438, Dec. 2, 1950) (49 CFR 78.86–2 and 78.86–13, 1950 Rev.) to read as follows:

§ 78.86–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.86–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

§ 78.86–13 *Type tests.* (a) Samples, taken at random and closed as for use, must be capable of withstanding prescribed tests without leakage. Tests to be made of each type and size by each company starting production and to be repeated every 4 months, except as provided in subparagraph (3) of this paragraph. Samples last tested to be retained until further tests are made. The type tests are as follows:

(1) Test by dropping, filled with water to 98 percent capacity, from height of 4 feet onto solid concrete so as to strike diagonally on chime, or when without chime seam, to strike on other circumferential seam; also additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime or rolling hoops must also be capable of withstanding this test.

(2) Hydrostatic pressure test of 80 pounds per square inch sustained for 5 minutes.

(3) Periodic drop and hydrostatic tests are not required where container has satisfactorily met prescribed tests at the original start of production. Satisfactory test results must be obtained on samples of subsequent containers that have been altered in design or construction. Samples so tested must be retained.

7. Amend § 78.87–2 paragraph (a) (15 F. R. 8438, Dec. 2, 1950) (49 CFR 78.87–2, 1950 Rev.) to read as follows:

§ 78.87–2 *Rated capacity.* (a) Rated capacity is marked, see § 78.87–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

8. Amend § 78.88–2 paragraph (a) and § 78.88–12 paragraph (a) (15 F. R. 8439, Dec. 2, 1950) (49 CFR 78.88–2 and 78.88–12, 1950 Rev.) to read as follows:

§ 78.88–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.88–10 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

§ 78.88–12 *Type tests.* (a) Samples, taken at random and closed as for use, must be capable of withstanding prescribed tests without leakage. Tests to be made of each type and size by each company starting production and to be repeated every 12 months, except as provided in subparagraph (3) of this paragraph. Samples last tested to be retained until further tests are made. The type tests are as follows:

(1) Test by dropping, filled with water to 98 percent capacity, from height of 6 feet onto solid concrete so as to strike diagonally on chime, or when without chime seam, to strike on other circumferential seam; also additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime or rolling hoops must also be capable of withstanding this test.

(2) Hydrostatic pressure test of 40 pounds per square inch sustained for 5 minutes.

(3) Periodic drop and hydrostatic tests are not required where container has satisfactorily met prescribed tests at the original start of production. Satisfactory test results must be obtained on samples of subsequent containers that have been altered in design or construction. Samples so tested must be retained.

9. Amend § 78.90–2 paragraph (a) and § 78.90–12 paragraph (a) (15 F. R. 8440, 8441, Dec. 2, 1950) (49 CFR 78.90–2 and § 78.90–12, 1950 Rev.) to read as follows:

§ 78.90–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.90–10 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts.

§ 78.90–12 *Type tests.* (a) Samples, taken at random and closed as for use, must be capable of withstanding prescribed tests without leakage. Tests to be made of each type and size by each company starting production and to be repeated every 12 months, except as provided in subparagraph (3) of this paragraph. Samples last tested to be retained until further tests are made. The type tests are as follows:

(1) Test by dropping, filled with water to 98 percent capacity, from height of 6 feet onto solid concrete so as to strike diagonally on chime, or when without chime seam, to strike on other circumferential seam; also additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime or rolling hoops must also be capable of withstanding this test.

(2) Hydrostatic pressure test of 80 pounds per square inch sustained for 5 minutes.

(3) Periodic drop and hydrostatic tests are not required where container has satisfactorily met prescribed tests at the original start of production. Satisfactory test results must be obtained on samples of subsequent containers that have been altered in design or construction. Samples so tested must be retained.

10. Amend § 78.91–2 paragraph (a) (15 F. R. 8441, Dec. 2, 1950) (49 CFR 78.91–2, 1950 Rev.) to read as follows:

§ 78.91–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.91–11 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

11. Amend § 78.97–2 paragraph (a) (15 F. R. 8442, Dec. 2, 1950) (49 CFR 78.97–2, 1950 Rev.) to read as follows:

§ 78.97–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.97–9 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

12. Amend § 78.98–2 paragraph (a) (15 F. R. 8443, Dec. 2, 1950) (49 CFR 78.98–2, 1950 Rev.) to read as follows:

§ 78.98–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.99–9 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

13. Amend § 78.99–2 paragraph (a) (15 F. R. 8444, Dec. 2, 1950) (49 CFR 78.99–2, 1950 Rev.) to read as follows:

§ 78.99–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.99–9 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

14. Amend § 78.100–2 paragraph (a) (15 F. R. 8444, Dec. 2, 1950) (49 CFR 78.100–2, 1950 Rev.) to read as follows:

§ 78.100–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.100–9 (a) (3). Actual capacity of straight-sided containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts; actual capacity of bilge-type containers must be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 2 quarts.

15. Amend § 78.101–2 paragraph (a) (15 F. R. 8445, Dec. 2, 1950) (49 CFR 78.101–2, 1950 Rev.) to read as follows:

§ 78.101–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.101–9 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts.

16. Add § 78.110 to § 78.110–11 (15 F. R. 8447, Dec. 2, 1950) (49 CFR 78.110, 1950 Rev.) to read as follows:

§ 78.110 *Specification 42F; aluminum barrels or drums.* Removable heads.

§ 78.110–1 *Compliance.* (a) Required in all details.

Marked capacity not over (gallons)	Authorized gross weight not over (pounds)	Type of container	Minimum thickness of material (inch)		Rolling hoops
			Body	Head	
50	450	Bilge	0.091	0.102	None

§ 78.110–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.110–8 (a) (3). Actual capacity shall be not less than rated capacity, nor greater than rated capacity plus 2 percent plus 1 gallon.

§ 78.110–3 *Composition.* (a) Body and heads of aluminum alloy 61S, or an aluminum base alloy of equivalent corrosion resistance and physical properties.

§ 78.110–4 *Seams.* (a) None. Body shall be seamless.

§ 78.110–5 *Parts and dimensions.* (a) Parts and dimensions as follows:

§ 78.110–6 *Closures.* (a) Adequate to prevent leakage; gaskets required.

(b) Closures must be of bolted ring type made of not less than 10 gauge carbon steel with drop forged threaded lugs and $\frac{5}{8}$" minimum diameter cap screw.

§ 78.110–7 *Defective containers.* (a) Leaks and other defects shall be repaired by welding, using welding material of same composition as parts being repaired.

§ 78.110–8 *Marking.* (a) Marking on each container by embossing on head with raised marks as follows:

(1) ICC–42F***; stars to be replaced by the authorized gross weight (for example, ICC–42F450, etc.). This mark shall be understood to certify that the container complies with all specification requirements.

(2) Name or symbol (letters) of maker; this must be recorded with the Bureau of Explosives.

(3) Gauge of metal, Brown and Sharpe, in thinnest part; rated capacity, in gallons; and year of manufacture (for example, 11–50–52). When gauge of metal in body differs from that in head, both must be indicated with slanting line between and with gauge of body indicated first (for example, 11/10–50–52 for body 11 gauge and head 10 gauge).

§ 78.110–9 *Size of markings.* (a) Size of markings (minimum): $\frac{1}{2}$" high for 33 gallons or less, $\frac{3}{4}$" for over 33 gallons.

§ 78.110–10 *Type tests.* (a) Samples, taken at random and closed as for use, shall withstand prescribed tests without leakage. Tests to be made of each type and size by each company starting production and to be repeated every 4 months. Samples last tested to be retained until further tests are made. The type tests are as follows:

(1) Test by dropping, filled with dry, finely powdered material to the authorized gross weight, from height of 4 feet onto solid concrete so as to strike diagonally on top chime, or when without chime seam to strike on other circumferential seam; also an additional drop test on any other parts which might be considered weaker than the chime. Closing devices and other parts projecting beyond chime must also be capable of withstanding this test.

(2) Hydrostatic pressure test of 30 pounds per square inch sustained for 5 minutes. Leakage through closure shall not constitute failure.

§ 78.110–11 *Leakage test.* (a) Each container shall be tested under water or covered with soapsuds or heavy oil, by interior air pressure of at least 15 pounds per square inch. Equally efficient means of testing are authorized upon demonstration and proof of satisfactory tests to representatives of Bureau of Explosives. Leakers shall be rejected or repaired and retested. Containers not required to be tested with heads in place, except that samples taken at random and closed as for use of each type and size, must be tested at start of production and repeated every 4 months. Samples so tested must be retained until further tests are made.

17. Amend § 78.115–2 paragraph (a) (17 F. R. 4297, May 10, 1952) (49 CFR 78.115–2, 1950 Rev.) to read as follows:

§ 78.115–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.115–10 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts.

18. Amend § 78.116–2 paragraph (a) (17 F. R. 4297, May 10, 1952) (49 CFR 78.116–2, 1950 Rev.) to read as follows:

§ 78.116–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.116–10 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts.

19. Amend § 78.117–2 paragraph (a) (17 F. R. 4297, May 10, 1952) (49 CFR 78.117–2, 1950 Rev.) to read as follows:

§ 78.117–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.117–11 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 2 quarts.

20. Amend § 78.118–2 paragraph (a) (17 F. R. 4297, May 10, 1952) (49 CFR 78.118–2, 1950 Rev.) to read as follows:

§ 78.118–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.118–10 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent plus 2 quarts.

21. Amend § 78.119–2 paragraph (a) (5 F. R. 8450, Dec. 2, 1950) (49 CFR 78.119–2, 1950 Rev.) to read as follows:

§ 78.119–2 *Rated capacity.* (a) Rated capacity as marked, see § 78.119–10 (a) (3). Actual capacity of containers shall be not less than rated (marked) capacity plus 2 percent, nor greater than rated capacity plus 2 percent, plus 1 quart, except that for containers over 30 gallons marked capacity actual capacity shall be not less than rated capacity plus 2 percent; nor greater than rated capacity plus 2 percent plus 2 quarts.

22. Amend § 78.125–5 paragraph (a) Table (17 F. R. 4297, May 10, 1952) (49 CFR 1950 Rev., 1951 Supp., 78.125–5) to read as follows:

§ 78.125–5 *Parts and dimensions.* (a) • • •

Marked capacity not over (gallons)	Authorized gross weight not over (pounds)	Type of container	Welded side seam required	Minimum thickness in the black (gauge, United States standard)	
				Body sheet	Head sheet
"	60	Straight side	No	26	26
	80	do	No	24	24
	160	do	No	22	22
	300	do	No	20	20
	425	do	No	19	19
	480	do	Yes	19	19
	880	do	Yes	18	18

SUBPART F—SPECIFICATIONS FOR FIBERBOARD BOXES, DRUMS, AND MAILING TUBES

Amend § 78.218–4 paragraph (a) (15 F. R. 8480, Dec. 2, 1950) (49 CFR 78.218–4, 1950 Rev.) to read as follows:

§ 78.218–4 *Stitching staples.* (a) If used, shall be of steel wire, copper-coated or equivalent in nonsparking quality, at least $\frac{3}{32}$" by 0.019" or equivalent cross section formed into staples approximately $\frac{7}{16}$" wide.

SUBPART H—SPECIFICATIONS FOR PORTABLE TANKS

Add paragraph (c) to § 78.245–1 (15 F. R. 8483, Dec. 2, 1950) (49 CFR 78.245–1, 1950 Rev.) to read as follows:

§ 78.245–1 *Requirements for design and construction.* • • •

(c) On and after August 31, 1953, every uninsulated portable tank shall, unless it is constructed of aluminum, stainless steel, or other bright nontarnishing metal, be painted all over a white, aluminum, or similar reflecting color.

SUBPART I—SPECIFICATIONS FOR TANK CARS

1. Amend § 78.270 entire paragraph ICC–12 (15 F. R. 8495, Dec. 2, 1950) (49 CFR 78.270, 1950 Rev.) to read as follows:

§ 78.270 *Specification for tank cars having lagged riveted steel tanks, Class ICC–104A.* • • •

ICC–12. *Venting, loading and discharging, gauging and sampling devices.* (a) Venting, and loading and discharging valves must be of approved type, made of metal not subject to rapid deterioration by the lading, and must withstand a pressure of 100 pounds per square inch without leakage. The valves must be directly bolted to seatings on manhole cover. Pipe connections of the valves must be closed with approved screw plugs chained or otherwise fastened to prevent misplacement. Interior pipes of the liquid and gas discharge valves must be equipped with check valves.

ICC–12. (b) Gauging device, sampling valve, and thermometer well are not specification requirements. When used, they must be of approved design, made of metal not subject to rapid deterioration by the lading, and must withstand a pressure of 100 pounds per square inch without leakage. Interior pipes of the gauging device and sampling valve must be equipped with check valves of approved design. Thermometer well must be closed with screw plug.

2. Amend § 78.280 AAR–6 (j–1) Note 1 paragraph (b) (16 F. R. 11783, Nov. 21, 1951) (49 CFR 1950 Rev., 1951 Supp., 78.280) to read as follows:

§ 78.280 *Specification for tank cars having fusion-welded steel tanks Class ICC–103–W.* • • •

AAR–6. *Nondestructive tests.* (j–1) • • •

NOTE 1: • • •

(b) Should the length of slag inclusions or cavities, if any, described in paragraph AAR–6 (j–12) be not greater than $\frac{T}{16}$, where T is the thickness of the weld, and the number of such imperfections is not in excess of one (1) for any fifteen (15) foot increment of radiographed longitudinal and circumferential fusion welded joint of all three tanks, then only the intersections of all longitudinal and circumferential fusion welded joints of all remaining tanks in the first group of twenty (20) covered by the same purchase order shall be radiographed.

• • • • •

3. Amend § 78.285 entire paragraph ICC–11 (15 F. R. 8514, Dec. 2, 1950) (49 CFR 78.285, 1950 Rev.) to read as follows:

§ 78.285 *Specification for tank cars having lagged fusion-welded steel tanks Class ICC–104A–W.* • • •

ICC–11. *Venting, loading and discharging, gauging and sampling devices.* (a) Venting, and loading and discharging valves must be of approved type, made of metal not subject to rapid deterioration by the lading, and must withstand a pressure of 100 pounds per square inch without leakage. The valves must be directly bolted to seatings on manhole cover. Pipe connections of valves must be closed with approved screw plugs chained or otherwise fastened to prevent misplacement. Interior pipes of the liquid and gas discharge valves must be equipped with check valves.

ICC–11. (b) Gauging device, sampling valve, and thermometer well are not specification requirements. When used, they must be of approved design, made of metal not subject to rapid deterioration by the lading, and must withstand a pressure of 100 pounds per square inch without leakage. Interior pipes of the gauging device and sampling valve must be equipped with check valves of approved design. Thermometer well must be closed with screw plug.

4. Add § 78.294 (15 F. R. 8523, Dec. 2, 1950) (49 CFR 78.294, 1950 Rev.) to read as follows:

§ 78.294 *Specification for tank cars having fusion-welded aluminum tanks, Class ICC–104A–AL–W.* This specification covers Class ICC–104A–AL–W tank cars having lagged fusion-welded aluminum tanks to which have been added A. A. R. details which are not inconsistent therewith. Wherever the word "approved" is used in this specification, it means approval by the Association of American Railroads Committee on Tank Cars as prescribed in § 78.259 (b), (c), (d), and (e) Procedure.

(a) *General requirements.* Tanks built under this specification must comply with all provisions of Specification ICC–103–AL–W, except as modified in the following paragraphs (paragraph numbers refer to like numbers in § 78.291 Specification ICC–103–AL–W):

ICC–1. *Type.* (a) Tanks built under this specification must be cylindrical, with heads dished convex outward. The tank must be provided with a manhole nozzle and cover on top of the tank of sufficient diameter to permit access to the interior of the tank and provide for the proper mounting of venting, loading, unloading, sampling, and safety valves, gauging device, thermometer well, and a protective housing on the cover. Other openings in the tank prohibited, except those required for testing anchor rivets and their protective coverings.

ICC–1. (b) The tank shell and manhole nozzle must be lagged with an approved insulation material of a thickness so that the thermal conductance is not more than 0.075 B. t. u. per square foot, per degree Fahr. differential in temperature per hour. The entire insulation must be covered with a metal jacket, efficiently flashed around all openings so as to be weather tight. When heater systems are attached to exterior of tank, the lagging over each pipe may be reduced in thickness equivalent to one-half that required for shell.

AAR-1. (a) See paragraph ICC-1 (b).

ICC-2. *Bursting pressure.* (a) The calculated bursting pressure, based on the lowest tensile strength of the plate and the efficiency of the longitudinal welded joint must be at least 495 pounds per square inch.

AAR-2. (b) The opening in the tank for manhole nozzle must be reinforced so as to provide the required cross-sectional area as determined by formula shown on Figure 14-A.

ICC-4. *Thickness and width of plates.* (a) The minimum thickness of plates for heads, shell, and bottom must be $^{11}/_{16}$".

AAR-5. (a-1) The tank heads must be ellipsoidal for pressure on the concave side.

AAR-5. (a-2) This paragraph does not apply.

AAR-5. (b-1) This paragraph does not apply.

ICC-6. (b) Manhole nozzle must be of approved design and attached to tank by fusion-welding. Fusion-welding for securing attachments in place must be of the double-welded butt joint type or double full-fillet lap joint type.

ICC-9. *Expansion dome.* (a) Expansion dome prohibited.

ICC-9. (b) This paragraph does not apply.

ICC-9. (c) This paragraph does not apply.

AAR-9. (a) This paragraph does not apply.

AAR-9. (b) This paragraph does not apply.

AAR-9. (c) This paragraph does not apply.

AAR-9. (d) This paragraph does not apply. See paragraph AAR-2 (b).

ICC-10. *Manhole nozzle, cover and protective housing.* (a) Manhole nozzle must be of cast, forged, pressed, or fabricated aluminum alloy or other material not subject to rapid deterioration by the lading, at least 18" inside diameter having approved wall thicknesses and dimensions.

ICC-10. (b) Manhole cover must be of forged or rolled aluminum alloy at least 2½ inches thick, or other approved material at least 2¼ inches thick, machined to approved dimensions. Manhole cover must be attached to manhole nozzle by through bolts not entering tank.

ICC-10. (c) The shearing value of the bolts attaching protective housing to manhole cover must not exceed 70 percent of shearing value of bolts attaching manhole cover to manhole nozzle.

ICC-10. (d) All joints between manhole cover and manhole nozzle, and between manhole cover and valve or other appurtenances mounted thereon, must be made tight against vapor pressure.

ICC-10. (e) Protective housing of cast, pressed, or fabricated steel or other approved materials must be bolted to manhole cover. Housing must be equipped with a cover that can be securely closed. Housing cover on tanks used for the transportation of flammable compressed gases must be provided with an opening equipped with an approved weatherproof covering and having an area at least equal to the total safety valve discharge area. Housing cover must have suitable stop to prevent cover striking loading or unloading connections and be hinged on one side only with approved riveted pin or rod with nuts and cotters. Openings in wall of housing must be equipped with screw plugs or other closures.

AAR-10. *Manhole cover.* (a) For dimensions and tolerances of manhole covers see Figure 8 and 8-A.

ICC-11. *Venting, loading and discharging, gauging and sampling devices.* (a) These devices must be of approved type, made of metal not subject to rapid deterioration by the lading, and must withstand a pressure of 100 pounds per square inch without leakage. The venting and loading and discharging valves must be directly bolted to seatings on manhole cover. Pipe connections of valves must be closed with approved screw plugs chained or otherwise fastened to prevent misplacement. Thermometer well and sampling valve, if applied, must be closed with screw plugs or valves.

ICC-11. (b) The interior pipes of the liquid and gas discharge valves, except as prescribed in paragraph ICC-11 (c) may be equipped with check valves of an approved design.

ICC-11. (c) Tanks for the use in transportation of liquefied compressed flammable gases must have the interior pipes of the liquid and gas discharge valves equipped with check valves of an approved design.

ICC-11. (d) Gauging device, sampling valve, check valves, and thermometer well are not specification requirements on tanks used for the transportation of commodities other than those classed as liquefied compressed flammable gases.

ICC-12. (a) This paragraph does not apply.

AAR-12. (a) This paragraph does not apply.

ICC-13. (a) Bottom discharge outlet prohibited.

ICC-13. (b) This paragraph does not apply.

ICC-13. (c) This paragraph does not apply.

AAR-13. (a) This paragraph does not apply.

AAR-13. (b) This paragraph does not apply.

AAR-13. (c) This paragraph does not apply.

AAR-13. (d) This paragraph does not apply.

AAR-13. (e) This paragraph does not apply.

AAR-13. (f) This paragraph does not apply.

AAR-13. (g) This paragraph does not apply.

ICC-14. *Safety valves.* (a) The tank must be equipped with one or more safety valves of approved type, made of metal not subject to rapid deterioration by lading and mounted on manhole cover. The total valve discharge capacity must be sufficient to prevent building up of pressure in tank in excess of 75 pounds per square inch.

ICC-14. (b) This paragraph does not apply.

ICC-14. (c) The safety valves must be set to open at a pressure of not exceeding 75 pounds per square inch. (For tolerance see paragraph ICC-18).

ICC-14. (d) This paragraph does not apply.

AAR-14. (a) Safety valve must be of approved design. See Appendix "A" for formula for calculating discharge capacity of valve and method of testing sample valve of a particular design to determine its actual discharge capacity which must at least equal the capacity calculated as necessary to prevent building up pressure in the tank in excess of 75 pounds per square inch.

AAR-14. (b) This paragraph does not apply.

ICC-15. *Fixtures, reinforcements, and attachments, not otherwise specified.* (a) Attachments, other than the anchorage and those mounted on manhole nozzle and cover, are prohibited. Heater systems may be applied to exterior of tank by tank bands or other approved method.

AAR-15. (b) This paragraph does not apply.

ICC-16. *Plugs for openings.* (a) Plugs must be of approved type with standard pipe thread, and of metal not subject to rapid deterioration by the lading.

ICC-17. *Tests of tanks.* (a) Each tank must be tested, after anchorage is applied and before the tank lagging is applied, by completely filling tank and manhole nozzle with water or other liquid of similar viscosity having a temperature which must not exceed 100° F. during test, and applying a pressure of 100 pounds per square inch. The tank must hold the prescribed pressure for at least 10 minutes without leakage or evidence of distress. All closures, except safety valves, must be in place while test is made.

ICC-17. (c) Tests of exterior heater systems not a specification requirement.

AAR-17. (b) See paragraph ICC-17 (a).

ICC-18. *Tests of safety valves.* (a) Each valve must be tested by air or gas before being put into service. The valve must open at a pressure not exceeding 75 pounds per square inch and be vapor tight at 60 pounds per square inch, which limiting pressures must not be affected by any auxiliary closure or other combination.

AAR-18. (a) This paragraph does not apply.

ICC-19. *Retests of tanks and safety valves.* (a) Tanks must be retested at intervals of 5 years or less to a pressure as prescribed in paragraph ICC-17 (a), except that the tank lagging and jacket need not be removed unless the pressure in the tank drops during the test period, indicating leakage; and safety valves must be retested to a pressure as prescribed in paragraphs ICC-14 (c) and ICC-18. Tanks must be retested before being returned to service after any repairs requiring welding. Reports must be rendered as prescribed in paragraph ICC-21.

AAR-19. (a) See paragraph ICC-19 (a).

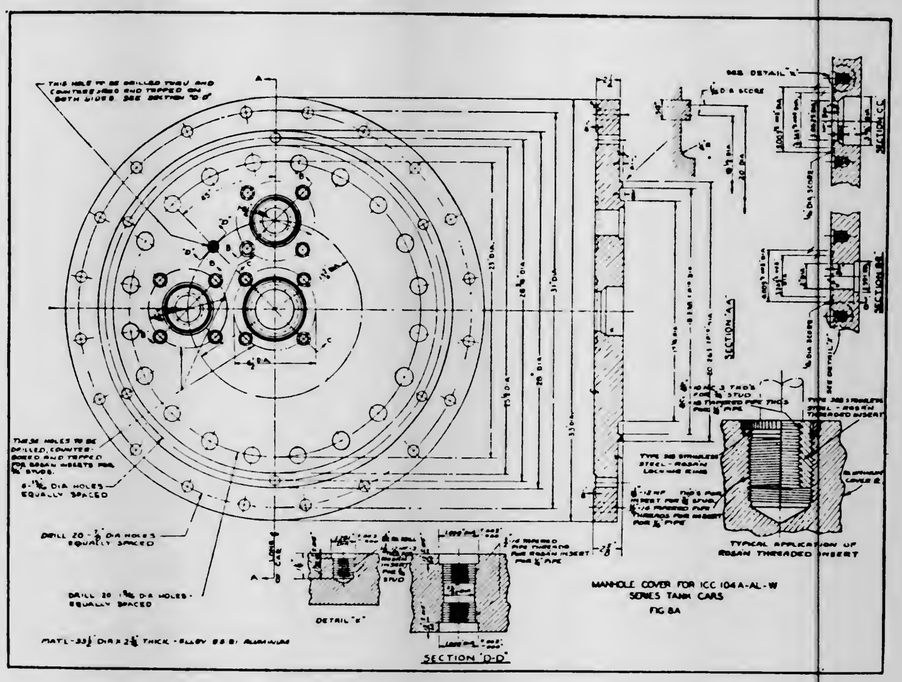
ICC-20. (b) ICC-104A-AL-W in letters and figures at least ⅜ inch high stamped plainly and permanently into the metal near the center of both outside heads of the tank by the tank builder. This mark must also be stenciled on the jacket in letters and figures at least 2 inches high by the party assembling the completed car.

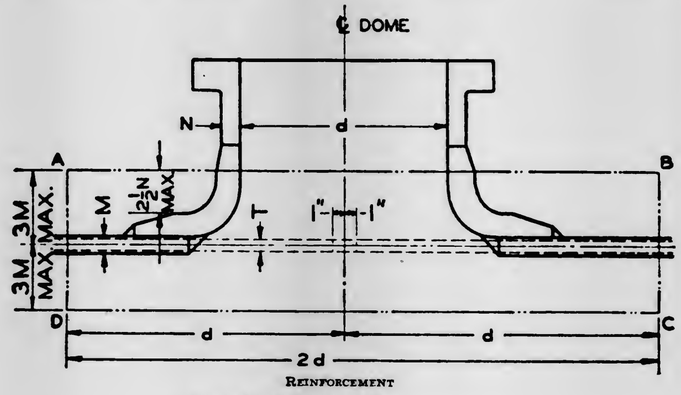
ICC-20. (g) This paragraph does not apply.

ICC-20. (h) This paragraph does not apply.

ICC-20. (j) Water capacity of the tank in pounds stamped plainly and permanently in letters and figures at least ⅜ inch high into the metal of the tank immediately below the mark specified in paragraphs ICC-20 (c) and ICC-20 (d). This mark must also be stenciled on the jacket immediately below the dome platform and either behind or within three feet of the right or left side of ladder, or ladders, if there is a ladder on each side of the tank, in letters and figures at least 2 inches high as follows: Water Capacity 000000 Pounds.

5. Add Figures 8A and 14A to Appendix C, Part 78, Subpart I (15 F. R. 8534, 8536, Dec. 2, 1950) (49 CFR Appendix C, Part 78, Subpart I, 1950 Rev.) as follows:





REINFORCEMENT

d = inside diameter of nozzle.
T = shell thickness required by specifications.
M = actual shell thickness.
N = nozzle thickness.

Cross-section area available equals actual area in rectangle *ABCD*. (Use $3M$ or $2½N$ whichever is less.) =
Area required equals $2T(d-1)$ =

Excess area over requirements =

FIGURE 14A—Nozzle reinforcement (ICC 104A-AL-W).

SUBPART J—SPECIFICATIONS FOR CONTAINERS FOR MOTOR VEHICLE TRANSPORTATION

Add paragraph (c) to § 78.336–1 (15 F. R. 8556, Dec. 2, 1950) (49 CFR 78.336–1, 1950 Rev.) to read as follows:

§ 78.336–1 *Requirements for design and construction.* • • •

(c) On and after August 31, 1953, every uninsulated cargo tank permanently attached to a tank motor vehicle shall, unless it be constructed of aluminum, stainless steel, or other bright nontarnishing metal, be painted all over a white, aluminum, or similar reflecting color.

It is further ordered, That the foregoing amendments to the aforesaid regulations shall have full force and effect on October 25, 1952, and that such regulations as herein amended shall thereafter be observed until further order of the Commission.

It is further ordered, That compliance with the aforesaid regulations as herein amended is hereby authorized on and after the date of service of this order.

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of Federal Register.

(Sec. 204, 49 Stat. 546, as amended, sec. 835, 62 Stat. 739; 49 U. S. C. 304, 18 U. S. C. Sup. 835. Interpret or apply 62 Stat. 738; 18 U. S. C. 831–834)

By the Commission, Division 3.

[SEAL] W. P. BARTEL, *Secretary.*

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—PRACTICE AND PROCEDURE

OPERATION PENDING ACTION ON RENEWAL APPLICATION

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 30th day of July 1952;

The Commission having under consideration § 1.384 of the Commission's rules and regulations;

It appearing, that § 1.384 of the Commission's rules and regulations should be amended so as to make this section expressly consistent with the requirements of the Administrative Procedure Act; and

It further appearing, that this amendment is procedural in character and that, therefore, the provisions of section 4 of the Administrative Procedure Act with respect to notice of proposed rule making are inapplicable and that the amendment may be made effective immediately; and

It further appearing, that the amendment is issued pursuant to the authority contained in sections 4 (i) and (j) and 303 (r) of the Communications Act of 1934, as amended, and section 9 (b) of the Administrative Procedure Act;

It is ordered, That effective immediately § 1.384 of the Commission's rules and regulations is amended to read as follows:

§ 1.384 *Operation pending action on renewal application.* (a) When there is pending before the Commission at the time of expiration of license any proper and timely application for renewal of license with respect to any activity of a continuing nature, in accordance with the provisions of section 9 (b) of the Administrative Procedure Act, such license shall continue in effect without further action by the Commission until such time as the Commission shall make a final determination with respect to the renewal application. No operation by any licensee under this section shall be construed as a finding by the Commission that the operation will serve public interest, convenience, or necessity nor shall such operation in any way affect or limit the action of the Commission with respect to any pending application or proceeding. A licensee operating by virtue of this section shall, after the date of expiration specified in the license, post in addition to the original license the acknowledgment received from the Commission that the renewal application has been accepted for filing or a signed copy of the application for renewal of license which has been submitted by the licensee or, in services other than broadcast and common carrier, a statement certifying that the licensee has mailed or filed a renewal application, specifying the date of mailing or filing.

(b) Where there is pending before the Commission at the time of expiration of license any proper and timely application for renewal or extension of the term of a license with respect to any activity not of a continuing nature, the Commission may in its discretion grant a temporary extension of such license, pending determination of such application. No such temporary extension shall be construed as a finding by the Commission that the operation of any radio station thereunder will serve public interest, convenience, or necessity beyond the express terms of such temporary extension of license nor shall such temporary extension in any way affect or limit the action of the Commission with respect to any pending application or proceeding.

(c) Except where an instrument of authorization clearly states on its face that it relates to an activity not of a continuing nature, or where the authorization is expressly denominated "temporary", or where the non-continuing nature is otherwise clearly apparent upon the face of the authorization, all licenses issued by the Commission shall be deemed to be related to an activity of a continuing nature.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082; 47 U. S. C. 303)

Released: August 4, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE, *Secretary*

[F. R. Doc. 52-8808; Filed, Aug. 8, 1952; 8:53 a. m.]

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—Management of Wildlife Conservation Areas

PART 36—ALASKA REGION

SUBPART—ALEUTIAN ISLANDS NATIONAL WILDLIFE REFUGE

WATERFOWL AND PTARMIGAN HUNTING

Basis and purpose. On the basis of observations and reports of field representatives of the Fish and Wildlife Service, it has been determined that the continuation of waterfowl and ptarmigan hunting can be permitted on a part of Adak Island in the Aleutian Islands National Wildlife Refuge, Alaska, without interfering with the primary purpose of the refuge.

Inasmuch as the following regulation is a relaxation of existing regulations applicable to the Aleutian Islands National Wildlife Refuge, publication prior to the effective date is not required (60 Stat. 237; 5 U. S. C. 1001 et seq.).

Effective immediately upon publication in the FEDERAL REGISTER, § 36.11 is revised to read as follows:

§ 36.11 *Waterfowl and ptarmigan hunting permitted.* Hunting migratory waterfowl and ptarmigan is permitted on all of Adak Island of the Aleutian Islands National Wildlife Refuge except that part south and west of a line extending from the head of the South Arm of Three Arm Bay to the head of the Bay of Waterfalls, as designated by posting by the officer in charge of the refuge, subject to the provisions, restrictions and requirements of §§ 36.12 and 36.13. Migratory waterfowl may be taken during the season prescribed and in accordance with the provisions of applicable Federal laws and regulations during the 1952 calendar year. Ptarmigan may be hunted in the daylight hours during the period August 20, 1952, to February 28, 1953, inclusive, in accordance with the provisions of current Alaska game law regulations.

(Sec. 10, 45 Stat. 1224; 16 U. S. C. 715i)

Dated: August 4, 1952.

O. H. JOHNSON, *Acting Director.*

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR Parts 904, 934, 947, 996, 999]

[Docket Nos. AO–14–A21, AO–83–A17, AO–203–A3, AO–204–A3, AO–113–A14, A11 RO–1]

HANDLING OF MILK IN GREATER BOSTON, LOWELL-LAWRENCE, SPRINGFIELD, WORCESTER, AND FALL RIVER, MASS., MARKETING AREAS

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENTS AND PROPOSED ORDERS AMENDING ORDERS NOW IN EFFECT

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted at Barre, Vermont, on January 28; West Springfield, Massachusetts, on January 29; and Boston, Massachusetts, on January 30 through February 1, 1952, pursuant to a notice thereof which was issued on December 27, 1951 (17 F. R. 91) and reopened at Boston, Massachusetts, on May 12–15, 1952, pursuant to a notice thereof which was issued March 6, 1952 (17 F. R. 2063) and a revised notice thereof issued April 28, 1952 (17 F. R. 3888) upon proposed amendments to the tentative marketing agreements and to the orders now in effect, regulating the handling of milk in the Greater Boston, Lowell-Lawrence, Springfield, Worcester, and Fall River, Massachusetts, marketing areas.

Upon the basis of the evidence introduced at the hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on April 15, 1952 and July 8, 1952, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decisions and opportunity to file written exceptions thereto which were published in the FEDERAL REGISTER on April 19, 1952 (17 F. R. 3496) and July 12, 1952 (17 F. R. 6271).

Rulings. Within the periods reserved for exceptions, interested parties filed exceptions to certain of the findings, conclusions, and actions recommended by the Assistant Administrator. In arriving at the findings, conclusions, and regulatory provisions of this decision, each of such exceptions was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings, conclusions, and actions decided upon herein are at variance with the exceptions, such exceptions are overruled.

Issues considered. The material issues considered at the hearing and herein decided upon were concerned with the following:

1. The level and basis of pricing Class I milk in all five markets.
2. The classification of skim milk for human consumption in all five markets.
3. A revision of the definition of concentrated milk in all five markets.
4. Extension of the limits of the Boston marketing area.
5. Revision of the Lowell-Lawrence pool plant requirements.
6. Proposals relating to handlers' obligations with respect to members of cooperative associations of producers in all five markets.
7. Modification of the classification provisions with reference to second transfers of milk between certain plants under the Boston, Springfield, Worcester, and Lowell-Lawrence orders.
8. Extension of the zone differentials under the Boston order to reflect additional mileage distances.
9. Revision of the exempt milk definition under the Lowell-Lawrence order to include receipts from nonpool plants for custom bottling.
10. An extension of the nearby differential area under the Springfield order to include the town of Stafford, Connecticut.
11. An extension of the Springfield marketing area.
12. A revision of the emergency milk provisions under the Springfield order to reduce the pool obligations on receipts of emergency outside milk.
13. Modification of differentials under the Worcester order.
14. Revision of the Boston and Worcester orders with respect to the classification of inter-market transfers of fluid milk products.
15. Miscellaneous non-substantive changes in the order provisions.

Findings and conclusions. The following findings and conclusions are based upon the evidence introduced at the hearing including the reopened hearing and the record thereof.

1. *Class I price.* The principal issue at the January–February hearing and at the reopened hearing dealt with the current level of Class I prices in each of the five Massachusetts Federal order markets in relation to the standards for establishing prices set forth in the Agricultural Marketing Agreement Act and the selection of certain automatic adjustment factors which would modify such Class I prices in the future in accordance with changed circumstances. It is concluded that the Class I prices in each of these orders be related to a "New England basic Class I formula" price. The basic formula price should be determined by combining indexes of wholesale commodity prices, New England disposable income, and a feed grain-farm wage rate index, all related to a 1951 base, and by applying to such basic price certain percentage adjustments to reflect above or below normal supplies of milk relative to Class I sales and a schedule of seasonal price adjustments. The operation of the supply-demand adjustment to reduce the price should be limited to a possible 4 percent reduction until March 1953. The resultant price should continue to be expressed in intervals of 22-cent price change.

The Class I price in each of these Massachusetts markets is determined currently by a formula method which was adopted initially as a part of the Boston order, April 1, 1948. On the basis of the hearing record of January 28–February 1, certain changes in the formula were recommended and subsequently amendments carrying out those recommendations became effective April 1, 1952. By these amendments the formula was revised to make use of currently published indexes of wholesale prices and per capita disposable income in New England and the schedule of prices related to the index factors was adjusted to the current price level. The evidence presented at the May 12–15 hearing confirms the findings on the previous record that certain revisions should be made in the indexes used in the basic formula and that the current basic price level should be continued subject to changes in the relationship of milk receipts from producers to the total Class I sales.

The most important revision in the pricing formula recommended at this time is a proposed method of increasing or decreasing the formula Class I price according to a schedule which indicates whether the current supply relative to Class I sales is above or below normal. To measure the percentage of normal supply, the formula would make use of the latest published data on receipts from producers and Class I sales in the Federal order markets of Boston, Lowell-Lawrence, Springfield, and Worcester, Massachusetts. The orders regulating the handling of milk in each of these markets are generally similar in that they provide for market-wide pools and encourage handlers to operate their plants in the pool on a year-round basis. The combined utilization of milk in these four markets represents a substantial part of the Class I sales in Massachusetts and the receipts from producers to supply those sales. Therefore, the ratio of the combined receipts to the combined sales should provide a good measure of the adequacy of the supply of milk in the region.

The exact figure at which the supply should be regarded as normal cannot be determined with pinpoint accuracy. There are a number of variables which affect both the supply of milk and the Class I sales so that any estimate of prospective requirements measured from even the most recent data available is subject to some degree of error. The evidence indicated that handlers who have city distributing business and who also receive milk at country plants consider it is necessary to have at least 13 percent more milk in November than they utilize in Class I sales. This reserve is calculated to be necessary to allow for the daily variation in producer receipts and in Class I sales. The reserve estimate was made on the assumption that some inventory would be carried along to meet the usual weekly peak of daily sales. Other estimates of the margin of reserve

necessary to supply Class I sales during the shortest supply month ranged as high as 20 percent. Most witnesses indicated that about 18 percent reserve is needed during November in order to be assured of having an adequate supply at all times. Because of the highly variable conditions of supply, it appears desirable to establish a goal which represents an ample rather than a scanty margin of reserve for Class I sales. It is concluded therefore that the optimum supply relative to sales should be established on the generous side with graduated price adjustments designed to direct the supply within that normal range. The normal supply relative to Class I sales for the four markets can be expressed according to this record in terms of 80 to 84 percent Class I during the month of November.

In order to relate percentages of Class I in other months of the year to the November standard, the normal pattern of seasonal variation in producer receipts and Class I sales for the four markets must be recognized. A schedule of normal Class I percentages equivalent to 82 percent Class I in November should be used as the basis for measuring deviations from the normal during the most recent two months for which data are available. The record indicates that a two-month average is more stable than a one-month average and any longer period of time increases the necessary lag in the data used without adding appreciably to the accuracy of the prediction from such data.

The price adjustments for deviations from normal supply should amount to about a 2 percent price change for each change from the normal November Class I percent of 2 percentage points when the percent of normal supply (normal percent of Class I divided by current percent of Class I) varies from 95 to 105 percent. The 2 percent price adjustments should be related to a smaller change in the normal supply when the supply is outside this middle range. The schedule of price adjustments should extend to a 12 percent plus adjustment when the normal supply is 91½ percent or under and to a minus 12 percent when the supply is 112 percent or more of the normal rate. If the supply moves outside these limits or remains for any period of time in the outer adjustment brackets, the schedule of adjustment and the basic price should be reconsidered at a hearing.

The supply-demand adjustment should be instituted on a gradual scale so that any reduction prior to January 1953 would be limited to 2 percent of the price and in January and February 1953 the effect of the adjustment could not reduce the price more than 4 percent regardless of the level of supply. Recent announcements of the receipts of milk from producers relative to Class I sales as shown on public releases of the Boston, Springfield, Worcester, and Lowell-Lawrence Federal milk market administrator (official notice being taken of such releases) show a marked increase in the ratio of receipts to Class I sales. If the current level of supply relative to sales continues, the supply demand adjustment might operate to reduce the price as much as 10 percent at the outset. It is concluded that the formula should be permitted to operate for some time with only a moderate adjustment for oversupply in order to observe whether the current supply situation will be corrected by the other factors in the formula.

The evidence at the hearing indicated that the seasonal adjustments to the price should be made in terms of percent to reflect changes in the price level, rather than in fixed amounts; and that the adjustments should be graduated over a wider seasonal range with less abrupt changes from month to month. The revised seasonal price schedule is designated to encourage producers to deliver a larger share of their annual milk production during the period from September through February.

The record indicates that price adjustments should be effected as soon as any of the various formula factors indicate the need for a price change. However, representatives of producers, handlers, and state milk control agencies testified at the hearing that they favored retarding price adjustments until their accumulated effect would bring about a change of 22 cents in the Class I price. Class I price changes in New England markets have been made in multiples of 20 or 22 cents for several years and the industry has become accustomed to such adjustments. Although the record indicates that such bracketed price adjustments have in the past brought about too late and too abrupt price changes, several revisions proposed in the pricing formula at this time reduce the lag and the precipitous effect of the price adjustments. The effect of the bracketed price changes on the operation of the revised formula may not seriously retard the necessary adjustments. It is concluded, therefore, that the pricing should be continued at this time on the basis of bracketed 22-cent price changes.

Certain witnesses at the May 12–15 hearing proposed that the formula indexes be related to 1950 as a base period and that a base price of $5.36 be constructed. If the New England disposable income factor had been used in the pricing formula in 1950, the price would have averaged for the year $4.92 instead of the actual average of $5.14. The witnesses who supported the substitution of the disposable income factor for the previously used department store sales index testified that the prices which would have resulted from the use of the disposable income factor were reasonable. In 1951 the substitution of the disposable income factor would have had very little effect on the average price for the year. It appears desirable therefore to adopt the 1951 base which is more up to date and which can be used with the base price computed on the same period. By adopting the 1951 base period, it is apparent that the basic price level would change in the future from the 1951 level in accordance with changes in the formula index and the percentage of normal supply. Since the measure of normal supply proposed at this time, during the first six months of 1952, was close to 100 percent, it appears that the prices in 1951 were about right to maintain a normal supply. If the evidence in future months indicates that the current price level is not maintaining the normal level of supply, the adjustment feature of the pricing formula would make the necessary change automatically. In computing the 1951 base for New England per capita disposable income, official notice has been taken of the revised series of United States per capita disposable income figures reported by the Council of Economic Advisers to the President and the base has been adjusted accordingly.

Since the formula involves several complicated calculations, it is important to avoid any unnecessary computations. The record indicates that farm wage rates published for the New England region as a whole vary about the same as the rates for the individual States in the milkshed. Accordingly, the regional rates should be used to reflect the farm labor cost factor of the formula.

With the adoption of more frequent seasonal price changes, it is not likely that the proposed formula would produce price changes contrary to the desirable seasonable price pattern except during the months of November and December. It is concluded therefore that the order provide that the Class I formula price shall not be lower in the months of November and December than it was in the preceding month. Exceptions were filed to the failure to retain the contra-seasonal provisions effective from September through December. The basis for such exceptions was largely the anticipation of possible aberrations in the supply-demand adjustment which might bring about a price drop in September or October. Since the contra-seasonal in those months would have no effect unless the decline in other formula factors offset the 4 percent seasonal price rise, it would require a major change in the formula factors to effect a price drop. In such event, the price change would appear to be warranted.

The record indicates that the basic Class I pricing formula should be the same for each of the five Massachusetts Federal order markets. The changes in Class I prices in each of these markets should take place at the same time and in the same amount in order to maintain the appropriate differentials between the prices established for the different markets and zone locations. The differentials between the five market Class I prices have been established at the present level for several years. There is no evidence in this record to support any change in the present market differentials.

A representative of the Massachusetts Milk Control Board urged at the hearing that the Class I pricing provisions make specific requirement for yearly hearings on the Class I price and the appointment of a committee to study the Class I pricing problem. Since the situations which may indicate the need for a hearing cannot be expected to occur at regular yearly intervals, there appears to be no basis for scheduling hearings in advance of some showing that an amendment to the order may be needed.

Interested persons have joined together voluntarily to prepare testimony and evidence to be presented at public

hearings. The group which is known as the "Boston Class I Price Committee" is such an unofficial voluntary company of persons interested in milk pricing. Certain witnesses appear to have gained the impression that this voluntary group is commissioned by the Department of Agriculture to assume some responsibility in determining Class I pricing methods suitable for these New England Federal order markets. To formalize the committee's organization would appear to encourage this impression. Since the responsibility for determining prices which will effectuate the declared policy of the act rests with the Department of Agriculture, such an impression would be misleading. Therefore, it does not appear desirable to provide for a permanent and formalized committee as a part of the order regulation.

2. *Classification of skim milk.* The present classification provisions of all five New England orders should be revised to provide for the classification of fluid skim milk disposed of for human consumption as Class I milk. Such milk under the present provisions is classified as Class II. At the time this classification scheme was adopted, fluid skim milk for human consumption was an inconsequential item limited primarily to certified skim milk dispensed under doctor's prescription. In recent years the use of fluid skim milk for human consumption has become more commonplace. Recent promotional sales work on "fat free" milk for diet conscious consumers has emphasized this product as a basic food item and an acceptable replacement for regular fluid milk. The record indicates that the same health regulations apply to fluid skim milk as to fluid whole milk. Since fluid skim milk for human consumption in the Massachusetts Federal order markets is produced from Massachusetts approved milk, it competes directly with items presently classified as Class I for available supplies of local producer milk. Accordingly, it is concluded that milk used to produce skim milk for human consumption should be classified and priced at the same level as milk used for other fluid products presently classified as Class I under each of the five Massachusetts orders.

Classification of milk disposed of as fluid skim milk should be determined in the same manner as milk disposed of as fluid whole milk. While it was proposed that the size of container be used as the determining criteria of use and accordingly classification, it is not clear how size of container would be any indication of ultimate use particularly in case of sales to restaurants, soda fountains, etc., it is concluded therefore that sales of fluid skim milk to consumers, irrespective of the type or size of container, be considered as a Class I sale. Sales of fluid whole milk and flavored skim milk are classified currently on this basis.

The classification of skim milk as Class I requires a modification of the assignment of skim milk received from producer-handlers under four of these orders. All skim milk received from producer-handlers is presently assigned to Class II under the Boston order and to Class II to the extent of a handler's Class II disposition under the Springfield, Worcester, and Lowell-Lawrence orders. However, under each of these orders, packaged milk received by a handler from a producer-handler is exempted from equalization. It is concluded that packaged skim milk should be treated in the same manner.

3. *Concentrated milk.* The definition of concentrated milk in the Fall River, Boston, Springfield, Worcester, and Lowell-Lawrence orders should be revised. The revision proposed at the hearing would define as concentrated milk only the concentrated product which is disposed of for fluid consumption. Under the definition which is presently contained in these orders, it is difficult to distinguish between the concentrated milk product and the product known as plain condensed milk. If the definition is limited to only the product which is disposed of for fluid consumption, handlers will not be charged inadvertently a Class I price for milk on hand in the form of condensed milk but eventually utilized in a form other than fluid.

Although the determination that concentrated milk was disposed of for fluid consumption may be difficult to ascertain under certain circumstances, the volume of the product sold is small and such determinations should be infrequent. Accordingly, the orders should be revised to assume that the product is not a fluid milk product until it is established that the product is disposed of for fluid consumption.

Handlers proposed also that the quantity of milk classified as Class I concentrated milk be the quantity actually sold, plus a reconstituting factor, rather than the quantity of milk used to produce the product. Under the used-to-produce method of accounting, handlers are denied any loss sustained in processing and packaging the product. Similar losses on handling whole milk may be classified in Class II up to 2 percent of the product handled.

There appears to be a wide variation in the quantity of milk represented by each quart of concentrated milk. In some instances, excessive losses in manufacture have been sustained. The orders are designed presently so that normal losses may be classified in Class II but excessive losses shall be classified as Class I. This principle should not be modified. However, in order to allow handlers of concentrated milk some adjustment for loss, only 98 percent of the quantity of milk used to produce concentrated milk shall be classified as Class I. This method will automatically provide the maximum loss allowance even though a smaller loss is sustained. However, the quantity of the product handled is small and the flat allowance can have little effect on producer returns.

4. *Extension of Boston marketing area.* The Greater Boston marketing area should be extended to include the town of Bedford, Massachusetts. The town of Bedford borders the present marketing area on the northwest boundary. The sales of milk in Bedford are made principally by handlers regulated under the Boston order. During some periods, however, occasional sales of milk in Bedford, have been supplied under contract by handlers not subject to the Boston order. In those instances, the milk has returned to producers a lower price than that established under the Boston order. Since the sales of milk in the town of Bedford are largely an extension of sales on handlers' routes originating in the marketing area and the contract sales are usually supplied by Boston handlers, it is necessary to maintain a Class I price level equivalent to that in the Boston market in order to provide a continuous supply for the town of Bedford. The occasional sales of milk in this town, which were purchased at less than the prevailing price for Class I milk, tend to impair the level of price necessary to provide an adequate supply of milk for consumers in the marketing area.

It was proposed at the hearing that several other towns which form a corridor between the Boston and Lowell-Lawrence markets be included also in the Boston marketing area. It is concluded that such towns except Bedford should not be added to the marketing area. The record shows no need for extending the marketing area in this direction for the purpose of maintaining orderly marketing of milk. On the other hand, the inclusion of this corridor in the Greater Boston market would transfer certain Class I sales from producers delivering to the Lowell-Lawrence market to the producers delivering to the Greater Boston market. Such an arbitrary transfer of Class I disposition should not be effected unless the market stability is threatened.

5. *Lowell-Lawrence pooling requirements.* The basis for computing the percentage of receipts required to be shipped to the market by a country plant in order to qualify as a pool plant under the Lowell-Lawrence order should be revised. A handler regulated under the Lowell-Lawrence order proposed that the pooling requirements be modified to require the shipment of only 20 percent of a plant's fluid milk receipts to the marketing area as milk in order to qualify for pooling during the months of September through March. The present shipping requirement is 30 percent. The handler testified that he anticipated the possibility that he would not be able to maintain the required amount of sales in the marketing area and as a result would be required to market all of his sales in the marketing area at a price which would return to his producers only the Class II price.

The difficulty in maintaining the required percentage of shipments to the market comes about because the handler's total receipts from producers increased substantially from 1950 to 1951 and his Class I sales outside the marketing area rose from 45 percent of total Class I sales in 1950 to 55 percent of his Class I sales in 1951. The handler does a retail and wholesale business in fluid milk products in Manchester, New Hampshire, and supplies other handlers in several New Hampshire markets as well as Lowell-Lawrence. A large part of the milk supplied to other markets is in packaged products.

The service provided by the handler for other handlers in New Hampshire is largely a matter of supplying their extra seasonal needs which is partially the service which he provides for Lowell-Lawrence handlers. His direct sales to consumers in Manchester are not the usual operation of a country plant which specializes in supplying milk to other handlers.

The sales made direct to consumers outside the marketing area are fairly constant from month to month and therefore require no unusual seasonal reserve. The sales made to other handlers outside the marketing area are highly seasonal and tend to be highest when the Lowell-Lawrence market is relatively short of milk. The shipping requirement imposes an obligation on the country plant handler to offer milk at reasonable prices to handlers in the marketing area rather than solicit sales outside the market. This obligation to sell milk to handlers in the marketing area is a necessary performance requirement for plants which enjoy the privilege of pooling their surplus milk.

This obligation to sell milk to handlers in the marketing area should not extend to the point where the handler would be required to curb his direct sales to consumers outside the marketing area. The order should provide therefore that Class I sales direct to consumers outside the marketing area be deducted from total receipts and a minimum of 30 percent of the remainder be required to be shipped to the marketing area during the qualifying months. It should be provided also that such a pool plant maintain sales in the marketing area to the same extent as that required of city plants which is 10 percent of total receipts.

6. *Obligations with respect to members of cooperative associations.* The provisions of the five New England orders should be revised to require a handler to supply to an association of producers information on quantities of milk delivered to the handler by each member of the association whose name the association has previously furnished the handler. The orders presently provide that handlers make dues deductions and pay the amount deducted to the association for whom such deduction was made. Since an association would have no basis for checking the correctness of the deductions without information as to the pounds of milk delivered by each of its producer members, it is concluded that such information should be supplied promptly after producer payments are made. The proponents further requested that the order provisions be so written as to require handlers to allow an association access to receiving records, butterfat tests, and samples of its producer members. The record shows that state laws presently require that such information be made available to individual producers or the producer's authorized agent. Accordingly, it is unnecessary that such a provision be included in the orders.

The addition of a definition of an "association of producers" under the Boston order will facilitate writing the language of the other order provisions. The term is common to Federal milk marketing orders and is presently included in the secondary market orders. Section 75 of the Boston order which refers to the collection of membership dues should refer to the new definition of "association of producers."

7. *Classification of milk transferred from second plant.* The classification provisions under the Boston, Lowell-Lawrence, Springfield, and Worcester orders concerning milk which is transferred to the second unregulated plant should be revised. It was proposed at the hearing that the provisions of these orders be modified to permit the classification of milk moved through two unregulated plants in a class other than Class I. Under the present provisions, pool milk moved out of a regulated plant of a nonpool handler or out of an unregulated plant in the form of any fluid milk product except cream, is automatically classified as Class I milk. The hearing record indicates that many times such fluid milk products are moved to a plant at which the utilization of all milk is audited by the market administrator. Several of the movements take place between plants which are located inside the marketing area. Since the checking on these additional movements of fluid milk products requires no extensive examination of additional plants' records, the orders should provide that classification may be followed through the second plant movement in the case of these plants which are not regulated plants of pool handlers.

In order to avoid undue expense in verifying the classification of fluid milk products moved between plants, the privilege of claiming classification in a class other than Class I when the milk is moved from the unregulated plant as a Class I product should be limited to movements within the New England states and New York. The record indicates no necessity for movements outside these states which comprise the entire milk supply area for uses other than Class I milk.

8. *Boston zone price differentials.* No change should be made in the provisions of the Boston order establishing differentials for milk received at different zone locations. A handler currently operating in the Boston market indicated his intention of extending country plant operations to an area located more than 400 miles from Boston and proposed that the table of differentials be extended to distances up to 450 miles.

The information in this record is not sufficient to form a basis for reappraising the table of price differentials. Since milk at such distant plants would ordinarily be classified as Class II, it is particularly important to consider whether the resultant price at such point after allowing a location adjustment would be less than the prevailing level of prices paid in other regions for milk used in similar products. This matter was not discussed at the hearing.

Since the handler has not yet acquired a plant at the more distant location, there is no urgency to reach a decision. Accordingly, no change in the zone price schedule should be made on the basis of this record.

9. *Exempt milk under the Lowell-Lawrence order.* The definition of exempt milk under the Lowell-Lawrence order should be extended to include receipts from nonpool plants at a pool plant which are received for custom bottling and returned to the nonpool plant. The record indicates that a handler subject to the Lowell-Lawrence order has facilities for custom bottling milk received from nonpool plants. The milk is received from the nonpool plants, processed, packaged, and returned to such nonpool plants for distribution outside the marketing area. Such exemption is provided under the Boston, Springfield, and Worcester orders.

10. *Location differential area under the Springfield order.* The Springfield order should be revised to provide that producers residing in the town of Stafford, Connecticut, receive the 46 cent nearby location differential payment on milk delivered to Springfield handlers. The town of Stafford adjoins the towns of Ellington and Somers in Connecticut and Hampden County in Massachusetts, all of which are included in the 46 cent nearby differential area. Producers in the town of Stafford, just as those producers residing in the territory now included in the nearby differential area, have the opportunity to market their milk in a number of urban areas either directly for themselves or through the large number of handlers serving these many communities. The prices which producers in this area receive are comparable to the prices paid to producers who receive the 46 cent differential under the Springfield order.

11. *Extension of the Springfield marketing area.* The Springfield marketing area should not be extended to include the town of Hampden. A representative of the proponent of this extension of the marketing area testified at the hearing that most of the sales in this area are already covered by the regulation of the Springfield area and there is no economic necessity for extending the marketing area to include Hampden.

12. *Payments on emergency outside milk under the Springfield order.* No change should be made in the provisions which require payments on outside milk received by handlers under the Springfield order. It was proposed at the hearing that the payments on outside milk be terminated during periods in which the market administrator declared that an emergency existed with respect to the supply of milk available from producer sources for the market. In requesting this amendment, the handler proponent declared that emergency conditions had existed in recent months.

The record indicates that the supply of milk available to the Springfield market is great enough so that a handler should be able to locate a supply of producer milk within a reasonable distance of the market. It is concluded, therefore, that there is no need at this time for provisions relating to the declaration of an emergency and the termination of payments on outside milk.

13. *Differentials under the Worcester order.* No change should be made at this time in the differentials under the Worcester order which establish the Class I price at country plants or in the nearby location differentials under such order.

The country plant differentials under the Worcester order are established currently in such a way that the Class I price at country points is about the same whether the milk is delivered to the Worcester market or to the Boston market. Large quantities of milk which are pooled under the Boston order are shipped to the Worcester market for sale in the Worcester marketing area. Under the present schedule of differentials, the price remains the same whether the plant is pooled under the Boston order or under the Worcester order.

A handler operating a country plant under the Worcester order contended that during each month of the period November 1951 through February 1952, his country blend price ran under the Boston blend for competing plants and as a result he experienced considerable difficulty in holding his producers. He proposed that the order be amended to provide that the country plant price never be allowed to go below the Boston blend at that point and that whenever this would otherwise occur the nearby differential be reduced by the amount necessary to equalize the country plant prices.

The pricing plan should provide a Worcester blend price at least equivalent to the Boston blend at such points on an annual basis in view of the relatively higher proportion of Class I milk in the Worcester market. The evidence concerning lower Worcester prices for a few months does not mean, however, that the Worcester price is tending to run lower than the Boston price on an annual basis in the same zone. Under normal circumstances the seasonal pattern of blend prices in the Boston and Worcester markets varies so that the Worcester price tends to run higher than the Boston price in the flush production season and lower in the short production season.

14. *Classification and pricing of products transferred between Worcester and Boston.* The present provisions of the Worcester order dealing with the computation of the uniform price should be amended to deduct any amounts which a Worcester handler is required to pay into the Boston pool for milk disposed of to consumers in the Boston marketing area.

Receipts at a Boston pool plant from a Worcester handler are presently considered as receipts of outside milk and are assigned to Class II without regard to the specific use of such receipts. Class I products disposed of by a Worcester handler directly to consumers in the Boston marketing area, on the other hand, are subject to a payment into the Boston pool of the difference between the Boston Class I and Class II prices. In addition the Worcester handler must account to the Worcester pool at the full Class I price for such sales. The resulting charge is excessive since it totals more than the Class I price on the quantity of milk sold in such a manner.

The record indicates that milk transferred from the Worcester market to Boston pool plants is usually seasonal surplus milk in Worcester and that during the short production season Worcester handlers depend on the Boston pool for supplementary milk supplies to meet the Class I needs of the market.

Because of the present generally short supply of milk received from producers for the Worcester market in relation to the Class I sales in that area, it is unlikely that Worcester producers could regularly supply all of the Class I requirements of additional customers located in the Boston marketing area. Therefore, it is possible that such sales direct to consumers in the Boston marketing area might be regarded as surplus to the Worcester pool since Worcester producers would have only enough milk over their own market requirements to fill such sales during the flush production season.

Although the record of the reopened hearing indicates that there is some possibility that the Boston pool may receive double Class I sales in some instances in which milk was transferred from a Boston pool plant to a Worcester plant and then to a second Worcester plant from which sales were made in the Boston marketing area, the arguments for establishing equal cost of Class I milk regardless of the order source are more compelling than the avoidance of such a possibility. If the quantity of milk disposed of by Worcester handlers direct to consumers in the fringe territory of the Boston marketing area amounts to a considerable part of the sales in such territory at any time in the future, a reexamination of the area boundaries or a review of this decision to credit the Worcester pool with Class II value on such sales should be made.

Certain witnesses at the hearing contended that the present provisions of the Boston and Worcester orders give an unreasonable advantage to Boston producers and handlers at the expense of Worcester producers and handlers and they proposed that the order of treatment be reversed to the advantage of the Worcester producers and handlers. The record indicates, however, that the Worcester pool under this plan of assignment suffers no loss of Class I sales which Worcester producers could supply on a year around basis.

15. *Miscellaneous.* The present price computation provisions of each of the four Massachusetts Federal order markets operating under a market-wide type of pool should be revised to exclude from the current pool any handler who is in default of payments to the producer-settlement fund for the preceding month. The orders presently provide that any handler be excluded from the current pool if he is in default of such payments for any month since the most recent order amendment. Hence, the first month following each order amendment, all handlers filing reports for such month are pooled irrespective of the outstanding obligations of such handler. Under the provision, it is possible that a handler might owe considerable moneys to the settlement fund for past months, have no intention or ability to make current payments, and yet be pooled with the result that the solvency of the settlement fund is jeopardized. The language herein proposed is that commonly found in Federal orders with market pools and should serve to adequately protect the solvency of the settlement fund.

The other changes in order provisions herein proposed deal with nonsubstantive changes and are made merely as clarifying or conforming language changes which tend to provide uniformity in the language of the administrative provisions of the several orders.

General findings. (a) The proposed marketing agreements and the orders, now in effect, and as hereby proposed to be amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The proposed marketing agreements and the orders, now in effect, and as hereby proposed to be amended, regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in marketing agreements upon which a hearing has been held; and

(c) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the respective marketing areas, and the minimum prices specified in the proposed marketing agreements and in the orders, now in effect, and as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk in each of said marketing areas, respectively, and be in the public interest.

Order of the secretary directing that referenda be conducted; determination of representative periods; and designation of agents to conduct such referenda. Pursuant to section 8c (19) of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 608c (19)), it is hereby directed that referenda be conducted among producers (as defined in the orders regulating the handling of milk in the Boston, Lowell-Lawrence, Springfield, Worcester, and Fall River, marketing areas) who, with respect to Boston, during the month of March 1952, and with respect to Lowell-Lawrence, Springfield, Worcester, and Fall River, during the month of June 1952, were engaged in the production of milk for sale in the marketing areas specified in the aforesaid orders to determine whether such producers favor the issuance of the respective orders, amending the orders, now in effect, which are filed herewith.

In the case of Boston, the month of March 1952, and in the case of Lowell-Lawrence, Springfield, Worcester, and Fall River, the month of June 1952, is hereby determined to be the representative period for the conduct of such referenda.

In the case of Boston, Lowell-Lawrence, Worcester, and Springfield, Richard D. Aplin, and in the case of Fall River, John J. Hogan, is hereby designated agent of the Secretary to conduct such referenda in accordance with the procedure for the conduct of referenda to determine producer approval of milk

marketing orders as published in the FEDERAL REGISTER on August 10, 1950 (15 F. R. 5179), such referenda to be completed on or before the 15th day from the date this decision is filed.

Marketing agreements and orders. Annexed hereto and made a part hereof are marketing agreements regulating the handling of milk in the Greater Boston, Lowell-Lawrence, Springfield, Worcester, and Fall River, Massachusetts, marketing areas, and orders amending the orders, now in effect, regulating the handling of milk in the Greater Boston, Lowell-Lawrence, Springfield, Worcester, and Fall River, Massachusetts, marketing areas, which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

It is hereby ordered, That all of this decision, except the attached marketing agreements, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreements are identical with those contained in the respective orders now in effect, and as hereby proposed to be amended respectively by the attached orders which will be published with this decision.

This decision filed at Washington, D. C., this 5th day of August 1952.

[SEAL] C. J. McCORMICK,
Acting Secretary of Agriculture.

Order[1] *Amending the Order, as Amended, Regulating the Handling of Milk in the Greater Boston, Massachusetts, Marketing Area*

§ 904.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(4) All milk and milk products, handled by handlers, as defined in this order, as amended, and as hereby further amended, are in the current of interstate commerce or directly burden, obstruct, or affect interstate commerce in milk or its products; and

(5) It is hereby found that the necessary expenses of the market administrator for the maintenance and functioning of such agency will require the payment by each handler, as his pro rata share of such expenses, 3 cents per hundredweight or such amount not exceeding 3 cents per hundredweight as the Secretary may prescribe with respect to all of his receipts of milk from producers (including such handler's own production) and his receipts of outside milk.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Greater Boston, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 904.1 (b) by adding the town of Bedford to the list of Massachusetts cities and towns included in the marketing area.

2. Amend § 904.2 by renumbering paragraphs (f) through (k) as paragraphs (g) through (l) respectively and by adding a new paragraph (f) as follows:

(f) "Association of producers" means any cooperative marketing association which the Secretary determines to be qualified pursuant to the provisions of the act of Congress of February 18, 1922, known as the "Capper-Volstead Act," and to be engaged in making collective sales or marketing of milk or its products for the producers thereof.

3. Delete § 904.4 (h) and substitute therefor the following:

(h) "Concentrated milk" means the concentrated, unsterilized milk product, resembling plain condensed milk, which is disposed of to consumers for human consumption in fluid form.

4. Delete § 904.15 and substitute therefor the following:

§ 904.15 *Classes of utilization.* All milk and milk products received by a handler shall be classified as Class I milk or Class II milk. Subject to §§ 904.16, 904.17, and 904.18, the classes of utilization shall be as follows:

(a) Class I milk shall be:

(1) All fluid milk products sold, distributed, or disposed of as or in milk;

(2) All fluid milk products sold, distributed, or disposed of for human consumption as or in flavored milk, skim milk, flavored or cultured skim milk, or buttermilk;

(3) Ninety-eight percent, by weight, of the fluid milk products used to produce concentrated milk; and

(4) All fluid milk products the utilization of which is not established as Class II milk.

(b) Class II milk shall be all fluid milk products the utilization of which is established:

(1) As being sold, distributed, or disposed of other than as specified in subparagraphs (1), (2), and (3) of paragraph (a) of this section; and

(2) As plant shrinkage, not in excess of 2 percent of the volume handled.

5. Delete § 904.16 and substitute therefor the following:

§ 904.16 *Classification of milk and milk products utilized at regulated plants of pool handlers and buyer-handlers.* Subject to §§ 904.17 and 904.29 (a), milk and milk products received at a regulated plant of any pool handler or buyer-handler shall be classified in accordance with their utilization at such plant.

6. Delete § 904.17 and substitute therefor the following:

§ 904.17 *Classification of fluid milk products, other than cream, moved to other plants.* Any fluid milk product, except cream, which is moved from a regulated plant of a pool handler or a buyer handler to any other plant shall be classified as follows:

(a) If moved to a producer-handler's plant or an unregulated plant, it shall be classified as Class I milk up to the total quantity of the same form of fluid milk products so moved which is utilized as Class I milk at that plant.

(b) If moved to a producer-handler's plant or to an unregulated plant and thence to another plant, it shall be classified by applying § 904.16 or paragraph (a) of this section, whichever is applicable, except that if the other plant to which such movement is made is located outside of the New England States and New York State, it shall be classified as Class I milk.

7. Revise § 904.29 (c) by inserting after the words "Skim milk" the words "in bulk."

8. Delete § 904.40 and substitute therefor the following:

§ 904.40 *Class I price.* The Class I price per hundredweight at plants located in the 201–210 mile zone shall be the New England basic Class I price per hundredweight determined for each month pursuant to § 904.48.

9. Add a new § 904.48 as follows:

NEW ENGLAND BASIC PRICE FORMULA

§ 904.48 *Computation of New England basic Class I price.* The New England basic Class I price per hundredweight of milk containing 3.7 percent butterfat shall be determined for each month pursuant to this section. The latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest figures available on the next succeeding work day shall be used.

(a) Compute the economic index as follows:

(1) Divide by 1.143 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the years 1947–49 as the base period.

(2) Using the data on national and regional per capita income payments as published by the United States Department of Commerce, establish a "New England adjustment percentage" by computing the current percentage relationship of New England per capita income to the national per capita income. Multiply by the New England adjustment percentage the quarterly figure showing the current annual rate of per capita disposable personal income in the United States as released by the United States Department of Commerce or the Council of Economic Advisers to the President. Divide the result by 15.27 to determine an index of per capita disposable income in New England.

(3) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed as reported by the United States Department of Agriculture and divide the average by 0.884 to determine the dairy ration index. Compute the average, weighted by the indicated factors, of the following farm wage rates reported for the New England region by the United States Department of Agriculture: Rate per month with board and room, 1; rate per month with house, 1; rate per week with board and room, 4.33; rate per week without board or room, 4.33; and the rate per day without board or room, 26. Divide the average wage rate so computed by 1.458 to determine the wage rate index. Multiply the dairy ration index by 0.6 and the wage rate index by 0.4 and combine the two results to determine the grain-labor cost index.

(4) Divide by 3 the sum of the wholesale price index, the index of per capita disposable income in New England and the grain-labor cost index determined pursuant to this paragraph. The result shall be known as the economic index.

(b) Compute a supply-demand adjustment factor as follows:

(1) Combine into separate monthly totals the receipts from producers for Greater Boston, Lowell-Lawrence, Springfield, and Worcester and the Class I milk from producers for the same markets as announced by the respective market administrators in the statistical reports for such markets for the second and third months preceding the month for which the price is being computed.

(2) Divide the four-market total of Class I producer milk by the four-market total of receipts from producers for each of the two months for which computations were made pursuant to subparagraph (1) of this paragraph.

(3) Divide each of the percentages determined in subparagraph (2) of this paragraph into the following normal Class I percentage for the respective month, multiply each result by 100, and compute a simple average of the resulting percentages. The result shall be known as the percentage of normal supply.

	Normal class I percentage
January	76.9
February	73.9
March	65.3
April	57.7
May	51.6
June	50.7
July	61.6
August	70.1
September	70.7
October	73.4
November	82.0
December	77.8

(4) The supply-demand adjustment factor shall be the figure in the following table opposite the bracket under the normal supply column within which the percentage computed pursuant to subparagraph (3) of this paragraph falls. If the percentage falls in an interval between brackets, the applicable bracket shall be that above the interval in which the percentage falls if the adjustment for the previous month was determined by a bracket above such interval, and shall be determined by the bracket below such interval if the adjustment for the previous month was determined by a bracket below such interval. In determining the price for the first month in which this section is effective, the nearer bracket shall apply. The supply-demand adjustment factor shall not be less than .98 prior to the January 1953 price computation or less than .96 prior to the March 1953 price computation.

Percentage of normal supply:	*Supply-demand adjustment factor*
91.5 and under	1.12
92–92.5	1.10
93–93.5	1.08
94–94.5	1.06
95–96	1.04
97–98	1.02
99–101	1.00
102–103	.98
104–105	.96
106–107	.94
108–109	.92
110–111	.90
112 and over	.88

(c) The seasonal adjustment factor shall be the factor listed below for the month for which the price is being computed.

January and February	1.04
March	1.00
April	.92
May and June	.88
July	.96
August	1.00
September	1.04
October, November, and December	1.08

(d) Compute a New England basic Class I price index by multiplying the economic index determined pursuant to paragraph (a) of this section by the supply-demand adjustment factor determined pursuant to paragraph (b) of this section and multiplying the result by the applicable seasonal adjustment factor pursuant to paragraph (c) of this section.

(e) The New England basic Class I price shall be as shown in the following table:

New England basic Class I price index times $0.056]		Class I price
At least—	But less than—	
$4.88	$5.10	$4.99
5.10	5.32	5.21
5.32	5.54	5.43
5.54	5.76	5.65
5.76	5.98	5.87
5.98	6.20	6.09
6.20	6.42	6.31

If the New England basic Class I price index times $0.056 is less than $4.88 or more than $6.42, the New England basic Class I price shall be determined by extending the table at the indicated rate of extension.

(f) Notwithstanding the provisions of the preceding paragraphs of this section, the New England basic Class I price for November or December of each year shall not be lower than such price for the immediately preceding month.

10. Amend § 904.51 (a) by deleting the phrase "for milk received during each month since the effective date of the most recent amendment of this subpart" and substitute therefor the phrase "for the preceding month."

11. Revise § 904.75 of the Boston order by deleting the present language and substituting therefor the following:

§ 904.75 *Deductions from payments to members.* (a) Each association of producers may file with a handler who is not an association of producers, a claim for authorized deductions from the payments otherwise due to its producer members for milk delivered to such handler. Such claim shall contain a list of the producers for which such deductions apply, an agreement to indemnify the handler in the making of the deductions, and a certification that the association has an unterminated membership contract with each producer listed authorizing the claimed deduction.

(b) In making payments to his producers for milk received during the month, each handler shall make deductions in accordance with the association's claim and shall pay the amount deducted to the association with an accompanying statement showing the pounds of milk delivered by each producer from whom the deduction was made, within 25 days after the end of the month.

Order[1] *Amending the Order, as Amended, Regulating the Handling of Milk in the Lowell-Lawrence, Massachusetts, Marketing Area*

§ 934.0 *Findings and determinations*—(a) *Findings upon the basis of the*

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

hearing record. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 934.2 (e) by deleting the phrase "a dairy farmer who ordinarily delivers to a handler's pool plant" and substituting therefor "a dairy farmer with respect to his operation of a farm from which milk is ordinarily delivered to a handler's pool plant."

2. Delete § 934.4 (g) and substitute therefor the following:

(g) "Exempt milk" means milk which is received at a regulated plant:

(1) In bulk from an unregulated plant or from the dairy farmer who produced it, for processing and bottling and for which an equivalent quantity of packaged milk is returned to the dairy farmer or to the operator of the unregulated plant during the same month; or

(2) In packaged form from an unregulated plant in return for an equivalent quantity of bulk milk moved from a regulated plant for processing and bottling during the same month.

3. Delete § 934.4 (h) and substitute therefor the following:

(h) "Concentrated milk" means the concentrated, unsterilized milk product, resembling plain condensed milk, which is disposed of to consumers for human consumption in fluid form.

4. Amend § 934.12 by adding a new paragraph (g) as follows:

(g) Employ and fix the compensation of such persons as may be necesary to enable him to exercise his powers and perform his duties.

5. Delete paragraphs (a) and (b) of § 934.15 and substitute therefor the following:

(a) Class I milk shall be:

(1) All fluid milk products sold, distributed, or disposed of as or in milk.

(2) All fluid milk products sold, distributed, or disposed of for human consumption as or in flavored milk, skim milk, flavored or cultured skim milk, or buttermilk;

(3) Ninety-eight percent, by weight, of the fluid milk products used to produce concentrated milk; and

(4) All fluid milk products the utilization of which is not established as Class II milk.

(b) Class II milk shall be all fluid milk products the utilization of which is established:

(1) As being sold, distributed, or disposed of other than as specified in subparagraphs (1), (2), and (3) of paragraph (a) of this section; and

(2) As plant shrinkage, not in excess of 2 percent of the volume handled.

6. In § 934.16 (e), delete the words following the comma after the word "orders" and substitute therefor the following: "and thence to another plant, they shall be classified by applying the provisions of paragraphs (a) through (d) of this section, whichever is applicable except that if the other plant to which such movement is made is located outside of the New England States and New York State, they shall be classified as Class I milk."

7. Delete § 934.22 (a) and substitute:

(a) Each country receiving plant shall be a pool plant in any month in which more than 30 percent of its total receipts of fluid milk products, other than cream, after deducting Class I sales direct to consumers outside the marketing area, is disposed of directly to consumers in the marketing area as Class I milk or is shipped as milk to city plants at which more than 50 percent of the total receipts of fluid milk products, other than cream, is disposed of as Class I milk: *Provided*, That the quantity of fluid milk products, other than cream, disposed of in the marketing area as Class I milk, is at least 10 percent of its total receipts of fluid milk products other than cream.

8. Amend § 934.25 by inserting the word "bulk" before the words "skim milk" as they appear in paragraphs (c), (g), and (j).

9. Delete § 934.40 and substitute therefor the following:

§ 934.40 *Class I price at city plants.* The Class I price per hundredweight at city plants shall be the New England basic Class I price per hundredweight determined for each month pursuant to § 934.48 plus 52 cents: *Provided*, That the price shall be increased or decreased to the extent of any increase or decrease in the rail tariff for the transportation of milk in carlots in tank cars for mileage distances of 201–210 miles, inclusive, as published in the New England Joint Tariff M No. 6 and supplements thereto or revisions thereof. The adjustment shall be made to the nearest one-half cent per hundredweight, and shall be effective in the first complete month in which such increase or decrease in the rail tariff applies.

10. Add a new § 934.48 as follows:

NEW ENGLAND BASIC PRICE FORMULA

§ 934.48 *Computation of New England basic Class I price.* The New England basic Class I price per hundredweight of milk containing 3.7 percent butterfat shall be determined for each month pursuant to this section. The latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest figures available on the next succeeding work day shall be used.

(a) Compute the economic index as follows:

(1) Divide by 1.143 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the years 1947–49 as the base period.

(2) Using the data on national and regional per capita income payments as published by the United States Department of Commerce, establish a "New England adjustment percentage" by computing the current percentage relationship of New England per capita income to the national per capita income. Multiply by the New England adjustment percentage the quarterly figure showing the current annual rate of per capita disposable personal income in the United States as released by the United States Department of Commerce or the Council of Economic Advisers to the President. Divide the result by 15.27 to determine an index of per capita disposable income in New England.

(3) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed as reported by the United States Department of Agriculture and divide the average by 0.884 to determine the dairy ration index. Compute the average, weighted by the indicated factors, of the following farm wage rates reported for the New England region by the United States Department of Agriculture: Rate per month with board and room, 1; rate per month with house, 1; rate per week with board and room, 4.33; rate per week without board or room, 4.33; and the rate per day without board or room, 26. Divide the average wage rate so computed by 1.458 to determine the wage rate index. Multiply the dairy ration index by 0.6 and the wage rate index by 0.4 and combine the two results to determine the grain-labor cost index.

(4) Divide by 3 the sum of the wholesale price index, the index of per capita disposable income in New England and the grain-labor cost index determined pursuant to this paragraph. The result shall be known as the economic index.

(b) Compute a supply-demand adjustment factor as follows:

(1) Combine into separate monthly totals the receipts from producers for Greater Boston, Lowell - Lawrence, Springfield, and Worcester and the Class I milk from producers for the same markets as announced by the respective market administrators in the statistical reports for such markets for the second and third months preceding the month for which the price is being computed.

(2) Divide the four-market total of Class I producer milk by the four-market total of receipts from producers for each of the two months for which computations were made pursuant to subparagraph (1) of this paragraph.

(3) Divide each of the percentages determined in subparagraph (2) of this paragraph into the following normal Class I percentage for the respective month, multiply each result by 100, and compute a simple average of the resulting percentages. The result shall be known as the percentage of normal supply.

	Normal Class I percentage
January	76.9
February	73.9
March	65.3
April	57.7
May	51.6
June	50.7
July	61.6
August	70.1
September	70.7
October	73.4
November	82.0
December	77.8

(4) The supply-demand adjustment factor shall be the figure in the following table opposite the bracket under the normal supply column within which the percentage computed pursuant to subparagraph (3) of this paragraph falls. If the percentage falls in an interval between brackets, the applicable bracket shall be that above the interval in which the percentage falls if the adjustment for the previous month was determined by a bracket above such interval, and shall be determined by the bracket below such interval if the adjustment for the previous month was determined by a bracket below such interval. In determining the price for the first month in which this section is effective, the nearer bracket shall apply. The supply-demand adjustment factor shall not be less than .98 prior to the January 1953 computation or less than .96 prior to the March 1953 price computation.

Percentage of normal supply:	*Supply-demand adjustment factor*
91.5 and under	1.12
92–92.5	1.10
93–93.5	1.08
94–94.5	1.06
95–96	1.04
97–98	1.02
99–101	1.00
102–103	.98

Percentage of normal supply—Con.	*Supply-demand adjustment factor*
104–105	0.96
106–107	.94
108–109	.92
110–111	.90
112 and over	.88

(c) The seasonal adjustment factor shall be the factor listed below for the month for which the price is being computed.

January and February	1.04
March	1.00
April	.92
May and June	.88
July	.96
August	1.00
September	1.04
October, November, and December	1.08

(d) Compute a New England basic Class I price index by multiplying the economic index determined pursuant to paragraph (a) of this section by the supply-demand adjustment factor determined pursuant to paragraph (b) of this section and multiplying the result by the applicable seasonal adjustment factor pursuant to paragraph (c) of this section.

(e) The New England basic Class I price shall be as shown in the following table:

New England basic Class I price index times $0.0561		Class I price
At least—	But less than—	
$4.88	$5.10	$4.99
5.10	5.32	5.21
5.32	5.54	5.43
5.54	5.76	5.65
5.76	5.98	5.87
5.98	6.20	6.09
6.20	6.42	6.31

If the New England basic Class I price index times $0.0561 is less than $4.88 or more than $6.42, the New England basic Class I price shall be determined by extending the table at the indicated rate of extension.

(f) Notwithstanding the provisions of the preceding paragraphs of this section, the New England basic Class I price for November or December of each year shall not be lower than such price for the immediately preceding month.

11. In § 934.51 (a) delete the phrase "for milk received during each month since the effective date of the most recent amendment of this subpart" and substitute therefore the phrase "for the preceding month."

12. Revise § 934.51 by deleting paragraph (b) and renumbering paragraphs (c) through (f) as paragraphs (b) through (e), respectively.

13. In § 934.70, delete the period at the end of the section and substitute therefor the following: ", accompanied by a statement showing the pounds of milk delivered by each producer from whom the deduction was made."

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Fall River, Massachusetts, Marketing Area

§ 947.0 *Findings and determinations.*—(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Fall River, Massachusetts marketing area, shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 947.12 and substitute therefor the following:

§ 947.12 *Concentrated milk.* "Concentrated milk" means the concentrated, unsterilized milk product, resembling plain condensed milk, which is disposed of to consumers for human consumption in fluid form.

2. In § 947.41 delete paragraph (a) and subparagraph (1) of paragraph (b) and substitute therefor the following:

(a) Class I milk shall be all milk and milk products sold, distributed, or disposed of as milk which contains one half of 1 percent or more but less than 16 percent butterfat; chocolate or flavored whole milk or skim milk, skim milk, buttermilk, or cultured skim milk for human consumption; 98 percent, by weight, of the fluid milk products used to produce concentrated milk, and all fluid milk

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

products the utilization of which is not established as Class II.

(b) • • •

(1) Sold, distributed, or disposed of as other than the items specified in paragraph (a) of this section; and

3. Add a new § 947.48 as follows:

NEW ENGLAND BASIC PRICE FORMULA

§ 947.48 *Computation of New England basic Class I price.* The New England basic Class I price per hundredweight of milk containing 3.7 percent butterfat shall be determined for each month pursuant to this section. The latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest figures available on the next succeeding work day shall be used.

(a) Compute the economic index as follows:

(1) Divide by 1.143 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the years 1947–49 as the base period.

(2) Using the data on national and regional per capita income payments as published by the United States Department of Commerce, establish a "New England adjustment percentage" by computing the current percentage relationship of New England per capita income to the national per capita income. Multiply by the New England adjustment percentage the quarterly figure showing the current annual rate of per capita disposable personal income in the United States as released by the United States Department of Commerce or the Council of Economic Advisers to the President. Divide the result by 15.27 to determine an index of per capita disposable income in New England.

(3) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed as reported by the United States Department of Agriculture and divide the average by .884 to determine the dairy ration index. Compute the average, weighted by the indicated factors, of the following farm wage rates reported for the New England region by the United States Department of Agriculture: Rate per month with board and room, 1; rate per month with house, 1; rate per week with board and room, 4.33; rate per week without board or room, 4.33; and the rate per day without board or room, 26. Divide the average wage rate so computed by 1.458 to determine the wage rate index. Multiply the dairy ration index by 0.6 and the wage rate index by 0.4 and combine the two results to determine the grain-labor cost index.

(4) Divide by 3 the sum of the wholesale price index, the index of per capita disposable income in New England and the grain-labor cost index determined pursuant to this paragraph. The result shall be known as the economic index.

(b) Compute a supply-demand adjustment factor as follows:

(1) Combine into separate monthly totals the receipts from producers for Greater Boston, Lowell-Lawrence, Springfield, and Worcester and the Class I milk from producers for the same markets as announced by the respective market administrators in the statistical reports for such markets for the second and third months preceding the month for which the price is being computed.

(2) Divide the four-market total of Class I producer milk by the four-market total of receipts from producers for each of the two months for which computations were made pursuant to subparagraph (1) of this paragraph.

(3) Divide each of the percentages determined in subparagraph (2) of this paragraph into the following normal Class I percentage for the respective month, multiply each result by 100, and compute a simple average of the resulting percentages. The result shall be known as the percentage of normal supply.

	Normal class I percentage
January	76.9
February	73.9
March	65.3
April	57.7
May	51.6
June	50.7
July	61.6
August	70.1
September	70.7
October	73.4
November	82.0
December	77.8

(4) The supply-demand adjustment factor shall be the figure in the following table opposite the bracket under the normal supply column within which the percentage computed pursuant to subparagraph (3) of this paragraph falls. If the percentage falls in an interval between brackets, the applicable bracket shall be that above the interval in which the percentage falls if the adjustment for the previous month was determined by a bracket above such interval, and shall be determined by the bracket below such interval if the adjustment for the previous month was determined by a bracket below such interval. In determining the price for the first month in which this section is effective, the nearer bracket shall apply. The supply-demand adjustment factor shall not be less than 0.98 prior to the January 1953 price computation or less than 0.96 prior to the March 1953 price computation.

Percentage of normal supply:	*Supply-demand adjustment factor*
91.5 and under	1.12
92–92.5	1.10
93–93.5	1.08
94–94.5	1.06
95–96	1.04
97–98	1.02
99–101	1.00
102–103	.98
104–105	.96
106–107	.94
108–109	.92
110–111	.90
112 and over	.88

(c) The seasonal adjustment factor shall be the factor listed below for the month for which the price is being computed.

January and February	1.04
March	1.03
April	.92
May and June	.88
July	.96
August	1.00
September	1.04
October, November and December	1.08

(d) Compute a New England basic Class I price index by multiplying the economic index determined pursuant to paragraph (a) of this section by the supply-demand adjustment factor determined pursuant to paragraph (b) of this section and multiplying the result by the applicable seasonal adjustment factor pursuant to paragraph (c) of this section.

(e) The New England basic Class I price shall be as shown in the following table:

New England basic Class I price index times $0.0361		Class I price
At least—	But less than—	
$4.88	$5.10	$4.99
5.10	5.32	5.21
5.32	5.54	5.43
5.54	5.76	5.65
5.76	5.98	5.87
5.98	6.20	6.09
6.20	6.42	6.31

If the New England basic Class I price index times $0.0361 is less than $4.88 or more than $6.42, the New England basic Class I price shall be determined by extending the table at the indicated rate of extension.

(f) Notwithstanding the provisions of the preceding paragraphs of this section, the New England basic Class I price for November or December of each year shall not be lower than such price for the immediately preceding month.

4. Delete § 947.50 and substitute:

§ 947.50 *Class I prices.* Each handler shall pay producers or cooperative associations for Class I milk containing 3.7 percent butterfat delivered by them to plants located within 100 miles of the City Hall in Fall River, not less than the New England basic Class I price per hundredweight determined for the month pursuant to § 947.48 plus 81 cents: *Provided*, That the price shall be increased or decreased to the extent of any increase or decrease in the rail tariff for the transportation of milk in carlots in tank cars for mileage distances of 201–210 miles, inclusive, as published in the New England Joint Tariff M No. 6 and supplements thereto or revisions thereof. The adjustment shall be made to the nearest one-half cent per hundredweight, and shall be effective in the first complete month in which such increase or decrease in the rail tariff applies.

5. Amend § 947.72 by adding a sentence at the end of the section as follows: "Such payment shall be accompanied by a statement showing the pounds of milk delivered by each producer for which such deduction was made."

Order[1] Amending the Order, as Amended, Regulating the Handling of Milk in the Springfield, Massachusetts, Marketing Area

§ 996.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Springfield, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Springfield, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 996.4 (g) and substitute therefor the following:

(g) "Concentrated milk" means the concentrated, unsterilized milk product, resembling plain condensed milk, which is disposed of to consumers for human consumption in fluid form.

2. Amend § 996.12 by adding a new paragraph (g) as follows:

(g) Employ and fix the compensation of such persons as may be necessary to enable him to exercise his powers and perform his duties.

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

3. Delete paragraphs (a) and (b) of § 996.15 and substitute therefor the following:

(a) Class I milk shall be:

(1) All fluid milk products sold, distributed, or disposed of as or in milk.

(2) All fluid milk products sold, distributed, or disposed of for human consumption as or in flavored milk, skim milk, flavored or cultured skim milk, or buttermilk;

(3) Ninety-eight percent, by weight, of the fluid milk products used to produce concentrated milk; and

(4) All fluid milk products the utilization of which is not established as Class II milk.

(b) Class II milk shall be all fluid milk products the utilization of which is established:

(1) As being sold, distributed, or disposed of other than as specified in subparagraphs (1), (2), and (3) of paragraph (a) of this section; and

(2) As plant shrinkage, not in excess of 2 percent of the volume handled.

4. In § 996.16 (e) delete the words following the comma after the word "orders" and substitute therefor the following: "and thence to another plant, they shall be classified by applying the provisions of paragraphs (a) through (d) of this section, whichever is applicable, except that if the other plant to which such movement is made is located outside of the New England States and New York State, they shall be classified as Class I milk."

5. Amend § 996.25 by inserting the word "bulk" before the words "skim milk" as they appear in paragraphs (e), (g), and (j).

6. Delete § 996.40 and substitute therefor the following:

§ 996.40 *Class I price at city plants.* The Class I price per hundredweight at city plants shall be the New England basic Class I price per hundredweight determined for each month pursuant to § 996.48 plus 52 cents: *Provided*, That the price shall be increased or decreased to the extent of any increase or decrease in the rail tariff for the transportation of milk in carlots in tank cars for mileage distances of 201–210 miles, inclusive, as published in the New England Joint Tariff M No. 6 and supplements thereto or revisions thereof. The adjustment shall be made to the nearest one-half cent per hundredweight, and shall be effective in the first complete month in which such increase or decrease in the rail tariff applies.

7. Add a new § 996.48 as follows:

NEW ENGLAND BASIC PRICE FORMULA

§ 996.48 *Computation of New England basic Class I price.* The New England basic Class I price per hundredweight of milk containing 3.7 percent butterfat shall be determined for each month pursuant to this section. The latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest figures available on the next succeeding work day shall be used.

(a) Compute the economic index as follows:

(1) Divide by 1.143 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the years 1947–49 as the base period.

(2) Using the data on national and regional per capita income payments as published by the United States Department of Commerce, establish a "New England adjustment percentage" by computing the current percentage relationship of New England per capita income to the national per capita income. Multiply by the New England adjustment percentage the quarterly figure showing the current annual rate of per capita disposable personal income in the United States as released by the United States Department of Commerce of the Council of Economic Advisers to the President. Divide the result by 15.27 to determine an index of per capita disposable income in New England.

(3) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed as reported by the United States Department of Agriculture and divide the average by 0.884 to determine the dairy ration index. Compute the average, weighted by the indicated factors, of the following farm wage rates reported for the New England region by the United States Department of Agriculture: Rate per month with board and room, 1; rate per month with house, 1; rate per week with board and room, 4.33; rate per week without board or room, 4.33; and the rate per day without board or room, 26. Divide the average wage rate so computed by 1.458 to determine the wage rate index. Multiply the dairy ration index by 0.6 and the wage rate index by 0.4 and combine the two results to determine the grain-labor cost index.

(4) Divide by 3 the sum of the wholesale price index, the index of per capita disposable income in New England and the grain-labor cost index determined pursuant to this paragraph. The result shall be known as the economic index.

(b) Compute a supply-demand adjustment factor as follows:

(1) Combine into separate monthly totals the receipts from producers for Greater Boston, Lowell - Lawrence, Springfield, and Worcester and the Class I milk from producers for the same markets as announced by the respective market administrators in the statistical reports for such markets for the second and third months preceding the month for which the price is being computed.

(2) Divide the four-market total of Class I producer milk by the four-market total of receipts from producers for each of the two months for which computations were made pursuant to subparagraph (1) of this paragraph.

(3) Divide each of the percentages determined in subparagraph (2) of this paragraph into the following normal Class I percentage for the respective

month, multiply each result by 100, and compute a simple average of the resulting percentages. The result shall be known as the percentage of normal supply.

	Normal Class I percentage
January	76.9
February	73.9
March	65.3
April	57.7
May	51.6
June	50.7
July	61.6
August	70.1
September	70.7
October	73.4
November	82.0
December	77.8

(4) The supply-demand adjustment factor shall be the figure in the following table opposite the bracket under the normal supply column within which the percentage computed pursuant to subparagraph (3) of this paragraph falls. If the percentage falls in an interval between brackets, the applicable bracket shall be that above the interval in which the percentage falls if the adjustment for the previous month was determined by a bracket above such interval, and shall be determined by the bracket below such interval if the adjustment for the previous month was determined by a bracket below such interval. In determining the price for the first month in which this section is effective, the nearer bracket shall apply. The supply-demand adjustment factor shall not be less than 0.98 prior to the January 1953 computation or less than 0.96 prior to the March 1953 price computation.

Percentage of normal supply:	*Supply-demand adjustment factor*
91.5 and under	1.12
92–92.5	1.10
93–93.5	1.08
94–94.5	1.06
95–96	1.04
97–98	1.02
99–101	1.00
102–103	.98
104–105	.96
106–107	.94
108–109	.92
110–111	.90
112 and over	.88

(c) The seasonal adjustment factor shall be the factor listed below for the month for which the price is being computed.

January and February	1.04
March	1.00
April	.92
May and June	.88
July	.96
August	1.00
September	1.04
October, November, and December	1.08

(d) Compute a New England basic Class I price index by multiplying the economic index determined pursuant to paragraph (a) of this section by the supply-demand adjustment factor determined pursuant to paragraph (b) of this section and multiplying the result by the applicable seasonal adjustment factor pursuant to paragraph (c) of this section.

(e) The New England basic Class I price shall be as shown in the following table:

New England basic Class I price index times $0.0561		Class I price
At least—	But less than—	
$4.88	$5.10	$4.99
5.10	5.32	5.21
5.32	5.54	5.43
5.54	5.76	5.65
5.76	5.98	5.87
5.98	6.20	6.09
6.20	6.42	6.31

If the New England basic Class I price index times $0.0561 is less than $4.88 or more than $6.42, the New England basic Class I price shall be determined by extending the table at the indicated rate of extension.

(f) Notwithstanding the provisions of the preceding paragraphs of this section, the New England basic Class I price for November or December of each year shall not be lower than such price for the immediately preceding month.

8. In § 996.51 (a) delete the phrase "for milk received during each month since the effective date of the most recent amendment of this subpart" and substitute therefor the phrase "for the preceding month."

9. Amend § 996.64 (b) by inserting the words "and Suffield" the word "Stafford."

10. In § 996.71 delete the period at the end of the section and substitute therefore the following: ", accompanied by a statement showing the pounds of milk delivered by each producer from whom the deduction was made."

Order[1] Amending the Order as Amended, Regulating the Handling of Milk in the Worcester, Massachusetts, Marketing Area

§ 999.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon a proposed marketing agreement and proposed amendments to the order, as amended, regulating the handling of milk in the Worcester, Massachusetts, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof the handling of milk in the Worcester, Massachusetts, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended, and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 999.4 (g) and substitute therefor the following:

(g) "Concentrated milk" means the concentrated, unsterilized milk product, resembling plain condensed milk, which is disposed of to consumers for human consumption in fluid form.

2. Amend § 999.12 by adding a new paragraph (g) as follows:

(g) Employ and fix the compensation of such persons as may be necessary to enable him to exercise his powers and perform his duties.

3. Delete paragraphs (a) and (b) of § 999.15 and substitute therefor the following:

(a) Class I milk shall be:

(1) All fluid milk products sold, distributed, or disposed of as or in milk;

(2) All fluid milk products sold, distributed, or disposed of for human consumption as or in flavored milk, skim milk, flavored or cultured skim milk, or buttermilk;

(3) Ninety-eight percent, by weight, of the fluid milk products used to produce concentrated milk; and

(4) All fluid milk products the utilization of which is not established as Class II milk.

(b) Class II milk shall be all fluid milk products the utilization of which is established:

(1) As being sold, distributed, or disposed of other than as specified in subparagraphs (1), (2), and (3) of paragraph (a) of this section; and

(2) As plant shrinkage, not in excess of 2 percent of the volume handled.

4. In § 999.16 (e) delete the words following the comma after the word "orders" and substitute therefor the following: "and thence to another plant, they shall be classified by applying the provisions of paragraphs (a) through (d) of this section, whichever is applicable, except that if the other plant to which such movement is made is located outside of the New England States and New York State, they shall be classified as Class I milk."

5. Amend § 999.25 by inserting the word "bulk" before the words "skim milk" as they appear in paragraphs (c), (g), and (j).

6. Delete § 999.40 and substitute therefore the following:

"§ 999.40 *Class I price at city plants.* The Class I price per hundredweight at city plants shall be the New England basic Class I price per hundredweight determined for each month pursuant to § 999.48 plus 52 cents: *Provided*, That the price shall be increased or decreased to the extent of any increase or decrease in the rail tariff for the transportation of milk in carlots in tank cars for mileage distances of 201–210 miles, inclusive, as published in the New England Joint Tariff M No. 6 and supplements thereto or revisions thereof. The adjustment shall be made to the nearest one-half cent per hundredweight, and shall be effective in the first complete month in which such increase or decrease in the rail tariff applies.

7. Add a new § 999.48 as follows:

NEW ENGLAND BASIC PRICE FORMULA

§ 999.48 *Computation of New England basic Class I price.* The New England basic Class I price per hundredweight of milk containing 3.7 percent butterfat shall be determined for each month pursuant to this section. The latest reported figures available to the market administrator on the 25th day of the preceding month shall be used in making the following computations except that if the 25th day of the preceding month falls on a Sunday or legal holiday, the latest figures available on the next succeeding work day shall be used.

(a) Compute the economic index as follows:

(1) Divide by 1.143 the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the years 1947–49 as the base period.

(2) Using the data on national and regional per capita income payments as published by the United States Department of Commerce, establish a "New England adjustment percentage" by computing the current percentage relationship of New England per capita income to the national per capita income. Multiply by the New England adjustment percentage the quarterly figure showing the current annual rate of per capita disposable personal income in the United States as released by the United States Department of Commerce or the Council of Economic Advisers to the President. Divide the result by 15.27 to determine an index of per capita disposable income in New England.

(3) Compute the simple average of the four latest weekly average retail prices per ton of dairy ration in the Boston milkshed as reported by the United States Department of Agriculture and divide the average by .884 to determine the dairy ration index. Compute the average, weighted by the indicated factors, of the following farm wage rates reported for the New England region by the United States Department of Agriculture: Rate per month with board and room, 1; rate per month with house, 1; rate per week with board and room, 4.33; rate per week without board or room, 4.33; and the rate per day without board or room, 26. Divide the average wage rate so computed by 1.458 to determine the wage rate index. Multiply the dairy ration index by 0.6 and the wage rate index by 0.4 and combine the two results to determine the grain-labor cost index.

(4) Divide by 3 the sum of the wholesale price index, the index of per capita disposable income in New England and the grain-labor cost index determined pursuant to this paragraph. The result shall be known as the economic index.

(b) Compute a supply-demand adjustment factor as follows:

(1) Combine into separate monthly totals the receipts from producers for Greater Boston, Lowell-Lawrence, Springfield, and Worcester and the Class I milk from producers for the same markets as announced by the respective market administrators in the statistical reports for such markets for the second and third months preceding the month for which the price is being computed.

(2) Divide the four-market total of Class I producer milk by the four-market total of receipts from producers for each of the two months for which computations were made pursuant to subparagraph (1) of this paragraph.

(3) Divide each of the percentages determined in subparagraph (2) of this paragraph into the following normal Class I percentage for the respective month, multiply each result by 100, and compute a simple average of the resulting percentages. The result shall be known as the percentage of normal supply.

	Normal Class I percentage
January	76.9
February	73.9
March	65.3
April	57.7
May	51.6
June	50.7
July	61.6
August	70.1
September	70.7
October	73.4
November	82.0
December	77.8

(4) The supply-demand adjustment factor shall be the figure in the following table opposite the bracket under the normal supply column within which the percentage computed pursuant to subparagraph (3) of this paragraph falls. If the percentage falls in an interval between brackets, the applicable bracket shall be that above the interval in which the percentage falls if the adjustment for the previous month was determined by a bracket above such interval, and shall be determined by the bracket below such interval if the adjustment for the previous month was determined by a bracket below such interval. In determining the price for the first month in which this section is effective, the nearer bracket shall apply. The supply-demand adjustment factor shall not be less than .98 prior to the January 1953 computation or less than .96 prior to the March 1953 price computation.

Percentage of normal supply:	*Supply-demand adjustment factor*
91.5 and under	1.12
92–92.5	1.10
93–93.5	1.08
94–94.5	1.06
95–96	1.04
97–98	1.02
99–101	1.00
102–103	.98
104–105	.96
106–107	.94
108–109	.92
110–111	.90
112 and over	.88

(c) The seasonal adjustment factor shall be the factor listed below for the month for which the price is being computed.

January and February	1.04
March	1.00
April	.92
May and June	.88
July	.96
August	1.00
September	1.04
October, November, and December	1.08

(d) Compute a New England basic Class I price index by multiplying the economic index determined pursuant to paragraph (a) of this section by the supply-demand adjustment factor determined pursuant to paragraph (b) of this section and multiplying the result by the applicable seasonal adjustment factor pursuant to paragraph (c) of this section.

(e) The New England basic Class I price shall be as shown in the following table:

New England basic Class I price index times $0.0561		Class I price
At least—	But less than—	
$4.88	$5.10	$4.99
5.10	5.32	5.21
5.32	5.54	5.43
5.54	5.76	5.65
5.76	5.98	5.87
5.98	6.20	6.09
6.20	6.42	6.31

If the New England basic Class I price index times $0.0561 is less than $4.88 or more than $6.42, the New England basic Class I price shall be determined by extending the table at the indicated rate of extension.

(f) Notwithstanding the provisions of the preceding paragraphs of this section, the New England basic Class I price for November or December of each year shall not be lower than such price for the immediately preceding month.

8. Amend § 999.50 by adding a new paragraph (g) as follows:

(g) Subtract any amount which the handler is required to pay on such milk pursuant to § 904.66 (b) of the Boston order.

9. Amend § 999.51 (a) by deleting the phrase "for milk received during each month since the effective date of the most recent amendment of this subpart" and substitute therefor the phrase "for the preceding month."

10. In § 999.71 delete the period at the end of the section and substitute therefor

[1] This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

the following: ", accompanied by a statement showing the pounds of milk delivered by each producer from whom the deduction was made."

[F. R. Doc. 52-8847; Filed, Aug. 8, 1952; 8:54 a. m.]

[7 CFR Part 932]

[Docket No. AO-33—A-20]

HANDLING OF MILK IN FORT WAYNE, INDIANA, MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT, AND TO ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given that a public hearing will be held on proposed amendments to the tentative marketing agreement and to the order, as amended regulating the handling of milk in the Fort Wayne, Indiana, marketing area, beginning at 10:00 a. m., c. d. t., on August 13, 1952, in the American Room, Y. M. C. A., 226 East Washington Boulevard, Fort Wayne, Indiana. Evidence will be received on the proposed amendments set forth below, or appropriate modifications thereof, and the economic and market conditions which relate thereto. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed by Wayne Cooperative Milk Producers, Inc.:

1. Delete § 932.51 (a) and substitute therefor the following:

(a) Add:

(1) 80¢ during each of the delivery periods of April, May, and June;

(2) $1.65 during each of the delivery periods of October, November, and December;

(3) $1.20 during each of the other delivery periods.

2. Amend § 932.51 (b) (3) by deleting the numbers —38, —50, —50, —50, —50, —50 and substituting therefor —26, —26, —26, —26, —26, —26 in the column headed "April, May, June, and July (Cents)" under the general heading "Supply-demand adjustment for specified delivery periods, is."

Proposed by Central Dairy, Inc.:

3. Add to the proviso in § 932.84, the words "Producer and other source milk so treated shall be limited to the total of producer milk received by the plant paying the producer for such milk."

Additional evidence will also be received at this hearing on all of the proposals considered at the hearing held in Fort Wayne on May 5, 1952, notice of which was issued on April 29, 1952 (17 F. R. 3859).

Copies of this notice of hearing and of the notice of the hearing held on May 5, 1952, and of the order, as amended, regulating the handling of milk in the Fort Wayne, Indiana, marketing area may be procured from the Market Administrator, 407 Strauss Building, Fort Wayne 2, Indiana, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: August 6, 1952.

[SEAL] ROY W. LENNARTSON, *Assistant Administrator.*

[Order 2509, Amdt. 16]

DELEGATIONS OF AUTHORITY; GENERAL

Correction

In F. R. Doc. 52-8070, appearing at page 6793 of the issue for Thursday, July 24, 1952, make the following change:

In the last line of section 26, the word "interstate" should read "intestate".

DEPARTMENT OF COMMERCE

Civil Aeronautics Administration

[Amdt. 9]

ORGANIZATION AND FUNCTIONS

MISCELLANEOUS AMENDMENTS

In accordance with the public information requirements of the Administrative Procedure Act, the description of Organization and Functions of the Civil Aeronautics Administration is hereby amended.

Items 1 and 10 provide for Aviation Safety reorganization. Item 10 also brings up to date the locations of Aviation Safety District Offices.

Items 2, 7, and 8 provide for the realignment of air traffic control and communications functions in the Federal Airways System.

Item 3 adds to the Office of Aviation Defense Requirements the newly established Aviation Resources Division.

Items 4 and 5 give the revised addresses of the Region 3 and Region 9 headquarters offices.

Items 6 and 9 provide for organizational changes in Region 9, namely, the establishment of Budget and Management, Personnel, General Services, and Facilities Divisions.

Item 11 describes the Alaska Air Terminals Division in Region 8.

Item 12 brings up to date the locations of district and field offices of the International Region.

1. Section 33 is amended to read:

SEC. 33. *Office of Aviation Safety*—(a) *Functions.* (1) Develops new and currently modified Civil Air Regulations dealing with the technical regulation and improvement of aviation safety, and recommends them for approval by the Administrator and for promulgation by the Civil Aeronautics Board.

(2) Develops technical publications for the use of the public, and technical standards, manuals, and directives to guide the activities of CAA Washington and field personnel in the technical regulation and improvement of aviation safety.

(3) Develops and recommends to the Administrator new and currently modified nation-wide programs and objectives to govern CAA activities in the technical regulation and improvement of aviation safety.

(4) Develops and recommends or approves new and currently modified policies and procedures for nation-wide application in the technical regulation and improvement of aviation safety, with authority to approve finally those policies and procedures which do not have major program, policy, precedent, or public relations impacts, in the perspective of the total program of CAA.

(5) Conducts or supervises centrally the engineering work on power plant type certification and approval of the vibration characteristics of installed power plants; operates systems for the central registration of aircraft, airmen, and air agencies; conducts or supervises centrally documentary and laboratory research and development work in medicine, physiology, psychology and related sciences as applied to aviation.

(6) Evaluates the need for, recommends, maintains liaison with, and as appropriate participates in pertinent research, development and testing projects of the Technical Development and Evaluation Center and other organizations.

(7) Develops and recommends the CAA position on matters involving the technical regulation and improvement of aviation safety for consideration by the Air Coordinating Committee, ICAO, or other national and international groups; and provides technical assistance or representation in such groups, as assigned.

(8) Provides technical assistance and advice on the technical regulation and improvement of aviation safety to the Office of the Administrator, other CAA offices, and other organizations, as appropriate.

NOTE: As used in this section, the term "the technical regulation and improvement of aviation safety" applies to the examination, certification, inspection, and improvement of: the design, manufacture, and maintenance of aircraft and aircraft components; the competency and physical fitness of airmen; and the flight operations and technical facilities of air carriers, other aircraft operators, airman schools, and other air agencies.

(b) *Subordinate offices.*

Executive Staff Division.
Technical Staff Division.
Air Carrier Safety Division.
Aircraft Engineering Division.
General Safety Division.
Medical Division.

2. Section 34 (b) is amended by deleting "Communications Division" and "Air Traffic Control Division" and by adding "Airways Operations Division."

3. Section 36 (b) is amended by adding a new office at the end to read:

Aviation Resources Division.

4. Section 42 (c) (1) is amended to read:

185 North Wabash Avenue, Chicago 1, Ill.

5. Section 42 (i) (1) is amended to read:

Hawaiian Life Insurance Building, Kapiolani Boulevard and Piikoi Street, Honolulu, T. H.

6. Section 43 (d) (3) is amended to read:

(3) *Regions 8 and 9.* In Region 8 there is also a Transportation Branch and an Alaska Supply Branch (located in Seattle, Wash.); there is no Project Audit Branch. In Region 9 these functions are performed by a Budget and Management Division, a Personnel Division, and a General Services Division.

7. Section 43 (e) (1) is amended to read:

(e) *Airways Operations Division*—(1) *Functions.* Operates the air traffic control and aeronautical communications system in the region.

Trains supervisors and employees engaged in traffic control and communications activities.

Inspects and evaluates Airways Operations activities in the interest of effective program execution.

Provides staff assistance to the Office of the Regional Administrator on matters pertaining to air traffic control and aeronautical communications in the region.

Conducts studies for the improvement and implementation of the Airways Operations program in the region.

Evaluates policies, operating methods, and procedures issued by the Washington Office of Federal Airways and recommends any necessary modifications on the basis of field experience.

Maintains liaison with military agencies to ensure coordination between the regional Airways Operations services and military facilities in the interest of national defense.

Collaborates with the Facilities Division in the development of over-all policies and program plans for a coordinated Federal Airways program in the region.

Cooperates with the Aviation Safety Division in the interest of coordinated Airways Operations and Aviation Safety activities.

Maintains liaison with other agencies, representatives of the aviation industry, and others with respect to air traffic control and communications services.

8. Section 43 (e) (2) is amended to read:

(2) *Subordinate offices.*

Technical Services and Planning Branch.
Air Defense Liaison Branch (except Region 9).
Program Requirements Branch.
Facility Operations Branch:
  Air Route Traffic Control Centers.
  Airport Traffic Control Towers.
  Interstate Airway Communications Stations.
  Overseas Foreign Aeronautical Communications Stations.

9. Section 43 (f) (3) is amended to read:

(3) *Regions 8 and 9.* In Region 8 the functions of this division are performed by a Plant and Structures Division, an Electronics Division, and an Airways Flight Inspection Division. In Region 9 these functions are performed by a Facilities Division and a Flight Inspection Division.

10. Section 43 (h) is amended to read:

(h) *Aviation Safety Division*—(1) *Functions.* Provides staff assistance to the Office of the Regional Administrator in the administration of the regional Aviation Safety program.

Directs and coordinates the regional Aviation Safety programs, including all such activities relating to airmen, aircraft, air agencies, fixed base operators, air carriers, and other operations that are specifically assigned to the Region.

Directs and conducts the medical examination and evaluation activities of the Region.

Develops regional Aviation Safety work programs in accordance with policies and objectives established by Washington and Regional Administrator.

Coordinates division activities with other divisions and with agencies and responsible individuals outside the Civil Aeronautics Administration, as necessary.

Participates with the Assistant to the Regional Administrator in planning field programs for the fostering of aviation, personal flying, and aviation education.

Plans and administers regional programs of training and proficiency flying for Aviation Safety personnel.

Recommends the establishment or discontinuance of Aviation Safety District Offices, and directs and coordinates their activities.

(2) *Subordinate offices.*

Air Carrier Safety Branch.
Aircraft Engineering Branch.
General Safety Branch.
Aviation Safety District Offices.

(3) *Regions 8 and 9.* In Region 8 the subordinate offices are a Flight Operations Branch, an Airman Standards Branch, a Maintenance Inspection Branch, and three Aviation Safety District Offices. This division has no subordinate offices in Region 9.

(4) *Aviation Safety District Offices*—(1) *Functions.* These offices, each under the supervision of a Supervising Agent and manned by Aviation Safety Agents, serve as a contact point with the general public and designated industry representatives. The offices are responsible for the initial handling of all matters dealing with the aeronautical competency of airmen, air agencies, and air carriers; the airworthiness of aircraft and components; the compliance with rules and standards governing flight operations; the investigation of accidents and violations; and the promotion of safe flying and the maintenance of close liaison with state and local enforcement agencies.

Those offices designated by a (G) specialize in Aviation Safety activities relating to air agencies, general operators (operators of aircraft other than: scheduled air carriers, irregular air carriers operating aircraft having a maximum certificated gross take-off weight of more than 12,500 pounds, and commercial operators which are certificated under Part 45 of the Civil Air Regulations), general aircraft in service (aircraft of general operators), general airmen (all persons who hold or are eligible for airmen certificates other than: airline transport pilot, airport control tower operator, dispatcher, or air crewman), and other general aviation activities.

Those offices designated by a (C) specialize in Aviation Safety activities relating to air carrier operations (operations of scheduled air carriers, irregular air carriers operating aircraft having a maximum certificated gross take-off weight of more than 12,500 pounds, and

National Production Authority

WEINSTEIN LADDER CO.

SUSPENSION ORDER

A hearing having been held in the above entitled matter on the 9th day of July 1952 before James M. Fawcett, Esq., a Hearing Commissioner of the National Production Authority, on a Statement of Charges made by the General Counsel, National Production Authority, in accordance with the National Production Authority General Administrative Order 16-06 (16 F. R. 8628), dated July 21, 1951, and Implementation 1 to National Production Authority General Administrative Order 16-06 (16 F. R. 8799), dated August 30, 1951, and Delegation of Authority under NPA-GAO 16-06 (17 F. R. 2098); and

The respondents, Weinstein Ladder Company, a corporation, Sam Weinstein and David Weinstein, as officers of said Weinstein Ladder Company, and individually, having been duly apprised of the specific violations charged and the administrative action which may be taken, and having been fully informed of the rules and procedures which govern these proceedings; and

The National Production Authority being represented by William E. Kennedy and Jonathan Rintels, and the respondents being represented by Harry D. Gross, Esq. of Newark, N. J.; and

The respondents having filed an answer herein admitting the allegations set forth in the Statement of Charges dated May 17, 1952, but denying any intentional violations of the acts so alleged, and the Hearing Commissioner having considered testimony in mitigation of the offenses charged and having heard and considered the argument of counsel, it is hereby determined:

Findings of fact. 1. During the calendar month of February 1951, Weinstein Ladder Company used in the manufacture of ladders 7,588 pounds of aluminum in excess of the amount permitted to said respondents during said period.

2. During the calendar quarter commencing April 1, 1951, Weinstein Ladder Company used in the manufacture of ladders 4,071 pounds of aluminum in excess of the amount permitted to said respondent during said period.

3. During the calendar quarter commencing October 1, 1951, Weinstein Ladder Company obtained and used in the manufacture of ladders 25,481 pounds of aluminum in excess of that provided for in the authorized production schedules of respondent for said period.

4. During the calendar quarter commencing July 1, 1951, Weinstein Ladder Company, having been granted an allotment of 39,000 pounds of aluminum,

used in manufacture only 20,926 pounds during said period, leaving an unused balance of 18,072 pounds, and such excess allotments were not returned as required.

5. During the calendar quarter commencing January 1, 1952, Weinstein Ladder Company, having been granted an allotment of 36,000 pounds of aluminum, used in manufacture only 5,045 pounds during said period, leaving an unused balance of 30,955 pounds, and such excess allotments were not returned as required.

6. During the calendar quarter commencing October 1, 1951, Weinstein Ladder Company placed authorized controlled material orders in excess of the allotment received by it for said period by placing orders for 46,481 pounds of aluminum when entitled to order only 21,000 pounds, thereby ordering 25,481 pounds in excess of the related allotment received by said respondent.

7. During the calendar quarters commencing July 1, 1951, October 1, 1951, and January 1, 1952, Weinstein Ladder Company failed to maintain accurate records of allotments received and procurement pursuant to allotments as required.

8. Sam Weinstein and David Weinstein, owned, dominated, managed, and controlled Weinstein Ladder Company and directed and supervised the commission of the violations hereinbefore mentioned.

Conclusion. During the period February 1, 1951, to March 31, 1952, the respondents, Weinstein Ladder Company, a corporation, Sam Weinstein and David Weinstein violated the provisions of National Production Authority regulations, orders, and directives as follows:

(a) The unauthorized consumption of 7,588 pounds of aluminum in February 1951 contrary to the provisions of NPA Order M-7, section 5 (b), as amended February 1, 1951 (16 F. R. 1122).

(b) The unauthorized consumption of 4,071 pounds of aluminum during the calendar quarter commencing April 1, 1951, contrary to the provisions of NPA Order M-7, section 5 (a), as amended April 6, 1951 (16 F. R. 3118).

(c) The unauthorized consumption of 25,481 pounds of aluminum in excess of that provided for in the related authorized production schedule contrary to the provisions of CMP Regulation No. 1, section 17 (b), issued May 3, 1951 (16 F. R. 4127), as amended November 23, 1951 (16 F. R. 11869).

(d) The failure to return excess allotments for 18,072 pounds of aluminum during the calendar quarter commencing July 1, 1951, and the failure to return excess allotments for 30,955 pounds of aluminum during the calendar quarter commencing January 1, 1952, contrary to the provisions of CMP Regulation No. 1, section 18 (b), dated May 3, 1951 (16 F. R. 4127).

(e) The unauthorized placing of orders with suppliers for 25,481 pounds of aluminum more than respondents were entitled to order during the calendar quarter commencing October 1, 1951, contrary to the provisions of CMP Regulation No. 1, section 19 (f), dated May 3, 1951 (16 F. R. 4127), and amended November 23, 1951 (16 F. R. 11869).

(f) The failure to maintain accurate records of allotments received and procurement pursuant thereto during the period July 1, 1951, to March 31, 1952, contrary to the provisions of CMP Regulation No. 1, section 23 (a), dated May 3, 1951 (16 F. R. 4127), as amended November 23, 1951 (16 F. R. 11869).

Accordingly, it is ordered: That all priority assistance be withdrawn and withheld from Weinstein Ladder Company, a corporation, and Sam Weinstein and David Weinstein as officers and individually, their successors and assigns, and that all allocations and allotments of controlled materials be withdrawn and withheld from said aforementioned respondents, their successors and assigns, for a period of 6 months from date hereof.

Issued this 26th day of July 1952.

NATIONAL PRODUCTION AUTHORITY,
By JAMES M. FAWCETT,
Hearing Commissioner.

DIRECTORS OF DISTRICT OFFICES, REGION VI, CLEVELAND, OHIO

REDELEGATION OF AUTHORITY TO ACT UNDER SECTIONS 6, 7, AND 8 OF CPR 23

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. VI, pursuant to Delegation of Authority No. 63, Revision 1 (17 F. R. 5739), this Revision 1 to Redelegation of Authority 33 (17 F. R. 4660) is hereby issued.

Redelegation of Authority No. 33 is revised to read as follows:

1. *Authority to act under sections 6, 7, and 8 of CPR 23.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at Cincinnati, Ohio; Cleveland, Ohio; Columbus, Ohio; Detroit, Michigan; Grand Rapids, Michigan; Louisville, Kentucky; and Toledo, Ohio, to take appropriate action under sections 6, 7, and 8 of CPR 23. All actions taken by the said field offices under sections 6, 7, and 8 of CPR 23, previous to this authority, are hereby confirmed and validated.

The redelegation of authority shall take effect as of July 15, 1952.

SYDNEY A. HESSE,
Regional Director, Region VI.

AUGUST 6, 1952.

[Region VII, Redelegation of Authority No. 24, Amdt. 1]

DIRECTORS OF DISTRICT OFFICES, REGION VII, CHICAGO, ILL.

REDELEGATION OF AUTHORITY TO ACT UNDER SECTIONS 10 (e) AND 16 (c) CPR 98, AS AMENDED

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. VII, pursuant to Delegation of Authority No. 53, Amendment 1 (17 F. R. 5971), this Amendment 1 to Redelegation of Authority No. 24 (17 F. R. 1701) is hereby issued.

Redelegation of Authority 24 is amended by redesignating the present paragraph 2 as paragraph 4 and adding new paragraphs 2 and 3 to read as follows:

2. *Authority under section 10 (e) of CPR 98, as amended.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at Chicago, Peoria and Springfield, Illinois, Green Bay and Milwaukee, Wisconsin, and Indianapolis, Indiana, to accept application for the establishment of ceiling markups made in accordance with the provisions of section 10 (e) of Ceiling Price Regulation 98, as amended, to request further information in connection with such applications, to approve, disapprove or revise proposed ceiling markups, and to modify or revoke ceiling markups established under that section.

3. *Authority under section 16 (c) of CPR 98, as amended.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at Chicago, Peoria and Springfield, Illinois, Green Bay and Milwaukee, Wisconsin, and Indianapolis, Indiana, to accept applications for the establishment of ceiling warehouse prices made in accordance with the provisions of section 16 (c) (2) of Ceiling Price Regulation 98, as amended, to request further information in connection with such application, to approve, disapprove or revise proposed ceiling prices and to revoke ceiling prices established under section 16 (c).

This Amendment 1 to Redelegation of Authority No. 24 shall take effect on August 6, 1952.

HYMAN RASKIN,
Director of Regional Office No. VII.

AUGUST 6, 1952.

DIRECTORS OF DISTRICT OFFICES, REGION IV, RICHMOND, VA.

REDELEGATION OF AUTHORITY TO ACT UNDER SECTIONS 10 (e) AND 16 (c) CPR 98, AS AMENDED

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. IV, pursuant to Delegation of Authority No. 53, Amendment 1 (17 F. R. 5971), this Amendment 1 to Region IV Redelegation of Authority No. 26 (17 F. R. 1957) is hereby issued.

Region IV Redelegation of Authority 26 is amended by redesignating the present paragraph 2 as paragraph 4 and adding new paragraphs 2 and 3 to read as follows:

2. *Authority under section 10 (e) of CPR 98, as amended.* Authority is hereby redelegated to the Directors of the District Offices of the Office of Price Stabilization, Region IV, to accept application for the establishment of ceiling markups made in accordance with the provisions of section 10 (e) of Ceiling Price Regulation 98, as amended, to request further information in connection with such applications, to approve, disapprove or revise proposed ceiling markups, and to modify or revoke ceiling markups established under that section.

3. *Authority under section 16 (c) of CPR 98, as amended.* Authority is hereby redelegated to the Directors of the District Offices of the Office of Price Stabilization, Region IV, to accept applications for the establishment of ceiling warehouse prices made in accordance with the provisions of section 16 (c) (2) of Ceiling Price Regulation 98, as amended, to request further information in connection with such application, to approve or disapprove such ceiling prices and to revoke ceiling prices established under section 16 (c).

This Amendment 1 to Redelegation of Authority No. 26 shall take effect as of August 1, 1952.

W. F. BAILEY,
Regional Director, Region IV.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 10274]

WESTERN UNION TELEGRAPH CO.

ORDER ASSIGNING HEARING

In the matter of The Western Union Telegraph Company, new and increased charges for tickers furnished in connection with leased facilities; Docket No. 10274.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 30th day of July 1952;

The Commission, having under consideration new tariff schedules filed on June 5 and 10, 1952, by The Western Union Telegraph Company, to become effective July 6 and July 10, 1952,[1] stating new and increased charges for certain interstate and foreign leased facilities and new regulations affecting such charges, and data submitted in connection therewith; also having under consideration requests filed on July 21, 1952, on behalf of the Chicago Board of Trade and the New York Curb Exchange, asking the Commission to suspend the above proposed new and increased charges and new regulations; and also having under consideration a petition filed on June 24, 1952, on behalf of the New York Stock Exchange, requesting leave to intervene in any proceeding growing out of objections filed to proposed increased rates for 60 or 75 speed receiving-only tickers and for leave to present evidence as to the just and reasonable differential between the rates for 60 or 75 speed tickers and for 100 speed tickers;

It appearing, that said tariff schedules state increased charges for 60 or 75 speed tickers and new charges for 100 speed tickers and circuit facilities furnished in connection with interstate Leased Facilities Service and Leased Facilities Service to Havana, Cuba, and new regulations affecting such charges; and that questions are presented regarding the lawfulness of the above charges and regulations under the Communications Act of 1934, as amended;

It further appearing, that if the above new tariff schedules of The Western Union Telegraph Company applicable to 100 speed service were to be suspended as requested by the Chicago Board of Trade and the New York Curb Exchange, there would be no tariff provisions in effect whereby users could be furnished 100 speed ticker service by Western Union; and that such a situation would be detrimental to the public;

It further appearing, that the Chicago Board of Trade, the New York Curb Exchange, and other users will have adequate opportunity to seek a refund, pursuant to sections 206 through 209 of the Communications Act of 1934, as amended, of any charges which they may pay under the above-mentioned new tariff schedules in excess of the charges found to be just and reasonable by the Commission after the investigation and hearing hereinafter provided for;

It is ordered, That the above requests for suspension of the above-mentioned new tariff schedules of The Western Union Telegraph Company applicable to Leased Facilities Service are denied; and that the matters presented in said requests for suspension and in the said petition for intervention shall be considered in connection with the hearing and investigation hereinafter ordered;

It is further ordered, That, pursuant to sections 201 through 205, inclusive, and section 403 of the Communications Act of 1934, as amended, an investigation is instituted into the lawfulness of the new and increased charges and new regulations contained in said revised tariff schedules;

It is further ordered, That, without in any way limiting the scope of the hearing and investigation herein, it shall include consideration of the following specific matters:

(1) The lawfulness under section 201 (b) of the Communications Act of 1934, as amended, of the charges and regulations provided for in the above-mentioned new tariff schedules;

(2) Whether the aforesaid charges and regulations would result in any unjust or unreasonable discrimination or undue or unreasonable preference, advantage, prejudice, or disadvantage in violation of section 202 (a) of the Communications Act of 1934, as amended;

It is further ordered, That The Western Union Telegraph Company is made party respondent to this proceeding; that a copy hereof be served upon such respondent; upon the Chicago Board of Trade, the New York Curb Exchange and the New York Stock Exchange, each of which is given leave to intervene and participate fully in the proceeding herein; upon the agency of each state which has regulatory jurisdiction with respect to communication rates and services and the National Association of Railroad and Utilities Commissioners;

It is further ordered, That this proceeding is assigned for hearing at 10 a. m. on the 12th day of November 1952, at the offices of the Federal Communications Commission in Washington, D. C. before a Presiding Officer to be designated hereafter who shall certify the record to the Commission for decision without preparing either a Recommended Decision or Initial Decision.

Released: August 1, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 52-8899; Filed Aug. 8, 1952; 8:53 a. m.]

[1] The above effective dates have been postponed to August 1, 1952 by Supplement No. 10 to The Western Union Telegraph Company Tariff F. C. C. No. 219.

FEDERAL POWER COMMISSION

[Docket No. G-1641]

MISSISSIPPI RIVER FUEL CORP.

NOTICE OF OPINION NO. 234 AND ORDER DENYING CERTAIN MOTION, APPLICATIONS, AND REFUND

AUGUST 5, 1952.

Notice is hereby given that on August 4, 1952, the Federal Power Commission issued its opinion and order entered July 29, 1952, denying motion for leave to adduce additional evidence, denying application for rehearing of Commission's order omitting intermediate decision procedure, denying application for increased rates and charges, and ordering refund of increased rates and charges collected under bond in the above-entitled matter.

[Docket Nos. G-1971, G-1977]

SOUTHERN NATURAL GAS CO. AND LOPENO GAS CO.

NOTICE OF FINDINGS AND ORDERS ISSUING CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

AUGUST 5, 1952.

In the matters of Southern Natural Gas Company, Docket No. G-1971; Lopeno Gas Company, Docket No. G-1977.

Notice is hereby given that on August 4, 1952, the Federal Power Commission issued its orders entered July 31, 1952, issuing certificates of public convenience and necessity in the above-entitled matters.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 52-8778; Filed, Aug. 8, 1952; 8:47 a. m.]

[Docket Nos. G-1678, G-1996]

MICHIGAN-WISCONSIN PIPE LINE CO.

ORDER ADVANCING DATE FOR HEARING

JULY 31, 1952.

By order issued July 10, 1952, in the above-entitled dockets, the Commission consolidated the dockets for hearing and fixed September 16, 1952, as the date for resumption of hearings in Docket No. G-1678 and for the beginning of hearings in Docket No. G-1996.

To meet other commitments of the Presiding Examiner, it now appears necessary to advance the date of hearing, as hereinafter ordered.

The Commission orders: The hearing in the above-entitled dockets now set for September 16, 1952, be advanced to September 8, 1952.

Date of issuance: August 5, 1952.

By the Commission.

Secretary.

[F. R. Doc. 52-8781; Filed, Aug. 8, 1952; 8:48 a. m.]

[Docket No. G-1910]

ALLENTOWN-BETHLEHEM GAS CO. ET AL.

ORDER FIXING DATE OF HEARING

JULY 31, 1952.

In the matters of Allentown-Bethlehem Gas Company, Consumers Gas Company, The Harrisburg Gas Company, Lancaster County Gas Company, The United Gas Improvement Company; Docket No. G-1910.

On March 6, 1952, the Allentown-Bethlehem Gas Company (Allentown-Bethlehem), Consumers Gas Company (Consumers), The Harrisburg Gas Company (Harrisburg), and Lancaster County Gas Company (Lancaster), "Applicants", filed a joint application and amendment thereto on July 11, 1952, pursuant to section 7 (b) of the Natural Gas Act for an order of the Commission authorizing the abandonment of certain facilities and services of the Applicants.

The United Gas Improvement Company (U. G. I.), also a party to the joint application filed on March 6, 1952, and amendment thereto on July 11, 1952, referred to above, seeks a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing it to acquire and operate the facilities and render the services, the abandonment of which is sought by the Applicants.

The facilities, which are the subject matter of the joint application as amended, are fully described therein, and said application is on file with the Commission and open for public inspection.

Applicants have requested that their joint application be heard under the shortened procedure provided for by § 1.32 (b) of the Commission's rules of practice and procedure.

The Commission finds: This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a public hearing be held on August 29, 1952, at 9:45 a. m., e. d. s. t., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by the application, as amended: *Provided, however*, That the Commission may, after a noncontested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.38 (f)) of the said rules of practice and procedure.

Date of issuance: August 5, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 52-8782; Filed, Aug. 8, 1952; 8:48 a. m.]

[Docket No. G-2001]

PHILADELPHIA ELECTRIC CO.

NOTICE OF APPLICATION

AUGUST 4, 1952.

Take notice that on July 14, 1952, Philadelphia Electric Company (Applicant), a Pennsylvania corporation having its principal place of business in Philadelphia, Pennsylvania, filed an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of certain natural-gas transmission pipeline facilities hereinafter described in paragraphs (a), (b), and (c). With respect to the facilities described in paragraphs (b) and (c) below, Applicant requests that such facilities be determined not to be subject to the Commission's jurisdiction.

Applicant seeks authorization to construct and operate the following described facilities:

(a) Approximately 58,200 feet of 8⅝ inch O. D. main in Bucks County, Pennsylvania, extending from a point of proposed connection with the transmission main of Transcontinental Gas Pipe Line Corporation in Lower Makefield Township to a point of connection with the hereinbelow mentioned proposed service supply pipe, in the bed of a public highway abutting land of the hereinafter more fully mentioned United States Steel Corporation in Falls Township.

(b) Approximately 35 feet of 8⅝ inch O. D. service-supply pipe in said Falls Township, extending from its point of connection with the proposed main to a metering and delivering point on land of United States Steel Corporation in said Falls Township.

(c) Regulators, meters and associated equipment on land of United States Steel Corporation at the aforementioned metering and delivering point.

The facilities for which authorization is sought are to be used for the sale and delivery of natural gas on an interruptible basis to United States Steel Corporation at its "Fairless Works" now in the course of construction in Falls Township, Pennsylvania, including possible use by other subsidiaries of the United States Steel Corporation, and including possible uses by associated independently-owned enterprises which provide services and/or which produce primarily for the "Fairless Works," all situated

on the premises of United States Steel Corporation in Falls Township. Applicant estimates that its annual sales will approximate 5,395,400 Mcf of natural gas. Such annual estimate assumes daily delivery to the United States Steel Corporation of a proposed maximum contract quantity of 23,500 Mcf per day during Applicant's off-peak months of May through October and of monthly quantities during the remainder of the year as follows:

January, 85,800 Mcf; February, 55,760 Mcf; March, 54,980 Mcf; April, 624,050 Mcf; November, 248,550 Mcf; and December 2,240 Mcf.

The estimated cost of the proposed facilities is $398,000 which will be financed by Applicant out of its general funds.

Applicant further requests that the Commission proceed in accordance with § 1.32 of the Commission's rules of practice and procedure in processing this application, and that the Commission omit the intermediate decision procedure, and Applicant waives oral hearings and opportunity for filing exceptions to the decision of the Commission.

Applicant further requests temporary authorization for the construction and operation of the facilities herein proposed pending final action on this application.

The application is on file with the Commission for public inspection. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 22d day of August 1952.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 52-8774; Filed, Aug. 8, 1952; 8:46 a. m.]

[Docket No. G-2005]

LONE STAR GAS CO.

NOTICE OF APPLICATION

AUGUST 4, 1952.

Take notice that on July 16, 1952, Lone Star Gas Company (Applicant), a Texas corporation having its principal place of business at Dallas, Texas, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act authorizing it to construct and operate a compressor station and approximately 5.7 miles of 16-inch connecting pipeline, and to store gas in a field reservoir located in Clay County, Texas. Said application was amended on July 25, 1952, so that 12-inch instead of 16-inch connecting pipeline would be constructed, to extend a distance of 5 instead of 5.7 miles.

Applicant proposes to inject an average daily amount of 20,000 Mcf for 200 days per year into the reservoir, the oil and gas leasing rights of which are owned by Applicant's subsidiary, Lone Star Producing Company. In order to store such quantities, Applicant would construct approximately 5 miles of 12-inch pipeline connecting with its Line B and Government 10-inch line at a point in Clay County near Bellevue, Texas, and would construct a compressor station of approximately 2,640 horsepower. Cost of the proposed facilities is estimated at $762,687.

Applicant states that storage of gas in the reservoir will enable it to more efficiently render service to its North Texas market.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., on or before the 22d day of August 1952. The application, as amended, is on file with the Commission and open to public inspection.

[SEAL] LEON M. FUQUAY, *Secretary.*

[F. R. Doc. 52-8775; Filed, Aug. 8, 1952; 8:46 a. m.]

[Docket No. G-2007]

CITIES SERVICE GAS CO.

NOTICE OF APPLICATION

AUGUST 5, 1952.

Take notice that Cities Service Gas Company (Applicant), a Delaware corporation, with its principal place of business at Oklahoma City, Oklahoma, filed on July 21, 1952, an application for a certificate of public convenicnce and necessity pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of approximately 16 miles to 20 inch and 16 inch natural-gas pipeline from Applicant's Tonganoxie compressor station to Applicant's Hund pipeline junction in Leavenworth County, Kansas.
